## HASKELL COUNTY HISTORY

Brief Notes Taken from Old Copies of The Free Press

#### 20 Years Ago—Nov. 12, 1911

Fire caused damage estimated at \$50 at the First Christian Church Sunday morning about 9:30, when a small table, chairs and pictures caught fire from an open gas heater.

Mr. and Mrs. Houston Bolin and family of Graham spent Sunday with Mr. and Mrs. F. L. Daugherty of Haskell. Miss Ermine Daugherty, returned home with them for a visit.

Mrs. J. E. Morris and daughter Frances of Spur arrived this week to spend the winter with Mrs. Morris' father, T. J. Lemmon, Sr. Mary Couch, a senior at Baylor University, has been elected president of the senior girls at the university. She is also secretary of Alpha Omega, campus sorority at Baylor.

A 25-year-old landmark in Haskell, the large two-story residence of the late Judge and Mrs. H. G. McConnell, was practically destroyed by fire Friday night. The house was unoccupied at the time, and origin of the fire was not determined.

Dr. and Mrs. A. Q. Gentry went to Decatur Saturday, where they attended the funeral of his niece, Miss Floy Hobson.

H. K. Henry, vocational agriculture teacher in Haskell High School reports that many poultrymen have endorsed the proposal to hold a pet stock and poultry show here sometime early next year.

Mr. and Mrs. Irvin D. Williamson of Hollywood, Calif., arrived this week and will spend the winter with her mother, Mrs. J. Williamson, and their daughter will enroll in Haskell schools.

Manford and Bud Reid of Rochester have returned from a visit at Lubbock. They report the Plains country in fine condition.

#### 40 Years Ago—Nov. 18, 1911

It is reported that the Northern and Eastern interests will build a large cotton oil mill in Post, to be placed in operation sometime next year.

The Commissioners Court has approved a petition of S. M. Davis, et al, for a bond election in Precinct No. 1 for the sum of \$75,000 to be used for building, macadamizing, graveling and claying public roads in the precinct. Dec. 23 was set as date for the election.

C. D. Grissom & Son advertised the following prices in their Stock

Reduction Sale: Men and Women Shoes, \$1.95; Shot Gun shells, per box, 40c and 50c; Extra high patent Flour, 48 lbs., \$2.95; Washing Compound, 3c package; Sugar, 14 pounds for \$1.00; Peaberry Coffee, 25c pound.

The furnace at the County Jail, installed when the building was erected a few years ago, has been found to be unsatisfactory for heating the building, and the Commissioners Court has instructed Sheriff Faulkner to discontinue its use. Stoves will be installed where needed.

The Haskell County Singing Convention will meet at Sayles school house next Sunday in an all day program. E. L. Keys, president of the convention, says some able singers are expected to be present.

M. Pace made a business trip to Bartlett last week.

F. M. Morton has returned from Atasco County, where he spent some time looking after his ranch. J. F. McClintock has a contract to build a house at Crosbyton and has gone to that place for a few weeks.

M. S. Shook has returned from a prospecting trip to South Texas.

S. T. Brewer and son, J. F. Brewer of Mountainview, Ark., have moved to Haskell County.

#### 50 Years Ago—Nov. 16, 1911

J. L. Baldwin, who operates a hack line between Haskell and Stamford, said this week he had arranged to meet every passenger train coming to Stamford and will give passengers and express prompt service to Haskell.

J. W. Bogard's family arrived Friday night and he now feels more at home.

Henry Alexander has opened a writing school in the building formerly occupied by T. J. Wilbourn, and has several enrolled in a penmanship class he is teaching.

J. F. Pinkerton has set up a real estate office in Baker's Drug Store.

John Strong of Bell County, a relative of Mrs. J. W. Bell, spent some time here prospecting and says he plans to locate here, having found a place to his liking.

A Dr. Lewis at Colorado City has invented a spraying machine for treating cattle for ticks which is said to be proving very successful. It is said to be less injurious to cattle than the dipping process.

The San Antonio Express says that about 500,000 sheep are being fed on sotel in that section and will be marketed for mutton next spring. It states that on account of the low price of wool, the increasing price of land and the depredations of coyotes, a good many sheepmen are planning to go out of the business.

The Presbytery ladies had very good success with their oyster supper Wednesday night, taking in about \$30.

Miss Georgia Riter and Miss Stella Couch came up from Stamford Saturday and spent two or three days with friends here.

W. T. Jones made some large deliveries of fruit trees and other shrubbery here and at Monday this week, from the Comanche Nursery. R. E. Carruth, proprietor of the nursery, was here to assist Mr. Jones.

### Club For Deaf Is Opened Recently Near Midland

The Midway Club for the Deaf now is open at Terminal, Texas (between Midland and Odessa). The club is situated in a former barracks building, T-444, and will be open each Saturday evening and Sunday forenoon through evening, starting Nov. 3.

Any deaf person in this area is cordially invited to come and enjoy the social benefits afforded by the club.

### VISIT PARENTS

Mr. and Mrs. Billy Couch of Lubbock and G. W. Couch of Abilene, visited their parents, Mr. and Mrs. E. J. Couch over the holidays.

## women do the cooking

And women know what they want. 96 out of 100 women in this area prefer to cook on gas ranges. There's little need for us to talk about the cooking method that has always been, and will always be, such an outstanding favorite. You may, however, be wondering about some claims that are being made for another cooking method. That is why it may be to your best interests to read this ad that reviews several exclusive advantages of automatic gas ranges... so that you who do the cooking may never be persuaded into trying, at great cost, a cooking method that wastes the skill you have acquired through years of experience. Don't be misled into believing that modern cooking means cooking from a wire.

Your next range should be completely automatic. Gas is recognized as most flexible and controllable of all fuels.

Your next range should have the burners with a lifetime guarantee—burners that do not turn out like a light.

Your next range should be fast, should provide instant heat. You should not have to wait for burners to warm, wait for burners to change speed.

Your next range should have flexible burners that fit heat to the bottom of every pan in your kitchen — not 2 or 3.

Your next range should provide hundreds of burner settings — not just 5 or 6.

Your next range should be practical to operate. Modern automatic gas ranges cost less than one-fourth as much to operate as non-flame ranges — do a better cooking job.

Your next range should broil without creating a fog of smoke. Gas broilers consume food vapors. You broil with the door closed.

Your next range should cook "cool." All cooking methods take heat. You can turn gas heat off immediately, but a glowing wire produces lingering heat after every use.

Your next range should be safe. Year after year, underwriters' reports of fire show that more than ten times as many fires are caused by electricity than by gas.

Your next range should be easy to clean. Burner bowls on automatic gas ranges lift out, wash like a china dish. There's no need for an ice pick to chip charred food from an element.

The Modern Gas Range, and only the Modern Gas Range, embodies all the above features.

BEST TO USE, AND BEST OF ALL

## Better performance 4 ways with DODGE 2-TON "Job-Rated" TRUCKS

### 1 MORE ECONOMICAL POWER

A big, high-compression 236.6-cubic-inch engine developing 109 h.p. You get the right engine for top economy with aluminum pistons, four piston rings (top ring chrome-plated), exhaust valve seat inserts and other extra values.

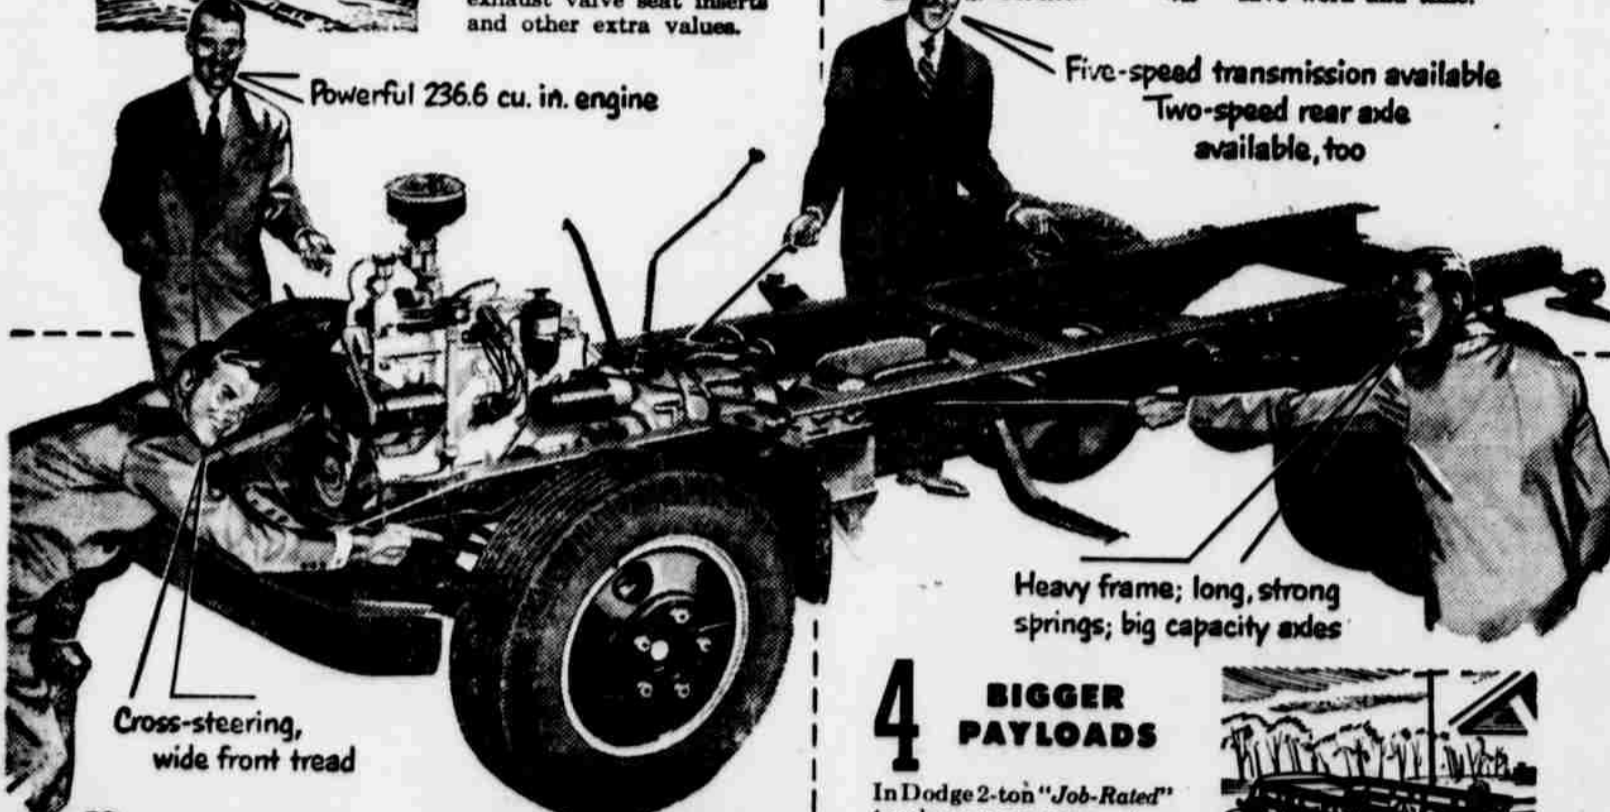

Powerful 236.6 cu. in. engine

### 2 SPEEDIER DELIVERIES

Five-speed transmissions, 2-speed rear axles, and choice of axle ratios give you greater pulling power, faster getaways and higher top speeds. Low loading height and hinged stake center sections help you to save work and time.

Five-speed transmission available  
Two-speed rear axle available, too

Heavy frame; long, strong springs; big capacity axles

### 4 BIGGER PAYLOADS

In Dodge 2-ton "Job-Rated" trucks you can move extra-big payloads without overloading. That's because a lot more of your load is carried on the front axle. Deep, rugged frame and all-steel body stakes and sills mean extra strength.

THIS 2-TON CHASSIS is engineered to fit your body needs. On wheelbases of 128", 152", 170", and 192", it will accommodate a wide variety of bodies, from 8 ft. to 18 1/4 ft. in length.

Dodge 1 1/2-ton "Job-Rated" trucks provide similar features and advantages to give you better performance on your job.

### 3 EASIER HANDLING

You can turn sharper, maneuver better and park easier with a Dodge 2-ton "Job-Rated" truck... because you get wide front tread, cross-steering (except C.O.E. models), short wheelbase and worm-and-roller steering gears.

The choice of champions! 59 out of 97 State Champions chose Dodge to drive in the 1931 National Truck Roadtest

Scout Round-Up Is Underway In Chisholm Council

Round-Up time in the Chisholm Trail Council, Boy Scouts of America is in full swing. In every District a Round-Up has been held where all leaders were subpoenaed to appear. After the court hearing on the Scouting program every Cub Pack, Scout Troop and Explorer Post was issued a mortgage against their unit. The only way this mortgage can be lifted is by recruiting new boys for their units. All mortgages are to be cleared by Dec. 1. As a part of the Round-Up program a beautiful special yellow neckerchief with the picture of a cowboy riding a bucking horse on it is being given to each Cub, Scout or Explorer who recruits a new boy. At the end of the Round-Up in each district a mortgage burning ceremony will be held for all units clearing their mortgages. Any boy wishing to be a Cub, Scout or Explorer may send a request to the Boy Scout Office, Box 858, Abilene.

**Relative of Haskell Men Killed In Gin Accident**

H. B. Merchant, 37, nephew of Arthur and J. O. Merchant of this city, was fatally injured in an accident at a gin in Wellman, Texas, southwest of Brownfield, Tuesday of last week.

Mr. Merchant was killed instantly when he was caught in one of the gin stands while the machinery was in operation.

A resident of Wellman, he is survived by his wife, two step-daughters, two sisters and four brothers.

Funeral rites for the accident victim were held Thursday, Nov. 8 at 2:30 p. m., in Hagerman, N. M., and burial was in the Hagerman Cemetery.

Attending the services from Haskell were Arthur Merchant, Mr. and Mrs. J. O. Merchant, Mrs. Louise Merchant, Mrs. Jane Renfrow, Mr. and Mrs. Ray Merchant, Hub Merchant and Jake Holcomb.

Fruit salads that are fresh and colorful are popular with most families. Therefore, they should be prepared just before they are used.

**News From Sagerton**

Mr. and Mrs. Carl Hertel and children, accompanied by Mrs. R. N. Sheid went to Gonzales last week end to visit with little Janis Hertel at the police center, there.

Mr. and Mrs. Reece Clark and Glenda spent Sunday in Holliday with Mr. and Mrs. Chas. Clark.

Roy Wienke of Lubbock was in Sagerton Sunday visiting with old friends. The Wienkes formerly lived here. It was Mr. Wienke's first time in Sagerton since he was in a serious auto accident.

The Sagerton P-TA will meet Monday evening Nov. 19 for their monthly meeting.

Fred Spitzer fell Saturday while he was working in his garage and broke his arm near the wrist.

Mr. and Mrs. Pete Lusk and Mr. and Mrs. Bunk Lusk of Stamford visited Mr. and Mrs. H. C. Lusk in Knox City Sunday.

A. C. Knipling, Glyn Quade and F. A. Stegemoeller went to Kerrville Saturday in search of a place to hunt deer.

F. A. Stegemoeller accompanied by Rev. Horn of Abilene went to Cisco where they visited with the two Lutheran congregations there.

Rev. and Mrs. W. W. Stratman of Houston are visiting here with Rev. and Mrs. Virgil Meyers and family. There were here Sunday when the Meyers infant daughter, Victoria Ann, was baptized at the morning church service at the Zion Lutheran Church.

During the morning service the new candlebras for the altar were dedicated to the glory of God by the pastor, Rev. Meyers.

**YOUR ANSWER TO FARM BUILDING NEEDS**

Look to the Quonset 32 for what you need in the farm-building line.

It may be a building for the safe storage of feed of all kinds. Quonset 32 is the answer.

Or for machinery and implement housing. Quonset 32 is a natural here, too.

Or for stock shelter. All over the country, Quonset 32's are paying off in this very service.

ALL-STEEL CONSTRUCTION, with N-A-X HIGH-TENSILE alloy steel used for framing, gives the Quonset its strength and durability.

NAILABLE STEEL FRAMING gives it adaptability . . . interior wall material, insulation, partitions, etc., are easily nailed in place.

QUICK ERECTION, by locally available labor, is a factor in the building's moderate in-place cost.

And never forget: the Quonset 32 is rot-proof, warp-proof, non-combustible and wind-resistant.

We are ready with more facts and figures.

**Christmas Lights Will Be Turned On Dec. 1st**

Christmas lighting equipment is being placed in readiness this week for installation throughout the business section around the square in preparation for the elaborate holiday program to be staged Tuesday, Dec. 4th when Santa Claus visits Haskell to officially open the holiday shopping season.

Santa Claus will bring his reindeer to Haskell again this year and will parade through the business section around the square at 4 p. m. on Dec. 4th.

Preceding his visit, the Christmas lights in the business section will be turned on Saturday night, Dec. 1, and will burn each night until Christmas.

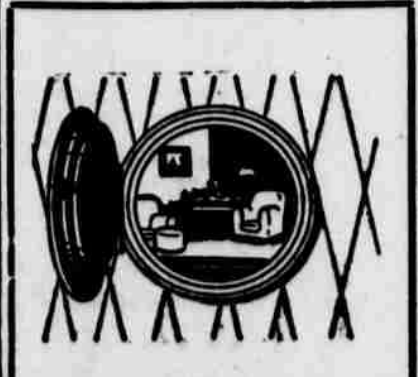

**Estimate of Texas Cotton Crop Is Lowered Again**

The government estimate of the Texas cotton crop for this year went down again last week to 4,300,000 bales—500,000 bales less than the estimate of a month ago.

The major portion of the decrease in Texas occurred in the northern and northwestern areas of the state, the agriculture department said in its monthly forecast issued Nov. 8th.

The department estimated the crop for the nation at 15,771,000 bales—1,160,000 bales less than the October forecast.

The Texas cotton crop of 1950 was approximately 2,900,000 bales. Estimate of this year's yield of approximately 16 million bales in the nation compares with last year's very small crop of 10,012,000 bales and with a ten-year average (1940-1950) of 12,030,000.

The Rev. O. K. Oelke, pastor of St. Paul's Lutheran Church, spent Tuesday and Wednesday of last week in San Antonio and Seguin. At San Antonio he picked out the pictures for the art glass windows for the church, and at Seguin he visited with Dorothy Knipling, Leland Nauert and Jerry Thane, students at TLC there.

Rev. Roy Grote and his family of Roscoe were week end guests of Rev. and Mrs. O. K. Oelke and Luther.

The Luther League of St. Paul's Lutheran Church met Sunday evening in the church and were proud to receive eight new members. This brings their active membership list to 28.

Rev. and Mrs. Bruno Gaskamp of the Trinity Lutheran Church in Haskell visited with Rev. and Mrs. O. K. Oelke Monday.

Winners Announced In Progressive Study Club's Childrens Art Contest

The winners in the Elementary and Junior Art Contest sponsored by the Progressive Study Club during American Art Week in cooperation with the Federation and American Artists Professional League have been announced.

The pictures were judged by the Art Committee of the Club. There was much improvement over the pictures that were entered last year. The Club feels it is accomplishing its main objective in that there is growing interest as well as a greater appreciation of art in the eyes of the youth of our town as the work on the pictures shows.

Winners were: Class I, first prize, Kay Wiseman, Grade 4; second, H. T. Thompson, Grade 1; third, Dolores Offield, Grade 2. Class II, first prize, Peggy Wal-

drip, Grade 8; second, Grace Marugg, Grade 8; third, Gladys Conner, Grade 8. Honorable mention: Sharon Green, Grade 3; Maria Cano, Grade 4; Jimmy Long, Grade 4. The above with their parents will be guests of the Progressive Study Club Thursday night, Nov. 15 and will receive their prize at that time. All pictures entered will be on exhibit at that time and money donated to see the exhibit will be sent in to headquarters for the Penny Art Fund donation.

This meeting will be conducted by two artists in the club, Mrs. Gene Frierson and Mrs. Bob Herren along with the art committee. All pictures entered in the contest will be on exhibit Friday, Nov. 16 in the merchants' store windows in town.

Ground-Breaking Ceremony Marks Start on Lutheran Parsonage

At 12:05 Wednesday afternoon members of Trinity Lutheran Church assembled east of the church for ground-breaking ceremonies for the new parsonage.

It was a simple but impressive event. The congregation began by singing: Lord Jesus Christ, the cause is Thine. The cause for which we pray, And since it for Thy design, It cannot pass away.

Pastor Gaskamp read Psalm 100, and spoke briefly of the joy that has come to the congregation within the span of a year. Pastor Oelke of Sagerton reminded the congregation of the remarkable progress that has been witnessed at Trinity Lutheran. He declared that few congregations small as this one are on record as having built a new church, purchased a new Hammond organ and building a new parsonage within a year.

Pastor Gaskamp then prayed: "O God from Whom every good thing taketh its beginning and through Whom it gathereth rich growth, always advancing to better things, Grant to us suppliant, we beseech Thee, that this which we undertake to the praise of Thy name, we may by the help of Thy Fatherly wisdom, carry through to completion; through Jesus Christ, our Lord, Amen." Before turning the first shovel full of dirt Pastor Gaskamp declared: "In the name of the Father, and the Son and of the Holy Ghost we break this ground." All members of the congregation, including those below school age, followed the pastor in turning a shovel full of dirt.

The men of the church immediately picked up their tools and began to work.

Tidwell's Show To Winter at C. W. T. Fairgrounds

The T. J. Tidwell Shows have established winter headquarters in Haskell, and will store their trucks and equipment at the Central West Texas fairgrounds, officials of the Fair Association said this week.

The organization is one of the larger show and carnival companies operating in the Southwest, and formerly maintained winter headquarters in Sweetwater. Several men will be kept here in charge of the trucks and show equipment, it was announced. The carnival company will begin its 1937 itinerary in the latter part of March next year.

FORMER HASKELL MAN BACK FROM KOREA

Sgt Odell Gardner of Lamesa, a former resident here and whose daughter, Kay, is a sophomore in Haskell High School, returned to the State last week after 15 months in combat service in Korea. A veteran of World War II, Sgt Gardner was with first units of the U. S. Army sent to Korea in June of last year. In a phone call to his daughter last week, Sgt Gardner said he expected to be assigned to duty in the United States at the end of his present 90 day furlough.

Haskell Clubwomen Attend Convention Of T. F. W. C.

Several Haskell clubwomen attended the annual convention of the Texas Federation of Women's Clubs in Denton this week, held Nov. 12-15.

Mrs. J. U. Fields and Mrs. Robert Wheatley, members of TWFC panels, went to Denton in advance of the opening day's session to help in arranging special programs.

Mrs. Fred Monke of Weinert is attending as a delegate from the Haskell Magazine Club. Mrs. R. L. Harrison is attending as a club guest.

Mrs. R. W. Herren, First District Fine Arts chairman, is also attending from the Progressive Study Club.

Texas Agricultural Experiment Station that are resistant to bacterial research workers are working to develop strains of col-blight. This disease is also known as "angular leaf spot", "boll blight" includes curing and freezing.

Venison may be processed similarly to beef and lamb and this and "blackarm".

Five Texas 4-H boys and one girl have participated in the International Farm Youth Exchange Program. Each upon returning home has told thousands of their experiences. They lived, worked and played with farm families in the countries which they visited.

Dashing Around

Woe is me and may Heaven help me! A few days ago, being very discouraged by the schedule of long hard hours of work ahead of me in my struggle at becoming a music major, I went off the beam and decided to try out one of my flights of fancy at writing a newspaper column. After a few hours of exceeding mental anguish I gave it up gladly and willingly but my father who is a stickler for sticking to any job until it is finished, decided I would finish this job. He warned me that a columnist always writes in the first person plural. Also that one can say many things in a column one can say no where else in a newspaper, nor anywhere else in the world for that matter. (I hope he remembers that when he reads my first faltering steps in this forbidding world.)

So again I say may Heaven help me and my unsuspecting readers! (If any.) Any way this column will be like all Gaul—divided into three parts. Teen Times, Purely Personal and a bit of news put together as I waste my time (parents again) while dashing round and round the square, and here and there.

More than five hundred girls were in Seymour Saturday to attend a meeting of the Future Home Makers of America. This was a district meeting and the Florence Fields Chapter of Haskell was represented by fourteen girls under the supervision of Miss Lucille Watson. Haskell Chapter was responsible for the music to be used at the meeting. Barbara Merchant, Jesse Ruth Jones and Patty Bob Townsend were on the program for musical numbers, and your scribe was guest pianist. Lena Mae Rueffer was elected to the district office of song leader.

We extend our congratulations to the Seymour Chapter for a highly successful meeting, and would like to present an orchid to the city of Seymour for receiving us and all the other chapters so royally.

It was good to see the friendly Harrisons, Claude and Addie while we were there. We walked in, all sixteen of us together, and quite happily, the personnel at the beautiful new Perkins-Timberlake store thought they were having a visit of Cox's Army, but the Harrisons welcomed us with open arms and their usual charm and gracious manner. Our only regret was that we couldn't bring them back to Haskell where they belong.

All this budding scribe knows of world conditions is what she reads in the newspapers (shades of Will Rogers book). Wars, politics, called police action, rumors of wars, inflation, high prices and arms and more taxes; the national budget in the red and getting redder—and our boys dying in Korea. Could there be any connection of this and yesterday's headlines: "Light vote forecast in Texas on changes in constitution?" In our own county only 625 votes were cast. Perhaps if the powers that be should turn Russian, Heaven forbid, and say "you can't vote" or "you'll vote this way", the good old American public wouldn't be so complacent. Any way we would place our plugged nickle on a bet there would be a great scramble to the polls on any election day. Oh, well, in five more years we can vote and then there'll be some changes made!

But at this late hour just before midnight as we read our Bible reading for today, we have just finished a passage, if put into practice, would be a cure for the world's sickness and problems. It was written by one of the greatest of wise men of old and is stated so simply, so beautifully and so clearly that even a child can read and understand. "If my people, which are called by my name, will humble them selves and pray, and seek my face, and turn from their wicked ways; then I will hear from Heaven, and will forgive their sins and will heal their land." 2 Chron. 7:14

Genial Jim Dalton, amateur magician of Paducah, who entertained the local Lions club at their ladies night meeting recently suffered a heart attack Friday and is seriously ill in a Lubbock hospital.

Miss Nell McCall, student in Richmond, Virginia, Graduat School is home to be with her sister, Rosalee and her father, Dr. R. K. McCall, pastor of the First Presbyterian Church. Nell is working toward her masters degree and will return to school some time next year.

Purely Personal and Teen Times Mr. and Mrs. Frank W. Martin were visitors in Dallas and Stephenville Saturday.

Mr. and Mrs. Otis Curry and children, Sammie, Tommy and Suzanne were in Coleman to visit with relatives and friends over the week end.

Mr. and Mrs. E. B. Henshaw have moved to their new home in Fort Worth and we are sorry to lose them from our city; but so glad that Shirley is to remain here for the present term of school. Shirley is making her

home with an aunt and uncle Mr. and Mrs. Jack Speer.

Also we are sorry that Eva Adkins has moved from Haskell.

Nelda Vaughter was a nominee for Freshman Class favorite at McMurry. She and Billy Adkins are taking many top honors there, Billy having been selected as vice president of his class and is also McMurry's popular drum major.

Attention Mr. Bill Dean: Youth choir at the First Baptist Church was glad to have you as our director at the evening service. Hope you will be back again soon.

Attention Mrs. Winter: The book review of "Inca Gold" was beautifully done at Y. W. A. at First Baptist Church annex Monday afternoon. It was an inspiration to every girl there, and this writer is eagerly awaiting her turn to read this book that is being passed along to all Y. W. A. girls.

Attention Temple Williams and Billy Mae Taylor: Isn't it time you two spent a week end with the home folks, or is you all off up north you all done forgot all about little old Haskell?

Roland Dendy and his good looking room mate, Teddy Vaughn students in Texas Tech at Lubbock, were guests in the home of Roland's parents, Mr. and Mrs. Lex Dendy.

Nancy Burton of Baylor University was home over the week end.

Mrs. Ralph Duncan and little daughter, Jennifer, of Abilene, were visitors in Haskell this week. Jennifer do you suppose if you cried long enough and loud enough your dotting parents would move back to Haskell? We miss you. Your father's friendly hello and hearty handshake for friends and strangers alike was a mighty good thing for Haskell and for Haskell's Chamber of Commerce. And we hated to lose you mother from our public school—just ask Mr. Vaughter.

Don't forget the home talent play at Haskell High School Thursday night at 8 o'clock. One specialty number, will be three hefty young boys turned into Hawaiian hula dancers. Better come—gonna be good.

Time staggers on and like the crack of doom those six weeks tests are here again. They come so relentlessly and with such incredible swiftness.

At long last I can write 30 to this, my first venture as a columnist. 30 in a newspaper means the end—finished—there ain't no more—that's all, brother. So I say it again with infinite relief, and probably a greater relief to my gentle readers (if any).

### Funeral Services Held Friday For J. Elmore Smith

Funeral services for J. Elmore Smith, well-known in Haskell business circles since boyhood, were held at the First Methodist Church Friday at 4 p. m. The Rev. T. G. Craft, pastor, officiated, assisted by the Rev. M. D. Rexrode, pastor of the First Baptist Church.

Haskell business houses were closed for one hour during the funeral services. Mr. Smith died early Thursday morning at the family home in this city. He was engaged in the insurance and abstract business at the time of his death. He had been a member of the First Methodist Church many years.

Survivors include his wife and two-months-son, James Mack; his parents, Mr. and Mrs. H. M. Smith; two sisters, Mrs. Frank Ragsdale and Mrs. Hill Gates; and two brothers, Clay and Lewis Smith. Burial was in Willow Cemetery under the direction of Holden Funeral Home. Pallbearers were Charles Grissom, of Abilene, Henry Atkinson, Floyd Rich, Alton Middleton, R. A. Lane, Gene Hunter, Barton Welsh of Texas City, Willard Warren, E. W. Cox of Hamlin, Raul English.

### Haskell Students Will Make Tour With McM Band

Two McMurry freshmen students from Haskell, Nelda Vaughter and Drum Major Billy Adkins, are among the 50 members of the McMurry Indian Band that will leave Nov. 15 on a five-day tour through West Texas and New Mexico, Raymond T. Bynum, director has announced.

Recognized as a very versatile band throughout the Southwest area, the musicians under the direction of Mr. Bynum will give ten different concerts, both sacred and secular during their tour. The group will give programs in both high schools and churches in Hobbs, N. M., Alamogordo, N. M., Las Cruces, N. M., El Paso, and Pecos, Texas. Highlight of the tour will be the band's performance at the New Mexico A&M-McMurry football game, in Las Cruces, Nov. 17. They will return to the campus Nov. 20.

## What could be Fairer?

Judge for yourself! Use new, improved Phillips 66 Heavy Duty Premium Motor Oil for ten days—or up to 1,000 miles. If it doesn't satisfy you on every count go to any Phillips 66 Dealer, and he'll arrange for a refill using any available oil you want at our expense.

Yes, we guarantee this great new motor oil will satisfy you. We can do this because we know it has the quality you want and need. It brings you a new high in Lubri-tection:

**WEAR PREVENTION?** Yes! It keeps corrosion and friction from harming your engine.

**BEARING PROTECTION?** Yes! Acids are neutralized—protecting bearing surfaces from pitting.

**CLEANING ABILITY?** Yes! And a clean engine means more power—less gasoline consumption.

**LOW OIL CONSUMPTION?** Yes! It resists decomposition—so fewer make-up quarts are needed over thousands of miles of operation.

It's because of important features like these that Phillips 66 Heavy Duty Premium Motor Oil surpasses manufacturers' specifications for all makes of cars. It's truly a "Heavy Duty" motor oil—will do an outstanding job in trucks as well as passenger cars. Try it! We guarantee satisfaction.

# Low-Down on a high-powered Performer

Let us tell you this:  
The Buick pictured here packs more power than you find in any other car of its size and room and price.

That's the power of Buick's newest high-compression valve-in-head eight—the F-263 Fireball Engine, that really gets miles from a gallon of gas.

Add to this the fact that it tips the scales at 3817 pounds curbside—and you begin to see why this big-powered beauty is such a nimble-footed number out on the road.

But that's only Chapter I of the performance story.

There's a big-car feel to the way this trim traveler covers the ground—hugs the curves—holds its course on the straightaway—smothers the bumps with its big soft coil springs on all four wheels.

There's big-car room inside—six-passenger room—headroom, hiproom, shoulderroom, kneeroom, front and back.

Come in, look it over, and we think you'll agree—it's big in everything but price.

And that's where it really shines. If you've shopped around you'll know what we mean when you read the price tags, and what they include in the way of standard equipment that shows up as "extras" on so many others. Such things as an oil filter, air cleaner, vacuum booster, built-in summer ventilation are all yours at no extra charge.

It's hard to believe but it's true. If you can afford a new car, you can afford this Buick at the prices we're quoting today.

Better come in and look this smart buy over.

Equipment, accessories, trim and models are subject to change without notice. Illustrated on ROADMASTER, optional at extra cost on other Buicks.

NO OTHER CAR PROVIDES ALL THIS:

**DYNAFLOW DRIVE**—saves strain on driver and engine

**FIREBALL ENGINE**—high-compression, valve-in-head—gets more miles from every tank of fuel

**PUSH-BAR FOREFRONT**—combines smart style with unsurpassed protection

**WHITE-GLOW INSTRUMENTS**—greater clarity of light

**TORQUE-TUBE DRIVE**—seals the chassis, steadies ride, improves driving control

**4-WHEEL COIL SPRINGING**—custom ride, easy servicing costs

**DUAL VENTILATION**—outside air fed separately to right or left of front compartment

**SELF-ENERGIZING BRAKES**—hydraulic—cutting pedal-pressure five times of brake drum

**DREAMLINE STYLING**—slept, car-length hood, glancing noseappears on most models

Plus: Self-loading luggage lid, Step-On parking brake, rear-way ignition lock, Safety Side rim, Hi-Polished chrome accents, Body by Fisher

When better automobiles are built BUICK will build them.

## Importance of Farm Organizations Is Stressed By Senator George Moffett

State Senator George Moffett of Chillicothe was guest speaker at the annual business meeting of the Haskell County Farm Bureau, held Tuesday night in the American Legion auditorium and attended by around 300 members of the county organization. Senator Moffett's talk was based on "The Relationship of Farm Bureau to the Legislature," in which he emphasized the importance of farm organizations in promoting the interests of agriculture.

### Santa Claus

(Continued from Page One) imal. They are used only for parades and many thousands of children are thrilled each year over the nation by this event. "Santa Claus has been busy all year, but with that he finds time to ask about the reindeer," Carothers pointed out. "All the reindeer are in the prime of condition from their all-summer rest and are ready for parade routines over the nation," the rancher declared.

Back in Alaska the Eskimos maintain small herds of the animals just like any rancher would have a flock of sheep or herd of cattle. They are tended with care for they represent to the native a goodly portion of his livelihood. Each year the herd is checked carefully by a United States representative who usually is a school teacher or some other government employee, to see that not more than 10% of the herd increase is sold. Keeping this proportion is the conservation law in Alaska. The reindeer herds are dwindling something like the buffalo herds that once roamed Western United States.

in the course of selecting the animals for the airplane trips back to Central Texas, Carothers employs many natives to help him. This calls for the use of sleighs, dog sleds and "walking down" the reindeer by the Eskimos. In the latter case a native will just start walking after the animal and consistently follow him until he becomes gentle. The sleigh used in the parade is the only one in existence that features a special type wheel that was designed by Carothers. Santa Claus is very proud of his shiny sleigh, he has said on many occasions.

The art of keeping reindeer alive 6,000 miles from Alaska is one that is lost to zoos and others who have tried to maintain a few of the animals for show purposes. There are a few caribou in the United States. But as for real reindeer they are scarce and only the Texas ranchman has those. Children, you had better make out your Christmas list for Santa Claus wants to talk to you about that list on the afternoon of the parade.

Secretary, introduced the State official with a song skit. Joe Harper, Haskell County ACA secretary, also addressed the gathering preceding the business session.

Farm Bureau president R. C. Couch, Jr., presided for the evening business session and election of officers. Couch also reviewed accomplishments during the past year and gave a report on the recent membership drive. The county organization now has a membership of 825, he reported.

In the election of officers and directors, Couch and vice president H. H. Segro were re-elected. Four new directors named were Ed Lewis, Jr., of Rule; Coyt Hix of Weinert; Truett Hester of O'Brien, and Pete Mercer of Matton.

Delegates from Haskell County to the State Farm Bureau meeting in Houston next week also were appointed, as follows: R. C. Couch, Jr., Clinton Herren, H. D. Gammill, Ed Lewis, Earl Wiseman, Erban Harris, Truett Hester, Shelby Johnson, Bill Fouts, John Darnell, Bill Pennington and D. H. Persons.

Farm Bureau members also approved a series of resolutions presented by the Resolution Committee, and these recommendations will be presented by Haskell County delegates to the State meeting in Houston.

Among several resolutions adopted was one to place enforcement of school attendance provisions of the Child Labor Act in the hands of State officials instead of Federal. Another resolution favored the continuance of the gas tax exemption on non-highway motor fuel; and a companion resolution opposed any increase on gasoline tax.

Another resolution recommended 100 per cent parity price on cotton, which would also take into account the cost of labor. Similar parity on grain sorghums regardless of the corn allotment acreage was recommended in another resolution. Strict enforcement of the State Insecticide Law was recommended, with testing points to be set up as a means of helping enforce the regulations. Other recommendations included stricter supervision of scales at public auctions, elimination of price ceilings on livestock, and equalization of freight rates on outgoing and incoming shipments.

Entertainment features during the evening included songs by Mrs. Roy Everett, with Mrs. F. W. Martin as accompanist, and clarinet numbers by Larry Wheeler, with Rosalie McCall accompanist.

SPENDING SEVERAL DAYS IN KANSAS CITY J. Manning Edwards left last week end for Kansas City, where he spent the Armistice Day holiday with friends.

Midshipmen are so called because originally they had quarters amidships.

## Q-B Club Members See Film of SMU-Texas Game of '50

A film of the Texas-SMU 1950 "game of the year" was shown Tuesday night at the meeting of the Quarterback Club, and proved one of the best entertainment features enjoyed by club members this season.

During the business session, several committee appointments were announced in connection with the coming Texas-Oklahoma Colored Classic which is being sponsored by the Q-B Club. Trophy to be presented the winning team has been received and was displayed to members. It will be placed on display in a downtown show window during the next few days, club president Tom Robertson announced.

Coach Royce Smith gave a brief report on the Indian-Mogul game at Munday last Friday. After a lagging first half, the entire Indian squad turned in a good performance in the two closing quarters, Coach Smith said, with Eldon Ammonett and Don Payne being mentioned as outstanding.

Both Coach Smith and Junior Hi Coach Tom Davis rated the Albany Lions as formidable foes of the Indians in the game here Friday night ending the 1951 football season. The Lions are undefeated in District 8A play, the two coaches pointed out, and in season contests have lost only to Anson and Stamford.

The Quarterback Club will make arrangements to film the

Indians-Lions contest, it was announced. Regular meetings of the Quarterback Club will be continued, and every member is particularly requested to be present next Tuesday evening at 7:30 p. m., when several important matters in connection with the coming T-O Classic will be considered.

## Haskell Man Given Praise For Prison Farm Production

Efficient management of the vast farming operations in connection with the State prison system has drawn praise for a Haskell man, Byron W. Frierson, who is agricultural manager of the prison system.

The state farm's cotton crop of 10,413 bales from 11,300 acres will bring more than \$2,000,000, a little better than half the operating cost of the penal institution for one year.

Budget for the system for one year, including salaries, is \$3,934,936.

Prison System General Manager O. B. Ellis passed all credit for the stepped-up cotton and truck garden production to Byron W. Frierson, assistant general manager in charge of agriculture and the wardens at 11 prison farms.

## Jno. A. Couch, Mayor Courtney Hunt at WTCC Convention

Representing Haskell at the annual WTCC convention in Amarillo this week are John A. Couch, Haskell director in the regional organization, and Mayor Courtney Hunt.

Mr. Couch is chairman of two important WTCC committees, the officers nominating committee, and the finance and membership panel. Mayor Hunt is a former director in WTCC.

The convention opened Wednesday and will continue through Friday.

A HOUSE BOTH GRACEFUL AND USEFUL

This house of unusual design has many attractive features, yet is compact and inexpensive to construct. The living room and dining room are arranged so that they can be used together for large groups, though the living room itself is large enough to accommodate quite a number of guests without crowding.

The kitchen has been located to offer much convenience. It gives an eating place for many family meals, yet these meals in no way interfere with normal activity in the area in which food is prepared.

The inviting large front porch adds to the general attractiveness of this house. It will serve as an excellent place for leisure hours during the warm months.

You can obtain blueprints for this Haskell Free Press-Farm & Ranch Plan No. 4917 and a handy list of materials by which you can figure your construction cost accurately.

explained. "The number of volunteers governs largely the number of men inducted," Major Bale said. "Stating it broadly, the more men that volunteer the fewer men it will be necessary to induct," he added.

With the Marine Corps recent expansion to 238,000 men, there are unequalled opportunities for the young man that selects service with the United States Marines.

Economic Progress Of State Shown In Texas Almanac

There has been almost as much economic progress in Texas during the last ten years as in all preceding history, according to data in the 1952-53 edition of the Texas Almanac which has just been issued by The Dallas Morning News.

Highest percentage of gain was scored by the manufacturing industry which more than doubled during the last decade as measured in employment and volume of physical production. The number working in Texas manufacturing plants increased from 163,978 in April, 1949, to 449,800 in June, 1951.

These changes have been accompanied by an increase of 20.2 per cent in the total population, 1940-1950, and with an increase of 66.2 per cent in urban population. The great shift of rural to urban population consisted primarily of removal of tenant farmers to industrial centers.

Figures presented in the new Texas Almanac show comparable gains in civic, educational and cultural activities. Changes in the

public school system after two years under the Gilmer-Alkin act are presented, including tables giving data on all independent and common school districts. About 10,000 subjects are covered in the new volume, including Texas history; population, government, politics and elections, natural resources, weather, crops and livestock, industries, trade, transportation, finance, commercial services, recreation and athletics. A pronunciation guide to names of Texas counties, cities and towns is included. The new state senatorial and representative districts are shown.

All articles and maps for the 254 Texas counties have been revised to include new highways and other developments. A large folded map gives detail in four colors, including highways and roads.

Volunteers Still Being Accepted In Marine Corps

Spiking current rumors, Major Edward L. Bale, Jr. Officer in charge of the Dallas Marine recruiting office has announced that the Marine Corps is definitely still taking volunteers.

"The rumors, which stemmed from the announcement that the Marine Corps was taking men through Selective Service, are absolutely false," the Major said. "The rapid expansion of the Marine Corps, and its program for rapid release of reserves called at the beginning of the Korean conflict has left a gap in the ranks of the Corps, which made it necessary that the Marines utilize the facilities of the Selective Service system to fill the vacancies," he

Leaflet Available On New Vehicle Safety Law

Texas motorists were urged today by Public Safety Director Homer Garrison, Jr., to apply to any gasoline service station for a copy of the state's official leaflet about the new Motor Vehicle Safety Responsibility Law, which becomes effective on January 1.

"This leaflet was prepared," Director Garrison said, "to give automobile owners and operators the information they should have about this law before it goes into effect. It can be read in five minutes. I hope, of course, that all motorists will really study the facts that are set forth in the leaflet and will keep it in their car for future reference in case they have an accident and are confused about what to do."

"It does not attempt to cover all of the provisions of the law previous m w w and carefully avoids legal language, so that any layman may understand it easily. It was written to help the great majority of motorists—private passenger car owners and operators and small business firms operating one or two delivery cars. The larger owner of motor vehicles, of course, will want to study the entire law in greater detail."

"The leaflet is free and provides important information about the following subjects: what the law is, what to do after an accident, the circumstances that require suspension of both operating license and registration plates, and the several means the law provides for avoiding this penalty."

"Any motorist can obtain one or several merely for the asking. It may save them a lot of trouble, expense and inconvenience."

the house. Sun and air the article thoroughly. Then with soap and water, rinse well, dry in the sun. If any stain remains, moisten with lemon and salt and spread in the sun to bleach. Rinse thoroughly and dry. Use care in following this treatment on colored goods.

Sodium perborate is another safe bleach Miss Wiggs recommends for washable cloth. Sponge the mildew spot with a solution of 1 tablespoon sodium Perborate to a pint of luke warm water, or sprinkle the powder directly on the dampened stain. Let stand for a minute or two, rinse well and dry.

Mildew stains that have been on cotton, linen, or rayon for some time can be removed by dipping the cloth in Javelle water or other chlorine bleach for no longer than one minute. Follow by rinsing thoroughly. Never use chlorine bleach on silk or wool.

**Sixty-Five HHS Students Will Take Part In Talent Show Tonight**

Approximately 65 students at Haskell High School will appear on the stage at the Haskell High School auditorium to night at 8 o'clock for the Talent Show held in honor of Chieftain queen candidates.

Announcement of queen contest winners in individual classes will be made for the first time at the close of the show.

Queen contest candidates are as follows: freshmen, Betty Melton and Mary Ann Thomas; sophomores, Shirley Henshaw and Doris Strain; juniors, Nellwyn Conner and Patsy Camp; seniors, Jane King and Nanette Weaver.

For an hour and a half programs from each of the four classes will be presented. Sid Woodson, editor of the Chief, will be master of ceremonies for the show. Diane Clare will play incidental music before and after the program.

Tickets are being sold by high school students and will be available at the door tonight.

Featured on the senior program are Betty Joy Redwine, who will give an original reading, and Edgerbert Smith, who will play a trumpet solo. James Fowler, Keith Wheatley and Robert Reynolds will imitate a famous quartet, and the boys of the senior class are presenting a Paris fashion show.

Juniors are taking the audience on an imaginary all expense tour of the world. Starting in the south, they travel across the United States by way of the Ozarks. The next stop is China and the Pacific Islands. The program ends in Europe.

Juniors who will participate include Larry Wheeler, clarinet solo, and a trio consisting of Patsy Camp, Jeanie Redwine and Ellen Rueffer.

Other junior cast members are Bobby Boutwell, Kenneth Davis, Dale Dixon, Daniel Sloan and Larry Stratton, hula dancers; Nellwyn Conner, Douglas Dendy, Donald Dickie, Betty Jo Herrin, Peggy Kennamer, Kenneth Lane, Ann McFarlin, Roy Don Rhoads, Tommy Robison, Dean Stocks and Larry Wheeler, faculty members; James Andress, Ralph Offill, Sam Matthews and Dorothy Wheeler, Kentucky mountaineers. Bess Chamberlain will serve as commentator.

Sophomores are presenting a variety show. Lena Mae Rueffer will sing a popular blues song. Kay Gardner, Mabry Brock and David Middleton are doing a playlet, "Pigskins and Powder-puffs."

A quartet consisting of Bobbie Merchant, Paula Ratliff, Patricia Townsend and Betty Waldrip will sing two songs. Ikey Banks and Betty Nuckels will play piano solos. Helen Kimbrough will recite a poem. Jessie Ruth Jones will serve as accompanist, and Dwanna Matthews will act as announcer.

Freshmen are inviting the audience to sit in on a western party. Mary Dalrymple will sing; Terry Bynum will play the ac-

cordion; Vella Redwine will give a reading; Margaret Trussell will yodel.

A western folk game will be presented as the final freshman number. Participants will be Don Dendy, Wendel Dixon, Nancy McFarlin, Sam Vaughter, Jerry Wheatley, Clarence Calloway will serve as announcer, and Terry Bynum will play piano accompaniments.

**Four Persons Hurt Slightly as Truck Overtakes**

Four Latin-Americans were injured slightly when a truck on which they were riding overturned a mile south of Rochester Tuesday.

Brought to the Haskell Hospital for treatment and examination were Arler, Moya, 23; Rosa Moya, 16; Solia Bazan, 19, and Ofelia Bazan, 8. The four were riding on top of a load of cotton when the mishap occurred.

The truck, driven by Amado Bazan, about 18, swerved after passing a tractor and overturned. Bazan, who was uninjured, said he lost control of the truck when a strong wind struck the machine broadside as he turned to pass the tractor.

The injured were in a group of cotton pickers brought to the Rochester area, from Mission, Texas, by Tolobias Bazan, father of the truck driver. They were working on the Manford Reid farm near Rochester.

Hospital attendants said none of the injured was hurt seriously.

**Home Freezer Is Aid to Modern Homemaker**

Homemakers the country over are face to face with the problem of preparing Thanksgiving dinner and at the same time being able to visit with family and friends during the day. Thelma Wirges, County Home Demonstration Agent, says advanced planning and preparation plus the use of the home freezer can just about take the homemaker out of the kitchen.

For Thanksgiving dinner Miss Wirges recommends a traditional meal: roast turkey with stuffing; giblet gravy and cranberry sauce; mashed potatoes; creamed onions with toasted peanuts; string beans, celery, peach pickles, hot rolls, buttery pumpkin pie, whipped cream and coffee.

The turkey can be dressed and stuffed four or five days ahead of time, wrapped and placed in the home freezer. The pumpkin pies and yeast rolls can be baked and stored in the freezer. The fresh vegetables can be washed and held in the refrigerator. The cranberry sauce can be prepared and stored ahead of time. This advanced preparation will lessen the hustle and bustle of preparing the meal, says Miss Wirges.

Other members of the family can help prepare and arrange the table decorations. They may also assist by helping do the grocery shopping. For after all points out Miss Wirges the Thanksgiving dinner should be a family affair.

The turkey may be roasted with or without a stuffing. The skin should be greased to hold the moisture in and the grease can be applied with a folded cloth that has been dipped in melted fat. Miss Wirges says the bird should be placed breast down on a rack and in a shallow open pan for roasting. The turkey should be covered with the cloth that was moistened with fat. No basting is necessary while the turkey is being roasted.

An eight or ten pound turkey should be cooked for about three and one half hours in an oven at not more than 325 degrees. Larger birds require longer cooking time, and 30 minutes per lb. is the generally recommended cooking time for the larger birds. If low heat is used, there is less shrinkage and the drippings are not burned, says Miss Wirges. The drippings are needed for making the giblet gravy.

**Handle Firearms With Caution, Hunters Warned**

As the hunting season gets underway Dr. Geo. W. Cox, State Health Officer, urges caution in handling firearms. More than 160 Texans were killed in 1950 as a result of carelessness in handling guns. At a time like this it is more than ever important that we should conserve human life whenever possible.

"It is not enough to deplore the waste of human lives caused by careless handling of firearms," asserts Dr. Cox, "we should learn from the deaths of these victims the lessons of safety which will prevent the needless and shocking waste. With the price of meat at the present high level there is a possibility of more hunters going into the field than ever before."

The State Department of Health gives the following safety suggestions in handling guns:

While hunting to be sure that the loaded gun is on safety until ready to fire.

Never shoot without seeing your target clearly.

Never crawl through a fence stay close to him.

If hunting with a companion stay close to him.

Do not strike the ground or a wounded animal with the butt of a loaded gun.

Never scuffle while holding a loaded gun or point it at a person "for fun."

Always unload a gun before attempting to clean it.

Always unload guns before taking them into camp or houses.

All guns should be carefully put away in the home out of reach of small children.

## Truck Violations Bring \$1,071,387 To State

To help stem the tide of Texas' rapidly depleting highway and road funds, more than 21,000 truck operators paid over one million dollars into the state road coffers last year.

The payments were not voluntary contributions, but represented \$1,071,387 paid in fines and additional truck license and registration fees as a result of the arrest of 21,577 truck drivers caught violating the highway laws.

These startling figures came to light in the annual report released last week by Kent Odum, Chief of the License and Weight Division of the Department of Public Safety.

The report covers the fiscal year ending August 31st this year. This arm of the Public Safety Department was composed of only 33 men, who are charged with protecting the more than 39,000 miles in the state highway system from being pounded to pieces by overloaded trucks.

Truck violations on Texas highways are on the increase. The report shows 3,747 more truckers were found guilty and paid fines than in the previous year.

The fines and fees collected from these highway haulers, the list of which reads like "Who's Who" of the trucking industry in Texas, is paid into the County Road and Bridge and State Highway funds.

In addition to protecting the billions of tax dollars invested in state and county roads from overweight and over-axle loads, the License and Weight Division showed a substantial profit of more than \$873,000 last year. For the fiscal year of 1950-52, the Legislature appropriated \$197,000 to pay all the operating expenses of this department.

## Careful Planning of Household Spending Stretches Budget

Often household members managing the family income estimate that they have put aside enough cash to take care of living expenses for the month, only to discover a week or so before the first that funds are all used up. Much of this worry can be avoided, says Gladys Durden, home management specialist with the Texas Agricultural Extension Service, if the family will develop a plan for spending.

This plan or budget might serve as a guide for what the family plans to do during the year and each member could have a part in the planning. Miss Durden says that first, the family as a group should decide what it will need, what it wants most, and what its goals for the year are to be. If a record is kept, the specialist believes, improvements in spending can be visualized and each member will understand better what the financial problems are.

Study the income expected during the coming year and list first those vital needs such as food, clothing, and housing. Insurance and installment payments should have a place on the records, too. Add up the estimated expenses and compare the total with that of estimated income. If "ends fail to meet" study the plan again to see where adjustments can be made. It may be that some unnecessary items will have to be left off the list. More use may be made of free community services. Ways in which to increase the income may be considered by the family.

No standard plan or budget exists, explains Miss Durden, because the needs and wants of families differ. It's up to the individual family to plan its own spending, says the specialist.

FOR weddings, parties, for Sunday suppers or summer parties concoct a light Florida Punch for guests. If you wish, add champagne for extra sparkle. Prepare 3 6-oz. cans Florida frozen orange juice concentrate and 1 6-oz. can Florida frozen grapefruit according to directions on can. Pour into punch bowl with 1 qt. gingerale, or 1 qt. champagne. Add ice. Cut 2 Florida limes into very thin slices and float in punch. Yield: 3 1/2 cups.

Personal cooking habits are good guides to what type automatic gas range you intend to buy. For example, if you bake a lot, then a gas range with two ovens is a logical choice. However, if your preference is for broiled foods then by all means choose a range with a waist-high broiler and a second broiler section underneath the one oven.

When French Toast is broiled it doesn't get soggy. Use your favorite recipe, arrange slices on broiler pan 2" from low flame, broil golden brown on one side, flip over to broil on the other side.

Full length mirrors cover the front of some gas heaters to add extra usefulness and light to a room. They are available in either single or dual room units.

For Nut Brown Rice: Butter, monosodium glutamate and finely chopped peanuts or peanut butter forked into hot cooked rice. Delicious addition under creamed meat or vegetables.

A rubber scraper is an excellent stirrer because it's soft enough not to break up fruits and vegetables.

## Voluntary Parole System Operating Economically

Secretary of State John Ben Shepperd, in a recent report to John F. Ivy, chairman, and Lee Norman, member of the Haskell County Voluntary Parole Board, stated that the Texas Voluntary Parole System is functioning economically and satisfactorily. Shepperd reported that when he assumed the duties of Secretary of State in February 1950 there were 600 parolees unaccounted for in Texas. He commended the Texas Voluntary Parole Board members for their cooperation and assistance in enabling the Department to reduce the number of missing parolees to 60. The Texas Voluntary Parole System, Shepperd stated, is a positive and constructive program designed to aid the parolees in becoming worthwhile citizens of the community. Parolees, he reported, are released from prison on recommendation by the Board

of Pardons and Paroles to the Governor for the granting of clemency. After clemency has been granted, a parolee is under the supervision of Parole Board members until expiration of his sentence. The Parole System, Shepperd reported, has proved to be a sound program as a method of progressive public protection. The Annual Report of Texas Board of Pardons and Paroles shows that in 1949 there were 11.6% parole violators. This figure was reduced to only 3.8% in 1950. Read the Want Ads.

## Here's Why I Like Electric Cooking

"For one thing, it's clean—no soot, grime, or fumes. That means less time for cleaning the kitchen and more time for the family and myself. Then it's an easier, faster way to cook—cuts down meal-getting time.

I love the cool way it contributes to my year-round comfort. And what's more important, it helps me stretch my kitchen budget!"

## WANTED BY FBI

SIDNEY STEINBERG

Sidney Steinberg, Assistant National Labor Secretary of the Communist Party, USA, who was indicted by a Federal Grand Jury in New York City on June 20, 1951, on a charge of conspiracy to advocate the violent overthrow of the government is being sought as a fugitive from justice by the Federal Bureau of Investigation. The FBI has requested the citizens of the country and the law enforcement agencies to assist in locating Steinberg. His description is as follows:

Age, 36; born September 16, 1914, Otenus Kaundas, Lithuania; height, 5' 6"; weight, 167 pounds; build, medium; hair, brown; eyes, blue; complexion, light; race, white; nationality, American.

Steinberg, who uses the name Sid Stein in connection with his Communist Party work, resided at Jackson Heights, Long Island, N. Y., prior to his disappearance. From April, 1930, to September, 1932, he resided in Worcester, Mass., and prior to assuming his duties as a full time functionary of the Communist Party, Steinberg worked as a meat cutter in New York and New Jersey. He attended grammar and high school in Lithuania and was naturalized in March, 1938, in New York City. He has been in the Communist Party since about 1936 and was at one time an organizer in New Jersey. He also held other offices in the Communist Party in Camden County, N. J., and in 1945 became chairman of the New Jersey State Communist Party. His parents, two sisters and three brothers reside at Worcester, Mass. Steinberg claimed at one time that he had a heart murmur.

Any person having information which may assist in locating Sidney Steinberg is requested to immediately notify the nearest FBI office. The phone number will appear on the first page of the telephone directory.

height, 5, 6"; weight 162 pounds; build, medium; hair, black; eyes, blue; complexion, dark, heavy beard; race, white; nationality, American.

At the time of his disappearance he resided in Flushing, Long Island, N. Y. He became naturalized through his father in 1919, attended the New York public schools and was at one time a professional basketball player, being known as "Wee Willie Marron."

Any person having information which may assist in locating William Norman Marron is requested to immediately notify the nearest FBI office. The telephone number appears on the first page of the telephone directory.

Housewives who are lucky enough to have a new electric range in their kitchen, might like to have a few tips on keeping it in good condition. Home management specialists with the Texas Agricultural Extension Service stress cleanliness as the most important item.

Clean the heating elements by burning off spilled food and brushing with a soft brush, they say. Never scrape it off or use water to clean the unit. The specialists suggests keeping the drip pans beneath the surface

units clean, too, to prevent burning of wires which lead to the surface units. The porcelain top should be cleaned after it has cooled with warm, soapy water or whitening. Be sure to wipe off lemon, vine-
