Attending Cisco Camp

Miss Rosalie McCall left Thursday morning for the Senior Camp of the Presbyterian Church at Cisco. The camp lasts through next Wednesday.

Korean Crisis Results In Ordering Draft To Secure Men For U. S. Armed Services

The Defense Department at Washington Friday authorized the drafting of men for the armed services to help meet the Korean situation. It announced President Truman had approved the move.

There was confusion among military spokesmen about whether reservists would be ordered to active duty. Some were certain many officers will be called out to take charge of new and increased units. Others believed enough reserve officers and men will volunteer to fill needs.

The Air Force announced it will meet its immediate need for pilots by returning to duty pilots recently transferred to the ground duties for lack of funds. The need for certain types of fliers also may be filled from the reserves and Air National Guard.

The need for certain types of fliers also may be filled from the reserves and Air National Guard. The Air Force indicated, Greatest need now is for navigators, radio and radar specialists, medical and dental officers, weather specialists and armament officers, the Air Force stated.

There is also need for specialists such as aircraft and engine mechanics, radio and radar operators, communications personnel, armament specialists. The decision to use the draft caught draft officials completely by surprise.

The fact that voluntary enlistments have not come up to expectations lately undoubtedly figured in the decision to resort to the draft. Best estimates were that from 300,000 to 625,000 more men will be put under arms. The amount of the expansion was kept secret.

The armed services now have a strength of about 1,370,000. They are limited by present law to 2,006,983 officers and men. Men reaching eighteen years of age will continue to register with their draft boards. They will not be subject to induction, however, under present regulations, until attaining nineteen.

Military service for drafted men is for twenty-one months. Men with dependents are subject to being inducted by a presidential order. Another presidential directive could permit this class to be put into military service. Deferment is also authorized under the law, of men considered essential to the national interest, safety or health in agriculture, science, industry or other activities. Local boards pass on deferment matters along these lines.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—July 10, 1930
Miss Joan Irby is spending her vacation in Lubbock with Mr. and Mrs. Abdon Holt, and they plan to visit points in Colorado and New Mexico during the next ten days.
New officers of the Lions Club

were installed at the regular meeting this week. They are: President, Leo Southern; Vice President, J. U. Fields; Secretary-Treasurer, E. C. Hunter; Lion Tamer, Hyman Davis; Tail Twister, F. L. Daugherty; Directors, C. V. Payne, Sam A. Roberts, Court-

ney Hunt and D. H. Persons.
Miss Dolly Louise Chambers is visiting in the home of her sister, Mr. and Mrs. Wallace H. Cox.
Roy Baughman and David Artliff left this week for Fort Sill, Okla., where they will enlist for the summer training course in C. M. T. C.

County Attorney French M. Robertson, accompanied by Doran Brown, Walton and Andrew Breves of Rochester were in Abilene Tuesday in connection with pending highway matters.
Misses Maurine and Mary Couch accompanied R. C. Couch to Lamesa this week.

Mr. and Mrs. Guy Mays, Mr. and Mrs. J. T. Johnson, Mr. and Mrs. W. B. Harrison and Mr. and Mrs. R. L. Harrison and sons spent the 4th of July at Lueders.
Miss Lucille McGee of Huntsville, Alabama, is visiting Miss Mary Sue Hester this week.

Statement of the condition of the Haskell National and Farmers State Banks in this city at the close of business June 30, 1930, showed combined deposits of \$595,558.61 and combined loans amounting to \$584,138.48.
Mr. and Mrs. Duce Housley were guests in the home of Mr. and Mrs. Tom Davis the first of the week.

40 Years Ago—July 9, 1910
J. T. Howard was thrown from a horse Sunday and suffered a compound fracture of the left arm and his right arm was also broken

in one place. Dr. Robertson was called and made the trip to his home in 30 minutes and set the broken arms.

In a special report from the Census Bureau at Washington, it is shown that Haskell county has more than doubled any other Texas county in percentage of population gain during the past ten years. The county's population this year is 16,246 compared with 2,637 in 1900, a gain of more than 516 per cent.

Mrs. G. E. Langford left Wednesday for Oklahoma where she will spend the summer with her parents.

The Baptist Sunday School went out to Hemphill Park Tuesday and had a splendid day. The street car line and all the traffic it could handle for the event.

Mrs. Theo Wright and son Byron Wright have started work on another building adjoining their hotel, to be used as an annex.

Mr. and Mrs. A. C. Sherrick have returned from a trip to the Plains country. They report things dry in the area they visited.

Marion Simmons has returned from a year's visit in the Northwest. He was at Reno just after the fight and saw Jim Jefferies and Jack Johnson.

Burwell Cox left Monday on a business trip to the Panhandle.
Pink Thomason has purchased the grocery business of Mr. Batwell and will continue business in the same location.

Mrs. D. H. Hamilton and daughter, Miss Eddie, and granddaughter, little Miss Greathel Gardner, Saturday to spend a month with her daughter and son, Mrs. D. Taylor and Dudley Hamilton near Van Horn, Texas.
R. H. Chancellor has moved to Olney where he has engaged in the mercantile business.

50 Years Ago—July 7, 1900
Bert Brockman returned Tuesday from a visit with his parents in Stephens County. He was accompanied by Miss Ora Scott who will visit here for some time.

One of the best grain yields reported in this section comes from John Therwanger. He threshed an average of 36 bushels per acre from his entire crop this year.

S. W. Scott has sold this week a 320 acre interest in the J. M. Brown section to Mart B. Gentry of Shackelford county, who a few months ago bought the English pasture from him, lying just south of the Brown tract.

A. C. Foster reports the sale of several tracts of farm land within the last ten days. There is one tract of 800 acres for \$1600 cash; 400 acres for \$1600, one-fourth cash, balance in time payments; and 160 acres for \$320 cash.

While watering his team at the Stamford tank on July 4th, Mr. Collins, team, buggy and all fell off into deep water. Dan Hisey was in the buggy with Mr. Collins. No damage resulted except that Hisey's linen suit will have

a reddish tint in the future, and Collins' woolen pants will fit quicker.

Robert Ellis of Bell County is visiting his kinsmen here.
Mose Park returned last Saturday from a visit with his children at Waco.

Dr. J. E. Lindsey has purchased the residence of R. C. Chisum, who will move out to his ranch.

J. W. Kendrick of Waxahachie was here yesterday advertising a wonderful new blackberry. The Felido, which is said to grow vines 25 to 40 feet long in one season and on which the berries grow in clusters like grapes.

S. G. Gentry of Jones county was up this week looking around with the probable view of moving here this fall.

Rev. W. C. Young of Atlanta, Ga., arrived this week as the new minister of the Presbyterian Church for the ensuing year.

Game Molesters Hike June Fines

Fishermen comprised one-third of game and fish law offenders during June but the largest fines were paid by illegal deer hunters and stream pollution.

Total fines and court costs was \$4,450.65 for 202 cases compared to \$3,988.30 for 133 cases for June, 1949 and \$4,024.85 for 182 cases for May, the preceding month this year.

Seventy persons were charged under the fishing license code with 82 Texans drawing fines for having no licenses. The other eight were non-residents.

The alertness of wardens in checking anglers' bait under the new law which permits persons to fish without licenses in counties adjoining their home counties, providing they do not use live or artificial bait was reflected in two cases. One San Antonio man and one Adkins man assured the investigating wardens they were using minnows. The strategy backfired so badly that both men paid fines and lost their fishing rights for the year.

The largest individual sum paid during the month was \$219.75 in fines and costs levied against a Corpus Christi man for operating two unlicensed commercial fishboats in coastal waters. The pollution assessments included two Rockport cases that produced \$342 in fines and costs.

Three Freer men paid \$61 each for a headlighting foray that netted them a doe and spike buck. In another case, a Freer man paid a total of \$111 when caught hunting at night. A Sour Lake man got off with a \$21 levy for killing a deer at night. One was a bartender. Wardens said that after he shut off the spigots at closing time, he rallied the customers for outlaw raids on wild game.

VISITORS IN C. G. BURSON HOME

Mrs. D. E. Beard of Decatur, accompanied by her daughter and family, Mr. and Mrs. Billy Glenn and son Don, were recent visitors in the home of their brother and uncle, C. G. Burson of Haskell. While here they attended the Cowboy Reunion in Stamford, and made a trip to Carlsbad Cavern in New Mexico.

RECIPE OF THE WEEK

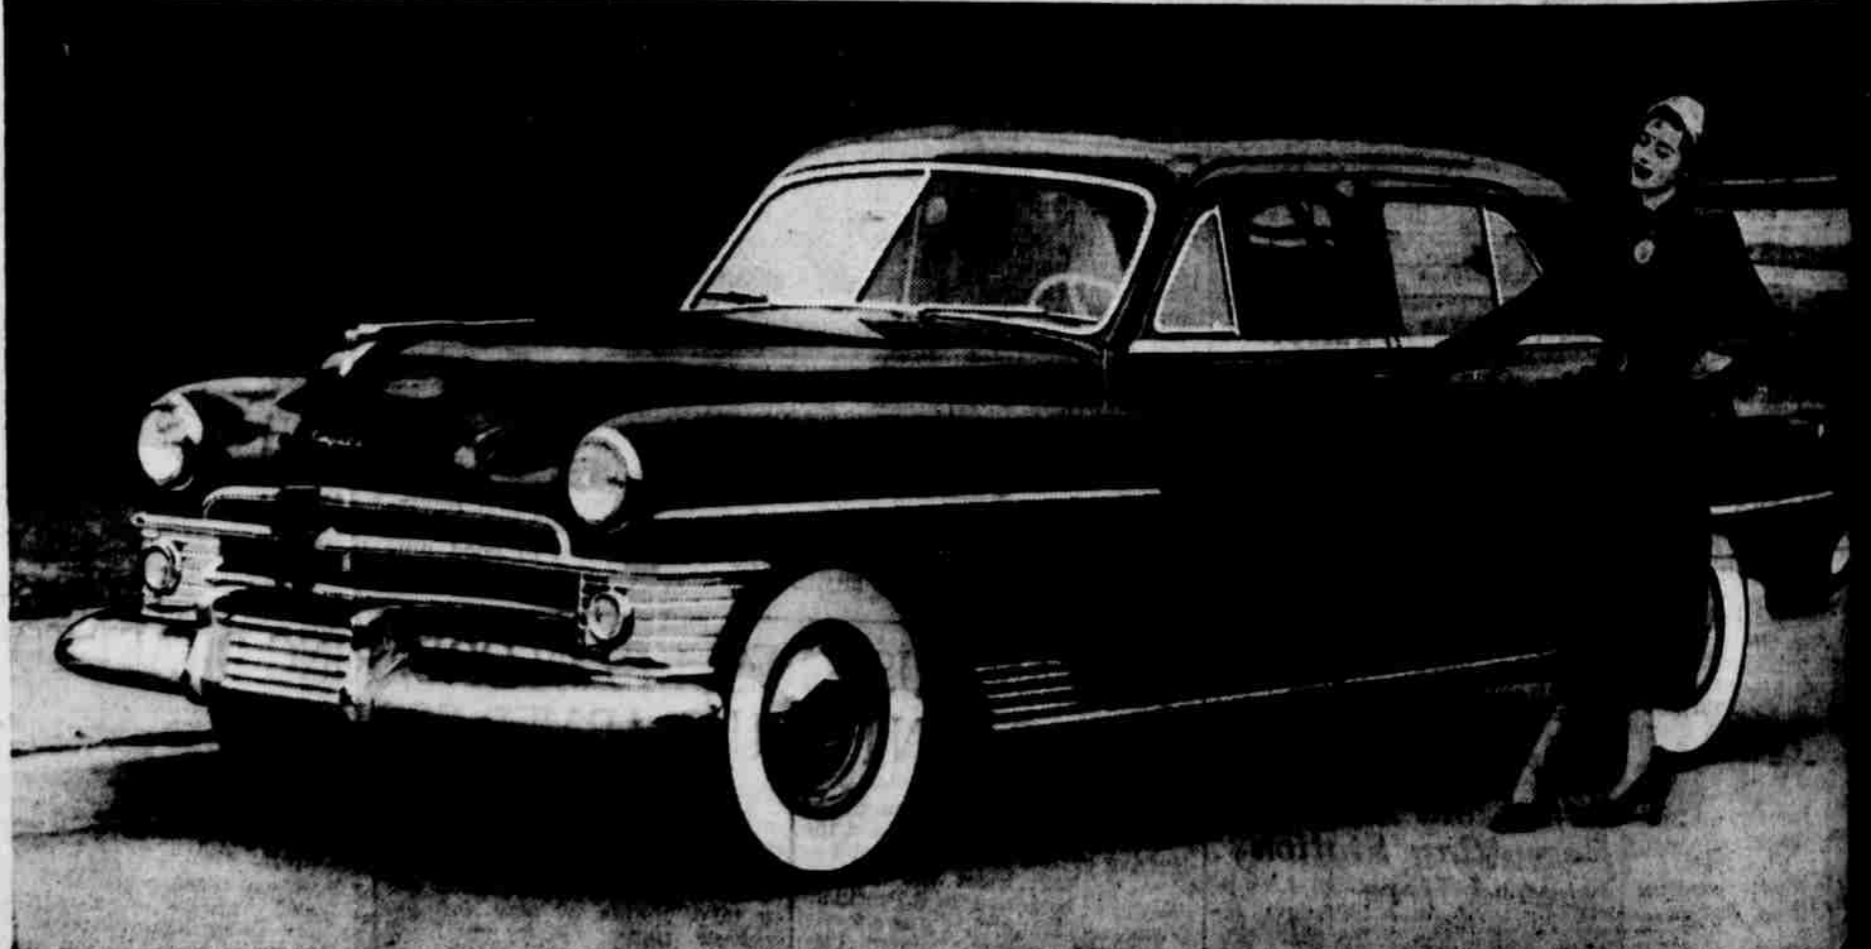

By Mary Lee Taylor
Apple Graham Pudding
1/2 cup Graham
1/2 cup sugar
2 eggs
1/4 cup butter
1/4 cup milk
1/4 cup vanilla
1/4 cup cinnamon
1 package vanilla
1 package Graham
1 cup hot milk
1 cup evaporated apple
juice, undrained or
canned

Mix crumbs with butter and cinnamon. Put pudding powder into saucepan. Stir in slowly mixture of milk and water. Heat to boiling, stirring all the time. Cook slowly and stir 30 seconds. Remove from heat; add applesauce. Put into 4 dessert dishes. Top with crumb mixture. Keep chilled until serving time.

You Will Need:
Pot Milk, Graham Crackers, Vanilla Pudding Powder, Applesauce and Cinnamon.

Even more than meets the eye

Look—The beauty you see on the surface of this sleek new Chrysler is only a hint of the value that lies beneath! When you feel the surge of life that stirs through this entire silent beauty as it takes off, you'll know there's nothing like it! When you feel its comfort . . . as you settle down in the softness of chair height seats, you'll say, "There's no comparison!" Before you decide on any car, look into Chrysler's value all the way through!

See it—drive it . . . there's built-in value all the way through!

Chrysler Driving Advantages

Field Drive . . . automatic gear shifting with exclusive car control High Compression Sparking Engine . . . extra power at all speeds. Super-finished parts for longer life. Chemically treated cylinder walls for greater wear! Waterproof Ignition System . . . prevents stalling in flood or storm. Full Flow Oil Filter keeps oil clean.

Chrysler Comfort Advantages

Chair Height Seats . . . no crouching on the floor . . . Functional Design . . . room for your head, legs, shoulders. Easy to enter and leave. Center-arm Steering . . . minimizes road shock, wheel lift. Rubber Body Mountings . . . Floor Power . . . eliminate vibration, help give softer, smoother ride in history.

Chrysler Safety Advantages

Safety Rim Wheels . . . won't shear the rims off at normal speeds. Constant Wheeling Wiper . . . electrically operated. Safe Guard Hydraulic Brakes . . . full brake power, smoother stops, less wear. Sure. Cylindrical linings for double the full vision . . . wherever you need it.

Sewing Club Meets In Home of Mrs. Ruby Alvis

The Rainbow Sewing Club met in the home of Mrs. Ruby Alvis Tuesday afternoon, July 11.

The club sang several songs then in the absence of the president, Mrs. Stella Jossilet presided over the business meeting. Sec. Mrs. O. W. Tooley read the minutes of the last meeting and dues were paid.

Stella Jossilet gave the thought for the day, "Think of Self, Think of Others, Think of God, Think of Home."

The needlecraft report was given by Mrs. J. B. Edwards and Mrs. Ruby Matthews won first place.

All enjoyed the recreation in form of songs which was sponsored by Mrs. Flossie Rogers, also a quiz game was played by Stella Jossilet followed by the "singing grandmas." Ethel Edwards and Stella Jossilet, Stella was the winning "grandma."

Delicious refreshments were served to Mrs. Flossie Rogers, O. W. Tooley, Winnie Copeland, Ruby Matthews, Stella Jossilet, Ethel Edwards and the hostess, Ruby Alvis and some children.

The next meeting will be in the home of Helen Johnson, July 18.

MUSIC PUPILS

I will take a limited number of pupils on flute, clarinet and saxophone. Beginners preferred. No pupils accepted after July 22.

Veterans Wives HD Club To Entertain Neighboring Clubs

The Veterans' Wives Home Demonstration Club met Wednesday, July 5th in the home of Mrs. J. C. Haliburton, Jr.

The meeting was called to order by the president, Mrs. W. H. May. Mrs. W. A. Stephens lead the club prayer.

Songs were lead by Mrs. Howard Sloan. Mrs. Paul Grinstead called the roll and read the minutes of previous meetings.

Plans were discussed and committees were appointed for the entertaining of our neighboring Home Demonstration Club.

The exhibit chairman appointed their committee for the exhibits at the fair.

J. C. Haliburton, Jr. gave a demonstration using "Master Mix," a mixture for making biscuits that will keep for 6 weeks and when ready for use add only milk, for easy and delicious biscuits.

Refreshments were served to 7 members and 4 visitors.

The next meeting will be July 19th in the home of Mrs. Lee Bivins.

Regular Meeting of Jossilet H-D Club Held Tuesday

The Jossilet HD Club met in a regular meeting at the club house July 11, 1950. Mrs. J. L. Toliver, Jr., president, presiding.

Several songs were sung. Roll call was answered with assigned subjects by six of the nine members present.

Minutes of the previous meeting were read and approved.

After a short business session the president appointed a committee of three members to make plans for entertaining a neighbor club, at our last Aug. meeting. Mrs. Howle, the agent, gave a

Paint Creek Home Ec Club Members Tour Abilene

F. H. A. Paint Creek Home Economics Club toured Abilene last Monday visiting several places of interest.

We visited the West Texas Utilities where we were shown the modern electrical home equipment and appliances by Mrs. Bessie Mae Sellers formerly of Haskell, who showed us through and served us cold drinks and delicious devil food squares.

From there we went to the Abilene Reporter-News where we were shown through the modern newspaper establishment.

We had lunch at the Mack Eplens. The first stop afterwards was the Coca Cola plant. From there we went to the Power Plant being shown the large generators and dynamos and also saw ice made.

Our next stop was at Mrs. Baird's bakery, being shown through the plant. This was about 4 p. m. We went up town shopping then left Abilene for Anson swimming pool, which seemed very cool to us.

After a cool, refreshing swim we were invited to Mrs. Emmett Sprowl's lovely home for ice cream and cookies.

Girls present for the tour were Shirley Tidwell, Gertie Tidwell, Nell Hanson, Lorene Jarman, Genn Schaahe and her mother, Mrs. E. A. Schaahe, Shirley Griffin, a friend, Sudie Mickler and her mother, Mrs. Veda Griffin and Mrs. Belle Fote, the teacher.

The girls all enjoyed themselves thoroughly.

Refreshments served were compliments of Mr. Alf Turnbow, with cookies added, which the hostess, Mrs. L. L. Carroll, made. Mrs. Howle also added a slice of nut bread made from the Master Mix, demonstrated.

Present for the meeting were Mrs. C. A. Thomas, Mrs. J. L. Toliver, Mrs. C. F. Bailey, Mrs. J. P. Perrin, Mrs. Bill Reeves, Mrs. J. L. Toliver, Jr., Mrs. J. H. Reding, Mrs. L. L. Carroll, Mrs. T. W. Jetton, Miss Margaret Toliver and Mrs. Howle.

(Photo by Zelma)

Mr. and Mrs. Claud Linville of this city are announcing the engagement and approaching marriage of their daughter, Evelyn, to Virgil Cobb, son of Mr. and

Mrs. Truett Cobb, of Haskell. The marriage will take place July 30th, in the First Baptist Church with Rev. Max Copeland officiating.

Reunion Held In Home of Mr. And Mrs. T. W. Free

A reunion was held in the home of Mr. and Mrs. T. W. Free Sunday, July 2. A bountiful feast was served buffet style at the noon hour. The day was spent playing games and taking pictures.

Those taking part in the celebration were: Mr. and Mrs. J. H. Free and Nancy Kate, Mr. and Mrs. Carl Wheatley, Keith, Jerry and Bobby, Mr. and Mrs. Bill Lyles, Wayne and Junior, Mr. and Mrs. Paul Roberts, Paula and James, of Austin; Mr. and Mrs. M. R. Hemphill, Mr. and Mrs. B.

G Hemphill, Gordy and Beverly of Los Angeles, Calif.; Mrs. O. G. Prince, Abilene; Mr. and Mrs. G. W. West of Phoenix, Ariz.; Mr. and Mrs. W. R. Free, Albany; Mrs. Derr, Mr. and Mrs. J. E. Berryhill, Johnny, Reba, Mr. and Mrs. Woody Frazier and Joan, Mr. and Mrs. G. E. Free, Margaret, Robert, Miss Darlene Earp, Mr. and Mrs. Wayne Lewis, Stevie, Mr. and Mrs. Leon Dodson and Mr. and Mrs. T. W. Free, Bobby, Wilford and Lulu.

VISITORS FROM COLORADO
David Dean and Winfred Andrews of Sterling, Colo., have been visiting their parents, Mr. and Mrs. Beno Andrews and Dee Andrews the past week end.

Family Reunion Held In Home of Mr. and Mrs. H M. Stone

The home of Mr. and Mrs. H. M. Stone was the scene of a family reunion in the honor of Mrs. Stone's mother, Mrs. N. C. McNeely who celebrated her eightieth birthday, which was July 4.

For the past month Mrs. McNeely had been visiting her son, J. J. Smith and family of Los Alamos, N. M.

Those present to enjoy the dinner and beautiful birthday cake were J. J. Smith, wife and daughter, Frances June and little son, Garry of Los Alamos; Mrs. J. J. West, son and daughter, Merrill and Betty Sue of Dallas; Mr. and Mrs. T. R. McNeely and son, Melton, of Abilene; Mr. and Mrs. J. T. McNeely and sons, Tommy and Jimmy of Dallas; Mr. and Mrs. V. C. Bailey of Haskell and Mr. and Mrs. H. W. Smith and family, Myrtle Don Hugh, Fred and David of Weinert.

A real surprise was when a granddaughter and her husband, Mr. and Mrs. George Bostoc and daughter, Janice Lynn of Albuquerque, N. M. came in.

Mrs. Neely received a number of nice gifts and friends dropped in during the day to wish her many more happy birthdays.

VISIT IN ROBY AND SNYDER

Mr. and Mrs. Clarence Taylor, his father, G. H. Taylor, and the former's daughter, Mrs. Gene Harrell and little son, David Paul, and Mrs. H. E. Melton, mother of Mrs. Taylor, all spent last Sunday in Roby guests of Mr. and Mrs. Edd Melton and daughter, Twinkle. They drove over to Snyder to visit Mr. and Mrs. Bill Crowder, a niece of Mrs. Melton and she remained for a several weeks visit.

Betrothal of Miss Pace, James C. Oneal Is Announced

Mr. and Mrs. Lynn Pace are announcing the engagement and approaching marriage of their only daughter, Janice, to James C. Oneal, son of the late Mr. and Mrs. W. E. Oneal of Anna. Double ring wedding vows will be solemnized in the home of the bride July 23 with the Rev. Francis C. Nickerson officiating.

Miss Pace has taught school the past two years and is now doing graduate work in Texas Christian University in Fort Worth.

Mr. Oneal is a graduate of Texas Christian University and will receive his Masters degree from NTSC in Denton this summer.

They plan to live in Anna, Texas, where Mr. Oneal is football coach and principal of the Anna High School.

Put pep in the pocket-book by putting profitable want ads on the job.

Center Point Club Meets With Mrs. Ida Farrell

Center Point club met Monday, July 6 in the home of Mrs. Ida Farrell. Mrs. Farrell led the group in singing.

Roll call was answered by members; Howle, HD agent, and plans were discussed for encampment which will be Aug. 10-11.

Mrs. Howle gave a presentation on Master Mix which was joyed by all. She gave recipes that could be used in this one Master Mix.

Club adjourned and refreshments were served by Mrs. Ida Farrell, to visitors and Mrs. Howle, and Lorene Fouts, Zada Patterson, Claudie Laverne New, Della Ginnia Whiteker, Tilda Ginnia Dornier, Helen Emma Blard and Milton son.

Next meeting will be 20 in the club house.

Hazel Robertson and Wm. R. Womble Wed In Pharr, Texas

A wedding of interest to the many Haskell friends of the bride, was solemnized at the First Baptist Church in Pharr, Texas, Saturday, June 24, in the marriage of Miss Hazel Robertson of Houston to William Womble of Corpus Christi.

The vows were read by the Rev. C. J. Clark, Baptist minister of that city. Mr. and Mrs. Horace L. Gore of Pharr, Texas, were the couple's attendants.

Mrs. Womble is the daughter of the late Mr. and Mrs. John E. Robertson, formerly of Haskell. For several years she had been a department manager in Sakowitz Bros. store in Houston.

The couple will reside in Corpus Christi, where Mr. Womble is associated with George C. Vaughn Lumber Co.

Haskell People Off On Fishing Trip To Corpus Christi

Leaving Wednesday for a vacation and fishing trip at Corpus Christi were Messrs. and Mrs. J. W. Gholson, Ed Fouts, Walter Rogers, C. G. Burson and Mrs. Jess Josselet. They plan to spend several days fishing in the Gulf, and will also attend a REA meeting in Corpus Christi.

Freezing Is Easy Way of Preserving Fresh Peaches

Freezing is one of the newer methods being used for preserving peaches and when properly done is very satisfactory. According to Mrs. Vee J. Howie, County Home Demonstration agent, several factors are involved in the selection and preparation of the fruit in the freezing process that must be given careful attention if the results are to be satisfactory.

She says the best varieties for freezing are Elberta, Hiley, J. H. Hale, Hale Haven and Frank. The peaches to be frozen should have reached the choice eating stage. This means firm, evenly ripened fruit of good quality.

After the peaches have been selected, they should be carefully washed and peeled. They should be treated to prevent discoloration and she says there are several products available for doing this job.

Ascorbic acid, vitamin C, is one of them. It is available in powdered and tablet form and she says that one and a quarter of the 100 milligram tablets should be used for each pint of fruit or one-half teaspoon of the powdered ascorbic acid for each quart of syrup. The ascorbic acid should be dissolved in the syrup before it is poured over the fruit, she adds. Citric acid is also recommended for preventing discoloration. She says to dissolve one-fourth of a teaspoon of citric acid in one quart of cool water to leave the fruit in the solution only 15 or 20 minutes, then remove, place in containers and cover with a sugar syrup.

Mrs. Howie says there are several commercial preparations available on the market that are recommended for preventing discoloration but if they are used the manufacturers' directions should be carefully followed.

She lists the following as the essential steps in freezing peaches. Select fresh, firm and ripe peaches. Wash them well, peel and remove the seed and halve or slice. Then treat to prevent discoloration. Package the fruit in the containers for freezing and cover with sugar syrup. The syrup can be made by dissolving three cups of sugar in one cup of water or she adds, dry sugar may be preferred to the syrup.

Next, she continues, place crushed waxed paper or cellophane on top of the peaches to keep them under the syrup. Seal the containers and quick freeze immediately. Mrs. Howie says that when frozen peaches are properly prepared and stored, they will retain their good quality for at least one year.

Antelope Season Set For Oct. 10

Details of the fall antelope shooting season authorized for October 2 to 10 inclusive, by the Game, Fish and Oyster Commission, are being worked out, according to the Executive Secretary.

The final number permits to be issued will be determined after results of the present antelope survey in the area west of the Pecos are completed.

The Executive Secretary said the number of special permits, which cost \$5 each, probably be less than the 702 permits issued in 1948, the last season that antelopes were hunted legally.

The total bag that year of male antelope was 629. The executive secretary explained that more than 90 per cent of the hunters usually get their antelopes.

Hunters again will make their application to the Game Department in Austin. Then, because the

number of applicants usually exceeds the number of available permits, drawings are made to designate the lucky nimrods. Present plans are to continue the arrangement whereby persons sending in their \$5 and being assigned a permit, may notify the department if they find they cannot make the trip so that their places may be taken by hunters who lost out in the drawing.

The hunt is arranged in three-day periods so that the concentrated game wardens may closely supervise the shoot. The overall hunt covers from 30 to 35 ranches

in the nine counties. Ranchers are allotted 20 per cent of the permits so that they may designate friends and their families for the hunt. The kill on the ranches ranges from five to sixty male antelope. The maximum ranchers may charge individuals for each three-day hunt period is \$40. Only one antelope may be killed by each hunter.

Several Insecticides Found To Control Cotton Pests

Tests conducted at the Lubbock Substation of the Texas Agricultural Experiment Station indicate that excellent control of Lygus bugs on cotton can be obtained from any one of the several combinations of insecticides used. W. L. Owens, assistant entomologist and professor J. C. Gaines, department of entomology of Texas A. & M. College, conducted the tests. Mixtures containing 3 per cent gamma benzene hexachloride, 5 per cent DDT, and 40 per cent sulphur; or 3 per cent gamma benzene hexachloride and 40 per cent sulphur; or 5 per cent DDT, or 10 per cent toxaphene were equally effective for control of the insect.

Lygus bugs, or tarnished plant bug, damage, says the entomologists, is limited to the irrigated sections of Southwest Texas where alfalfa is grown for seed. The insects develop on the alfalfa crop

in great numbers and cause a reduction in the yield of seed. When the alfalfa seed begins to mature, the insects move into the cotton fields. Here they continue to multiply and feed on cotton squares as well as on the bolls. Squares and smaller bolls shed from the plant, and the lint from the damaged bolls is stained. The result is lower grade of cotton.

Two applications of any one of these insecticide combinations are needed for Lygus bug control. Test results indicate that the insects can be controlled more easily if the insecticides are applied at the time the insects move from the alfalfa to the cotton. The dusts seem to be more effective against the adults.

According to Owens and Gaines, either 5 per cent DDT with sulphur or 10 per cent toxaphene with sulphur should prove to be the most economical treatment. Sulphur is included in the dust to control the red spider infestations which often occur after the application of other cotton insecticides.

Political Announcements

The Free Press is authorized to announce the following candidates for office in Haskell County, subject to the Democratic primaries.

- For Congress, 19th District:** George Mahon.
- For Representative, 113th Legislative District:** Clyde Whiteside.

Black Indians Take 6-4 Win Sunday Over Wichita Falls

The Haskell Black Indians defeated the Wichita Falls Red Sox 6 to 4 last Sunday at Fair Park field. The Indians had the visitors down 3 to 0 until the 8th when the Red Sox scored their first run. The Indians tallied 3 more scores in the last of the 8th, and the visitors came back in the 9th to chalk up 3 more runs.

The Indians meet the Winters Yellow Eagles here Sunday at 3:30 p. m. at Fair Park. The Eagles have a season's record of eight wins and one loss and promise stiff competition for the locals.

POP IN NEW YORK!

J. V. CLARE'S MOVE TO HASKELL FROM OLNEY Mr. and Mrs. Jetty V. Clare, owners and publishers of The Free Press, and their daughter, Diane, are now permanent residents of Haskell.

Hints On Buying Towels Given By Home Specialist

A good towel is usually one that is fairly heavy and can absorb water quickly and in volume. The loops that are woven into the towel determine its absorbency, says Mrs. Vee J. Howle, Haskell County Home Demonstration agent, and suggests that when you are buying towels you check this item.

The loops should be reasonably close together and fairly long. The longer loops make the towel soft and fluffy but they don't wear so well since they are apt to catch and pull out, says the specialist. The heavy towels are more absorbent because there is more yarn to absorb water. The tag or label attached to the towel usually contains information on the weight and absorbency of the product.

Mrs. Howle says you can judge the durability of towels by checking the weave of the background cloth, the hems and the finish of the edges. For good wear, the foundation cloth should have a firm, close weave that holds the loops firmly in place.

She suggests two tests that can be quickly made for checking towels. Hold some of the loops between your thumb and finger and see if they are firmly attached. The other test is also simple; hold the towel between yourself and the light and check to see whether or not the light comes through evenly in fine points. That is the way it should be, says Mrs. Howle. The hems should have the raw edge turned at least a quarter of an inch and the stitching should be even with the backstitched hems at the corners. A good closely woven selvage edge, she says means durability.

Jesus (portrayed by Millard Coody) and the Virgin Mary (portrayed by Darlene Bridges) as Jesus turns water into wine. The scene is from the pageant in "The Prince of Peace," new Hallmark cinecolor release showing at the Texas Theatre, Thursday and Friday, July 13th and 14th, with 2 p. m. matinee on both days.

Bait Seining Stir Crises

Varied and at times conflicting local regulations on seining and possessing bait apparently are bothering some Texas fishermen.

This is indicated by requests for information from the game department and its field men and by occasional arrests for violations.

The basic state law permits the use of a 20 foot minnow seine but forbids taking any variety of game fish for bait. There are so many special laws that fishermen are advised to obtain a complete set of fishing laws or to check with their local game warden.

Most counties permit seining of bait. Many counties forbid seining of bait for sale. Many set a limit on the number that may be taken. The maximum ranges from 125 to 500.

Fishermen, many of whom usually catch their own bait, become agitated by reports conflicting with the law. Recently a rumor circulated that Lake Travis, near Austin, had been closed to seining for bait. Several calls were received by the game department.

Some anglers, possibly through carelessness, are caught with game fish they have taken with their minnow seines. They are reminded that game fish fingerlings have much the same characteristics as the adults. That applies, for instance, to bass and crappie fingerlings. Fishermen familiar with the appearance of the different adult species seldom have any difficulty determining what is legal and what isn't. The authorities suggest that persons in doubt had better return the fish to the water.

Two Local Firemen Attending Training School This Week

Two members of the Haskell Fire Department, truck driver Floyd (Satch) Lusk and John B. Martin are attending the State Fireman's Training School at College Station this week. The Haskell men left Sunday and will return following close of the school Friday.

During the intensive five-day school, latest methods in fire prevention and fire fighting will be taught firemen from throughout Texas in attendance at the annual training course. Added feature at the school this year will be instruction in methods for protection of lives and property in the event of unforeseen emergency aside from accepted fire hazards.

Mrs. W. D. Hellums had as her guests last week her sister and husband, Mr. and Mrs. C. H. Walls and niece Miss Ina Gossett of Portales, N. M.; Mrs. Bill Richter of Dallas, daughter of Dr. and Mrs. E. F. F. Herd of Goree. Also Mike and Patsy Odell, son and daughter of Capt. and Mrs. T. R. Odell Jr. of California.

Mrs. Bill Bert of Pampa was a visitor in the home of Mr. and Mrs. J. E. Walling, Sr. last weekend.

Cotfield's Shop Will Sponsor Baby Photo Contest

Cotfield's Shop has announced a photogenic contest for children from 1 month to 12 years of age on Tuesday and Wednesday, July 18 and 19 at the store. A photographer from Rembrandt Studios will take photos of the children from 10 a. m. until 5:30 p. m. each day. A free 8x10 will be given of the pose selected by the mother.

The winners in the group will get oil painted pictures. Group pictures may also be taken although they will not be a part of the contest. Free poses will be made for adults and extra members of the family.

Announces Haskell County Wheat Rate of \$1.96 Per Bushel

Loan rate for 1950 crop placed in Haskell county bushel was announced by the Productive Administration county. Last year's rate was \$1.96 per bushel.

Rate applies to wheat No. 1, John Brock, chairman points out, reduced on farms cooperated in 1950 wheat acreage program grading No. 3 or No. 4 or No. 5 because of weight or because of heat of the classes during red durum will be issued for purchase of commodity loan or purchase. The chairman says the various qualities of wheat will be issued early date and will be for inspection at the office in Haskell.

Loans and purchase agreements must be placed in approved storage either on the farm or in a commercial warehouse or elevator according to the chairman. He points out further that storage allowances will be continued for 1950-crop wheat on the same general basis as last year.

Brock explains that the county rate is based on a national average rate of \$1.99 a bushel to farmers for No. 2 wheat as announced by PMA on June 30. The equivalent national average rate for U. S. No. 1 wheat is \$2.00 per bushel.

The Agricultural Act of 1949 requires that the price of 1950-crop wheat be supported to farmers at 90 per cent of the parity price on July 1, 1950, the beginning of the marketing season. Brock reports that the July 1 wheat parity price was \$2.21 a bushel. For the same date last year the wheat parity price was \$2.17 per bushel.

Lineman Injured In Fall From 35-Foot Pole Thursday

Jim Campbell, about 30, lineman for the West Texas Utilities Company, received critical injuries Thursday when he fell from the top of a 35-foot pole on which he was working.

Member of a line distributing crew, Campbell was working with the crew in the southeast part of Haskell. He had unhooked his safety belt and started to descend the pole when the accident occurred. He was rushed to the Haskell hospital, where X-ray examination disclosed severe back injuries, including two crushed vertebrae.

Later the injured man was removed to the Stamford Hospital for continuing treatment which will likely confine him to bed for possibly a year or longer, it was reported.

Bell County Ex-Residents to Meet At Buffalo Gap

A large number of Haskell county people are planning to attend the annual meeting of the Bell County Ex-Residents Association at Buffalo Gap near Abilene Sunday, July 16th. The meeting will be the 10th annual gathering of the group.

The association was organized 10 years ago when a group of West Texas people who formerly lived in Bell County met in Abilene. They elected the late James P. Stinson president.

Second meeting was held in 1941 when A. J. Smith of Anson, former Haskell County Judge, was elected president. The war years postponed another meeting until 1945. That year E. R. Hill of Tahoka was elected president. Successive presidents were E. T. Brooks, Joe Childers, the late C. J. Glover of Merkel and Frank Sparks of Eastland, current president.

Food Poisoning Easily Avoided With Proper Care

Food poisoning and the spread of food-borne diseases can be "things of the past," State Health Officer Geo. W. Cox asserted today.

"People need only remember three things to bring the end of the food poisoning disease classification," Dr. Cox declared. "Buy food from safe sources, prepare it in a sanitary fashion, and serve and store it correctly."

He said state laws covered the sale of contaminated food to the housewife, but "only the housewife can see that food is properly stored and cleaned properly for serving to the family."

There is a difference between food infection and food intoxication, he pointed out.

Food infection comes from eating or drinking a product contaminated by a germ. Dysentery, typhoid fever, para-typhoid fever and tuberculosis are examples. Animal parasites can also gain entry to the body in this way. That, the doctor said, is how people get trichinosis and tapeworm.

The growth and multiplication of certain toxin forming bacteria in unrefrigerated foods bring on food intoxication, according to the explanation. That is the source of staphylococcus infection and deadly botulism. Some kinds of mushrooms and certain shellfish are also poisonous.

Some poisonous substances may be accidentally introduced into food, Dr. Cox said. "For instance, rodent and insect poisons, spray residues on fruit and vegetables, and poisons from metal containers."

To point up the deadliness of some food poisons, he related the story of the housewife who suspected some home canned green beans she had just opened were tainted.

"She barely tasted one of them, but it killed her in a matter of hours. Such instances are rare but do occur."

GUESTS IN HOME OF MR. AND MRS. JOE MAPLES

Mr. and Mrs. Joe Maples have had as visitors in their home recently, Mrs. Maples brother, R. F. Landers and Mrs. Landers of Dal-

las; and her sisters, Mrs. A. L. Spangler of Los Angeles, Calif., Mrs. Phil Bellaire and son, Pete of San Francisco, and Mrs. Earle Matthews of Van Nuys, Calif. The entire group motored to Temple,

Texas, the first of the week to visit another sister, Mrs. Willie Davis.

W. D. Hellums has returned to Dallas for eye treatment.

The members and their families will begin to assemble on the Presbyterian camp grounds at Buffalo Gap about 10 or 11 a. m. Sunday, July 16. A basket lunch will be spread at 12:30.

Visitors in the home of Mr. and Mrs. J. E. Walling Sunday afternoon were Mrs. Wilmont Darty and Mrs. Hart of Abilene. Mrs. Darty is a former resident of Haskell.

3 good reasons why you'll go for MERCURY

1. You get the right power!

When you want to go up—you go UP in Mercury! The big, V-type, 8-cylinder, made-only-for-Mercury engine is just right for the high ones! And it puts you right on top with economy, too. One reason why Mercury is "America's No. 1 Economy Car" today!

2. You get the right riding comfort!

Six "big ones" can travel comfortably in Mercury. It's that big—that roomy! And so quiet! You can travel more miles a day with ease and comfort—in Mercury! Try it!

3. You get the right roadability!

You never felt such a big car handle so easily! This brawny Mercury takes curves... rough roads... as though they didn't exist. And it slips into parking spaces other cars are forced to pass up. Go for a ride—and see what we mean when we say "you'll go for Mercury!"

Go for a ride and you'll go for **MERCURY**

Haskell Sailor Now At San Diego Naval Air Station

James E. Alvis, seaman, USN, son of Mr. and Mrs. James C. Alvis of 1204 North Avenue "G", Haskell, has reported for duty at the Naval Air Station, San Diego, Calif.

Alvis, whose last duty was at the Naval Communication Station, Imperial Beach, Calif., entered the Naval service April 10, 1948 and received his recruit training at the Naval Training Center, San Diego.

Upon completion of a week of indoctrination he will be assigned to the Transportation Department.

Three tablespoons of lead arsenate dissolved in one gallon of water and applied as a spray will control bagworms. A second application may be needed in two or three weeks to get the late hatchers. Wet these infested plant thoroughly.

The loops that are woven into a towel determine its absorbency. The loops should be reasonably close together and fairly long. The heavy towels are more absorbent because there is more yarn to absorb water.

Nearly all organized cotton improvement groups of farmers in this area have filed their applications for cotton classing and market news service they will receive under the Smith-Doxey Act, according to H. J. Matejovsky, who is in charge of the area cotton office of the U. S. Department of Agriculture's Production and Marketing Administration.
"Farmers should see to it that the application for their group is filed at once so they will not miss any of the advantages of this program," Matejovsky said.
Deadline for filing of application in this area is August 15. Applications should be sent to P. O. Box 2001, Abilene, Texas.

Marriage License
Moody Mitchell and Ava Viola Frizzell.

When a too-short window shade pulls off the roller, try sewing a few inches of muslin to the top before retacking. It does not show when raised.

The way to prevent "long corners" on towels—and an aid to folding them when dry—is to fold all towels lengthwise before hanging on the line.

In 1813 in the factory of Francis Cabot Lowell, a young Bostonian, cotton manufacture from bale to woven fabric was first done under one roof.

Goree Mother and Daughter Die In Car Collision

Two members of a Goree family—mother and daughter—were killed and two others hurt in a traffic accident near Wichita Falls early Sunday night.

Killed were Mrs. Nonnie Stephens, 48, and her daughter, Joyce, 19. Injuries were sustained by Troy Stephens, 16, and Helen Leatrice Stephens, 24.

Highway Patrolman Max Loyd of Wichita Falls said the mishap occurred when the Stephens car approached the intersection of State Highway 258 and Farm Road 369, and collided with a car driven by H. G. Dickerson, 46, of Wichita Falls. Dickerson escaped injury.

Dickerson's 1949 Chevrolet two-door sedan, traveling west on State Highway 258, smashed into the left front side of the 1942 Ford tudor being driven south on Farm Road 368 by Joyce Stephens.

The cars hit almost in the center of the intersection and both were thrown more than 75 feet away from the point of impact. Both cars came to rest at a point across from the intersection above the highway shoulder.

The 19-year-old Stephens girl was killed instantly when she was thrown out of the auto, striking a wooden fence post about 15 feet away.

Loyd said it could not be determined where the passengers were riding in the Stephens auto, with the exception of the driver.

A passing woman motorist enroute to Wichita Falls came upon the scene before the injured had climbed from the wrecked cars. She called for ambulances at a nearby residence.

Joyce Stephens was dead on arrival at the Wichita General Hospital. Her mother talked briefly with a Pearson Funeral Home ambulance driver while enroute to the hospital, but died a few moments after entering the emergency room.

The Stephens family had lived in Goree 10 years. Mr. Stephens died about a year ago. Mrs. Stephens was employed in the Goree School cafeteria. Joyce was an office employee of the United Gas Corporation in Seymour.

Survivors include another son of Mrs. Stephens, W. C. of California; two other daughters, Dorothy and Odett, both of Goree; three brothers, Raymond Davis of 1812 Collins, Wichita Falls; Roy Davis of Hamilton, Texas; and J. H. Davis of Hico; and four sisters, Misses Lois and Clarice Davis and Mmes. Ruby Wilson and Carl Mosman, all of Fort Worth.

Farm Cash Income In Texas Shows Substantial Increase During May

Farm cash income in Texas totaled \$86,771,000 in May, a 24 per cent increase from April and a 1 per cent rise from May 1945.

The University of Texas Bureau of Business Research reported. Cattle the greatest source of income in May, brought Texas farmers \$34,849,000. Income from milk products totaled \$8,981,000; wool, \$7,232,000; and fruits and vegetables, \$7,120,000.

Farmers in the Edwards Plateau district turned in the largest dollar income in May, \$15,636,000. Southern Texas Prairies with \$10,513,000 and Red Bed Plains with \$10,362,000 ranked second and third.

Western Cross Timbers, up 141 per cent, recorded the largest increase in farm cash income in May from April. Other gains were registered in the Lower Rio Grande Valley, 80 per cent; Edwards Plateau 79 per cent; Red

Bed Plains, 75 per cent; Southern High Plains, 42 per cent, and Black and Grand Prairies, 5 per cent.

Monthly declines were recorded in South Texas Prairies, 57 per cent; Southern Texas Prairies, 52 per cent; Northern High Plains, 15

per cent, and in the Trans-Pecos district, 6 per cent. In comparison with May 1945 increases in farm cash income varied from 51 per cent in Red Bed Plains to 6 per cent in the Trans-Pecos district. Declines ranged from 35 per cent in the Lower Rio Grande Valley to 8 per cent in the East Texas Timbered Plains. After adjustment for seasonal variation the Bureau's index of farm cash income stood at 276 per

cent of the 1934-35 base. May as compared with April and 276 for May 1946. ★ Polio "10" Emergency Phone 461-W Haskell County Public Health Dept.

ATTEND MEETING OF STATE BAR ASSOCIATION

Mr. and Mrs. Royce Adkins spent last week in San Antonio, where he attended the annual meeting of the State Bar Association. Mr. Adkins is City Attorney of Haskell.

There are more cotton farms than those of any other type—that is, farms deriving 40 per cent or more of their income from cotton.

Robert W. Calvert OF HILL COUNTY

is a candidate for Associate Justice of the Supreme Court of Texas, Place 2.

As a former member and Speaker of the House of Representatives, County Attorney of Hill County, and Chairman of the State Democratic Executive Committee, Mr. Calvert has rendered faithful public service.

His friends in this county respectfully solicit your vote for

Robert W. Calvert

I can heartily recommend Robert W. Calvert as being thoroughly qualified, and worthy of your vote for this important office. He is my personal friend, and I will consider it a personal favor if you will honor him with your vote.

OLDSMOBILE ROCKETS TO VICTORY IN GRUELING MEXICAN ENDURANCE RUN!

STOCK CAR OUTPERFORMS 131 OTHER CARS IN 2170-MILE PAN-AMERICAN ROAD TEST!

The "Rocket 88" proves it's really great! Oldsmobile's spectacular action star sweeps first place honors in one of the longest, most hazardous durability tests on record—2,178 miles over the new Pan-American Highway! Here's undisputed evidence—unmistakable proof—of the peak performance and remarkable endurance built into the "Rocket" Oldsmobile. Try the thrilling "Rocket" ride yourself—make your date with a "Rocket 88" today!

Harold McCall, Portland, Oregon, finishes a winning smile after piloting his "88" to victory! 132 American and foreign cars entered, but only 53 finished the rugged run. And three of the 53 that did finish the run were Oldsmobiles!

SEE YOUR NEAREST OLDSMOBILE DEALER Service Garage & Implement Co. Haskell, T

TO THE CITIZENS AND VOTERS OF PRECINCT ONE, HASKELL COUNTY, TEXAS

Because of the unfavorable weather and the growing need of repairing and maintaining roads, it has been impossible for me to see any of the voters in the interest of my candidacy for Commissioner.

I take this means of soliciting your support, and to express to my appreciation of the many favors and support of the past.

It has been my desire and effort to show my appreciation in efficient service. Yet because of insufficient finance and equipment, I have been unable to meet all the needs.

Since I have been in the office, I have worked for and helped secure two Farm-to-Market roads in Precinct One: One running from Rochester to the precinct line, east, between Rochester and Weir; the other from Rule, northwest to Jud. And I have worked with the citizens trying to secure a road from Rochester to Jud, which so far have been unable to do, but intend to continue our effort until we succeed.

The amount of Farm-to-Market roads that have been constructed is quite a saving to the precinct, as the state maintains these roads and thus leaves more time and money to build other roads. We have also built in the neighborhood of thirty or more miles of gravel or bituminous roads and where it was possible to do so without any loss to the citizens outside the cities.

We have tried to cooperate with the towns in the precinct in meeting many of their needs. Because of the needs of the present time in road work, it may be impossible for me to see you, for we must consider the needs of our present obligations.

I will appreciate your consideration of the things that have been done and your support in the coming election.

Your County Commissioner

IRA BLAIR

Grain Sorghum Support Price Is Pegged At \$1.87 Per Bushel

Price supports on the 1950 crop of grain sorghums were set last Thursday by the Agriculture Department at Washington at \$1.87 per hundred weight. The 1949 crop had been supported at \$2.90 per hundred weight.

Congressman George Mahon of Colorado City, representative from the 19th District, expressed disappointment over the support price being lower than last year's, but he said he was pleased, at least, that a price support had finally been announced. He had been urging the action for months. Mahon pointed out that the 1950 crop is already being harvested in many areas in Texas.

The Agriculture Department simultaneously announced other 1950 price supports: Oats, 71 cents per bushel (was 69 cents per bushel in 1949); barley, \$1.10 per bushel (\$1.09 in 1949); and rye \$1.28 per bushel (\$1.27 in 1949).

A statement by Secretary of Agriculture Charles Brannan accompanied the plan and noted that the law makes supporting grain sorghums, oats, barley and rye voluntary, but that supports have been announced because "the crops are of such importance in maintaining adequate supplies of feed grains for our expanding

livestock economy and in maintaining a fair level of income for producers in many areas."

Brannan continued: "In determining the level of support for these crops, we took into consideration the feed value, price, demand, and other relationships among these grains and between them and corn, our major feed grain. In the case of grain sorghums, the applicable relationships are largely to corn produced in the non-commercial corn areas without producer controls and at lower price support levels. Practically all grain sorghums are produced outside the commercial areas. An additional consideration is the fact that the Commodity Credit Corporation now owns about one-half of the total grain sorghums produced in 1949 and taken over under last year's support operation."

The support program will be operated the same as last year, the department said.

Polio Outbreak No Cause for Hysteria, Health Official Says

State Health Officer Geo. W. Cox has turned the bright light of optimism on the heretofore dark picture of polio in Texas.

Observing that the state's 1000 cases of polio since the year's beginning has occurred among a population of 7 1/2 million people, the health official Thursday deplored "the attitude of hysteria that polio creates in a community."

That didn't mean that people should not be concerned, the doctor commented, for a case of illness in any form is good reason for concern.

"I'm talking about the fear that keeps a person or a whole community from thinking straight. Of course each case of polio is an individual tragedy for the family involved, but wholesale public panic simply is not justified."

He doesn't want to encourage complacency either, the state health officer said, adding:

"Every clear thinking effort must be made to keep every home, every community, every vacation camp consistently clean and sanitary. Briefly, elimination of fly and insect breeding places, personal cleanliness, and getting milk, water and food from safe, approved sources will aid in preventing a number of communicable diseases."

National statistics, Dr. Cox asserted, show good reason for optimism in most cases of polio. According to the figures from 40 to 60 per cent of all victims recover completely and can do anything they choose.

From 25 to 40 per cent recover with only minor disability, and can, within very wide limits, lead perfectly normal lives. From 15 to 20 per cent are more severely handicapped, and 5 to 10 per cent terminate fatally.

"It all goes to show that polio is actually a minor cause of illness, and an even less significant cause of death, when compared to certain other communicable diseases," the health officer concluded.

Simple Precautions Safeguard Against Home Accidents

Your home is the top-rated ac-
cident trap. At least, so say safety
experts. But you can make it a
less dangerous place with a few
simple precautions recommended
by Texas State College for Wo-
men physics director, Albert Ford.
You may live longer if you pay
attention Prof. Ford's advice and
don't use a chair for a stepladder;
permit marbles, skates, cars and
other small toys on floors or steps
or have throw rugs on waxed
floors.
You can also improve your
chances for long life and make
good health by grounding such
electrical appliances as mixers,
washing machines, and refrigera-
tors to a cold water pipe to pre-
vent shock; by periodically ex-
amining wall plugs and extension
cords and by keeping available an
emergency supply of spare
fuses of proper amperage.
"While you are at it," Ford says,
"check those gas jets regularly.
All this sounds very common-
place," Ford admits, "but a lot of
people get hurt or killed for fail-
ure to take such simple precau-
tions."

Social Security Man Coming Here On July 20th

Ralph T. Fisher, manager of the
Abilene office of the Social Se-
curity Administration, will be at
the Chamber of Commerce in Has-
kell at 11:00 a. m. Thursday, July
20th. Persons wishing assistance
with retirement claims or death
claims under the Social Security
Act, or needing information about
their social security accounts,
should call at that time for nec-
essary help and information.

The results of a recent feeding
test by the Texas Agricultural
Experiment Station indicate that
at current prices it is an econom-
ical practice to substitute four
pounds of citrus or corn molasses
for an equal amount of ground
milo in a beef calf fattening ra-
tion.
Put an old sheet over a coil or
link spring, between the spring
and mattress, to protect a mattress
from rust.

Districts Will Get \$49.50 Per Scholastic Aid

Haskell County schools, with a total of 3141 scholars, will receive approximately \$155,479.50, for the year under the \$49.50 apportionment.

The per capita payment last school year was \$50. The extra \$2 would come from an anticipated surplus in July and August income for the available school fund. The expected surplus would

County Council Of H. D. Clubs Meets Here

The Haskell County Council of H. D. Clubs met in a postponed session Saturday, July 8, at 2:30 p. m. in the district court room with thirty women present representing 12 clubs. There were six visitors present. Mrs. Frank Garrett of the Friendship club led the opening song.

Mrs. E. B. Calloway, the council chairman, called for committee reports. Mrs. A. C. Denson, chairman of the finance committee reported that the committee had planned a grouping of clubs to make money for council in any way they might plan. This is to be accomplished by Sept. 1.

Mrs. J. R. Davis, chairman of education reported for four clubs who hold their reports for the past quarter year on time. They were Liberty, O'Brien, Veterans' Wives and Willing Workers. She reported 19 quilts made, 11 pairs of curtains, 11 walls papered, 43 pieces of furniture refinished, 15 floors refinished, 7 kitchens improved, 21 outside improvements, 189 garments made and 20 non-club members given help.

Mrs. H. Harris, the exhibit chairman reported 5 clubs have planned their exhibits for the county fair next fall.

Mrs. C. H. White gave the Marketing report. She asked all who

H. H. S. Faculty Member Attending TSCW Workshop

Miss Lucille Watson, homemaking instructor in Haskell High School, is attending a workshop on "The Teaching of Family Relations in High School" in progress June 29-July 18 at Texas State College for Women.

The workshop featured outstanding speakers, is sponsored by the TSCW Home Economics Department.

Miss Watson, who will teach in Haskell High School this fall, is chairman of a committee to put out a bulletin on the workshop.

wanted to order tracing wheels place their order with her immediately.

Mrs. E. B. Calloway was elected Texas Home Demonstration Association Chairman for Haskell county to serve next year, succeeding Mrs. T. M. Patterson who has served her allotted time. Mrs. Raymond Astin of the Blue Bonnet Club near Stamford, and Mrs. Frank Garrett, Friendship Club, Weirter, were elected as delegates from the council to attend the State THDA meeting along with Mrs. Calloway. The state meet is to be held in Big Spring Aug. 23, 24 and 25.

Alternates elected were Mrs. O. W. Whitaker of the Center Point club, Mrs. Hutchison of the Dennis Chapel club and Mrs. H. B. Yarbrough of the Willing Workers club of Jud.

"Prince of Peace" Showing Today at Texas Theatre

The 1950 peach crop will be short and homemakers are urged to make the best possible use of the small crop that will be harvested.

News that is vital to you can be found in the want ads.

One of the most unusual—and definitely one of the most worthwhile—movies to reach a local theatre screen in many years is the new cinecolor production, The Lawton Story of "The Prince of Peace" showing at the Texas theatre today and Friday. Its reverence, simplicity and faithful portrayal of the Life of Jesus Christ makes it indeed a thing of beauty and a picture of great significance in this war weary world.

Produced at a cost of more than \$2,500,000 by Hallmark Productions as an answer to the plea from Christian leaders everywhere for a feature-length motion picture with a great spiritual message, "The Prince of Peace" is a gem that will be viewed over and over again by youngsters and adults alike as the decades roll by. Its current showing at the Texas is to be its only local run within three years, according to the theatre's announcement.

The Lawton Story of "The Prince of Peace" is actually two stories in one. The picture is based on the life of the famous Little Minister, Rev. A. Mark Wallock of Lawton, Okla., and his world famous Easter pageant which has become America's greatest Passion Play. A full year in filming, the producers have tried the impossible and accomplished the unusual by casting professional Hollywood actors and actresses into certain of the story's roles and surrounding them with a cast of more than 3,000 strictly amateurs—citizens of Lawton, Okla.—who handle the biblical roles with sheer perfection and amazing sincerity.

If brown sugar gets hard when you store it, soften it this way: Put in bowl and cover with a heavy wet cotton cloth. Let it stand for an hour or longer and it will become loose again.

Any baseboard lights that stay on at night make for safety in the home.

RETURNS FROM BIG SPRING

Mrs. W. H. Starr returned Sunday from Big Spring, where she had been visiting relatives and friends for the past two weeks. Mr. and Mrs. Dugan Starr went to Big Spring to accompany her mother home.

NO MARKETING QUOTA FOR 1951 WHEAT CROP

There will be no marketing quotas for the 1951 wheat crop. This announcement by the Secretary of Agriculture on June 24 is based on provisions of the Agricultural Adjustment Act of 1938 as amended. John Brooks, chairman of the Haskell Production and Marketing Administration committee explains. The current wheat crop is estimated at 215 million bushels, and the carryover from last year is estimated at 450 million bushels. A total of 1,395 million bushels. This is 18 per cent more than the normal supply — the estimated amount needed for domestic consumption and export. Marketing quotas for wheat must be proclaimed when the total supply exceeds the normal supply by more than 20 per cent.

DANCE AT Old Glory Hall Sat. July 15 Music Furnished By Alwelcome Butane Boys From Abilene

NOTICE TO BIDDERS The Commissioners Court of Haskell County will receive bids on a new tar and gravel roof on the Court House in Haskell, Texas. Take up first sheet, clean and mop good with hot pitch, repair all damaged flashing and cover with a new tar and gravel 15-year bonded roof. Bids will be received at the office of the County Judge until 10 o'clock a. m. August 1, 1950. The Court reserves the right to reject any or all bids. O. E. Patterson County Judge, Haskell County, Texas. 28c

Naval Reservist Volunteers Sought For Active Duty

Since Naval Reservists, both Organized and Volunteers, are desired for active duty, Rear Admiral W. K. Phillips, USN, Commandant of the Eighth Naval District, at New Orleans, today announced that the machinery has been set up throughout Texas, Oklahoma, Louisiana, Arkansas and New Mexico for processing applications of those who volunteer. "The Navy needs additional male officers and enlisted men," the Admiral said. "Primarily it needs them for afloat and overseas duty." The Navy requires a minimum of six months active duty from those who volunteer. Twelve months of active duty will be guaranteed to those who desire it. Male officers should submit their requests for active duty directly to the Bureau of Personnel (Section Pers. BII), Navy Department, Washington 25, D. C. The Bureau of Personnel will issue all orders to officers. Aviation officers should include flight time and types of plane flown during the past year in their applications. Enlisted men are to volunteer at their nearest naval recruiting station. There are 51 naval recruiting stations in these five states, 45 of these are sub-stations. Those who volunteer at recruiting sub-stations will be trans-

"Grabbling" Fish Is Costly Sport For Stephenville Man

A Stephenville man paid a stiff fine for pursuing the old sport of catching fish with his hands. Arrested by Warden D. W. Bowers of San Saba, the man was assessed \$63 fine and costs for grabbling. In his report covering the infraction, which occurred in the Colorado River, Bowers said the man "had caught several catfish under rocks with his bare hands." This primitive means of catching catfish became so popular and so devastating to spawning fish that the legislature barred it years ago. The success of the sport used to lure an occasional angler to his death, usually from getting in too deep water after making contact with a huge fish that proved unexpectedly ferocious. Freezing is one of the newer methods being used for preserving paches and when done properly is very satisfactory.

Good planning and close figuring may keep Texas farmers on the black side of the ledger this year but the need for sound farming and business-like management is increasing by the hour. When possible, grain and feed crops should be marketed through livestock because the price outlook for livestock and livestock products is relatively favorable. Read the Want Ads each week.
