Half-Effort Will Not Defeat Japan

By JOSEPH C. GREW

United States Ambassador to Japan until the outbreak of war, and author of "Report From Tokio."

(Written for the Treasury Department in connection with the Retailers' "SAY YES" campaign to complete the nation's 100,000,000 partially filled War Stamp albums.)

WASHINGTON, D. C.—In describing one of the big air battles over Guadalcanal a recent newspaper account tells of an American flyer who parachuted from his crippled plane to the waters of Lunga Bay. The Navy craft which picked him up next went to the rescue of a Japanese pilot seen struggling in the water nearby. As the rescue boat reached the Japanese flyer he suddenly pulled out his revolver, aimed it at the drenched American pilot and pulled the trigger. The cartridge failed to explode. Then the Japanese officer turned the gun on himself with suicidal intent. Again he pulled the trigger and again his revolver failed him. At this point an American sailor knocked him out with a boat hook and pulled him aboard the American craft a prisoner.

A warrior caste which is ruthless and cruel beyond comprehension. From the flood of eye witness accounts of atrocity and bestiality one

JOSEPH C. GREW

Says It's Fight to Finish

Almost daily one reads eye-witness stories such as this one, and all of them, clearly demonstrate that war with our enemy in the Pacific cannot end in compromise. For ten years I lived in Japan. The truth as I know it from close observation is this: Nothing less than the exertion of our maximum capacities, individually and collectively, in a war of offense will bring our beloved country safely to the longed-for haven of victorious peace. The Japanese are pawns of a senseless but mighty militarism—

ally we can continue to lead our normal lives, leaving the spirit of self-sacrifice to our soldiers and sailors, we shall unquestionably run the risk of a stalemate with Japan. I do not have the slightest doubt of our eventual victory. But I do not wish to see the period of our blood, sweat and tears indefinitely and unnecessarily prolonged. We must not fail to realize that we are up against a powerful fighting machine, a people whose morale cannot be broken even by successive defeats and untold economic hardship, a people who gladly sacrifice their lives for their Emperor and their nation. We must also remember that Japan did not start this war without carefully laid military plans for victory over the United States and a peace dictated by their war lords at the White House.

Attends State Board Meeting of P. T. A. In Austin

Mrs. T. R. Odell was in Austin January 20-21 at the meeting of the January Board of Managers of the Texas Congress of Parents and Teachers.

The fifty six members of the Texas Congress gave reports on their work and outlined plans for the coming year. The long-time objectives of the Texas Congress have been strengthened by cooperation with the war effort. Never before have parent-teacher responsibilities been so keenly felt. War efforts of Texas parent-teacher associations include: (1) cooperation with special war councils and departments such as state and county defense councils, the American Red Cross, the U. S. Office of Emergency Management, consumer education councils, nutrition councils and the United Service Organizations; (2) Participation in the sale of war bonds, the Victory Book Campaign, the Salvage of Victory Campaign.

The Legislation program of the Congress include: Child Welfare, Education, Public Service, Health and Library Service. Legislation to establish a modern juvenile court, needed in Texas which

could change the procedure of handling children who have come into conflict with the law, from one which is now criminal in nature to a guardianship procedure was discussed. After the board meeting was over Mrs. Odell attended the Legislature and the Senate and met many of our Representatives in the interest of the Texas Congress Legislation program. She also had a short visit with the Lieutenant Governor and wife and visited with three of her former students who have secretarial jobs in the offices of Lieutenant Governor and secretary of State.

Meet The Seniors

J. W. CASEY
Next in line for the seniors is J. W. Casey, son of Mr. and Mrs. W. Q. Casey. He came to H.H.S. as a sophomore from Spur. During his three years here, Casey has lettered two years in football and was manager of the team one year. He has been a member of the Future Farmers of America for three years and during his junior year served as president of the organization. Also during his junior year Casey was vice president of his class. He is now reporter of the Senior class. He has played basketball three years and has come out for track three years. This year he is sport reporter on the Warwhoop staff. Upon his graduation, J. W. plans to join the air corps.

KATHLEEN DAVIS
The class' most striking blond, Kathleen Davis is the daughter of Mr. and Mrs. Ira Davis of Haskell. She is one of the few seniors of H. H. S. who have received all of their high school education at Haskell High. Kathleen has been a member of the Future Homemakers of America for three years and a member of the Gypsy Rambler Club for two years. She says that collecting snapshots is her hobby but it would be a good guess to say that most of those "snapshots" are of that special someone in Uncle Sam's Army Air Corps.

TOMMY DAVIS
Tommy is the son of Mr. and Mrs. Tom Davis. He has attended Haskell High School for four years. Tommy has played football for four years, lettering three years, and was the captain of the team

ally we can continue to lead our normal lives, leaving the spirit of self-sacrifice to our soldiers and sailors, we shall unquestionably run the risk of a stalemate with Japan. I do not have the slightest doubt of our eventual victory. But I do not wish to see the period of our blood, sweat and tears indefinitely and unnecessarily prolonged. We must not fail to realize that we are up against a powerful fighting machine, a people whose morale cannot be broken even by successive defeats and untold economic hardship, a people who gladly sacrifice their lives for their Emperor and their nation. We must also remember that Japan did not start this war without carefully laid military plans for victory over the United States and a peace dictated by their war lords at the White House.

This is a total war, the only answer to which is a total American victory. It is a war in which half measures of any kind mean incredible waste of material, energy and human life. In this sense a half-filled War Savings Stamp album is symbolic of a half effort. There are, I am told, roughly 100 million partially complete War Stamp albums now in circulation. These uncompleted Stamp albums are, in a measure, like a 100 million threats to a speedy and victorious peace. On the other hand, for every War Savings album completed and cashed in for a Bond, you the owner have helped some soldier or sailor take a forward step on the uphill road to total victory. U. S. Treasury Department

during '42. He has also entered into track, placing several different times. During his sophomore year he was reporter of his class and is president of the Student Council this year. Tommy's ambition is to attend college and major in engineering—specifically electrical engineering.

Physical Fitness Program Is Underway

We of Haskell High are soliciting the aid of every doctor, nurse, parent and citizen of Haskell county to encourage your girl or boy to take an active part in the physical fitness program of our school.

This is a program which is promoted by the Victory Corps. The objectives made by the state are: 1. To train the youth for that war service that will come after they leave school. 2. The active participation of youth in the community's war effort while they are yet in school. A large number of girls are at work already on a first aid course under the instructions of Mrs. Purvis and they will also train to meet certain physical requirements.

Untold Tales of The Fish

Warning! Freshmen when you get to school stay out of the hall! Let's show the upper-classes how to keep out of detention! To girls whom it might concern: Girls, do the boys ask you to stay on the front steps? Let's move out and let the boys have those steps. Too bad for the freshmen boys that the mamas of the future fish won't let them have dates. But they're trying hard enough. (The boys we mean).

What's this we hear about six freshmen girls going to Stamford soon? Could they want their pictures taken over for the annual—didn't they flatter you, fish? Has Mildred Chapman got a crush on Pat Spear? Well if she has, here's power to her—she'll need it.

Who are the two freshmen girls that seem to have nine lives like a cat? At least they seem to think so, at the rate of car wrecks they are in. Well, you two have only got seven more to go.

The freshmen are so excited about the annual. They act like this is the first one they've ever had! Could it be?

The class has been recently increased in number by the addition of Mary Faye Fowler from Paint Creek and Wilma Jean Hall and Troy Priddy who came over from North Ward.

Classes Set New Goals

Two more classes that recently reached their goals in stamp buying have set new ones. Math IIA class, which has thirty-two members, has set for their goal a sub-machine gun, costing \$300. They plan to have this goal raised by the end of school. The English IIB class have decided to buy a tommy gun, which costs \$150. There are seventeen members in this class. They plan to reach their goal by the end of this school term.

The total amount of bonds and stamps sold last week came to \$200.55. Three bonds were bought, Louise Spencer purchased a \$50 bond, and Mr. Scott and Ernest Wilfong each purchased a \$25 bond.

Making Every Minute Count in Libya

First aid is given to British soldiers of General Montgomery's eighth army as other members of the infantry thrust forward to dislodge a group of Nazis on the road to Tripoli, for which General Rommel's dismembered Afrika Korps was heading. This photo was radioed direct from Cairo to New York.

Riding High

Personally we are of the opinion that Sergeant Bayourea belongs in the air force. If he can make a motorcycle fly just think what he could do with an airplane! The sergeant is an instructor in the motorcycle school at Camp Lee, Va.

How About A Hobby Show?

Do you make model airplanes? Or keep a collection of something, or do a skillful kind of wood-carving? Or do you make fine needlework or draw amusing cartoons? If you have any of these interesting hobbies or any others not mentioned here, wouldn't you like to display your interest for all the school to see? The Warwhoop staff proposes that we have a hobby show.

Here's what we could do: We could use the south end of the library and bring up some tables from the basement. The display could be laid out on these tables, and arrangements could be made for everybody to go in and see them. At the same time, everything could be well taken care of. What do you think about having the show, and when would you like to have it? Just tell Miss Vick or some member of the Warwhoop staff if you would like to have the show.

G. R.'s Buy Piano For Auditorium

Have you been in the auditorium lately? If you have, did you notice the new piano? This piano was purchased by the Gypsy Rambler Club from Mr. Fagan last Thursday. It is a Kimball piano, and similar in appearance to the one which was destroyed in the fire. The purchase of this piano will be the club's project for the next two years.

In order to raise the money for the first payment on the piano, the girls in the club pulled bolts during cotton picking season. Each girl then contributed a certain amount to this fund.

Mrs. Ralph Duncan was present last Friday night at the annual Chamber of Commerce banquet held in Abilene. She left from school during the last period and accompanied Mr. and Mrs. John Couch to Abilene.

Keyhole Klassics

One of our senior boys, Kenneth Kirby, was called up for his physical, but it is hoped that Uncle Sam will let him stay on and finish high school. Kenneth is anxious to finish, for as he says, "When you're already nineteen, you won't get to finish when you come back." Here's good wishes, fellow.

It was remarked last week by more than one that we hadn't had an assembly program in a long time. Wonder if this sudden lapse of assemblies came on because we had become a little rough in our assembly behavior? Next time let's render our applause just in the regular way, and see if that won't change things. As this column has said before, it isn't our style—all that whistling and

Volley Ball
The girls of the A and B team were both defeated by Wainert Friday night. The score of the A team was 14 to 16, and in the last game the score was 1 to 15, both in Wainert's favor. We are very proud of our coach, Miss LaVera Guess, and she has helped us very much.

Basketball
The Mattson Mustangs lost the basketball game to Wainert last Friday night. The score was 19-29.

Citizenship
The boys and girls of Mattson Rural High School would all like to be good citizens. If a person wants to be a good citizen, he must be good in school and not talk during books or throw paper wads. To be a good citizen he should study at least two or three hours a day and try to have all of his lessons every day. A person that does all of these things will be liked by his teachers and everyone else.—Assistant Editor.

Senior Activity
The Seniors have ordered books to select their annual play from. It seems as if two members of our class have decided to become farmers as they have joined up with the Agriculture class. They are Hazel Atchison and Willie Lewellen.

Ladies Aid Meets With New President
The Ladies Aid met Sunday at the St. Paul's Lutheran Church with the new president, Mrs. August Balzer in charge. Rev. F. L. Bracher read the scripture, then songs were sung. Birthday donations were given by Mrs. H. F. Lammert, Mrs. Frank Boedeker and Mrs. Herbert Dippel. Approximately thirty members and two visitors were present. New officers include: Mrs. Dick Boedeker, vice-president; Mrs. Herman Nauret, secretary; Mrs. Herbert Lehmann, treasurer.

Patricia Summers Honored
Patricia Summers was honored for a party celebrating her second birthday when her mother, Mrs. W. Z. Summers entertained Monday afternoon. The birthday cake with two candles and "Happy Birthday" written on the top, decorated the table. It was served with hot chocolate topped with marshmallows. Guests were: Ruby Gay Gibson, Glenda Clark, Billy Douglas Tabor, Billy Ray Wienke, Jacky Coy Tabor, Douglas Wayne Wienke, Robert Graham Banks. Others present were Mrs. Roy Wienke, Mrs. Melvin Lewis and Beulah Mae Summers.

Jacky Coy Tabor was on the sick list this week.
Mr. and Mrs. Leo Holt and Sharon of Haskell visited Mr. and Mrs. C. K. Holt Monday.

Mr. and Mrs. X. R. Banks and son Robert, Graham, accompanied by Mrs. J. R. Williams shopped in Stamford Saturday.
Mrs. H. Helm underwent surgery at the Stamford sanitarium Tuesday of last week.

Mr. and Mrs. W. Z. Summers and Patricia visited in Graham Saturday night.

Quarterly Conference Held at Methodist Church
Quarterly conference was held at the Methodist church Sunday. Rev. Elliott, pastor of Abilene was present. A delicious lunch was served in the church during the lunch hour.

Mr. and Mrs. Barney Ross and children and Mr. and Mrs. Grady Lee Laughlin and daughters visited.
Mrs. J. R. Williams shopped in Stamford Saturday.

Mr. and Mrs. C. K. Holt Sr. visited in Stamford with Mr. and Mrs. C. K. Holt Jr. and Linda Kay Sunday.

Junior Class News
Well, since our class has had no activities to write about this week, I will let you in on a few secrets.
First, we own a true "blond". You've probably already guessed her name. Yes, it's Winnie Faye. But we call her Wink for the simple reason that she's always winking at the boys.
And then there's Wanda. What would be do without her? When it comes to class spirit she's usually the one who keeps it up. If it hadn't been for her, our "fund" would be lacking about five dollars when it comes time for the Junior-Senior banquet.
The Juniors have charge of the assembly program Monday and we're going to be pretty busy practicing on "The Junior Class Ten Years From Now."

Mid-Terms Over

We are all glad that mid-terms are over and are glad that our grades are not any worse than they are. The new semester brings new subjects to some of us and a change in subject matter to others.

Our Service Flags

The Paint Creek Methodist and Baptist Churches both have service flags to remind us of our boys who are doing their part in the war.

At the Methodist church there are stars for the following men: Gene Overton, Irvin Overton, Alvin Medford, J. W. Elmore, Otis Elmore, Doyle Elmore, J. B. Nann, Edwin Trimmer, Cecil Over, Allen Isbell, John Bray Jr., and a gold star for Orville Cox.

At the Baptist Church there are stars for the following men: Glenn Cox, Paul Mason, R. V. Earles, W. B. Cowan, T. E. Farnsworth, Durwood Livengood, Jack Lane Aubrey Green and Wilmer Bunkley.

Senior News

The Senior Class had a class meeting last Friday January 22, to elect a new sponsor. They elected Mr. Bigony.

They are taking some new subjects this semester, Commercial Arithmetic, Typing 2 and Texas History.

Seniors On Parade

Melba Campbell is our smallest senior, but by no means the least important. She has a smile for everyone and a special one for some people.

Melba likes to read certain kinds of stories in magazines and likes to sing. She has had some experience substituting for Mill Bohannon several times. Don't know whether she would like to be a teacher or not. We believe you would like to have Melba for a friend.

Ball Games

Paint Creek had two ball games with Haskell last week. On Monday night it was rather cold for a game, but the boys played a good game with Haskell coming out as the winner. Then Friday night we visited Haskell in their gym and played them a real good game, but they managed to win again.

Last Friday night, Jan. 8, the Paint Creek Senior boys paid a visit to Mattson only to lose by the score of 18 to 10. This makes it a tie because we defeated them when they came here. We hope to play them again soon.

Mid-Term Exams

Next Wednesday and Thursday our mid-term exams will be given. Three tests will be given each day, two in the morning and one in the afternoon. Here's hoping the best of luck to us all.

Senior News

The Seniors are now beginning to prepare for Mid Term exams. Everyone is seen running to the library for books to report on for their required reading and taking notes for their review. Good luck everyone, we hope you make the honor roll.

Seniors On Parade

Melba Campbell is that blue eyed, brown haired Senior that we told you about being kept happy by our tallest Senior in one of our previous Senior interviews.

We don't know about that by now as they are both keeping someone else happy. I think. But we do know she is liked by all and we give our endorsement for her personality and suggest you meet her soon.

GEMS OF THOUGHT

We sleep not the hour of life never stops and the pattern which was weaving when the sun went down is weaving when it comes up in the morning.
—Henry Ward Beecher

Another Nail

One of the most remarkable jobs ever done in the fire insurance industry was the recovery of 10,000 tons of the 18,000 tons of cargo lumber which was given up for lost in the disastrous Fall River fire which destroyed the 24 buildings containing the lumber at the Firestone plant at Fall River, Massachusetts, October 12, 1941.

The recovery of this lumber illustrates an aspect of the United Nations which cannot be put down in figures, namely the ingenuity of free enterprise to study itself quickly and successfully in meeting and mastering emergencies.

American business men unaccustomed to accepting the word "impossible" would not concede that all this lumber was lost at Fall River. Despite the hopeless outlook, the Rubber Reserve Corporation, the Firestone Company and the five insurance companies lent the salvage job.

The Underwriters Salvage Company, owned by five insurance companies and operated in 30 units, went to work "digging" lumber. The work was done by a team of men, cranes, trucks and heavy equipment for mining operations. What amounted to a steam shovel was built to clear chunks of "matted" lumber of dirt and much of the steam at 200 pounds pressure.

Through winter storms and summer 50 men working three shifts "hauled" the recovered lumber. It was shipped to the nearest logging mill, where it was manufactured. Today it is in the logging yards—10,000 tons that was given up for lost.

Once more, private enterprise drives a nail in the Axis coffin.

Fantastic

The better brains of the country have been drawn into the war administration. Politics has to be forgotten when a bullet is in your head.

Domestic problems have been largely sidetracked in the public mind, as they have seemed superficial compared with the war.

Bureaucracy has run wild in Washington. The simplest and most family life have been made complicated. One has but to read the requirements for cutting up a beef in order to comply with price ceilings, to see how confused a local butcher must be running a grocery or mercantile store has become a problem so complicated that stores are going out of business by the thousands. Instead of receiving cooperation from government bureaus, everyone is threatened with a \$10,000 fine or ten years in jail, or both, as the penalty for every failure to comply.

The people are heart and soul for winning the war on the Axis. They are proud of the results they are accomplishing. The people are also heart and soul for winning the production and distribution problems on the home front to bear up our whole effort. But they are beginning to open their eyes to waste and confusion and politics as usual on the home front.

The situation has become fantastic and it is long since the thousands of bureaucrats who never raised a choice, a hog or a cow, and who never produced an article by manual labor and who never manufactured a payroll or sold a yard of goods, be replaced by men who know something of the actual problems of production and distribution.

Let brains come to the top in domestic affairs as they have in military affairs.

There is A Difference

Captain Eddie Rosenbecker, after returning from his grueling experience in the South Seas and his inspection of fighting fronts, is the only man who has said what the American people needed to hear in connection with production problems. In the newspapers and in the news, he said that if the soldiers could be transferred from the battle fronts they occupy on the continents to our factories, and if the employees in the factories could be transferred to the battle fronts, production in this country would double in thirty days.

By the tone of his voice and his expression, you could see that he was disgusted with the Phillips talk about workers at home being classed as "idle" and "not working."

Captain Rosenbecker emphasized that nothing the people in this country can do will in any measure equal what the boys on the battle lines are doing. They don't get overtime pay and they work day and night if necessary.

The people agree with Captain Rosenbecker. Just because some of us wear "tin hats" at home, we don't want to become swelled up with the idea that we are doing "battle" at home. We are not doing anything there that will do as much as the boys on the battle lines. There is something to be said where workers are obeyed where overtime pay and profits are not an issue and where the perpetration of liberty and freedom for the individual are the guiding stars.

morning to visit friends in Dallas for a short time, after which she expects to go to St. Louis to buy the spring stock of millinery for T. G. Carney's store.

NOTICE TO BANKING CORPORATIONS

Notice is hereby given to all banking corporations in Haskell county, Texas, that the Commissioners' Court of said County will on the second Monday in February A. D. 1943, the same being the 8th day of said month, receive proposals from any Banking corporation in the county afore- said, that may desire to be select- ed as a depository of funds of said Haskell County, Texas, and also as depository for the trust funds of the District and County Clerks of Haskell County, Texas.

Said proposals shall be deliver- ed to the County Judge of Has- kell county, Texas, on or before 10 o'clock a. m. on the 8th day of February, A. D. 1943.

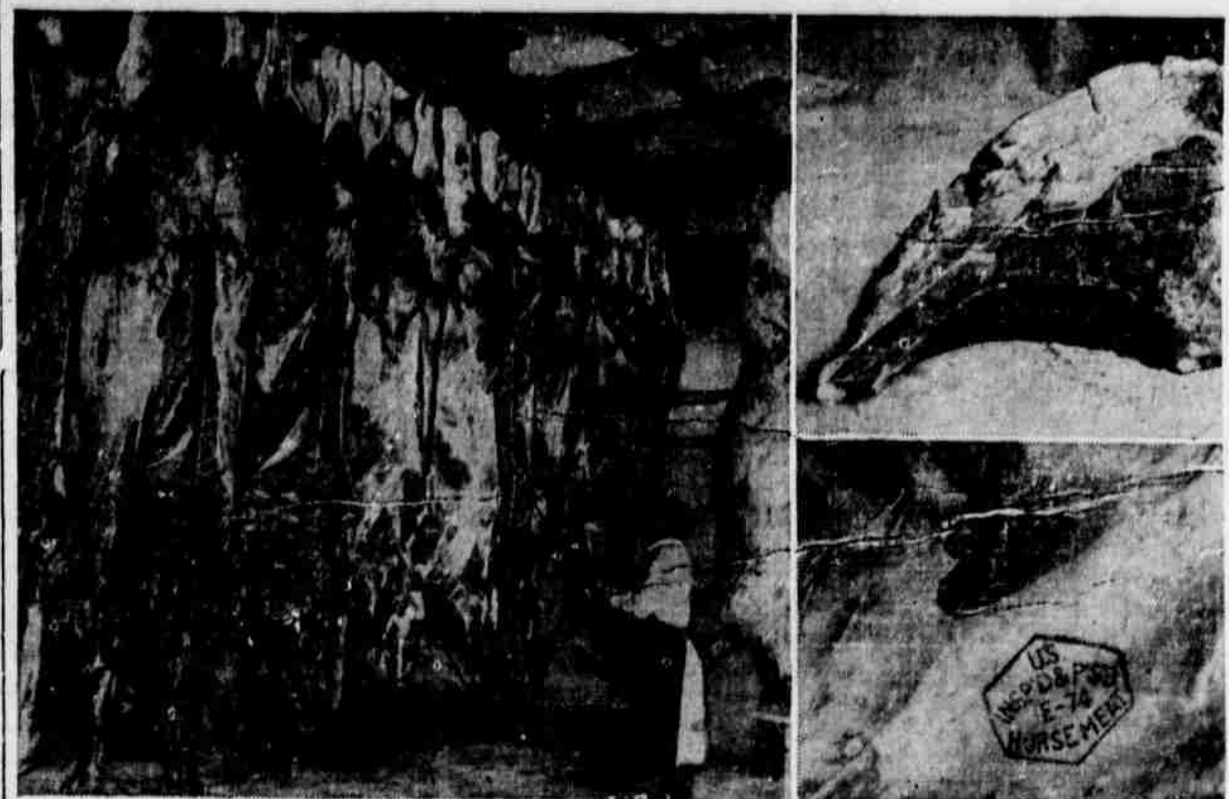

All proposals must be sealed and each proposal must state the rate of interest that said banking corporation offers to pay on the funds of the county, for the term between the date of such bid and sixty days after the second Mon- day in February, 1945.

Each bid shall be accompanied by a certified check payable to the County Judge of Haskell county, Texas, in the sum of \$1- 000.00, the same being not less than one-half of one per cent of the County Revenue of the pre- ceeding year, as a guarantee of good faith in the part of the bid- der, and that if his bid shall not be accepted said banking corpora- tion will enter into and give the required bond. Upon the failure of the Banking Corporation that may be selected as such depository to give the required bond the amount of such certified check shall go to the county as liquidat- ed damages.

Done by order of the Com- missioners' Court of Haskell County, Texas, in regular session on this 11th day of January, A. D. 1943.

CITATION BY PUBLICATION THE STATE OF TEXAS

To: R. D. Manning, Greeting: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expira- tion of 42 days from the date of issuance of this Citation, the same being Monday the 1st day of February, A. D., 1943, at or before 10 o'clock A. M. before the Honorable District Court of

Haskell County at the Court House in Haskell, Texas. Said plaintiff's petition was filed on the 16th day of December, 1942. The file number of said suit being No. 7015.

The names of the parties in said suit are: Aleta Manning as Plaintiff, and R. D. Manning as Defendant. The nature of said suit being substantially as follows, to wit:

THE STATE OF TEXAS COUNTY OF HASKELL.

In the District Court, Haskell County, Texas. January Term, 1943.

To The Honorable Judge of Said Court:

Comes now Aleta Manning, hereinafter styled Plaintiff, complain- ing of R. D. Manning, here- inafter called Defendant, and for cause of action alleges:

1. Plaintiff is, and has been for more than twelve months prior to filing and exhibiting this petition,

an actual bona fide inhabitant of the State of Texas, and now re- sides and has resided in said County of Haskell, where this suit is filed, for a period of more than six months next preceding the fil- ing of this petition. That the re- sidence of the Defendant is un- known to the Plaintiff.

2. That the Plaintiff and the De- fendant were duly married in the year 1936, and continued to live together as husband and wife un- til on or about the first day of October, 1942, at which time the Plaintiff was compelled to separ- ate from the Defendant on account of his 'cruel conduct toward her which rendered their further liv- ing together as wife and husband insupportable to the Plaintiff.

3. Plaintiff says that for many months prior to their separation, the defendant began a course of cruel, tyrannical, harsh, and abu- sive conduct towards her which rendered their further living to- gether insupportable to the Plaim- tiff, and that said conduct was of such a nature as to place the Plaintiff in fear of her life.

4. Plaintiff says that they do not own any community property, and that no children have been born to their union.

WHEREFORE, Plaintiff prays that the Defendant be cited to answer this petition in the man- ner provided by law, and that up- on final hearing hereof, she have judgment of divorce dissolving the marriage between Plaintiff and Defendant, and for such

Brother... quit being so human!

★ Remember 1933 — when times were tough? Maybe you didn't have a job. Maybe you and your wife and kids didn't eat too well — dress too well — have too much fun. Maybe you swore then that if things were ever different, you'd make up for it. Chances are, today, things are different. You've got a job. You're getting good money. And you'd naturally like to have a little fun with it. You'd like to buy some of the "extras" that you and your family never had during the hard times. It's only human to feel that way. But right now — we've got to quit being so human! Right now, over in England, a bunch of fellows are getting ready to tackle one of the bloodiest jobs ever given an Army. In the Pacific, another bunch is playing hide-and-seek with an enemy that thinks the right treatment for a wounded prisoner is a bayonet through the guts. Others are sweating in Africa — still others are on cold, dreary, fog-bound islands near the Bering Sea. That's their job. But it's our job to give them the tools they need to win — by buying War Bonds! And so far, we aren't doing our full job! Right now, there are still people who ought to be buying War Bonds through the Payroll Savings Plan — but aren't. While plenty of people in the Plan are investing more than the 10% Uncle Sam needs, a lot are putting aside less than they can. The fellows who aren't yet in the Plan — or, being in, haven't yet hit their 10% — aren't unpatriotic, or 5th Columnists, or anything like that. They're just human. They just haven't realized their Country's bitter, crying need — now! They haven't realized that Americans have been licked in battle for lack of planes, ships, tanks and bullets — tools that the money we'd like to spend for fun has got to buy! Uncle Sam hopes that every single one of us will realize it — So, if you aren't setting aside your 10%, go on in and tell 'em you want to raise your sights. Not to 6%, or 7% or 8% — but at least 10%. If you can put in more than 10% — do it. If you aren't yet in on the Payroll Savings Plan — sign up tomorrow!

WHAT YOU SHOULD DO:

- If you are... 1. Already investing 10% of your pay in War Bonds through the Payroll Savings Plan — boost that 10% if you can. 2. Working in a plant where the Plan is installed, but haven't signed up yet — sign up tomorrow. 3. Working in a plant where the Payroll Savings Plan hasn't been installed, talk to your union head, foreman, or plant manager — and see if it can't be installed right away. The local bank will be glad to help. 4. Unable to get in on the Payroll Savings Plan, for any reason, go to your local bank, or wherever Bonds are sold. They will be glad to help you start a Plan of your own.

Indians Defeat Pirates to Keep Winning Record

In the Indian game last Friday night the Haskell Indians kept their undefeated record intact by downing the Paint Creek Pirates 35-22 and the Mundaer Nogs 40-14.

These wins gave Haskell a total of five victories for a good beginning of what promises to be a successful season.

High points in the first game was McClintock, who has played forward since the first days of the junior squad. Outstanding other than McClintock were Johnson, Johnson and Everett.

Starters for the Paint Creek-Haskell game were: Everett and Johnson, guard; Cahill, center; and Case and McClintock, forward. Substituting were Johnson forward who did fine work of defense; and H. Everett and E. Adkins.

Friday night at eight o'clock Haskell is playing at home again in a double header with two of the best teams in the county, O'Brien and Warner. These games will be conducted in a similar manner with Haskell playing on team for the right to take on the other.

Everyone is urged to attend these two games, that will prove to be plenty close. This is assured by the fact that Mattson beat Paint Creek's team that Haskell barely skinned over and then Warner came out winner in the Werner-Mattson scrap. This should prove plenty hot for Haskell.

Low First Game

The Haskell High School eagles met their first opponent of the season when they met the Warner Independent team last Wednesday afternoon. The final score was 29-12. The starting lineup were Haskell—Cahill, Johnson, Case, Johnson, Everett, Warner—Toliver, Ferrin, Bowen, H. Jossel, and K. Jossel.

War Stamp Sales Over Half Billion Dollars, Album Drive Opens

Appealing Margaret C. Russell of the War Savings Staff looks up this new Treasury poster which will be seen from coast to coast. It pictures retailers' slogan, "SAY YES." A drive is underway for Americans to buy additional War stamps to fill albums and convert them into War Bonds.

WASHINGTON, D. C.—The nation's retailers from the tiniest hamlets to the mighty cities are acting as a spearhead in a great Treasury Department campaign to sell the additional War Savings Stamps needed to fill more than 100,000,000 albums now in the hands of the American people.

Every War Stamp album, converted into a People's Bond, for which the purchaser pays \$18.75 and which matures to \$25.00 value when held for 10 years, adds its force to the war effort.

The Treasury Department is counting upon the country's school children to play a powerful role in the success of the SAY YES drive. The volume of stamp and bond sales is at the rate of \$200,000,000 for the current school year.

The Treasury's slogan, "A half-filled album is like a half-equipped soldier," has been adopted officially by retailers for the campaign.

According to a report released by the Treasury Department today, sales of War Savings Stamps totaled \$59,775,000 for the period from May 1, 1941, through November, 1942.

Stamp sales have risen from less than three million dollars per month when they were first introduced to the public to an average of more than fifty million dollars per month at the present time.

Tubeless Tires Tested Before House

Fresh progress in the "Tubless plan" to reclaim some 275,000 tons of rubber by obviating the nation's auto tires was demonstrated at the Capitol by John E. McGay, Tulsa manufacturer, who fathered the plan. The demonstrations were made before members of the house interstate and foreign commerce committee. Mr. McGay said a tubeless casing can be as serviceable as the tubed tires with which 30,000,000 American cars are now equipped. Photo shows, left to right, Rep. Richard M. Simpson (Pa.); Rep. Lovie H. Boren (Okla.); Rep. Alfred L. Bulwinkle (N. C.); Rep. Clarence F. Lea (Calif.), chairman of the committee; Rep. Clarence Brown (Ohio); and John E. The sophomores are proud to have a new member added to their class, Johnnie Carver. Johnnie came to us from O'Brien.

Sport News

The Weinstert A and B volleyball teams played Mattson Friday night. Both teams won.

Some of the B team players were not present so Jane Hasty and Joan Jenkins substituted.

The players on the A team are: Louise Taylor, Tiny Driggers, Edith Weaver, Thelma Copeland, Billy Schwartz, Lorene Martin.

The players on the B team are: Billie Jones, Marie Thomas, Genevieve Jenkins, Joanne Hones, Jeanette Thompson, Johnnie Carver.

Weinstert is fortunate to have Johnnie Carver, former student of O'Brien, on our volleyball team.

She entered school here Monday. We hope she enjoys being here as much as we enjoy having her.

We are sorry that our Junior boys lost their game. Better luck next time boys.
