Haskell Indians Are Ready

"Our boys are ready to play football," said head Coach Tommy McAdams this week, after four full days of two-a-day practice in shorts. "They put pads on for the first time Friday, and their attitude is great."

An intra-mural scrimmage Friday night gave Haskell fans

a chance to look at the Indian lineup for the '73 season that begins with eight returning lettermen, and nine seniors on the squad. A total of 44 turned out for practice this season, and at the rate of present progress, a good solid team will be formulated much sooner than the

coaches had hoped. "All the boys are beginning with a great attitude, which we appreciate. Their quickness is certainly a factor, and will be in this year's contests. We've changed positions for some of them, and they've learned to handle the new spots fast and

effectively," Coach McAdams summed up. In looking at the overall picture of the district, Hamlin has to be an overwhelming favorite, their team is so strong; and Ballinger would be running a close second. They have a good ball team. Stamford is another

that brings a lot of strength back this season. Anson, Winters and Haskell are right up there with them, if they want to be.

So, the challenge to the Haskell Indians will be in gauging these district contenders and planning their season accordingly. The Indians are strong in their offensive line on the strong side, and have good back-up men at almost all positions. The team quickness, and ability to adapt will have to be a big factor in a good Indian season.

Although the lineup will change as the coaches have a chance to look at it, as it stands now, Danny Hartsfield and Chris Love and Randy Phemister at quick tackle, Raymond Rodeja and Adam Sanchez at quick guard; Tommy Watson Jr. at center; Billy Holmes at strong guard; Ricky Decker and Charles Gray at strong tackle; James McCoy and Johnny Hawkins at strong end; Robin Colbert and George Brown at halfback; Charles Alexander and Jim Pippin at fullback; Randy Ivy and Ricky Bird at tailback, and Tim Pringle and Gary Johnson at quarterback.

Junior varsity lineup at this point includes Bryan Tolliver, Eddie Medford and David Gray at split end, Larry Jackson at quick tackle; Johnny Larned and Gilbert Gonzales at quick guard, Les Lane, Randy Darden and Terry Brueggemann at center; Jamie Mickler and Tim Powell at strong guard; Ricky Anderson, Johnny Lancaster and Pace O'Neal at strong tackle; Mike Turner and Kyle Markey at strong end; Steve Drinnon and David Tidwell at halfback; Darrell Smith and Jesse Billington at fullback, Frank Jordan and Kelvin Marshall at tailback; and Gary McAdams, Billy Stone and Jeff Teague at quarterback.

These positions, too, can change, and the coaching staff is watching to see where positions can be altered to strengthen the team.

Three injuries have been recorded this week in practice sessions. James McCoy has a slight shoulder separation; Randy Stone and Jeff Teague at quarterback.

Ending A Colorful, 30-Year Career

Judge 'Ben Charlie' Retires

by Clydene Comedy

A cordial invitation is extended to every person in the 39th Judicial District, to attend a reception honoring the Honorable Ben Charles Chapman upon his retirement as Judge of the 39th Judicial District of the State of Texas. The invitation is extended by the eleven lawyers of this district, and the reception will be held Tuesday, August 28, from 7 to 9 p. m. in the Haskell National Bank Community Room at 602 S. First St.

Judge 'Ben Charlie', as he is known to his many friends, will officially step down from the bench August 31, thus completing a 30-year career in this post.

Judge Chapman's roots are buried deep in Haskell County soil. He was born and reared in Haskell County, and is a third generation member of one of our county's pioneer families,

and already two generations follow him here.

His grandfather, the late Charles M. Chapman, brought the family here in the 1890's, and settled at Old Marcy near where Rochester now stands. He was a postmaster, and ran a general store. He later mov-

ed to Knox City, where he ran a general mercantile store until his death in 1907.

Judge Chapman's father, the late Sam T. Chapman, ran a gin at Old Marcy until the tracks of the Orient Railroad were laid through that part of the county. At that time, he moved his family to Knox City, where he ran the hardware part of his father's store. When C. M. died, Sam moved his family back to Rochester, where he ran a gin, and later put in a plumbing and sheet metal shop. He also was one of the first automobile dealers in Rochester.

On the other side of Judge Chapman's family, his mother, the late Mary Georgia Greenwood, came from Breckenridge. Her grandparents, were the N. S. Greenwoods. He hauled lumber from Fort Worth on wagons and built the first country store there. Her father, B. B. Greenwood, was an early-day lawyer in this part of the country and once owned the Stamford paper.

Judge Chapman's wife, the former Mary Sherrill, is the daughter of R. E. Sherrill, who wrote "The History of Haskell County."

Judge Chapman is a graduate of Rochester High School. He worked one year after graduation to earn money to attend North Texas Agricultural College in Arlington. He went there two years, then came home and worked one year and two summers in Payne Drug Store. He then attended the University of Texas where he studied pre-law. Later he entered Cumberland

University at Lebanon, Tenn., where he completed his law in 1939, and passed the bar exam. Immediately upon his admittance to the bar, he opened his law office, "in a room over Gates Drug Store for \$12.50 per month," he remembers, "and the utilities were furnished."

He also enjoys telling the story of one of his first cases. "I was to defend a man charged with transporting whiskey, a felony case," he recalls with a wry grin, "and I was a frightened young man when I started the defense. My uncle, W. R. Chapman of Abilene, was the presiding judge, and the other lawyers there kept checking

SLOW DOWN AROUND SCHOOL ZONES

City Police Chief T. P. (Bull) Barnett reminds all motorists that school has started, and there'll be a lot of activity around the schools in town.

He cautions all motorists to slow down to the 20-mile-per-hour speed zone around the schools, so that children might safely cross the streets, coming to school and going home.

There will be radar-equipped cars around the schools, to keep the safe speeds in effect.

County Schools Enroll 1,516

Some 1,516 students had enrolled in Haskell County schools by Tuesday of this week. Haskell schools totaled 846 students, with 220 of them in high school; Rule enrolled 320, with 90 of them high school students. Rochester registered 186 with 63 high school students. Weir's enrollment is 87 with 15 high school students, and Paint Creek has 77 students enrolled with 27 in high school.

The breakdown in Haskell schools shows 59 in kindergarten, 63 in first, 64 in second, 61 in third, 72 in fourth, 80 in fifth, 75 in sixth, 72 in 7th and 80 in eighth. In high school there are 67 freshmen, 57 sophomores, 42 juniors and 54 seniors.

Haskell's total enrollment is up 55 students over last year.

Lunch room prices for this school term are 45 cents for elementary students, 55 cents for junior high and high school, and 70 cents for teachers or adults.

Post Office Rep To Be At Rule

Dale King of Congressman Omar Burleson's office, called the Free Press Tuesday afternoon to let the people of this area know that Clyde Grant, Abilene Sectional Center Manager for the Abilene Post Office, will be in Rule Monday afternoon at 4 p. m. at the bank building.

Persons wishing to meet with him to discuss the mail service in our area may do so at this time.

Grant will meet with the people of Aspermont Monday night.

MORE SCREW-WORMS

Two new cases of screw-worm have been confirmed in Haskell County this week, according to County Agent Max Stapleton.

He urges all stock owners to watch their stock carefully, and reminds them that containers can be picked up at his office to send samples to Mission.

But there were several state-commissioned pony express companies during the 1860's. For instance, there was one during the War between the States, from the end of the telegraph line in Huntsville to Austin, which was used to bring war news to the capital. Another route went from Brenham to Austin. In the interest of speed, the riders were young boys — including one only 13 years old who weighed less than 30 pounds and who was ordered to ride barefoot. However, on the San Antonio to El Paso line, heavier riders like Bigfoot Wallace had pony express commissions, because only tough fighters could get through Indian country.

In these days of spiraling costs on almost every item you can think of, it's truly rewarding to be informed of a sale like Haskell's RED TAG DAY sale. Items throughout the stores of Haskell are always drastically reduced in price, to give the shopper a real chance to save money.

Haskell merchants band together once each month to offer RED TAG specials to their customers. This month is no exception. And with school beginning, it's an added bonus to find those special prices on items you need, right now.

Rep. Bill Heatley Appointed To Budget Board

Speaker of the House of Representatives Price Daniel, Jr., announced that he was appointing veteran Representative W. S. (Bill) Heatley to the Legislative Budget Board. This Board, which makes recommendations to the Legislature for the funding of state government, is composed of four members of the House of Representatives, four members of the Senate, plus the Lt. Governor and Speaker of the House who serve as Chairman and Vice-Chairman. Representative Heatley is a long-time member of the Budget Board, having served first on the important agency in 1956. He has also served as Chairman of the powerful House Appropriations Committee longer than any other man in history, serving a total of 12 years as Chairman. He is also the only House member appointed by Speaker Daniel who has previously served on the Legislative Budget Board. During the next two years, Representative Heatley will participate in drafting the proposed budget for the entire state government for the following biennium.

Heatley said that he looked forward to serving on the Budget Board during the next two years because some of the major problems of this decade will have to be solved by the next Legislature. Among these will be the need to budget our taxpayers' money in such a way that they get the expected return for their dollars.

Program Set At Haskell Library

Sherrill and others, started the Haskell First Presbyterian Church. The two churches were later combined. Judge Chapman is a former deacon of the Haskell congregation, and now serves as elder of the church. He is also a member of the Sons of Hermann, the IOOF, and the Masonic Lodge.

Mrs. Elsie McGee, County Librarian, announces a short program at Haskell County Library Saturday, Aug. 25 at 4:00 p. m. The program will be for all the readers that took part in the Texas Reading Program during the summer months.

Friends are cordially invited to attend the reception in his honor next Tuesday.

Fair Plans Are Well Underway; Award - Giving Is Up-to-Date

Ray Perry, President of the Haskell County Fair, Inc., made a rather belated presentation this week of a first place blue ribbon to Dr. Gaines Post, of Haskell for his participation in the County Fair.

Sixty-four years belated, to be exact, as Dr. Post was first-place winner in a map drawing contest of North America, when a first grade student in Haskell back in 1909. The 1909 Fair was held in the building which now houses the Jones-Cox & Co. Hardware and Furniture on the southwest corner of the square in Haskell. He recalls that he received one dollar as a prize for having drawn the winning map of North America. He added in the best Water-gate lingo, "that to the best of my recollection I never did receive the ribbon denoting that fact."

He hinted rather strongly to President Ray Perry that the dollar prize money back in the ed at least 10 pounds of choice round steak. He suggested that perhaps a like sum be awarded at this time or that he would be satisfied to receive the dollar back with compounded interest for 4 years. For obvious reasons, Mr. Perry ignored both subtle suggestions.

Dr. Post retired from his teaching profession in 1970 and he and Mrs. Post, the former Catherine Ann Rike, also a native of Haskell, returned to their old hometown for retirement.

He taught Medieval History in both Harvard and Princeton Universities and did extensive research on the subject in Rome, Italy, London, England and Germany on numerous occasions.

The picture is a reminder to everyone that the annual Haskell County Fair will be held here on the dates of September 20, 21 and 22, and that all are cordially invited to participate in some way. Present indications are that the 1973 County Fair will be the biggest and

TWO STEPS TO GREAT SKIN

CLEANSE thoroughly at least once every day with DEEP CLEANSER. For everyone the first and most important basic to beautiful, healthy skin is cleansing. Deep Cleanser is scientifically formulated to penetrate deep into pores and 'lift out' makeup, dirt and grime. It leaves skin soft, sparkling clean, smooth, and supple. Apply a generous amount of Deep Cleanser over the face and throat. Remove with tissue or rinse off with warm water.

MOISTURIZE as often as you like with SKIN DEW EMULSION. A fluid greaseless cream, rich in milk protein, that replenishes the skin's lost moisture. Without makeup, it protects skin against the harsh, drying effects of the environment. With makeup, Skin Dew Emulsion acts as a 'cushion' for easier, smoother makeup application. As it softens and smooths the skin's texture, it improves tone and color. Apply Skin Dew Emulsion over the face and throat for moisture-rich, soft-skin beauty.

They made side trips to Cloudcroft, Alamogordo, White Sands, Tularosa and the Indian Reservation at Mesalero. They saw the pageant, "The Last Escape of Billy the Kid" at Old Lincoln, which was very amateurish, compared to the Fort Griffin Fandangle, they said. They attended the New Mexico Arts and Crafts show in the High School park, and browsed through many interesting Indian jewelry shops, art galleries, antique shops and saw many beautiful imports from Old Mexico, Central and South American countries. The route to Old Lincoln by the way of Hondo is known as Peter Hurd country, and that area played an outstanding part in the history of the Lincoln County War. They also visited with their relatives, Mr. and Mrs. Bill Eastland, Rae and Ross in their lovely upper canyon home. The Eastlands are former residents of Stamford. One day they went to the Gazebo on Sierra Blanco and rode the gondola to the top. This ski area was given to the Mesalero Apache Indians after being constructed at an enormous cost to the builder. The Indians manage the entire operation and keep the profits from it. They attended the races twice, but never did get to see "Top Moon Master" run. The people are very friendly and nice, but "why not?" Most of them are transplanted Texans! The state is known as the Land of Enchantment and it certainly must be for a lot of Texans. In all, they saw approximately

120 people from this area or were related to or knew friends of theirs. Even the doctor they used was a nephew of the late Dr. Frizzell of Knox City. The cool weather, tall pines and beautiful mountains are just wonderful, but there is no place like home, as has been said again and again by others.

1972 Miss Hey Day Queen Joan Caddell, who thought she would be out of town for the recent Hey Day Tea, didn't have to be after all, and graciously assisted Mrs. Opal Adkins in escorting the 1973 entries to the judges for interviews during the tea. It was one of her last official acts as reigning queen.

On Sunday, Mrs. Edna Mae Lyles and Mrs. Ozelle Frierson visited Mrs. Lyles' niece, Mrs. H. L. McKay, who is a patient in Methodist Hospital in Lubbock.

Home from school between semesters is Mary Ann Elliott. Also, visiting in the Elliott home is grandson, Craig Brock, son of Mr. and Mrs. Jimmy Brock of Amarillo.

Sgt. and Mrs. Johnny Mills and sons of Dyess and Mr. and Mrs. Jack Kline and daughters of Euless spent last weekend with their parents and grandparents, Mr. and Mrs. H. R. Greene.

Mr. and Mrs. Terry Milam Diggs have returned from Guadalupe, N. M.

Mr. and Mrs. Ron Bingham, Ronette and Robert, spent the weekend with his parents, Mr. and Mrs. Ed Bingham in Electra.

Jamie Ray Bowers is visiting his grandparents, Mr. and Mrs. Cecil Bowers while parents, Mr. and Mrs. Jim Bowers of Denton vacation in England.

Mr. and Mrs. George Kiker of Houston and Mr. and Mrs. E. V. Brazell of Munday spent the weekend in Buddy Brazzell's home.

Mr. and Mrs. Ervin Frierson spent the weekend with Rev. and Mrs. James A. Clark in Whitney, then picked up Deanna who has been a counselor at Latham Springs Baptist Encampment. She will attend WTSU in Canyon this fall.

Haskell, Texas

Miss Jeana Arlene Vassar became the bride of Billy Bob Shaw, Aug. 11 in the Church of Christ of Haskell.

Mr. and Mrs. Leslie G. Vassar, Jr. of Knox City are parents of the bride. The groom's parents are Mr. and Mrs. Bill Shaw of Haskell.

Jim Hollingsworth of Abilene read the ceremony. Jeana and Billy Bob sang.

Given in marriage by her father, the bride chose a vintage lace and miramist over-

satin gown, fashioned with high waist and square neckline. A chapel train was attached to the waist by a band of lace. Her fingertip veil of tulle was held by lace daisies outlined with seed pearls and crystals. She carried a bouquet of white carnations centered with a purple orchid, which was used as her corsage for going away.

Joyce Vassar, sister-in-law of the bride, of Midland, served as matron of honor and bridesmaid over-

the bride, of Knox City. They wore orchid miramist dresses over satin. They carried nosegays of orchid carnations centered with white rosebuds.

Randy Shaw, brother of the groom, of Haskell, was best man. Groomsman was Roger Vassar, brother of the bride, of Midland. Ushers were Kerry Phillips of Munday and Steven Stem of Odessa.

The bride is an honor graduate of Knox City High School, and an honor graduate of ACC with a BS in biology.

The groom is a graduate of Haskell High School and is a senior music major at ACC. She is employed at Herald of Truth and he is employed at Schlumberger.

The couple is at home at 1397 Cedar Crest Drive, Abilene.

Following the ceremony, a reception was held at the home of Mr. and Mrs. Robert Dumas. The bride's chosen colors of lilac and white were used throughout the entertaining rooms, with shades of lilac and pink flowers.

The receiving line included Mr. and Mrs. L. G. Vassar Jr., the newly weds, Mr. and Mrs. Bill Shaw, and attendants Joyce Vassar, Brenda Vassar, Belinda Stem, Randy Shaw, Roger Vassar and Jay Hollingsworth.

The table was laid with a floor length cloth of white tulle over a white underlay, and decorated with draped lilac ribbons caught with bows and white wedding bells. Appointments were silver and crystal. Centerpiece was the bridesmaids nosegays and a garland of lilac asters at the base of the punch bowl, which complimented the three-tiered columned wedding cake. The white cake was decorated with lilac roses and topped with a bride and groom. Cake and fruit punch were served by Mrs. Bill Vaughn of Anson and Miss Billie Clement of Chico.

The registration table was decorated in the same theme, and held lilac and white rice bags. Guests were registered by Mrs. Kenneth Jarred of Haskell, and they came from Haskell, Knox City, Anson, Munday, Stamford, Abilene, Odessa, Midland, Chico, Lubbock, Avoca, Rotan and Rockdale.

ALVIN SCHMIDT AND GEORGIA KAYE GREER

Engagement Announced

Mr. and Mrs. M. D. Greer of Slaton announce the engagement and approaching marriage of their daughter, Georgia Kaye, to Alvin Schmidt.

Miss Geer, a 1970 graduate of Slaton High School, has attended Texas Tech and LCC, and is employed as a secretary with Cutler-Hammer of Lubbock.

Schmidt, the son of Mr. and Mrs. Rufus M. Schmidt of Haskell, is a 1968 graduate of Haskell High School, a 1970 graduate of Cisco Junior College and a 1971 graduate of DPS Law Enforcement School of Austin. He is stationed in Slaton with the Texas Highway Patrol.

Wedding date has been set Nov. 24 at Slaton.

SAVE ON FUEL

Farmers can do several things to help ease the current fuel crisis, says an agricultural engineer for the Texas Agricultural Extension Service. To reduce fuel consumption, farmers can reduce tillage practices, cultivate only when necessary, use the right tractor for the job (if there is a choice), operate the tractor at proper speeds and keep it properly tuned, avoid letting the tractor idle for long periods, and delay certain operations that will not affect the current crop season. Large equipment should be moved by truck on highways rather than driven.

Marriage Announced

Mr. and Mrs. Brooks Middleton announce the marriage of their daughter, Nancy Kay, to Mr. Tommy Allen Munday, son of Mrs. Othello Moody of Edinburg, Texas, on August 16, 1973.

The ceremony was performed by the Rev. Kenneth Blair, pastor of the Trinity Baptist Church, in the home of the bride's parents before the fireplace. An antique vase of mixed summer flowers adorned the mantle.

Both the bride and groom are natives of Haskell. They are graduates of Haskell High School; the bride in the class of 1972 and the groom in the class of 1971. The bride attends McMurry College and the groom is in business in Haskell.

We're Your Independent Community Bank...

Let's look at the word *independent*. It means we're not part of a giant system with far-flung offices. No one tells us what to do, except a local board of directors and local ownership. When we lend money, we lend it at home. When we invest, we put our money in local bond issues. When we put together a business deal, it's a local deal.

Independent is another way of saying "free of outside control"—free to give you personalized service—and we want to keep it that way. We want to do business with you—you're an important part of us.

Wedding Vows Unite Local Couple

Margaret Rainey, bride, and Russell Rainey, groom, at the ceremony at the home of the bride's parents.

Given in marriage by her father, the bride chose a floor-length white knit gown accented with yellow daisies. Rubye Rainey, her sister, served as maid of honor. She wore a dress identical to the bride's in yellow knit.

Phil Colema served the groom as best man.

The reception was held in the Rainey home, immediately following the ceremony.

After a wedding trip the couple will be at home at Brookhollow Triplex Apts., No. 2309 A. Barrow, Abilene.

The bride is a 1971 graduate of Weinert High School, and attended Hardin-Simmons University for two years.

The groom is a 1967 graduate of Paint Creek High School, and graduated in May from Hardin-Simmons University. He is employed by West Texas Rehabilitation Center in Abilene.

A reception was held in the bride's home. The serving table was laid with a white lace cloth, accented with appliques of daisies.

Miss Janice Isbell, sister of the groom, registered guests. Members of the houseparty were Mrs. Don Timberlake of Colorado, sister of the bride, Miss Jerri Jones of Plains, Miss Tammy Timberlake of Colorado City, Miss Donna Rainey of Abilene, and Miss Kristi Rainey of Floydada.

Shower Fetes Miss Joan Caddell Sat.

A bridal shower honoring Miss Joan Caddell, bride-elect of Cam Hurst III, was held Saturday in the Weinert Community Center.

Joan, her mother, Mrs. Glenn Caddell, and her fiancé's mother, Mrs. Cam Hurst II, were in the receiving line.

The table was laid with a white lace cloth over blue, which is the bride's chosen color scheme. Shades of blue flowers centered the table with silver and crystal appointments. Mrs. Danny Stewart and Brenda Boone served blue punch and white cake squares trimmed in blue. Mrs. Frank Garcia registered guests. Approximately 50 guests registered.

Hostesses for the occasion were Mrs. Delbert Carroll, Mrs. C. C. Campbell, Mrs. M. C. Cunningham, Mrs. Ted Jettson, Mrs. Robert Hutchinson, Mrs. D. I. White, Mrs. R. J. Rainey, Mrs. Tom Yates, Mrs. Mack Boykin, Mrs. Ted Boykin, Mrs.

Engaged Couple Feted With Coffee

Miss Betty Sue Steele and Mr. John McDermott were honored with a coffee Wednesday morning, Aug. 15 from 10 to 11:30 in the home of Mrs. Ed Hester. Women of the Presbyterian Church hosted the coffee for the engaged pair.

Guests registered at a polished wood table holding blue and white daisies in a white bud vase.

The serving table was laid with a white cloth touched with blue cutwork. The table was centered with an arrangement of blue and white daisies—the bride-elect's chosen colors—held in a silver and crystal double serving appointments were used. Miss Karen Pippen poured coffee.

Cheese balls, sausage balls, and an assorted fruit plate were served.

The couple will marry September 1.

Festival Sponsored By Area Churches

The Jamaica Benefit Festival including Catholic Churches in Haskell, Stamford, Hamlin and Anson, was held Aug. 19 in Stamford. Several hundred people participated and the general effort was successful and fun for all.

Each church sponsored a candidate for queen, raising money by means of food sales, carnival games, etc., on behalf of the respective church. Haskell won in the name of Miss Mary Felix Rodriguez, daughter of Mr. and Mrs. Mac Rodriguez Sr., who was crowned "Queen of the 1973 Jamaica" of the four churches.

The Haskell Melody Makers provided music for the event and some children's Spanish dances stole the show.

The principal prizes were won as follows: portable color TV by D. A. Bolding of Stamford; 10-speed bicycle by Diancia Barron of Anson; camera by Mrs. Bill Parker of Anson; radio by Eddie Munoz of Anson and wristwatch by James Barron of Anson.

Student News

COLLEGE STATION — Ralph N. Hanson of Haskell, has enrolled in the Cable Communications (CATV) Installers Course at the CATV Technicians Training School, a division of the Engineering Extension Service and Texas A&M University.

The two-week course, according to head instructor Tom Straw, will include the basic requirements for an installer, including pole climbing, first aid, troubleshooting, public relations and the use of test equipment and meters, among other subjects.

Straw, who will be assisted in the course by personnel from the Engineering Extension Service, said the job of an installer in the Cable Communications system is to connect the customer's receiver to the cable.

Hanson is an installer employed by the Centex Cable Inc. of Austin.

ABILENE—Fifty-six students were candidates for graduation in McMurry College Commencement exercises which were held at 8 p. m. August 17 in Radford Memorial Auditorium.

Dr. Willis M. Tate, Southern Methodist University chancellor and widely known United Methodist educator, delivered the commencement address.

William Kenneth Watson of Abilene was a graduate. He received a BBA degree, majoring in general business.

He is the son of Mr. and Mrs. John Watson of 1594 N. Ave. II, Haskell.

STEPHENVILLE, Texas (Spl) —A total of 180 graduate students were graduated from Tarleton State University, Sunday, August 19, during Commencement Exercises held in the Wisdom Gymnasium.

Receiving the Master of Education Degree in Educational Administration was Davie Howard Mims of Haskell. David is the husband of Mrs. Connie D. Mims of Haskell.

Receiving the Bachelor of Science Degree in Accounting was Johnny D. Adkins of Rochester. Johnny is the son of Mrs. Frieda Fly of Rochester.

Receiving the Bachelor of Science Degree in Physical Education was Donald Wayne Love of Haskell. Don is the son of Mr. and Mrs. E. B. Love of

Haskell.

Robin Gates Colbert, a senior at Haskell High School, was recently notified that he is to be featured in the Seventh Annual Edition of Who's Who Among American High School Students, 1972-73, the largest student award publication in the nation.

Students from over 18,000 public, private and parochial high schools throughout the country are recognized for their leadership in academics, athletics, activities and community service in the book. Less than 2 percent of the junior and senior class students nationwide are awarded this recognition.

Robin is the son of Dr. and Mrs. Bob Colbert of Haskell. He is active in football, basketball, golf and baseball and has also been sophomore class favorite, a delegate to Boys State, senior class treasurer, and is a member of First Baptist Church.

In addition to having his biography published in the book, Colbert will also compete for one of 10 \$1,000.00 scholarship awards funded by the publishers and will be invited to participate in the firm's annual "Survey of High Achievers" later in the academic year.

Improved Grasses Adds To Texas Beef Production

There's a lot more beef in your favorite grocery store because of improved grasses planted by Texas conservation farmers and ranchers.

In fact, an extra 335 million pounds of beef is produced in Texas every year from grasses released by the USDA Soil Conservation Service.

Edward E. Thomas of Temple, state conservationist for SCS, said the figures came from a recent study conducted by his office.

"Our survey revealed that in the last 20 years, 5.9 million acres of land has been planted to new grasses released by SCS," Thomas said. "Statewide, increased beef production is averaging 56 pounds per acre per year from these grasses. And the average climbs every year."

Thomas said several other factors also contribute to increased beef production from Texas grasslands, such as better livestock, improved grassland management, irrigation, and increased use of fertilizer.

"Yet, it's hard to grow more beef without more blades of better grass," Thomas said.

The goal of SCS plant materials work is to find new strains of plants that will solve specific conservation problems. Since livestock and wildlife co-exist on the same land, the search extends to grasses, legumes, forbs, and shrubs which have dual values for both wildlife and livestock. Such plants are needed for use in range seeding mixtures, travel lanes, or wildlife border plantings.

Without improved grasses and better conservation treatment of grassland, this demand would outstrip available supplies.

Thomas said 23 grasses released by SCS are being grown in Texas. Each has its own area of adaptability and is used to fill a specific conservation need.

Two grasses account for a major share of the acreage planted. Buffelgrass, released by SCS in 1949, has been planted on 1.8 million acres of land in Texas; increased beef production from this grass averages 74 million pounds annually.

King Ranch bluestem, released in 1941, is growing on about one million acres. Other widely planted grasses include Pensacola bahiagrass, El Reno side-oats grama, and Weeping lovegrass.

To illustrate how quickly some new grasses become popular with livestock producers, Thomas told of the success of Selection 75 kleingrass.

"We released this grass to commercial seed growers, in cooperation with the Texas Agricultural Experiment Station, in 1969," Thomas said. "In spite of the fact that seed are expensive and scarce, 132,000 acres have already been established."

And even though much of this land has not been grazed as yet, increased beef production from this one grass amounted to 11,000,000 pounds last year.

In addition to the increased beef production, the survey revealed that the new grasses have increased mutton production by more than 1.1 million pounds. Smaller increases were

noted for milk, mohair, wool and goats.

Increased beef production is only one benefit from improved grasses. Others include erosion control, reduced sediment damage to lakes and streams, fewer dust storms, and more abundant wildlife.

Strains of plants thought to have value for solving a conservation problem are grown, and evaluated at the SCS plant materials center near Knov City. After careful selection, promising strains are field tested on farms of soil and water conservation district cooperators under a wide variety of conditions. Selections that prove superior to other plants available commercially are then released to seed growers. These producers then grow seed and sell it to the public.

Some of the groups who cooperate with SCS in this work include Agricultural Research Service, Texas Agricultural Experiment Station, Texas A&M University, Texas Tech University, Prairie View A&M, Abilene Christian College, U. S. Air Force, U. S. Corps of Engineers, Texas Parks and Wildlife Department, and the state's 193 soil and water conservation districts.

Next time you go grocery shopping, think how bare the shelves would be without that extra 335 million pounds of beef

Top State Officials Endorse The Adoption Of Amendment Number 1

Texas' four top state officials today announced their joint endorsement and support for the adoption of Amendment No. 1 which will be considered by the voters of Texas in a special election on Nov. 6, 1973.

The amendment, if approved, would provide for 60-day budgeting sessions of the Legislature in even-numbered years in addition to the regular sessions in odd-numbered years, and also provide maximum salaries of \$15,000 for members of the Legislature.

The four officials, Gov. Dolph Briscoe, Lt. Gov. Bill Hobby, Attorney General John Hill and House Speaker Price Daniel Jr., said: "We support Amendment No. 1 as an important step toward more efficient and effective State government."

The Legislature is now required to enact two-year appropriations based upon long-range guesswork in a time of complex and constantly changing problems. This amendment would permit the Governor and the Legislature to assess the State's priorities each year, review the progress of various programs, examine possible economies, and come forward with more realistic and fiscally responsible budgeting.

Cooperation is a delicate thing—and there aren't that many delicate people, says Dr. Jennie Kitching, specialist in family life education, Texas Agricultural Extension Service, Texas A&M University System.

Without improved grasses and better conservation treatment of grassland, this demand would outstrip available supplies.

Thomas said 23 grasses released by SCS are being grown in Texas. Each has its own area of adaptability and is used to fill a specific conservation need.

Chairman Named For 14th Annual Cattlemen's Roundup At WT Rehab

Appointments of the area chairmen for the 14th annual Cattlemen's Round-Up for Crippled Children have been announced by Charlie Morris of Abilene, general chairman.

The area chairman plays a key role in the success of this unique fund-raising event to support the non-profit West Texas Rehabilitation Center in Abilene.

Over the past 13 years the Round-Up has raised over one million dollars to help this multi-faceted treatment center carry on a comprehensive program of

rehabilitation and diagnostic services for the handicapped of the Southwest. This year's budget is \$524,500, with the 1973 Cattlemen's Round-Up for Crippled Children expected to raise \$170,000 of that amount.

During the Round-Up, leading ranchers throughout Texas and other southwestern states donate cash and livestock of all kinds to be sold at one of the special auctions. The Cattle Sale is set for Sept. 24 at Ranchers and Farmers Livestock Auction in Abilene, with Horse and Sheep Sales set for early

October in Abilene and Coleman.

General Chairman Morris stated, "This has been a good year for cattlemen, and I can't think of a better way to make this a good year for thousands of handicapped children and adults, than by making an extra effort to make this year's Round-Up the best yet." Morris added, "The cattlemen have played a major role in making the Center a haven of hope to more than 20,000 handicapped people over the past 20 years."

Area chairmen for the 1973 Cattlemen's Round-Up for Crippled Children include James Powell of Haskell.

abled, will get his new federal check automatically on Jan. 1 or 2, adds Tuley.

Anyone needing such help now should discuss his situation with the state welfare office in his home county. If awarded a payment, then the January check will be federal rather than state, with no action needed by him.

The Abilene office received over 250 "SSI" claims in August, about 15-20% of the number anticipated for August-November 1973.

H-K Names Are Next On SS List

Next up in the four month schedule of the Abilene district social security office for persons potentially entitled to "Supplemental Security Income" payments in January 1974 are those with surnames starting with H-K.

Social Security representatives who will be in Haskell at City Hall Annex, 305 N. 1st St., at 10:00 on September 6, 13, 20, 27, say their August callers were generally in the A-G group, according to district manager Bob Tuley. Such continued cooperation should do much to prevent extremely long waits for interviews.

Immediate action is not necessary as the first possible payments won't be until Jan., 1974. Also, anyone currently receiving a check from the State Department of Public Welfare in Austin for old-age assistance, aid to the needy blind, or aid to the permanently and totally dis-

CONSERVATION POINTS

Conservationist
YEARY, JR.

RECP relies heavily on the use of long-term conservation contracts, according to Wilder. These contracts between the Secretary of Agriculture and the individual landowners and operators will be similar to those of the Great Plains Conservation Program. For the different programs, contracts of three, five, 10 and 25 are authorized.

Depending on the nature of the program, the contracts would be based on conservation plans developed in cooperation with your local conservation district.

To help implement the program, the legislation authorizes the Secretary of Agriculture to make many services available to the producer. These services will have to be developed on local levels using the legislation as a guideline. These services

will, of necessity, be developed to fit local conditions.

Among its key provisions, the Rural Environmental Conservation Program (RECP):

Authorizes the use of contracts "to assist farm, ranch, wetland, and non-industrial private forest owners and operators, or other owners and operators, to make in orderly progression over a period of years, the changes needed to effectuate the purposes of the Soil Conservation and Domestic Allotment Act and the Water Bank Act.

Provides for enlarging fish, and wildlife, and recreation sources.

Authorizes certain forestry incentives which would not be applicable for Haskell County.

Provides, under certain conditions, for cost-sharing to enhance long-term wildlife and upland game cover.

Authorizes the Secretary to purchase perpetual easements to promote the purposes of RECP, including the use and management of flood plains, shore lands, and aquatic areas.

RECP is authorizing legislation and no funds may be available to implement its provisions until appropriations are made for the next fiscal year.

We will not be able to present a program this year, but at least we do have the legislation, and hopefully, we will get the appropriations next year to implement the program.

W. L. Freemster, County Director of the Agricultural Stabilization and Conservation Service, informed me this week that Haskell County had been approved at the Washington level for the Emergency Conservation Measures application submitted last month. At this writing I do not have any details concerning the program measures that will be eligible, nor how much money Haskell County will receive.

We were informed by telephone that our application had been approved. Now we will wait and see, and start developing program guidelines as soon as instructions are received. We will keep you posted as to the developments of the ECM program as they emerge.

Can we learn from rabbits?
Yes, says Prof. Robert F.
Borgman. He observed that
diets high in fats of almost
any kind have produced
gallstones in rabbits, and
the stones disappeared when
the animals ate less fat. The
fact that rabbits on a low-
fat diet didn't develop gall-
stones seems to point a les-
son to human beings.

TWC Dean Of Services Speaks At Haskell Rotary Club Thursday

Featured guest speaker for the regular weekly meeting of the Rotary Club, at the City Cafe at noon, Thursday, August 15, was Mr. Dwayne Hood, Dean of Services of Texas Western College of Snyder.

He explained that classes would be held on Monday, Wednesday and Thursday nights at the high school from 6 p. m. until 9:30 p. m. on these nights. Present plans call for classes to be held in English, History of the United States, Conversational Spanish and Fundamentals of Speech. Mr. Hood stressed that the success of the branch school would de-

pend largely to the initial push displayed by local citizens by encouraging people of this area to enroll in the classes of their choice or selection. The first phase of the program could certainly be enlarged if enough interest is shown and most assuredly the school will provide a definite need in this area.

Registration will be held on Sept. 6th at the Haskell High School Library, beginning at 6 p. m. and lasting until 8:30 p. m. and all interested persons are encouraged to keep this date in mind. Officials of Texas Western College are hoping

to have at least 20 pupils enrolled in each class this Fall.

Mrs. Hood accompanied her husband on the trip to Haskell and was a guest at the Rotary Club meeting.

The invocation was given by Andy Anderson and the song session led by Rotarian Bob Herren with Rene Abbott providing accompaniment on the piano.

Rev. Dudley Bragg, pastor of the First Baptist Church in Haskell, was also a guest and prospective new member of the Rotary Club.

Carl Anderson reported that the Defensive Drivers Course to be sponsored by the Rotary Club could begin on Oct. 1, according to recent information received. C. A. Thomas Jr. is co-chairman of the project along with Carl Anderson.

President Charles Thornhill announced that eight members were absent for the meeting but that most are making up and that last week only two members failed to make the necessary make up meeting in some neighboring town.

Juniors returning are: Steve Anders, Jeff Denson, Abel Gonzales, Charles Townsend and Jack Wilcox. All these boys saw play last year and are anxious to mix it up again.

Sophomores returning are: Johnny Baitz, Larry Futch, Johnny Menchaca, Jimmy Macias, Leonard Rhoads and Robert Tribbey. These boys saw a limited amount of play last year and are anxious to try again this year.

Freshmen coming out are: Fred Baitz, Robert Baiza, Eddie Brass, Larry Denson, Paul Flores, Terry Lee, Charles Treet, Chris Trussell, Robert Turner and Jackie Wolcox. These boys represented themselves very well last year in junior high.

Rule's first scrimmage will be at Hawley Friday, Aug. 24, at 7:30 p. m. They will journey to Paducah Friday, Aug. 31, to play Valley High School at 6:00 p. m. First home game will be at Aspermont Friday, Sept. 7, at 8 p. m. in Bobcat Stadium. Let's all go out and support the team.

Cheerleaders were named last week. Twirlers for the 1973-74 drill team will be Norva Lehmann and Lanell Whittaker and Terri Flores, drum major. This year for the first time, the drill team will have a person to assume the role of mascot. Selected for this honor was Jami Barbee. Sponsor for the drill

team will be Mrs. Geneva Alvis.

Mrs. J. N. Cornelius led the closing prayer.

UMW

The United Methodist Women of the First United Methodist Church met in Fellowship Hall of the church for the monthly summer meeting Tuesday, Aug. 14, at 9:30 a. m. with Mrs. Oleta Macon as hostess.

Mrs. H. H. Hines opened the program with prayer. Mrs. Rex Murray, president, presided. Acknowledgement was made of a silver punch bowl and cups given to the women by Mr. and Mrs. Doc Warren. A committee of Mmes. Herbert Rinn, Morris Neal and Oleta Macon were selected to inquire about candlesticks for the sanctuary. Mrs. Murray was authorized to purchase a coffee pot for the Fellowship Hall.

The next meeting will be on Tuesday, Sept. 4, at 9:30 a. m. in Fellowship Hall with Mrs. H. H. Hines as hostess, at which time Mrs. Morris Neal will begin a study pertaining to Missionary Education.

HONOR ROLL

Kenneth Young, son of Mr. and Mrs. C. W. Dunnam of Rule, was named to the spring semester honor roll at North Texas State University at Denton. The honor roll is of students whose grade average is midway between an A and a B, to maintain a 3.5 listing.

Mrs. Stutts of Pecos, a friend and former teacher associate of Mrs. Irma Briden, visited a day and night with Mrs. Briden last week.

New Food Stamp Program To Open In Haskell October 1

The new statewide food stamp program will start operation October 1, 1973, in Haskell County.

This was announced today by Mr. William E. McKinney, Food Stamp Program Director, State Dept. of Public Welfare.

"The statewide food stamp program will replace the commodity foods program currently operating in this county," explains Mr. McKinney. "The statewide program was made possible when the 1972 Texas Legislature appropriated \$7.7 million for a state-administered, state-financed statewide food stamp program."

The State Department of Public Welfare will administer the new program and the U. S. Department of Agriculture will provide the food stamps and bonus stamps.

Eligible households pay a set amount for food stamps and are then given bonus stamps based on size of household and their total net income. Bonus stamps make up the difference between what a household can pay for food and what is necessary for a nutritious diet.

Also, bonus stamps mean many dollars worth of new business for the community. Bonus stamps represent money that low-income households would not otherwise have to spend at local grocery stores.

A recent study of rural food stamp communities showed that food stamps represented from five to ten percent of the total retail food sales.

Households are certified eligible for food stamps at the food stamp office at Box 487, Haskell, Texas. Certified households will then receive Authorization to Purchase (ATP) cards in the mail which will tell them how many stamps they are eligible for and how much money, if any, they must pay for them.

The ATP card and the necessary cash are redeemable for food stamps at local post of-

CYNTHIA ISBELL

This was Edgwyna Medford's first time to enter the food show also. Edgwyna is in the sixth grade this year. She is the daughter of Mr. and Mrs. Bobby Medford of Haskell. If you like quick recipes, I'm sure you will want to use Edgwyna's. Her adult leader was Mrs. Cleatus Drinnon.

EDGWYNA MEDFORD

Quickie Cake

1-3/4 cups cake flour
1 cup sugar
2 1/2 tsp. baking powder
1/2 tsp. salt
1/4 cup shortening
1 egg
3/4 cup milk
1 tsp. vanilla
Turn on oven and set at 350 d. F. Grease bottom of 9x9x2" pan. Cut wax paper to fit and place in bottom of pan. Grease and flour paper. Sift cake flour and measure 1-3/4 cups. Return to sifter and add 1 cup sugar, 2 1/2 tsp. baking powder and 1/2 tsp. salt. In mixing bowl, stir 1/4 cup shortening to soften. Sift in the dry ingredients.

Add 1 egg. Measure 3/4 cup milk. Add about half of it now. Beat 2 minutes. Add rest of milk and 1 tsp. vanilla. Beat 2 minutes longer. Empty into pan. Bake for 30 minutes. Remove from oven and let cool a few minutes.

Cynthia Isbell also has a recipe that is quick and easy. Cynthia is in the sixth grade and the daughter of Mr. and Mrs. Lee Roy Isbell of Haskell. Her adult leader for the Foods and Nutrition was Mrs. Gaston Tidrow.

Chocolate Chip Cookies

3-1/3 cups flour

OUTDOORS --IN-- TEXAS

'Tis said that in the Spring a young man's fancy turns to—"fly fishing"—up North.

Really there's good reason for such a statement, too, for in many of the colder areas fly fishing begins in the Spring and lasts through the Fall.

However, in many states, including Texas, there's an increasing craze for bassbugging with fly rods in the shallow waters along the shorelines.

But all this enjoyment is not limited to the young man—oldsters are fond of fly fishing too, whether it be for trout, bass or those feisty little bluegills.

Casting with a fly rod and reel is really a sport for all anglers who like to play their catch. This type of fishing is especially attractive to those who lie off by themselves and work the waters under the overhanging willows, or whip a fast mountain stream.

There is nothing particularly new about fly fishing. From time-to-time someone comes up with a new adaptation. Then, about every year there is some kind of improvement—usually in available equipment. But, in the main, the principle is the same.

Fly fishing is practiced mostly on the cold water trout streams of the North, both East and West. Here you find the purist who insists that there is only one way to catch fish—and that is with their favorite tackle, their special equipment and certain type of water.

But fly fishing is fast becoming a Texas sport, too—for many anglers—about 9 months of the year.

In the warm waters of Texas, many bass fishermen are using fly rods, with shooting taper lines, to haul in fighting blacks.

On the other side of the lake are Texas anglers using ultralight spinning equipment. Yes, even the big bass boys (or have you looked lately?)

Then there's the fellow who gets out only a few times a year and whips the streams, sometimes with borrowed, and more often than not with unbalanced equipment.

With trout (both rainbow and brown) being stocked in Texas rivers, trout fishing is growing rapidly in popularity—and the flyrodder is much in evidence. This is especially true in the areas of recent stocking of the Brazos and Guadalupe Rivers, by Texas Parks and Wildlife, below Possum Kingdom and Canyon Lake dams.

Selecting the rod and reel for fly fishing is just as important as picking the proper spinning or casting equipment. Fly rods

generally come in lengths from 7 1/2 to 9 feet. Average fly fisherman usually selects an 8 1/2 ft. rod, or 7' 8" rod with a light tip and plenty of backbone.

There's also a wide assortment of reels. Although the reel on a flyrod serves only as a line holder, some fishermen prefer a good automatic, with an aluminum spool that combines light weight with adequate line capacity, silent wind, free stripping and fast takedown. Line with a front taper helps put bass bugs out a little farther, while the level line is best for trout streams.

Although there are many standard flies, the purists stripe out for perfection. Many tie their own flies, with multicolored tackle. That's fine for the man who insists on the finer arts. But you can also fool trout with an ordinary bug bought over the tackle counter of your favorite sporting goods store. Or, for that matter, you can't

beat a red worm for filling the ground cover separate lawn and other potted plants border the carport and patio.

More important, perhaps, than the lure, is the efficiency in using fly equipment—mastering the technique of casting with a fly rod.

It's not difficult to do with a little practice. Every rod and reel you buy includes simple instructions. If you will follow these and study other published material, or observe other casters, you'll be surprised at how quickly you too can master fly casting.

Take time off for a few practice sessions with a fly rod and reel at some casting club, or on a vacant lot—or better still, over water.

You'll never learn EVERYTHING about fly casting, any more than you can learn everything about any other kind of fishing. But you can improve your methods with serious practice.

Sept. SS Checks To Arrive Early

Some 29,000,000 Social Security Checks will have an unusual date on them next month—September 1st, according to R. R. Tuley, District Manager in Abilene, Texas.

The usual date is the 3rd of a month except when that is Sunday, in which case Saturday's date—the 2nd, is used. Since in September of 1973, Labor Day comes on the 3rd making the 2nd fall on Sunday, it was decided to use September 1st. Thanks to the cooperation of the Treasury Department and the Post Office, some 50,000 beneficiaries in the Big Country should get their checks for August two days early.
