S. To Be Host For District League Meet Saturday

High School will be host for the District 6A Athletic League track and field meet on Saturday. Individual ribbons will be given to the winners in high school and high school divisions. Schools competing in the meet will include Sherman, Stamford, Muncie, Albany, and Haskell. Junior High and South Junior High schools of Abilene are also competing in the meet. The meet will be held at 10 a. m. at the Haskell High School. The meet will be held at 10 a. m. at the Haskell High School. The meet will be held at 10 a. m. at the Haskell High School.

Boyce House Will Address Teachers At Rule Meeting

Boyce House of Fort Worth, widely known newspaperman, author and writer of Texas lore, will be guest speaker at a meeting of the Haskell county unit of the Texas State Teachers Association, to be held in the cafeteria of the Rule Schools Monday evening, April 9th. Attendance of approximately 130 Haskell county teachers and their guests is expected at the meeting, second in a series of three scheduled in the county during the current school year. Supt. S. H. Vaughter of the Haskell Schools, president of the county unit of TSTA, will preside for the meeting and a business session to be held during the evening. The meeting is scheduled to begin at 7 p. m.

Cemetery Working Being Planned at Pleasant Valley

A cemetery working has been scheduled Wednesday, April 11th, at the Pleasant Valley Cemetery near the Shell pump station northeast of Haskell. People of that section, and all others interested, are urged to join in the project to clean up and beautify the cemetery premises. Those who will help are asked to meet at the cemetery by 8:30 a. m. Wednesday, and to bring their own hoes, rakes or other tools. F. J. Jossilet and W. P. Curd are committeemen in charge of the project, and they say "if a sufficient number of people help, the grounds can be cleaned within a few hours."

Singers To Meet at Friendship Church

Regular monthly program of Haskell County Singers will be held at the Baptist Church, corner 7th and Ave. F, program will begin at 2:30 p. m., and all quartets are invited.

Three Aldermen named in the City Election Tuesday are pictured above. Olen Dotson, at left, was re-elected as a member of the Council. New Council members are J. E. Walling, Jr., center, and Joe Thomson, right. Aldermen Dotson and Walling were elected for full 2-year terms, and Thomson will serve the 1-year unexpired term of Alton Middleton, who resigned from the Council last year.

Dotson, Walling, Thomson Elected To Council Posts

An unusually light vote was polled in the annual City Election held Tuesday, when three Aldermen were elected without opposition. Only 87 votes were polled during the day. Alderman Olen Dotson was re-elected for a two year term. New Aldermen elected were J. E. Walling, Jr., whose term is for two years; and Joe Thomson, who will fill the unexpired one-year term of former Alderman Alton Middleton. Official canvass of the election returns will be made at the next regular meeting of the City Council, which is scheduled Tuesday, April 10. At that time Aldermen elected this week will assume their official duties for the ensuing term.

Weinert Voters To Ballot Saturday For Aldermen

Weinert voters will ballot Saturday in the annual City Election, in which two Aldermen are to be named to serve as members of the Weinert City Council for two years. Weinert, with a population of 287 in the 1950 census, enjoys the distinction of being one of the smallest incorporated communities in the state.

M. E. Heald, 60, Dies Friday; Rites Held In Aspermont

M. E. Heald, 60, business manager and accountant of Burton Chevrolet Company of this city died at 1:45 p. m. Friday in the Haskell County Hospital. He suffered a cerebral hemorrhage about 7:45 Friday morning shortly after arriving at his office. He was rushed to the hospital, where he died six hours later.

Choral Club of Weinert To Sing At M. E. Church

The Weinert School's Choral Club, under the direction of Mrs. Connor Horton, will sing during the Vesper Service at the First Methodist Church in this city Sunday evening, April 8th. The public is invited to attend and hear this group of youthful singers.

Series of Evangelistic Services Will Begin at Christian Church Sunday

A two-weeks series of Evangelistic Services will be held at the Christian Church in this city beginning Sunday, April 8th and continuing through Sunday evening, April 22nd. Francis C. Nickerson, local minister, will conduct the Evangelistic Service nightly beginning at 7:30 p. m. during the first week, and Bob Cox of Dallas will preach each night during the second week, April 16th through the 22nd. The services will include inspirational gospel singing and fellowship. Rev. Nickerson has announced the following sermon subjects during the first week of the evangelistic series:

Hatchery Overrun With Customers After Free Chicks Offered In Ad

A firm believer in the effectiveness of newspaper advertising for years, W. P. Trice, owner of Trice Hatchery in this city, was given added proof of advertising results Tuesday, when customers literally "swarmed" the local Hatchery in response to an offer made in an advertisement in last week's Free Press. Trice advertised free baby chicks to the first fifty families purchasing a stated quantity of Purina Chick feed on that day.

Revival Meeting To Begin Sunday at Pinkerton

Annual Spring revival meeting of the Pinkerton Baptist Church will begin Sunday, April 8th, with the pastor, Rev. Jack D. Wester bringing a series of evangelistic messages. The revival will continue during the coming week, and will be climaxed with a week-end Youth Rally in which ministerial students from Baylor University will direct the program. Services will be held each night beginning at 7:30, and Rev. Wester has announced the following special nights:

Pipeline Company Given Easement Across Roads

Tidewater Pipeline Company of Houston has been granted an easement by the Commissioners Court to lay an oil pipeline across county roads where necessary for use in transporting crude oil from a point on the R. L. Teague farm in the Sojourner Field west of Haskell, to the Humble pipeline pumping station north of Rule.

Offset and New Wildcat Tests Highlight County's Oil Activity

Announcement of location for an offset to production in the Sojourner Field, staking of a new wildcat location, and the prospects of a new discovery well highlighted Haskell county oil development during the current week.

Revival At Paint Creek M. E. Church Begins Sunday

A revival meeting will be held at the Paint Creek Methodist Church beginning Sunday April 8th and continuing through Sunday, April 15th, Rev. T. G. Craft of this city has announced. Rev. Craft is pastor of the First Methodist Church here and the Paint Creek Methodist Church.

Westfall Is Elected Mayor of Stamford; Miller Police Chief

Clyde Westfall, Stamford auto dealer, was elected mayor of that city Tuesday, defeating the Rev. Sam Young. Westfall received 557 votes, Young 460. Bob Miller led a field of five candidates to become the new chief of police at Stamford. He polled 509 votes. Other candidates in the chief of police race and their vote were Wash Clements, 228; Jack Bates 162; Mrs. R. L. Howse 39; and W. W. Cridler 18.

Westfall Is Elected Mayor of Stamford; Miller Police Chief

Roy Arledge received 598 votes to E. V. Chastain's 411 to become the new City Council member. George J. Smith was unopposed for the second vacancy on the Council.

Westfall Is Elected Mayor of Stamford; Miller Police Chief

Two retiring Stamford officials, Mayor Clay Markham and Alderman C. E. Brownfield, did not seek re-election.

Offset and New Wildcat Tests Highlight County's Oil Activity

Distance between the Sojourner Field and the Humble station is approximately 7 miles. Following granting of the road easement, a representative of the pipeline company is securing right-of-way easement from property owners whose lands will be crossed by the pipeline.

Revival At Paint Creek M. E. Church Begins Sunday

Everyone in the Paint Creek community and the surrounding territory is invited to attend

Westfall Is Elected Mayor of Stamford; Miller Police Chief

On the first test the well flowed 79 barrels of oil and 24 barrels of water in two hours and then died. It was shut for 12 hours and it then flowed seven barrels of oil in 45 minutes and died. It then swabbed nine barrels in 45 minutes and died.

Trustee Elections Scheduled Saturday In All School Districts Of County

Trustee elections will be held in all school districts in the county Saturday, April 7, when trustees for the various districts will be elected for two-year terms. Light interest is normally shown in the balloting, with only a representative vote being polled.

Trustee Elections Scheduled Saturday In All School Districts Of County

Only two names are listed on the ballot for Weimert school district trustee and light voting is expected in Saturday's election. Listed on the ticket for trustees are the names of John T. Therswanger and Chester Smith. Two trustees also are to be elected for Paint Creek Rural High School Saturday, and the two candidates listed on the ballot are unopposed. They are Estle Gilbrand and John R. Watson, Jr.

Trustee Elections Scheduled Saturday In All School Districts Of County

Two members of the County Board of School Trustees will also be elected Saturday, for Precinct 1 and Precinct 3. Listed for County Board member from Precinct 1 are two candidates, E. H. Baugh for re-election, and Tolbert Beason. All voters residing in Commissioner's Precinct No. 1 will be eligible to vote in this election. In Precinct 3, Roy Overton is unopposed for re-election as County Board member.

Trustee Elections Scheduled Saturday In All School Districts Of County

Operators were also moving in this week for the Arkansas Fuel & Oil Company No. 1 Mary L. Kleiner, a 3250-foot Canyon Reef test on the Kleiner Ranch east of Haskell. Location is 1567 feet from the north and 985 feet from the east line, Section 57, J. N. Cass Survey. Crown Central Petroleum Corp. No. 1 Toyah L. Owens is to be an offset to production in the Sojourner Field three and

one-half miles west of Haskell, 167 feet from the north and west lines of the southwest quarter of Section 41, Block 1 H & TC Survey. Contract depth is 5,400 feet with rotary. Thos. D. Humphrey is to drill the No. 1 E. C. Daniels as a 2,350-foot rotary wildcat four miles southeast of Haskell. Location is 330 feet from the south and 1,923 feet from the west lines of John Gauer Survey.

Trustee Elections Scheduled Saturday In All School Districts Of County

Humble Oil & Refining Co. No. 1 W. E. Harrell, Subsidection 8, McLannahan Survey, wildcat, 6 miles northwest of Haskell, was waiting on cement after a drillstem test in the Bend Conglomerate. Total depth is 5,718 feet. The test was taken at 5,039 to 5,715 feet. Tool was open an hour and 15 minutes. Gas appeared at the surface in 10 minutes. Recovery was 2,200 feet of clean oil and 170 feet of oil and gas cut mud. Shut-in pressure was 2,425 pounds in 20 minutes.

Trustee Elections Scheduled Saturday In All School Districts Of County

Crown Central Petroleum Co. No. 1 W. T. Overby, Section 48, Block 1, H & TC Survey, wildcat five miles southwest of Haskell, was flowing clean at last report. The Strawn sand section at 4,861 feet was perforated at 4,861 to 67 feet. On the last seven gauge, the well made some 69 barrels of oil and 17 percent water. The section has been treated with Hydrafrac.

Trustee Elections Scheduled Saturday In All School Districts Of County

Phillips Petroleum Co. No. 1 Herrin, P. H. Anderson Survey, wildcat six miles northwest of Haskell, swabbed 35 barrels of oil and two barrels of water in two hours, on the last reported gauge for the possible Strawn sand discovery well. The well is being completed through perforations at 4,855-65 feet.

REV. O. K. OELKE, Lutheran Pastor; REV. C. N. ROTH, Lutheran Pastor-Architect

Education Service For New Trinity Lutheran Church Planned April 15th

Education service will be held Trinity Lutheran Church in newly-completed building at Haskell, Sunday April 15th. The church was formerly at Irbey, 12 miles east of Haskell, until the modern new structure was erected on outskirts of this city. The morning service of dedication will be performed by Rev. O. K. Oelke. The service will be presided by Rev. C. N. Roth, District President of the Lutheran Church. The newly organized Lutheran Choir will sing. The afternoon service will be in the nature of a homecoming service and neighboring Lutheran organizations will participate. This service will be in charge of Rev. M. C. Hoermann of Knippa, Texas, and Rev. A. H. Muehlrad of Priddy, both former pastors of the church here.

Education Service For New Trinity Lutheran Church Planned April 15th

The evening service is to be a community service at which time local Protestant pastors and choirs will participate. A basket dinner will be served free both noon and evening. A special offering for the building fund of the church will be taken at the three services.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

30 Years Ago—April 2, 1931

A blizzard which brought the coldest weather of the winter, together with rain, sleet and snow, struck this section last Thursday. Widespread damage resulted to early gardens and farm crops, and it is feared that the fruit crop will be a total loss.

Contracts have been awarded for all construction work on highway 30 north and south through the county, according to the State Highway Department following the letting of contract to L. E. Whiteham & Company, Austin, to hard-surface the 14.3 mile stretch between Haskell and Stamford.

Jesse L. Collier, Haskell merchant, was elected Chief of the Haskell Fire Department at the regular meeting this week. He

succeeds J. E. Ellis, former Chief who resigned.

The five room home of Mrs. J. T. Pirtle in the east part of town was destroyed by fire believed to have started in a defective flue Sunday morning about 10 o'clock.

Misses Nettie and Marguerite McCollum spent the week end in Wichita Falls, guest of Miss Lela Welsh.

Contract for repairing, remodeling and enlarging the Haskell County Courthouse was awarded by the Commissioner's Court this week to Sampson Construction Company of Lubbock. The Lubbock firm's bid of \$109,400 was the lowest submitted by twelve contractors seeking the job. Work is to start by April 15, with completion date set November 1st this year.

Cotton production in Haskell County was 30,018 bales from the 1930 crop, compared to 24,682 bales produced in 1929, according to the Government report of ginners.

Members of the One Act Play of Haskell High School that will compete in the District Interscholastic League Meet went to Seymour Friday night for a performance of the play. They were Misses Elizabeth Gilbert, Lillian Kaigler, Gilbert Wilson and Ed Hester. They were accompanied by their teacher, Mrs. C. M. Kaigler.

40 Years Ago—April 8, 1911

Rev. C. B. Meador announced this week that Hon. Wm. J. Bryan had accepted an invitation to speak in Haskell. He will deliver a lecture at the new Methodist Church April 18 at 8 p. m.

Figures released by the Census Bureau, from the count made last year, gives the population of Haskell as 2,436.

Messrs. Cogdell and Stokes shipped fourteen cars of cattle to market this week. They also sold J. V. Hudson a bunch of butcher steers for his market.

English Bros. also shipped a car of fat steers to market.

Harry Brewer has returned to Haskell and is now working at Collier's.

S. W. Scott and A. L. Swope were elected Tuesday as members of the School Board.

Lightning killed two steers at the oil mill feed lots Sunday night.

Cpt. M. W. Roberts made a trip to Bell County last week and while there purchased 200 acres of land adjoining his farm four miles northwest of Haskell which was owned by a Bell county resident.

Last Saturday a large crowd assembled at the railroad tracks near the light plant to watch a railroad crew get a passenger engine and tender on the track. The 10' coking passenger train ran on to a siding and over a derrick and the engine and tender ran into a ditch and within four feet of the light plant building. No one was hurt.

C. W. Turner left Monday for Atoka, Okla., where he will engage in the hardware business.

Mr. and Mrs. Sumner Boone of the Boone Ranch in the northeast part of the county, visited their parents, Mr. and Mrs. J. S. Boone this week.

Lee Pierson has closed a contract for the erection of two buildings on the north side of the square. The wooden buildings formerly occupied by Cude's Confectionery and Sanders & Wilson abstract office have been moved into the street in order to permit start of work on foundations for the new buildings.

Judge and Mrs. A. C. Foster of Rule were visitors here Wednesday. Mrs. A. B. Mason of Sweetwater who is visiting them, came to Haskell with them.

Mr. and Mrs. Chas. McGregor who have spent the past few weeks on their farm on the Brazos in the northwest part of the county have returned home. Mr. McGregor says he has 1200 acres

now in cultivation. J. R. Snodgrass, who is working a part of the McGregor farm, was also here Thursday. He has 18 big mules pulling farm machinery and they are counting on a big crop. As dry as it was last year, the McGregor farm made 75 bales of cotton and large amount of grain and feed.

50 Years Ago—April 13, 1901

Surveyors for the KCM&O Railroad are working south from Chillicothe toward Haskell.

Mr. Reedy has discontinued the sale of mineral water, ciders, etc., and will devote his attention strictly to his cafe business, except that he will keep candies and fruits for sale.

T. G. Carney has bought J. W. Wright's wind grist mill and will run it at capacity making meal and chops.

S. P. Fletcher of Burnett has bought a 9 acre block of land on the east side of town, and plans to move here.

S. L. Robertson and T. Jones were elected trustees for the Haskell school district in the election last Saturday. Hold-over member of the Board is R. B. Fields.

Fred Halsell of the Circle Ranch, spent several days in town this week.

Mr. Griffith is building a nice 6-room residence in the south-east part of town.

G. L. Maloney left this week for Dallas, where he has accepted a position with the M. K. & T. Railroad in the livestock shipping department.

Mr. and Mrs. J. W. Bell went to Abilene Thursday to visit relatives.

D. M. Winn has hold of a pig that he would like to turn loose if the owner will show up. He found it deprecating his premises contrary to provisions of the hog law.

R. D. Smith, our old townsman, was up from Abilene this week seeing Haskell friends and looking after some business matters.

J. P. Marchbanks has bought R. D. (Bud) Smith's place in the west part of town.

Miss Allie Frost arrived home Saturday night from Sherman, where she has been attending school.

W. M. Reedy has secured the services of a Mexican who is an expert at making chili, and will serve that popular dish at his restaurant.

Mayor Hunt Leaving This Week-End For California Visit

Mayor Courtney Hunt of this city and A. H. Weir of Graham, former Haske businessman, plan to leave this week end on a trip to Los Angeles, Calif., where they plan to spend about two weeks.

During the absence of Mayor Hunt, Alderman A. M. Turner will serve as Mayor pro tem in the transaction of any City business.

Notice Of The Filing Of Application To Make, Oil, Gas And Mineral Lease

Estate of June Oates, Et Al, Minors, No. 1590. In The County Court of Haskell County, Texas.

To All Persons Interested In The Estate of June Oates, Sandra Lee Oates and Cynthia Jenkins, Minors:

Notice is hereby given, that on the 3rd day of April, A. D. 1951, I, Mrs. Alma Oates, guardian of the estate of June Oates, Sandra Lee Oates and Cynthia Jenkins, minors, filed with the County Clerk of Haskell County, Texas, a sworn application for authority to make an oil, gas and mineral lease on and covering the following described real estate, belonging to the said minors, to-wit:

An undivided 3-44th interest (1-44th interest each) in and to 200 acres of land, lying and being situated in Haskell County, Texas, and being the East half (E 1-2) of Subdivision No. 28 of the Red River County School Land League No. 74, patented to the School Commissioners of Red River County on February 22, 1875, by Patent No. 554 Vol. 20, Abst. No. 348, and for further description of said Subdivision No. 28, reference is here made to Vol. 2, Page 212 of the Surveyor's Records of Haskell County, Texas, said East half (E 1-2) of said Subdivision No. 28, containing 200 acres of land, less a strip 20 feet wide off of the North side reserved for public road purposes, and being the same land conveyed to J. J. Oates by H. E. Whiteside by deed dated January 11, 1911, recorded in Vol. 49, Page 406 of the Deed Records of Haskell County, Texas, to which deed and the record thereof, reference is hereby made.

Said application will be heard by the County Judge of Haskell County, Texas, in the County Court room, at the court house, in Haskell, Haskell County, Texas, on the 18th day of April, A. D. 1951, at 10:00 o'clock, A. M., same being the time, place, day, and date, when and where said application will be heard by the County Court of Haskell County, Texas, and the Judge thereof, sitting in matters of probate.

Mrs. Alma Oates Guardian of The Estate Of June Oates, Sandra Lee Oates And Cynthia Jenkins, Minors.

16 Million Bale Cotton Crop Is Asked For '51

Cotton can be harvested efficiently with mechanical pickers and strippers — if proper methods of production and preparation for harvesting are used.

The results of mechanical cotton harvesting experiments conducted by the Texas Agricultural Experiment Station in 1948, 1949, and 1950 at Lubbock Temple, Denton and College Station are given in Progress Report 1337 and are the basis for the above statement.

Stripping machines are generally used on stormproof or storm-resistant varieties of not more than cotton with a stalk height of more than 30 inches. Approximately 50 percent of the cotton grown on the High Plains in 1949 was harvested with mechanical strippers.

Picking machines will not successfully harvest stormproof cotton. During the past few years, mechanical pickers have been used in South and Central Texas to pick cotton of open-boll varieties. Approximately 300 of these machines were used in Texas in 1949 and 1950.

Production methods should be used that will make the harvesting operation more efficient and these differ for the two types of harvesting machines.

General recommendations for producing cotton to be harvested with mechanical pickers and strippers are given by the research workers.

Plant in 40-inch rows. Plant storm-resistant or storm-proof cotton for harvesting with a stripper and open boll type for harvesting with a picker.

Space plants from two to six inches per foot, depending upon soil fertility and moisture conditions. Such spacing tends to keep the stalk size down for harvesting with a stripper and helps to keep branch limbs short for harvesting with a picker.

Plants should also be spaced evenly. Hill-drop planting is not advised if harvesting is to be done with a stripper. When the picker is to be used, cotton may be hill-dropped with short spacing.

For the late cultivations, sweeps should be set so as to leave the middles lower than the ridge of dirt at the base of the plants.

A copy of Progress Report 1337 can be obtained by writing to the Publications Office, Texas Agricultural Experiment Station, College Station.

Joe Thomson Will Take Course In Washington, D. C.

Joe Thomson, owner and proprietor of Service Cleaners of this city, will leave today for Washington, D. C., where he will attend the National Institute of Cleaners and Dyers for three months.

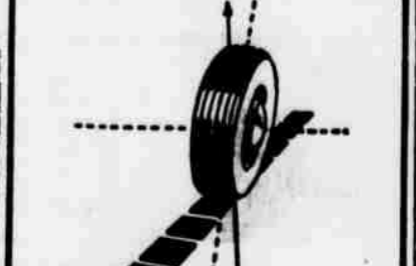

Mr. Thomson will take a general course in cleaning, dyeing, and finish work of all types of clothing fabrics.

HASKELL VISITORS Mrs. L. B. Grappe and son, Larry, visited in the home of her parents, Mr. and Mrs. R. C. Lowe the past week. M-Sgt. Grappe came for them over the week end.

VISIT IN GARLAND Mrs. W. D. Gilleland and Mother, Mrs. R. N. Atchison, visited Mrs. Gilleland's son, J. C. McDonald and family of Garland, Texas last week.

 sentatives; Miss E. E. Sparks, if

SAFETY CHECKUP URGED FOR GOOD OF CARS AND DRIVERS

The average age of passenger cars on the road today is more than eight years, despite four years of booming automobile production, the National Safety Council reports.
 In 1949, the latest year for which detailed figures are available, 42 per cent of the cars in use were 10 years old or older, as compared with 17 per cent in 1941.
 The Council warns that the large number of older cars on the highway makes conservation and preventive maintenance imperative as war clouds again force steel, rubber and other material into military production.
 To make both cars and drivers last longer, the Council urges regular inspection and repair of the following safety check points:
 Brakes—must stop car in 30 feet from 20 m.p.h. and take hold evenly on all wheels.
 Lights—headlights at level to give maximum illumination with minimum glare. All lights clean and operating.
 Tires—keep at proper inflation

and replace if fabric shows or there are cuts and breaks.
 Steering and wheel alignment uneven tire wear and excessive play in steering wheel are warn- ings for thorough mechanical check.
 Exhaust and muffler—keep tight and free from rust holes or leaks.
 Defroster and windshield wipers—good operation is necessary to visibility.
 Horn—must be audible 200 feet without undue loudness.
 Glass and mirrors—clean and unobstructed for maximum visibil- ity.

living, and if dead her unknown heirs and representatives; all of whose addresses are un- known, and F. E. Tibbets, (Al- las L. E. Tibbets), as Defend- ants.
 The nature of said suit being substantially as follows, to wit:
 Plaintiff sues in trespass to try title, as well as for damages for the title and possession of the following described lands and premises situated in Haskell County, Texas, to-wit:
 Being all of Lots Nos. 1, 2, 8, 9, 10 in Block No. 29 of the A. B. Carothers Addition to the town of Rochester, in Haskell County, Texas; and also being all of Lots No. 1, and 2 in Block No. 11, of the A. B. Carothers Addition to the town of Rochester, in Haskell County, Texas.
 Plaintiff specially pleads the 5 and 10 years statutes of limita- tions, as provided by Articles 5509 and 5510 of the Revised Civil Statutes of Texas, 1925, (Ver- non's Civil Statutes of the State of Texas, Annotated) as a basis for his title to said above de- scribed lands and premises, and prays for judgment against the defendants for the title and pos- session of same, rents, damages, cost and for general relief.
 Issued this the 2nd day of April, 1951.
 Given under my hand and seal of said Court, at office in Has- kelle, Texas, this the 2nd day of April A. D. 1951.
 (Seal) Jesse B. Smith, Clerk District Court, Haskell County, Texas. 14-17c

Agent Tells Ways For Stretching Food Budget

With skyrocketing food prices facing the homemaker each time she goes grocery shopping, saving menus and careful planning are becoming more and more necessary. Thelma Wirges, County Home Demonstration Agent, has a few tips for homemakers to remember when buying food.
 First, she says, buy those foods which are in season and are plentiful. Right now plenti- ful food include onions, apples, oranges, potatoes, celery, rutab- agas, pork and frozen fish.
 Next, she advocates using the Texas Food Standard as a guide and food plan. A copy of this may be secured from her office. If this standard is fol- lowed, the homemaker will know that she is receiving foods nec- essary for good nutrition. Miss Wirges says that when families are poorly fed, usually the foods they omit are most often milk and milk products, green leafy vegetables, and citrus fruits.
 Governor Blinn Graves of Ala- bama appointed his wife as Sen- ator in 1937.
 Benjamin Franklin's picture appears in every copy of the Sat- urday Evening Post.

Marriage License Issued Eighteen Couples In March

Eighteen couples were issued marriage license during the past month, according to records in the office of County Clerk Horace Oneal.
 Securing license during March were:
 Hugh Robert Cain and Gladys Lena Chandler.
 Marvin Winford Jenkins and Floy Mae Hutchens.
 Charles Ray Blair and Frances Loujean Briscoe.
 Ray Neal Sims and Wanda Mae Raughton.
 Wayland Bryant Tidrow and Opal Mae Trussell.
 Eldon Gene Thane and Cathryn Edna Smith.
 Tom Curry Wyatt and Rowena Earnestine Schooley.
 Richard Orville Darden and Mary Ellen Trussell.
 Leon Clarence Stegemoeller and Lilly Mae Baitz.
 Ralph Edwin Halley and Dor- othy Evelyn Koonce.
 D. L. Bullock and Edna Pearl Kirkland.
 Charles Wendell Smith and Daisy Lou Harrell.
 Glen L. Hines and Ouida Bell Gibbs.
 William Eugene Daughtery and Frankie Pearl Young.
 Thelms Henderson and Edyth Frances Parsons.
 Howard Edward Brass and Bobbie Jean Johnston.
 Thomas Gary Besty and Billie Marie Hare.
 Buford Benjamin Stroud and Virgie Helen Lakey.

Mrs. J. F. Cadenhead Will Present Pupils In Piano Recital

Mrs. J. F. Cadenhead, Sr., will present her piano students in recital at the First Baptist Church Friday evening, April 13 at 7:30 o'clock.
 The public is invited to attend the program.
 The Alamo is derived from the Spanish name for cottonwood, a species of popular tree common in Texas.

Call to Action

HAVE you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action.

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample roadweight magnificently poised on coil springs which individually cushion every wheel.

There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.

And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflo Drive—not as an "extra," but as a standard ROADMASTER feature.

So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!

Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

Equipment, accessories, trim and models are subject to change without notice.
 Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

Cotton Dusters, Suit-Dresses Lead The Fashion Parade For Summer

Summer is just around the corner. Although March winds may howl, sunbeams are beginning to peek through and reassure the world that the days are not far away when cumbersome, drab winter clothes can be packed away in moth balls and fresh, colorful summer cottons donned to welcome fair and warmer weather.

Now's The Time To Groom Your Flower Garden For Spring

Flowers are loved and desired by almost everyone and they can add to the landscaping of your home if they are chosen carefully and their location wisely selected. Sadie Hatfield, specialist in homestead improvement with the A&M College Extension Service, says that good grooming on the lawn and in the flower garden is just as necessary as it is for the person.

The earliest cotton fashion to make their debut on the 1951 summer fashion scene will be smart dress and redingote or duster combinations, as well as the everpopular cotton suit-dress.

When the thermometer shoots upward, such chic duster and dress duos as the one created by Stanley Wilkins will be among the first to blossom. The sophisticated duster is in sun-yellow checked gingham, designed without a collar and with short, wide-cuffed sleeves and two big cuffed pockets. As a duster, it is worn belted, but it can be converted into a dress with the addition of a belt. The dress worn with the checked duster is a sleek, camisole-top plain yellow sheath in soft cotton. It buttons to the waistline which is cinched tight with a self belt, and the smooth skirt has two slit pockets.

Another duster-dress team that is good fashion news this season is designed in a homespun type of cotton by Loomtogs. The halter sheath dress is styled in checked Reeves "cloth of the island," while the companion duster, cut like a man's shirt, is created in a solid colored cotton fabric.

Suited to spring and summer travel or town wear is a three-piece design in cotton Panama cloth, a crisp, wrinkle-resistant menswear type of suiting. Designed by Dorothy Cox, the three-piece outfit can be adapted to many occasions. The skirt is straight and slim and can be worn with the strapless camisole top for sunning or dancing. Addition of the classic jacket, fitted, with a double row of buttons down the front and three-quarter length sleeves, the ensemble is ready to go almost anywhere.

Another suit of distinction is designed by Herbert Sondheim in wrinkle-shed cotton suiting. There is touch of Paris in this design in the oblique closing on the jacket, with buttons march-

Perennials are recommended by the specialist because they have been tested and proved reliable and hardy. Plants giving a long season of bloom are preferred, but the specialist warns a gainst growing plants that will turn into a pest. For instance, hollyhock seeds are scattered about sometimes and they take up a lot of space that could be used for other plants.

Perennials grow in beds, rock gardens, in front of shrubs, along walls, or in the vegetable garden. Miss Hatfield suggests that plenty of room for each plant and variety be allowed. If perennials are grown with a hedge background they should have three to five feet of space between them and the hedge.

Annual flower perennials, the specialist says, belong in the service area or private area just as much as they belong in the front yard, which is generally considered more of a public area. To insure neatness she suggests making a plan on paper so each variety will be placed properly. Some of the perennials which thrive in almost all parts of Texas and require relatively little water are the Aster, Chrysanthemum, Dianthus barbatus, Linum, Gaillardia, Grape Hyacinths, Gypsophila, Helianthus, Hollyhock, Hemerocallis, Iris-bearded, and Sedum spectabile, and the Yucca. These plants may be left in the ground during the winter months.

Ideal arrangements in the home laundry of the many modern conveniences available to housewives can do away with old-fashioned washday drudgery.

ing from shoulder to waistline diagonally. The skirt has the slowness that is a definite 1951 fashion trend.

Ceiling Price Regulations Go In Effect April 1 for Cafes and Boarding Houses

"Approximately 2,400 public eating and drinking places in the 53-county district of the Fort Worth Office to Price Stabilization will be placed under ceiling price regulations April 1, Ellis H. Boyd, Acting District Director, said. Haskell County is in the Fort Worth district.

Restaurants, cafeterias, boarding houses, and other public eating places are allowed to adjust their menu prices to reflect actual increases in food costs, but are prohibited from any increase in markups, under provisions of Office of Price Stabilization Ceiling Price Regulation 11.

The regulation makes it mandatory for restaurants and other public eating places to reduce prices when costs decline, or if margin markups have been increased. "They are permitted to raise prices only when actual food costs increase to them," Boyd explained. "It requires them to give the public the same dollar value of food per dollar of sales as they did prior to July 1, 1950. This will result in a roll back for restaurateurs who increased their margins after July 1, 1950."

"Under the Formula worked out," Boyd said, "the menu prices will be stabilized automatically when the cost of commodities used by eating and drinking places are stabilized. This regulation does not allow any restaurant to reflect a higher markup than was used during the base period of the regulation, either the calendar year 1949 or July 1, 1949 to June 30, 1950."

Certain restaurant prices are frozen at the level prevailing during the period of January 16,

1951 through January 25, 1951. If during this period, for instance, a restaurant offered combination meals, such as plate luncheons, then it must offer a specified number of its lowest price combination meals at the base week price if it wishes to continue with special plates.

Under the General Ceiling Price Regulation of January 26, menu prices were frozen at the highest levels of the base period, December 19, 1950 to Jan. 25, 1951. Since many agricultural prices were exempted in the CCPR because they were below parity or because of unusual marketing factors, public eating places have been confronted with rising costs.

Essentially the regulation provides for ceilings based primarily on controlling the markup over the cost of food. Under the regulation every restaurant must fix its prices so as to maintain for a four-month period, starting April 1, 1951, a "Food cost per dollar sales" which is no longer than in the base period.

Boyd said there are 2,044 retail stores in the Fort Worth District that must file price charts under Regulation 7 with his office prior to April 30. Unless these charts have been received and acknowledged by his office prior to May 30, the retailers cannot sell items under Regulation 7.

The shot which started the Texas-Mexican Revolution was fired at Gonzales, Texas on Oct. 2, 1835.

After sundown it is colder on a desert than in a forest. Sand loses heat while trees hold it.

Reduction in Train Fares for Military Personnel Extended

Reduced furlough fares on all railroads for military personnel traveling in uniform at their own expense have been extended to January 31, 1952, it was announced today by Earl B. Padrick, Chairman of a group of passenger traffic officers of the nation's railroads who met in Chicago. The reduction in furlough fare for members of the armed forces would have expired on March 31, Mr. Padrick said.

Mr. Padrick also stated that the return limit for using the round-trip tickets, good in coaches only, had been extended from 30 days to three months. This action provides fares for military personnel at the rate of 2.025 cents per mile or less which means a saving of up to one cent per mile, Mr. Padrick declared, and includes regular stop-over and baggage privileges.

Approximately 15,000 Texas 4-H boys have been awarded breeding animals as a result of the Sears-Roebuck Foundation sponsored pig program. The program has been operating in the state for 14 years.

Court House News

Aldavid, T. R. Smith et al to R. C. Cooper et ux dec'd.

Pluto the Plesiosaur Finally Settled In Permanent Home

"Pluto the Plesiosaur," a nine-foot long porpese-like creature, has found a new permanent home in Baylor University's Strecker Museum.

Permanent, that is, if any thing is permanent. He perhaps thought he was settled for eternity when he curled up to die on the ocean floor some 75,000,000 years ago. He later became imbedded in rock.

Curious scientists found him in June 1948, however, in shale near Lake Waco dam. They carved out the rock and transported it, and Pluto, to Baylor. Only recently was Pluto completely re-assembled.

He now lies in the Strecker Museum. Baylor authorities have invited the public to come and view his naked bones.

The plesiosaur skeleton created quite a stir in geological and biological circles at the time of its discovery. Prof. Richmond Br-Museum. Baylor authorities have Prof. Bryce Brown, biologist and curator of the Strecker Museum, said the plesiosaur swam in a shallow inland sea which covered much of the area west of Waco, Austin and San Antonio millions of years ago. Other authorities have proclaimed Baylor's "Pluto" the most complete specimen of this particular fossil ever to be found.

He Sold More When He Had A Store

Says Harry Hazard

Store owners, could you end up as a pitchman because of inadequate insurance? Not fire alone, but many hazards could make a pitchman of you.

Be smart, advises Harry Hazard, the famous danger detector, by getting all the facts on complete coverage from:

You'll have oil!

The oil industry is better prepared than ever before in history to supply the country's needs for petroleum products. Continuous exploration and development have established the necessary reserves, refining capacity has been increased, transportation facilities have been improved and extended.

Operating competitively in free America, the oil companies have brought U. S. oil resources to a state of readiness not equalled in any other country.

In the past year, the daily needs of the American people plus the extra needs of national defense increased the demand for oil by about

a half-million barrels daily. It was produced at once. Cars and trucks continued to roll, farmers' equipment stayed in the fields, industries powered by oil continued to operate; not an airplane was grounded, not a ship stayed in port, for lack of fuel.

Nevertheless, the industry recognizes that all-out defense preparations will pose many new problems; that some petroleum products may be reduced in quality; that some sacrifices may become necessary.

But the oil is here; it's available. You'll have oil.

Corn Muffins
1/4 cup sifted, all-purpose flour
1 1/2 cups corn meal
4 1/2 teaspoons baking powder
2 tablespoons sugar
1 1/2 teaspoons salt
1 well-beaten egg
1/2 cup Pet Milk
1/2 cup water
1/4 cup melted shortening

Sift together flour, corn meal, baking powder, sugar and salt. Add, all at once, a mixture of egg, milk, water and shortening. Mix quickly but thoroughly. Pour into 12 greased 2-in. muffin cups, filling about 3/4 full. Bake in hot oven (425) 20 min., or until brown.

You Will Need:
Pet Milk, Eggs, Corn Meal, All-purpose Flour, Shortening.

What The First Christian Church of Haskell Believes

The word "loving the church" is foreign to the New Testament. The word "love" is used in the New Testament to mean "to love God" and "to love one's neighbor." The church is a community of people who love God and love one another. The church is a place where people can find God's love and grace.

- Acts 1: The three thousand.
- Acts 2: The church.
- Acts 3: Paul, (also Acts 22 and 26).
- Acts 4: Cornelius.
- Acts 5: The Philippian jailor.

1. Believe in Christ with the whole heart.
2. Repent of their sins toward Christ.
3. Confess their faith in Christ.
4. Be Baptized into Christ.
5. Continue steadfastly in the faith.

In each case faith is commanded, stated, or strongly indicated. Repentance is once commanded, three times shown, and once implied. Confession is once implied, once given. Baptism is in each case stated and three times commanded.

The righteous life is in every case commanded or shown in subsequent chapters. The New Testament thus plainly gives us exactly what it is that Lord Jesus requires.

Revival Meeting to Begin April 11 At 5th Street Baptist Church, Rule

Rev. Jesse Jones, pastor of the 5th Street Baptist Church in Rule, has announced a 12-day Revival Meeting at the church which will begin Wednesday April 11th and continue through Sunday, April 22nd.
The Rev. Elmer Taylor of Elctr, Texas, will be the evangelist for the meeting, and Rev. L. B. Ward of this city will lead the singing.
Gospel preaching and gospel singing will be featured during the revival, Rev. Jones said. He will also assist in the services.
Morning services will be held at 10 o'clock, and night services at 8 o'clock during the revival.
Congregation of the Rule church join the pastor and revival leaders in extending an invitation to the people of Rule and surrounding territory to attend all services possible during the meeting.

Evangelist

Lions Show Film Of Atomic Bomb Devastation

The terrible destructiveness of the atomic bomb was vividly portrayed to members of the Lions Club, when a film of bombed-out Hiroshima and Nagasaki was shown at the club's regular noon meeting and luncheon in the Texas Cafe Tuesday. Program directors for the day were Lions Bill Lawson and Cecil Gregory, who secured the film for showing.

REV. L. B. WARD
Singer

Views showing the devastation at Hiroshima, where the first atomic bomb was dropped during the war with Japan, showed total destruction of everything for a distance of six-tenths of a mile from the center of the blast. For a distance of a mile to a mile and one-half, destruction was almost complete, the film showed, with only portions of some structures withstanding the explosion. Blast damage extended for a total distance of two and one-half miles from the center of the explosion, the picture revealed.

Portrayal of the bomb blast at Nagasaki showed that 42.5 square miles of the Japanese industrial city to have been destroyed, with the destructive force of the explosion extending for a distance of 12 miles in the mountainous valleys surrounding the city.

Showing of the film was termed one of the best programs presented at the Club in several months. One of the highlights of the meeting Tuesday was the presentation of awards to Lions J. M. Crawford and Willard Warren who secured two new club members during the recent membership drive, and to Lions Olen Dotson and Wm. J. Kemp, each of whom secured one new member.

New members present at the meeting were Hallie Chapman, W. E. Meek and Clinton Smith. Guests were Sidney Lanier, Rev. Russell Bennett and John R. Watson, Jr.

DAUGHTER BORN TO MR. AND MRS. R. S. SANDERS
Mr. and Mrs. R. S. Sanders of Weinert are the parents of a baby daughter, born Tuesday April 24 at 6:30 p. m. in the Haskell hospital. She weighed six and one half pounds. Grandparents are Mr. and Mrs. Ras Gideon of Winters and Mr. and Mrs. A. J. Sanders of Weinert.

Ranchers Seeding Land With Bluestem

The following cooperators of the Wichita Brazos Soil Conservation District have planted King Ranch bluestem in the past few weeks: Richard Mathis, A. B. Hutchens, Ira Short, Chester Jones, and Ferber Chambers all near Judd; Dave Persons and Ira Grindstead near Rochester; Calvin Frierson Virgil Sonnomaker, Alfred Turnbow, E. H. Burnett, Garvin Fooks, John Wallace near Haskell; C. P. Eager, A. R. Reeves, G. B. Therwanger, R. C. Couch, Jr., J. R. Fouts, Mrs. R. B. Guest, Hubert Sego, Robert Edwards, and Floyd McGuire all near Weiner; Roy Smith, and George Stubbs near Knox City, and the McFaddin Ranch near Benjamin. The League-Davis Ranch near Benjamin, is continuing the planting of King Ranch bluestem. This land that is being planted to be used for grazing livestock and is a part of their conservation plan to use their land according to its capabilities.

The planting of sweet clover is continuing with H. D. Gammill of Rochester planting Hub-an, John Wallace of Haskell planting Madrid, Joe Ferguson of Weiner planting Evergreen, C. C. Browning of Truscott planting Evergreen, W. M. Ford of Vera planting Evergreen and Madrid, Leonard Wilcox will plant Evergreen and Madrid, and Louis Farmer plans to plant Evergreen. Technicians of the Soil Conservation Service are assisting these cooperators in this part of their conservation plan.

You Are Responsible

And We Appreciate It
As Our Service Will Verify

We have sold more gas in the first six months since purchasing Hattox Humble Station than we expected to sell in the entire year — more than we thought could possibly be sold in that length of time. We sold more gas in the month of March than any Humble station in our district. Our customers are responsible for this fine business and we want you to know we sincerely appreciate it. THERE IS A REASON FOR THE INCREASE IN SALES — VISIT US AND LEARN FOR YOURSELF.

WE GIVE

which means extra
savings to you if
your bill is paid by the 10th

**FREE Radiator
Drain**

Bring your container and we will drain your antifreeze, flush and refill your radiator with soft water without charge. We are doing this in appreciation of your fine patronage and want you to take advantage of this service. If you haven't tried our service come by and meet Buck King and his crew for service you will appreciate.

For Economy and Safety

Have us balance your tires. Tires are scarce and hard to get and a properly balanced tire will last much longer, also be much safer. We have the Hunter Tune'n machine which is as good as you will find.

Tires and Batteries

We handle two well known lines of tires, Seiberling and Atlas, also Atlas batteries. See us and get our prices for your tire and battery needs.

Your

News From Sagerton

Word was received from Pvt. Ernest Bredthauer, son of Mr. and Mrs. C. C. Bredthauer, that he is back in action in Korea, after being hospitalized with frost bite. He has been awarded the Purple Heart.

Mrs. Edgar Jennings entertained the ladies of the Stitch and Chatter Club at her home Wednesday afternoon, March 28. The ladies were delighted to have a former member, Mrs. W. P. Caudle, now of Ropesville, as their guest. Members present included: Meses. Ben Hess, R. O. Gibson, Sr., R. N. Shield, John Clark G. A. Leach, Cliff LeFevre, M. Y. Benton, Anna Hankins, Pete Lusk and the hostess.

The Sagerton Home Demonstration Club met Tuesday afternoon, March 27, in the home of Mrs. Ewell Kitley. Margie Lehmann, a member of the Sagerton 4-H Club showed the ladies how she has learned to put a hem in a dress. Another 4-H girl, Glenda Clark, was also present, after the business meeting, which was directed by Mrs. Reece Clark, president. Mrs. John Clark gave a timely topic and Mrs. Ewell Kitley gave a slick trick.

Refreshment plates, consisting of a salad, potato chips, olives and cookies were served with cokes and coffee.

Those present were: Meses. John Clark, Pete Kitley, Edward Nieman, Reece Clark, Delbert LeFevre, Charles Clark, J. C. Kainer, Glyn Quade, C. E. Stegemoeller, A. C. Knippling, Will Stegemoeller and Misses Margie Lehmann and Glenda Clark, and the hostess. The next meeting will be April 10, in the home of Mrs. J. C. Kainer.

Gail Denise, little daughter of Mr. and Mrs. Clancey Lehmann, was baptized at the morning services of St. Paul's Lutheran Church Sunday by the pastor, Rev. O. K. Oelke.

Mr. and Mrs. M. Y. Benton spent the week-end with Mr. and Mrs. Yater Benton, Jr. and daughters in Fort Worth.

Larry Quade, son of Mr. and Mrs. Glyn Quade, was honored on this fifth birthday with a party March 28, Wednesday night. The children present were: the honoree, his little brother, Lyndell, Linda and Ann Jennings, Linda and Larry LeFevre, Jane and Winston Ulmer, and Kenny Nieman. The children played while their parents enjoyed games of 42. Pieces of birthday cake, cookies, sand-birthday cake, cookies, sandwiches, and pops were served to the children and the following parents: Mr. and Mrs. Edward Nieman, Mr. and Mrs. F. A. Ulmer, Mr. and Mrs. Edgar Jennings, Mr. and Mrs. Delbert LeFevre, and the host and hostess.

Friends and relatives dropped in at the home of the newly weds, Mr. and Mrs. Leon Stegemoeller, for an old-fashioned chiveree and surprise party Tuesday night, March 27. They live on the Quade farm southwest of Sagerton. They have recently returned from a honeymoon to points in South Texas. Approximately 51 guests were present.

Larry LeFevre celebrated his third birthday, April 1, Sunday with a party in the home of his parents, Mr. and Mrs. Delbert LeFevre. "April fool clothes" made from ice cream cones, cookies and punch were served to the following children: Larry and Lyndell Quade, Jerry and Tommy Manske, Linda LeFevre and the honoree. The grown-ups were served pieces of birthday cake, which was made for Charles Clark, who also observed his birthday Sunday, sandwiches, and punch. Others present were: Mr. and Mrs. Glyn Quade, Mr. and Mrs. Cliff LeFevre, Mr. and Mrs. Will Stegemoeller, Charles Clark, Mrs. Oscar Manske and the host and hostess.

Royal Ambassadors Take Part In Rule Service Sunday

Ten Junior boys of the Royal Ambassadors order from the First Baptist Church participated in a very inspirational recognition service at Rule Thursday evening. They received their commission for having passed their requirement as "Page," and James Norman as a "Knighth."

The boys were: Don Pennington, Rodney Davis, Freddie Brown, Buddy Herren, Paul Loyd, James Norman, Rodney Brown, Phillip Norton, Billy Norton, John Seay.

Mrs. Bill Pennington, Mrs. Fred Brown and Mrs. Norman are their counselors and Mrs. Raymond Davis is Young People's Secretary.

OPS Controls Go On Slaughter Cattle During April

During April slaughters of cattle will be permitted to slaughter no more of these animals than the amount they slaughtered in April 1950 accounting periods, Ellis H. Boyd, Fort Worth District OPS Director, said.

There will be no quota restrictions for calves, sheep, lambs, and swine for April.

Slaughter quotas for all types of livestock were to have gone into effect April 1 under the original OPS regulation which was issued February 9.

Slaughters were required to apply for registration by March 15. However, because of delays in obtaining forms and due to administrative difficulties, OPS said, it has not been possible for all such slaughterers to apply for or receive their registration numbers.

If a slaughterer has not filed an application for registration or received his registration

number by April 15, he may not slaughter livestock after that date. Boyd emphasized that forms now are available and that it is the responsibility of the slaughterer to see that he obtains the proper forms in time to make his application.

The Supervisors of the Wichita-Brazos Soil Conservation District urge all land owners to work out a complete co-ordinated plan with the Soil Conservation District board. This plan, which is worked out by the farmers or ranchers assisted by technicians of the Soil Conservation Service, is based on using the land according to its capabilities and treating it according to its needs. All land in the District needs conservation, believe the Board. No two sections of land are exactly alike, so no one treatment would apply for all. The establishment of a

crop rotation including a legume is essential to maintain the organic matter of the soil.

The number of years that soil depleting crops such as cotton, maize, sudan, or wheat can safely be planted on the same land and then put to soil conservation crop has, in general, been worked out by the Soil Conservation District. This information is available to all farmers or ranchers who seek this information and intend to put it in practice on their land.

The planting of permanent grass and sweet clover at this time of the year by cooperators of the District is a part of their conservation plan to use the land right and maintain it for higher production in the immediate future, as well as for years ahead. The land owner who abuses his land by repeated cropping in cotton, maize, or wheat and does not turn under a green manure crop in an orderly rotation is not thinking of maintaining its fertility and standard of living.

Abraham Lincoln was the first president to wear beard.

Soil Conservation Plan Recommended For Every Farm

The Supervisors of the Wichita-Brazos Soil Conservation District urge all land owners to work out a complete co-ordinated plan with the Soil Conservation District board. This plan, which is worked out by the farmers or ranchers assisted by technicians of the Soil Conservation Service, is based on using the land according to its capabilities and treating it according to its needs. All land in the District needs conservation, believe the Board. No two sections of land are exactly alike, so no one treatment would apply for all. The establishment of a

number by April 15, he may not slaughter livestock after that date. Boyd emphasized that forms now are available and that it is the responsibility of the slaughterer to see that he obtains the proper forms in time to make his application.

OPS Controls Go On Slaughter Cattle During April

During April slaughters of cattle will be permitted to slaughter no more of these animals than the amount they slaughtered in April 1950 accounting periods, Ellis H. Boyd, Fort Worth District OPS Director, said.

There will be no quota restrictions for calves, sheep, lambs, and swine for April.

Slaughter quotas for all types of livestock were to have gone into effect April 1 under the original OPS regulation which was issued February 9.

Slaughters were required to apply for registration by March 15. However, because of delays in obtaining forms and due to administrative difficulties, OPS said, it has not been possible for all such slaughterers to apply for or receive their registration numbers.

If a slaughterer has not filed an application for registration or received his registration

R. W. Turnbow, new structure 1507 North 4th St. \$2,000.

E. G. Huttox, New residence, East one-half of Lot 1 in Block 4, Robertson & Day addition, \$9,000.

Cotton Production In County 62,003 Bales In 1950

Haskell County was the banner cotton producing county in West Texas in 1950, exclusive of irrigated areas, according to ginning statistics released by the census bureau of the commerce department in Washington.

Cotton ginned in Haskell County from the crop of 1950 totaled 62,003 bales, the report shows. In this immediate area, Jones County came next, with 44,610 bales, followed by Knox County with 30,782 bales ginned.

Cotton production in Haskell County for 1950 showed a decline of 34,345 bales from the 1949 figure, when 96,348 bales were ginned, the Government report indicated.

Despite this decline, the higher price received for last year's crop made it by far the most profitable from a revenue standpoint of any previous year, producers and buyers reported.

Complaint Charges Haskell Man With Knifing Negro

A Haskell man, about 42, was placed under \$500 bond Wednesday to await action of the Grand Jury in connection with a cutting and stabbing affray in which a Negro man, Cleveland Williams, also of Haskell, received severe knife wounds.

The affray occurred shortly after midnight Monday, and is believed to have taken place a short distance east of the square, officers said. The injured Negro was picked up and carried to the Haskell Hospital by two men who noticed him acting strangely. They did not see the affray they told hospital attendants and investigating officers.

County Attorney Royce Adkins, who assisted the Sheriff's department in investigating the affray, said the Negro received a severe cut which severed tendons in his right hand, and also suffered a stab wound in the back on the right side.

Complaint against the white man, signed by Deputy Sheriff Harry Donohoo, was for "assault with intent to murder," County Attorney Adkins said.

Outbreak of Rabies Among Stray Cats Reported at Sayles

Prevalence of rabies among stray housecats in the Sayles community southwest of Haskell has resulted in residents of that section taking precautions against an outbreak of rabies among house pets and possibly farm livestock.

First case of hydrophobia was suspected about a month ago, when a stray cat attacked a dog, and then scratched and bit a farm woman. The cat was killed and its head sent to Austin, where officials of the State Department of Health reported the animal to have been rabid, and recommended that the woman take precautionary treatment.

H. D. Bland of Sayles reported Tuesday that a second stray cat suspected of having rabies was killed on his place, and that he and his neighbors had killed several dogs and cats believed to have hydrophobia. Other residents in the vicinity are taking the precaution of having dogs and other house pets vaccinated, he reported.

The outbreak is believed to have been started by rabid skunks, farmers of the Sayles section believe.

1951 Tags Issued for 4707 Vehicles In Haskell County

A total of 4,707 motor vehicles had been registered in Haskell county Saturday night, March 31, final date for securing the 1951 license plates without payment of penalty. This total was reported Monday by Tax Collector-Assessor R. A. Coburn, who said that several late registrants had applied Monday, after the penalty had become effective on all vehicles which had been operated since Jan. 1 this year.

Passenger cars led in the number of vehicles registered, with 3,523 license plates for this type of vehicle being issued, the collector reported.

Truck vehicles, trucks and pick-ups, came next, with 658 plates issued in this division.

Commercial tags were issued to 378 operators, and 83 tractor license plates were required by operators of this type of carrier, and 81 trailer tags were sold.

New 1951 license plates were issued for 13 motorcycles and motor scooters, and 5 house trailers.

Dealers tags were issued to 16 automobile distributors in Haskell County to complete the registration total, Coburn said.

The Patent Office was the only public building left standing when the British burned Washington in 1814.

Haskell Band Wins High Rating at Waurika Festival

The Haskell Indian Band under direction of Bill J. Dean, recently brought back to Haskell two honors from the Fifth Annual Waurika Band Festival. The Haskell Band in open competition between top Oklahoma marching units and bands from the northern portion of Texas took its place in parade marching with a Division I plus.

Among these bands were four high school bands from Fort Worth, and of Oklahoma's finest marching bands Duncan Oklahoma. The band scored a 79 1/2 out of a possible 80 points.

Billy Adkins, Haskell drum major, took the honor of being

the outstanding drum major for the days activities. This was over some thirty bands. The festival lasted two days in which more than sixty bands competed. The Haskell Indians will make one other trip this year. This will be to Brownwood, where the band will take part in the region contest. The band will leave here the 27th of April, and will be there for one day.

Labor Day is the only national holiday recognized by Congressional action.

During a six-year period, 1941-1947, an average calf crop of 62 per cent was obtained from 63 cows that were grazed on a 646 acre phosphated pasture on the King Ranch, while 42 cows on a similar sized unfertilized pasture produced only 69 per cent calf crop.

By using the rapid milking procedure developed in recent years, dairymen can save as much as an hour a day in milking a 30 cow herd. This procedure is given in Extension Circular No. 290.

Mother of Two Praises Hadacol

HADACOL Supplies Deficient Systems With Vitamins B1, B2, Niacin and Iron

Mrs. Elmer Hise, 3225 2nd Ave., Council Bluffs, Iowa, is a good mother and like all good mothers she keeps a careful watch for the welfare of her two young children. And when little four-year-old Lucille Hise wasn't feeling as her mother knew she should do something about it, Mrs. Hise gave Lucille HADACOL because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B1, B2, Iron and Niacin. It helped her so much that now Mrs. Hise gives HADACOL to both of her children.

Here is what Mrs. Hise says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old before taking HADACOL my daughter complained of her stomach hurting and I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

HADACOL is so Effective An important thing about HADACOL is that you get Vitamins B1, B2, Niacin and Iron in liquid form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when iron is present) to carry these precious vitamins and minerals to every part of your body.
