Circuit Assembly At Brownwood

Program arrangements for the weekend circuit assembly of Jehovah's Witnesses have been completed, according to local presiding minister, William C. Talley. The two-day spring meeting will be held at the new Brownwood Coliseum in Brownwood. Pervading theme of the assembly will be "Do All Things for God's Glory."

"The real purpose for our spring meeting is to more effectively prepare the preaching fellowship of Jehovah's Witnesses to use the Bible in building up the spiritual morale of people in our community," said Mr. Talley.

A program schedule, given by Mr. Talley will include a Theocratic Ministry School which is modeled after one of their weekly meetings and represents the manner in which members are trained for their ministerial activity. The school will be conducted Saturday afternoon by John P. Sutherland, Texas District Supervisor for Jehovah's Witnesses.

Saturday evening these timely subjects will be presented: "Holding Faith and Good Conscience," "Using Your Bible Trained Conscience," and "Progressive Parental Training."

Sunday morning's schedule will include an ordination of new ministers, followed by a baptism service, which will be under the direction of R. J. Schlegel, West Texas Circuit Supervisor of Jehovah's Witnesses. Highlight of the assembly program will be Sunday afternoon, when Sutherland presents the Bible lecture, "Decide Now for Divine Rule."

Mr. Talley concluded saying "There is much work in preparing a convention of this kind, so residents of West Texas work together and participate in presenting the program. Local persons who have parts include Virgil Kirklen who will officially open the meet with a song and prayer, Mr. Talley will have the song and prayer Sunday morning of the meet.

Around Town

by CLYDENE

O. W. Tooley went to Austin Friday where he spent the night with his son, Kenneth, and they both went to Floresville Saturday to attend the funeral of W. E. Sellers. Mr. Tooley's brother-in-law. He spent the night back in Austin with Kenneth Saturday night, and came home Sunday.

I. and Mrs. Bill Dick Loving

and daughter, Deanna, of Odessa, visited relatives and friends here Sunday.

Good news from Dallas! Bill and Doris Reeves spent the weekend there, visiting with Biggon Drinnon and Charla. They report both remarkably improved, in good spirits, anxious to get back to Haskell. With luck, Biggon might get home this weekend some time, and Charla in the near future. Persons wishing to help the family are depositing to the Cleatus Drinnon account at Haskell National Bank.

Congratulations to Jim and Charla Yeary! They had a daughter, born Tuesday, May 19.

Mr. and Mrs. Tom Watson were much surprised and pleased Monday by a visit from Mr. and Mrs. Ralph Denman of Eustis, Fla. Tom and Frank served in the Army together from Camp Davis, N. C. in 1929 through Baker Island, Okinawa and other South Pacific points, and arrived back in the States together October, 1945. They had not seen nor heard from each other since they were separated at Seattle, Wash. in 1945. Much midnight oil was burned reminiscing about old times and during the evening they called another buddy, John T. Noble, who lives at Mabank. Frank and Lucille left early Tuesday morning for Pie Town, N. M., to see if they could locate another of the 'boys', Rex Norris. The Watsons receive a Christmas card each year from him there.

Green Thumb Tips

Moonflower is a quick-growing climber, producing massive 6 inch flowers which open at night with such speed that you can actually observe the petals move. In mild areas it can be grown as a perennial, but is best treated as an annual grown fresh from seed each year.

If you want to grow those gigantic sunflowers—the kind people win contests with, the variety to look for in the seed displays and catalogs is Sunflower, Mammoth. The black-and-white striped seeds should be planted directly into the garden after danger of frost in a sunny location and fertile soil. The huge yellow flowers appear on 6 ft. stalks, and the centers swell out as the seeds develop. Birds are especially fond of sunflower seeds, and so are children, since the meaty kernels have a nutty flavor.

Strawflowers are a recent addition to the flower garden. Discovered growing wild in the meadows of Western Australia, they are easy-to-grow. In addition to creating a magnificent garden display during summer, they can be dried to last all winter in dried flower arrangements. Colors include crimson, yellow, orange, pink and white.

Parsley is one of the most useful herbs you can grow, and some gardeners even use it as edging to a flower border. The seed can be direct-sown into the garden, and although seed is generally slow to germinate, it is quite reliable. As the plants fill out you can snip sprigs to add flavor to so many dishes. Parsley is a biennial, and it will stay green in the garden even during winter, but the second season it will go to seed. Another good idea with parsley is to put up some plants in the fall to keep indoors on a kitchen window.

Many household items make excellent planters to start seeds in. Pie and produce trays from the supermarket are good, and empty egg cartons are even better. For growing larger plants that need plenty of root room such as tomatoes and peppers, try using empty milk cartons filled with planting soil.

TO WED—Mr. and Mrs. J. L. Toliver Jr. announce the engagement and approaching marriage of their daughter, Patricia. Rodney Roof, the prospective bridegroom, is the son of Mr. and Mrs. R. L. Roof of Thomas, Oklahoma. The wedding will be Saturday, August 11.

50th Wedding Anniversary Set

The children of Mr. and Mrs. Robert E. Mathis of Rt. 1, Sagerton, will honor their parents with an open house celebrating their 50th Wedding Anniversary on Sunday, May 27, from 2 until 5 p. m. in the family home.

The couple met at her parents home in the fall of 1922, and they married May 24, 1923 in Haskell by Rev. Alvis.

Mr. Mathis was born July 2, 1893 in Haskell County and is a retired farmer.

Mrs. Mathis was born Lora Thelma Malone Jan. 2, 1904 at Drop, Texas, and came to Haskell County with her parents in 1922.

Mr. Mathis is very active around the farm, has a garden each year and collects old wrenches as a hobby. Mrs. Mathis still preserves the vegetables from the garden.

They are members of Plainview Baptist Church.

Mr. and Mrs. Mathis' seven children will attend. They are: Mrs. Gearldean Stengel of Phoenix, Ariz.; Ewing Mathis of Guyton, Okla.; Marcus and Harmon Mathis of Sagerton, Mrs. Addline Kobout of Tye, Marvin Mathis of Goodwell, Okla., and Mrs. Veeta Reed of O'Brien. There are also 10 grandchildren. Friends and relatives are invited to attend.

MR. AND MRS. D. L. POWELL

Powells Celebrate 50th Anniversary

Mr. and Mrs. D. L. (Leek) Powell, Route 1, Seymour, Texas, will celebrate their 50th wedding anniversary with a reception in their home seven miles north of Seymour May 20, 1973. Guests will call from 2 until 5 p. m.

The Powell's only child, James H. Powell and his wife, Sue, and their two sons, Sam and Tim, will host the event. Other members of the household will include Mrs. Ethlyn Baker and Mrs. Beulah Evans, sisters of Mrs. Powell; Mr. and Mrs. Fred Musgrove and Neal Musgrove, brothers and sister-in-law of Mrs. Powell; and Mrs. Pearl McCreary, sister of Mr. Powell.

Mr. Powell was born Jan. 29, 1903 in Buckner, Texas in Parker County. Mrs. Powell was born Aug. 17, 1904 at Glen Rose in Summerville County. They attended school together at Buckner, and were married May 19, 1923 immediately following graduation exercises that year, by Bro. W. J. Cloud. They first lived on the old Cooper Estate Ranch near Buckner. They moved from there to Dinnis, Tex., then on to Harmany. In 1925, by train, they moved to Hall County south of Esteline. From there they moved to the old OX Ranch headquarters south of the Peace River, where their first child, a son, was born on July 2, 1926, and passed away

at the age of three months. After this, the couple moved to Snyder in Scurry County, by covered wagon, traveling three days within sight of the Double Mountains in Stonewall County. At this time, they began farming for themselves.

Here they were blessed with a second son, James Hilton. In 1930 they moved on to Ranger where Mr. Powell was employed by his brother in the service station business.

In 1932 he opened his own station on Highway 80 east of Ranger and built a nice home with his own hands, which today is still a nice home. As everyone knows, these were the hard years and business was not so good. So, having a son to raise, they decided to return to the farm at Snyder, which they did in 1939. There they farmed until 1943 when they bought 200 acres of irrigated land in Hale County and moved near Akin, where they lived until 1948.

At this time they purchased the old Drew Section from Floyd Davis in Baylor County and have made their home here ever since.

They are both members of the First Baptist Church, Red Springs, Texas. They issue a special invitation to all their many friends to come out and visit and help them celebrate this occasion.

The Weinert Matrons Club held their final meeting of the year May 10 in the home of Mrs. W. A. King.

To close out the club year, members of the Weinert Matrons Club journeyed to Abilene, for a tour of the new Abilene Reporter-News plant and a talk with Miss Katharyn Duff, assistant editor of the paper. In her talk, Miss Duff told of the paper's beginning in June, 1881, as a weekly, becoming a daily in 1883. The company has 254 full-time employees and an annual payroll of over 1 1/2 million dollars. She stated that over 186,000 people read the Reporter-News daily and it reaches an 18-county market, being carried to outlying areas by a 24 truck fleet that travels better than 5,000,000 miles per year.

The Associated Press and wirephoto services bring stories and pictures from around the nation and world in a matter of seconds.

Coffee and Cokes were served to all making the tour by Mrs. Jack Conner, secretary to the publisher, Andrew Shelton.

Following the tour, the club members ate lunch at Wyatt's Cafeteria, then had a business meeting with club president, Mrs. W. A. King presiding.

Lions View Slides On Conservation

President Joe Williams presided at the regular noon meeting of the Haskell Lions Club Monday, May 8. Invocation was given by Harold Spain and the pledge and song were led by George Fouts. President Joe Williams reported that the club had gained two members in the last month and that much work was needed in the membership area. Guest speaker for the luncheon was District Conservationist J. C. Yearly Jr. Yearly presented a program of slides on conservation and the training which was being planned for the elementary schools in the area. Yearly stated that the youth of the area would be offered outdoor conservation classes to acquaint them with the problems and benefits of conservation. The slide presentation which was shown to the club was the same as shown to the elementary students.

Fuel Shortage To Be Felt In Sept.

The real impact of a fuel shortage will be felt by Great Plains farmers by September, according to fuel experts in a conference at the University of Nebraska April 10-11, attended by Jack King, research director of Grain Sorghum Producers Association. Localized shortages may be felt before September, the experts said, and fuel for irrigation could be critical in certain areas during peak pumping periods. "The energy crisis is real," said James West, principle advisor on fuels and energy at the Dept. of the Interior. "We may be hard pressed to supply fuel and energy requirements this year."

An increase in farm fuel storage capacity was urged by both federal and oil industry spokesmen at the conference, who warned that diesel supplies will be tight. Irrigation producers using both natural gas and butane should check with suppliers and make arrangements for stand-by fuels, according to natural gas officials. And they added that some curtailment of natural gas is likely in peak periods.

The fuel shortage has been developing since 1967 partly because Congress had not heeded warnings from government and industry fuel spokesmen, the experts concluded. "The gasoline shortage is caused by lack of refinery capacity and by the emission control systems on cars," said Granville Garside, special counsel to the Senate Committee on Interior and Insular Affairs. "Diesel fuel will be short because our refineries are producing gasoline which has a higher profit return." Garside continued. He added that while diesel will be short it probably will be available at least until September, but farmers may have to search out supply sources.

Fuel shortages could continue for the next several years unless some leadership and proper planning emerges soon, the experts warned. They recommended the establishment of a National Energy Commission, incentives for industry to find new sources of oil and gas, and a more realistic approach to environmental problems. GSPA has contacted authorities about the energy crisis on the farm, encouraging them to make sure fuel is available now to produce food required by the American consumer at a realistic price.

OUTDOORS -IN- TEXAS

Rules of the water are as important as rules of the road. You think not?

Well, the way water regulations are ignored lots of people must think that way too. But it's a matter of lack of information—we hope.

Very few people who venture out into the water, with a boat of any kind, size or shape (from little canoes to big runabouts) really know waterway regulations.

This is hardly true of those who helm the large cruisers on our mammoth impoundments, and certainly not true of those who man the great seagoing rigs on our Gulf waters—for the latter are checked and double checked periodically by the Coast Guard.

But the little fellows who steer the fishing boats and the small pleasure craft are neglected. That is, we don't have the critical overseers to make us learn the rules and adhere to them. And it's typically true that what you're made to do, you do—and what you aren't forced to do, you don't.

This is not a criticism of law officials, or to urge a clamp down on the negligent. It's just a gentle reminder to you and me to ship up and to brush up on our jargon, our knowledge of boating and our ability to "put to sea" safely and to operate our boats courteously.

When the State of Texas chose its "DRIVE CAREFULLY" slogan (thanks to former newspaperman, Weldon Hart) it selected a simple but potent motto that grows on you. Really, it's surprising how many acci-

-RESOLUTION-

WHEREAS, it has since the beginning of our existence as a nation been fundamental that the security of the United States depends on the individual's acceptance of the responsibilities of active citizenship, including the contribution of a person's talents, leadership and service in the defense of our nation; and

WHEREAS, The Reserve Officers' Training Corps, or ROTC, has for many years served as the training ground for the military officers who lead our military services in times of conflict and who train and maintain our modern combat-ready reserve forces; and

WHEREAS, The Reserve Officers' Training Corps has throughout its long and glorious history proved to be one of the most successful and critically important programs ever developed and implemented by the United States; and

WHEREAS, The idea of providing military training to college men was first approved by the United States Congress when it passed the Land-Grant Act of 1862 providing for the sale of government lands to establish colleges and universities and requiring these land-grant institutions to teach agriculture, the mechanic arts

and other scientific and classic studies including military tactics; at least 1,345 officers from land-grant schools served on active duty during the Spanish-American War; and

WHEREAS, The ROTC program in civilian colleges and universities was officially established by the National Defense Act of 1916; prompted by the fighting of World War I in Europe, the National Defense Act of 1916 established an Officers' Reserve Corps to be composed of men prepared through a Reserve Officers' Training Corps; most of the 90,000 members of the Officers' Reserve Corps who served on active duty in World War I received their military instruction in the ROTC in civilian institutions; and

WHEREAS, The true value of the ROTC program and the high quality of officers it produces were dramatically shown by World War II; during the rapid build up of military forces in 1941, over 50,000 ROTC officers were called to active duty allowing an otherwise impossible expansion of forces to be accomplished during one of the most critical times in United States history; well over 100,000 ROTC graduates served as commissioned officers dur-

ing World War II, many times more than the number of officers commissioned from the nation's military academies; and

WHEREAS, The ROTC program of today continues to provide the armed forces of our country with the well trained and responsible leaders which they need to protect the security of our nation; and

WHEREAS, The Reserve Officers' Training Corps is not only an indispensable and major source of military officers but it is recognized as much more; it provides the nation with citizen-soldiers who serve their nation in the finest tradition of service to one's country by contributing time and energy to the reserve forces of the nation; and

WHEREAS, The ROTC program and the qualities which it teaches and instills in its cadets and midshipmen have proved beyond any doubt to be of inestimable value to the cadets and midshipmen themselves in their civilian careers; approximately four percent of all college male graduates today have had the benefit of ROTC, but this relatively small group has produced 23 percent of the men who earn \$100,000 annually, 16 percent of our state governors, 24 percent of our senators and 16 percent of our congressmen; and

WHEREAS, American business and industry recognize the greater potential of ROTC graduates, and many companies have established preferences for ROTC graduates; a substantial percentage of doctors, lawyers and other professional persons have also had the benefit of ROTC training; and

WHEREAS, The ROTC program also enables numerous students, who would otherwise be unable to attend college or who would be forced to discontinue their education due to financial difficulties, to obtain a college degree through the ROTC Scholarship program; at the present time, 19,000 scholarships are given to deserving cadets and midshipmen across the nation annually; these scholarships pay for all academic expenses, except room and board, and pay an additional \$100 tax-free stipend for up to ten months of each scholastic year; and

WHEREAS, The Reserve Officers' Training Corps offers to the young men and women of the United States a unique opportunity to serve their country and to acquire skills, dis-

cipline, responsibility and leadership ability which will qualify them for outstanding job opportunities in civilian life; and

WHEREAS, it is greatly important that the Reserve Officers' Training Corps be given the fullest support possible by the citizenry of the United States as one of the most effective programs available which benefits the nation and strengthens the youth of America today; now, therefore, be it

RESOLVED, That the City Council of the City of Haskell, Texas, That by this Resolution the City Council of the City of Haskell, Texas staunchly supports the Reserve Officers' Training Corps as the strongest link in the traditional role of the citizen-soldier in this country and as one of the most outstanding programs for producing military officers and future leaders for our nation; and, be it further

RESOLVED, That the City Council of the City of Haskell, Texas strongly recommends to all college and university students that they take advantage of the tremendous opportunity for training and achievement which the Reserve Officers' Training Corps presents.

Homemakers Tour Homes

Haskell Chapter of Young Homemakers of Texas met for their monthly meeting Thursday night, May 10. Members and guests had a delightful time doing what women love best—viewing beautiful homes. This year's tour included the elegant remodeled home of Mr. and Mrs. Bill Comedy and the lovely home of Mr. and Mrs. Elbert Johnson. After enjoying the hospitality of these two families, everyone returned to the home of club member Janice Phillips and toured her new home.

Later refreshments of banana splits were served by hostesses, Janice Phillips, Sandra Wallace and Judy Brister. A business meeting followed, presided over by President Louise Thornhill.

Linda Burson brought a very timely inspirational about a good wife and mother.

Baby gifts were presented to club members Vickie Josselet and Edie Connel. Everyone was reminded of the bake sale which will be today, May 17 at 3:00 in front of White's Auto Store. The sale is to benefit the West Texas Rehabilitation Center.

Linda Burson was selected as our representative to the Area IV executive meeting in Abilene on May 19. Sandra Wallace is the alternate.

New officers for the club year 1973-74 were elected. These new officers include Sandra Wallace, president; Janice Phillips, vice-president; Mary Jennings, secretary; Muriel Nanny, treasurer; Linda Burson, reporter; and Louise Thornhill, parliamentarian. Installation will be in August.

It was decided that each member would try to bring at least one-half book of green stamps to help buy a kidney machine for a member in another chapter in the state. All the chapters may help in this.

Five women were selected as nominees for the Outstanding Young Woman of America award. These were Sandra Guinn, Grace Hannsz, Louise Thornhill, Janet Strickland and Lou Gilly.

The club voted to spend \$50.00 on a gift for the Haskell High School homemaking department in honor of Mrs. Mary Eleanor McCollum our beloved advisor who is retiring. Charter members who are still with the club, Mary Lee Sorrells, Bettye McBroom, Grace Hannsz, and Janice Browning will select the gift.

The club was happy to have guests Gerre Larned, Glenna Allen, Tommy Coaner and Glenda Ellis present for the home tour and meeting.

Cleatus Drinnon Special Fund

There has been much talk concerning a special fund at the bank for Cleatus Drinnon and his daughter, Charla. There has not been a special fund created but, people wishing to contribute may do so by depositing it in the Haskell National Bank under the name of Cleatus Drinnon.

James Cadenhead Named Who's Who

Twenty-six Hardin-Simmons University students have been chosen to receive Who's Who certificates at Awards Day 1973.

Who's Who certificates are presented upon recommendation of a joint faculty-student-administration committee appointed by the President of the University. This committee, by means of their own personal information, plus material gained from the yearbook and other sources, select students who meet the requirements of 90 or more semester hours and have achieved outstanding recognition in some area of University life.

One of the students receiving the Who's Who award is James Frank Cadenhead III, a senior of Haskell. He is the son of Dr. and Mrs. James F. Cadenhead of 604 N. 16th, Haskell.

Girls Track Team Returns From State

The Haskell Girls Track Team returned this week with a 4th, 3rd and 5th place in the state track meet.

Placing 4th in the broad jump was Debbie Young, and 3rd in the 60 yard dash. The 880 relay team, made up of Mary Ann Elliott, Helen Mary Cadenhead, Debbie Young and Karen Croft, placed 5th.

Coach Burson stated that the teams were really good at state

this year and competition was keen. If the weather hadn't fouled things up, there would have been some national records broken.

Four From Haskell Receive Degrees

Approximately 190 students are scheduled to receive degrees at Hardin-Simmons University commencement exercises on May 20.

This year, baccalaureate and commencement exercises will

be combined at 3:00 p. m. Sunday afternoon.

Among the candidates for graduation from Haskell are: James Frank Cadenhead III, BA, son of Dr. and Mrs. J. E. Cadenhead; Daniel Allen Isbell, BA, son of Allen Isbell; Martha Faye Jarred, BS, daughter of Arthur R. Henderson; Sharon Kay Townley, BS, daughter of Mr. and Mrs. Jack E. Townley.

Paint Creek Community News

Mrs. Gene Overton

The community has had nice, cool showers yesterday and today (Monday). They were good for the yards and gardens and I don't think they hurt the fields any. In fact, the cool weather will be real good for the wheat and oats. Some of the cotton farmers say they would like to see an inch and a half of rain. I guess they want the clouds softened enough to

trip. They left Wednesday and returned Saturday afternoon. They met with Rep. W. S. (Bill) Healy of Paducah, who represents Haskell County, in his office and then were invited to a session of the Legislature with him. They sat in the balcony but Rep. Healy recognized the Paint Creek group and introduced them to the House of Representatives. The students also visited the LBJ Library and the Texas Historical Museum on the campus of the University of Texas. They swam and bowled, and as one sponsor said, since there were so many girls, they shopped a lot. Honor students making the trip were: Tommy Pritchard, Annilyn Pritchard, Robbie Peiser, Cory Trautvetter, Phillip Cockrell, Quala Buerger, Vicki Ainsley, Connie Brazell, Peggy Dudensing, Marilyn Griffith, Kathy Bartley, Linda Caddell, and Diana Jasso. Sponsors were Mr. and Mrs. Marvin Ansley and Mr. and Mrs. Billy Middlebrook.

One boy said his mother put the cookies in a jar and left them 5,000 days. Linda Jean Caddell and Tommy Pritchard have been named honor students for the Paint Creek 1973 graduating senior class. Salutatorian is Linda Caddell, with a 92.70 grade point average. She is the daughter of Mr. and Mrs. Linda Caddell of Route 2, Haskell. She served as advertising manager of the Pirate, FHA Historian, FHA Reporter and in the pep squad for 4 years. She was elected to Who's Who 3 years, Class Favorite, and was on

with her granddaddy, Morris Haynes. She is the youngest daughter of Mr. and Mrs. Morris Haynes Jr. of Fort Worth. And, by the way, if you want to feel real old, the Morris Haynes Jr.'s oldest daughter has a new baby. Morris Jr. a granddaddy! He teaches at South Ft. Worth High School and is president of the Tarrant County Teachers Assn. Mr. and Mrs. Don Erwin, Leslie and Eric of Bridgeport, spent last weekend with her parents, Mr. and Mrs. R. V. Earles and Bob. Linda plans to attend Angelo State University and major in elementary education. Tommy received the Lone Star Farmer degree, and the Star Chapter Farmer award. He was chosen for Who's Who, most likely to succeed, Class Favorite and FFA Reporter. He participated in tennis for four years, track three, football three, basketball four, and was on the Honor Roll for four years. Mrs. Dan Griffith has been a patient in the West Texas Medical Center for the past two weeks. She hopes to be home this week. She has been having asthma all spring. On Sunday, May 6, Mr. and Mrs. C. G. Raughton and Mrs. Lorene Raughton met their daughter's family, Mr. and Mrs. Ray Sims and son, Donald, of Alpine, and their daughter, Karen Sims of Tarleton College at Stephenville and they all attended an individual calf show at Eastland. Ronald Sims groomed the calves for the sale and his daddy, Ray Sims, County Agent of Brewster County, and Max Stapleton, County Agent of Haskell County, judged the calves. Ronald is also the grandson of Mrs. Essie Sims of Throckmorton and the late Frank Sims (the longtime foreman of the Brown Davis Ranch here at Paint Creek).

Wallar Overton spent the weekend in Dallas where he met his brother, Mike and Linda. Linda Overton hosted a bridal shower for Miss Gayle Lindsay in Dallas Saturday. Gayle has visited Paint Creek several times with the Mike Overtons.

Mrs. Jerry Jones and daughter, Shelle, of Denver, Colo., are here visiting her parents, Mr. and Mrs. Paul Fischer. Mrs. Sam Chaffin, Kelly and Becky Jo came last weekend and they took the children to see Six Flags Saturday.

Mrs. Linda Chapman presented her Junior and Senior High choruses in their Spring Concert, "Sing! Sing! Sing!" recently. There were 26 members singing. There were duets, quartets, and other selected groups as well as choir numbers. Quala Buerger played a duet, "Battle Hymn of the Republic", with Mrs. Chapman.

You mothers who received the Mother's Day Cookbooks made by the 1st, 2nd and 3rd grade students must be most pleased. I read Mrs. Gene Fischer's. The children told the teachers how their mothers made some dish and the teacher wrote exactly what the child told her. Then the boy or girl drew a picture to go with the recipe. Ky Kuenstler told how his mother made brownies:

Summer Reading Is Summer Fun

The Haskell County Library, this summer, will be participating with the Texas State Library in a program designed to interest young readers.

The theme of dinosaurs was chosen for the 1973 Texas Reading Club because of its appeal to a wide age range and because the subject of dinosaurs offers so many ideas for bulletin boards, displays and special programs.

SUMMER READING IS FUN—a time for each child to read all he wants of the type of books he enjoys most. But most important is that it will inspire interest in reading.

Each child who joins the Texas Reading Club is registered on a reading log provided by the Texas State Library. Each child who reads any twelve (12) books on his reading level will receive a certificate of completion from the Texas State Library signed by the State Librarian.

The Haskell Library will be participating in this program and welcome any questions about the program.
