

Grand Jury Returns Burglary Verdict; Takes Recess

"Be Guided By Facts and Your Own Conscience," Judge Chapman Counsels Members of New Grand Jury Monday

Commenting on the fact that several members of the Grand Jury were serving in that capacity for the first time, District Judge Ben Charlie Chapman briefly outlined the important duties of the body when he impaneled the new Grand Jury for the current term of 39th District Court Monday morning.

Judge Chapman explained that the primary duty of the investigating body was the consideration of evidence and facts relating to commission of felonies and pointed out that conviction for a felony could carry a penitentiary sentence. He added that complaints of misdemeanor offenses could be investigated by the body, if desired or recommended by the District or County Attorney. In his closing remarks, Judge Chapman counseled the jurors to be guided by "facts and your own conscience in all deliberations. When you have done that, you have discharged your duties as a Grand Jury," he concluded.

C. G. Burson was appointed foreman of the Grand Jury. Other members are Wix B. Currie, John Kimbrough, W. A. Montgomery, C. G. Hammer, Bill Richey, H. C. King, Hoyt Perry, Norman Nanny, Clinton Herren, Thurman Rhoads, Pat Ballard.

Appointed as riding bailiffs for the investigating body were Truett Cobb and Ewell Lusk, with Joe E. Pace named door bailiff.

Postoffice Will Be Open Until 5 P. M. On Saturdays

Beginning this week, the Haskell post office will remain open Saturday afternoons until 5 o'clock. Postmaster Harold Spain has announced.

During the summer months, the post office has closed at 12 noon on Saturdays to conform with recommendations of the Post Office Department.

However, during the rush fall season when there are many transient farm workers in the country and consequent heavier volume of business, Postmaster Spain said the local office would observe the longer schedule in order to better accommodate the increased number of patrons.

The longer schedule of opening hours will be followed during the fall months and until further notice, the postmaster said.

582 Bales Cotton Ginned Here From This Year's Crop

Gathering of the 1951 cotton crop gained momentum this week as the crop matured rapidly and more farmers began the harvest.

Up to Thursday morning, Haskell's five gins had processed a total of 582 bales this season. A survey of all gins in the county Monday showed that 1,700 bales had been ginned up to that time.

The labor situation is fair at this time, but is expected to become short when the harvest reaches its peak in about two weeks, according to R. E. McCandless, TEC farm labor placement agent in Haskell County.

Meeting of Oil Belt District, TSTA, Will Be Held Here Tuesday, Oct. 2

Local units representing 152 gins in the Oil Belt District, No. 1 of the Texas State Teachers Association will hold a district meeting in Haskell, Oct. 2. The meeting will be held in the High School auditorium, Supt. S. H. Vaughtner said today.

B. Passmore of Vernon, president of the Oil Belt District, informed Supt. Vaughtner that officers of each local TSTA unit in the district had been invited to attend the all-day session. A meeting will be in the form of a workshop for local unit members in District 7. Prominent educators will serve as consultants on the day's program.

Following the all-day District meeting, the executive committee of the Oil Belt District will meet in Haskell Monday evening at 8 p. m. It will be a dinner meeting at the Texas Cafe. One or more committee members are expected. A. B. Passmore, president, will preside.

The district meeting Oct. 2 will be with a general session at 8 a. m., with President Passmore presiding.

A keynote address opening the district session will be by Dr. W. S. Carroll, member of the executive committee, rural education department, NEA; and head of the school of education at Texas Technological College.

At 10:45 a. m. the session will break up into five sections for discussion or group meetings. These sections will include: Local Unit Presidents, with Laura Sheridan of Sweetwater as chairman; J. W. Hamilton,

Welfare Workers Of Area Meeting Here Today

Field workers of the Department of Public Welfare in Area 47, which embraces Haskell and several adjoining counties, are in Haskell today for an area staff meeting.

The meeting is being held in the district courtroom, in the form of a round table discussion and study of child custody cases in which assistance of the department workers is requested.

The meeting was opened at 9 a. m. with a general discussion. Gene L. Siebert of Seymour, area supervisor for the department, presided for the program.

District Judge Judge Ben Charlie Chapman addressed the group during the morning session. His talk was on "What the Court Wants and Needs Concerning the Home Situation in Child Custody Cases."

Discussion of various phases of welfare work were held during the afternoon session, which adjourned at 3 o'clock.

Field workers attending the area meeting included: B. F. Lackey of Aspermont, James C. Woods of Munday, E. L. Russey of Seymour, Richard Yarbrough of Quanah, James Hudson and Mrs. Helen Harwell of Vernon, Area Supervisor Siebert, and C. A. Smith, field worker for Haskell County.

Haskell Soldier Now Stationed In Canal Zone

Pvt. Charles J. Crane, son of Mr. and Mrs. J. R. Crane of this city, entered the Army in September of last year, is now stationed in the Panama Canal Zone.

In a recent letter to his parents, Pvt. Crane stated that his barracks were in a beautiful structure and that his bathroom was a "soldier's dream."

After entering the Army a year ago, Pvt. Crane was stationed in the state of Washington unit last May, when he received a furlough and spent fifteen days with his parents.

He reported to Camp MacArthur, Calif., from where he embarked for his present station in the Canal Zone.

Mexicans Fined On Liquor, Morals Charges

Four Mexican women and three Mexican men who have been living in the Rochester vicinity for several weeks, were fined in County and Justice Courts here Thursday morning on morals charges.

Also, a Haskell Mexican was charged with carrying a pistol, while liquor contributed to charges filed against other defendants in the two courts.

M. Tonche of Haskell was charged with unlawfully carrying a pistol in a complaint filed by Deputy Sheriff Harry Donohoo. The defendant was released under bond pending trial.

A Wichita Falls woman was named in a DWI complaint filed by Sheriff Bob Cousins, who arrested the woman in her car near Weiner Saturday around noon. She was released under bond pending further court action.

Louis Longorio, Rochester Mexican, was fined \$100 and costs when he entered a plea of guilty in County Court to possession of a Marshal Bob Loper of Rochester for purpose of sale. City filed the complaint after seizing a quantity of liquor from the Mexican.

John C. Mendez, Louis Longorio and Gilbert Mendez, Rochester, were named in separate complaints charging "keeping of a bawdy house" filed in County Court Thursday morning, and signed by Sheriff Cousins and Deputy Donohoo. On a plea of guilty, the trio was fined \$200 and cost each, with additional 20 day jail sentence imposed.

City Officials Study Plans, Cost Of Sewage Disposal Plant

Plans and cost estimates for the proposed addition and enlargement of the city's sewage disposal plant were studied by members of the City Council at their meeting Monday night, along with details of proposed extensions of the city waterworks system.

Improvement and enlargement of the municipal waterworks and sewer system was authorized in a \$280,000 bond issue voted in August, of which \$100,000 was designated for immediate necessary projects.

Meeting with the city officials was Ernest Yeatts of the Abilene engineering firm of Yeatts & Allen, who have been employed as city engineers on the project.

Yeatts gave Councilmen an outline of the proposed disposal plant, with estimates of approximate cost, materials required, and other facts. Applications for steel reports has been filed, and work on the project can not be started until the steel becomes available.

This may delay actual construction work on the disposal plant until the first quarter of 1952, city officials were told.

An earlier start is in prospect on extensions of water and sewer mains, Mayor Hunt said.

City Engineer Yeatts was to begin a survey this week for the extensions planned in water and sewer lines, and the city has on hand sufficient pipe to start the project as soon as the survey is completed and contract awarded.

Extensions of the waterworks and sewer mains are planned for virtually all sections of the city in order to keep pace with rapid development of new residential areas, city officials explained.

Metes, connections of the city waterworks reflect a 33 1-3 per cent increase in the past three years, City Secretary Arbuckle reported.

P-TA Mothers and Women Teachers In Jr. High Schedule Softball Game Friday Night

With no game scheduled for the Haskell Indians this week a women's softball game is slated as a stellar attraction on Indian Field Friday night, starting at 7:30 o'clock.

Junior High P-TA mothers and women teachers in Junior High School will compose the opposing teams.

Added entertainment feature will be a band composed of P-TA mothers to provide music during the evening.

Hot dogs, bottled drinks and coffee will be served from concession stands.

All proceeds from the game and concession sales will go to the Junior High P-TA Association.

Indians Hold Tigers Scoreless In First Quarter, But Weight Tips Scales to Give District 5AA Visitors 25-0 Score Friday

Despite a decided weight advantage and a full squad of returning lettermen, the visiting Anson Tigers from Dist. 5AA were held scoreless by an alert and determined band of HHS Indians during the first quarter of their traditional game, Friday night on Indian Field.

But weight and experience tipped the scales for the Tigers who reared up four touchdowns and a 25-0 score after wearing down the lighter Indian tribe. The game was a non-conference tilt.

The game was ushered in by the season's coldest "norther" and whipping sand that cut attendance of spectators and at times handicapped both squads on the field.

Defensive play on the Haskell line was outstanding, and Coach Royce Smith's entire squad turned in their best performance of the season as dividends in experience from previous games. Tommy Robinson, left tackle; James Fowler, right tackle, and Walter Holley, right half who plays tackle on defense, were among the Indians who played a heads-up

Two Wrecks Tuesday Night Send Five To Hospital

Five persons were hospitalized, one young woman with serious injuries, as the result of two separate automobile accidents which occurred almost simultaneously in different areas near Haskell about 7:45 p. m. Tuesday.

Also, at about the same time, a Holden's ambulance made an emergency run to carry an aged Mexican farm worker to the Haskell Hospital, from his living quarters in East Haskell after he had suffered a heart attack and was believed in a dying condition.

In the first accident reported, Bill Trentham of Abilene, 25, was driver of a 1950 Chevrolet club coupe that overturned on a

New Grade School Building Has Record Enrollment of 510 Pupils in Five Grades

Haskell's modern new Primary School Building, completed last year and placed in use during the latter part of the 1950-51 school year, could not have become available at a more needed time. Superintendent S. H. Vaughtner of the Haskell Schools said this week after checking enrollment figures for the current year.

Principal James Reed of the primary school Monday reported an enrollment of 510 pupils in the first five grades, an increase of more than 10 per cent over last year's peak enrollment of 452 pupils.

A breakdown of this year's total enrollment shows 99 pupils in the First Grade; 110 in the Second; 112 in the Third; 105 in the Fourth; and 84 in the Fifth grade. Principal Reed reported.

Sixteen teachers are employed in the new school, and many improvements have been made on the grounds around the new unit. Playground equipment includes swings, slides, merry-go-round, etc., and lights have been installed at several points on the school grounds.

New equipment was received for one of the primary rooms this week. It consisted of 17 latest style airplane table desks which accommodate two pupils, together with chairs for 34 pupils and was to be placed in Mrs. Woods' room. Similar equipment eventually will be placed in all rooms of the new school.

Country Club Deal To Be Talked at Meeting Monday

All members who have signed up as stockholders in the proposed Haskell County Country Club, together with prospective members or others interested, are urged to attend a meeting Monday night at the American Legion Building here.

Progress on the project will be reported at that time, Dr. Ben M. Nail, temporary president of the club, said today. Also some definite action will be taken on plans for the immediate future, it was announced.

More than half of the 200 charter members required have signed up, and it is believed the remainder will be contacted in the immediate future.

Those attending the meeting are invited to bring their wives or other guests, Dr. Nail said.

Mr. and Mrs. R. C. Montgomery returned Tuesday evening from a week end visit to the M O Ranch near Kerrville.

Mrs. Roy Thomas and children of Midland have been recent visitors in the home of Mr. and Mrs. J. E. Redwine and family.

Grand Opening of Roach Food Store Set Saturday

Grand opening for the Roach Food Store in this city will be observed Saturday, Sept. 29, at which time a number of special events are planned, Burl and I. A. Roach owners of the modern store announced today.

The store, formerly Clifton's Clover Farm Store on the east side of the square, has been completely rearranged and the interior remodelled to offer the utmost in shopping comfort to their patrons.

Attractive discounts and price reductions are offered on many food items in connection with the Grand Opening Saturday. As a special treat to visitors, Sunshine Biscuit Company will serve crackers and cookies, Duncan Coffee Company will serve coffee and Kaiser will serve cream for coffee.

People of Haskell and vicinity are invited to visit and inspect the modern and attractive store Saturday.

Funeral services were held at 2 p. m. Sept. 18 in Walsenburg, Colo., for George Warren Judisack II, infant son of Mr. and Mrs. George Judisack of Sterling, Colo. The baby was born Sept. 9 and died Sept. 16 in Sterling.

Survivors are his parents, and one sister, Elizabeth Ann of Sterling. Grandparents are Mr. and Mrs. F. M. Rogers of Haskell and Mr. and Mrs. Michael Judisack of Walsenburg.

Interment was in St. Mary's Cemetery by Purphy Mortuary.

Haskell Hosts District Meeting of Waterworks Operators Tuesday Night

Haskell was host city for a district meeting of the Lone Star Water and Sewerage Works Association, held Tuesday night in the banquet room of the Texas Cafe. Thirty-one members of the association from 11 towns and cities in this area were present.

Supper was served the guests at a courtesy of the City of Haskell.

W. G. Rountree of Hamlin, district president, presided for a brief business session. The group endorsed plans for a short course to be held in Lubbock Nov. 12, 13, and 14 under the auspices of the Texas Water Works and Sewerage Association, and accepted an invitation to hold the October district meeting in Hamlin.

In a brief talk, Mayor Courtney Hunt welcomed the visitors to Haskell. Stressing the importance of their work, he said: "Water is the No. 1 problem for almost every Texas town and city, and should be the No. 1 project of every municipality in fast-growing West Texas."

The Haskell mayor introduced as guest speaker for the evening, Larry Wells, Dallas; W. B. Littlejohn, Dallas; D. P. Fuller, Rule; Arthur Lieb, Lueders; W. D. Fowers, Lubbock; W. B. Austin, and E. R. Carr, J. C. Peavy, W. G. Rountree, Hamlin; Leo Busby, W. J. Langham, Burnham Luther Hester, J. A. Hudspeath, Errett Moon, Rochester; A. J. White, R. H. Dickenson, Eric Lundstrom, E. S. Weeks, A. E. They brought the makings of a birthday dinner and prepared it in honor of Mrs. Lambert, whose birthday was Monday, Sept. 17. They also brought her beautiful birthday gifts. She was surprised Monday with a party in the home of Mrs. Reece Clark for the members of the WSCS.

John Townsend, Rule, Is Named Coach At Wyoming University

John Townsend, former Rule High School football star, has been named as an assistant coach at University of Wyoming Athletic Director Glenn J. Jacoby has announced.

Townsend succeeds Leroy Peare, who has been called into the army.

The 24 year old Rule man played two years of football at San Antonio Junior College and transferred to Wyoming in 1949 for his other two years of college football.

At Wyoming Townsend quickly earned his job backing up the line as a junior. He played nearly every minute of every game during both 1949 and 1950 seasons and together with Doug Reeves gave the Pokes the best linebacking in the Skyline Conference.

Townsend relieved Reeves as an offensive pivot man last fall and was always one of Coach Bowden Wyatt's most dependable performers.

The tall, slender Rule griddier iversity of Yoming last June and iversity of Wyoming last June and will help Coach John Bailey with the Cowboy B squad this fall.

Prior to going to Woming from San Angelo Junior College Townsend served a hitch in the U. S. Marine Corps.

Deadlines Near on Applications For Scarce Materials

Final dates for filing applications for first quarter 1952 allotments of controlled materials for two industries are but a few days away, National Production Authority officials serving West Texas informed the West Texas Chamber of Commerce today.

C. Ray Martin, Dallas regional director of NPA, said September 20 is the final date for filing of applications for allotments of controlled materials for construction scheduled during the first quarter of 1952.

October 1, he said, is the deadline for applications for steel, copper and aluminum for manufacturers of standard types of industrial and household products.

West Texans may send their applications to NPA offices in Lubbock, Dallas and El Paso.

Haskell Magazine Club Will Celebrate Golden Jubilee During 1951-52 Club Year

Haskell Magazine Club, one of the pioneer federated women's clubs in West Texas, will observe its Golden Jubilee during the 1951-52 club year, which will begin Friday, Oct. 5, 1951 and end May 2, 1952.

The Magazine Club was organized in 1902, and became a federated club the following year. Membership in the club totals 99, including 17 life members, 15 associate members, and five honorary life members. Mrs. Ada Rike, a life member, also holds the distinction of being the club's only charter member.

Mrs. Joe Thoson, Mrs. Carroll D. Bledsoe, and Mrs. Robert Wheatley, members of the Study Course Committee, planned, outlined and had printed the Magazine Club's Golden Jubilee Yearbook.

The Course of Study is "Today is Life." There are three divisions. Yesterday, "Study the Past, the past is prologue." Today, "Today is life—the very life of life..." Tomorrow, "God's in His Heaven, All's Right with the world."

The Re-Assembly Day is Oct. 5th, 4 p. m. Mrs. L. E. Dudley of Abilene will review "The Iron Mistress," by Paul Welman.

Other features in Yesterday will be "A Gay Nineties Fashion Show," Antique Show and Tea, Family Life in the Early Nineties, The Role of Woman Fifty Years Ago. Guest Day will be December 21st with a book review and musicale.

The highlight is to be January 10, 1952. A Golden Jubilee Tea with Miss Lillie V. Lillard, First District President, as guest speaker.

There is to be an International Brotherhood program when Foreign Students will be presented. There is to be a Field Trip to Abilene to visit the Abilene State Hospital and the Boys Ranch, at the Easter breakfast.

Mrs. Fred Broach, Jr., of Monday will present "Religion of the Lord's Prayer by Scott." In April a Pageant "Fifty Years A-growing," will culminate the year's program.

During all these years The Haskell Free Press has printed the Club's Yearbooks. The Golden Jubilee Yearbooks with a gold cover and red lettering, is most artistic and attractive.

Mrs. E. L. Carr of Rochester Celebrates 86th Birthday With Reunion of Children

By MRS. JAS. A. GREER

Mrs. E. L. Carr celebrated her 86th birthday Monday, Sept. 24, at her home in Rochester. All of her children were present to enjoy the occasion except one, a son, Luther Carr of New Mexico who was ill and not able to attend. On these birthday occasions which are celebrated each year a family get-together or reunion is always planned.

The daughters brought well-filled baskets of chicken, ham, salads, pies and a lovely birthday cake which was spread and served at the lunch hour.

Pictures were also made during the day. Mr. and Mrs. Carr are the oldest living couple in Rochester and probably in the entire community. Mr. Carr is 97 years old and if he and Mrs. Carr live until Oct. 1 they will have been married 69 years and have been in the Rochester community 48 years. They are members of the First Baptist Church.

Present to enjoy the birthday occasion were Mrs. Ida Qualls of Sudan, Mr. and Mrs. M. E. Wadzeck of Stamford, Mr. and Mrs. Audie Verner of Dale, Mr. and Mrs. Joe Averitt of Knox City, Mr. and Mrs. G. Hicks, Mr. and Mrs. Vestus Alvis, Mrs. J. M. Hicks, Mrs. Marion H. Hicks, Mrs. Una Grace Harper and Diana Lynn, all of Rochester and Mrs. Marvin Goodson of Knox City.

Attractive Home With Only Four Rooms — But Spacious

Here is a house designed with an eye to the future. If your income doesn't permit the kind of home you want now, plan on the basis of making this attractive home bigger later.

A third bedroom can be easily added. Use the closet space of the front bedroom for a hall—and add another room with closet space for both bedrooms.

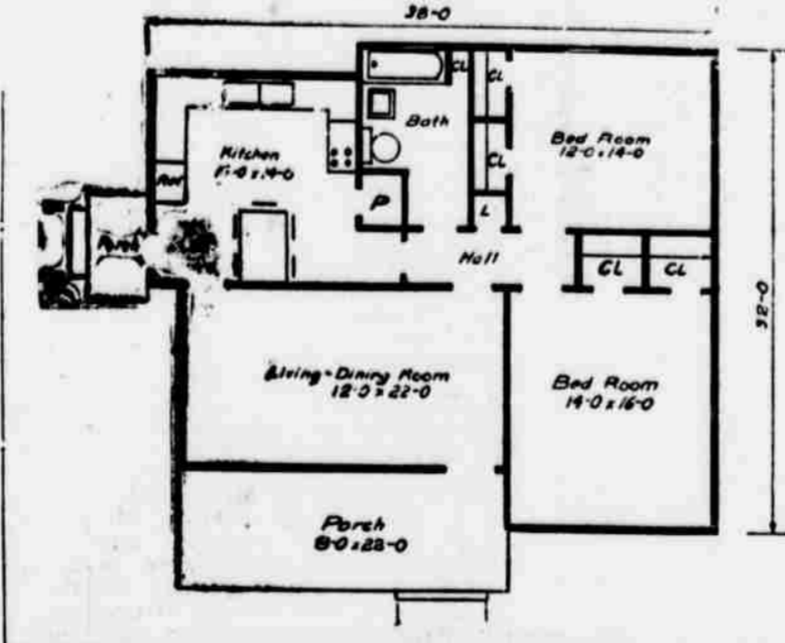

If you prefer more space for preparation and preservation of foods or any other household task, add a workroom by the kitchen where the back porch is located.

This house is planned for a large amount of space in the living-dining room and yet ample space for the family meals to be served in the kitchen...

Another good feature is the adjoining bathroom and kitchen which allows all the basic piping and plumbing to be on one wall. Thus, utilities can be installed at less cost.

Colored School Has 74 Enrolled; Six In High School

Haskell colored school began the fourth week of the 1951-52 term with an enrollment of 74 students, six of these being freshmen and sophomores, in colored high school.

This is the first year high school subjects have been offered in the local colored schools, Supt. S. H. Vaughter of the Haskell school system explained.

High school subjects are taught by Weldon Elbert, principal of the colored schools.

Added to the colored school plant this year was a new building with separate showers and restrooms for boys and girls.

In the budget, \$8,858 is designated for outside work, including Associational Missions and cooperative program, Baptist Orphans Home, Miss May Belle Taylor, Lueders encampment, etc.

Total allowance for salaries in the budget amounts to \$12,230. This includes salary of pastor, assistant pastor, secretary, nursery worker, and janitor.

Rat Eradication Program Vital To Public Health

Because of the economic losses they cause to industry and commerce and the annoyance they create in homes, rats have been considered a serious menace to mankind since long before their roles as vectors of disease was understood.

"It is necessary to public health," Dr. Cox said, "that a continuous rat control program be maintained in every urban and rural area throughout Texas.

The doctor pointed out that rats, like other living things, require food and shelter if they are to propagate and increase in number.

Of equal importance as a control measure is the elimination of all food supplies. This consists of storing all foods in ratproof buildings or in ratproof containers.

Sagerton Soldier In Night Marauding Patrol Operating Behind Enemy Lines

With The 1st Cav. Div. in Korea—Pfc Ernest H. Bredthauer, son of Mr. and Mrs. Bredthauer, Route 1, Sagerton, is a member of a night marauding patrol that has been highly troublesome to the Communists deep in the Chinese-held territory.

The units objectives are to harass the enemy and secure prisoners for combat information. It has learned its trade so well that the men have come close enough to watch the Chinese eating. However, no invitations for dinner have been forthcoming from the Chinese.

Miss Wirges, H. D. Agent, On State Fair Committee

Thelma Wirges, County Home Demonstration Agent, is a member of the committee arranging for the Rolling Plains area display in "A Storybook of Texas Agriculture" at the 1951 State Fair of Texas, Dallas, Oct. 6-21.

The display, devoted to the agricultural resources of District 3 of the Texas A&M Extension Service will be a part of a mammoth display covering every section of Texas, telling the agricultural story of each.

The Rolling Plains display will feature beef cattle, varieties of grass, grain sorghums, cotton, alfalfa, wheat, mesquite control, and a typical ranch house.

Armed with automatic weapons, the raider patrol, which is formed on a volunteer basis, has the tremendous fire power of 2,000 rounds per minute. This fire superiority has scared away numerically superior Communist forces in several fights.

These units, of the 1st Cavalry Division's 7th Regiment, are composed of nine men and operate like a ranger team, quietly, swiftly and deadly. Since they work at night, the men don't wear helmets or carry anything that might make noise. Even their "dogtags" are cushioned in special rubber rings.

Ethel Barrymore popularized the lines "That's all there is, there isn't any more."

H-D Club Women Find Tailoring Skill Profitable

Skills learned at a tailoring school have earned money for home demonstration club women in Hardeman County.

Mrs. Hazel Harrison, Home Demonstration agent, taught a class of leaders who in turn trained other homemakers to tailor garments for themselves and families. The leaders report a saving of nearly six hundred dollars on clothing for themselves since this training. The garments included better cottons, woolsens, rayons, and silks. Four leaders report nearly \$400 saved by sewing for their daughters.

"Everything I learned help me, but most of all learning the importance of grain line, placing the pattern on the material, cutting and marking, and using the tracing wheel and carbon," was a comment from Mrs. Orval Brandon of the Marshall community.

Mrs. Price Hargesheimer of the Burgs community admitted she had made woolen suits instead of tailoring them before the school. "The padding stitch, fitting shoulder pads, stitching, lining darts, belt and hem of skirts has helped me." She has tailored 3 wool suits, 7 dresses and several other garments to earn nearly a \$100 for her work.

Mrs. Walter Barbee of the Goodlett community says learning to interface the skirt belt has aided in getting better fit for your clothes and helped her get a professional look for them.

Others in the tailoring class were Mrs. D. C. Ritchie, North Groesbeck community and Mrs. K. G. Davis, Chillicothe community.

Methodist Evangelistic Mission Slated As Revival In Churches Across the State

The All-Texas Methodist Evangelistic Mission has become a Revival in churches across the state, headed by Bishops A. Frank Smith, Houston, and William C. Martin, Dallas.

It is expected that some 50,000 persons will be won to Christ and church membership in the two weeks in October.

Oct. 5-14 preachers from the northern section will be in the Houston-San Antonio section. Oct. 26 to Nov. 4, the procedure will be reversed.

Plans include combined preaching and visiting. "This is the first time in Texas that preaching and visiting have been featured at the same time," said Bishop Mar-

tin of the Dallas-Fort Worth area. All high points in the program will be the schools of evangelism in each district, youth rallies at 20 central points on Saturday night, Oct. 6, in the southern section and mass meetings at 20 key cities Oct. 14 as a climax to the All-Texas Methodist Revival.

In the north part of Texas 27 youth rallies are scheduled for Oct. 27 and mass meetings Nov. 14, with schools of evangelism for pastors Oct. 29 through Nov. 2.

Involved in the plans are 58 districts, about 1,632 pastors and 2,221 churches with 635,200 members. These include the Mexican and Negro churches in the eight Annual Conferences.

Texas Farm and Ranch Land Prices Rise Average of 12 Per Cent

Farm and ranch land prices in Texas rose an average of 12 per cent during 1950.

The figure is based on a study made by U. S. Department of Agriculture and the Texas Agricultural Experiment Station in 24 representative counties.

The study also showed that the number of land transfers increased by 20 per cent over 1949 and the acreage changing hands increased by more than 50 per cent.

A substantial decline in the average selling price occurred in the Panhandle wheat area, the Edwards Plateau and Central Basin, and the northeast sandy lands, and a slight drop occurred in the High Plains and Trans-Pecos grazing area.

The largest increases occurred in the Grand Prairie with 49 per cent; the Rolling Plains, with 34

per cent; and the north-central grazing area, with 31 per cent. Gains of 20 per cent or more occurred in seven other areas.

The economists report that since 1939, the beginning of the rise in land prices, a narrowing of the price spread between the "best" and the "poorest" land has been noted in most areas of the state.

In a special study made of the 1950 land market in Jones, Ellis and Nacogdoches Counties, farmers who owned other land were found to be the chief buyers of land, as has been the case throughout the World War II and post-war periods.

The number of sales increased 60 per cent in Ellis County over the 1949 level and acreage sold nearly double. In Jones and Nacogdoches Counties there was little difference in the number of sales and acreage sold during 1949 and 1950.

The average price of land in Jones County increased \$21 per acre over 1949, an increase of about 1-3. A slight drop in the average price occurred in Nacogdoches County, while prices in Ellis County continued a steady increase that has been underway since 1942.

New Provisions In Effect on Hunting License In State

AUSTIN, Texas.—The Executive Secretary of the Game and Fish Commission reminded Texans of some extra state law license provisions for the new hunting season.

One is that all Texans over 16 years of age, planning to hunt waterfowl, must have the \$2 Federal duck stamp regardless of whether they hunt in their home area.

Under the new state combined hunting license law, Texans must have the \$2.15 license to hunt small game beyond their home county. All those hunting deer or turkey must have the state license, excepting those who hunt on the property of their residence and those who are under 17 years of age.

Those hunting deer or turkey on their home property or excused by youth, must obtain an "Exempt" license which is similar to the regular licenses. They are issued without cost, bear the regular two deer tags but have the word "Exempt" lettered in red across their face.

The Executive Secretary emphasized that, for the waterfowl season beginning Nov. 9, only exemptions for the \$2 Federal fee are persons 16 years of age and under.

Reports from approximately 2000 state license agencies indicate that a normal number of Texans have bought the combined hunting license, as well as the \$1.65 statewide fishing license. A few dealers already have asked for new supplies.

Grass and Forest Fires Destructive To Wildlife

Recent showers over the state have diminished somewhat the threat of grass and forest fires, but general rains are still needed.

According to R. E. Callender, Extension Specialist in Wildlife Conservation of Texas A&M College, the drought and fires have been hard on Texas wildlife.

Valuable wildlife refuge areas have been damaged and others practically destroyed by fires. Areas recently stocked with deer and wild turkey and which would have normally provided excellent food and cover for the game have been reduced to almost barren wastes because of fires. This condition, says Callender, has forced the wildlife that was not destroyed to migrate to other areas where the habitats are less favorable and has lessened the chances for the restocking programs to be successful. Valuable grass and other plants along with forest resources have been destroyed and all forms of wildlife has suffered as a result.

Callender cautions sportsmen to be careful when they are in the field. Don't he says, leave a camp fire until it has been wet down or covered with soil. This practice can prevent fires that may start hours after the camp has been abandoned.

Lighted matches, cigarettes or cigars should never be thrown from a car moving onto the highway or into dry grass, weeds or brush. Be sure they're out before tossing them away, says the specialist.

Sportsmen should always remember that good hunting depends upon plenty of game and destructive fires, over big areas, can ruin the hunting for years to come. Callender urges sporting organizations and individual sportsmen to see good example in fire prevention and to take the lead when plans are made to launch a community wide fire prevention program.

TROUBLES NEVER COME SINGLY...
nor can you tell what kind of trouble may come next.

You may have plenty of fire insurance on your house but that does not cover the loss if your automobile burns up. Automobile liability insurance protects you against damage suits arising from injuries to other people, but it does not pay the bills for the injuries you may suffer in the same accident.

Why not come in and let us go over your insurance program with you? This agency is fully prepared to give expert advice on the subject.

Rochester News

By MRS. JAS. A. GREER Thursday night Sept. 29, a group of friends and neighbors gathered at the home of Mr. and Mrs. Joe Hudson and enjoyed a fish fry.

Pete Tanner furnished the fish and the rest of the group brought beans, potato salad, combination salad, potato chips, bread, cake, punch and coffee.

Present to enjoy the occasion were Mr. and Mrs. H. L. Mahteny, Mrs. Henry, Mr. and Mrs. Pete Tanner, Phil Clinton and Deme-tra, Mr. and Mrs. Dale Graham and Brick, Mr. and Mrs. Donald Ray Jones, Mr. and Mrs. Dwain Burleson, Mr. and Mrs. Wilson Bean, Weynell and Caroline and Mr. and Mrs. Hudson. Mr. and Mrs. Allen Bell left Saturday for a visit with relatives at Pecos. They will also visit Rev. and Mrs. R. L. Kirk at Midland.

Jackie Jenkins and baby daughter and Jackie's mother, Mrs. Bishop of California came Thursday of last week to visit with relatives here.

Mrs. Earl Hanson and Mr. and Mrs. Robert Speck went to Dallas Saturday to visit their husband and father, Mr. Hanson, who is ill in a Dallas hospital.

The 1950 Birthday Club met Thursday Sept. 20 in the home of Mrs. Dwain Burleson. Secret Pal gifts were exchanged and the names of each were revealed. Then names were drawn again.

Mrs. Palo Speck was the guest of honor and received a lovely serving table. A refreshment plate of ice cream, cake, nuts and candy were served to the follow-

ing members: Mesdames Pete Huntsman, Dicky Roberson, Joe Hudson, Malone Steele, H. L. Matheny, Robert Speck, Joe Edd Parsons, Earl Alvis, Curtis Love, Palo Speck and the hostess, Mrs. Burleson. Absent members were Mmes. Joe Clark, Paul Melton and Wylie Bean.

The next meeting will be at night, Oct. 11 at the home of Mrs. Joe Edd Parsons at which time a salad dinner is planned for members and their families.

Mr. and Mrs. Lynn Knouse and John Paul of Abilene were Sunday visitors of Mr. and Mrs. Jas. A. Greer.

We regret to report the serious illness of Mrs. C. G. Hudson. She has been ill for about three years but several days ago her condition became critical and Sunday she was taken to the Knox City hospital.

Mr. and Mrs. L. G. Hudson of Big Spring, Mr. and Mrs. White Hudson of Weatherford and Mr. and Mrs. Aldine Hudson and children of Ropesville spent the week end here with their mother, and grandmother, Mrs. C. G. Hudson who is critically ill.

The R. L. Love family of Rochester enjoyed a family reunion at Cisco Lake Sunday. Between 50 and 60 relatives attended.

Lt. (Jg) John Alvis, son of Mr. and Mrs. Vestus Alvis of Rochester, has completed his advanced flight training as a student carrier pilot at the Naval Auxiliary Air Station, Cabanis Field Corvallis, Oregon and has received orders to report to the Naval Air Station Pensacola, Fla. There he

will complete his training making actual landings aboard an aircraft carrier and will be presented Navy Wings and designated a Naval aviator.

He is a graduate of Rochester High School, attended A&M and the U. S. Naval Academy at Annapolis, Md.

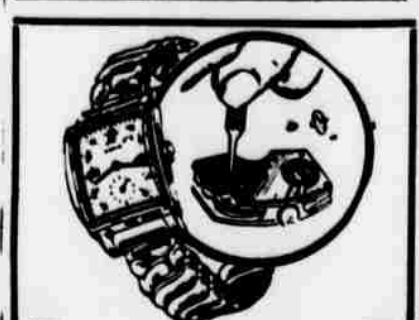

Judge Ben Charlie Chapman and his mother, Mrs. Sam T. Chapman of Haskell were in Rochester Saturday. Judge Chapman was attending legal business while his mother visited friends.

ATTEND PREACHING RALLY IN CRANE, TEXAS

Francis C. Nickerson, minister of the First Christian Church, accompanied by J. W. Bartley of this city and Carrol D. Granes, Christian Church minister at Guthrie, attended a two-days Preaching Rally in Crane, Texas, this week. The rally was held Tuesday and Wednesday, and the Haskell people returned Thursday.

Haskell and Stonewall FHA Clients Will Be In Group Honored At State Fair

Haskell and Stonewall County farmers will be among more than 400 Texas farmers who a few years ago were tenants, that will be honored Oct. 10 with a day at the state Fair of Texas. These farmers borrowed money through the Farmers Home Administration to buy family type farms, and paid off 40-year farm mortgages more than 30 years ahead of schedule. Of this number, those who paid their debt from returns from the soil will receive certificates of achievement for having paid their loans in full this year from agricultural income.

Ceremonies of awarding certificates signed by President R. L. Thornton of the State Fair of Texas, and the Texas FHA Director L. J. Cappelman will be held in the Hall of State on the State Fair Grounds at 1 p. m., Oct. 10, County Supervisor, William B. Beeson, announced this week. The number will include five farmers of Haskell County and three farmers of Stonewall County, the Supervisor said. The Haskell County farmers are: Mr. and Mrs. Glenn Caddell, Rt. 1, Weinert; Mr. and Mrs. Vernay W. Howard, Rt. 3, Haskell; Mr. and Mrs. Roy Medford, Rt. 3, Haskell; Mr. and Mrs. Eulice F. Rainey, Rt. Weinert; and Mr. and Mrs. Robert H. Underwood, Rochester. The Stonewall County borrowers are: Mr. and Mrs. Bailey B. Clark, Rt. 1, Aspermont; Mr. and Mrs. Manuel Y. Herrera, Rt. 1, Aspermont; and Mr. and Mrs. Weldon B. Swink, Rt. 1, Aspermont. Mr. Beeson is making plans to accompany a delegation of Haskell and Stonewall County families to Dallas for the event.

Congressman W. R. (Bob) Pogue, Waco, chairman of the Agriculture Committee of the House of Representatives, will deliver an address covering the progress

Easy does it!

YOU'RE going to be surprised about lots of things the first time you and this Buick get out on the road.

Take the easy way it responds to your every wish—steps away from a stop light—soars up a hill—lets loose a surge of power at the touch of your toe on the treadle—or gentles to a stop at the touch of the brakes.

Take the way it rides the road—with an easy stride, sure-footed on turns, level as a lance on straightaways.

Take the way it steers—so light and true that it seems to guide itself.

Take its ease of control. More than a million owners now know the wondrous freedom from tension and strain that goes with Dynaflo Drive.*

It's easy to see where this eager beauty gets its standout performance, when you glance at the list of all-star engineering features shown above.

But how about price? Can you afford it? "Easy does it" is the answer to that one too. Fact is—if you can afford a new car, you can afford a Buick. Better come in to see us soon.

JOHN DEERE No. 15 Two-Row Cotton Harvester
You'll make short work of harvesting cotton... slash expenses to a fraction of hand-pulling costs when you own a John Deere No. 15 Two-Row Cotton Harvester.
The John Deere does an excellent job of harvesting any cotton that is suitable for mechanical snapping. Stripping two 40-inch rows at a time after defoliation, the John Deere does a once-over job, saving more cotton than the average hand-puller. Harvested at the same time, cotton pulled with the No. 15 grades as high as that picked by hand.
Be sure to stop in soon and let us tell you more about this time- and money-saving two-row cotton harvester.

State Insurance Board Studies Promises Of 'Dividends' In Car Insurance Ads

The Board of Insurance Commissioners at Austin was giving additional attention Thursday to unauthorized statements incorporated in advertising by agents and companies with reference to participating dividends on automobile insurance policies. While it is not mandatory or compulsory that automobile owners or operators buy insurance under the Texas Motor Vehicle Safety Responsibility Act, which will become effective Jan. 1, 1932, the fact that insurance is one means of securing protection in advance for liability arising from motor vehicle accidents required to be reported under the Act, has stimulated automobile insurance advertising. The Board is taking notice of advertising and statements constituting non-factual and illegal inducements to the public that insurance can be written at lower premium than at the rates fixed by the Board.

J. P. Gibbs, Casualty Insurance Commissioner, said Thursday to some individuals making inquiry concerning this advertising:

"You may advertise and make reference to dividend being paid by some specific company provided such reference specifically states that this dividend is being paid by the company on currently expiring policies. There is a difference between the making of a factual statement concerning what has been done actually in the past and the making of a statement of what will be done in the future when the legal basis for doing the thing in the future.

If your ad leads the person buying the insurance policy to believe that you have promised him a dividend on a policy he will buy from you in response to such advertising, you are offering him an inducement classed under the law as a rebate because the payment of a dividend on policies you will write at this

Opening of R&D Drive In Announced By New Owner

W. J. Roddy, an experienced cafe man, is announcing the opening of the R. & D. Drive Inn, formerly Warren's Drive Inn located in South Haskell on the Stamford Highway.

Roddy formerly operated the Riverside Drive Inn in Seymour. The new proprietor plans to inaugurate outside service for patrons of the drive in at an early date.

He invites Haskell people to visit the re-opened establishment and get acquainted with their food and service.

time will be subject to the company earning an amount to disburse as a dividend and, subject to the Board of Directors approving such a disbursement, and subject to the approval by the Board of Insurance Commissioners of application by the company to make such a disbursement. You have no right to say that a dividend will be paid unless and until these three conditions have been met."

At Present Rate, Traffic Accidents Will Claim Millionth Victim Next December

CHICAGO.—Who will be the one millionth person to die in a traffic accident? Where will it happen? Exactly when?

The National Safety Council said today the answers to those questions, never will be known.

If the present rate of traffic deaths continues, some time next December a child will dart into the street, a homeward-bound salesman will try to pass a truck on a hill, a young couple will hurtle off a curve on the way to a dance, an old woman will become confused crossing a street and the millionth traffic victim will pass unheralded into a dusty police file.

But even though the actual identity of the millionth victim will remain a mystery, the council has made plans which will enable it to name the fateful day as a climax to an intensive safety driving campaign in which all safety organizations are cooperating.

The Council has announced it is setting up the machinery to supplement its regular monthly reports with special weekly summaries from the states. On November 15, the Council will begin issuing weekly bulletins on the grand total of traffic deaths since the advent of the automobile. These bulletins also will forecast the probable date of the millionth fatality.

"Our only purpose in trying to identify such a grim date in history is to dramatize the horror of such a huge traffic toll," said Ned H. Dearborn, Council president. "Perhaps 1,000,000 dead—almost twice the number of Americans who have died in combat in all our wars—will crack the apathy of a nation which can see 35,000 persons killed by autos in a year without much concern.

"It has taken a little more than 50 years to kill the first million. If traffic deaths continue at the present rate, it will take only 30 years to kill the second million. We can only hope that this terrible day of seven-figure reckoning will become a safety milestone—not just another grave-stone—on the road to more responsible use of the automobile."

The Council, which makes regular, cumulative tabulations of traffic deaths, said that even its elaborate, nationwide reporting system is not fast enough to give up-to-the-minute totals. Furthermore, statistics were not recorded completely by all the states in earlier years after the turn of the century, so that motor vehicle death totals for some years are estimates based on the best

Lions Hear Talk on Housing Project at Meeting Tuesday

Members of the Lions Club heard an interesting and informative talk on the Federal government's Public Housing program, and the project now underway in Haskell, at their meeting Tuesday at noon in the Texas Cafe.

The speaker was Knox Banner, assistant to the PHA director in the Fort Worth regional office, which serves several Southwestern states.

At the outset of his talk, the Fort Worth PHA executive explained that the Public Housing program is under management of a local Housing Authority in towns where a project is designated. The Haskell Housing Authority is composed of W. A. Holt, Hallie Chapman, J. M. Crawford, W. I. Coggins, W. R. Johnson, chairman, and Curtis Poque, executive director.

Although the housing program is set up as a Federal project, in reality it is a joint local and Federal program, Banner explained, and financed on a self-liquidating basis over a long period.

He explained the purpose of the program as being for the purpose of eliminating sub-standard living conditions, and said the PHA units would be available to eligible tenants in the low-income bracket.

The Fort Worth man explained rental on the PHA units varied according to locality. In Lubbock, the average rental is \$28 per month per family unit. Maintenance cost per unit in that city averages \$17.17 monthly, he said making the Lubbock project completely self-liquidating.

Average monthly maintenance cost for each of the 17,000 units in the Southwestern region is figured at \$16.85 Banner said.

The Haskell project now underway consists of 50 family units, 42 for white families and eight for colored tenants, he explained.

Each local project is tax exempt, the PHA executive explained. However, he pointed out that 10 per cent of the net income on the project, is paid in lieu of taxes to local agencies.

J. M. Crawford, chairman of Defense Bond sales in Haskell County, reported to the Lions that Bond purchases in the county since start of the current drive amounted to \$62,400. This sum is more than the combined purchases of Defense Bonds during this period in the five adjoining counties of Jones, Stonewall, Knox, Throckmorton, and Shackelford, Crawford said. Total purchases in these five counties has amounted to \$52,800, he announced, citing figures from State Bond headquarters in Dallas.

Guests at Tuesday's meeting in addition to Banner were Bob Glew, area Boy Scout executive of Abilene; Mr. Blacklock and Mr. Green of Munday.

Mr. and Mrs. Floyd Rogers have returned to Haskell after visiting in Walsenburg and Sterling, Colorado. He attended the funeral of grandson, George Warren Judisak II, in Walsenburg. He was the infant son of Mr. and Mrs. George Judisak of Sterling, Colo.

State Fair Being Readied for 66th Annual Show

With only two weeks remaining before the 1931 State Fair of Texas opens, Oct. 6-21 for its 66th show, thousands of people throughout the Southwest are already getting excited about the great annual fall festival of merry-making.

That excitement is demonstrated in the orders pouring into Dallas for the fair's great entertainment features—"Guys and Dolls" and "Ice Cycles of 1932"—and for three big-time football games during the fair.

"Guys and Dolls" tickets are selling faster than the ducks to last year's "South Pacific" did in 1930, and "South Pacific" made theater attendance history. Exhibits are going up fast in the fair's huge exhibition buildings and rapid progress is being made on the new \$125,000 livestock judging pavilion.

The trees, shrubs and flowers that make State Fair Park one of the most beautifully landscaped spots in the Southwest have survived the worst drought in Texas history wonderfully. Fair visitors will find the park an oasis of natural beauty bedecked with gay trappings of a manmade fairland.

Hundreds of gallons of colorful paint are being splashed across the face of the fair to give the park a sunny smile to greet its visitors next month.

The State Fair expects its biggest attendance in history for the 1931 exposition—2,300,000 during the 16 fun-filled days of the world's greatest state fair. Last year's attendance was 2,176,519, more than twice that of any other state fair.

The pioneer villages of Boston and Philadelphia both had printing presses before they were permitted in such English cities as Liverpool and Birmingham.
