Here's the best steer on the market!

Drive DODGE

...the only truck that's "Job-Rated" for easy handling

Drives like a dream!
 That's what you'll say once you get behind the wheel of a Dodge truck. It's "Job-Rated" for comfort and convenience... to make driving a pleasure in traffic or on the open road.

Parks like a kiddie car!
 Shorter wheelbase and shorter over-all length make parking a snap. Your Dodge truck is "Job-Rated" so you can slip easily into those parking spaces you used to pass up.

Rides like a baby carriage!
 Smoo-oo-th is the word for the ride you get in a Dodge "Job-Rated" truck. Extra-long front and rear springs are tough, yet flexible. And they're re-shackled to last a lot longer.

Turns on a dime!
 Just a feather-touch to the wheel and you make shorter turns, whether you're backing up, turning around, or parking. "Job-Rated" wide tread front axle and cross-steering make it possible that way!

Now! glycol Fluid Drive!
 Available only on Dodge "Job-Rated" Trucks (1/2-ton, 3/4-ton and 1-ton models). Ask for Fluid Drive booklet.

POWER:... 8 great truck engines—each "Job-Rated" for PLUS power.
ECONOMY:... priced with the lowest "Job-Rated" for dependability and long life.
HEAVY PAYLOADS:... carry more without overloading axle or springs because of "Job-Rated" WEIGHT DISTRIBUTION.
EASIER HANDLING:... sharper turning! Plus in tight places. "Job-Rated" maneuverability!
COMFORT:... widest seats... windshield with best vision of any popular truck. Adjustable, adjustable "chair-height" seats.
SAFETY:... finest truck brakes in the industry... hand brake operating independently on propeller shaft on all models—1/2-ton and up.

Job-Rated for low cost transportation

With all their extra value **DODGE "Job-Rated" TRUCKS** are priced with the low **Pitman Motor Company**

NEWS OF INTEREST TO WOMEN

Willing Workers HD Club of Jud Meets Thursday, June 22

The Willing Workers HD club of Jude met Thursday, June 22 at 2:30 p. m. with Mrs. Joe Mathis as hostess.

The meeting opened with the reading of the Collect for club women followed by the club prayer.

Mrs. H. B. Yarbrough was elected nominee for delegate to the State THDA meeting at Big Spring, Aug. 23, 24 and 25. The recreation committee submitted entertainment plans for the Women's Encampment at Lueders, Aug. 10, and 11. These were accepted by the club.

Mrs. Joe Mathis read an article "You can Grow Your Own Vitamin C. It's the vitamin that helps the body resist disease; helps keep gum, firm and pink; helps make strong teeth bones and blood vessels; delays signs of aging; and prevents many muscle aches often called "growing pains" or mistaken for rheumatism. We overlook the fact that vitamin C is plentiful in many garden vegetables, such as tomatoes, green peppers, broccoli, brussels sprouts, turnip greens, kale, cabbage and spinach. These green vegetables are worth a million if prepared and preserved correctly for use. Potatoes, cantaloupes, strawberries, some varieties of apples, oranges, and grapefruit are all good sources of this ascorbic acid vitamin. In a recent survey by the army they learned that so many young people were unfit for military service because of lack of vitamin C in their daily diet, concluded Mrs. Mathis.

Secret pals were revealed and new names drawn. Refreshments were served to eleven members. The next meeting will be in the home of Mrs. M. Menley for a club anniversary party at the conclusion of the Master Mx. Demonstration by Mrs. Vez J. Howie, the H. D. Agent.

VISIT IN KNOX CITY
Mr. and Mrs. John Atterberry Jr. and children of Bryan spent last week-end with his parents of Knox City. Mrs. Atterberry and children remained for a longer visit with her mother, Mrs. Elam Parish of Haskell.

HERE FROM CORPUS CHRISTI
J. W. Roberts of Corpus Christi was a visitor in Haskell Wednesday. He formerly was owner and publisher of the Munday Times, and is a brother of Sam A. Roberts of this city.

PEACE, IT'S WONDERFUL!

"Peace, it's wonderful," sighs this pretty miss, who thinks the Mexicans have a point in their siesta time. She is completely relaxed to enjoy the sun's tanning rays in her play outfit of cotton tickin' by White Stag.

Dennis Chapel H-D Club Meets With Mrs. Hutchinson

The Dennis Chapel club met with Mrs. R. E. Hutchinson in an all-day meeting. The cause of an all-day meeting was to show the Friendship club how to make billfolds, purse and belts.

Our regular meeting was held at 2:30 with 9 members present and 5 visitors.

The meeting was called to order with new and old business discussed. Mrs. Hutchinson was elected THDA delegate.

A demonstration was given on cooking oatmeal. We then adjourned and worked on leather the rest of the day. Members present were Mrs. Ben Redwine, Clyde Walker, Guy Coyt Hix, Cecil Hutchison, Weldon Walling, Jimmy Cox, D. I. White, E. Hutchison.

Visitors were Mrs. Jack Walker, Russell Johnson, Frank Garrett, Bob Edwards, Dewayne Vaughn.

Milk and milk products furnish fats, carbohydrates and proteins in easily digestible forms along with calcium and other minerals, vitamin A and riboflavin. All are needed in a properly balanced diet.

Veterans Wives H-D Club Meets With Mrs. Grinstead

The Veterans wives Home Demonstration club met Wednesday, June 21 in the home of Mrs. Paul Grinstead.

The president, Mrs. W. G. May called the meeting to order and Mrs. W. A. Stephens gave the club prayer, "The Upward Trail" and Grandfather's Clock, were the opening songs led by Mrs. Howard Sloan.

Ten answered assigned roll call. Mrs. Paul Grinstead read minutes of previous meeting.

"To Glove or not to Glove" was presented in pantomime by several of the club members. Mrs. Paul Grinstead gave a demonstration on "The Food values of Cereals." She stressed the food value of whole grain oats cooked in milk compared with these cooked in water.

Games were played and refreshments were served to one visitor, Mrs. Banner from O'Brien, and members: Mrs. Lee Bivens, Grady Newsom, W. A. Stephens, W. G. May, J. C. Halliburton, Jr., Henry Emerson, Trammel Stockton, Shelby Bell, Howard Sloan, and the hostess, Mrs. Paul Grinstead.

The next meeting will be July 5th in the home of Mrs. J. C. Halliburton, Jr.

Josset H-D Club Meeting Held Tuesday

The Josset H. D. Club met in a regular meeting at the club house on June 27. After a short business session Mrs. W. B. Hill and Mrs. Bill Norton presented the program. An article "Wild Green Worth a Million." Also several slick tricks. We had visitors Mrs. F. W. Jettons sister, Mrs. L. D. George and daughter, Sue from Las Cruces, N. M. Sue entertained us with piano music and several songs were sung.

Mrs. J. B. Dunnam as hostess, served refreshments to Mrs. C. A. Thomas, J. L. Toliver, J. P. Perrin, J. H. Reding, J. L. Toliver Jr., W. B. Hill and daughter, Clovis Norton and daughter, T. W. Jetton and Neida, L. D. George and Sue.

ATTEND FUNERAL OF BILLY DAN GORDON
Among out-of-town relatives and friends attending the funeral here Sunday of Billy Dan Gordon were Mr. and Mrs. Clyde Gordon of Plainview, J. P. and Jack Davis of Lubbock, Mr. and Mrs. Rollo Harrell and family and Clyde Harrell and family of Hale Center, J. B. Nanny of Fort Worth, Mrs. E. L. Johnston and son, Don, of Wichita Falls.

Mr. and Mrs. Franklin Fouts of this city are announcing the engagement of their daughter, Eddy Bess, to Wilton Oakley Davis, Jr., son of Mr. and Mrs. Oakley Davis of Austin. The wedding will take place Sunday, August 13, at the First Baptist Church in this city.

Miss Fouts and Mr. Davis both are graduates of Hardin-Simmons University, Abilene. She was a member of the Cowgirls, and of Alpha Psi Omega.

Darlene Earp To Be Weinert Sponsor at Cowboy Reunion

Darlene Earp, 18-year-old daughter of Mr. and Mrs. J. W. Earp of Weinert, has been chosen to represent Weinert as sponsor to the Texas Cowboy Reunion in Stamford on July 1, 3, and 4.

A 1948 graduate of Weinert High School, Miss Earp is a sophomore student in Hardin-Simmons University of Abilene where she is majoring in physical education. During her senior year in Weinert she was sponsor from that community to the Stamford show.

Active in all sports, Miss Earp is a golf enthusiast and was recently entered in the Womens City Golf Tournament in Pampa where she qualified for the championship flight.

For the annual Stamford event she will ride "Zipper," a five-year-old Palomino belonging to C. B. Leach of Weinert. This is the same horse she used in the 148 sponsor's event.

Wanda Jo Norman, Bobby Bush Wed In Hobbs, N. M.

Wedding of a popular young couple of this section, which came as a happy surprise to their many friends, was solemnized in the First Baptist Church at Hobbs, N. M., Tuesday, June 20 when Miss Wanda Jo Norman became the bride of Bobby Bush of this city. Wedding vows were read by the pastor of the Hobbs Church.

Mrs. Bush is the daughter of Mr. and Mrs. Alvin Norman of Rule, and popular member of the younger social set of that city. She is a graduate of Rule High School and attended John Tarleton College for two years.

The groom is the son of Mrs. Martha R. Bush of Stamford, and has been employed in the Haskell office of the West Texas Utilities Company for more than a year.

After a wedding trip to points in New Mexico Mr. and Mrs. Bush are making their home in Haskell.

Summertime brings bare shoulders and dainty fashions. This dainty feminine blouse is designed in starched cotton lace and ivory white tissue broadcloth by Ship 'n Shore. The National Cotton Council reports that cool cotton blouses such as this will be popular for teaming with full skirts of drapery fabric this summer.

S. W. Building Activity Shows 16 Per Cent Gain

New construction activity in the Southwestern States during the first quarter of 1950 was 16 percent above first quarter 1949 levels, according to a report released today by Ray L. Miller, regional director, U. S. Department of Commerce, Dallas, Texas, ranked third among the States, after California and New York, in the volume of new construction.

Commerce Department estimates show that new construction with a total value of \$533 million was put in place in Texas, Louisiana, Oklahoma, and Arkansas, during the first three months of this year. More than three fifths of the total was in Texas. Private construction amounted to \$407 million and public construction was valued at \$126 million in the four-state area, said Miller.

Construction activity has expanded more rapidly in this area than in most other parts of the country since the war. In 1939, these four states accounted for about 8 1-2 percent of total new construction in the United States. Last year and in the first three

Carriers for Falls Papers

Three Haskell carriers, Wichita Falls Times and News, and a Munday of the newspapers, left on a trip to Carlsbad, N. M. Boys making the trip were Jerry Raymond, Baker and Bartley, and from Munday, Howeth. The youths were accompanied by Pat Weaver for the Wichita Falls News. The trip to Carlsbad was a recognition of citizenship done by the youths in the Haskell-Munday area.

months of 1950 about 10 percent of all new construction in this area. Expansion of private build was primarily for the advance in activity during the first period of 1949 in the four States as it was in the country. Public construction of schools and hospitals contributed to the increase in industrial and construction was generally the levels of a year ago.

CLOSING Monday and Tuesday, July 3

We wish to advise our customers that we will be closed two days on the above dates. We ask your cooperation and consideration in doing so. We want to express our thanks for your past patronage and invite you to come see us often.

Erma Fae Walker Becomes Bride of Standlee In Ceremony Sunday

Impressive double ring solemnized at 4 p. m. June 21, in the Weinert Church, Miss Erma Fae Walker...

Following the reception, the couple left for a wedding trip, after which they will make their home in Seymour.

Ruth Bible Class Meets for Regular Monthly Social

The Ruth Bible Class met Monday night June 26 for their regular monthly social.

The meeting opened with Elsy Eastland leading in prayer. Ruth Curry brought the devotional, "The Man Outside," which was very inspiring to all.

The president asked for reading of the minutes by Estebelle Turnbow. Jerrene Couch gave a reading, "Little Jerry's Essay on Husbandry."

A refreshment plate of ice cream, angel food cake and punch was served to Doris Burson, Elsy Eastland, Mary Lou Josselet, Ethyl Lou Shelton, Betty Joe Clanton Mildred Robertson, Mary Martin, Berta Mae Bass, Eddie Mae Patton, Annie Pearl Lusk, Leola Richey, Avis Pennington, Fay Stewart, Jerrene Couch, Ruth Curry, Katherine Swartz, Estebelle Turnbow, and the hostesses, Inez Gholson, Margerie Waldrop and Billie Cadenhead.

Our next social is planned for July 31. A watermelon feast on the lawn of Elsy Eastland. Our revival meeting will be in progress at that time, so the feast will be after evening services.

Miss Irene Havran, Marvin McAfee, to Wed July 15

Mr. and Mrs. Adolph Havran of Knox City are announcing the engagement and approaching marriage of their daughter, Irene, to Marvin McAfee, of Munday. The wedding will be held July 15 in the First Baptist Church of Munday.

DRAW, POONER!

The wild West has moved east, north, and south these days, for cowboy suits are favorites with small fry everywhere. This rooin' tootin' cowboy is all dressed up in a pair of cotton whipcord breeches, a cotton T-shirt and boots adorned with Roy Rogers and his trusty horse Trigger.

The agronomy department of the Texas Agricultural Experiment Station, College Station, offers to Texas vetch seed producers a free germination and purity testing service.

Cotton is the army's favorite all-climate cloth. It provides a water-proof wind-resistant outer garment for wear in all climates. Layers of cotton underclothing can be added or removed as the weather varies.

Mrs. Frank Garrett Hosts Meeting of Friendship Club

The Friendship Home Demonstration Club met Friday, June 23 in the home of Mrs. Frank Garrett with six members answering roll call with assigned subjects.

The house was called to order by the president, Mrs. Fay Jetton. Following group singing of "Texas" the minutes of the previous meeting were read by the secretary, Mrs. Dewayne Vaughn. After the business meeting, Mrs. Garrett directed a demonstration on To Glove or Not to Glove.

Refreshments were served to Mesdames Ted Jetton, Leon Newton, Otto Vaughn, Claud Young, Dewayne Vaughn and the hostess, Mrs. Garrett.

Burton Chevrolet Personnel Attend Training Schools

Four members of the sales and service staff of Burton Chevrolet Company have recently completed courses sponsored by Chevrolet Division of General Motors Corporation to prepare them to give complete service in all phases of the automotive business, particularly to Chevrolet car owners.

Completing a Retail Sales Conference at Mineral Wells this week were Wallace Stark, Francis Manuel and Virgil Cobb.

Roy Fraley, another member of Burton Chevrolet staff, has recently completed a parts and accessories training course at Dallas, sponsored by Chevrolet.

SUMMER IS COMING!

It's grass mowing time again—a sure sign that summer is practically here. Another sure sign of summer is canvas awnings going up. This attractive home gets a summer face-lifting with canvas awnings—but they are there for a practical purpose as well. Canvas awnings prevent as much as 88 per cent of the sun's heat from entering a room, tests made by heating and ventilating engineers have revealed. On dark, rainy days, this type of awning is easily raised to admit a maximum of light.

Pre-Holiday Specials

HATS: 1-2 Price.

Periodic checks should be made of the flower garden and of the shrubbery about the place for aphids. A heavy infestation of aphids, some times called "green bugs," may take enough sap from the plants to weaken them seriously. Control measures should be applied as early as possible.

Weinert Bride-Elect Complimented With Kitchen Shower

The Young People of the Weinert Methodist Church honored Miss Erma Fae Walker, bride-elect of Royce D. Standlee, of Seymour, with a kitchen shower Wednesday evening, June 21, after the prayer meeting. The shower took place in the recreation room of the church. Many nice and useful gifts were given.

Cookies and coca cola were served to Jella Weinert, Nadine Weinert, Alta Josselet, Myrtle Smith, Frankie Joe Tanner, Lavon Ferguson, Luther Walker, Mary Walker, Wayne Hix, Charles Raye Hix, Don Smith, Hugh Smith, Charles Sargent, Robert Walker, Mr. and Mrs. T. C. Walker Milton Walker, Rev. and Mrs. L. W. Tucker and the honorees, Miss Erma Fae Walker and Royce Standlee.

If each family in the nation would use one extra pint of milk; an extra pound of butter; an additional pound of cheese, an extra 1-2 can of evaporated milk and one extra pint of ice cream per month, the entire surplus of dairy products and milk would disappear.

The greater an animal's mental capacities, the more sleep it requires.

GINGHAM GIRL!

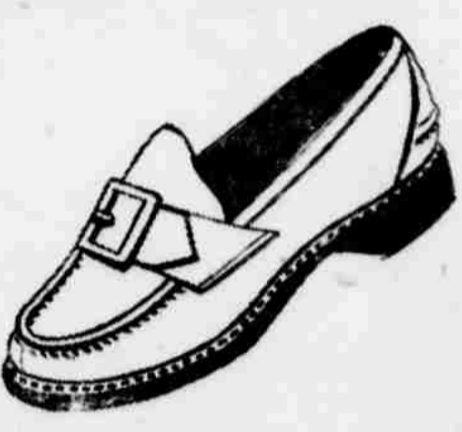

Gingham may be an old-fashioned fabric, but it is up-to-the-minute in this season's fashions. Here, blue gingham by Galey & Lord with the new dobby dot effect is used for a chic strapless dress with a deep cowl which snugs as for town wear. Adele Simpson designed this glamorous cotton, the National Cotton Council reports.

Semi-Annual Shoe Sale

All Our Summer Shoes Must GO!

Due to the fact that this previous offer was such a great success, we are going to begin our Semi-Annual Sale with the same extra values. This special offer begins

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—June 26, 1910

The wedding of a popular young couple, Miss Agnes Cox and John S. Rike, both of this city, was solemnized at twilight Saturday evening in the home of the bride's parents, Mr. and Mrs. Burl Cox, with Rev. Jack Thompson officiating. Mr. and Mrs. John A. Couch are in Lubbock this week where Mr. Couch is looking after business interests. Mrs. R. C. Montgomery and Mrs. C. L. Lewis are in Graham visiting relatives for a few days. Oscar Oates of this city and his sister, Mrs. Marlin Wilson of Rule, visited relatives in San Angelo last week.

Eugene Hunter attended a manager's meeting of the Sunset Stores in Lubbock last week. Miss Madeline Hunt has been in Dallas for the past week where she visited relatives. Miss Galen Robertson is attending the University of Colorado this summer, doing graduate work. Mrs. W. H. Carothers of Rochester spent several days last week with her parents, Dr. and Mrs. L. L. Taylor. Mr. and Mrs. Leon Gilliam and children, Fred and Annie Bess spent Sunday in Abilene visiting their brother, George Gilliam. They were joined there by their

son, Hughes, a student in Texas Tech, who returned home with his parents for a few days visit. Mr. and Mrs. Garnett Robbins and sister, Ida Catherine Robbins of Auburn, Ky. have returned to their home after visiting their aunt, Mrs. J. T. Therwanger near Weinert. They made the 1200 mile trip by automobile in four days. Judge and Mrs. P. D. Sanders, who have been visiting their son, Cedric, in Detroit, Mich., for the past three weeks are expected home today. Miss Gladys Conner, who recently underwent an operation at the Stamford Sanitarium, is reported to be improving.

40 Years Ago—June 25, 1910

W. S. Fouts left Saturday for Arkansas to spend the remainder of the summer. J. A. and Monroe Howard of the southeast part were in town Saturday and reported crops looking good in this section. Marvin H. Hancock has returned home for a few days vacation, and will be in the store with his father for a while. Will Fitzgerald of Gomez, in a letter to The Free Press this week, reports that it has been very dry in his section and that crops are going to be short. Mrs. Clyde F. Elkins is visiting in Austin and attending the Summer Normal at the State University. Misses Eula Poole, Sloydell Wyche and Minadel Davis are also attending the Normal. W. A. Marsh has returned from New Mexico. His family is in Tennessee for an extended visit. W. F. Patterson called at our office Saturday and exhibited the first cotton bloom we have seen this season. Manager E. Sutherland of the Haskell Baseball Club has arranged a game between the Irish Lads of Wichita Falls and the Haskell team, to be played Tuesday at the ball park. Chester L. Jones is attending the Baptist Encampment at Palacios. Mrs. J. Walker Smith and children are visiting Mrs. Smith's parents in Navarro county. T. W. Coker is taking subscriptions for Mr. Roosevelt's book on his African hunt.

50 Years Ago—June 23, 1900

F. L. Alexander & Co. are having a good sized granary built just west of their store with the view of handling a part of the present wheat crop. We were told yesterday that J. E. Garren is having his field of

Wix Currie Named In Lead Group of Life Underwriters

Southwestern Life Insurance Company qualified 124 agents as members of the 1950 Leaders' Round Table of Texas, honor group of the Texas Association of Life Underwriters, it has been announced by Richard R. Lee, vice president and agency director of Dallas. The Southwestern Life group included Wix B. Currie, representative in Haskell.

Mr. Currie has been invited to attend the annual meeting of the Leaders' Round Table, to be held in conjunction with the annual convention of the Texas Association of Life Underwriters at Dallas, beginning June 25.

about 60 acres of wheat, threshed and that it is turning out about 33 bushels per acre. He has another field of about 65 acres which is much later, and it is expected to run about 25 bushels per acre. The hot, dry weather has not kept S. W. Scott from "hustling" in the real estate business. He has just sold the Long pasture of 616 acres to T. G. Carney and the Jesse White 320 acre survey on the Brazos River in the west part of the county to C. M. Brown.

Jesse Smith and Andrew Reeves of Knox county were visitors in Haskell a day or two this week. Quite a party of the young folks enjoyed a musicale at the R. B. Fields home Tuesday night. J. W. Johnson and family moved this week to the English residence on the west side of town. Judge H. R. Jones is having two rooms added to his place in the northwest part of town, and will occupy it when the improvements are completed. Ed Couch arrived home Tuesday from Austin where he has been attending State University. M. S. Pierson is having a commodious granary erected for the housing of his wheat and oat crops. Our former townsman, E. H. Morrison and family now of Graham, are here to spend a week or so with relatives and friends. Messrs. Ericson & Holmberg have established a livery, feed and sale stable at Stamford, and have taken charge of the Haskell Stamford and Anson daily mail and transfer hack line. Miss Nera Phillips of Ample

Reunion of Emerson Family Held At Lubbock Park

Children, grandchildren and friends of the M. F. Emerson's enjoyed a fish fry at the Lubbock park Sunday, June 18. This is the fourth consecutive year they have gathered at the park. All the children were present but one, W. W. Emerson, O'Brien.

Those attending were: Mr. and Mrs. M. F. Emerson, Booger and Vice Pearl, O'Brien; Mr. and Mrs. Floyd Cloud, Jr. and Jerry Wayne, Lubbock; Mr. and Mrs. J. D. Emerson, Annie, Jackie and James, Del Rio; Mr. and Mrs. T. D. Emerson, Joan and J. M., O'Brien; Mr. and Mrs. F. A. Grimsley, Morton; Harold Emerson, Haskell; Mr. and Mrs. Ben Lillard, daughter Ruth and children, Lubbock; Mr. and Mrs. A. B. Cox and boys; Old Glory; Mr. and Mrs. Johnny Cox and Johnny Wayne, Lubbock; Richard Barton, Haskell; Mrs. Robert Maybee and son; Lubbock; Mrs. Kate Robinson and grandson, Jackie Robinson, Knox City; Naomi Davis, Old Glory; Jim Lillard and sister, Edie Lillard, Lubbock.

SUNDAY VISITORS

Mr. and Mrs. Woody Wilson and little son, Robert Wayne of Merkel, visited relatives and friends here Sunday.

Supreme Court Gives McDonald Place On Primary Ballot

The State Supreme Court at Austin Wednesday upheld commissioner of agriculture, J. E. McDonald's right to have his name printed on the July 22 primary ballot.

It granted the veteran State official a writ of mandamus to force the State Democratic Committee to certify his name. The committee last week barred McDonald as a Democratic candidate on the grounds of party infidelity. In his pleadings to the court he asserted his loyalty and claimed his pledge to support the nominees of the July 22 primary satisfied all legal requirements.

McDonald's name did not appear on the certified list received this week by the Haskell County Democratic Executive Committee. However in the light of the Supreme Court ruling, County Chairman John A. Couch said today that McDonald's name would be printed on the primary ballot.

VISITORS FROM CALIFORNIA

Mr. and Mrs. Matt Edge of Bell Gardens, Calif. were visitors in the home of their cousin, Will Edge of O'Brien and also in the home of his nephew, Mr. and Mrs. Dearl Edge of Knox City.

Survey Shows 15 Per Cent Increase In Texas Farm, Ranch Real Estate Taxes

Sharp increase in Texas farm and ranch real estate taxes during 1949 were revealed in a recent survey made by L. P. Gabbard, head of the Department of Agricultural Economics and Sociology, and Robert G. Cherry, professor of agricultural economics, Texas A. & M. College.

Levies made by State and local governments totaled an average of 25.7 cents per acre, rising from 22.4 cents the previous year. This is an increase of 3.3 cents per acre or 15 percent over the 1948 average.

Last year was the third successive year that land taxes have advanced, say the economists. During the 11 year period, 1936-46, taxes were quite stable, varying only slightly from an average of 18 cents per acre. The typical farm or ranch tax bill in 1949 was 40 percent above that level.

Most of the rise in 1949 was accounted for by increases in State and school district taxes. County and special district levies have increased very little since 1948. The advance in the State rate on farm and ranch real estate from 42 cents per 100 dollar evaluation in 1948 to 72 cents was the largest item in the 1949 tax increase.

"Glimer - Aikin" legislation caused part of the increase in school taxes. A considerable number of farms and ranches were in "dormant" common school districts with little or no school taxes before the legislation was passed. They point out that during 1949 many of these school units were consolidated with active districts, resulting in higher taxes.

Increases in individual counties and type-of-farming areas varied widely throughout the state. Of 179 counties in the survey, only three, Jim Wells, Eastland and Atascosa, registered declines of as much as 5 percent. All type-of-farming areas showed increases. The highest increases occurred in the Blackland area and in the northern counties of the Grand Prairie. Many of the State's common school districts are concentrated in these areas, and numerous consolidations have occurred recently. The Lower Rio Grande Valley, parts of the Coast Prairie, and the Canadian River Grazing area had the smallest increases.

The decline in prices for agricultural products during 1949 at the same time that taxes were increasing caused a big change in

the ratio of prices to taxes. According to the economists, prices that the farmer received for his products decreased 8.9 percent from 1948 to 1949 while farm and ranch real estate taxes were advancing 15 percent. This movement of taxes and prices in the opposite direction resulted in a relative increase in taxes of 30 percent.

Although the rise in farm and ranch real estate taxes may halt temporarily in 1950, conditions indicate that the upward movement of the last three years is likely to continue, but probably at a slower rate. Public demands for expanded local government services such as schools, roads, and hospitals they conclude, may cause a continued rise in local and school taxes.

Market Demand Strong for Light Weight Hogs

Swine producers may hold the answer to better prices. The lighter weight hogs, those weighing from 200 to 230 pounds, stand the best chance of topping the market, says E. M. Regenbrecht, extension swine husbandman of Texas A. & M. College.

He says hogs weighing more than 230 pounds are not in strong demand because of their lardiness, and too, after they pass this weight they become less efficient utilizers of the feed they consume.

He recommends watching the hogs gains very closely and topping-out the animals as they reach the 200 to 230 pound weight range.

He says that hog producers should strive to continually improve the quality of the hogs they produce for market and that good pastures and more efficient feeding and management practices should be followed to cut down the production costs.

Hog producers and especially those who feed hogs for market should watch closely the research work that is now underway at many of the State Experiment Stations, including the Texas Station, on the use of APR (animal protein factor) vitamin B 12 and the antibiotics, in the hog feeding rations. These research findings may very materially affect hog production in the near future.

FOR SAFE KEEPING
A House Appropriations Committee study disclosed that in one year the Federal Bureau of Internal Revenue printed 500 million tax forms and 115 million instruction sheets to supply 47 million taxpayers. Hundreds of millions of such forms, long out-dated and no longer useful, were found stored in a leased building.

Forty-Nine Candidates for State Offices Listed On Ballot For First Primary

Official ballot for the First Democratic Primary, to be held July 22, carries the names of 49 candidates for State offices, in addition to the list of district, county and precinct candidates.

List of aspirants to State offices include the following:

For Governor:
Allan Shivers of Jefferson County.
Charles B. Hutchison of Dallas County.
Wellington Abbey, Jr., of Harris County.
Case Maath of McLennan County.
J. W. Wren of Harris County.
Gene S. Porter of Harris County.
(Mrs.) Benita Louise Marek of Washington County.

For Lieutenant Governor:
W. O. Reed of McLennan County.
Kyle Vick of McLennan County.
Cyclone Davis of Dallas County.

R. B. McAshan of Kerr County.
G. C. Morris of Hunt County.
Fred Red Harris of Dallas County.
Virgil E. Arnold of Harris County.
Preston E. Smith of Lubbock County.
Ben Ramsey of San Augustine County.
Pierce Brooks of Dallas County.
Roger Q. Evans of Grayson County.
Peyton Elliott Womack of Travis County.

For Attorney General:
Price Daniel of Liberty County.

For Associate Justice of Supreme Court (Place 1):
Fagan Dickson of Bexar County.
Will Wilson of Dallas County.
Walter L. Wray of Dallas County.

For Associate Justice of Supreme Court (Place 2):

Robert W. Calvert of Hill County.
Hicks Harvey of Cass County.
Alfred M. Scott of Travis County.

For Associate Justice of Supreme Court (Place 3):
Matt Davis of Upshur County.
Meade F. Griffin of Hale County.
Geo. W. Harwood of Dallas County.
Robt. B. Keenan of Gregg County.

For Judge of Court of Criminal Appeals:
W. A. Morrison of Milam County.
Robert L. (Bob) Lattimore of Dallas County.
G. H. (Hobert) Nelson of Lubbock County.
Cecil Storey of Gregg County.
William E. Myres of Tarrant County.
Joel W. Cook of Harris County.
David Wuntch of Smith County.
James Hill Letts of Harris County.

For Railroad Commissioner:
William J. Murray, Jr. of Harris County.

"Where and Why of Traffic Accidents" Speakers' Theme At Lions Club Meet

Calling attention to the huge toll caused by traffic accidents in Texas, T. D. Whitehorn, State Highway Patrolman stationed at Baird, admonished members of the Lions Club Tuesday to "drive for yourself and not for the other fellow" as the safest formula for avoiding accidents on the highway.

Patrolman Whitehorn, guest speaker at the regular meeting of Lions in the club room of the Texas Cafe, cited facts and figures on "Who, Where and Why Accidents Happen."

In the Abilene district of 17 counties, Whitehorn told, Lions that 50 persons were killed in traffic accidents during the first five months this year, compared to 20 fatalities during the same period last year.

Citing figures closer to home, Whitehorn said that four people were killed in Haskell County last year in traffic accidents. To date, the toll is five lives, he said.

The speaker pointed out that in the four fatal accidents last year, three deaths occurred in which only one car was involved in each instance. "Too many of us blame the other driver," he said. "We are content to watch the other fellow, and pay too little attention to our own observance of safe driving rules."

He pointed out that conditions should govern driving speed, and declared that the rate of speed generally determined the consequences of injury or death when an accident occurred. "In most all accidents on the highway, there is generally a violation of the law," he said pointedly.

Firemen Called Extinguish Fire Monday

Members of the fire department were called out to extinguish a fire at the home of D. C. Stephens Thursday night after at 4 o'clock spread to nearby barn. The blaze was quickly extinguished before any property was damaged.

Joyous confidence and eager anticipation both shine in the eyes of 8-year-old Virginia Lee Brown, Borger, Texas, polio patient in the out-patient clinic of the Texas Scottish Rite Hospital for Crippled Children in Dallas. L. R. German, brace maker (left) has assured Virginia that she will soon walk again. Her father, T. A. Brown, (right) lends a helping hand in fitting the specially made braces. Many children, polio victims and others, get the best possible medical care and attention at the Scottish Rite Hospital. The charity hospital, now serving humanity for 27 consecutive years, is supported by contributions from kind-hearted Texans all over the state.

For Comptroller of Public Accounts:
Robert W. Calvert of Travis County.
Clifford E. Butler of Harris County.

For Commissioner of General Land Office:
Bascom Giles of Travis County.
James L. Allred of Tarrant County.

For Treasurer:
Jesse James of Travis County.

For Commissioner of Agriculture:
Tom Fairey of Travis County.
John C. White of Wichita County.
Charlie McLellan of Colorado County.
J. E. McDonald of Travis county

CARD OF THANKS

May we take this method of extending our gratitude to our friends and neighbors for their loving kindness to us during the illness and death of our dear mother and grandmother, Mrs. Sallie Crow.

We are so very grateful for the good and beautiful floral offerings, for the kind ministering hands of the Drs. and nurses, grateful to Bro. Webb for his kind words and visits. To the Odd Fellows and Rebekahs for their words of comfort and deeds of kindness, to Mr. Holden for his kindness. Each and everyone of you will always be in our abiding memories.

We hope each of you will take this as a personal expression of our thanks. May God's richest Blessings abide with you always in our prayer.

Mrs. Erma Watson, children and grandchildren.

Survey Shows Most All Business Taxes Fall Eventually On Consumer

The influence of taxes on the American family will be uppermost in the minds of members of Congress for the next few weeks. They are seeking the answer to this \$64 question:

How can they satisfy increasing public demands for tax reduction and at the same time find other taxes to offset such a reduction. Their problem is made doubly hard by the fact that Uncle Sam wants to spend \$5 1-2 billion above his income next year.

The Council of State Chambers

of Commerce today pointed up the problem in a special study by the Washington research staff. It found that the \$40 1-2 billion in all taxes collected by the Federal Government last year came from these sources: 44 1-2 per cent from personal income taxes, 28 1-2 per cent from corporation income taxes, 6 per cent from social security taxes and the balance of 21 per cent from a great variety of excise and miscellaneous taxes.

A tax study issued this month by the Brookings Institution, an impartial research organization, revealed that three fifths of all manufacturing corporations take the corporate income tax into account in determining the prices of their products. This means that the consumer pays a large part of corporation taxes too.

Ernest Breech, executive vice president of the Ford Motor Co., in reply to a question whether the prices of cars would go down if his company's taxes were cut, said:

"Certainly it would cut prices. In the long run, every corporation must price its products so as to make a reasonable return after taxes in order to survive and grow. In the finale analysis, income taxes are just as much a cost of doing business as payroll."

A group of Congressmen, doing some rough figuring on their own recently, concluded that a family of three persons with an income of \$3,000 pays 201.60 of that income in corporation income taxes which are included in the prices of the things they buy. A family of four with an income of \$5,000 pays \$316.80, and the same sized family with an income of \$7,500 pays \$414.

COTTON QUIZ

HOW MANY COUNTRIES GROW COTTON?

SOME COTTON IS GROWN IN 60 COUNTRIES BUT THE UNITED STATES ALONE SUPPLIES MORE THAN HALF THE WORLD'S COTTON.

HOBBY BECOMES THRIVING BUSINESS

Mrs. Peter Soutar, Des Plaines, Ill., hit the jackpot when her doctor advised her to take up a relaxing hobby for her health. She began to make stuffed animals and other handwork from colorful print cotton bag material. Her work was so popular that Mrs. Soutar found herself taking orders as fast as she could fill them. Now Mrs. Soutar has a thriving business—which already has provided a college education for her daughter.

Hospital Notes

Patients Admitted:
Leslie Whittenborn, Haskell, medical.
Mrs. Emma Thane, Haskell, medical.
Theo Burson, Haskell, medical.
Mrs. A. L. Holle, Sagerton, medical.
George Wade, Haskell, surgery.
Mrs. C. J. Hans, Rule, medical.

Highway Death Toll In State Higher Than Last Year

Discoveries of Oil Lead Consumption, Professor Declares

The discovery of new oil fields is exceeding the consumer demand for petroleum and brightening the outlook, a Texas Tech petroleum engineering expert has declared.

Prof. W. L. Ducker, head of Tech's department of petroleum engineering, said that about two years ago the nation appeared to have 12-year supply of oil.

"We have about 25 billion barrels of known reserves, and about 175 trillion cubic feet of natural gas reserves," he said.

The Tech professor said that in 1947 the natural gas reserves were expected to last until 1984.

"The figures represent no occasion for alarm," Professor Ducker added.

gas have not been as productive as those of petroleum.

Miss Watson Attending Home-Work Shop At TSCW

Miss Watson, homemaker of the Haskell High School, completed her work at the home economics workshop at the TSCW on Tuesday. She is being taught by Mrs. Moore, State Board of Education, and the home economics teacher at the Haskell High School. She has a Bachelor of Arts degree from the University of Oklahoma, and Colorado State.

Before coming to Haskell Miss Watson had been a home demonstration agent; had taught home-making four and a half years; has been a home management supervisor with the Farmers Home Administration (formerly FSA) for eight years; while working on her Masters was director of Austin Hall, a freshman dormitory housing over two hundred girls at TSCW; and had worked a year as home counselor with the Finlay County Vocational school. Summer before last she went to Saltillo, Mexico with the Spanish department of TSCW as Dean of Women and also taught an adult

class in home economics to the Mexican women.

Miss Watson is a member of the American Home Economics Association, Association of University Women, Texas Vocational Association, Texas State Teachers Association, Six Flags Chapter of the Fort Worth D. A. R.'s, James Kerr Chapter of the San Antonio Colonial Dames of the XVII Century, Beta Sigma Phi Sorority, Harmony Club, Progressive Study Club, and the Magazine Club.

In commenting on her work in Haskell, Miss Watson says that she has enjoyed her work here immensely; that the women in Haskell have been friendlier and nicer to her than any place she has ever worked and that she is looking forward to next year in that the department may have two homemaking teachers each working on a twelve months program.

Contributors Asked To Sign Articles Sent Free Press

Readers, club reports, and others who send in news items for publication in The Free Press are reminded that all communications sent in must be signed. No article can be given consideration unless this rule is followed. Name of the news contributor will not be printed, unless requested.

Chevrolet trucks give you more powerful performance, thriftier operation

You can expect great things of these new Chevrolet trucks. They're the most powerful trucks Chevrolet has ever built, yet they cost surprisingly little to operate. Two rugged, wonder-working Valve-in-Head engines—the Thriftmaster 92-h.p. and the new Loadmaster 105-h.p.—bring you performance that saves you time and money. New Power-Jet carburetion provides smooth, quick acceleration, and the 4-speed Synchro-Mesh transmission in heavy-duty models means faster shifting and greater safety on the grades. To you, this means wonderful new performance... less time on the road... less time in the haul. So do yourself a favor. Visit our showroom today. Chevrolet trucks have what you want!

George Mahon Announces For Re-Election To Congress

Announcement of his candidacy for reelection to the House of Representatives from the 19th District of Texas is being made formally through the press of the District by Congressman George Mahon. Mahon has met filing requirements in all the counties of the District. "It now appears," said Mahon, "that Congress will be in session up to and beyond July 22 the date of the primary, and I will have very little opportunity to visit and campaign over the district. I thus am taking this method of again presenting my candidacy to the voters of the 19th District."

By virtue of his congressional tenure at the will of the voters, only 47 of the 435 members of the House are now senior to Mahon. By reason of congressional seniority procedure, this gives the 19th District a position of prestige possessed by relatively few areas in the country. Mahon ranks No. 3 on the powerful House Appropriations Committee and is chairman of the subcommittee handling appropriations for the Armed Services.

Said Mahon in his announcement: "As your representative in Washington, I have been confronted with many difficult problems, as has been the case with you folks at home. You have cooperated with me and placed your trust in me in matters of greatest importance. "We are now in a very dangerous and difficult time in the history of the nation, and as the representative from the 19th District, I am seeking as best as I can to measure up to the terrific responsibilities confronting our government."

Mahon said he wanted to thank the people for the wonderful support they had given him through the years and that he would continue to do everything in his power to do a good job in Washington for the people of the 19th District.

At this time, in addition to his regular assignments, Mahon is aggressively seeking to prevent passage of a pending proposal which would shift a large portion of the West Texas cotton acreage allotment to Central and South Texas in 1951.

Earlier in the session Mahon secured approval by the House of the bill he handles which provides funds for the operation of the Army, Navy and Air Force. The Senate has not yet passed the measure and final agreement between the House and Senate cannot be secured until this is done.

Home Gardens Paying Off For Many Families

The home gardener is now reaping the benefits from his labor, and the investment made in a few seeds and fertilizer. In most cases, the returns are coming to the family in terms of vitamin rich, crisp, high quality vegetables, says F. W. Martin, County Agent.

He says the supplies of fresh vegetables are plentiful but that the home gardener who raised a good garden this spring is putting the difference in the family bank account. And he adds, it's considerable.

The first planted vegetables probably have reached their peak and the old plants should be removed from the garden, he says. Get the soil in shape for additional plantings of other vegetables or fallow it for the fall garden. Moisture conditions are favorable in most sections of the state at this time and some hot weather vegetables can still be planted.

Martin says tomatoes should be harvested when they begin to turn pink. They should be spread out in the shade for a few days until they take on a deep red color. By following this practice, you will be getting tomatoes of maximum quality from your garden.

He points out that onions should not be harvested until the tops have begun to fall over. This is an indication of maturity. In most cases, the onions can be pulled from the ground easily. A sideways pull will usually do the job. Here is his suggestion for handling the onions that you will be storing for home use: after the onions are pulled, place them in a cool, shady place until they dry out. When the skin of the onion becomes dry, it will crackle like tissue paper and this indicates they are ready for storage. Leave the tops and tie them in small bunches, six to eight to the bunch. These should be hung in a building where there is good air circulation. He says the thick-necked and double onions should be separated at once and used for this type is usually a poor storage risk.

Onions that are to be sold should be cured, as suggested, and the tops should be clipped to one-half to three-quarters of an inch in length. They are then ready for grading and sacking. Open mesh bags should be used.

He says the garden area from which potatoes and onions have been harvested should be replanted. Sweet potato vine cuttings, blackeyes, purple hull, cream peas or even a late planting of sweet corn may be used. Other heat-tolerant plants are bell pep-

TEXAS PRESS BACKS U. S. INDEPENDENCE SAVINGS BOND DRIVE. Fred F. Florence, chairman of the Texas advertising committee of the current U. S. Independence Savings Bond Campaign and president of the Republic National Bank of Dallas (on right), thanks Van W. Stewart, president of the Texas Press Association and publisher of the Ochiltree County Herald, Perryton (in light suit), and Frederick I. Massingill, Jr., president-elect of the association and publisher of the Terrell Tribune, for pledge of vigorous support by the press of the state. Texas newspapers will bring the Savings Bond drive to the people through advertisements from business firms and individuals, and in news and editorial space. "The savings bond campaign transcends politics. It is a program in which all patriotic citizens may work together to gain personal financial independence and also aid in preserving our national freedom," Florence emphasizes. "U. S. Savings Bonds are helping to keep our military defenses strong. Money invested in them is money invested in the cause of peace. This is an appeal for an all-out effort to forestall a third World War—a total war—an atomic war. Besides this, the regular purchase of U. S. Savings Bonds by patriotic citizens means development of a program of thrift for every individual and the more savings bonds we buy the better it is for every community, as well as our country."

4-H Judging Team Places Ninth In State Contest

The Haskell County 4-H Judging Team won 9th place in the State Contest at Texas A. & M. College recently, in competition with 28 teams entered in the contest.

The Haskell teams scored 1756 points out of a possible 2600. Kerr county won first with 1910 points. Jerry Terrell was Haskell's high point man, making 615 points out of a possible 800. Other boys on the team were Sid Woodson, Billy Middlebrook and John Carlos Montgomery. The team was coached by F. W. Martin, county agent.

The grass judging team from Haskell also placed 9th in the State contest, making 689 points out of a possible 900. Larry Wheeler was high point man for Haskell, making 240 points out of a possible 300. Other boys on the team were Durwood Wheatley of Haskell, Don Smith and Pete Prater of Weinert. This team was coached by Bryan Swain, assistant county agent-in-training.

Summer Projects of HHS Homemaking Class Embrace Variety of Subjects

The thirty-three girls enrolled in summer project work have chosen a wide variety of worthwhile experiences according to Miss Lucille Watson, homemaking teacher of the Haskell High School. Rug making, sewing, canning, room and yard improvement, child care, glove making, leather craft, glass etching budgeting and record keeping, meal planning, preparation and serving, renovation of clothing, home care of the sick, laundering, care of her own room and clothes, storage, frozen foods, and various kinds of hand work, such as embroidery, crocheting, etc. are some of the projects they have selected.

Each girl must complete a hundred hours work on one or several of the things which she has selected. In addition to this in order to get a half credit, she must get in approximately sixteen hours work with different groups at the homemaking cottage. The girls upholstered a chair for the bedroom as the group project. The chair was repaired, refinished springs tied, padded, and new upholstery added. We are indebted to Mrs. Sybil Graham for the chair on which to work.

Miss Watson says she will return the last of August to check on the completed projects and to let a few of the girls get their group work who have not met the requirement. "It has been a busy but enjoyable month with the project work, the leather class the adult clothing class for the colored women, and the baseball team in which the Future Homemakers played the FF Abboys the last game that was played," says Miss Watson.

The greatest depth yet found in the Atlantic is 8,150 meters, in the Puerto Rico trough.

SAFE AT HOME?

More accidents happen at home than anywhere else in the world. Accidents mean extra bills for doctor, hospital, nurses, etc. It costs little to have Housewise Accident Insurance. Also there are special policies for men and for children.

Make no mistake! Although most cars use the Fluid Drive principle that Chrysler first introduced 12 years ago—there's an all-important difference in automatic gear shifting today! Chrysler and only Chrysler gives you full control of your car. While others shift you up and down—even when you don't want to shift—Chrysler's simple, cool-running transmission takes its orders from you. Even at 12 miles an hour, in slow moving traffic, you're in high while others shift down to lower gears. How much quieter your engine runs! How much more smoothly! What a difference in high-gear economy! Come see what Fluid Drive does for you! Examine Chrysler workmanship . . . compare the quality of materials . . . discover the benefits of Chrysler engineering! You'll find built-in value all the way through that has no equal! Extra money's worth, we're sure, that will make you a Chrysler buyer for life!

The Beautiful CHRYSLER with Fluid Drive

Advantages of Chrysler's Fluid Drive

Automatic Gear Shifting—with full control of your car! Better traction—safer on slippery roads. Convenience of clutch for easier parking.

Slower Engine Speeds—reduced noise, wear. Saves gasoline! Drive in high while others drive in low in traffic.

Advantages of Chrysler's High Compression Spitfire Engine!

Waterproof Ignition—prevents stalling in rain or high water! Lubricated Cylinder Walls—chemical protection for increased life. **Flashing Power**—helps eliminate vibration. **Superfinished Parts**—reduce friction, last longer. **Exhaust Valve Seat Inserts**—reduce need for valve grinding! **Full Flow Oil Filter**—keeps oil clean!

Chrysler's Advantages in Comfort and Safety

Functional Design—full room for your head, legs, shoulders. Easy to enter and leave! **Safe Guard Hydraulic Brakes**—smoother stops, less pedal pressure. **Cyclebonded linings** for double the wear. **Electrically Operated Windshield Wiper**—constant speed all the time! **Chair Height Seats**—no crouching, you sit naturally! **Safety Rim Wheels**—won't throw tires after blowouts at normal speeds.

Vetch Seed Testing Laboratory Insures Quality Seed

The most accurate seed analysis shows only the quality of the sample submitted. If the sample selected is not representative of the bulk of the vetch seed to be used or sold, the tests will be of no real value to the seller or buyer, cautions E. B. Reynolds, agronomist in charge of the Vetch Seed Testing Laboratory at Texas A. & M. College.

The Vetch Seed testing laboratory was established in 1948 to make germination and purity tests of vetch seed produced by Texas growers. Texas weather conditions were unfavorable for vetch seed production in 1948, and the laboratory tested only 364 samples of seed. In 1949 the laboratory tested 1,400 samples. Good quality seed, however, was produced both years.

Reynolds recommends that equal portions be taken from evenly distributed parts of the quantity of seed being sampled in order to secure a representative sample. A probe he says, should be used in order to reach all portions of the bag or bulk of seed being sampled. Composite samples should be taken to determine the quality of a lot of seed, and individual bag samples may be taken to determine if the lot of seed is uniform.

Two pounds of vetch seed should be submitted for the germination and purity tests. Samples should be mailed, preferably in small cloth bags, to the Vetch Seed Testing Laboratory, Dept. of Agronomy, Texas Agricultural Experiment Station, College Station, Texas. The name and address of the sender and any identification marks should appear on the tag or label on the outside of the package, which may be sent parcel post. If any information regarding the sample is enclosed in the bag or package, the package may require first class postage.

The results of tests made by the Vetch Seed Testing Laboratory can be used for official testing should apply to the Laboratory Division of Agronomy, Texas and forms that division should use. The Vetch Seed Testing Laboratory, Dept. of Agronomy, Texas Agricultural Experiment Station, College Station, Texas, will make and according to the procedure adopted by the Laboratory Division of Agronomy, Texas, accuracy in representing actuality for sale. This testing service the farmers of the Vetch Seed Testing again is ready to help growers, says Reynolds.

About 85 per cent of the corn crop in the form of meal.

Improvement in File For Benefits

One fifth of the organization improvement groups applied for the benefits under the Smith-Stewart act, according to H. J. Gofinch, local cotton representative of the U. S. Department of Agriculture's Production and Administration.

Nero passionately loved to play the bagpipe, according to the Encyclopedia Britannica.

Favorable Weather for Cotton Growth And Insect Control During Week

Favorable weather for cotton development and insect control prevailed during the past week in practically all sections of the state, according to a report from USDA and State Experiment Station at Texas A. & M. College.

In most cases growers are making satisfactory progress in cultivating their crops and in many cases satisfactory to excellent results are being obtained in controlling heavy infestation of cotton insect pests.

In practically all sections of the State, except the western areas, the boll weevil is a serious threat to this year's cotton crop, the most serious in many years. Growers in north-central, eastern, and northeastern areas should continue early season applications of insecticides through June 24. Because of the serious boll weevil threat farmers in all sections of the State should watch fields closely at least every week for injurious infestations of boll weevils or other insects. When such infestations are found sprays or dust should be applied immediately regardless of date. When weevils are extremely abundant they may readily migrate from fields in which squares are scarce to cotton that is fruiting rapidly. Thus fields in which weevils have been successfully controlled may become reinfested and insecticides should be applied as needed.

In the West Central Texas area, twenty-nine hundred plants were inspected in Taylor, Runnels, Nolan, Jones and Coleman Counties. Weevils were found in only one field. Light infestations of thrips were found in nearly every field.

Principal concern of cotton producers in this immediate area is the heavy infestation of grasshoppers now making appearance. To combat this threat, the poison mixing stations operated in Haskell each year is prepared to assist farmers in providing mixed poison under the same plan as in past years.

Sedan Defies Lightning Bolt

SUNNYVALE, Cal.—Using a Chevrolet four-door sedan, the Westinghouse Electric Corp. demonstrated here that a man's best friend in an electrical storm is his automobile. Joseph H. Cox, engineer, sat nonchalantly behind the wheel while a 2,000,000-volt of man-made lightning banged into the steel roof. As shown below, the shock passed around the roof and harmlessly out through the Chevrolet's tires.

The volt was produced by the 25-foot-high "surge" or impulse generator which can be used for a quality control test on big power transformers.

Aspermont Soldier With U. S. Forces In Yokohama

With the Eighth Army in Japan—Sgt. Charles E. Gofinch, Headquarters Company, 2nd Transportation Medium Port, has been found qualified in the military occupational specialties of supply NCO and administrative NCO. Acquired largely through his army training and experience, these qualifications will aid Sgt. Gofinch to obtain advancement under the new Career Plan which is to govern all promotions in enlisted and warrant grades.

Stationed in Yokohama, Japan's major port city and seat of the headquarters of the Eighth Army's Occupational Forces. To occupy his leisure hours, he has access to theatres, clubs, libraries, evening classes, a gymnasium, bowling alleys, volleyball and tennis courts, a golf course, as well as the picturesque scenery of this ancient country.

Entering the Army in March 1943, he arrived in Japan in June 1948. He is the son of Mr. and Mrs. Susie Gofinch of Route 2, Hines, Minn. His home address is Aspermont, Texas.

ACTIVE MISS!

The newest note in playboys this summer is a cotton boat shirt with a wide monk's collar. The loose comfortable shirt is a favorite with the gals whose summers are filled with active sports. This cotton shirt was designed by White Stag, the National Cotton Council reports.

New Fishing Law Still Misunderstood By Many Anglers

Reported misunderstanding of the statewide fishing law prompted the executive secretary of the Game, Fish and Oyster Commission to reinstate some of the principal provisions recently.

The law passed by the last regular legislative session to replace many conflicting local statutes, permits persons to fish without a license in their home counties and to fish in streams separating the county of their residence and adjacent counties unless they use artificial bait. Fresh water fishermen who use artificial bait are required to have a license regardless of where they fish.

There also has been some misunderstanding about the trespassing law which was amended by the last regular legislative session. The new changes according to the executive secretary, stipulate that the game wardens now have the

trespassing and also provides for an increased penalty for violations.

No change has been made in the primary provision of the original trespass law. Persons still need the permission of owners to enter property that is enclosed, when they desire to hunt or fish. Land that is not enclosed is available to sportsmen without permission of the owner.

For the benefit of persons living on the Gulf Coast and for those planning to visit that area, no license is required for sports fishing in salt water. Commercial fishermen have to be licensed, as usual for operating in salt water.

HASKELL VISITORS

Mrs. D.O. Smith and children of Iowa Park were recent visitors in the home of Mrs. M. H. Young of this city.

In its 33 centuries, the city of Jerusalem has endured more than 20 sieges and blockades.

Early Diagnosis Cuts Death Rate From Diabetes

Death rates from diabetes is 3 times as high in diabetics whose condition was not discovered until after complications developed than for patients whose illness was recognized and brought under treatment before advanced symptoms appeared.

Based on recently completed national studies, this was revealed Thursday by State Health Officer Geo. W. Cox.

"Diabetes has not always been a public health problem," the health officer declared. "It became one when we found that the death rate is much greater when the condition is discovered late.

4-H Girls Vie For Honors In Dairy Food Demonstration

June is dairy month. Milk production hits its annual high, and according to the U. S. Department of Agriculture, this month may set an all-time record.

Trying for a record, too, are some 4,200 Texas 4-H girls who are thinking up new ways to use the abundant supply of milk. They are participating in the 1950 National 4-H Dairy Foods Demonstration program, and will vie for top honors in county as well as in state and national competition.

Under guidance of local club leaders and extension agents, the 4-Hers work individually and in teams to show club members and other groups the latest methods of preparing tasty, nutritious dairy foods. Favorites in the summer time menus for Texas 4-H families are ice cream, milk drinks, frozen desserts and cottage cheese dishes.

While a demonstration looks easy it is by no means easy to achieve, reports a national champion. Many hours of study and practice go into perfecting a demonstration before the girls are ready to step on the stage in their crisp white uniforms—poised, confident and sure of their subject. They also must be ready to answer questions from the audience afterwards.

Awards for outstanding performance are provided by the Carnation Co., sponsors of the program. Gold medals are presented to county winners, while each state winner is given a handsome watch. A trip to the National 4-H Club Congress in Chicago next November is in store for eight national champions.

Last year national and state honors were won by Alice Faye Davis of Leming. Gold watches also were presented to Gerolene and Grace Elaine Giesler of Victoria. They also were awarded county medals, along with 26 other 4-H club members.

The program is arranged by the National Committee on Boys and Girls Club Work and supervised by the Cooperative Extension Service.

Texas cotton producers are at the cross-roads so far as the 1950 cotton crop is concerned and the wet, cloudy weather isn't helping the farmer in his fight against the threatening insects. The continuous use of insecticides seems to be the only solution.

Check in your Buick for a pre-vacation Checkup

Safety-check: stop lights, signal lights, headlight aim, brake lining, tires, front wheel bearings.

Correct by machine: wheel alignment for easier steering.

Step up performance: clean spark plugs, adjust carburetor and distributor, tune up engine.

Increase tire life: cross-switch all five tires.

Improve ride: LUBRICARE "lubrication-plus" maintenance.

Put your Buick in Buick hands

PARENTS OF SON
Mr. and Mrs. C. C. Dickerson, Jr., of San Antonio are announcing the arrival of a son, Benjamin Conrad, born Sunday June 25 in that city. He weighed six pounds. Mrs. Dickerson is the former Martelle Clifton, daughter of Mr. and Mrs. Mart Clifton of this city.

Mahon Opposing Bill Which Would Cut West Texas Cotton Acreage Allotments

Representative Geo. Mahon has reported to the local PMA office that the House Committee on Agriculture is seriously considering the approval of a bill by Congressman Pace of Georgia which would, among other things, drastically reduce cotton acreage allotments in West Texas next year. Mahon states that he has been advised by officials of the Department of Agriculture that under the proposal by Mr. Pace the 19th Congressional District would sustain a loss next year of 355,000 acres of cotton. These acres would go principally to Central and South Texas. Mahon has appealed to PMA officials in Washington and College Station to seek to be of assistance in preventing this drastic reshuffling of the cotton acreage allotments for Texas. He also appeared last week before members of the House Committee on Agriculture to protest the proposed action, and he states that he will continue to do everything in his power in behalf of the cotton producers of West Texas.

Court House News

The following instruments were filed in the County Clerk's office during the period from June 17 to June 24.

Warranty Deeds
J. B. Gibson, et ux to Jetty V. Clare. All of Block 5 of the J. L. Baldwin Addition to the town of Haskell.
Ida Minna Fischer, et al to W. H. Baccus, Jr. The South 50 ft. of Lot 3 in Block "C" of the F. P. Morgan Addition to the town of Haskell.
Ollie B. Vernon, independent executor of the estate of Lillie Hamilton, to Mae Hamilton Lot 13 and the North 1-2 of Lot 14 in Block 39 in the town of Rule.
Ella Mosley to Alpha C. Dyches. The South 50 ft. of Lots 11 and 12 in Block 8 of the A. B. Carothers addition to the town of Haskell.
C. C. Middleton, et ux to R. H. Bounds. All of 'Outlot 57 of the Brown and Roberts Addition to the town of Haskell.

Oil, Gas and Mineral Leases
Exploration Drilling Inc. to W. B. Hogg. 80 acres of Subdivision Section H of the Antonio Rodriguez Survey.
French M. Robertson, et al to Exploration Drilling Inc. 80 acres of the Antonio Rodriguez Survey.
The Chicago Corporation, et al to N. I. McCollum, et al. The North 100 acres of the South 125 acres of a 209 tract out of the James Wilcox Survey 53, Abstract 407.
G. W. Bosse, et al to B. W. Wooley. 227.6 acres of the Coryell County School League 60; 27 acres of the D. R. Livingood Pre-emption Survey, Abstract 738; 39 acres of the C. P. Livingood tract, S. F. Iron Works Co. Survey 3; and 27 acres of the Mary A. Livingood tract, part of the D. R. Livingood Pre-emption Survey.
G. W. Bosse, et al to Lake Fowler. 218 acres of the Coryell County School Land League.
George Turnbow, et ux to R. O. Travis. 110 acres of the North 1-2 of the James Montgomery Survey, Abstract 660.
R. L. Maddux, et ux to Pete Huntsman. 114 acres of Sections 20 and 21, Block 14, of the H&TC RR. Co. Survey.

Mineral Deeds
John J. Redfern, Jr. to Pat Ballard. The East 40 acres of Subdivision 46 and the West 100 acres of Subdivision 47, League 75, of the Red River County School Land.
B. C. McMordie to J. E. Ziegelmeyer. 161.69 acres of the West 1-2 of Subdivision 8 of the John McClanahan Survey, Abstract 329.

Other instruments were a Transfer of Vendor's Lien; R. H. Banks to the Haskell National Bank. Lots 1, 2, 3, 4, 5 and 6 in Block 1 of the Cottage Lawn Addition to the town of Haskell.
Extension of Note and Lien: H. C. Kintz, et ux, et al to the Haskell National Bank. 83.14 acres of subdivision 101 of the Peter Allen Survey.
Assignment of note and lien: R. B. Spencer and Company to O. E. Patterson. Part of the James Scott League and Labor Survey, Abstract 368.
Subordination of Lien to Oil, Gas and Mineral Lease: The Federal Land Bank of Houston to A. V. Jones and H. R. Stasney. 100.5 acres out of the West part of Section 28 of the BBB&C RR. Co. Survey.
Mineral Quit Claim Deed: Veta Pardue Toler, et vir to Archie E. Pardue. 731 acres of Section 2 of Block 1 of the H&TC RR. Co. Lands.
Ratification: Agnes Craig Dats, et al to Pan American Production Co. 436 acres of the Mary Jones Survey, Abstract 550.
Royalty Deed: Joseph M. Wilson to Wynant S. Wilson. 613 1-2 acres of Section 13, Block 1, of the H&TC RR. Co. Survey and the North end of the John Harvey Survey.
Thirty Chattel Mortgages were filed.

Marriage Licenses
David Earl Penick and Geraldine Margaret Polster.

The following automobiles were registered in the County Tax Assessor-Collector's office from June 17 to June 24.

Passenger Cars
Jo Mae Davis, Haskell, a 1950 Chevrolet tudor.
Tommy Isbell, Haskell, a 1939 Dodge 4 door.
A. J. Waldron, Munday, a 1950 Ford deluxe tudor.
Melvin Hill, Weinert, a 1950 Ford custom tudor.
P. H. Campbell, Rule, a 1950 Dodge 4 door.
I. N. Furth, Weinert, a 1950 Chevrolet sport coupe.
E. B. Burleson, Haskell, a 1950 Chevrolet coupe.

FIRE TAGS AFTER CARELESS SMOKERS

Rare is the careless smoker who gets through life without having caused a potentially dangerous fire. Here are a few good rules to observe while smoking. Follow them and you'll survive. (1) Use metal or pottery ashtrays for smoking debris. (2) Snub butts, pipe heels, and matches carefully. (3) Don't smoke when you feel sleepy—this applies when you're in the lounge chair as well as when you're in bed.

BETTER TO BE SAFE THAN SORRY—DO EVERYTHING NEEDED TO PREVENT FIRE!

ANOTHER STRIKE

AGAINST THE PUBLIC AND INDUSTRY AND AGRICULTURE SERVED BY FIVE WESTERN RAILROADS

President Truman's **EMERGENCY BOARD** recommends a 40-hour week and a pay increase of 3 cents an hour, or \$1.44 a day for switchmen represented by the Switchmen's Union North America.

Notwithstanding the tremendous increase in their expenses involved, the railroads' answer to Board is... **YES! NO!**

Union leaders' answer to Board is.. **YES! NO!**

In its report on this case, the Board made this statement:

"The railroad industry, the Board believes, needs above all else a period of relative stability to adjust and adapt itself to present competitive post-war conditions."

Despite this warning, the leaders of the Switchmen's Union are upsetting the apple-cart—forcing a completely unjustified strike against everybody who uses the railroads.

FIVE WESTERN RAILROADS AFFECTED BY THE JUNE 25 STRIKE

The five railroads affected by this strike, which goes in to effect at 6:00 A.M. local time, Sunday, June 25, 1950, are:

- Chicago Great Western Railway Company
- Chicago, Rock Island & Pacific Railroad Company
- The Denver & Rio Grande Western Railroad Company
- Great Northern Railway Company
- The Western Pacific Railroad Company

It is time to put an end to such un-American tactics!

The Answer to a Raw Attempt At Dictatorship is "NO!"

In the interest of the public who depend on the railroads every day, there can be only one answer to this outrageous and dictatorial action by the leaders of the Switchmen's Union. And that answer is—"NO!"

EASTERN SOUTHEASTERN WESTERN RAILROADS

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

RECIPE OF THE WEEK
By Mary Lee Taylor

Deviled Onions

1 lb. small onions
1 1/2 cups boiling water
1/2 teaspoon salt
1 tablespoon shortening

4 teaspoons four fat grains tomato
1/2 cup Fat Milk
2 1/2-oz. can deviled ham

Peel onions; cook covered in boiling water and salt 20 min., or until tender. Drain; save 1/2 cup liquid. Melt shortening in saucepan; blend in flour and pepper. Stir in liquid. Boil and stir 2 min. Add onions, milk and deviled ham. Heat until steaming hot, but do not boil. Makes 4 servings.

You Will Need:
Pot Milk, Deviled Ham, Onions, Shortening and Flour.

Species of "Green Bug" Cause of Much Damage to Flowers

Small grain producers in Texas are familiar with the green bug that has done much damage to their crops. There is also a similar bug that causes plenty of trouble in the flower garden. According to Sadie Hatfield, extension landscape gardening specialist of Texas A. & M. College, those that

attack flowers, shrubs and trees are called aphids or plant lice.

She says they are usually green in color, but may also be orange, gray or even black. Their color gives them a good camouflage and as a result they often go unnoticed until damages begin to show up. They usually feed on the tender twigs and under leaves. The leaves on some of the plants when damaged turn yellow and some curl. The aphids that attack chrysanthemums are usually black in color.

Although aphids are very small, they have high resistance to most insecticides and are therefore difficult to control. DDT, chlordane or lead arsenate will not kill them. Nicotine sulphate, also called black leaf 40, is still the best all-around home remedy. Miss Hatfield says that one and one-half teaspoonfuls of nicotine sulphate mixed with one gallon of water and applied as a spray will usually control them. She cautions against getting the spray too strong for it will burn the leaves of the plants. You should be sure that parts of the plant are thoroughly covered with the solution, especially the top and underside of the leaves.

One of the new insecticides, lindane, gives great promise for the control of aphids but it is not generally available at this time. She says a heavy infestation of aphids may take enough sap from the plants to weaken them seriously. They may cause flower buds or berries to drop from the plants. Plants weakened by attacks from aphids may die during extremely dry or cold weather.

She suggests that you make periodic checks of the flowers and shrubs around the place and if aphids are found, that you immediately put into use the recommended control measures.

THEIR NUMBERS IS LEGION

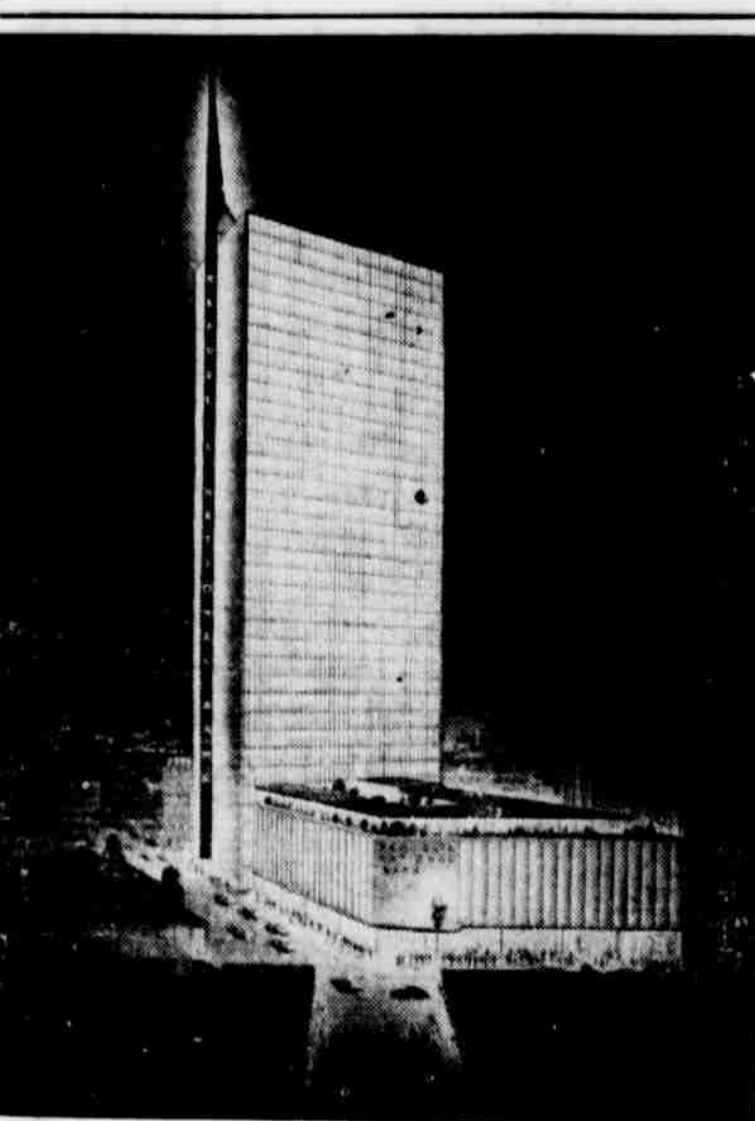

The number civilian employees on the Federal Government's payroll increased from 563,805 in December 1932 to 1,981,156 in December 1949. Total annual salaries and wages paid to these Federal employees have soared from \$1 billion in 1932 to over \$6 1-2 billion today.

PRUDENT ADVISE

Franklin D. Roosevelt (in 1932): "Any government like any family, can for a year spend a little more than it earns. But you and I know that a continuance of that habit means the poorhouse."

News that is vital to you can be found in the want ads.

TALLEST BUILDING IN THE SOUTHWEST

One of the largest and finest office buildings ever erected in this country, shown above, will soon dominate the already impressive skyline of Dallas, the Southwest's great cosmopolitan city. The new Republic Bank Building, announced recently by Fred F. Florence, President of the Republic National Bank, will embody the most modern and advanced architecture, including every convenience possible for both customers of the Bank and tenants of the building. The tallest building in the Southwest, it will soar 440 feet in height. It will be the largest and most modern structure erected in the United States to include a garage and motor banking, together with banking quarters and office building. The main shaft of the building will rise 36 stories above the ground with an additional four stories below the street level. Its tower, extending some 160 feet further into the sky, will give the structure an overall height of 600 feet.

TENNIS, ANYONE?

This trim young lady is all set to win a love game. She's ready for action in her cotton sports outfit that combines crisp white shorts of cloquett pique and a comfortable cotton T-shirt. Her neat cotton play ensemble was designed by Graff of California, the National Cotton Council reports.

Convert Counsels Texas Bird Fans

A sharp increase in the number of bird watchers is reported by Fred D. Thompson of Austin, in the current issue of "Texas Game and Fish."

In an article, "Bird Hunting with Binoculars," Thompson writes in the official game department magazine that "it is not an idle coincidence that a pocket-sized handbook for the field identification of birds is one of the best sellers in America." He sees "a deep inner force seeking reasons for the harshness and complexities of living at work" and adds that "the search for a sense of unity in nature was never more intense."

Thompson excitedly reports on a "hunting trip" to the Cove on Arkansas Bay near Rockport and says this of his bag for the day: "For the first time in my life I had seen a Least Tern, a Baird's Sandpiper, a Reddish

Radio & Appliance Service

MERMAID IN STRIPES

This attractive mermaid (who really has been swimming!) gets her quota of Vitamin D basking in the sunshine after her dip. She is wearing a glamorous woman striped swim suit of cotton puckerette designed by Catalina. The two-piece cotton suit has a solid-colored back.

Early Molting Hens Cut Into Egg Profits

Even with low summer egg prices, hens can make money when the "quitters" are taken out.

At usual summer prices for feed and eggs, there's a fair profit spread for flocks laying at a 50 per cent rate. This means the farmer must gather half as many eggs every day as there are hens in the laying house.

Good flocks can be kept well above this level when the "quitters" are taken out—hens which have gone into molt and stopped producing.

These early molters are the poorest producers. They take longest to molt and usually won't be back into full production until early winter.

Many Purina dealers and their employees are offering free flock culling service this summer to help poultry farmers. It is estimated Purina's culling service last year saved farmers upwards of a million dollars in fed costs by taking the non-producers out of the flocks.

Uncontrolled Thrips Play Havoc With Flowers

The infestation of thrips on flowers and many ornamental plants is particularly heavy this year in many sections of the state. These insects are so small and move so fast they are hard to see unless the infestation is so heavy that they look like dust. Right now they are damaging summer flowers and the berries on many ornamental plants that make the plants beautiful next winter, says Sadie Hatfield, extension landscape gardening specialist of Texas A. & M. College.

She points out that the insects often cause roses and other flowers to dry up before the bloom opens. They cause wilting and browning of the petals of many flowers. They do not eat holes in the leaves, nor petals and since they are hard to see, their presence is often detected by the damage that shows up on the plants and blooms.

When the petals dry around the edges before the bloom is fully open or dry spots appear on the petals of some flowers or the rose buds look dry and fail to open fully, then it is pretty certain that thrips are at work in your flower garden. The damage is caused when the thrips suck the sap out of the plant or flowers. Your nandina berries along with other ornamental berries are often attacked by thrips. The young berries may turn a light color but will darken and then fall.

To control the heavy infestations that are showing up this year, Miss Hatfield recommends the use of either a dust or spray on the infested plants every week or ten days. During rainy weather, the applications of the

insecticides should be more frequent. She recommends the use of a dust or spray containing 10 per cent chlordane or 10 per cent toxaphene or 5 per cent DDT. Be sure to use a wettable powder if sprays are used instead of an emulsion. A dust widely used by commercial rose growers for controlling the rose thrip is composed of 3 per cent DDT and 3 per cent chlordane. She says these insecticides can be purchased at most feed and seed stores, and she adds that your local county extension agents will be glad to furnish any additional information that you may need in order to control not only thrips but other flower garden insect pests.
