70-year-old O'Brien farmer and his wife, Mary, 69, both were electrocuted shortly after 10 p. m. Wednesday at the home four miles north of Haskell, near the Haskell line. The young couple lost their lives in an attempt to save her husband, neighbor who went to the aid of the young couple after hearing their cry.

Funeral services for Mrs. Cox will be held at 2 p. m. Saturday at the Methodist Church in Haskell, officiated by Rev. W. G. G. and Rev. H. G. G. Burial will be in the Haskell cemetery in charge of the Haskell Funeral Home.

Neighbors of the tragedy, as they were first on the scene, were young Cox, who was electrocuted, and a neighbor who was on the roof of the house at the time of the tragedy. The young couple was electrocuted while they were working on the roof of the house. The young couple was electrocuted while they were working on the roof of the house.

## Royce Adkins Elected to Head '50 Quarterback Club

Royce Adkins was elected Tuesday night, to call signals for the Haskell Quarterback Club during the 1950 season.

Other officers elected were Roy Cook, first vice president; R. C. Couch, second vice president; Charles Swinson, secretary and treasurer; and Doyle Eastland, sergeant at arms.

The attending members voted for rotating terms of directors. Two directors will be retained each year and a new one elected. This year, Thomas B. Roberson and A. C. Pierson are the retained directors and Dr. William J. Kemp is the incumbent director.

The group passed a motion to buy a 16 mm. movie projector and several hundred feet of film with the money left in the fund from the preceding year. The projector will reverse and stop at any place on the reel making it very useful in coaching. Films are to be made of every game in order for the coaches and the players to study their mistakes and correct them. This will give Haskell high school the most modernized coaching facilities in this section of the state for a high school of its enrollment.

Pertaining to membership, the club voted to give Ray Nichols of Vernon, organizer of the Haskell Quarterback Club, honorary membership for the coming year. Also, Coaches Jack Roten, Royce Smith, Ray Overton, Jr. and the graduating members of the football team will be given honorary membership in the club.

The Quarterback Club voted to accept the responsibility of financing the fall football training camp which will begin August 15. After this decision was made, dues were set at \$3.00 per year. Anyone interested in joining the Quarterback Club may obtain membership from:

Roy Cook, Walter Gresham, Bill Wilson, John Ivy, J. W. Holland, John E. Robinson, Willard Warren, Scotch Coggins, Red Collins, Olen King, Bill Fouts.

Also, Ray Lusk, Doyle Eastland, Jim Byrd, Alonzo Pate, Bill Reeves, Trav Everett, Herman Josselot, Edwin Trimmer, Dugan Starr and Gladstone McLennan.

Meetings will be held every Tuesday night with the first one being August 8 in the high school activity building.

### Postoffice and Four Stores Burglarized At Weinert

The Weinert postoffice and four other business concerns in that city were burglarized sometime Monday night, with thieves securing two typewriters, automobile accessories, two rifles and approximately \$15 in money.

The thefts were reported to Sheriff Bob Cousins early Tues-day, and he was joined in the in-vestigation by Ranger Jim Paulk and Postoffice Inspector G. W. Morrow of Abilene. All of the burglaries were believed the work of the same parties.

The postoffice lost \$10 to the thieves, officers said. Also enter-ed were the Wichita Valley de-pot, the R. B. Spencer lumber yard office, Bailey Guess Service Station, and the Guess warehouse, and the C. E. Barnett Wrecking yard. Approximately \$5 was taken from the service station, a type-writer was taken from the post-office, and another from the depot, a check of the premises revealed. At the lumber yard, two small caliber rifles were stolen and possibly a small amount of ammunition. By coincidence, the same guns had been stolen in a previous burglary and had been recovered by Sheriff Cousins sev-eral months ago. Spark plugs and other small articles comprised the remainder of the loot taken at Weinert.

Sheriff Cousins placed the time of the burglaries at between 10 p. m. and 4:30 a. m. A postal em-ployee who delivered mail to the postoffice discovered the theft at 4:30 Tuesday morning.

Entrance had been gained to each building in the same man-ner, by breaking or removing a pane of glass of a door or win-dow.

Thieves who struck the Weinert establishments are believed to have committed two burglaries at Bomarton, in Baylor county, the same night. The Wichita Valley depot and an elevator in Bomar-ton were burglarized, the Haskell sheriff was told. Loot taken in the burglaries there was not listed.

## Revival at East Side Baptist Church to Begin Aug. 6

A two weeks summer revival meeting will be held at the East Side Baptist Church in this city, beginning Sunday, August 6 and continuing through Sunday, Aug. 20, the pastor, Rev. W. T. Priddy announced this week.

Rev. Johnny Barrett, a well known evangelist and pastor of the Second Baptist Church in Dublin, Texas, will do the preach-ing and Rev. Priddy will direct the song service during the meet-ing.

Mr. Barrett is well known as an evangelist in this section, having conducted a successful revival at the Roberts Baptist Church a few years ago. He also has held re-vivals in other towns in this area and is in much demand as an evangelist.

Preaching services will be held twice daily during the revival. Morning service will be at 10 a. m. in the church auditorium, and the evening service beginning at 8 p. m. will be held on the church lawn where comfortable seating and lighting arrangements will be made.

The public is cordially invited to attend all services possible during the meeting.

Haskell county voters polled ap-proximately 3370 ballots in the first primary held last Saturday, deciding all district, county and precinct races with the exception of the race for Commissioner in Precinct No. 4. In that precinct the incumbent, C. L. (Roy) Clark and Dave Strickland will go into the August 26 run-off.

Vote in the Precinct 4 Commis-sioner's race was: Clark 257; Ted Marugg 127; Dave Strickland 216.

In district races, Judge Ben Charlie Chapman of the 39th dis-trict was re-elected without oppo-sition. His vote in Haskell county was 3354. Also re-elected with-out opposition was State Repre-sentative Clyde W. Beside of Sey-mour, who received 3353 votes in this county.

In the 39th District Attorney's race, John H. Banks, incumbent, received a majority in the four-county district over his two op-ponents, T. R. Odell and County Attorney Curtis Pogue of Haskell. Vote in Haskell county: Banks 1645, Odell 1126; Pogue 548. In Throckmorton county Banks re-ceived 1000 votes, Odell 320, Pogue 261. Totals for Stonewall and Kent counties were not avail-able Wednesday.

For Congressman, George Ma-hon of Colorado City was given an imposing majority of approxi-mately 20 to 1 in the 19th dis-trict over his opponent, A. M. Rippes of Big Spring. Haskell coun-ty gave Mahon 2928 votes, Rippes 264.

Alfred Turnbow, former Com-missioner in Precinct 2, received a majority over County Judge O. E. Patterson, who was seeking re-election. Turnbow received 1722 votes, Judge Patterson 1570.

Sheriff R. M. (Bob) Cousins won a second term over two op-ponents with a clear majority of 2,116 votes. Results in this race were: Cousins 2714, W. T. Holley 137, Lloyd Connor 441.

In other contested races, A. C. (Pete) Sego with 848 votes de-feated incumbent Ira Blair who received 673 votes in the race for Commissioner of Precinct 1.

In Precinct 3, M. B. Cobb was re-elected Commissioner with 292 votes to 130 for Hoyt Perry.

In the three-way race for Jus-tice of the Peace, Precinct 1, C. K. Jones was re-elected with 1028 votes, with Earl Treadwell receiving 469 and Joe E. Pace 273.

For Public Weigher in Precinct 7, A. A. Cox received 140 votes, and Sam Johnson 70.

For Constable, Precinct 5, the vote was 257 for W. D. Loper and 141 for J. R. Morrow.

Other officials re-elected with-out opposition were County Su-perintendent Mrs. Iva Palmer with 3344 votes; District Clerk Jesse B. Smith 3366; Assessor-Collector R. A. Coburn 3371; County Clerk Horace Oneal 3372; Precinct Commissioner W. A. Leonard 711; Justice of the Peace W. R. Mason of Rule 448; Justice of the Peace J. P. Findley at Rochester 378; Justice of the Peace Bennett Hess at Sagerton; Constable Sterling Ed-wards, Haskell 1824; and Public Weigher George Weaver of Has-kell 1831.

New officials elected without opposition were Royce Adkins, County Attorney 3372; and Byron Wright County Treasurer 3371.

Former HASKELL WOMAN WEDS WACO MAN

## George Rushing Killed In Accident Wednesday

George Rushing, 41 year old Paint Creek resident was killed Wednesday near Frederickburg when the truck he was driving hit a post on a sharp curve after he apparently fell asleep.

Rushing was driving the truck loaded with 25,000 pounds of cotton insect poison for the Rule-Jeveton Cotton Oil Co.

Funeral services will be held at Kinney and Corley Funeral Home in Stamford Friday at 3 p. m. Interment will be at Highland cemetery in Stamford.

Rushing is survived by his wife and five children.

## Weinert Man Dies Of Carbolic Acid Poisoning

Roy Hix, about 35, who had lived in the Weinert vicinity for several years and had worked as a farm laborer, died suddenly this morning between 8 and 9 o'clock in that city, after he had been seen to slump and fall on the sidewalk near the Weinert postoffice.

Death was believed to have been caused from carbolic acid poison-ing. A bottle containing a small amount of the acid was found on his person county officials who conducted an inquest said. A coroner's verdict had not been re-turned shortly before noon.

Investigating officers learned that Hix had returned yesterday from Hamilton, Texas, and had gone to the Henry Pickering farm north of Weinert where he had worked last spring. He came to Weinert this morning and had been there only a short time before he was found dying.

Body is being held at Holden Funeral Home while efforts are being made to locate relatives. Hix is believed to have three sis-ters living, and one brother, at-tendants at the funeral home said.

## Cotton Insects Reported Causing Serious Damage To Crops In County

The cotton leafworm is causing serious damage in Haskell county according to F. W. Martin, county agent. The leafworms have been in the county about one week and in some fields serious damage is being done. West and northwest parts of the county are being hit worst by the worms.

The cotton bollworm has already hatched and is doing damage. The cotton flea hopper has been doing some damage but not as bad as was expected.

Boll weevils have been found in the Sagerton area and northwest of Haskell.

The county agent recommends dusting or spraying with Toxaphene where leafworms are doing damage. When using 20 percent Toxaphene dust, 8 to 12 pounds per acre should be used and the cotton should be dusted from 5 to 7 days. At least three applica-tions will be needed. When using the liquid Toxaphene, use 2 to 3 pounds per acre. This will mean 1-3 to 1-2 gallon of Toxaphene per acre with amount of water to cover an acre.

Toxaphene will kill leafworms, flea hoppers and boll weevils.

A 3-5-49 dust mixture is also recommended for leafworms, boll

## Alfred J. Oates Dies Of Heart Attack In Los Angeles, Calif.

Alfred J. Oates, 46, prominent farmer of the Foster community northwest of Haskell, died unex-pectedly of a heart attack Tuesday in Los Angeles, Calif., hospital, relatives here were ad-vised.

Mr. and Mrs. Oates and their two young daughters, accompan-ied by Mr. and Mrs. Leon Burson and children had gone to Los Angeles about two weeks ago to visit Mrs. Wanda Jenkins, daugh-ter of Mr. and Mrs. Oates.

The Haskell farmer was appar-ently in excellent health, and his fatal illness came as a shock and surprise to relatives and friends.

The body of Mr. Oates was to be returned here for burial, with funeral arrangements under the di-rection of Mansell-Smith funeral home of Rochester. Time for the funeral had not been set.

Mr. Oates, born August 24, 1903, had lived in Haskell county practically his entire lifetime. In recent years he had engaged in farming between Haskell and Ro-chester.

Mr. Oates is survived by his wife and four daughters, two of who are living at home and Mrs. Wanda Jenkins of Los Ang-eles, Calif., and Mrs. R. J. Duncan of Rochester; four brothers, Ver-die Oates of Haskell, George Oates of Stamford, Steve and Tom Oates of Pampa; and two sisters, Mrs. Lloyd Connor of Haskell and Mrs. Bertha Tanner of Oklahoma City, Okla.

## Municipal Garbage Collection Plan To Be Submitted To Poll of Haskell Citizens

When Haskell residents re-ceive their water bills this month they will find a post card to the City Council, and saying that they agree to include \$1.00 on their bill to help defray the cost and oper-ation of a truck for the pur-pose of a systematic munici-pal garbage and trash collec-tion.

It is imperative that Haskell citizens take a small amount of their time to sign and re-turn the card to the City Council for the council's de-cision on the action will be based on the number of cards they receive.

## TO THE VOTERS OF HASKELL COUNTY

My sincere thanks to the voters in selecting me as your District Attorney of the 39th Judicial District. I will endeavor to carry out the duties of the office in such a manner that will merit your continued confidence.

**JOHN H. BANKS**

## The Voters of Haskell County;

wish to take this opportunity to thank each everyone that voted for me in my race for Judge. Had it not been for YOU how well realize that I could not have won. I certainly appreciate everything in every way that you done all along in my race, to help me.

Your influence and fine encouragement was appreciated, and will never be forgotten.

My opponent and I had a very close race, and I enjoyed making this nice, clean race with him. I hold no ill feeling against him or any of his voters. I highly respect all of you as my good friends.

I am wishing each and everyone, everywhere, the best of health and lots of prosperity.

Sincerely,

**ALFRED TURNBOW**

Hens that are not now laying are likely to be early molters and poor layers. These non-producers should be removed from the flock for there is no profit in feeding non-laying hens.

More farm accidents occur in the home than in any other single place on the farm and the kitchen and steps and stairways are the most dangerous places in the home.

**Health of Texas School Children Benefitted By New Health Programs**

Texas school children are much healthier now than they were a year ago, L. P. Sturgeon, state associate commissioner of education, declared today following a careful check made throughout the state.

Increased financial aid to school districts under the Gilmer-Aikin laws enacted by the last legislature has resulted in the establishment of hundreds of health programs in school districts which previously had none and in the expansion of all health programs.

More than 1,000,000 children who had not previously been given safeguards against diseases such as smallpox were immunized during the school year. Epidemics were discovered in their early stages and halted. General health checks of children resulted in the treatment of tens of thousands of ailments or physical defects suspected by parents.

Increased state funds made possible the employment of hundreds of public health nurses, who have assisted doctors and public health officials to institute large scale health programs which reach into every section of many communities.

"The health program in the public schools is now based on the premise that prevention is worth more than a cure," Sturgeon commented. "The programs are receiving enthusiastic support from local residents."

The Kerrville city school systems is an excellent example of what is happening all over the state, according to Charles H. Tennyson, executive secretary of the State Teachers Association.

Until Gilmer-Aikin funds were made available, Kerrville schools had no nursing service other than that of a county health nurse, who was able to devote only one day a week to the pupils of Kerrville's three schools.

Now a full-time nurse has been functioning a year. Kerrville's residents individually, and through civic and business clubs, have rallied. Kerrville is highly enthusiastic over what has been accomplished in one year, according to E. L. Wilman, superintendent of schools.

A clinic has been established in each school with local agencies providing the furnishings and supplies. Heretofore a 100 percent immunization program was impossible due to the lack of personnel to enforce regulations. Now every Kerrville child of school age has been tested for smallpox and diphtheria and immunized. Checkups disclosed many unsuspected physical defects. Positive reaction to tuberculosis patch tests were shown by 120 children. The Tuberculosis Society followed up with X-rays and medical examination when parents could not afford them.

Of the 1,700 children tested it was found 90 had defective hearing. Many children were found to have poor eyesight. Glasses were purchased for underprivileged children by the Lions Club.

The Rotary Club paid for a number of operations to remove tonsils.

Early in the school year, an epidemic of "pinkeye" threatened. Medicine was provided by the Kiwanis Club. Treatments were given 171 pupils every three hours for three days by members of the Parent-Teachers Association under direction of an eye specialist.

The epidemic was halted and the children were back in school with little loss of time.

"In Kerrville the health program is a progressive and cumulative thing," said Supt. Wildman. "While the school nurse is the first to admit she could not begin to carry out the program alone, the townspeople candidly admit that the program could not have been possible without the nurse, which takes us back to the original cause of the improved health standards in our young citizens—the Gilmer-Aikin laws the last legislature so wisely enacted."

**Jesse Hillard Here From St. Louis To Visit Parents**

Jesse Hilliard of St. Louis, Mo., son of Mr. and Mrs. H. B. Hilliard, is visiting his home and friends in Haskell. He is a student at Ranken Trade School in St. Louis, which closed for its annual two weeks vacation.

Before coming here he and his brother, Lennis Hilliard, U. S. Navy, San Francisco, Calif. visited their sister, Mrs. Bob Emery in Minneapolis, Minn.

Lennis is believed to be in Korea at present. Jesse will return to St. Louis Aug. 7 and complete school in January.

**VISITORS FROM HOUSTON**

Len B. Hammer of Houston, former resident here, visited relatives and friends during the week end. Mr. Hammer was engaged in the produce business here for a number of years, and is a former member of the City Council.

**Miss Janice Pace and James C. Oneal Exchange Vows In Double Ring Ceremony Sunday In Home of Bride's Parents Here**

—Photo by Zeima

Miss Janice Pace, daughter of Mr. and Mrs. Lynn Pace, became the bride of James C. Oneal son of the late Mr. and Mrs. W. E. Oneal of Anna, Sunday afternoon at four o'clock in the home of the bride.

White gladioli and lemon leaves formed a background before the fireplace where the double ring ceremony was read by Rev. Francis C. Nickerson, pastor of the First Christian Church.

The bride, given in marriage by her father, wore a white gown fashioned with a portrait shoulder cape of chantilly lace overlapping her fitted bodice of lace from which a bouffant skirt of nylon net fell to the floor.

She wore matching white mits. Her tiered veil of imported illusion fell from a headpiece of illusion caught with a rope of pearls.

She carried a white Bible topped with a corsage of orchids against a background of maline with a shower of lilies-of-the-valley and satin ribbon.

Mr. Lynn Pace Jr., matron of honor, wore a white taffeta frock and carried a bouquet of white gladioli.

Elroy J. Pace, brother of the bride, was best man.

After the reception the couple left for a trip to Colorado.

The bride wore away an oyster white imported linen suit, with a touch of navy, with navy accessories and white orchid corsage.

The bride attended Texas Christian University and has taught school the past 3 years. Mr. Oneal is a graduate of Texas Christian University and will receive his Masters Degree from NTSC in Denton this summer. He served with the Marines 2 years and played pro-football with the Chicago Rockets two years.

They will live in Anna, Texas, where Mr. Oneal is principal of the school and football coach.

Only members of the immediate families attend the wedding and reception.

## Small Plants Urged To Send Listings For 1950 Directory of Texas Manufacturers

Manufacturers are likely to find their names omitted from the new 1950 edition of the Directory of Texas Manufacturers, unless questionnaires are returned immediately to the University of Texas Bureau of Business Research, publishers of the Directory, according to Dr. John R. Stockton, director of the bureau.

Second requests have been mailed to those manufacturers who have not filed their information, and August 15 is the final date for returning the questionnaire.

More than 10,000 questionnaires have been mailed out to manufacturers all over the state, and 5,500 have been returned to the Bureau. Firm names will be listed both by name and type of products manufactured.

The Directory the single most important publication of its kind in the State, provides wholesalers and retailers with a reliable source of information regarding Texas-made products, and it is also used widely by out-of-state manufacturers in locating sources of supply. Small as well as large factories are urged to supply the Bureau with the requested information so that they will be included in the Directory.

Name, address, home office, type of organization, names and title of principal officers or partners, date of establishment, territory served, number of employees, and products manufactured will be listed for each plant in the State.

The Directory will be published early in the fall and distribution will cover not only the State but the nation and foreign countries as well.

Dr. Stockton has expressed appreciation for the splendid cooperation on the part of the chambers of commerce and other cooperating agencies in getting the questionnaires into the hands of manufacturers.

**Proper Care of Sewing Equipment Lightens Work of Home Seamstress**

Using the right sewing equipment and keeping it in good condition makes the sewing job easier, saves time and labor and permits the sewer to do more satisfactory work. According to Mrs. Vee J. Howle, county home demonstration agent the right sewing machine includes a sewing machine, a work table, full view mirror, an ironing board, a sleeve board and an iron. The small items of equipment should include shears, scissors, measuring tape, pins, thread, pin cushion and needles to take care of the different sewing jobs.

Good equipment, she says, does not remain useful over long periods of time unless it is properly cared for. Know your sewing machine; study the directions that came with it; learn how to set the needles; to adjust the tension, the stitch and when and where to oil the machine. A sewing machine should be thoroughly cleaned and oiled at least twice each year, and moving parts will need more oil more often.

Here are suggestions on selecting some of the smaller pieces of equipment. The scissors should be made of good steel, the blades true and should cut all the way to the tip. The better grades of scissors and shears, she says, are held together with a nut and bolt instead of a rivet. This is desirable because they can be easily adjusted after sharpening or in case they need tightening. Scissors and shears should be kept dry to prevent rusting and the use of a wool pocket for storing is recommended.

Do not use your sewing room scissors for cutting paper, wet cloth, flowers, cutting material when the blades are dirty and using the points to pry open cans and jars.

In addition to the kitchen scissors, a seven or eight inch pair of shears for cutting and a smaller pair for snipping and trimming are desirable. If you can afford them, include a pair of pinking shears. They are excellent for trimming and finishing seams.

She says using the right kind

and size of needles can make the sewing job easier. Long needles should be used for the long stitches, fine needles for sewing fine fabrics and coarse needles for coarse stitching. Size 10 needles are probably best for sewing most dress weight fabric and for fine hand sewing while a size seven or eight is more desirable for sewing the heavier fabrics.

Mrs. Howle says the best pins for use on all sewing jobs are the slender, sharp pointed brass pins. They do not rust and can be used for years if they are kept clean and dry.

Sewing, she concludes, can be a task of pleasure depending upon the kind and amount of sewing equipment you have and in the manner in which it is maintained.

**Carelessness Seen As Cause of Most Accident In Home**

More farm accidents occur in the home than any other single place on the farm and about the most dangerous room in the house is the kitchen. There are many reasons why accidents happen in the kitchen, says Mrs. Vee J. Howle, county home demonstration agent, but few out-rank carelessness and household disorder.

Poor connection on the gas stove; overheating or using kerosene in coal or wood ranges, gas escaping when a boiling pot has extinguished flame, pots and pans containing hot food or water upset by children, using worn out equipment, especially electrical appliances, matches not placed out of the children's reach and accidents that often happen to the homemaker while frying foods in deep fat—these are common causes of kitchen accidents.

Mrs. Howle says that a well kept kitchen, one that is provided with plenty of cabinet and storage space, is most likely to be a safe

room. However, carelessness can nullify the features of even the best planned and constructed kitchens. One gas explosion or a fire caused from hot grease removes the kitchen and often times the housewife from further safety troubles.

The stairs and steps both inside and outside the home seem to have been made especially for creating accidents by falling since so many home accidents happen there. It is dangerous under any circumstances to walk on stairs with both arms loaded and it is doubly so when the stairs or steps are cluttered. Stairway treads should all be the same width and risers the same height, says Mrs. Howle, and the treads should not be polished.

The stairway is no place to store the broom, mop nor the children's toys. Scatter rugs should never be placed at the bottom nor the top landings of the stairway. Loose or frayed runners are extremely dangerous. Cellar steps are usually poorly lighted and also catch more of the items that are just temporarily set there until they can be moved into the cellar. These are the items that cause many of the serious home accidents. They are not moved until someone gets hurt.

Protection from fire hazards, orderliness, timely repairing, using tools and equipment as they were intended to be used, disposing of worn out appliances and the use of common sense will greatly reduce the number of home accidents, says Mrs. Howle.

**Family Held In Reunion of Sloan Plains, Texas**

The home of Mr. and Mrs. E. Sloan in Plains, Texas was the scene of a reunion of the Sloan family Sunday, July 23. The occasion was the first time in 17 years that some relatives had seen each other. Present were members of the family from many points in Texas, New Mexico and Florida.

At the noon hour, the assembled gathering spread lunch under the large trees on the Sloan lawn. After the bountiful lunch J. C. Keller, father of Mrs. E. E. Sloan, gave everyone a treat of all the ice cream they could eat. In the afternoon the group enjoyed visiting together, kodaking and other pleasant diversions, making the occasion a wonderful day for everyone present.

Present were: Mrs. E. L. McKnight, Rickey and Randall of Lamesa; Mr. and Mrs. Frank Sloan and Jimmy of Miami, Fla.; Mr. and Mrs. Oran Reeves of Wink; Mr. and Mrs. Lois Reeves, Ann and Sammy of San Antonio; Mr. and Mrs. Ernest Sloan of Pelins; Steve Sloan of Haskell; Mr. and Mrs. J. M. Sloan, Haskell; Howard Sloan, O'Brien; Mr. and Mrs. Oscar A. Adkins, Amherst; Mrs. Wilma Baird and Connie Sue, Amherst; Mr. and Mrs. Doc Lett, Kermit; Mr. and Mrs. Ray W. Perkins, Snyder; Mr. and Mrs. J. C. Sloan, Jon and Jan, Austin; Mr. and Mrs. Geo. Sloan, Spear; Mr. and Mrs. J. C. Keller, Lubbock; Mrs. Merlin Cooper and Johnnie of Lubbock; Henry Wickson, Lubbock; Mrs. Joe Walden.

Conley and Cieta of Jal. N. M. Unable to be present were Mr. and Mrs. Cole Menefee of Odessa, and Mr. and Mrs. T. C. Stewart of Mineral Wells.

## Denver Seeks To Cancel Childress, Lubbock Service

Announcement was made today by Robt. L. Hoyt, General Passenger Agent, Fort Worth and Denver City Railway, Fort Worth, that an application to the Railroad Commission of Texas for authority to discontinue passenger train service between Childress and Lubbock will be filed within the next day or two.

"The experimental overnight passenger service between the Lubbock-Plainview area and Dallas-Fort Worth, inaugurated last March, has produced deficits exceeding the former motor car operation," Hoyt said.

An application for authority to discontinue the motor car operation was filed in January, but the case was dismissed because of a decision to try an overnight service providing coach, pullman, and dining car service.

It was pointed out by Hoyt that during the period March 5th to June 30th the direct out-of-pocket operating loss on the experimental service was more than \$14,000 per passenger handled.

*Woman's work is never done!*

**WOMAN'S WORK IS NEVER DONE**—that's not just idle talk. The average housewife works 63 hours a week. And she performs 70 different tasks in one day's work, which is a good positive (if anybody needs it!) that housekeeping is a rugged job!

Of course, today's housewife has many electric helpers to lend a hand and take much of the heavy work out of housework. But even the most modern appliances need something else—low-voltage, dependable electric service to give them power and usefulness.

That's why it's a compliment that West Texas housewives take electric service for granted. You flip a switch and know your electric helpers are ready.

You can take its economy for granted, too. For your electric service is just about the smallest item in your family budget. It costs less than a pack of cigarettes a day, yet it helps you clean, wash, and iron, guards your health, cools your home, heats water, entertains you. *What else gives you so much living value—at such little cost?*

**West Texas Utilities Company**

Mrs. Ann Poling, 609 Delaware St., Indianapolis, Indiana, who was suffering from deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin, smiles as she pours herself another cup of coffee. Mrs. Poling says life lately is like it used to be years ago... "that is, of course, since I've been taking HADACOL." She can't get over what a difference HADACOL has made in her outlook on life.

Mrs. Poling says: "Three months ago a good friend of mine told me about HADACOL—she knew how much stomach distress I had had. Any type of food that was fried or that had acid in it I just couldn't eat. It affected my sleep, too. In fact, I couldn't have been in a worse condition. When I ate what I wanted to I felt miserable and when I didn't eat these things—I didn't have a proper diet and still felt bad. Then when I started taking HADACOL, I felt better immediately. I've got a bottle in the house now—and will continue to keep HADACOL from now on. I have told many folks about HADACOL—and they all thank me for telling them about HADACOL. They all have gotten wonderful results from HADACOL like I have. Now I eat anything I want and get a good night's sleep. I can't praise HADACOL enough."

**HADACOL Can Help You, Too!** as it has helped thousands of others whose systems lacked Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin. Yes, even hundreds of doctors have recommended HADACOL to their patients. The HADACOL formula is so effective for stomachic distress, nervousness, insomnia, constipation, aches and pains of neuritis, and a general run-down condition caused by such deficiencies.

**Make Up Your Mind** to give HADACOL a chance to help you, as it has helped countless thousands of others. Remember, there are no substitutes for HADACOL. Always insist on the genuine HADACOL. No risk involved. Buy a bottle of HADACOL, either the trial size, \$1.25, or the large family or hospital size, \$3.50, and if HADACOL does not help you your money will be refunded.

**What a stepper!**

Just hint to the gas pedal and she steps out like no other low-priced car. And that's true whether you're driving a Ford V-8 or "Six". But this high-stepper is a low spender when it comes to costs. You can own a V-8, for example, for hundreds less than most "Sixes"—and a Ford "Six" for even less.

**What a stopper!**

This '50 Ford actually helps you apply the brakes. They're 35% easier-acting King-Side Brakes that use car momentum to help you stop. Like Ford's extra-rugged "Lifeguard" body, they give you the kind of protection you'd expect only of costliest cars. And for added safety and comfort, you ride low and level in the "Mid Ship" section of the car, between the wheels—not over them. You're cradled in comfort on "Hydra-Coil" front springs and "Para-Flex" rear springs that give a road-bugging smoothness truly amazing.

**What a looker!**

Yes, again in '50, Ford received the Fashion Academy Gold Medal as "Fashion Car of the Year." And Ford's stay good looking because their baked-on finish is "made to live outdoors." That means high resale value which, together with Ford's low running costs, puts Ford further out front as America's savings car.
