

4 C. G. Burson Completed; No New Wildcats Located

Oil & Gas Refining Co. G. Burson, offset to eight miles southwest of Haskell, has been completed. A total of 189.15 barrels of oil in 23 hours.

Flowed through 24-64 60 pounds on casing from tubing, from hole at 4,712-61 feet, set at 4,727 feet.

Locations have been picked for wildcats, one south of Haskell and another 3 miles west of Haskell.

Stanolind O of Haskell, Stanolind O of Haskell, 4,000-foot test will be drilled from west and 2850 feet from south line of T. D. survey A-337.

O & R Company No. 11 is a 4800-foot test at 1223 feet from north line of survey A-304, six miles west of Weinert.

Drilling Co. L. L. & F. P. Schwab No. 11, wildcat three miles west of Haskell, has missed spot Strawn sand pay zone.

Pacific C & O Company No. 2 Clyde Griswold, 4958-foot test in the sand at 4958-foot.

Admitted: H. Burson, surgery. H. Burson, Haskell. H. Burson, Haskell. H. Burson, Haskell.

School, Paving Projects Slowed By Heavy Rains

Heavy rains this week slowed down the rapid progress that was being made on the new ward school structure and the local paving project.

R. C. Dixon, in charge of the Strain and Brown paving project here, said that his crew of 25 men have laid about 20 blocks of curb and gutter on Avenues G, H and D.

He said that he hopes to have all commitments by Sept. 15 and then base material could probably be laid around the first of October. "With luck," he said they should finish the project by December 1.

The rain this week forced the crew to delay their work for a few days.

Work on the new ward school building is temporarily stopped because of the absence of steel that is necessary for the structure, Supt. S. H. Vaughter said Wednesday.

He stated that the new building was only lacking in steel that was supposed to leave the Bethlehem Steel Company this week. All fixtures are in the structure and completion is expected to be by mid-term of this fiscal school year.

Indians Battle Spur Bulldogs In Season Opener Here Friday

Head Coach Jack Roten, center, gets his coaching staff and two of his probable starters together for a conference on Haskell High School's strategy for the Spur game Friday night on the Indian gridiron. The Indians are expected to field a powerful squad in District 9-A schoolboy conference. Left to right are Coach Ray Over-

The Haskell Indians, 1949 District 6-A Champions, will open the 1950 pigskin season against the Spur Bulldogs in a non-conference tilt on the Indian gridiron Friday night at 8 o'clock.

Friday night's battle will be between two of the strongest teams in West Texas. Sports writers have picked the locals to take District 9-A, in which Haskell has recently been placed, and Spur as a strong team in their respective district.

Both teams have gone through a three-week period of pre-conditioning. Injuries have all been minor on both teams and all probable starters are expected to be in the starting lineup.

According to a lineup received here this week the Spur team will outweigh the locals 13 pounds to the man. Spur lost only three men from their 1949 starting lineup leaving them eight regular starters that will be ready for action in the coming game.

The Indians are heavy on othertackles but weigh light in other parts of the line. In backfield they have Billy Davis, an all-district letterman, back in the lineup along with Edward Ammons, Jimmy White and Eldon Amonett.

Returning into the Haskell lineup will be big Charley Cox, all-district, at left tackle, and Royce Mullins, all-district at right guard. Ernest Strain is another returning stand out in the lineup along with John Flannery and James Fowler who saw a lot of action last year.

The strong starting lineup for the Indians are expected to hold their own against the heavier Spur Bulldogs. Spur will have Dick Gibson, a 205 pound halfback

and Charles Grimland, a 175 pound pigskin totter who will be barking the signals from the quarterback position.

Coaches Jack Roten, Royce Smith, and Ray Overton, Jr. have been putting the Indians through some of their hardest and toughest workouts this week since training began. Jack Roten, head mentor, said Wednesday.

Coach Roten said the locals could beat Spur as bad as they wanted to, but they must have the willpower and confidence to fight from start to finish in order to whip the heavier eleven.

Roten is going into his fourth season as head coach of the Indians. His first year here Spur took the game 13 to 0. The next year Roten and the Indians trounced the Bulldogs 26 to 6 and again in 1949 the Indians scalped

Indian Probable Starting Lineup

Pos.	Name	No.	WT.

Haskell Area Receives 3.16 Inches Of Rain In Three-Day Stretch

Heavy rains in the Haskell area this week measured 3.16 inches, according to John B. Martin, local official weather observer.

The three-day stretch of rain stopped all harvest at a rate that had been showing good progress until the rain set in. The milo crop will not benefit from the rain but reports say that no harm has been done.

The grain sorghums already were good and only the late crops will benefit from the rains. The early-cut stuff will head out, but fewer growers will leave the suckers.

The heavy rains that fell the past three days are ideal for the wheat farmer. He stands ready to grab the biggest advantage. September 10 is generally considered wheat planting time in West Texas and it will be that time before the ground is dry enough for sowing.

From the standpoint of the cotton farmers, the rains were ideal except that it renewed the insect threat that has kept farmers poisoning day and night. Since the rain another poisoning of cotton fields will probably be called for.

The rains seem to be general over the state. The biggest downpours in the Haskell area were in the ranchlands of Stonewall, Kent and Fisher Counties.

It was reported that Stonewall County received 3-1/2 to 5-1/2 inches throughout the county Monday and Tuesday night.

Pirates Play Season Opener At Benjamin

The Paint Creek Pirates, with eleven lettermen returning from a 1949 team that won 7 and lost 1, are working into shape for their season opener with Benjamin Friday night. When the Pirates invade Benjamin Field they will be trying for a better decision than the 25-25 tie played last year. The Pirates will field four regulars from the 1949 starting lineup and the other two starters will be steady lettermen.

Starting at left will be '49 co-capt. James Raughton at 152 pounds. At center Raymond Thano, 170 lbs. shifted from fullback, right end Peter Tolliver 160 lb. regular end from last season; at quarterback will be Othella Moody, fleet 145 lb. regular with three years experience from that post, at fullback Clyde Thomas 185 lb. fullback that was one of the better running backs in the district last fall. At halfback will be either Curtis Grand 140 lb. speedster or Hoss King-berger at 170 pounds. Three of the starters are seeking their third letter. The other three are one year lettermen. Due to heavy rains the Pirates have only worked out ten days and may or may not be polished enough for early season competition.

Other squadmen are ends, Bobby Tolliver 160; Jerry Terrell 140, Carlos Montgomery 130, Charles Shaw 128, Don Larned 130; centers, David Selby 170, 130; Robert Mansker 160, and backs, Jerry Davis 125, Jimmy Hokanson 145, Bill Howell 150, Twain Mickler 135, Fred Shaw 120 and Jerry Welsh 115.

Approximately 900 Enroll In Haskell Public Schools

Haskell Public Schools registered around 900 students the first week of the 1950-51 fiscal school year, according to Pyatt McColm, principal of the high school and Herschel D. Peel, principal of the grade school.

Approximately 700 children are enrolled in elementary school and 200 enrolled in high school. Last year there were over 1000 enrolled in Haskell public schools making the total 100 less this year and also less than the expected enrollment.

Supt. S. H. Vaughter said, "We are only marking time now. The enrollment will gradually climb as we get further in the year." He said that by mid-term the total enrollment should be well above 1000. The rain the first day of school kept a lot of students from attending. The enrollment has gone up since registration day, Supt. Vaughter said.

Tuesday, the school lunchroom served 565 students. Supt. Vaughter said. This number is over half of the enrollment.

Vaughter said that only a few changes have been made in the class schedule, but not enough to effect any one class to a great extent.

Opal Dunnam To Play In National Softball Tourney

Opal Dunnam, Haskell's all-star softball player, will be playing with the Miller & Miller girls' softball team at Wichita Falls in the National Girls' Softball Tournament to be held in Phoenix, Ariz. Known as the "World Series" of women's softball, the tournament will get under way the latter part of this week.

Miss Dunnam will be a utility player for the Wichitans and is expected to be on the mound in some of the games. She played with Stamford during the Texas State Tourney at Stamford. When Stamford was knocked out of the running, she was selected to travel with the Miller & Miller team to the national tournament.

Funeral Rites Held Wednesday For Shirley Mae Davis

Funeral services were held here Wednesday afternoon at 3 o'clock in the East Side Baptist Church for Shirley Mae Davis age 6, daughter of Mr. and Mrs. Buford Davis, former Haskell residents. Rev. W. T. Priddy, pastor of the East Side Baptist Church officiated. Burial was in Willow Cemetery.

The small child was jumping across a ditch with some of her playmates when she fell on a shovel breaking her arm. She was immediately taken to a Lubbock hospital where she died while the arm was being set.

Shirley Mae was born Dec. 5, 1944 (in Ralls, Texas, and died September 3, 1950.

Funeral arrangements were under the direction of Holden Funeral Home.

Negro Is Stabbed During Affray Early Sunday

Claude Walker, Haskell negro, was wounded in an early Sunday morning altercation in the colored section of town, and Cleveland Williams, another negro, was charged with assault with intent to murder in connection with the affray, Sheriff Bob Cousins said.

Sheriff Cousins, who investigated the affair, said that Walker suffered a severe knife wound in the back. He was immediately taken to the Haskell County Hospital where he was treated for the injury. Walker's condition is not believed to be serious. Williams is being held in the county jail awaiting action of the Grand Jury.

2 O'Brien Men Hurt As Auto Overturns; Charges Filed

Two O'Brien men were hospitalized here Sunday afternoon after their automobile overturned ending a chase by Sheriff Bob Cousins and Deputy Harry Donohoo.

The wreck occurred between 3:30 and 4 p. m. Sunday after a long pursuit by the sheriff at what he called "a high rate of speed" over country roads between O'Brien and Rochester.

Stanley Speck, about 26, and his companion, Gene Scarborough, about twenty-three were taken to the Haskell County Hospital for treatment of injuries. Scarborough is being held under observation.

Deputy Sheriff Donohoo said charges were filed in the Justice of Peace Court against Speck for driving without a license, reckless driving, resisting arrest, speeding in a 30 mile an hour zone, and speeding on a public highway.

About 200 Enroll At Paint Creek Rural School

Paint Creek Rural School opened August 28 with approximately 200 students enrolling in both elementary school and high school, Dan McRae, superintendent announced this week.

About 140 students were enrolled in the grade school while around 60 students registered for high school classes.

Quarterback Club Sees Film Of Indian Scrimmages

The Haskell Quarterback Club saw films Tuesday night of the Haskell-Royce scrimmage and the Haskell-Merkel scrimmage.

After the films Coach Jack Roten made a short talk about the prospects of Friday night's game. He said that the Indians could beat Spur just as bad as they wanted to.

The members voted to put the husbands on sale at five cents each and decided to fine all members 25 cents for not wearing a husband. The bands do not have to be put around the hat but can be pinned on the persons shirt or coat.

They also voted to send a letter of encouragement to Haskell exes who have gone to college to play football. These boys are Bobby Jack Price and Tommy Rhodes who are attending Texas A. & M.; Billy Ray Lusk who is attending WTSC at Canyon; and James Dodson who is at Murray Junior College, Tishomingo, Okla.

A city wide pep rally is to be held on the northwest corner of the square at 3:45 o'clock Friday afternoon. The high school pep squad and band will be there and everyone is invited to attend.

Regular meeting time of the Quarterback Club was set at 7:30 o'clock each Tuesday night in the high school activity building. At the next meeting a South-west Conference football film will be shown.

Students Enroll In Weinert School Monday

Two hundred and sixty-two high school and elementary students registered for classes at Weinert public schools Monday, according to Connor Horton, superintendent.

Sixty-four students enrolled in the high school and 198 children were enrolled in the grade school. The total enrollment is somewhat under the number of students that were expected to register for classes in that school.

However, Supt. Horton said that the "know" of some students who were unable to enroll on registration day because of rain and various other reasons. He said the enrollment would gradually climb the first six weeks of school.

Sapp Party Leads Revival At Assembly Of God Church

The Sapps are here to lead another gospel meeting at the Assembly of God Church. The revival began Wednesday night, Sept. 6, and will continue for two weeks with Rev. Roy Sapp bringing the gospel messages.

Services will be held each night beginning at 7:45. Each service will begin with a 15 minute musical program with special music by Roy and Benny Sapp. The Sapps are widely known guitarists and gospel singers of Monroe, La.

John's Dry Goods Reopens In Old Location

John's Dry Goods Store opened last Monday in the brick structure across the street from the Post Office.

The dry goods store was formerly in the same location. It closed and is now open again for business.

The store carries a large line of mercantile goods and they invite their former customers, friends and the general public to visit them and inspect their merchandise.

Baptist Revival Meeting Begins Monday Evening

A Baptist revival meeting will begin Monday evening, Sept. 11 and continue through a two week period.

Services will be held each evening at 8 o'clock in the Simpson Building south of the Haskell Washer.

Singing To Be Held At Pinkerton Church Sunday

A singing convention will be held at the Pinkerton Baptist Church Sunday evening, Sept. 10, at 2:00 o'clock, according to an announcement made this week.

The announcement said that there would be plenty of books for everyone and there would be some well-known singers attending to lead group singing and give special numbers. Everyone is invited to attend.

Mr. and Mrs. George Barker and son, Steven Wayne, of Cleburne spent Sunday with Mr. and Mrs. Mike Campbell.

Tom Patterson, cashier at the Haskell National Bank, attended the State Bankers Conference at Austin this week.

Firemen Called To Extinguish Fire Tuesday

The local volunteer fire department was called Tuesday evening to extinguish a fire in a chicken house at the home of Mrs. Clara McAnally. The fire was apparently started by a short in the electric wiring that went into the chicken house. Firemen extinguish the blaze and very little damage was done.

Mayor Harold Jones and son, John of Wichita Falls, visited in the home of Mr. and Mrs. A. Bartell this week-end.

HASKELL COUNTY HISTORY

Brief News Taken from Old Copies of The Free Press

40 Years Ago—Sept. 3 1910

Glenn & Webb have leased the gin of W. T. McDaniel, and also rented his residence nearby. They are experienced ginners and will operate the plant this season. J. F. Jones of Rule passed through Haskell yesterday on his way home from Fort Worth to which place he shipped some cattle the early part of this week. Miss Slydell Wyche has returned from Austin, where she attended the Summer Normal at the University. Henry Tandy, while loading ice Thursday slipped and fell, sustaining a painful scalp wound. A. Lee Kirby and wife of Oklahoma, who have been visiting the families of W. H. Parsons and Abel Jones, have returned to their home.

W. P. Foster and family left this week for Collin county, where they go to make their home. Marshall Pierson, who has been spending the summer in Colorado, has returned home. Monee Frost and sisters, Misses Cleo and Gillie Frost of Mineral Wells are visiting relatives here this week.

"Uncle Frank" has moved his bake shop to the Mart Lynch building where he will continue his bakery business and will run a restaurant in connection. Notice has been given that the old county jail building and the lot on which it is located, will be sold at auction to the highest bidder on Saturday, Sept. 17. The successful bidder will be required to pay at least one-half cash and balance in 12 months.

Rev. O. W. Dean, who has been called to the pastorate of the Baptist Church, together with his family, arrived Tuesday from Hereford.

30 Years Ago—Sept. 1, 1900

Commissioners Court was in session this week, and among other proceedings the County Judge was authorized to contract for 18 cords of wood for use in the court house this winter. Also, a contract was awarded to M. E. Park to build stone piers for a bridge on Timber Creek on the Anson road.

J. W. Bell and others are agitating the question of improving the sidewalks on the south and west sides of the square.

R. B. Fields, chairman of the Haskell board of school trustees, has announced that the rates of tuition for the Haskell public school will be \$1.50 per month for unders, and \$2.00 per month for those over scholastic age. Tuition is payable at the end of each month to the principal.

Mrs. A. Lee Kirby of Seymour

visited Haskell relatives this week. Miss Allie Frost entertained a large party of friends Thursday night.

Percy Lindsey has been spending several days with the home folks.

T. N. Field has a brother and other relatives from Montague county visiting him this week.

A bolt of lightning killed seven head of cattle in Sid Post's pasture during the rain and thunderstorm Monday night. Five of them were his and the two others belonged to Mr. Hisey.

John Couch's new residence has been completed, and he and his wife have moved into their new home.

Brown Haskeew of Stonewall county was over this week trading with Haskell merchants.

S. W. Scott is in receipt of a letter from Congressman Stephens informing him that the Post Office department has authorized the establishment of a postoffice at Marcy, in the northwest part of Haskell county with Calvin A. Clemmer as postmaster.

20 Years Ago—Sept. 4, 1930

One of the best yields of maize reported this year was grown by D. R. (Doran) Brown of Rochester, who harvested 38 tons of maize from 27 acres.

Football prospects look exceptionally good this year, fans declare, after having witnessed work outs now under way by HHS gridmen. In addition to new prospective players, eight lettermen are back from last year. They include Wallace Sanders, Rogers Gilstrap, John Clifton and Ole Smith in the line, and Bill Kimbrough, Rex Felker, Herman Pittman and Kenneth Sherman in the backfield.

A two-room house in the west part of town, occupied by J. D. Russworm and family, burned Wednesday afternoon about 2 o'clock. The family, who had moved here the day before from Oklahoma, also lost practically all their possessions to the flames. The fire started from an oil cook stove.

Mr. and Mrs. J. L. Odell of Abilene spent several days last week with their daughter, Mrs. T. L. Donohoo and family.

Wallace Sanders, who has been working in Plainview during the summer, has returned home to attend school here.

Bates Thornton has returned home, after spending the summer in Oklahoma.

Dr. Kenneth Oates, who is doing his interne work in a Shreveport, La., hospital, visited his mother, Mrs. Mary Oates and other relatives here last week.

Mr. and Mrs. Jesse L. Collier and daughters, Misses Frances and Anita, spent Sunday with friends in Ballinger.

C. G. Gay and H. M. Rike are touring the piney woods of East Texas this week.

D. H. Perrin and B. C. Chapman spent last week vacationing in Arkansas.

ATTENDS HOMECOMING

Mrs. W. D. Hellums has returned home after attending the home-coming at Anderson, Wise county, recently where she met many old friends some of whom she had not seen in almost 50 years. She also attended the Gossett family reunion at the home of her mother, Mrs. A. J. Gossett which is an annual affair.

Shell Pipeline Gives Employees New, Liberal Military Leave Benefits

Shell Pipeline Corporation employees going on military leave are assured of financial protection and job security by a new benefit plan just inaugurated by the company. R. L. Adams, Station Chief Engineer announced here today. The new plan is intended primarily to protect families of employees from financial hardship but it also includes features for employees without dependants. According to Mr. Adams the benefits provided are even more liberal than those in effect during World War II, when Shell paid out over \$8,000,000 to over 5,500 employees and their families.

Under Shell's new plan, each qualified employee entering military service receives a lump sum payment equivalent to 2 months' pay. Beginning after his second month in military service, an allowance making up the difference between his government base pay and his normal company earnings will be paid monthly to his family. This monthly family allowance, however, is limited to 50 per cent of the employee's normal company pay.

During the first month of military service, qualified employee's group life insurance policy is continued by the company. Thereafter, Shell will reimburse him for premiums for National Service Life Insurance for the entire time of his military service, up to the amount of his company group life insurance.

Employees serving in the Armed Forces continue to accumulate credited full credit toward retirement under the Shell pension plan.

In addition, the company continues to pay one half of its normal contributions to the employee's account in the President Fund, a special feature of Shell's

retirement program. Under the provisions of this fund, employees normally lay away up to 10 per cent of their pay and the company matches this amount dollar for dollar. Although employees on military duty will cease making payments into the Provident Fund, the company will continue to pay one half its usual contribution.

Besides the financial benefits, the Shell military leave plan guarantees job security after employees return from service with the Armed Forces.

To protect employees who have been on military duty in the present crisis, the plan was made retroactive to July 1, 1950.

Confederate Bills Will Be Used In Publicity Stunt

Several million dollars in facsimile Confederate money will soon appear throughout the South as part of a huge publicity campaign by Southern manufacturers to promote the growth of the South. The campaign is being launched to call attention to the area's many advantages both as a place to live and as a location for industry. Working together, the companies will sponsor a Southwide contest to stimulate the interest and pride of Southerners in the South. The most ambitious attempt to date of Southern manufacturers to promote their market, the contest will offer 100 prizes valued at more than \$15,000 to the winners.

BACK TO SCHOOL

There's a Great Day Coming —

Yes, it's a great day when thousands of West Texas youngsters go back to school. Whether they are beginning their first year in kindergarten or their senior year in college, their education is proof of the American heritage of equal opportunity for all.

Our youths of today are intelligent and ambitious. All they need is the full opportunity to develop their ideas freely and market their talents as each sees fit. We must guard that "full opportunity" so that when the "individual initiative and energy" of American youth fathers an idea, they may call upon the American system of free enterprise to make realities of their ideas and ambitions.

It's a Privilege —

Robby Kilowatt helps students study faster, easier, and better by providing ample light in class rooms and at home. Make certain the eyes of your children are protected from strain... check their study-lights now!

N. H. Boone, Haskell, a 1950 Ford.

S. M. Burson, Rochester, a 1934 Ford.

A. D. May, Rule, a 1950 Ford.

George E. Free, Haskell, a 1940 Ford.

L. H. Mathis, Sagerton, a 1950 Chevrolet.

Elbert Fagan, Haskell, a 1950 Chevrolet.

H. D. Bland, Haskell, a 1950 Chevrolet.

CARD OF THANKS

We wish to express our deepest appreciation and gratification for the lovely remembrances and heartfelt sympathies extended to us by our many friends at the time of the reburial of our loved one. We are most grateful to all our friends and to those that ministered unto us. To those who brought food and the lovely floral offerings, May we renew our thanks and appreciation to all. God bless each and every one.—The Bailey family and Ruth.

Bacon Square Meal

For a homey meat dish, dip slices of bacon squares in milk, then in corn meal and bake. Make a milk gravy from the drippings and serve over mashed potatoes.

Swiss Individuals
Serve individual Swiss steaks. Cut round or chuck steak into serving pieces, flour and brown in lard or drippings. Season then place an onion slice on top of each steak. Add a can of tomatoes, cover the utensil closely and cook until tender.

Pork and Potatoes
For a meat and potato casserole, brown pork chops, then arrange them over scalloped potatoes. Cook, covered, in a moderate oven (350 F.) until pork and potatoes are well done.

News From Sagerton

Mr. and Mrs. John Clark, Mr. and Mrs. Reece Clark and Mr. and Mrs. Chas. Clark and sons, Bob and Steve went to Holiday Sunday to attend the funeral of John Clark's relative.

Mr. and Mrs. Homer Houston and children, Jackie and Karen of Falls visited old friends in this community last week-end. They are former residents of this community.

Mr. and Mrs. Jess Thames and family visited relatives near Roman Sunday.

Mrs. Ethel Diers and daughter, Jean of Fort Worth visited relatives here last week-end. Mrs. Diers and her daughter moved to Fort Worth from here last summer.

Mr. and Mrs. Cecil Crow and daughter of Hillsboro visited Mrs. Crow's parents, Mr. and Mrs. H. C. Neimast last week-end.

Mr. and Mrs. F. A. Ulmer and children, Winston and Jane, spent last week vacationing in New Mexico. They were among the people who took the last chance to make a trip before the children must go back to school.

This community received several downpours beginning Sunday. They put a halt to the maize harvest and in some few cases to gathering the cotton. When it dries up, all the farmers will be very busy.

Mrs. H. Helm, who has been a patient at the Stamford Hospital has returned to her home.

The Sagerton school opened its doors for the 1950-51 session Monday morning, Sept. 4. Everyone admired the freshly painted class rooms and hall and refurnished floors.

Mr. and Mrs. Baldree and Mike of Aspermont, Miss Clara Teichelman, Mrs. Minnie Vahlenkamp and family and Louis Corzine spent Sunday in the home of Mr. and Mrs. W. F. Teichelman.

Mrs. Frank Pesch and her father, Mr. Osborn of Clovis, N. M. visited Mr. and Mrs. Adolph Ender and Mr. and Mrs. Albert Stremmel Tuesday of last week.

Mr. and Mrs. Clifford Leuk and daughter of Borens visited Mr. and Mrs. Adolph Ender and Mr. and Mrs. Albert Stremmel Wednesday.

Mr. and Mrs. Cliff LeFevre, Mr. and Mrs. Delbert LeFevre and children and Mr. and Mrs. Reece Clark and Gloria accompanied by Mrs. Frank McKerrill of Angleton went to Rule Friday

Army Seeking Volunteers From Enlisted Reserve

Despite the fact that Army reservists can be ordered to extended active duty in the present emergency, army authorities are seeking volunteers from both the Enlisted and Officers Reserve Corps to fill positions vacancies created by the present expansion program, Colonel Oscar B. Abbott, chief of the Texas Military District this week.

In broadening the call for enlisted reservists volunteers, the Department of the Army has authorized the recall to extend active duty of qualified volunteers from both the active and inactive lists of members of the Enlisted Reserve Corps. A previous call for enlisted reservist volunteers specified certain critical specialties, Col. Abbott pointed out.

Under this new program, Texas has been given a quota of 1472 enlisted volunteers. This quota includes practically all categories of military occupational specialties of both the arms and service branches of the Army. Reservists selected will be sent to stations at Fort Hood, Fort Bliss and Fort Sam Houston in Texas and to Fort Sill, Okla.

Enlisted reservists who are members of troop basis units of the Organized Reserves who volunteer may be ordered to active duty under this program if they hold critical specialist ratings.

In addition to provisions for reservists mentioned above, retired regular army enlisted personnel with more than 20 but less than 30 years service, who were transferred to the inactive reserve at the time of retirement, may now be ordered to active duty on a voluntary or an involuntary basis. This applies to retired enlisted personnel whether they are members of the Enlisted Reserve Corps or hold commissions in the Officers Reserve Corps.

Company grade officers of the arms and service—Captains and Lieutenants—are needed and urged to submit applications voluntarily. Col. Abbott stated, pointing out that the more volunteers the smaller number that will have to be called involuntarily.

Only company grade officers of the arms and services may be ordered to extend active duty now, however, officers of the medical services, including medical, dental and veterinary, may be accepted up to the grade of lieutenant colonel—and they are needed, Col. Abbott said.

McMurry Dorms To Open For Students September 9

Dormitories open at McMurry College for new students Sunday afternoon Sept. 9.

All freshmen students should arrive early in order to go through orientation Monday and Tuesday, Sept. 11 and 12. They will register for classes Wednesday.

Registration for sophomores, juniors and seniors will be conducted Thursday in the library of the Administration Building.

First classes of the 28th fall semester will begin at 8 a. m. Friday morning, September 15.

Our Broken Home

In honor of our father, Mr. J. M. Mowell.

By Mrs. Wallace McLennan Fort Worth, Texas

Our dear home has been broken. Death has made a call. God has called our Daddy on beyond.

We have no home any more since Daddy was called away. And O, how we miss him. But we'll meet again some day.

Words can't express how we miss him. God just called for him to go. And I would not call Daddy back. But we all loved him so.

Our home is no more since Dad Passed away. Mother is visiting since there is No home to stay.

Daddy lived a long, and happy life. He loved every one. He loved to laugh, and joke and Have a lot of fun.

He looked so pleased. When God called him to go. But just to think. We cant go home any more.

You feel like your heart wants to break. God doesn't do things that we cannot take. Yes, our home has been broken. And we shall meet there no more. But we can have our family reunion. On that bright and golden shore. (Space paid for.)

Texas Ranchers and Farmers Prepared To Meet Any Emergency, Banker Says

The plant and equipment of Texas ranches and farms have never been in better condition, and the states farmers and stockmen are prepared to meet any emergency that may lie ahead, according to W. R. Johnson, cashier of Haskell National Bank, who represents the Texas Bankers Association as a county key banker.

"One of the best indications of this is that Texas agriculture borrowed less from banks during 1949 than during 1948," he said. Reporting on the ninth annual survey of agriculture lending made by the Agricultural Commission of the American Bankers Association, Mr. Johnson noted that there was a decline in both the number of new loans and the total amount borrowed from banks by Texas ranchers and farmers last year. "This decline is particularly healthy," he said, "in view of the present uncertainties and the slight drop in agricultural income. It shows that farmers and stockmen are wisely avoiding excessive debt and are holding on to their reserves to meet any possible emergency."

Mr. Johnson stated that "in 1949, the last full year of operation, the 827 Texas banks serving agricultural communities loaned \$414,779,000 to 251,436 farmers and ranchers to meet all types of financial needs. This is a decline from the 261,024 agricultural loans, totaling \$476,924,000 made by banks during 1948. Of the total amount loaned last year, \$397,833,000 was borrowed by 245,580 farmers and ranchers to finance production and operational requirements. Of these loans, only \$175,190,000 were outstanding on January 1, 1950. During the year, there were 5,856 farmers and stockmen, representing only 1.5 per cent of all those in the state, who made real estate loans in an aggregate amount of \$16,946,000. The prosperity of the state's agriculture is shown by the fact that only \$26,565,000 in real estate loans were outstanding at the beginning of this year.

"The total of all bank-held farm and ranch debt in Texas on January 1, 1950, was \$201,753,000," Mr. Johnson noted that one of the brightest aspects of the present agriculture debt situation is the small size of the average loan, indicating the service that banks are rendering to the owners of small ranches and farms in particular. The average loan for production purposes was only \$1,620.00 and the average loan made on farm real estate was only \$2,894. "With the pent-up demand for equipment caused by World War II apparently satisfied," Mr. Johnson said, "a larger and larger percentage of agricultural borrowing have been going into other long range improvements. These improvements, along with the growing trend in Texas to practice modern conservation and land management, will assure the importance of the state in the agricultural picture for years to come."

VISITS IN JOSSELET HOME
 Mr. and Mrs. Henry Morris of Oklahoma were visitors in the home of Mr. and Mrs. A. J. Josselet a few days this week.

Spread Variety For School Sandwich Makers

Each year at this time homemakers are on the lookout for sandwich ideas. What are some tasty and nutritious sandwich fillings that will interest young-folkers who carry lunch to school day after day? Reba Staggs, home economist, has several suggestions.

First of all, turn to the many meats in your market. When buying a roast or pot-roast, plan for left over meat. Then there is the wide assortment of cold meat cuts. These may be ground and combined with chopped vegetables for tasty sandwich spreads.

Canned meats offer additional variety. For instance, little Vienna sausages may be split and spread lightly with mustard butter and placed in frankfurter buns for a surprise addition. Or ready-to-serve dried beef may be combined with cream cheese, a bit of horseradish and minced onion for a grand spread.

To increase the change, different breads may be used. Along with white or whole wheat include rye bread, Boston brown, Vienna, fruit and nut bread and hamburger and frank buns. Lettuce and tomato are good in many sandwiches, but they have a tendency to make the sandwich soft. To overcome this, wrap the lettuce and tomato slices separately and let the children make up their own sandwiches. Pickle relish or other dressings for meat sandwiches also may be wrapped separately and included for pleasing lunch-box finds.

Brighten Plain Meals With Golden Fritter

Serve golden fritters to dress up a plain meal. Prepare these deep fat fried treats with meat or with vegetables or fruit to accompany the meat course. According to cookery expert Reba Staggs, the point to remember in frying fritters is to keep the lard at a 360 degree F. temperature. At this low temperature the fritters will be cooked thoroughly by the time the outside surface is browned.

What fritters to serve? If the refrigerator reveals left-over roast, pot-roast or steak, here is the homemaker's answer. Fresh meat may be used also—sliced, cubed or ground. Or the selection can be made from a number of the ready-to-serve meats.

Crisp vegetable fritters are often made with whole kernel corn, carrots, sweet potatoes or turnips. Common man course fruit fritters include pineapple, banana and apple.

Postal Deficit To Cost Haskell County Taxpayers \$47,918.50

(WASHINGTON Special) —For taxpayers of Haskell County the \$558,000,000 deficit of the Post Office Department in the Federal fiscal year which ended June 30 will mean approximately \$47,918.50 in terms of general Federal taxes, according to a study released here today by the Council of State Chambers of Commerce. The study explained that this figure is Haskell County's proportion of Texas' share of the over-

ly an extra tax of \$12 for every man, woman and child in the United States. Support for an effort in Congress to cut \$28,107,000 off the \$555,000,000 postal deficit expected this year was urged in the study. It recalled that in expectation of this cut Postmaster General Donaldson in April ordered such economies as a reduction from two to one in the number of mail deliveries daily in residential areas, fewer mail box collections, etc. But the House of Representatives recently voted against these economies. Whether they will stick remains up to the Senate.

In addition to this 28-million-dollar saving, the study urged the Hoover Commission recommendations for putting the Post Office on a business-like basis be carried out. Finding the Post Office and the Bell Telephone System comparable in size, number of employees and the nature of their services (communications), the study observed that the private enterprise operated at a profit and paid Federal, State and local taxes last year totaling \$346,144,000. It also pointed out that the Bell System acted as tax-gatherer for the Government, collecting from subscribers and other users \$445,000,000 last year in the Federal excise taxes on telephone calls.

Advance-Design TRUCKS

Featuring: TWO GREAT VALVE-IN-HEAD ENGINES—the new 105-h.p. Loadmaster and the improved 92-h.p. Thriftmaster—to give you greater power per gallon, lower cost per load • NEW POWER-JET CARBURETOR—smoother, quicker acceleration response • DIAPHRAGM SPRING CLUTCH for easy-action engagement • SYNCHRO-MESH TRANSMISSIONS for fast, smooth shifting • HYPOID REAR AXLES—5 times more durable than spiral bevel type • DOUBLE-ARTICULATED BRAKES—for complete driver control • WIDE-BASE WHEELS for increased tire mileage • BALL-TYPE STEERING for easier handling • UNIT-DESIGN BODIES—precision built.

Let's look at this business of buying a truck—your way. You want peak performance? Chevrolet's Valve-in-Head engines can do more work per gallon of gasoline consumed than any other make of their capacity. You want economy? You can't beat Chevrolet for low cost of ownership, operation, and upkeep—or for high resale value. You want dependability? Chevrolet trucks work for more owners on more jobs, every day, than any other make. But no matter how you figure it, Chevrolet trucks come out on top. From start to finish, they're your best business deal all around. So come see us. We've got just the truck you want!

Joint Parent Teachers Association Organize Thursday

The executive boards of both the North and South Ward P-TA's met jointly Wednesday, Aug. 30, at 3 o'clock in the high school auditorium for the purpose of re-organization. The new associations will be called the Elementary P-TA and Junior High P-TA.

The following officers were el-

ected to serve for the 1950-51 term: lead the Junior High P-TA: Mrs. E. B. Calloway, president; Mrs. Bill Fouts, vice president; Mrs. Leonard Hood, secretary; and Mrs. Lynn Waldrip, treasurer.

Officers for the Elementary P-TA are: Mrs. Virgil Sonnemaker, president; Mrs. Fred Brown, vice president; Mrs. Maurice Gannaway, secretary; and Mrs. Clyde Bland, treasurer.

The first meeting of the Elementary P-TA will be the fourth

Thursday in September and the first meeting of the Junior High P-TA will be the second Thursday in October. Both meetings will be held in the high school auditorium.

The regular meeting date for the Junior High P-TA will be the second Thursday of each month at 3 o'clock in the high school auditorium. Regular meeting date for the Elementary P-TA is the fourth Thursday of each month at 3 o'clock in the high school auditorium.

The Pent House production of "Hansel and Gretel" is scheduled for two shows—afternoon and evening—on October 28 in the high school auditorium and sponsored by the joint P-TA's.

Pictures For Weinert Annual To Be Taken September 13

The Weinert Senior class met Sept. 5 to elect the annual staff for the annual of 1950-51. The officers were elected as follows:

Editor-in-Chief, Sue Guess; assistant editor, Jolene Dunnam; business manager, Bobby Therman; assist. business manager, Eva Sanders; sports editor, Marilyn Smith; sports editor (boy) Billy Joe Robertson; snapshot editor, David Hobbs; special feature editor, Ann Derr.

Both individual and group pictures will be made by Stugar Studio, Levelland on Wednesday, Sept. 13. Everyone should wear their best faces and pretty smiles. The senior class urges everyone to be present on that date so that all pictures may be taken at that time.

Poultrymen Work Toward Winter Egg Production

Poultrymen should be doing the jobs now that will mean more fall and winter egg production and getting the laying houses ready should be high on the list, says J. C. Williams, assistant extension poultry husbandman of Texas A. & M. College.

Williams recommends that the houses be thoroughly cleaned and disinfected to remove all possibilities of diseases or parasites. He says the buildings may need repairing and some of the hinges on the doors, windows or shutters may need to be replaced or adjusted. He points out that clean windows let in more sunlight, which is a source of vitamin D for layers.

For each five birds, he advises providing one nest and at least three inches of feeder space per hen. Watering facilities should provide each 100 hens from five to eight gallons of water a day, and each hen needs at least eight inches of roosting space.

Litter is also important, and Williams recommends that it be

Family Reunion In A. C. Hall Home Honors W. J. G. Hall, Long-Time Haskell Resident

—Photo by Blohm

W. J. G. Hall, 95, of Haskell was honor guest at a two-day reunion of his family in the home of Mr. and Mrs. A. C. Hall in Haskell on the 2nd and 3rd of September. He and his family came to Haskell county in Nov., 1911. His wife died April 5, 1935. Meals were served buffet style. Ice cream was served on the lawn Saturday night.

Those present for the happy occasion were Mr. and Mrs. K. R.

Perdue, Mr. and Mrs. W. L. Nelson, Colorado City; Mrs. Trent Simmons of Lamesa; Mrs. W. A. Harris, Spur; Mr. and Mrs. V. F. Ivy, Gary, Judy, Mr. and Mrs. A. C. Hall, Jean, Claude, Thomas and Billie Jo, Mr. and Mrs. D. N. Fael, David, Bobby, Rodney, Mrs. Ida Hall, all of Haskell; Mr. and Mrs. J. E. Brown and Charlette, Lubbock.

town were: Mr. and Mrs. A. A. Hall, Iraan; Mrs. C. M. Jones, Van Court; Mrs. Nolan Shuler, Alpine; Mr. and Mrs. Paul Jones and Donnie, Van Court; Mrs. Frances Nutt, Mertzon; Mrs. Pauline Stout and Carolyn, Big Lake. Mrs. W. S. Murphy, McKinney, only sister of Mr. Hall and one son, L. G. Hall of Roswell, N. M. were unable to attend.

ATTENDS REUNION IN WACO

Mr. and Mrs. Bill Brannan spent the week-end with their daughter and family in Ft. Worth and then went to a family reunion at Cameron Park in Waco.

from four to six inches deep in order to keep the moisture in the house down. Wood shaving, sand, ground corn cobs, shucks, cane pulp, straw or other kinds of litter can be used. The kind of litter is not so important as long as it will absorb the moisture.

He says that the time to place birds in their winter laying quarters is when they have come into about 20 per cent production. Since they will remain in the range shelters until they reach 20 per cent production, some nests must be provided there.

Three square feet of housing space per hen is enough for the lighter breeds as Leghorns, but Williams says that four square feet will be needed per bird for the heavier breeds.

He says that he personally prefers to keep laying hens confined at all times. His reason is that, since plenty of space is being provided in the house for every bird to be comfortable during extremely bad weather and plenty of feed, water, roosting space and adequate ventilation are being furnished, it is unnecessary to turn them out of a house when all conditions inside of it are favorable for maximum production.

Williams points out that many poultrymen are using night lighting because they have found it profitable. When properly used, the light will cause egg production to occur in the fall and winter months when egg prices are highest.

Williams reminds poultrymen that one precaution to be taken in using evening lights is to dim the lights for four or five minutes before they are completely turned off in order to allow the birds to find the roost before the lights go completely out. An automatic switch is convenient for this purpose.

Billie Hall Elected President Of HHS Seniors

The Senior class held their first meeting Monday, Sept. 4. The meeting was called in order to elect officers. They are:

Billie Hall—President. Leroy Tidwell—Vice president. Wanda Cook—Secretary. Temple Williams—Treasurer. Geneva Wheeler—Reporter. For the coming school year 37 students have enrolled in the senior class.

Eldon Amonett Elected Head Of Junior Class

Eldon Amonett was elected president of the junior class of Haskell High School in its first meeting of the year last Monday.

Other officers are Jane King, vice president; Mary Cobb, secretary; Sid Woodson, treasurer; and Betty Joy Redwine, reporter. Mrs. Jim yrd and Royce Smith were selected by the class to serve as their sponsors.

Gene Kelly Supports Kids' Day

The popular young star of many Metro-Goldwyn-Mayer musicals, Gene Kelly, draws admiring glances from seven year old Charlotte George, of North Hollywood, Calif. as he tucks the first 1950 National Kids' Day poster on his dressing room door.

Spearheaded by the more than 3,150 Kiwanis clubs throughout the United States and Canada, Kids' Day will be observed this year on Saturday, September 23. It is a joint project of Kiwanis International and The National Kids' Day Foundation, Inc., designed to focus additional attention upon the problems of underprivileged children. It is expected that fundraising events conducted on Kids' Day will benefit millions of children for money raised in a community remains in that community to be spent for youth under the supervision of the local Kiwanis Club.

Bluebonnet H-D Club Has Picnic At Lueders

The Blue Bonnet HD club members met at the Encampment grounds for their annual picnic Aug. 31. Fried chicken and picnic lunch was spread under the two huge pecan trees. Soda pop and ice cold watermelon was enjoyed before the group came home in

the afternoon. Those present were Mr. and Mrs. Raymond and Mrs. Arthur W. Sue, Mr. and Mrs. Fred and Mrs. A. C. D. and Mrs. Less Lewis. The next club meeting is Sept. 7. Miss Murrell DeBard is in and Frank Gorman a nice trip and time at HD meeting at Big Spring 23-25. They returned Aug. 25.

DISORDER—DISASTER

According to a recent survey, about 20 per cent of all home accidents are caused by disorder in and about the home. No better start toward eliminating this cause of home accidents can be made than by cleaning up the yard, for, particularly during the warm-weather months, the yard is the locale of many accidents.

You'll be sorry you allowed a rake to be left lying in the grass if you step on it some evening. A touch of antiseptic and an adhesive bandage—one of those ready-to-use dressings with the gauze pad already affixed to the adhesive tape—may take care of the damage; on the other hand, the penalty may be a broken nose.

Other frequent yard hazards are broken glass, boards with projecting nails, rusted toys, broken outdoor furniture. If there is a swing in the yard, check the ropes or chains. True, a frayed rope or worn link may last through the season, but the risk far outweighs the trifling gain.

The final check you should make is of a different kind. If there are healthy, energetic children in the family you have to expect a certain number of minor casualties in spite of all precautions. Make sure, therefore, that the medicine cabinet contains such basic first-aid supplies as antiseptic, burn ointment, gauze pads, roll gauze, ready-to-apply adhesive bandages and adhesive tape.

Lions Club Asked To Raise Funds For Crippled Children

The Haskell Lions Club received a communication from District Governor 2-E which was presented to the Club in its regular meeting Tuesday.

The communique asked the club to appoint a committee to raise funds for the Melvin Jones Crippled Children Project. The project is in cooperation with the government which has offered to give the Lions Club a large acreage of land if they will build a home for crippled children. Also, in connection with the project, state Lions are going to give a four day charity show in Houston in November. Days for the show are to be set at a later date. Fifty percent of the proceeds of the show will go to the Project and the remaining 50 percent of the proceeds will go to Melvin Jones Crippled Children into the production of the show. Tickets for the show are to be sent to local Lions Clubs for selling purpose.

After the letter was read it was placed in the hands of the Health and Welfare committee who will be in charge of raising the money. That committee consists of Dr. William J. Kemp, Wallace Cox and Bill Smith.

Mrs. T. R. Odell was a guest at the club meeting. She highly commended the club for helping to sponsor the Melvin Jones Project for crippled children.

Dr. William J. Kemp announced that the Band Boosters would be in charge of concession stands at the football games and Royce Adkins, president of the Quarterback Club, announced the time and place of the Quarterback club meeting Tuesday night.

For entertainment a spelling match was held, conducted by Dr. J. G. Vaughter. First prize, one large cabbage head, was won by County Judge Curtis Pogue.

Good Attendance At Farm Bureau Meeting Tuesday

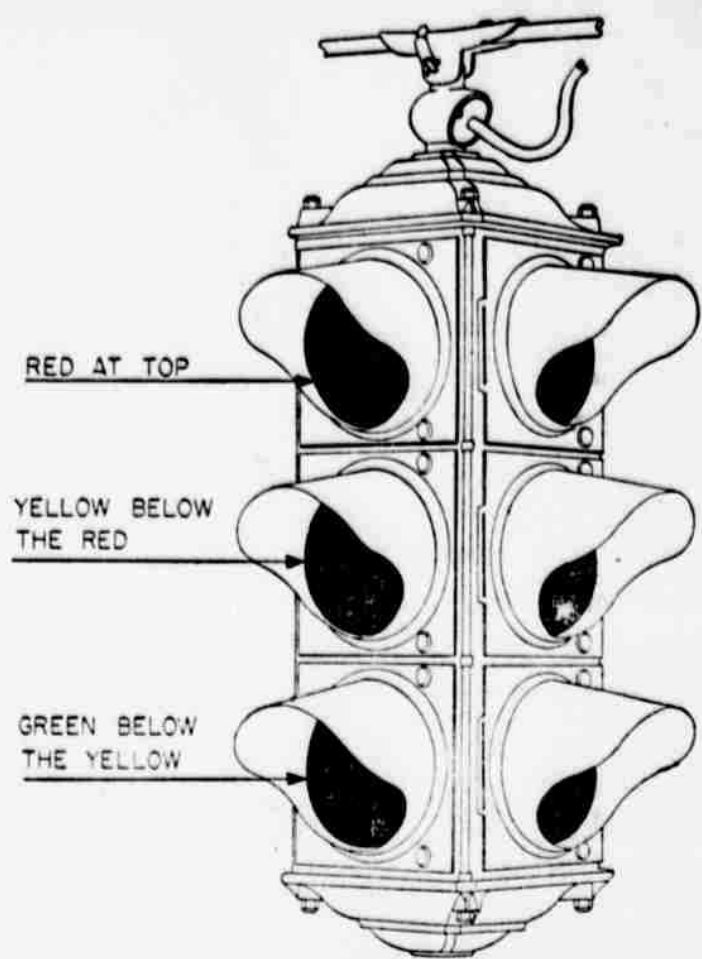

Despite the rain of the first of the week, there was a good attendance at the Haskell County Farm Bureau regular county meeting on Tuesday night in the American Legion Hall. C. H. Herren presided in the absence of Chas. M. Conner, president and R. C. Couch Jr., vice president.

The meeting was opened with some spirited group singing led by Mrs. Gene Tonn. The minutes of the previous meeting were read and approved. Frank Martin gave a report on the Rural Telephone status and also the results obtained by many on cotton insect poisoning this year. Many of the members present commented on the results they have noticed by cotton poisoning they have done.

The second Community meeting will be held next Tuesday, Sept. 12th at 8 p. m. in the Mattison school building. Thursday, Sept. 14th the third Community Farm Bureau meeting is to be held at the American Legion Hall at Rule and all residents of these two sections are urged to bring their neighbors and friends to these meetings.

Anyone who wishes to attend one of the district meetings to be held at Wichita Falls on Sept. 9 or Crowell on Sept. 11 should get in touch with the local Farm Bureau office.

Highway Traffic Signals

STANDARD TRAFFIC SIGNALS

STANDARD VERTICAL ARRANGEMENT OF SIGNAL LENSES

What do you know about traffic signals? If your knowledge is limited to the fact that you go when the signal shows green and stop when it shows red, you can make the problem of traffic control an easier one for your public officials by knowing more about traffic signals.

You can help bring about uniformity of traffic signals by learning to identify the standard traffic signal and then encouraging your officials to use only standard types when they install new signals or replace existing non-standard signals. Wouldn't it be much easier for you to understand the indications given by traffic signals if they were all of the same design in every town and state? In fact, standardization of traffic control signals is considered so desirable and important that the Fifty-ninth Texas Legislature specified that all highway traffic signals installed in Texas after 1947 shall conform to National standards.

The sketch will help you identify the most common type of a standard fixed time (stop and go) signal for suspension over the center of the highway. To be standard each face must have at least three lenses, with red at the top, yellow below the red, and green below the yellow. Additional lenses, showing arrows and walk-wait, may be added at complicated intersections to provide for special movements of traffic. The standard position of the lenses is not only helpful to the color blind who can tell whether to stop or go by the difference in brightness of the lenses when they cannot distinguish colors.

The yellow signal, which follows green only, plays a very important part. It warns traffic in motion that the signal indication will change; it provides a clearance time for traffic already in the intersection and for traffic approaching so closely that to stop would be hazardous; and it permits operation of yellow as a flashing caution signal when the signal is not being operated as a stop and go signal.

There are a large number of traffic signals in use today that were installed before the present standards were adopted, and they do not conform to present standards. Unfortunately there are some local units of government who still buy non-standard signals without the yellow lenses. Some of these two section signals show both red and green at the time they are changing color, which is not only confusing but also hazardous.

You can also help with the problem of traffic control by understanding the functions of traffic signals and their limitations.

A well designed and operated traffic signal installed on the basis of factual studies of the number of vehicles and pedestrians, accidents, speeds, delays and physical conditions of the location can render invaluable service in the smooth and safe flow of traffic. On the other hand, an unjustified, ill designed, ineffectively placed, improperly operated, poorly maintained signal is not only a waste of public funds, but causes unnecessary delays to traffic, disobedience of signal indications, use of alternate routes, and often, an increase in accidents.

After years of study and experience, National authorities have set out the conditions that will justify the installation of a traffic signal. Unfortunately, too many traffic signals have been installed on the basis of opinion rather than facts, and upon the mistaken idea that they are a cure-all for all traffic problems. The result has been a hindrance to traffic rather than a help. How many times have you, as a law abiding citizen been forced to stop at some insignificant cross street and wait for a signal to change to green when there was not a car or pedestrian in sight? Did this unnecessary delay improve your disposition and your respect for a traffic signal? Another common fallacy is that a single stop and go signal can control speed, and this belief has resulted

ed in a number of unjustified signals. The signal may slow down the speed demon or even stop him while the signal is red, but while the signal is showing green, it only offers a challenge for this speed demon to go faster to get by it before it does turn red. Traffic signals cannot write tickets for traffic violations—you still need traffic officers to enforce traffic rules and regulations.

Remember these things about traffic signals and do your part in the problem of traffic control by insisting that your local officials install only standard signals in the future and that they be installed only after a factual study has been made by a competent engineer to determine whether or not they will be a help or a hindrance to traffic.

Mr. and Mrs. Carl Jones and Miss Beatrice Weinert have returned to their home in Houston after a two weeks vacation in Weibert visiting their brother, Preston Weinert and family.

Choose Heat To Match Serving Needs

When the homemaker purchases heart the number she will be serving is an important point. According to Reba Staggs, meat expert, lamb hearts are excellent for individual servings. Veal and pork hearts will serve one or two. A beef heart is large enough for 10 or 12 servings.

In cooking all types of heart it is long slow simmering that brings out the fine flavor. This variety meat should be cooked in moist heat as by braising in liquid. Heart, cooked whole, cut in half, across the grain, cut in pieces, or ground.

If cooking in liquid, use one teaspoon salt for each pound of heart. Simmer until tender, 3 to 4 hours for beef heart, 3 1/2 to 4 hours for veal heart. One interesting variation is a stuffed beef heart. An apricot or prune opening is ideal. When stuffing the heart slowly braised.

"How Much Would You Collect If You Had A Fire Tomorrow?"

If your house burned down tomorrow, how much fire insurance could you collect? That is the title of a magazine article which the Greater Miami Insurance Board called "the best article recently published on fire insurance." It appeared in the June 1950, issue of "Today's Woman," a Fawcett publication.
The authors, Norman and Amelia Lobsenz, learned about fire and fire insurance when their home burned. The time to make certain your home is adequately protected by fire insurance is before the fire, they point out, not after a blaze.
In addition to the commonly recognized risk of damage by fire, "modern life has introduced scores of new risks," they state. For this reason, they suggest that home owners make certain they have an extended coverage endorsement on their fire insurance policies which protects them against many additional hazards.
"The best person to help you choose proper fire protection is an insurance agent or broker," the article says, and mentions how useful a good local agent is in keeping the home owner posted on the insurance coverage he should have. The agent will also be able to advise the home owner exactly what to do in case of a fire or some other misfortune, the article said.
"The first thing a good agent will talk to you about is the kind of policy and the types of protection you want or need. The basic fire insurance policy, of itself, covers only direct monetary losses from fire or water damage occurring as a result of fire," the article points out.
"This policy costs on the average less than \$1 per 100 of insurance for three years—the usual length of time a fire policy runs. The premium rate depends on the construction of the property involved, its location and the type of fire protection it has.
"Fire insurance companies have added to the basic policy an extended-coverage rider. This protects you against property damage from windstorm, cyclone, tornado, hurricane, hail, aircraft

VISITORS IN LARNED HOME
G. M. Larned of Duncan, Ariz., visited in the home of his parents, Mr. and Mrs. Forver Larned over the week-end. He left Sunday for Roswell, N. M., accompanied by his sons, David, Donald and Ronald who will make their home with their grandmother, Mrs. M. E. Lewis, for the present time.

Government Approved Storage For Grain Sorghums

With a bumper Milo crop in prospect, it will be profitable for you to store your grain in our modern new warehouse. No unnecessary red tape or delay.

YOU CAN DELIVER YOUR MAIZE AND GET YOUR MONEY THE SAME DAY

You get 100% Support Price on any quantity and your grain remains in our local warehouse, where it can be delivered to you immediately if you find it advantageous, to sell if the market advances above the support price. You get your money out of your crop now, and still can take your profit if the price goes up. We take White Maize and Higiari for Government Storage.

Bonded Government Approved Storage For Your Milo

All farmers should take advantage of the Government sponsored grain storage program for this years bumper crop. It is a program where the farmer cannot lose.

Any farmer can bring his grain to us, store it in our Government Bonded Warehouse and immediately receive a price that will net him more money than the market price in this area is bringing today.

In addition, if the price goes higher at a later date and is above the Government support price the farmer gets the advantage of this rise in price and can sell his grain at any time he desires on or before March 31, 1951. However, if the price of grain goes down the farmer will lose nothing.

In other words this is a very wise investment for all farmers who desire to store their grain and he has everything to gain and nothing whatsoever to lose.

We have available storage for 100 cars of Milo.

Due to the bumper crop now being harvested, and limited capacity in this area, it will be to your advantage to see us now to reserve guaranteed storage space.

If you do not desire to store your grain, we will pay you top market prices on all grains.

State Certified Scales guarantee you accurate weights.

Thinking of the Long Pull?

Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and through — a husky that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflow Drive* if you like—and Dynaflow means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

*Standard on ROADMASTER, optional at extra cost on SUPRA and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflow, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

Free in HENRY J. TAYLOR, ABC Network, every Monday evening.

YOUR KEY TO GREATER VALUE

Phone your Buick Dealer for a demonstration Buick Special!

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Marine Reservists Should Comply With Regulations

Failure to comply with the regulations concerning deferment of Volunteer Marine Corps Reservists being called to extend active duty may result in the Reservist being denied such deferment or the possible loss of tuition fees in the case of certain college students.

Major Claude G. Rollen, director of the Eighth Marine Corp Reserve District stated that instructions regarding deferment of Volunteer (inactive) Marine Reservists have not been complied with in many cases.

"This is particularly true," he said, "in the case of college students. It should be understood that all students whether high school or college, are not exempt from call to active duty merely because they are enrolled at the present term."

The regulations state that only those students who have one semester or less to complete for their college degree or high school diploma may be deferred for the period of time necessary to complete their school work, not in excess of six months in any case.

Students who have successfully completed undergraduate work and are pursuing education in a field of scientific research, medicine, or dentistry may be deferred upon request.

All reservists who apply for deferment for scholastic reasons should obtain statements for their school principals, deans, or registrars, which includes a history of their scholastic record and present standing, and the time necessary for completion of their present course of instruction.

INDIANS —

(Continued From First Page)

Spur by a score of 19 to 6. Both years that the Bulldogs were defeated, they had their spirits high and expected win over the underdog, Haskell. But this season the tide has turned and Spur is the underdog. What is your prediction?

Co-captains for the Indians will be Royce Mullins and James Fowler.

Indian managers are Kirby White, Thomas Holland, and Vernay Lusk. Coaches are Jack Rotten, Texas Wesleyan, Royce Smith, McMurry, and Ray Overton, Jr., Texas A. & M.

Spur coaches are Sam Hawks, Texas A. & M., and Billy Hawn, West Texas State.

Officials of the game are E. E. Powell, referee; Ike Jayumipire; Tony Grubbs, field judge; and Rainey Owen, head linesman.

Bulldog Probable Starting Lineup

Pos.	Name	No.	Wt.

RH	Simmons	27	150

Farmers should be making plans now to plant at least a part of their cultivated land to a winter legume. Soil building crops, when materially increased the yields of followed by cotton or corn, have these two crops and better yields mean more income.

Mr. and Mrs. A. L. Curry and children, Patsy and Gene of Dallas visited Mrs. M. B. Watson, mother of Mrs. Curry, over the week-end.

Campus Slicker Meets His Match

CHICAGO—Bob Kucera of Knox College and Jo-Ann Ring of the University of Illinois find they have something in common at the Campus Fair, the back-to-school shop at Marshall Field & Company. Both Bob, who is a member of Field's Store for Men's college board, and Jo-Ann, on the women's college board, prove that this will be a great year for plaid on campus. Colletes from coast to coast, these college experts at Field's predict, will be having a Highland fling with tartans, plaids, kilts, weskits and what-have-you!

West Texas C of C Names Two Area Men To Committees

Two Haskell area men were named on two of the four important committees of the West Texas Chamber of Commerce by President J. M. Willson, Sr. of Floydada.

John A. Couch of this city was placed on the committee of nominations for 1951 along with Roy Bourland, Pampa, Chairman; J. S. Bridwell, Wichita Falls; Lawrence A. Hagy, Amarillo; and A. M. Muldrow, Brownfield.

Clyde Westfall of Stamford was named to serve on the budget committee of the West Texas Chamber of Commerce for 1951 with Joe Bridwell, Wichita Falls, Chairman; Lawrence Hagy, Amarillo; Jerry Debenport, Odessa; and H. G. Parr, The budget needs of the West Texas Chamber of Commerce for 1951 are tentatively estimated at a minimum of \$100,000 almost double the approximate \$55,000 budget in 1950, according to a report received here this week.

The committees that were named at the West Texas Chamber of Commerce meeting in Abilene this week are to act between September 1 and January 1951 with reference to the present and the future proposed reorganization and revitalization of the West Texas Chamber of Commerce.

Former Haskell Resident Succumbs At Home In Lamesa

Joe W. Smith, age 69, former Haskell resident, died at his home in Lamesa last Thursday.

Mr. Smith came to Haskell County in 1900, a native of Amity, Ark. In 1901 he married the former Alma Powell who lived in Haskell at that time. In 1916 the couple moved to Lamesa where they have resided since leaving Haskell.

Funeral services were held at the First Baptist Church in Lamesa with Rev. Atwood, assisted by Rev. Claud Stovall and Rev. James of Lamesa officiating.

He is survived by his widow and six children, Ollie Smith of Morton, Mike Smith of Corpus Christi, Mrs. Lester Bearden of Austin, Mrs. Lewis Ashley of Colorado City, Mrs. Orville Bearden of Avery and Mrs. John Merritt of Lamesa; three sisters, Mrs. Geo. Thorp of Lamesa; Mrs. Ella Fields of Lubbock, Mrs. Dick Therwanger of Weinert and one brother, Herman Smith of Lancaster, Calif. Also eight grandchildren and two great-grandchildren.

Palbearers were John and G. B. Therwanger, Carmel Fields, John Charles Smith, O. T. Thorp, Carl Smith, J. D. Smith and Woodie Smith, all nephews of Mr. Smith.

Receives Letter From Son On Korean Front

A. H. Carrigan received a letter this week from his son, Pvt. Herschel W. Carrigan, who is stationed in Korea.

According to Pvt. Carrigan's letter, American forces are firing on the enemy day and night. He said they had been on the front lines for the past two nights and nearly all of every day. He reported that every two or three days they got to sleep six or seven hours.

Pvt. Carrigan said that dead North Koreans were all around them, lying in the rice patties. The smell of the dead bodies was something that was about three times as bad as a dead cow, he said.

He reported that he killed his first North Korean the other day and has got eight since then. He said, "I don't like to do it, but its got to be done."

Pvt. Carrigan has lived in Haskell county most of his life and is now stationed somewhere on the Korean battle front.

Mrs. R. J. Paxton visited relatives in Austin last week.

"Beat Spur" Hatbands Go On Sale Today

Hatbands for all the Haskell Indian football games were printed at The Free Press this week and went on sale this morning at various establishments around the square.

This week the hatbands are backing the coming game and "Beat Spur" is printed on them. The Quarterback Club is sponsoring the sale of the hatbands and are selling them at five cents each. Every Indian enthusiast should wear a hatband to all the games scheduled for this season.

All Quarterback Club members are required to wear the hatbands beginning Thursday morning before each football game. Any member that does not wear a hatband will be fined twenty-five cents, the price of five hatbands. So get yours NOW!

Visitors in the home of Mrs. W. W. Johnson over the week-end were Mr. and Mrs. W. A. Dillard, Mr. and Mrs. H. M. Roberts and daughters Melba Jo, Bobby Rene, and Nora Frances, all of Plainview, Mr. and Mrs. Jack C. Smith of Odessa, Mary Kay Johnson of Stamford, Carroll and Richard Bolin of Plainview, Mr. and Mrs. T. E. Lusk, and children, Glynn and Jean of Rule.

Good Milo Crop Reported This Year By Buyers

This year's milo crop has been reported as the best in this county for a number of years.

Reports say that the harvest is coming to a climax but was slowed down this week by the heavy rains that fell in this area the first part of the week.

Forty-eight carloads of milo has been shipped from Haskell by rail and forty-five truck loads have been shipped since the harvest began, according to records of Market Poultry & Egg Co. had Clifton Grocery and Grain Co., milo buyers. This is not all the milo harvest in this area for these figures do not include the milo that has been put on the loan.

Draft Age Men Are Given Data On Deferment

Prospective draftees who want scholastic deferment should notify their boards of their enrollment in a standard high school or college.

The school or college then is required to certify such enrollment to the board along with a record of satisfactory grades. If the grades fall below satisfactory, the school is required to so notify the board, which then will suspend the "academic year" deferment and place the registrant among those subject to immediate induction call.

A college student must have completed his first year of work and be in the upper half of his class scholastically to comply with the satisfactory grade requirement.

High school students, upon properly notifying their boards, may continue their school work (if they have passing grades) until they graduate or reach the age of 20, provided they take full courses.

College students, especially those in the fields of physical sciences, engineering, medicine, dentistry, osteopathy and veterinary medicine, likewise may obtain deferment until graduation if they are taking full courses and are at the top half of their class.

If a registrant receives orders to report for induction before enrolling in school, but is enrolled and complies with these requirements before the actual date of reporting for induction he will be given an academic deferment for the school year.

Harrell New Mechanic At Gilmore Implement Company

Alto Harrell has recently been employed at Gilmore Implement Company as an expert tractor mechanic and magneto repairman.

Harrell moved to Haskell with his family from Rising Star. He is a member of the Masonic Lodge.

According to an announcement made this week, Harrell is an expert John Deere mechanic with fourteen years of experience. He specializes in all kinds of magneto repair.

Mr. Harrell began work at Gilmore Implement Company the first of September.
