

## Haskell Population; County Total Shows Decline

Haskell increased 25 per cent during the 1940 to 1950, while population of the county per cent during the ten-year period. The preliminary figures of the 1950 census were announced Monday by Luther of Lubbock, district of the 19th district.

Population of Haskell as of this year was 3,832, an increase of 781 over the 1940 figure. Population of Haskell county declined from 13,410 to 13,691 this year, a decline of 281 or 2 per cent.

The gain was also shown in the 1940 to 1950 period. The population of Haskell county in 1940 was 13,972, a decline from the 1930 figure of 14,253.

Census gives a total population of 1,239 as compared with 1,195 in 1940. Population of Haskell county increased from 611 in 1930 to 767 this year, a gain of 156. The preliminary figures indicate a decline of 281 from 13,972 to 13,691 in Haskell county.

The gain was also shown in the 1940 to 1950 period. The population of Haskell county in 1940 was 13,972, a decline from the 1930 figure of 14,253.

## Trio Arrested At Amarillo Admit Theft Here

Theft of automobile tubes, battery, and other accessories and about \$13 in money from the Bartlett Service Station in this city Thursday night of last week has been admitted by three men taken into custody by Amarillo police during the week-end Sheriff Bob Cousins said today.

The trio, Frank Holstin of Lubbock, Robert M. Chambers and Rudolph Holden of Amarillo, admitted the Haskell burglary in statements given Amarillo officers and a part of the loot taken in the burglary was found in their possession, Sheriff Cousins was advised. The men are also implicated in recent thefts at Lubbock, Denton and Deatur, Amarillo police said.

Entry to the Bartlett Station, located in the 100 block on North 1st St., was made by breaking a pane of glass in a window in the west side of the building. The theft is believed to have occurred after a hard rainstorm had struck Thursday night.

## Haskell 'Chicks' To Play Rochester In First Home Game

Baseball season will be ushered in Friday night at Fair Park Field when the Chicks—Haskell's newly organized baseball team—meet the Rochester team in a 9-inning tilt under new lights completed this week.

It will be a return engagement between the two teams, the Chicks having lost to Rochester 7-4 two weeks ago in that city. It should have been different, declare local fans, because the Chicks had the game on ice for the first seven frames with Moundsman Billy Davis pitching no-hit ball. A 7th inning rally by the Rochester aggregation changed the picture and the score however.

Manager Buford Cox of the Chicks, and Wallace Stark, team captain, said Thursday all players were in top shape for Friday night's game, first to be played on the newly conditioned Fair Park Field. Batteries for the Chicks will be either Billy Davis or Toliver on the mound and Jimmy White behind the plate.

The game will start promptly at 8:15 p. m.

## Facilities of TEC Available Here To Grain Farmers

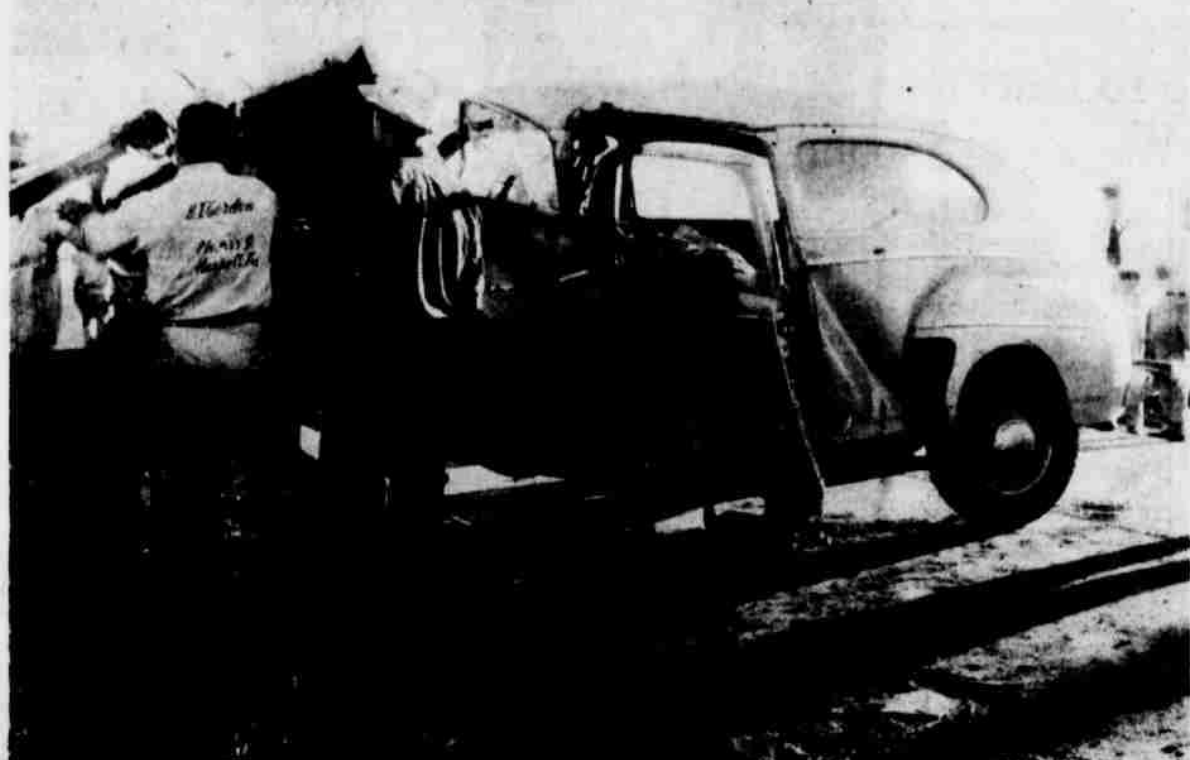

Facilities of the Texas Employment Commission are available to grain farmers and combine operators of Haskell county, in routing machines and available labor to areas of the county where needed.

Ralph E. Duncan, manager of the Haskell Chamber of Commerce, will represent the Commission in the Haskell area, and he invites farmers and combine owners to contact his office if he can be of any assistance during the harvest. They are asked to furnish a list of equipment, combines and trucks. This will enable him to route the equipment to farmers needing grain harvested.

Operators from out of town who are coming to this section are also asked to get in touch with the local TEC representative, who can advise concerning needs of local farmers.

## Rev. B. B. Crimm In Tent Meeting At Paducah

Rev. B. B. Crimm, widely known in this section is holding a tent meeting in Paducah, Texas. Next Tuesday night, June 6, he will celebrate his 37th anniversary in tent revivals. He is inviting all of his friends throughout this section to be in that service. In these 37 years, he has worked in 37 different states, has seen over 150,000 people saved and has the names and addresses of 535 persons who are now preaching and who have been converted under his ministry.

All four passengers in the two cars shown above were killed early Wednesday morning in a head-on collision four miles south of here. Two of the men killed—one from each vehicle—died almost instantly. The others died in the Haskell County Hospital without regaining consciousness. The accident occurred on a straight stretch of Highway 277. In the top photo is the 1946 Lincoln occupied by Jesse R. Warren of Graham and Thurman Milton Littlepage of Haskell. They were traveling south. (Photos by Bohm Studio).

## Four Killed In Early Dawn Crash Near Here Wednesday

### Rev. T. G. Craft New Methodist Pastor Here; Rev. Henderson Goes To Phillips

The Rev. T. G. Craft, pastor of the First Methodist Church at Muleshoe, Texas, for the past four years, was assigned to the pastorate of the First Methodist Church in this city and the Paint Creek Methodist Church at the annual Methodist Conference held in Big Spring last week-end.

The Rev. Vernon N. Henderson, pastor of the Haskell-Paint Creek churches for the past two years, was assigned to the First Methodist Church at Phillips, Texas, in the Perryton district. During his two-year tenure in the local pastorate, Rev. Henderson has been responsible for greatly strengthening Haskell and Paint Creek Churches, both spiritually and materially. Substantial increase in membership in both churches and Sunday School has been noted, and material improvements to church properties have been made. In addition to his work in the church, Rev. Henderson has been active in civic and community affairs, and in Scouting. He is an active member of the Lions Club, and is Haskell County chairman of Scouting in the Chisholm Trail Area Council.

An early morning automobile collision near here Wednesday snuffed out the lives of four persons in Haskell county's first fatal traffic accident of the year and the worst to occur in the county in recent years.

The head-on crash occurred on Highway 277 four miles south of Haskell about dawn Wednesday. The dead were Thurman Milton Littlepage, 23, of Haskell; Jesse Raymond Warren, about 42, of Graham; Billy Nicks, 20, of Route 2, Snyder, and Glenn Franklin Merritt, about 28, Snyder cafe owner.

Littlepage and Warren were in a 1946 Ford sedan owned and driven by Warren. Littlepage, son of Mr. and Mrs. J. A. Littlepage of Haskell, had been employed until recently in Graham and at the time of the fatal accident was on his way to Stamford where he had accepted another job.

Nick and Merritt were in a 1949 Lincoln believed driven by Merritt. Nicks was thrown clear of the car and killed instantly. Warren also died instantly. Merritt died at 7 a. m., approximately an hour after the accident, in the Haskell County Hospital here. Littlepage died at 7:45 a. m. in the same hospital, where the two had been rushed by a Holden ambulance.

Sheriff R. M. (Bob) Cousins of Haskell and Highway Patrolmen Roy Craft and Jerry Bright investigated the accident. The Sheriff was summoned by E. J. Jeter, employe of the state highway department whose home is 100 yards from the scene of the crash.

Jeter heard the crash and immediately notified Sheriff Cousins who called an ambulance from Haskell. He directed traffic at the scene until officers arrived and then assisted in removing the bodies.

Officers investigating the crash said the accident occurred on a clear straight stretch of the highway between Haskell and Stamford and there were no skid marks left by either vehicle.

The cars crashed head-on at high speed. Both vehicles were demolished, and wreckage was strewn in all directions from the crash. When the cars stopped, the Lincoln was facing slightly southwest, with the Ford jammed against its side, with the body of Warren pinned in the wreckage.

Relatives at Snyder disclosed that Merritt and Nicks were en route to Oklahoma City. Members of Nick's family were away on vacation. They were contacted late Wednesday at Bay City and were to return to Snyder Thursday. Bodies of both Snyder men were taken to that city Wednesday where funeral services were to be held.

Merritt, a resident of Snyder all his life, is survived by his parents, Mr. and Mrs. R. H. Merritt, Sr., of Snyder; his wife, three children; three brothers and two sisters.

Nick was the son of Mr. and Mrs. Clark Nicks of Snyder. He was not married. Four sisters also survive.

Warren, employe of an oil well drilling company at Graham, is survived by his wife and three children, Jesse Jr., Charlene and Sally. Funeral arrangements in that city was in charge of Morrison Funeral Home.

Bills For Haskell Man Today  
Funeral service for Mr. Littlepage was to be held at 4 p. m. today at the Assembly of God Church, with the pastor, Rev. C. U. McMullen officiating. Funeral arrangements were in charge of Holden Funeral Home, and burial was in Willow Cemetery.

Born June 24, 1926, he was the son of Mr. and Mrs. J. A. Littlepage of this city, and lived in Haskell county practically his entire lifetime. He was a veteran of World War II, serving in the infantry. He was a member of the Assembly of God Church.

Immediate survivors include his parents, four brothers, J. L. Littlepage of Mineral Wells, Edward Littlepage of Stamford, Doyle and Buford Littlepage of Graham; and two sisters, Mrs. T. L. Solomon and Mrs. Joyce Irene Campbell of Haskell.

## Postmaster Spain Addresses Old Glory Graduates

Taking as his theme "Opportunity's Challenge to the Youth of Today," Haskell Postmaster Harold Spain addressed the graduates of Old Glory High School at commencement exercises held Friday evening, May 26. He urged the graduates to take inventory of their future at this important milestone in life, and to adopt high goals in today's fast-moving world with its myriad opportunities in every field of endeavor.

Ten members of the 1950 Senior Class were presented diplomas by Allen Davis, president of the Old Glory School Board, and presentation of awards was by Supt. J. W. Norman.

Processional and recessional marches were played by Mrs. Iva Flowers, with Richard Ayers giving the invocation. Joan Druse-edow rendered a piano solo, Memories. The Key of Success to Juniors was presented by Amanda Jane Scoggin to Naomi Davis of the Junior Class.

Salutatorian address was by Barbara Ann Rinn, and Valedictory by Peggy Charline Letz. Benediction was given by Marvin Letz.

## Rainfall of 2.64 Inches Received Thursday, Friday

A hard rainstorm, accompanied by high winds and a severe electrical disturbance dumped almost two inches of rain on Haskell and surrounding area Thursday night within an hour, flooding streets for a time and bringing to a halt the harvest of small grain just getting underway.

Precipitation from Thursday night's downpour was gauged at 1.84 inches, and continuing rains at intervals Thursday night and Friday accounted for a total of 2.64 inches. Mrs. John B. Martin, local Government weather observer reported.

The driving rain and vivid electrical display resulted in several hundred telephone circuits being knocked out Thursday night, but no other extensive property damage was reported. All phones were back in operation before the week's end, said company officials.

The hard rain, which was general over the county, packed the ground over newly-planted cotton and a number of farmers will be compelled to replant their fields.

## Red Cross Learn to Swim Program Set June 12-24

The Learn-to-Swim program which will be held here June 12 to June 24 is being co-sponsored by the Haskell County Red Cross chapter, the Haskell Free Press and Jack Roten, manager of the local swimming pool. Currently authorized Red Cross instructors will give their services without charge; the Haskell Free Press is handling all the publicity and Mr. Roten is cooperating to the extent of letting the instructors use the pool without charge. The course will be free and open to everyone from six years of age up. Parents are urged to assist their children in completing the survey blank appearing in this issue. Registration will be held from 10:00 to 11:00 at the Red Cross office on June 1, 2 and 3.

The official Registration form appears on Page Two of this issue. Parents who desire their children to take advantage of the program should clip, fill out and return the printed form to the local Red Cross office this week.

RETURNERS FROM VETERANS HOSPITAL IN AMARILLO  
Bert Smith, well known automobile mechanic of this city, has returned from the Veterans Hospital in Amarillo, where he has been under treatment for the past few months. He is much improved in health, and plans to spend about a month or six weeks here before returning for a check-up.

## Wheat Harvest Gets Under Way; Nine Cars Shipped

Harvesting of the 1950 wheat crop in the Haskell territory is getting rapidly underway, following a lull caused by heavy week-end rains. At 10 o'clock Thursday morning, eight cars had been shipped out since the harvest was reported to make a total of 9 cars shipped from Haskell by rail this season. Porter Campbell, Wichita Valley freight agent reported. The initial car was shipped Wednesday of last week.

All of the wheat shipped from Haskell has been billed to Fort Worth grain concerns. Mr. Sadler reported. Shippers were Clifton Grain Company, 6 cars; Kimbell Elevator Co., 2 cars; Market Poultry & Egg Co., 1 car to date.

Five cars were being loaded out for shipment today, Mr. Sadler reported, and he expects the peak of the harvest to be reached by the middle of next week if favorable weather prevails.

In his pre-harvest estimate, Mr. Sadler figured that about 60 cars would be shipped from this point, but the yield is turning out above expectations of grain farmers and buyers, he said. Rail shipments of grain from Haskell may run between 80 and 90 cars loads this season, he believes.

Harvesting of grain was resumed in some scattered parts of the county Tuesday afternoon, and by Wednesday combines were humming in fields in all areas around Haskell, grain buyers reported. Fields are maturing rapidly, and quality of the grain is considerably above pre-harvest forecasts.

10-Year-Old Haskell Lad In Polio Ward Of Abilene Hospital  
Haskell County's first threat of poliomyelitis of the year developed this week, when Jimmy Bob, 10-year-old son of Mr. and Mrs. O. T. Williams of this city was admitted to Hendrick Memorial Hospital in Abilene Tuesday to undergo diagnosis for possible polio.

## Brothers Sentenced On Same Day In Two Courts

Court procedure in the 39th Judicial District moved swiftly Tuesday when three Fisher county brothers were assessed prison sentences in two separate courts in Kent and Stonewall counties with Judge Ben Charles Chapman of this city presiding.

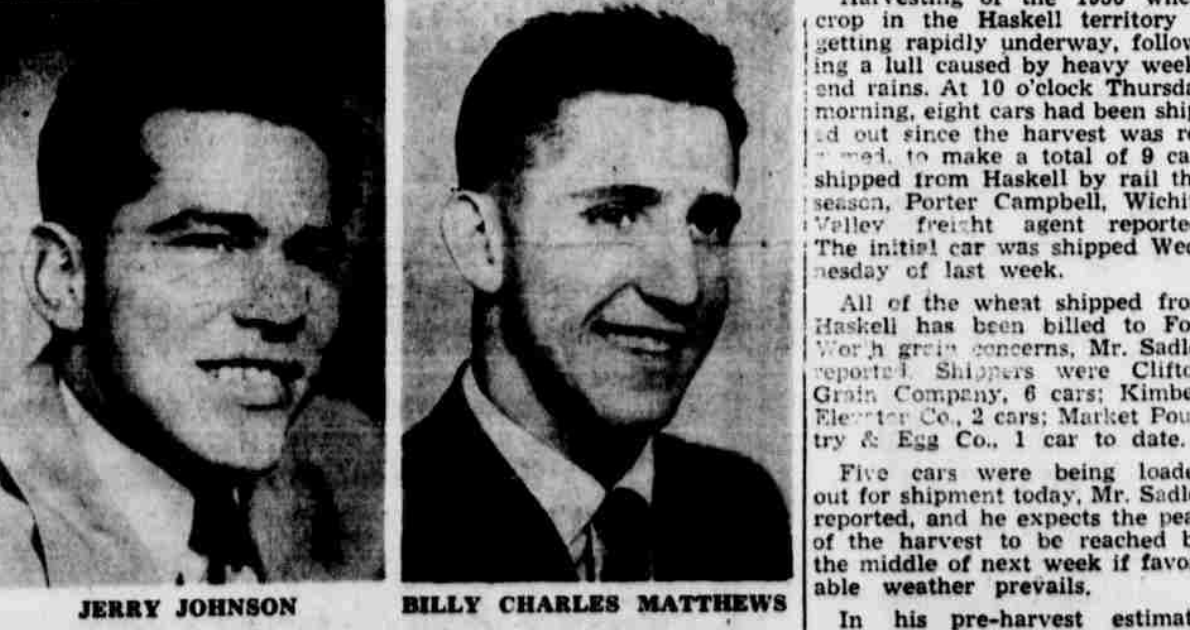

The sentences were given at Clairmont and Aspermont. District Attorney John H. Banks was State prosecutor in the cases against the three defendants and brothers.

A fourth member of the family joined the trio at Aspermont Tuesday and received a five-year probation sentence for cattle theft.

The three Doyle brothers, Robert 24, James 22, and Paul 26, pleaded guilty in 39th District Court at Clairmont Tuesday to charges of cattle theft.

Judge Chapman gave each of the brothers a two-year sentence in the state penitentiary. They admitted stealing cattle from Kent County Ranchers T. O. Solle and W. E. Shipp.

Later in the day the trio was carried to Aspermont where they were joined by the fourth brother, Clayton, 27, and the four pleaded guilty to theft of cattle in Stonewall County last December. Judge Chapman assessed two-year sentences against the three brothers, but gave Clayton a five-year probation sentence. Clayton was represented by his guardian, H. F. Grindstaff, Rotan attorney. The other three were represented by Clay Coggins, Roby and Rotan attorney.

## Two Haskell Youths Attend Red Cross Aquatic Training School In Marshall

Jerry Johnson and Billy Charles Matthews are attending the American National Red Cross Aquatic school at Marshall, Texas this week, as representatives of the Haskell County Red Cross chapter. The school provides short-time leadership training in skills and teaching methods for established Red Cross courses in swimming and diving, life saving, and water safety, first aid prevention. The instructors at the National Aquatic Schools are selected from the best known authorities and teachers in fields of aquatic and water sports. Many are outstanding teachers of physical education or coaches at universities. Another school of this kind will be held in Denton from August 13 through August 23 and any youth in Haskell County who is interested in attending may make application at the Red Cross office in Haskell or with Theron Cahill, Water Safety chairman, Ray Lusk, Accident Prevention chairman, or Goodson Sellers, chairman of First Aid.

Both of the boys who will represent this chapter have been active in water programs. Jerry received his training in Senior Life Saving in 1943 and assisted with the swimming activities in Haskell during the summers of 1944, 1945 and 1946. He received his instructor's card at the National Red Cross Aquatic School in San Marcos, Texas in 1946 and in 1947 and 1948, he taught life saving, diving, and swimming here. A graduate of Haskell High School, Jerry attended North Texas Agricultural College in Arlington one year and he is enrolling at North Texas State Teachers College in Denton this summer.

## Boys Judging Win At

county 4-H judging a good record at the tests held Tuesday at the

on Bible Scheduled Baptist

on Bible School of Baptist Church will be on Saturday, June 3rd preparation Day and a service will close June 10 at 8 p. m. morning. Boys and girls of 3 through 12 are invited to attend. A group of workers have been organized to teach the Bible, and refreshments will be served. Lackey is serving as the school.

### M. C. Cox, Retired Rule Farmer, Dies Sunday Afternoon

M. C. Cox, 87, of Rule, died Sunday afternoon in the Haskell County Hospital. He had been a patient there since breaking a rib Friday in a fall at his home in Rule.

Funeral for the long-time Haskell county resident and retired farmer was held Monday at 4 p. m. in the Rule Methodist Church. The pastor, the Rev. J. B. Baker, officiated. Burial was in the Pinkerton Cemetery under direction of the Gauntt Funeral Home, Rule.

Mr. Cox came to Haskell county in 1915.

Surviving are three sons, Clifford and Arthur, both of Old Glory; and Ayres Cox of O'Brien; one daughter, Mrs. Bradley of Rule; ten grandchildren and one great-grandchild.

### Haskell Delegation Attends State Demo Rally In Austin; Well Impressed With Vice President Alben Barkley

A sizeable group of Haskell Democrats returned home the first of the week from Austin, where they took part Saturday night in the Jefferson-Jackson Day Democratic rally at which Vice President Alben Barkley made the principal address.

They heard the Kentuckian make a fighting party speech, saw his bride, and enjoyed, with more than 2000 other Democrats, a well cooked, well-served dinner. It was the first time most, if not all of them, had seen their vice president and they came away with the feeling that he is a man and an official of which the party and the country can be proud.

Speaker Sam Rayburn, Senators Lyndon Johnson, Governor Allan Shivers and half dozen members of the Texas Delegation attended. In his speech, Barkley praised the Democratic legislative record from Grover Cleveland to Harry S. Truman. Barkley paraded "this great record of progressive legislation and administration" but observed that war had interrupted

the party's "domestic program of rehabilitation." And he noted the heavy burdens of the cold war.

Nevertheless, he said, "we have enjoyed a prosperity which is unequalled in any period of our history."

"Republican mouthpieces claim we are on the road to bankruptcy and we are on the last mile toward the police state," he said adding:

"No nation is on its road to bankruptcy whose people enjoy a national income of \$220 billion a year . . . which in one year produced \$250 billion worth of goods for which it finds a ready market . . . which has more than \$100 billion of savings . . . which finds 60 million people employed at higher wages than ever before."

In the Haskell delegation attending the State rally were Mayor Courtney Hunt, Democratic committeeman from the 24th Senatorial district; W. P. Trice, J. M. Crawford, Miss Kathleen Crawford, John A. Couch, Olen Dotson. Also accompanying the Haskell group were A. H. Wair of Graham, formerly Haskell city official and businessman, and Cecil Lotief of Rotan, widely known West Texas Democratic leader.

Before the pressure cooker is used it should be cleaned and checked. Be sure the pressure gauge is registering correctly and the safety valve is working.

### LOVELY VIEW!

This attractive sunbather finds a lovely ocean view from her vantage point atop a big rock. She is temporarily shielded from the sun by her cotton terry cloth jacket that is designed to be worn over wet bathing suits or beach clothes. The terry cloth shortie was designed by Rose Marie Reid.

### Brother of Haskell Man Killed In Car Accident At Rotan

Funeral services for James E. Edwards, 20, young Rotan farmer and brother of Haskell Edwards of this city, were conducted at 4 p. m. Sunday in the First Baptist Church at Rotan.

The young farmer was the victim of a highway accident west of Rotan early Saturday morning. Edwards was fatally injured while riding in a car with nightwatchman T. J. Edwards of Rotan when the car crashed into a culvert on a farm-to-market highway to Hobbs. The two men are no relation, the younger Edwards having

in the northern areas would legally travel southward to enjoy a prolonged gunning period within their own state. The Commission may recommend and suggest but the final decision is up to the Federal authorities.

accompanied the nightwatchman to check a second car which was believed to have been speeding.

James Edwards, son of Mr. and Mrs. W. F. Edwards, was born Sept. 10, 1929 in the Wright community of Stonewall County. He was a graduate of Rotan High School and attended San Angelo Junior College. A Navy veteran, he had recently been farming on some of the family land in the Wright area.

Survivors include his mother; five brothers, Buddy, Roy, and S. E. Edwards of Rotan; Haskell Edwards of Haskell; and Lee Rasmussen of Pampa; ten sisters, Mrs. Willie Dean Ashley, Mrs. Zena Odum and Mrs. Tom Hill, all of Odessa; Mrs. Allen Nelson, Abilene; Mrs. Jim Odum, Amarillo; Mrs. Willard Denton, Mrs. Lora Hammit and Mrs. Hallie Kolb, all of Rotan; Mrs. Veta Dennis, Sweetwater; and Mrs. Hazel Chester of Washington state.

How many people do you know that still cling to the old-fashioned idea that the sooner children catch the so-called diseases of childhood, the better off they will be?

### RED CROSS Learn To Swim & Life Saving

In order to provide the information needed to organize a community Learn To Swim Program, your cooperation in completing this questionnaire will be appreciated. Bring it to the Red Cross when you register on June 1, 2 or 3.

1. Can you swim any distance? How far? summer?
2. Would you like to enroll in a FREE Instructional class?
3. If you can swim, would you like to learn to swim?
4. If you can swim 200 yards, would you like to learn to swim?
5. Would you be willing to take a Physical Examination?
6. Name Age Street Address
7. I, we, have studied the above survey. We give permission for our child to take part in a Life Saving Class.

**QUALIFIED BY EXPERIENCE**

### Studies Being Made To Determine Best Time for Migratory Waterfowl Shooting

Helping arrange shooting dates so that migratory waterfowl hunters in the sprawling state of Texas may get a fair break this fall has been undertaken by the Game, Fish and Oyster Commission. In the matter of when to shoot ducks, geese, and quail, the Commission functions merely in an advisory capacity. This is because the final decision is made by the United States Fish and Wildlife Service.

The Commission, through action at its recent meeting at Pampa, already has asked the Federal authorities to cut Texas into two zones to the season in the Panhandle and extreme West Texas might run concurrently with surrounding areas of Oklahoma and New Mexico, thus providing for an earlier shooting season than the state at large. Later open season dates are preferable in the more southerly sections of Texas since the waterfowl reach those areas later. For the main part of the state, the Commission has suggested

shooting period beginning November 10. In 1949, Texas duck and goose gunners hunted from November 4 to November 21 and then from December 21 to January 7.

Bag limits also would be changed to provide for eight birds a day or the same number in possession. Game Department field men have observed some tendency by hunters to kill more than the bag limit when the daily limit is only four birds leaving less desirable species to waste where they fall. Thus, waste would be eliminated through a higher daily limit since the proposed possession limit would be unchanged. Similar problems involve the suggested zoning plan to accommodate the Panhandle sportsmen. Texas, although as large as two or three ordinary states, has never been zoned for waterfowl. Perhaps one reason is that, with the season in the northern extremity of the state opened two or three weeks earlier than that in the state at large, runners from the southern area would move in to share in the earlier season, and the hunters

Haskell County National Farm Loan Association Pays 5 Per Cent Dividend

Upon meeting a borrower through the Haskell County National Farm Loan Association as he was on his way to the local bank to cash a dividend check just received through the mails which check was for a 5 per cent dividend on Association stock owned by him, he made the following remark: "Well, well, it is mighty nice to get dividends each year from your association on the debt I owe to the Federal Land Bank on my land. I have been a member of the Haskell County National Farm Loan Association for more than 25 years and have received many dividends usually one each year and I want you to know that I appreciate the service rendered by your association here in Haskell and the Federal Land Bank of Houston, Texas.

Your organization is really worth a great deal more to the farmers of this section than most people realize. I am able and could pay my loan at any date, but as the interests I pay after deducting my dividend is only about 3.29 per cent and I feel that your organization is saving many thousands of dollars in interest to the farmers of this section every year and assisting farmers to own homes, build houses, at the long term and low rates of interest, I naturally feel just a little proud that I am one of your borrowers and am glad to keep my loan in force that I may be called one of your borrowers from the Haskell County National Farm Loan Association and I expect to buy another farm and make another loan that I may continue as a member of your fine organization. You may refer any prospect to me and I will be glad to recommend a Federal Land Bank Loan above all others."

This statement is one of the many similar statements from borrowers through the Haskell County National Farm Loan Association, as well as many others who have paid out their homes and built nice improvements with Federal Land Bank loans.

During the 32 years operation of the Haskell County National Farm Loan Association it had made approximately 5000 loans and it has been necessary to foreclose on only ten farms, and not one dollar loss on these ten farms or on any other farm on which we have made loans.

Out of the 149 National Farm Loan Associations operating in Texas, this the Haskell County National Farm Loan Association is one of the 32 that had a perfect collecting record as of March 31, 1950. Which means that we

did not have a single delinquent at that date. This record speaks well for our borrowers, operating their own National Farm Loan Association for a period of 32 years without having a single loss, on any loan. Notwithstanding the fact we have had two major and one minor depressions during that time, with some drouths added.

Financial Statement following will show that you have built up a substantial surplus after paying all operating expenses, setting aside some reserve and paying dividends.

A Federal Land Bank Loan can be paid on any business day in the year without paying any extra interest or bonus. All abstracts owned by the borrowers are kept in the local office and are available to the borrowers at any time. If subordinations—partial releases are needed your secretary will be glad to assist you in getting same with no expense for his services. When your loan is paid in full no charge is made for release.

Ruby Smith, Assit. Sec.-Treas. W. H. McCandless, Sec.-Treas.

Farmers Advised To File For Cotton Classing Benefits

As soon as you have planted cotton, file your application for the benefits you receive under the Smith-Doxey Act.

That's what local farmers were urged to do today by H. J. Matejowski, who is in charge of the Abilene cotton classing office, Production and Marketing Administration, U. S. Department of Agriculture.

Under the Smith-Doxey Act, farmers belonging to organized cotton improvement groups can get their cotton classed by USDA without cost. Also, they are eligible for USDA market news service.

Applications for these services may be secured at the Abilene cotton office, local gins, and county PMA offices; also from county agricultural agents.

Applications should be mailed at once to P. O. Box 2001, Abilene, Texas.

Farm Safety Week Influence Shown In State Action

Needless deaths and injuries from accidents to farm people have become reduced, and farming has become a safer, happier and more prosperous way of life since National Farm Safety Week was conceived in 1944 by the National Safety Council.

Reports to the Council from Kansas, Ohio and Wisconsin show a definite and consistent downward trend in the number of accidents among farm residents since the beginning of the week's annual observance. No adequate reporting plans have been set up as yet in other states.

Twenty-two states now have permanent, year-round farm safety committees which include National Farm Safety Week among their activities. The remaining states have set up temporary

committees to promote the week's program.

Nevertheless, on the basis of past records, the National Safety Council says these things will happen before the observance of National Farm Safety Week next year unless farm residents learn and obey farm safety rules during the next 12 months.

One out of every 17 farm persons will suffer a disabling injury as the result of an accident. Accidental death will occur in one out of every 380 families. Accidents will kill an average of 48 farm residents every single day.

A disabling injury will strike some farm person every 19 seconds during the year. The total cost of accidents affecting farm people—including fire and motor vehicle property damage—will be approximately \$1,000,000 during the next 12 months. Each farm resident's average share of that amount will be \$35.00.

Put pep in the pocket-book by putting profitable want ads on the job.

Rev. Copeland Is Now Pastor Vera Baptist Church

In a letter from Rev. Copeland, former pastor of the Weibert Baptist Church, Rev. Copeland states that he and his family are now located at Vera, Texas where he is pastor of the Vera Baptist Church where he held a pastorate for seven years before going to Weibert, located at Vera where he is well pleased in their new home, and that they are living in a modern pastor's home and have a good church building with basement and Sunday School annex and a fine lot of people to work with. "We still have a warm spot in our hearts for the fine people of Haskell county, and are burning no bridges behind us," Rev. Copeland added.

Wednesday, 7:00 P. M., Prayer Service.  
Friday, 7:00 P. M. Choir Practice and Teachers' Meeting.

## Maj. Barricklow Attends Logex-50 At Ft. Belvoir

Major William R. Barricklow, 40, of 405 Hamilton Ave., Col. Heights, Petersburg, Virginia, is attending LOGEX-50, 1950 version of the Army's annual exercise in logistics now under way at Fort Belvoir, Va. Play of the problems opened at noon today and will continue through Friday, May 28.

More than 2300 participants representing 22 agencies of the Armed Forces, are engaged in an intensive review of that branch of the military art which embraces the details of military

movement, supply and evacuation. Taking the form of a map maneuver, the exercise involves the support of an army and a tactical air force by a logistical command. The logistical command is a postwar concept of an organization of a theater of operations in support of the combat elements. Logistical commands exist today only on training units in the reserve component. Derivation of new doctrine respecting the use and composition of such units is one of the more important by-products expected from the maneuver.

Major Barricklow, currently enrolled in the Advanced Officers Course of the Quartermasters School at Fort Lee, Va., was born in Muskogee, Oklahoma in January of 1910 and is a graduate of Brackenridge High School at San Antonio, Texas. He also attended the University of Oklahoma, Texas A. & M. College, University of Texas, and the University of Maryland. The Major is a veteran of 51 months overseas service. Mrs. Barricklow is the former Katherine Smith, daughter of Mr. and Mrs. Jesse B. Smith of Haskell.

#### ASSEMBLY OF GOD CHURCH

400 South Avenue E.

C. U. McMullen, Pastor

9:45 Sunday School.  
11:00 Worship and Sermon.  
6:30 Young People's Service.  
7:30 Evangelistic Service.  
Monday, 2:30, Women's Missionary Council.  
Wednesday, 7:30, Prayer Meeting.  
Saturday, 7:30, Young Peoples Evangelistic Service.

#### VISITING IN BIG SPRING

Miss Janice McKelvain is spending the week in Big Spring visiting with her sister, Mrs. C. P. Speer.

## Homemakers Advised To Clean, Check Pressure Cookers and Other Canning Equipment Before Using

It's the time of the year. The season when many homemakers will be using the pressure cooker and the water bath canner to preserve the fine fruits and vegetables that have been produced in the home orchard and garden. Before canning equipment is put to use, Mrs. Vee J. Howle, county Home Demonstration agent, says it should all be cleaned and checked to make sure everything is working properly.

The pressure cooker should be washed in hot soapy water and then rinsed well. She says the lid of the cooker should not be immersed in water because the water will likely ruin the face of the pressure gauge. Check the pressure gauge for accuracy with a master gauge tester. Using an inaccurate gauge will mean either over or under processed products, she adds.

Water or food should never be left in the cooker. Aluminum is a porous metal and absorbs flavors and odors. She points out that a pressure cooker should never be used until the safety valve has been checked and cleaned. Serious

accidents can result from stuck safety valves. All parts of the valve should be kept shining and clean. If the spring on the safety valve is weak, replace it with a new spring. They are inexpensive. She says it is best to can about what the family will consume between the growing seasons. This will vary with families and individuals but here is a suggestion: 22 quarts of green and yellow vegetables along with the same number of quarts of other vegetables plus an additional five quarts of pickles and relishes for each member of the family.

The canned products should be stored in a clean, cool, dark and dry place. She points out here that the food value of canned products tend to decline in storage and this is particularly true when the storage conditions are not good. She says small quantities of vegetables may be canned in a pressure sauce pan and that you can get information on how to do this from your local home demonstration agent as well as any other information that you might need on home canning.

## Humble sure rang the bell with Esso Extra motor oil

Thank you, sir; other users of Esso Extra motor oil confirm that statement.

Thousands of Texas motorists have changed to the extra protection of Esso Extra motor oil. Their demand for Esso Extra's unique cleaning, cooling and lubricating qualities recommend Esso Extra to you. . . It is, in fact, the best motor oil you can buy—the only motor oil that combines detergent-dispersive action with superior wetting ability, anti-oxidizing quality and highest viscosity index. Use an oil that users recommend. Drain and refill with the out-standing new motor oil of the post-war years . . . Humble Oil & Refining Co.

Mrs. Wm. P. Ratliff Entertains Members Of Mae Fields Class

Mrs. William P. Ratliff was hostess at a supper Thursday evening for the Mae Fields Bible

class of the First Christian Church. After a delicious meal of rice chicken, salad, Brussels sprouts, cranberry sauce, olives, hot rolls and individual pineapple pies the class enjoyed a social hour and a short business meeting.

Those enjoying this occasion were Mmes. Frankie Atkinson, Beulah Ratliff, Madeline Hunt, Louise Neeley, Dovie Pate, Ione Menefee, Sylvia Ratliff, Elberta Gilmore, Edith Lanston, Bertha Pelene, Nina Collins, Yettie Meadors, Nell Royall and hostess, Margaret Ratliff. Btreah

Pansy Moore Harris Named Honoree At Social Hour

Members of the Jewelers Club met for a social hour Monday night in the home of the president, Mary Beth Payne, naming Pansy Moore Harris as honoree of the occasion. "Chieftains," High School Annuals were signed and summer events discussed.

Gifts in crystal to the honoree from the club were presented by Virginia Frierson and Mary Beth Payne.

Guests were invited into the dining room where a refreshment table was laid. A miniature bride and groom formed an attractive centerpiece and blue birds with the inscription "Happiness—Henry and Pansy" were used as favors. Cookies in colors used in the honoree's recent wedding were served with punch to the following: Bobbie Ann Herren, Nancy Burton, Patsy Brite, Sue Busby, Rose Ann Johnson, Dorothy Fouts, Lula Fay Free, Jane Weaver, Patsy Toliver, Mary Glass, Carolyn Henshaw, Virginia Frierson, Mary Beth Payne, the honoree, Pansy Moore Harris, and Mrs. E. M. Frierson, sponsor.

Buffet Dinner In Gene Overton Home Honors L. W. Jones

Honoring her father, Lennis W. Jones of Rule on his 60th birthday, Mr. and Mrs. Gene Overton entertained with a buffet dinner at their home south of Haskell on Sunday, May 21.

Mr. Jones' three children, his stepmother and all of his brothers and sisters and families were there to surprise him. After dinner the guests enjoyed looking through family albums and pictures of themselves as children. Movies and snapshots were made too.

Those present were Mr. and Mrs. L. W. Jones, Jr., and daughters, Judy and Nan of Rule; Mr. and Mrs. Charles McBeath of Amarillo; Mrs. J. L. Jones of Big Spring; Mr. and Mrs. Chester L. Jones and daughter, Mrs. Wylie Kinard and grandchildren, David and Margaret Kinard, of Colorado City; Mr. and Mrs. J. A. Anderson of Abilene; Mrs. Bill Hills and daughter, Nancy, of Denton; Mr. and Mrs. Winford Cole and son, Ford of Rule; Mr. and Mrs. Foster L. Jones of Rule, the honoree and wife of Rule and the hostess and host, and sons, William, Wallar and Miss of Haskell.

NEWS OF INTEREST TO WOMEN

MR. AND MRS. KENDELL HENDERSON

Pictured are Mr. and Mrs. Kendell Henderson as they prepared to cut their wedding cake at a reception which followed the ceremony uniting the couple May 22 in the home of the bride's parents, Mr. and Mrs. Gaston Hattox. The date also was the 20th anniversary of the wedding of Mr. and Mrs. Hattox. Mr. and Mrs. Henderson will make their home in Snyder. (Photo by Blohm Studio).

Wins Couch Award

Mary Jo Jones, member of the graduating class of 1950, was presented with the R. C. Couch Award by S. H. Vaughter at the graduating exercises. The Couch Award is an annual award of \$100 given by Mr. Couch to the most talented person in the Senior Class as selected by the faculty. This person must use the money to further their talent. Mary Jo plays the piano, organ, and has a music class. She is the daughter of Rev. and Mrs. Jess Jones.

Bobbie Ann Herren, HHS Annual Queen, Is Party Honoree

Miss Bobbie Ann Herren, 1950 Haskell High School Annual Queen, was complimented Saturday morning, May 20 at 9:30 with a "coke" party in the home of Mrs. John H. Banks.

Miss Herren met each guest at the door with a corsage of sweet peas and then asked each guest to sign her name in the guest book made in the form of Bobbie Ann's silhouette with her name and color of the high school colors, black and gold.

The hostess invited the guests to the dining room for a "coke" party. A table covered with a white cloth and set with a white tablecloth and white dishes was set for the party. The table was set with a white tablecloth and white dishes. The table was set with a white tablecloth and white dishes.

The guests were school mates of Miss Herren and instructors: Miss Nancy Burton, Mary Beth Payne, Mary Elizabeth Glass, Virginia Frierson, Dorothy Fouts, Nelda Vaughter, Bettie Clifton, Nannette Weaver, Ann Harrison, Nancy Kate Free, Jane Weaver, Patsy Brite, Pat Toliver.

Breakfast In W. A. Lyles Home Honors Recent Bride

On Tuesday morning, May 23, at eight o'clock, Mrs. W. A. Lyles and Mrs. E. M. Frierson honored Pansy Moore Harris, recent bride with a breakfast in the Lyles home. Silver bordered cards with a pansy and a wish for the bride were used as place cards. The hostesses presented the honoree with a lovely gift in her chosen China pattern, after which coffee, pecan rolls and nuts were served to:

Pansy Moore Harris, Mary Beth Payne, Nancy Burton, Nancy Free, Patsy Brite, Patsy Toliver, Mary Elizabeth Glass, Bobbie Ann Herren, Dorothy Fouts, Carolyn Henshaw, Virginia Frierson, Jane Weaver, and Lula Fay Free.

Willing Workers HD Club Has Health Program Thursday

The Willing Workers H. D. Club of Jud met Thursday, May 25, at 2:30 p. m. at the school house with Mrs. Cecil Jetton as hostess.

Mr. Joe Mathis led the group in singing "Home on the Range."

Mrs. H. B. Yarbrough discussed the Easy Way to Good Looks as found in a magazine article by Virginia Brown. Miss Brown states "Anyone who eats right will lose those pounds of overweight and those underweight will pick up where it does the most good. Bumpy skin will clear up, nailbiters stop biting, hair grow glossy and greater energy will be displayed. If you get the habit of eating the right things, the wrong things don't appeal to you. Vegetables cooked a few minutes in a tiny bit of water in a well-covered pan, so that the steam does most of the cooking, turned out to be better tasting. It all adds up to better looks," concluded Mrs. Yarbrough.

Mrs. D. N. Powell discussed Americans Are Gambling with Their Health, as found in a family nutrition study made by the Pennsylvania State College and the Appliance Division of the Westinghouse Electric Corporation. Two startling facts were revealed: (1) Many Americans are jeopardizing their present and future health by improper eating habits. (2) A definite improvement in the physical well-being of whole families can be brought about by proper menu planning, food selection, food storage and food preparation. Adult men made a better showing than adult women at the start of the study in everything except vitamin C, such as raw salads. Proper foods properly cooked caused participants to feel better, look better, were less irritated, less fatigued and had fewer colds. "Better meals means less work, more enjoyment and money saved," concluded Mr. Powell.

A round table discussion on Points I Like and Dislike about the 1950 Yearbooks was had and notes were taken to be handed in to the Yearbook committee at the June council meeting.

Refreshments of oatmeal and cookies, cheese Ritz crackers and grape punch were served by the hostess.

Mrs. Henry Downey directed recreational game. Pal gifts were exchanged.

Three members are entering the Women's County Dress Review.

Put pep in the pocket-book by putting profitable want ads on the job.

Miss Margie Drinnon, Bride-Elect, Is Honoree at Gift Tea In Reding Home

To compliment Margie Geneva Drinnon, bride-elect of Lavid Robertson Mrs. J. H. Reding entertained with a gift tea Wednesday afternoon at her home with Mrs. Mancel Robertson, Mrs. Bertha Kregger, Mrs. Alfred Turnbow, Mrs. J. W. Aycock, Mrs. G. B. Therwanger, Mrs. Ervin Puschel, Mrs. Robert Dumas, Mrs. Ray Lancaster, Mrs. Jimmie Cox, Mrs. C. A. Thomas, Mrs. R. W. Turnbow and Mrs. Edd Honea, hostesses.

Miss Drinnon is the daughter of Mr. and Mrs. Robert Drinnon. The bridegroom is the son of the late Mr. and Mrs. A. C. Robertson. The wedding ceremony will be read June 4th at the Curry Chapel Baptist Church.

Mrs. Reding greeted arriving guests and presented them to the honoree, her mother and the bridegrooms sister, Mrs. Burl Darnell.

Miss Geneva Joe Brown of Stamford ladeled punch, Miss Lailie Toliver, cousin of the bride, who will be her only attendant, and Mrs. Jimmie Cox also assisted at the bride's table, which was laid with a lace table cloth center arrangements was white satin bride slipper standing in front of a bouquet of white gladiolus reflected on a mirror. Plate favors were miniature white satin slippers tied in front of a cellophane bag of blue with "Geneva and Punk" June 4th printed on them.

Miss Joyce Mandy Felling presided and registered guests in the bride's book.

Guests included: Mmes. J. P. Perrin, J. L. Toliver, Sr., Marion Josselet, Estell Gilleland, V. P. Terrell, Joel Massey, Herman Josselet, Melvin Josselet, Senia Ammons, J. L. ### Black Indians Blast Mineral Wells 10-2; Play Spur Sunday

The Haskell Black Indians defeated the Mineral Wells Tigers last Sunday by a score of 10 to 2. The Indians went on a hitting rampage and drove their opponents starting moundman from the hill in the 6th inning. Jones going to the showers and Woosley finishing the game. He managed to keep the Indians in check until the 8th when they bunched three hits along with a base on balls for three more runs. The hitting star in the Indian lineup was Broadway, the Indian's second baseman with 4 singles and a walk for a perfect day at the plate.

The Indians will go to Spur Sunday for a game with the Bulldogs.

### Mr. and Mrs. Jack Merchant Observe 50th Wedding Anniversary On May 24th

The golden wedding anniversary of an English girl who married a young Texas farmer in California 50 years ago was observed Wednesday, May 24 by Mr. and Mrs. Jack Merchant at their home, 506 South Ave. G. in this city.

Commemorating the occasion, an open house was held in the Merchant home Wednesday from 2:30 until 5:30 p. m., when thirty-three friends and neighbors called in addition to children and grandchildren of the couple.

Attractive floral decorations in the home for the event were carnations, roses and greenery. Anniversary cake was served. Guests who called during the afternoon, for the occasion, Mr. and Mrs. Merchant wore their wedding clothes of 50 years ago, the bride costume being white or gandy over white taffeta.

In addition to friend who called, other guests included a son and family, Mr. and Mrs. John Horton Merchant and children, Jerry and David of Arroyo; Clement Merchant, a grandson, of Canyon; and Jane Merchant a grand-daughter, who is on the staff of Northwest Hospital, Amarillo. After attending the anniversary event, Mr. and Mrs. Horton Merchant and children were to sail May 31 on a three months tour of Europe. Two other sons of the couple, Cecil H. Merchant of Grandprairie and Max W. Merchant of Canyon, Texas, were unable to be present for the occasion.

Mrs. Merchant was born in Liverpool, England, coming to the United States and the state of California in 1895. The couple married on May 24, 1900, at the First Baptist Church in Redlands, Calif., with the Rev. D. J. Harper performing the ceremony. Mr. Merchant is a native of Texas, born in Milam County.

Mr. and Mrs. Merchant have lived in Haskell County since 1908, and he was engaged in farming until they moved to Haskell eight years ago to make their home.

### Vaccination Advised Against Whooping Cough

Take whooping cough, for example. Isn't it ridiculous for children to have to suffer with it when it may be prevented by simple vaccination?

Whooping cough goes by the scientific name of pertussis. Regardless of what you call it, it still means violent, painful wracking coughing that takes the breath and tears at the chest and throat walls.

Pertussis is prevalent among children everywhere. About 15 out of every 100 cases are in children under two. North America, from time to time, seems to have more than its fair share of cases.

Sometimes it's fatal, especially to very small children. About 85 out of every 100 whooping cough deaths are among two-year olds and less. And, strangely enough, most deaths are among girls. In 1949 Texas had 46 whooping cough deaths. So far in 1950 and average of 323 cases have been reported every week.

Whooping cough is spread through droplet infection—that is, by breathing air contaminated by a sneeze or cough of an infected person. You can get it from using the personal things of an infected person, too. It is communicable from about 7 days after exposure until three weeks after the coughing starts.

The important thing about whooping cough is that vaccination may protect against it. It's the only thing that will protect an unvaccinated child who gets the disease he will thereafter have what is called a "definite and prolonged immunity."

### Protection of Farm Buildings Against Lightning Advised

Early summer weather in Texas is often characterized by violent electrical storms. These storms emphasize the necessity for lightning protection, says W. S. Allen, extension agricultural engineer-buildings of Texas A. & M. College.

He says that farm property losses from lightning average about \$10 million per year to say nothing of the estimated 400 lives lost and the 800 to 1000 rural people who are injured each year by lightning. Something can be done to prevent these losses.

Allen points out that lightning rods, when properly installed and maintained, will give practically complete protection to buildings against damage from lightning. He recommends that the installation of rods be done in accordance with the National Code for Protection against Lightning.

He says it is very important that all metal bodies inside buildings be grounded and bonded together to prevent electricity from jumping from one body to another. The metal tracks for feed carriers, feed or hay elevators and the heavy hardware on barn doors should always be grounded and tied into the lightning rod protection system on the barn.

A metal roof, electrically bonded, properly grounded, and provided with air terminals to protect chimneys or other non-metallic projections, usually gives satisfactory protection. He says the metal roof will give little or no protection unless it is grounded and bonded and here again he says do the job according to the National Code.

If you have lightning rods on the farm buildings, he suggests that you give them a periodic check to be sure they'll perform their duty should need arise. If you plan to install rods, be sure they are installed according to the National Code. It means you have got a good job.

Penny for penny, potatoes have more energy giving value than any other vegetable. When eaten daily, potatoes supply as much as one-fourth of the vitamin C quota as well as starch and some of the important minerals.

Forty-Five Home Demonstration Club Women Model Dresses In Annual Style Revue Held Here Saturday

By VEE J. Howie County Home Demonstration Agent

"Cotton for Spring" was the theme of the Haskell County Home Demonstration Dress Revue held Saturday, May 27th, at the Haskell High School auditorium. Approximately 150 attended this achievement event.

year There are 13 Home Demonstration clubs in Haskell county, and 12 were represented in the Revue.

In the Better Dress division, Mrs. T. C. Bevil was awarded first prize, a button hoemaker, for her two-piece, tucked chambray worn with brown and white accessories. Mrs. Ira Townsend won second and a pair of pinking shears on her mauve colored cotton broadcloth and navy and white accessories.

In the House Dress division, Mrs. Arthur Knippling won first place with her pastel plaid gingham dress. Another simple dress suitable for house wear was a pastel stripe made and modeled by Mrs. Delbert LeFevre, as second place winner.

kirt marker as prizes for the highest scores.

In the Play clothes divisions Mrs. H. H. Hines won first place with a pink and gray striped seersucker sun-back dress and jacket. Her prize was a sewing kit. A skirt marker was awarded Mrs. John Grindstaff as second high scorer with a light green chambray with a button-on collar.

The prizes were donated by the Haskell County Commissioners' Court and the Central West Texas Fair Association. Miss Hodge pinned ribbons on the nine highest scores.

The prizes were displayed on a table in the auditorium. Each of the 45 contestants received a small purse-size sewing kit.

Mrs. Carrol Dean Bledsoe of Haskell was the commentator of the County Revue. Mrs. Clyde Bland, as chairman of the Dress Revue committee introduced the winners of the 4-H Dress Revue and the County Home Demonstration officers. Baskets of daisies flanked the arrangement of new and colorful spring cottons as a background in the stage.

Future Homemakers of Weinert, Haskell, And Paint Creek Will Attend Summer Camp At Buffalo Gap Next Week

The Haskell, Paint Creek, and Weinert chapters of the Future Homemakers will have a number of girls from each chapter attending summer camp at the State Park near Buffalo Gap on the 5, 6 and 7th of June.

Swimming, baseball, stunt night, bingo, and various other means of entertainment have been planned by the girls.

Expenses for the three days are not to exceed \$5.00. Miss Lucille Watson, Mrs. R. L. Foote, and Miss Irene Havarann, home-making teachers will accompany the girls.

SPEND SUNDAY IN WACO

Mr. and Mrs. R. L. Burton and daughter Nancy, and Miss Mary Beth Payne were in Waco Sunday attending the closing exercises of Baylor University.

Cotton Provides Jobs For Europe

Probably no other single commodity has contributed more to Western European employment than cotton, ECA officials reported as the European Recovery Program passed its second anniversary recently.

As one of the leading industries in ECA countries, cotton textiles now gives employment to at least five million people, they said.

Cotton ranks third among the commodities shipped under the Marshall Plan, accounting for approximately 11 per cent of the total dollars approved by ECA. In dollar value, ECA cotton is valued at 964 million dollars.

Potatoes Rate High In Energy Giving Food Value

"Please pass the potatoes" is a phrase heard at many a dinner table every day. And there's a reason for it.

Penny for penny, potatoes have more energy giving value than any other vegetable. When eaten daily, potatoes supply as much as one-fourth of the vitamin C quota as well as starch and some of the important minerals.

"If you are watching calories and your waistline, sa yextension foods and nutrition specialist of Texas A. & M. College System, "Don't avoid potatoes, but watch what you add to them. Use less butter, gravy or cream sauce. Potatoes are no more fattening than many other foods. For instance, there are just as many calories in an apple or banana as there is in one medium-sized potato—and a potato has only one third as many calories as a piece of two-crust berry pie."

The specialists suggest that potatoes be cooked in their jackets, whether they are to be creamed, mashed or hash browned, in order to retain the vitamins and minerals. If peeled, peel very thinly and go easy on the water in the pot. The more water used, the more nutrients lost. And don't soak potatoes before cooking.

"Look in your favorite cookbook and you are sure to find interesting and unusual ways of preparing both sweet and Irish potatoes," the specialists point out. "Remember that milk and potato combination are ideal for energy and body building and health protection, and include these dishes in your menus too. For example, try potato chowder, potato soup, scalloped potatoes, or potatoes and cabbage with cheese sauce. And don't forget the grated sweet potato pudding, potato pancakes, potato puffs, or potato bread, rolls and doughnuts."

New Variety of Hegari Expected To Available For Planting In 1951

Seed of a new variety named Hi-Hegari has been released to certified seed growers for increase R. E. Karper, agronomist in charge of Texas Agricultural Experiment Station grain sorghum investigations, has announced.

It is a tall variety of Hegari, bred and developed primarily for forage and silage.

Karper says it has the high quality and palatable forage of Hegari and the same maturity and adaptation, but yields approximately 20 per cent more forage.

The first grain sorghums were tall and late maturing. Hegari, one of the more popular, was imported from Africa in 1908 and was first grown at the Chillicothe station. In 1938 Texas sorghum breeders came up with Early Hegari, drought resistant, early maturing type which is still the principal variety of Hegari.

The labor shortage during World War II, the demand for grain and the development of the double dwarf grain sorghums brought the combines into the sorghum fields. In 1949, more than 85 per cent of Texas grain sorghums were combine harvested. The popularity of the combine varieties in turn led to a shortage

of bundle feed; the supply expected to be shorter still future because of acreage reductions.

Plant breeders of the Texas Agricultural Experiment Station foresaw the need for silage and for the past years have been working on a problem; Hi-Hegari is the

The entire supply of Hi-Hegari has been distributed for increase a fair amount of Hi-Hegari be available for 1951 through regular trade channels.

m. each week day. All children of the community are invited to attend either of these bible schools.  
Mr. and Mrs. Tullie Herring and family of Amarillo came by Wednesday of last week for a short visit in the home of Mr. and Mrs. Melvin Lewis while on their and family of Lubbock visited relatives here Sunday.  
Mr. and Mrs. M. Y. Benton and Mrs. Charles Clark and sons, Bob and Steve, visited Mrs. Benton's parents, the Marrs in Haskell Sunday.  
Mr. and Mrs. Eldon Cook and daughter of Lubbock visited in the home of Mr. and Mrs. M. Y. Benton recently.

There are a number of students coming home to spend their summer vacations with their parents.  
Mrs. Elba Gibson and children of Pecos visited in the home of Mr. and Mrs. Dick Gibson over the week-end.  
Mr. and Mrs. Edgar Jennings and daughter, Linda, returned last week from Tulsa, where they have been spending their vacation. They had to let one member of their family stay there for a while. She is their 2 and 1-2 pound daughter, who was born there, and is in an incubator for a while.

Mmes. Pete Kittley, Charles Clark, Delbert LeFevre and A. C. Knipling represented the Sagerton Home Demonstration Club at the dress revue at Haskell last Saturday. Mrs. A. C. Knipling took second place in the same division. The prizes were sewing articles. Mrs. Knipling's prize was a pair of pinkish shears, and Mrs. LeFevre received a pair of dress shears.  
Mr. and Mrs. Joe Clark are the proud parents of a son, Ray Austin, born Tuesday, May 23, at the Stamford hospital. The Clarks have a daughter, Patsy, also.  
Rev. and Mrs. C. F. Jergenson and daughters of Brady visited Tuesday of last week. Monday the Jergensons accompanied by Mr. and Mrs. F. A. Stegemoller went to St. Louis to attend graduation exercises of their sons, Harvey Stegemoller and Eugene Jergenson, at the Lutheran Seminary there. This completes their

four years of college work, but they will have to study some more before they enter the ministry.  
Kenneth Stegemoller, a student at Concordia School in Austin, is home for the summer with his parents, Mr. and Mrs. F. A. Stegemoller.  
Mr. and Mrs. R. C. Jones and daughter, Sue, of Stamford were dinner guests in the home of Mrs. John L. Guinn and Miss Euelah Mae Summers Wednesday of last week. Mr. Jones is co-owner of the Snack-Bar in Stamford.  
Mr. and Mrs. G. A. Lambert visited their son, R. T. Lambert and family in Ida Lou several days last week. They also visited Mr. and Mrs. R. H. Horine.  
A number of the people of this community are starting to harvest their wheat but the rain we received last week stopped it for a while. Approximately two inches of rainfall was received here at that time.

Mrs. Emil Kainer visited in Paducah with relatives last week. Mr. and Mrs. Bill Bradshaw and family of Anson visited in the Emil Kainer home last week-end.  
Mr. and Mrs. Ben Hess, Miss Euelah Mae Summers and Judy Guinn were guests in the E. D. Engleman home in Spur Sunday.  
Oscar Manske and Reece Clark were very proud of their "catch" last week. They caught a 46 pound fish at Fort Phantom Lake.  
Mr. and Mrs. Hiller Hess and son, Joe Bennett, Mrs. J. M. Reising and Hobart Reising all of Midland visited in the B. Hess home Saturday night.

The Stitch and Chatter Club met in the home of Mrs. Cliff LeFevre Wednesday afternoon, May 24. Refreshments of homemade ice cream and cookies were served to Mmes. Ben Hess, Pete Lusk, R. O. Gibson, John Clark, R. N. Sheid, Anna Hankins, Geo. Leach, Melvin Lewis and the hostess, and Mrs. Emma Lammer of Amarillo, as a guest.  
Lt. and Mrs. Orville Elmore and daughter of Atwater, Calif., are visiting in the B. Kupatt home. Mrs. Elmore is the former Frances Kupatt. Mr. and Mrs. Curry and son of Midland also visited in the Kupatt home. Mrs. Curry is the former Dora Marie Kupatt.  
The Sagerton Home Demonstration Club met in the home of

The windblown effect is charming, proves this trim vacationer. She is strolling on the beach in a striking sun ensemble of cotton birdseye pique by Fleischman.

Mrs. M. Y. Benton last Tuesday, May 23. Mrs. C. E. Stegemoller read a topic about "How to Win Friends." Mrs. Howle, county demonstrator showed the members how to put a zipper in a dress easily and correctly. The next meeting will be in the home of Mrs. W. W. Carlton, June 7. Cup cakes topped with coconut and cherries and lime jello and punch were served to Mmes. Howle, Dick Gibson, Raymond Hilscher, A. C. Knipling, C. E. Stegemoller, Delbert LeFevre, Charles Clark, Will Stegemoller, F. A. Stegemoller, Reece Clark, W. W. Carlton and the hostess.  
Miss Dahlia Knipling, daughter of Mr. and Mrs. A. C. Knipling and student at Texas Tech in Lubbock, is here visiting her parents before she goes back for summer school. She hopes to finish her work this summer. She is majoring in home economics.

#### Dates For Stamford Cowboy Reunion To Be July 1, 3, 4

The Texas Cowboy Reunion in Stamford, announces its 20th showing on July 1, 3, 4. New attractions have been added and improvements have been made. Several hundred seats have been added to the chuck wagon facilities in order to accommodate guests and visitors.

The Cowboy Reunion is one of the oldest rodeos in Texas. Here each year gather the world's largest group of amateur cowboys and cowgirls. The participants are ranch people from all over the western area and at the Stamford rodeo visitors may see the authentic picture of ranch life.

Miss Alpha LeClaire of Stephenville, Mr. and Mrs. Paul LeClaire and children of Albuquerque, N. M., Mr. and Mrs. Homer LeClaire of Dallas, Mr. and Mrs. Elbert Lovvert and Mr. and Mrs. Roy Clark of Stamford and Mrs. Payne Hattox of Haskell spent Sunday in the home of Mr. and Mrs. R. L. LeClaire of the Rose community four miles east of Haskell.

**VISITORS FROM ABILENE**  
Dr. and Mrs. Floyd Taylor and little son Timmy, of Abilene, were Sunday visitors in the home of his father, Dr. L. F. Taylor in this city.

### Camp Wetexaca To Be Held At Buffalo Gap

Camp Wetexaca, annual summer encampment for Camp Fire Girls of this area, will be held at Buffalo Gap, Texas, July 10-15, according to announcement by Kathleen Crawford of this city, Camp Fire executive.  
"This is a lovely spot for our Camp," Miss Crawford said. Girls attending will enjoy an outing that will furnish both work and play, honors, and rank in Camp Fire, she explained. There will be swimming, craft of varied sorts, plenty of work and play, rest periods, sing songs, and best of all, plenty of good nourishing, wholesome food for all. Camp Fire girls of Haskell and vicinity are urged to begin making their plans now to attend Camp Wetexaca.  
waFmm w w m m m

Mrs. Morrel Dick who accompanied her parents, Mr. and Mrs. Granville Riley of Coleman, on a 1700 mile vacation trip through Oklahoma, Kansas and Nebraska returned home Sunday night. Mrs. Dick reported they turned back at South Dakota because of an eight inch snow which caused the roads to be impassible.  
The Production and Marketing Administration, USDA, will open a seasonal market news office in Jacksonville, Texas on May 31. Interested persons may obtain the service by writing to Fruit and Vegetable Branch, Production and Marketing Administration, USDA, Jacksonville.

## FIRE CAN ENTER EVERY HOME!

Regardless of the size of your home, or its location, it is susceptible to fire. If you want to minimize that susceptibility and protect not only your investment but your life, you must keep your home free of rubbish which will support flame. Rubbish is not just another word for wastepaper—it signifies three-legged furniture and everything else you do not use as well.

**It's Better To Be Safe Than Sorry—**  
**Do Everything Possible To Prevent Fire!**

## HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

#### 20 Years Ago—May 29, 1910

Population of Haskell county according to preliminary report from the 13th Census, is 16,643, an increase of 2,450 over the population total for 1900.

Mr. and Mrs. W. E. Welsh and daughter, Ruth, have gone to Houston to visit in the home of their son and brother, Dr. Hugh Welsh and family. They will be accompanied home by Barton Welsh, who has been attending school in Houston.

Mrs. Clyde Grissom has been in Dallas the past week visiting in the home of her sister, Mrs. Troy Post.

Miss Lucy Cummins, who has been teaching in the Quanah schools, visited in the home of her parents, Dr. and Mrs. D. L. Cummins a few days last week. She left Monday for New York City where she will spend six weeks.

Mr. and Mrs. Leo Southern have returned from Crane, where they visited Miss Agnes Cox for several days. Miss Cox accompanied them home and will spend

the summer with her parents, Mr. and Mrs. B. Cox.

Dr. Kenneth Oates, who is finishing his studies in Baylor Medical School this year, is spending this week here with his mother, Mrs. Mary Oates and other relatives. He will go to Tulane University to do his interne work.

Mrs. W. W. Trice has as house guest this week her sister, Mrs. G. C. Lagow of Menard.

B. W. Bingham of Ballinger, Texas, and son, R. B. Bingham of New York City, spent last week end with C. O. Scott and family and other friends in Haskell.

Rev. E. Gaston Foote, pastor of the First Methodist Church, accompanied by Mrs. Foote and Misses Nettie and Kathleen Mulline will leave Haskell Sunday afternoon for New York, from where they will leave June 6th for a six weeks tour of Europe.

40 Years Ago—May 28, 1910  
Mr. and Mrs. John A. Couch left Thursday morning for McGregor for a visit with relatives. The school term has closed at

Rule and Miss Eula Poole has returned to her home here.

The contractors have started work on the new jail, to be erected on the southeast corner of the square. It will be a three story brick building and several months will be required for completion. D. R. Couch, president of the First National Bank of Aspermont, was a visitor here this week.

Sambo Cobb came in from his father's ranch Thursday of last week and was taken to Abilene where he was operated on for appendicitis. He stood the operation well and is on the road to recovery.

Lewis Ellis has sold The Hub to Mr. Carr of Gainville, who will take charge of the business the first of the month.

Miss Anna Lida Hughes was over from Benjamin this week, visiting her parents.

Mrs. G. R. Walker of Wichita Falls is visiting the families of her brothers, N. T. Smith and Dr. J. D. Smith of this city.

Dr. J. A. Moore has moved his office to the McConnell building. J. E. Davis says he has been using gasoline to kill prairie dogs in the same way the more expensive carbon recommended by experts. He soaks a chip in gasoline and drops it down the dog hole, then covers the opening air tight. He claims it is just as effective as carbon and much cheaper.

50 Years Ago—May 26, 1900  
The Haskell county wheat crop this year is said to be the finest ever raised here since the county was settled.

The Haskell Brass Band went up to Benjamin and gave an entertainment Wednesday night and one at Monday on their return trip Thursday night. Because of the rains and other untoward circumstances they did not get overloaded with money, but said they had fun enough to pay for the trip anyway.

Quite a large crowd of citizens went down on Mule Creek near Mr. Keister's place Wednesday and enjoyed the day picnicking. There were some parties here this week buying large mules for use on sugar plantations. We understand they paid from \$40 to \$85 for mules.

A. P. McLemore is having a

good residence, barn and other substantial improvements made on his place about a mile north of town.

A geologist who passed through here a few days ago said that from his observations a few miles east of town it was his opinion that there was a large bed of mineral paint there.

J. H. Cunningham has purchased the lumber from Messrs. Sherrill Bros. whose prices he found lower than Stamford prices, for the erection of a good residence and other improvements on the 3800 acre ranch recently purchased by him about two miles southeast of town.

Mrs. P. D. Sanders left Thursday morning on a visit to her relatives in Burleson county.

The "rying size" had an enjoyable party at J. E. Ellis' Thursday night.

T. J. Lemon has been appointed cattle quarantine inspector for this section. His postoffice headquarters are at this place.

The cattlemen have been busy the past week working out their pastures and branding calves.

ATTEND RECITAL IN SPUR

Mrs. W. D. Kemp and Mrs. Owen Fouts were in Spur Tuesday to attend a dance recital presenting Raulna and Sharon English, daughters of Mr. and Mrs. Raul English.

Interior Colors Have Definite Bearing On Lighting Needs In the Home

The color schemes chosen for the various rooms in the home can very materially affect the amount of artificial light needed to give comfortable and economical lighting. For thrift with light, either daylight or electric, there is an advantage in light-colored walls, woodwork and furnishings, says Mrs. Bernice Claytor, extension home management specialist of Texas A. & M. College.

She points out that in many cases homemakers in redecorating the home are using the deep shades now in vogue for wall paper, interior paint, curtains and other furnishings. This shift in colors may require more lamps or the use of higher-wattage bulbs for adequate illumination especially for the rooms where the more tedious home tasks are performed.

To be adequate, she says good lighting must satisfy four major requirements. There must be plenty of light for adequate seeing and this will vary with the task. Good lighting is free from glare. The proper placing of lamps and fixtures will give the proper distribution of light and in turn will mean an absence of shadows on the visual tasks.

She says that shade linings for lamps should be white or ivory. The light colors reflect light and the darker colors as in the case of the interior finishes absorb light. Since light falls off rapidly with distance, she says all portable lamps should be placed close to whatever is to be seen—preferably within 24 to 30 inches. The lamp should be placed to one side or to the rear of the seeing task. This will help prevent glares and shadows on the task.

She recommends the use of lamps with a different bowl within the shade. They improve the quality of lighting for the more tedious eye tasks, break up harsh light, soften shadows and reduce reflection from shiny surfaces.

She says your local county home demonstration agent will be glad to furnish additional information for your use when you begin making plans for re-doing the interior of the home. Lighting is mighty important and the plans you have may require changes in the present lighting system for the home. Early planning may help you do a better and more economical job.

Baby Alligator's Diet, Other Queries Plague Game Commission

What can I feed my baby alligator? How old do I have to be before becoming a game warden? My little sister doesn't hunt or fish—how can she have some fun?

That is a cross section of the letters received daily by the Game, Fish and Oyster Commission. The curious minds of young Texans present occasional dilemma to the most astute staffers.

The queries about what to feed pets are the most common. The lad ambitious to become a game warden is not conspicuously alone. But he is one of the more persistent types. He first wrote about getting "a commission as game warden" in the fall of 1948 when he was 14 years of age. He was advised that the minimum age for wardens is 21 years. He birthday is April 21 so he wrote back: "... and mark my word six years from April 22, I will be in Austin to see you about the game warden job." He signed off by writing: "I will be seeing you six years from now and goodbye and good luck."

Recently, after his sixteenth birthday, the boy who lives on a ranch, wrote: "Yes, it's me again and I am still waiting for my twenty-first birthday to be a Texas Game and Fish Warden. He indicated some of the folk were breaking the outdoor code and wanted to know what he could do to help while getting field training in advance. Then he added: "Please write and send me the game and fish law book. If it costs \$10.00 or more, I will pay for it. I don't want money for what I do to stop game and fish violations now but it might help when I become an official game warden."

Another lad, in the 7th grade, wrote for material about reptiles and fish and added enthusiastically that his dad is teaching him to hunt and fish. The boy closed with this: "He bought me a .22 and I know how to shoot pretty good now. I have a sister and she doesn't like sports. How can she have any fun?" He got his data on reptiles and fish but unfortunately not much information on how to entertain his sister.

Cotton is safe for work clothing because cottons do not conduct electricity and when starched or washed in a borax solution, cotton are spark-repellent.

Cottonseed is made up of four different parts—oil meal, hulls, and linters. Each of these commodities provides material for many valuable articles.

RETURN FROM FT. WORTH

Rev. and Mrs. W. T. Priddy returned last week-end from Fort Worth where they had been visiting in the home of their son, Mr. and Mrs. Troy Priddy during the illness of the couples son, Rodney. The little fellow was improving nicely, Rev. Priddy reports.

The best care should be given to peach trees suffering from delayed foliage. The delayed defoliation is a result of last winter's mild weather. There wasn't enough cold weather before February 15 to break the rest period of the trees. This condition has occurred in Texas only four times in the past 50 years.

Rites Held In Austin For Former Resident Of This Section

Funeral services were held in Austin Wednesday of last week for H. M. Chancellor of Jal, N. M., victim of a traffic accident which also claimed the life of Temple H. Brown, former Haskell resident.

in this section. His wife is the former Mary Harcrow, daughter of Mr. and Mrs. Clyde Harcrow of Rochester. The accident victim is survived by his wife and two small children, a girl and boy.

VISITORS FROM CALIFORNIA

Mr. and Mrs. W. M. (Bill) Barnett and daughter, Patricia, of Fresno, Calif., visited relatives and friends here during the week end. They were on their way to Houston. Mr. and Mrs. Barnett formerly lived here.

Four-Day Trip to Austin, San Antonio, Climax School Career of HHS Seniors

Members of the graduating class of Haskell High School climaxed their school career with a four-day trip by chartered bus to Austin, New Braunfels, San Marcos and San Antonio, visiting many points of historic and scenic interest.

Accompanied by three members of the school faculty, Supt. S. H. Vaughter, Principal Pyeatt McCollum and Mrs. Arlos Weaver, the party of students left at 5 a. m. Wednesday, May 24. On the first day they visited Austin, going through the State Capitol, to New Braunfels and San Marcos. At the latter place highlight of their stay was a trip in a glass-bottom boat in a lake near that city.

Seniors making the trip were: Billy Dilbeck, Tommy Tate, Tommy Rhodes, James Miller, Jimmy Ratliff, Kenneth Alvis, Delbert Rose, Kenneth Andress, Tommy Ballard, Richard Barton, Bobby Price, Billy Ray Lusk, Nancy Burton, Nancy Free, Dorothy Fouts, Lois Collins, Norma Childress, Flossie Medford, Mary Jo Jones, Mary Beth Payne, Yvonne Bullock, Kayla Young, Rose Ann Johnson, Sue Busby, Pat Britte, Pat Tolliver, Wanda Smith, Wanda Stocks, Virginia Frierson, Anita Robinson, Carolyn Henshaw, Betty Fagan, Flora Sego, Gloria Oneal, Pansy Moore Harris, Jane Weaver, Mary Glass, Bobbie Ann Herren, Jenoma Linton.

Brother of Mrs. J. A. Bynum to Receive Degree at A&M

Lynn Williamson, son of Mr. and Mrs. A. M. Williamson of Rule and brother of Mrs. J. A. Bynum of Haskell will receive his Bachelor of Science degree in Geology from Texas A. & M. College Friday evening, June 3d.

After receiving his degree he will be located at Abilene where he has accepted a position as junior geologist with an oil company. His mother and father probably accompanied by Mrs. Bynum, will attend the exercises.

Barton Welsh Buys Automotive Concern In Texas City

O. B. (Barton) Welsh, a former Haskell resident and the son of Mrs. W. E. Welsh of this city, recently purchased the interest of his partner in the McGar Motor Service, Inc., at Texas City, Texas. The motor firm is an agency for De Soto-Plymouth products.

Before moving to Texas City, he was associated with his brother, the late Bert Welsh in the automobile and oil business here. Since going to Texas City in 1937, Welsh has been active in civic affairs in this city. His wife is the former Miss Letta Robertson, and they have two children.

Fats-Leans Softball Game Is Postponed For Time Being

The highly publicized game between the Fats and Leans, sponsored by the Parent-Teacher Association and scheduled at Fair Park Field last Friday night, was postponed due to the heavy rain Thursday night and Friday. No future date has been set for the contest.

Reid's Drug Gets New Fountain; Spring Coat Paint

A modern new soda fountain has recently been installed in Reid's Drug Store, giving the popular establishment better facilities for serving their large number of patrons. Interior and front of the store has also been given a new coat of paint, adding to the attractiveness of the store.

3-Vehicle Crash Near Anson Fatal To Abilene Man

Injuries received in a three-vehicle traffic wreck eleven and one-half miles east of Anson Tuesday evening proved fatal for James Louie Cox, 42, of Abilene, salesman for the Market Poultry & Egg Company, and well known in this city.

Cox died at 4 a. m. Wednesday in the Stamford Sanitarium of internal injuries. He was the son of Mrs. C. W. Cox of Abilene.

Involved in the wreck which killed Mr. Cox were: A 1947 model pick-up truck owned by Lewis Wheat, butane dealer, and driven by Gene Irwin of Albany.

A 1949 model truck-tractor with semi-trailer driven by Johnnie Noble Miller, 34, of Greentree, N. M.

And a 1949 Plymouth sedan owned by Market Egg & Poultry Co. of Anson. Cox and James Coyt Long, 21, of Anson—both salesmen for the poultry company—were in the sedan.

Highway Patrolman Ray Craft said Wednesday it had not been established which of the two were driving.

Long is in Stamford Sanitarium. His condition was termed serious but not critical. Irwin, who received lacerations about the forehead, was taken to Albany for treatment.

Patrolman Craft related the accident in this fashion: The Albany pickup was headed east and the trailer-truck was headed west on U. S. Highway 180 when they met, about 6:15 p. m. on the river bridge.

The pick-up evidently caught the left outsidewheel on the trailer. Patrolman Craft said. The impact bounced the pick-up across to the left side of the bridge and into a head-on collision with the Anson men's car which had been following the New Mexico truck, headed west.

ATTEND REEVES-GANNAWAY WEDDING IN ABILENE

Mr. and Mrs. Bill Reeves, Mr. and Mrs. I. A. Cox, Mr. and Mrs. R. L. Foote, Mr. and Mrs. Maurice Gannaway and children, Mr. and Mrs. R. Lee Gannaway and daughter, all of Haskell, attended the Reeves-Gannaway wedding in Abilene Sunday. Miss Mary Emma Reeves is the daughter of Mrs. I. A. Cox of Haskell and Jerry B. Gannaway is the son of R. C. Gannaway of Abilene, formerly of Haskell.

MAKE TRIP TO FORT WORTH

Mr. and Mrs. George Neeley were business visitors in Fort Worth the first of the week.

Three new grain sorghum varieties, Combine Kafir-60; Red-bine-66 have been developed by the Texas Agricultural Experiment Station. No seed is available at this time, however, multiplications are now being made.

BUTTON QUIZ
