Frontier Days Set Next Week

Members of the Board of Commissioners of the Haskell County Chamber of Commerce met last night to discuss the annual Frontier Day Celebration in Haskell.

The celebration is set to begin at 8 p.m. next week and will feature the annual Frontier Day Pageant, Competition, Medicine Show and Square Dance.

The queen contest is scheduled to begin at 8 p.m. next week in the city park. In the event of bad weather the pageant will be held in the Community Building of the Haskell National Bank.

Entrants in the pageant are invited to attend a practice session on Friday night at 8 p.m. at the Haskell National Bank.

Roberta High is the current Frontier Day Queen. She will be on hand to crown the new queen at the pageant.

Odell Bynum is chairman of the pageant and will be on hand to crown the new queen.

Members and guests of the Lions Club met for their regular weekly luncheon on Tuesday in the Steak House with Lioness as the guest speaker. Those present were: John and Mary, guests of their hostess, Lioness; Lion Wallace Cox; Lioness, newly installed president of the Rule Lions Club; Lion Darold and Wesley Brown, guests of their hostess, Lioness.

Roberson led the song and Lion Larry Suttle gave the invocation. The Couch of the Texas Department of Public Safety was introduced as the speaker at the meeting.

He showed a new film on night driving tactics and explained why it is dangerous to drive at night.

Following the film, he answered questions concerning night driving situations.

Further information or entry blanks may be obtained from her. Deadline to enter the pageant is Friday.

Businesses, Clubs and organizations from throughout Haskell County are sponsoring entrants in the pageant and a total of near 40 are expected to compete for the title.

Another special event, a family picnic, has been scheduled for Friday night of next week. Everyone is invited to bring a picnic and the whole family to the city park.

The Haskell Jaycees will have a drink concession and the Haskell Young Homemakers will have a dessert concession.

Also Friday night immediately following the picnic will be an old fashioned medicine show. Many featured entertainment acts will be shown during the medicine show and

Texas Cowboy Reunion Sets Fiddlers Contest

WTC Summer Enrollment Sets Record

SNYDER—Summer school enrollment at Western Texas College has set a new record with a total of 272 students signed up. Dr. Duane Hood, Dean of Student Services and registrar, said. Last year's total was 177.

An additional 40 students are enrolled in graduate-level courses being offered at WTC by Sul Ross State University.

WTC's second summer session is scheduled July 10-August 14, with registration on July 9. Sul Ross will also offer a second summer session at WTC with the dates set for July 14-August 15.

groups from all over the county are expected to participate.

A giant square dance has been scheduled Saturday night, June 28, on the east side of the court house. The dance will begin at 8:30 p.m. and everyone is urged to attend.

In other action during the meeting Tuesday night, a housing project in Haskell was discussed.

Chairman of the project is Andy Anderson.

The housing project will provide rental housing for middle income families and is sponsored by the Federal Government.

Before Haskell can qualify for the project a survey must show a need for the housing. All residents of Haskell are urged to complete the survey

should be at the Hall by 9:00 a.m. to register. This is strictly non-professional and ages are restricted to 50 years and older. Each contestant is required to play two breakdown tunes.

The following prizes will be given: First Prize, \$50.00; Second Prize, \$35.00; Third Prize, \$25.00; and Fourth Prize, \$15.00.

Each contestant will be given a free ticket for the noon Chuck Wagon dinner.

on page 7 of this week's Free Press and return them to the Chamber office or to the Free Press.

Completing the survey in no way obligates anyone to move into the rental housing and anyone can complete the form.

The purpose of the survey is to show a need for the project not to find people who would move into the houses.

The next monthly luncheon meeting of the Chamber will be held July 16, at the Haskell Steak House and all local businessmen are invited.

Following the board meeting Tuesday was a Bicentennial meeting. Beginning July 15, members of the Bicentennial Committee will meet monthly to plan activities during the coming year.

Hartsfield Agency Now Representing Allstate

Hartsfield Insurance Agency, an established insurance agency in Haskell since 1892, with an office in Haskell, has been named the area representative for Allstate Insurance Companies in Haskell and vicinity.

The agency will continue to represent other insurance companies as it does now, in addition to representing Allstate.

Memorials May Help Save Lives

When cancer takes the life of someone close to us, a relative or friend, the loss is painful. However, many thoughtful persons in Haskell County are turning losses into victories by making memorial gifts in memory of a loved one lost to cancer—a living memorial.

"A gift today may spare others tomorrow," explained Mrs. Evelyn Cobb, Memorial Chairperson of the Haskell County Unit of the American Cancer Society, a national health agency fighting cancer through programs of research, education and service. "The Society seeks in this three-fold way to fulfill one of mankind's greatest hopes—the ultimate triumph over cancer. Each memorial contribution brings the moment of final victory closer."

Donors receive acknowledgement of their gifts, and families of those honored receive a handsome memorial card. The memorial card does not state the amount of the gift. In Haskell County, contributions are received by Mrs. Evelyn Cobb, Box 761, Haskell, Texas 79521.

SUMMER EMPLOYMENT

All local students who would like to have summer employment are asked to come by the Free Press office and register. Merchants or individuals who would like help this summer may contact the Free Press for the names of students who need summer employment.

Allstate auto, homeowners, renters, boatowners, theft and personal liability insurance, business insurance for companies large and small, and life and health insurance will be offered by the agency.

"I am pleased to add Allstate, one of the best known, most widely accepted names in the business, to our complete insurance line for people in the Haskell area", Mr. Hess Hartsfield, owner of the agency, said.

Hess and Dorothy Hartsfield have been independent agents in Haskell for many years.

Six Accidents Investigated By DPS In May

The Texas Highway Patrol investigated six accidents on rural highways in Haskell County during the month of May, 1975, according to Sergeant Frank Jirick, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and three persons injured.

The rural traffic accident summary for this county during the first five months of 1975 shows a total of 19 accidents resulting in one person killed and ten persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for May, 1975, shows a total of 524 accidents resulting in 17 persons killed and 310 persons injured as compared to May, 1974, with 406 accidents resulting in 25 persons killed and 218 persons injured. This was 118 more accidents, eight less killed, and 92 more injured in 1975 at the same period of time.

The 17 traffic deaths for the month of May, 1975, occurred in the following counties: one each in Baylor, Parker, Terry, Yoakum, Moore, Swisher; two each in Clay and Armstrong; three in Potter; and four in Wilbarger.

Rule Man Critical After Shooting

Jesse Saballos, 30, of Rule, was critically injured early Sunday morning in a shooting incident which reportedly occurred at the home of Santos Naverette.

Pasquel De Los Santos, 29,

also of Rule, was charged with assault with intent to kill with a deadly weapon before Justice of the Peace H. M. Bledsoe. He was released on \$2,000.00 bond Monday.

According to Sonny Pitt-

cock, Prec. 6 Constable, of Rule, he received a call reporting the incident shortly before 3 a.m. Sunday.

Upon investigating the call, Pittcock found Saballos about one block north of the Naverette home.

Saballos was taken to Haskell Memorial Hospital and later transferred to Hendrick Memorial Hospital in Abilene by a Holden-McCauley Funeral Home ambulance.

Assisting Pittcock in the investigation were County Sheriff Garth Garrett, and Milton Stapp.

Savings Bond Report

Mr. R. W. Herren, County Chairman for the Savings Bonds Program in Haskell County, reported sales of Series E and H United States Savings Bonds in the amount of \$7,588 for April 1975. Sales for the first four months of the year totaled \$28,272 which represents 25% of their assigned dollar goal.

Sales in Texas during the month amounted to \$20,376, 490 while sales for the four-month period totaled \$82,368, 654 with 35% of the yearly sales goal of \$234.3 million achieved.

Editor, Haskell Free Press
Dear Sir,

I heartily endorse the opinions of the writer in your paper of June 12, concerning dogs running at large. Barking dogs on my lawn have kept me awake at one o'clock in the morning, yet I have refrained from complaining in order not to have any trouble with my neighbors. I feel that this is the opinion of many residents of Haskell. Please withhold my name.

Don Comedy, Editor

Dear Editor:

In our opinion there has been a great injustice committed in our community by the local superior of the Department of Public Safety against Patrolman Larry Gilbreath.

We believe that Larry was forced to resign because of a personality conflict between the local DPS Sergeant and the lady Larry chose to marry.

Larry was told after their marriage that he would have

to transfer if he wished to remain on the force.

We are of the opinion that Larry's marriage would in no way conflict with his duties as a patrolman for the Texas Department of Public Safety, and are convinced that the decision to transfer Larry resulted from idle gossip and hearsay, not a formal investigation of the facts.

Larry is one of the best patrolmen our town has ever had. He treats everyone with courtesy, respect and doesn't show partiality.

He has always held his position with pride. Being a good patrolman in or out of uniform.

Larry has worked with our youth in this area and has earned their respect. Since he first moved to Haskell, he has coached a baseball team of boys in the Pony League and is great with them. He counsels with the teenagers about their problems and tries to help them in any way possible.

Should one man have the authority to decide if a marriage is good or bad?

We believe the citizens of Haskell County are fair, honest and God-fearing. Will you let this situation go unchecked? This matter needs the attention of every person in Haskell County if something is to be done.

Please take time out to write Maj. C. W. Bell, Dept. of Public Safety, Box 420, Lubbock, Texas 79408 and Col. Wilson E. Speir, Dept. of Public Safety, Box 4087, Austin, Texas 78773, and voice your opinion.

Concerned friends of Larry and Jean, Kenneth and Sue Byrd.

Coleman Reunion

The descendants of Tom and Mattie Coleman met for their annual reunion June 14 and 15 in the American Legion Building in Haskell.

Special event at the reunion was a new program of awards. The awards were presented as jokes and were enjoyed by all. Much comment was heard following the program and plans are already underway to make the awards presentation an annual affair at the reunion.

Out of state guests attending the reunion were from: Florida, California, Wyoming and Oklahoma. Texas towns represented in the group were: Fort Worth, Sweetwater, Stamford, Rule, Haskell, Temple, Dallas, Cleveland, Houston, Tullia, Mansfield, Alvarado and Sonora.

of Agriculture announced this retirement of Soil Conservation Service Administrator Kenneth E. Grant, May 30. Mr. Grant was succeeded by Assistant Administrator Ronello M. Grant effective June 1. Grant has headed the SCS since 1969. Grant, 48, a career SCS since 1952, was assistant administrator for Pennsylvania and served in that state before coming to Haskell. He was also state conservation administrator for Pennsylvania and state conservation administrator for the dual role of administrator's representative for the 14 states and direc-

icides were used most widely, with almost 56 percent of the acreage receiving this type of treatment. Due to the development of more effective herbicides and the higher cost of farm labor, herbicide use in cotton will continue to increase. This is also true of other crops such as maize and small grains. Minimum tillage and the use of herbicides is the answer to many of the farm labor problems today.

WASHINGTON
 "As It Looks from Here"
OMAR BURLESON
 Congressman—17th District

WASHINGTON, D. C.—"GIVE AN INCH AND TAKE A MILE" is applicable to most things with which the Federal Government deals. A case in point, and one which will be resolved in the very near future, relates to the Water Pollution Control Act passed in 1972.

IN THIS LAW, THE CORPS OF ENGINEERS WAS GIVEN AUTHORITY to issue permits for dredge and fill disposals. The Corps has applied the Act only to "navigable" waters but a Federal Court has ruled that this was too narrow an interpretation and ordered the regulations revised. The Corps of Engineers has now invited public comment and statements will be accepted until June 30.

THE TERM "NAVIGABLE WATERS," as now interpreted, can include practically all lakes, streams, rivers and wetlands in the United States. The record is silent on what Congress intended but it opened the door to this broad definition. This is another instance of what the fine print can mean for authority never intended.

TO THE CREDIT OF THE ARMY CORPS OF ENGINEERS it is not their initiative that this unprecedented power is proposed to be exercised. Instead, it is the Courts which in recent years have legislated in about everything that affects our national life.

A LITERAL READING OF THE LAW AND THE COURT ORDER says that any time any

one wants to drop something into any body of water, whether it is private property, ditches, stock ponds or whatever, then a permit must be obtained, from the Corps of Engineers. Conceivably, this can mean a farmer or rancher could not enlarge his stock tank, deepen an irrigation ditch or even plow in certain places without a Corps of Engineers permit. It is so absurd to be unbelievably ridiculous. At this moment, if this reasoning were strictly applied to its full limit, no doubt hundreds of people are now violating the law and could be fined up to \$25,000 a day and even imprisoned.

THE DEPARTMENT OF AGRICULTURE IS OPPOSING THE COURT'S interpretation with the statement that it "would set off a bureaucratic growth that would require many farmers to run to a Federal official for a permit to perform much of what is now normal farm work" and characterizes such action as a harassment to

farmers and ranchers trying to grow this Nation's food supply.

HERETOFORE, THE ACTIVITIES OF THE ARMY ENGINEERS, except for the building of lakes, has been mainly in the coastal areas. But such a regulation as this could be applicable to places like our Big Country, where we never dreamed that this bureaucratic invasion could occur.

ASIDE FROM THE RED TAPE AND THE COST OF MAINTAINING A bureaucracy, it would stake out an ill-conceived role for the Federal Government in land-use decisions, a matter better left to local and limited State control. Once machinery of this nature is put in place, it can turn into a monster by what appears to be an almost limitless expansion by the Courts, bureaucrats and those not given to common sense or respect for the ability of local authority to deal with any such problem.

ERMENTS WOULD BE HANDICAPPED, if not absolutely powerless, to cope with these requirements.

LEGISLATION HAS BEEN INTRODUCED TO PREVENT THESE THINGS FROM happening. Clear definitions are needed as to what was intended in the 1972 law. Hearings will be held by the Public Works Committee of the House of Representatives before the June 30 deadline. Such legislation is slow and the time is short, we will try to get an extension beyond June 30 for application of this unwarranted interpretation of the law.

Please tell us who—Elopes—Dies—Has an accident—Has a party—Gets married—Has guests—Goes away—Has a fire—Is ill—Has an operation—Wins a prize—Receives an award—Makes a speech—Moves to Haskell—Holds a meeting—Takes part in any unusual event. That's NEWS and we want it.

Moeller, Steely Repeat Vows

Phyllis Joan Moeller became the bride of Robert Alden Steely June 14, in a double-ring ceremony in Imanuel Baptist Church in San Angelo.

The Rev. Edmund Serber,

pastor of "The Way of the Cross Ministries" in San Angelo performed the ceremony and Rev. Cecil Vaughan, pastor of East Angelo Assembly assisted.

The bride is the daughter of

Mr. and Mrs. Edward R. Moeller, of San Angelo, and formerly of Haskell. Phyllis is the granddaughter of Mr. Vergil Conner of Haskell and the late Mr. and Mrs. George Moeller, Sr. of Haskell and Mrs. Grace Skipworth of Robert Lee. Her great-grandmother is Laura Nichols of Haskell.

The grooms parents are Mr. and Mrs. Forrest Steely of San Angelo.

Candlelit aisles and nuptial area was an archway of greenery, orchid and spring blossoms, centered with a unity candle.

Spiral candelabras and baskets with rainbow hews of pink and red carnations with white mums and baby's breath, and greenery enhanced the altar setting. The aisles of the sanctuary were accented by candleholders with globes, greenery and white bow.

Candle lighters were: Staria Hatfield of Big Springs and Rolanda Thomason of San Angelo. Each wore floor length gowns with floral bodice and matching solid color skirts of green and fuchsia edged in lace. Troy Conner, Jr., cousin of the bride, and Brent Eller of San Angelo wore white suits with matching shirts.

Seating the guests were: Jerry Don Klose of Dallas, cousin of the bride, Charles Sebista, Danny Fowler, and Mark Eller of San Angelo, all wore sky blue.

Registering the guests were: Jeanne Forehand of Weinert, aunt of the bride and Cheryl Hudson of San Angelo.

The Congregational Choir and "The Joint Heirs" Singers of San Angelo sang special music.

Given in marriage by her father and mother the bride carried a cascade of white carnations with pink and red sweetheart roses, centered with an orchid with baby's breath, and lilies of the valley with white streamers of rainbow colored rosebuds. The bride adorned a white tiered cathedral gown accented deeply with flounced tiers of Venice Rose lace and silk organza. The petite bodice, sculptured of Valencia Rose lace featured a sweetheart neckline, bedecked with seed pearls and iridescent. The slender lace sleeves tapered at the fingertips and gathered softly into a tiny lace edged ruffle. The gathered skirt graced in soft deep tiers of Venice Rose lace, flowed fully from the deeply cut sweetheart waistline which formed the cathedral train. Lace flowerets and tulle encircled the bouffant hemline and was caught up and nestled in clusters of seed pearls of iridescent illusion.

Her veil was Spanish accent illusion of lattice work and pearls, flowing from a jeweled crown to form its full Cathedral length, and featuring a border of gathered illusion and sprinkled Valencia lace flowerets.

Train Carriers were: Roger Henson and Robbie Benton of San Angelo. They both were dressed identically in white tux and orchid shirts matching the flower girls dresses.

The bride's attendants were

attired in soft chiffon of empire fashion, carrying out the color theme of the rainbow. The spray of shebert colors were whispers of deep purple, light orchid, fuchsia wine, warm pink, pink salmon, bright yellow, lime green, and sky blue. Blending the highrise bodice and sleeves in floral spring blossoms, the full flowing boudoir sleeves were bordered long cuffs of ruffles edged in lace to the fingertips. The skirts, deeply colored solid, to blend compliments with the floral bodice, flowing full bordering ruffles to form the floor length trains. Their shoulder length veils of each deep color were caught in a cluster of spring flowers.

Each one carried a nosegay of carnations and spring blossoms blending with their individual color, with satin rainbow streamers.

Marilyn Moeller of Wall, sister-in-law of the bride, was matron of honor. Bridesmaids and matrons were: Carol Vordick, Dana Sargent, Suzanne Conner, cousin of the bride, Mary Ryan, Rochelle Douglas, JoAnn Duke, Della Steely, sister-in-law of the bridegroom, all of San Angelo, and DiAnn Davis of Lamesa.

Flower girls were: Trisa Steely, niece of the bridegroom, and Katrina Michael, both of San Angelo. They wore complimentary colors of orchid and fuchsia with floral bodice and sleeves with solid colored skirts which hung into ruffled floor length trains. They carried white baskets of pink and white rose petals.

Ring bearer was Joel Serber of San Angelo, who wore a white tux with fuchsia pink shirt matching flower girls dresses.

The grooms tux was pale blue with a deeper blue shirt. Steve Grafa of San Angelo served as best man. Grooms-men were: Duke Morrow, San Angelo, Dalton Moeller, brother of the bride, Wall, Louis Blaneck, James Baker, Eddie Nalepka, Gill Goodson, Forrest Steely, father of the bridegroom, all of San Angelo.

Each wore white tux trimmed in navy with shirts matching the bridesmaids dresses. Parents of the bride and groom were attired in frost blues.

A garden scene accenting overhanging greenery and spring flowers was the setting for the reception in the fellowship hall, following the ceremony. It was hosted by the parents and friends of the bride and bridegroom. Registering guests at the gift table were: Kim Shultze of San Angelo, Sybil Oliver of Houston, and Brenda Parker of Sweetwater, all aunts of the bride.

The brides table was laid with a sheer cloth trimmed with bridal lace, tapered candles and spring flowers, with appointments of gold and crystal.

The bride wore a three piece spring lilac ensemble with an orchid and rose corsage, with white accessories for travel.

After a wedding trip to San Antonio, the couple are making their home in San Angelo.

Mrs. Steely is a graduate of San Angelo Central High School. She is employed by a local firm. Mr. Steely attended San Angelo Central High School, and is a graduate of Derbe High School at Wichita, Kansas, and attended Wichita State University. He is currently in business with a local firm in San Angelo.

Preceding the nuptials the bridegrooms parents hosted the rehearsal dinner at Las Brisas Restaurant in San Angelo for members of the wedding party and their family.

We were proud to have the following visits with friends or relatives this last week: Jim and Cara Means of Ropesville, Texas, Mr. and Mrs. R. W. Herren III of Dallas, Mary Ann Keal of Arlington, and Herman Hale and Dorothy of San Antonio.

We appreciate Jo Simpson's devotions each week. She brings them once a week during the activity time.

Beulah McFadin and Eula Arend played good toe tapping music for us. Every-one always appreciates them so much.

First Baptist Church of Rule brought us a program this week. We always enjoy these people.

The Assembly of God Church is having Sunday morning worship services this month of June. We are so thankful to them. The Church of Christ continues to have our evening service.

Rotarians View Film

The Haskell Rotary Club held their regular weekly meeting at the City Cafe at noon June 12th. President Ferrell Coston presided for the luncheon meeting which was opened with the invocation by Rev. Bob Brown.

The program chairman for the day was Rotarian Howard Perry, who was unable to be in attendance. President Coston introduced Jerry Terrell of the Stamford Electric Co-Op, who showed a very interesting and informative film relative to the rising costs of electricity. He also made a short introduction before presenting the film, which he said was a product of the statewide Organization. The film portrayed numerous reasons why the cost of producing electrical energy during the present crisis, had risen in far excess of what it was only two or three years ago.

The singing session was led by visiting Rotarian Novis Ousley of the Rule Club. He was accompanied at the piano by Jo Ann Dean, and the members joined his leadership in a rousing song session.

Other guests introduced were Barry Hobbs, also a Rotarian of Rule, and Mike Bruce of Fort Worth, guest of Rotarian Bob Herren, and Ken Dalton, guest of Rotarian Charles Thornhill.

It was noted by the president that many members were absent for the weekly meeting and they are to be urged to make up at a nearby Rotary Club before next weeks' meeting.

Program chairman for today, Thursday, June 19th, is Bob Philpot.

Remember Reddy Supplies the energy but only YOU can use it wisely!

Reddy's helpful tips for your Room Air-Conditioners

Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint, collected on the filters, restricts air flow to the coils. Clean filters every two weeks.

Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.

Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

You purchased fine-home comfort when you bought your air conditioning unit. Properly maintained, it will offer you years of efficient service. A once-a-year check-up by your dealer pays dividends in savings on operating and breakdown costs.

issues passed by the Legis- lature in terms of their impact on the 30th Senatorial District. "In the area of utility regulation, I think a better job of regulation could be done at the local level. I would like to have seen a bill which required utilities to adopt uniform accounting proced- ures while providing local officials with any technical assistance they might request. In doing so I believe we could have kept control at the local level rather than shifting it to Austin," the Senator stated. In the area of school finance reform Farabee said that it was inevitable that Texas' system of school finance be reformed. The Senator said, however, that he voted against the school finance bill because he felt its impact would be too severe on some schools in North and West Texas. Farabee did indicate though that the taxing burden on many schools would not be significantly affected and schools would have less of a burden under the new plan. As the Legislature debated the bill Farabee and several other rural Senators amended it to ease the initial burden brought about for local school districts. Of his legislative program Senator Farabee said one of the most important bills dealt with the high costs of medical malpractice insurance. Farabee explained that his bill was an attempt to provide for patient compensation in the event of a legitimate malpractice claim while providing a structure to help bring down the high costs of medical

malpractice insurance. "The net result of these higher rates," Farabee said, "is that many doctors in our rural areas can no longer afford to perform needed services such as minor surgery because of high malpractice rates." Senator Farabee successfully carried the bill through the Senate but it failed to pass in the House by two votes. Other bills by the Senator dealt with reducing juvenile crime, making it easier for the self-employed to set up retirement funds, prohibiting the sale of children in Texas, and recodification of Texas Seed Law. A number of Senator Farabee's bills dealt with matters of local concerns such as new water or hospital districts. Farabee, serving his first term in the Legislature, spent much of his time in the Senate Finance Committee. The Finance Committee helps draft the Appropriations bill which funds state agencies and programs. Senator Farabee also served on the Natural Resources Committee, Jurisprudence Committee, and the Committee on the Texas Constitution.

DIRK PERRY

**Dirk Perry
Receives
Eagle Award**

Dirk Perry, 14-year old Stanton High School sophomore, was awarded the highest award in Boy Scouting last week, the Eagle Award. Perry, the son of Mr. and Mrs. Gene Perry of Lomax, and formerly of Haskell, received the award at a Boy Scout Court of Honor last Monday in Forsan. The award was presented by assistant scout master Bill Cregar. The Eagle Award climaxes many scout activities for Perry, who is assistant senior patrol leader and a member of the Tatanka Lodge of the Order of Arrow, a scout fraternity. Perry is also active at Stanton High School, where he is a member of the Fellowship of Christian Athletes, participates in the Future Farmers of America program and plays on the golf team. He will work on the annual staff this year, is active in 4-H Club work and is a member of the First Methodist Church in Stanton. He is the grandson of Mr. and Mrs. Hoyt Perry of Haskell and Mr. and Mrs. Buck Turnbow of Weinert.

**Gunmen Are
Endangering
Motorists**

AUSTIN—Trigger-happy gunmen are endangering the lives of motorists. Texas Highway Department officials report an upsurge of vandalized signs and safety markers in the last several months. Self-styled "marksman" have been shooting out reflectorized object markers, delineators, flashing signal lights and stationary signs erected to guide and direct motorists at danger points on the highway. Motorists' lives are endangered when these safety devices are destroyed. One woman was lucky to escape death when her vehicle was struck broadside at a highway intersection north of Del Rio. Witnesses say they had seen two men shoot out lens on all sides of the flashing signal at this dangerous intersection. By coincidence, another "marksman" paid \$344 for shooting out the lens on a flashing signal at Breckenridge about the same time the Val Verde County signal was damaged. A district court judge fined the man \$150, added \$44 court costs and then ordered him to pay \$150 for replacing the lens in the light. In addition to the flashing signals, object markers and delineators have been targets of the gunmen. The object markers (amber colored reflectors mounted both horizontally and vertically on roadside sign posts) indicate highway hazards. Vertical markers indicate a culvert, tree or other object generally too low to see from the roadway. Horizontal amber reflectors mark a separation of highway lanes at the beginning of a divided highway, bridge approach or other division of traffic into one-way lanes. Clear white reflectors, usually mounted in series, guide motorists around curves or outline the crown width (driving limits) of the roadway after dark. Destruction of either the delineators or the object

markers removes built-in protection for motorists in hazardous areas. Shooting up the face of signs, or stealing them outright, also is a threat to motoring safety. Many signs have been replaced after being badly damaged or stolen. Mileage markers and other signs also have been stolen. Theft of a stop sign at the intersection of two main highways in East Texas resulted in multiple fatalities recently when one motorist didn't stop for the sign that wasn't there. Vandalism costs the Highway Department about \$750 thousand dollars a year—money that could be spent building better highways rather than replacing safety devices.

**Weinert HDC
Holds Meeting**

Members of the Weinert Home Demonstration Club met June 10, with Mrs. Henry Smith presiding. The meeting was opened with Mrs. Smith leading those present in the Texas Home Demonstration Association Creed. Four members answered roll call by naming ways of resisting high calorie food. Mrs. Tom Yates gave the

council report and Mrs. Smith gave an interesting program on Mrs. Consumer goes shopping. Those present learned to be more aware of what they are buying by reading what product labels say. Mrs. Yates was hostess for the meeting.

New York—(HK)—Shoppers with higher incomes travel farther to do their shopping, researchers have found. Financed by 13 Canadian newsprint producers comprising the Newsprint Information Committee, an advertising research study established that more than half the shopping visits of over \$15,000 a year families were more than five miles from home. The figure drops to 36 percent for those with incomes below \$10,000.

GIFT TEA

Miss Anella Jo Chambers, bride-elect of Richard Archer, Jr., was honored with a gift tea June 12, in the home of Mrs. R. N. Wilson.

Mrs. Wilson greeted guests and presented them to the honoree's mother, Mrs. F. L. Chambers, the honoree, the prospective groom's mother, Mrs. R. E. Archer, and his sister, Miss Carla Archer of Paducah. Mrs. Kenny Tanner and Mrs. Larry LeFevre registered guests at a small round table laid with a white floor length cloth trimmed with white lace and a cluster of

white ribbon rosebuds, with the Bride's Book on it.

The serving table was laid with a white floor length crepe knit cloth with trim of white lace and a cluster of white ribbon rosebuds on each corner. An arrangement of apricot carnations with white stock and baby's breath in a crystal bowl with a silver base was the centerpiece. Guests were served cookies, nuts and mints and apricot punch by Mrs. E. L. Elmore and Mrs. A. D. May. Serving appointments were crystal and silver.

Other members of the houseparty were: Mmes. Lavon Beakley, Mendel Beard, Buddy Bishop, Howard Brass, Joann Carroll, Joe B. Cloud, Mary Sue Henry, James Jones, Donald Lee, James A. Lisle Jr., and Miss Linda Jones.

Special guests from out of town was Mrs. Wayne Porter

of Dalhart.

Miss Chambers and Mr. Archer will exchange wedding vows June 21, in the First Baptist Church of Rule.

V.B.S.

The Sagerton and Rule United Methodist Churches will sponsor a Vacation Bible School June 23 thru June 27, between the hours of two to four p.m. Mrs. Van Sedberry is chairman.

Classes will be held for ages 3 thru 4, kindergarten, and grades 1 thru 2, 3 thru 4, and grades 5 thru 6.

TFB Thanks Power Comm. For Extension

WACO—Texas Farm Bureau President Carrol Chaloupka has thanked the Federal Power Commission for extending emergency interim relief on natural gas used for irrigation fuel until June 15, 1976.

"This is a welcome reprieve for thousands of our agricultural producers who could not obtain adequate financing under a lower priority status," Chaloupka said in a message Friday to FPC Chairman John N. Nassikas.

Chaloupka said the Texas Farm Bureau wants the No. 2 priority made permanent. The Commission order extended the "interim deferral to June 15, 1976, or until a final commission decision has been issued."

The FPC decided June 9 to extend a Priority 2 status for irrigation use of natural gas. Previously, on March 21, the Commission extended the relief until Sept. 20, 1975, until a series of hearings on the subject could be held. In addition to hearings in Washington, D. C., field hearings were held last month in Phoenix, Albuquerque and Lubbock.

Irrigation farmers testified at the hearings that changing to other sources of power was economically impractical. They further stated that adequate supplies of other fuels were not available.

Bankers told the hearings that they could not extend financing to many farmers under a No. 3 priority curtailment plan.

Chaloupka told Nassikas that 60,000 irrigation pumps in Texas are fueled by natural gas, representing more than 40 percent of all irrigation pumps in the state. He pointed out that the "vast majority" of pumps on the Texas High Plains use natural gas.

"If irrigation use is later given a lower No. 3 priority under a curtailment plan,

ATTENDS DALLAS CONFERENCE—Janette Frierson and Helen Owens of Haskell, office Secretaries for the Haskell County Farm Bureau, attended the June 8-11 County Farm Bureau Office Secretaries' Conference at the Statler-Hilton in Dallas. They are shown discussing the meeting agenda with Creola Wobbe, assistant secretary of TFB.

future shortages of natural gas could wreck the entire agricultural and business economy of West Texas," Chaloupka said.

"Farmers must plan for a crop far in advance of planting time," he said. "For that reason, we are anxious for the Commission to decide on a

permanent No. 2 priority for irrigation use."

El Paso Natural Gas Co. is the major supplier for the natural gas that is used for irrigation pumps.

In its June 9 order, the FPC said, "The severity of El Paso's projected priority 3 curtailment during the 1975-76 winter season (over 160 days of partial priority 3 curtailment and over 25 days of total priority 3 curtailment) justifies some fear of inadequate irrigation through the winter."

The Commission said, "Sufficient evidence of probable irreparable injury to southwestern growers exists to justify the emergency extension of the deferral of interim irrigation pumping use curtailment until June 15, 1976."

OBITUARIES

Mrs. Corley

Mrs. James D. Corley, Sr. died June 15, in All Saints Hospital in Fort Worth. Mrs. Corley had had a blood clot in her leg which lodged behind her heart taking her life Sunday.

She was the former Martha Elizabeth Coody, formerly of Haskell, daughter of J. R. (Bob) Coody, Sr. and a sister

of the late J. R. Coody, Jr., both of whom preceded her in death; J. R. in 1964, and her father in 1966. Her mother, Laura Van Cockerell Coody, also preceded her in death in 1971.

Mrs. Corley, 55, had been hospitalized some 10 days before her death. Funeral services were held June 18, at the Trinity Episcopal Church in Fort Worth with Shannon South Funeral Home in charge of the arrangements and burial in Greenwood Cemetery in Fort Worth.

Mrs. Corley was born October 17, 1919, in Fort Worth, moving shortly thereafter to Caddo, in Stephens County where her father was a rancher. She attended Caddo High School and T.C.U. University. She married James D. Corley of Breckenridge and they resided in Caddo and later Breckenridge until moving to Fort Worth.

Mrs. Corley is survived by her husband, James Delbert Corley, one daughter, Cynthia Gail Liff, of Irving, and one son, James D. Corley, Jr. of Fort Worth; 6 living grandchildren; and several nieces and nephews.

Mrs. Corley was active as a National Flower Show Judge; she held a life-time membership as a National Judge, and she was engaged at the time of her death as a real estate and antique appraiser. She owned and operated an antique shop-Elizabeth's Antiques, in Fort Worth before going into appraisals.

Mrs. Corley enjoyed people, took an active part in her church work, was a member of the Trinity Episcopal Church Women's Group, and helped regularly with church bazaars. She took a great interest in garden club work and flower shows, collected antiques from all over, and besides her shop, her home was almost a museum filled with many beautiful and expensive pieces.

Money Saving Ideas

Save Dollars/Energy With Home Projects

Do-it-yourself home maintenance and installation projects are an obvious way to avoid the cost of professional service calls. If they also save you money on utility bills, you're even more money ahead, and you'll be conserving energy at the same time.

There are some energy-related projects you can do for your home that can save you literally hundreds of dollars a year, depending on the temperature range, according to the home improvement experts at Sears. For example, installing additional insulation, an easy do-it-yourself job, can cut \$75 to \$150 off your heating and air conditioning costs. In fact, proper insulation is so important to saving fuel, that the government is now considering a substantial tax deduction for insulation costs. If this happens, you will be receiving a deduction for saving money—not a bad deal at all.

Storm windows also can be a big help. Sears recommends storm-screen insulating windows which are easy to install and, because the glass panes can be raised to let fresh air in through the screen, they can be left installed year around.

Whether or not you have air conditioning, you should make sure your attic is fan ventilated. An attic fan will remove hot air during warm weather to lower air conditioner operating time, or perhaps, to avoid the need for air conditioning altogether.

Some other ways you can save on your utility bills and energy usage—not to mention reducing furniture and carpet fading—include having insulated draperies, awnings and tinted windows where the sun shines in. All will cost some money initially, but they will more than pay for themselves in the long run.

Finally, don't forget the importance of your thermostat. When heating, keep it set at 68 degrees or lower. (Each degree lower will save about 3 per cent on power consumption.) When cooling, set the temperature at 78 degrees or higher. (Each degree the thermostat is raised cuts 5 per cent off air conditioning costs.)
