'Mode' Collins Killed In Truck Crash Early Monday

(Mode) Collins, 67, promoter-stockman of this pioneer resident in the 1900's, was killed instantly re-drawn automobile-truck Monday on the Haskell and Barton highway about 17 miles west of Haskell.

The fatal accident, occurred at 5:50 a. m., was a Chrysler sedan driven by Collins, and a heavily loaded truck owned by A. M. York of Abilene, in which he had a negro A. N. Pegues, were returning from Fort Worth.

Collins, travelling alone in the car, had left Haskell about 10:30 p. m. for a trip to Fort Worth to accompany his daughter, Nancy Collins to a school where she was to enter a mid-term student.

Collins' car apparently struck the left side of the truck, ripping the top of the car, and went out of control and rolled over the top of the car. Mr. Collins was killed from the automobile and believed to have died in severe head injuries.

The occupant of the truck was Mr. York stopped a passenger and summoned an ambulance from Throckmorton. Body Collins was carried to the funeral home in Abilene and later removed to the funeral home in Abilene.

Collins was born in 1884 at Kemp, Texas, the son of Mr. and Mrs. Jim Collins. Collins was an early-day man in Haskell. Coming in 1904, he was engaged in a restaurant and confectionery for several years, and had cattle and farming interests. He married Miss Myrtle (continued on page 1)

White Loses Judges Decision In GG Title Match

Jimmy White, Haskell high school sophomore and amateur Golden Gloves title contender in the high school welterweight division, lost a judges decision Monday night in his championship bout with Max Arrell, Abilene high school entry.

White had advanced to the finals undefeated in four previous contests, having won three bouts at Breckenridge and one in the Abilene Gloves tournament.

Trained by Lon McMillan of this city, former State Golden Gloves lightweight champion, White defeated another Abilene boy, Doug Jarrell, in semi-finals Friday night at Abilene. Another Haskell entry in the novice division, Donald Dickey, also trained by McMillan lost his match Saturday.

Decision against White in Monday night's title bout, drew strong disapproval from fans, who continued loud in their protests against the judges decision until far into the next match.

Softball Plans To Be Talked At Meeting Feb. 15

Softball fans of this section, and especially those who are interested in playing during the coming season are invited to attend a meeting at the Chamber of Commerce office here Thursday evening, Feb. 15 at 8 o'clock.

Officers for the Haskell Softball League will be elected at that time. Walter Gresham, one of the local sponsors, announced. Also plans will be discussed for the organization of as many teams as possible, both girls and mens. Other matters, including preparation of a playing field and a tentative schedule will be discussed Gresham said.

Representatives from all towns and communities in the county are urged to attend the meeting.

PARENTS OF DAUGHTER

Mr. and Mrs. J. L. Toliver, Jr., of this city are the parents of a daughter, Patricia Elaine, born Feb. 7 in the Haskell County Hospital. The little girl weighed seven pounds, nine ounces. Grandparents are Mr. and Mrs. T. F. Davis of Anson and Mr. and Mrs. J. L. Toliver, Sr., of Weinert.

Local PCA Office Moved This Week To New Building

Haskell office of the Stamford Production Credit Association was moved this week to its new \$25,000 office building recently completed at 510 North 1st Street, just west of the Southwestern Associated Telephone Company building.

The modern new building, on which construction was started in early summer of last year, will be headquarters for the Haskell office of the Association, which serves a wide area in the Haskell trade territory. J. V. Hudson is Field Representative of the Haskell office, and R. C. Cobb is office manager and assistant Field Representative. The office here has been operated on a full time basis since 1939.

The new building, 30x55 feet is one of the most attractive business structures in the city, and is fireproof throughout. The front is shell limestone, with plastered tile side and rear walls. Building partitions are of Haydite tile. Interior finishing is in Philippine mahogany wainscoting, with up walls of acoustic tile and a fiber tile ceiling. Floor throughout the building is of asphalt tile in attractive colors.

Interior arrangement of the building includes a lobby and reception room, two offices, work space, large vault and a conference room.

A formal opening of the new building is planned at an early date, as soon as all of the new office furniture which has been ordered is received and placed.

C. G. Burson of this city is president of the Association, which embraces eight counties in this area.

Pvt. Roy M. Harris Now Stationed at Florida Air Base

Pvt. Roy M. Harris, son of Mr. and Mrs. J. B. Harris of Haskell, and who enlisted in the U. S. Air Force January 6, is now stationed at MacDill Air Force Base, Tampa, Fla., according to recent word received by relatives and friends here.

Pvt. Harris will be assigned a permanent station after completion of his 6-weeks basic training at the Florida base.

Southeast Part Of County Gets New Oil Test

Location for another deep oil test in the southeast section of Haskell county was announced this week, with drilling expected to be started at an early date.

The test will be drilled by R. N. Ranger of Houston as his No. 1 W. P. Bickley. It will be located 467 feet from the north and west lines of the southeast quarter of Block 1, ET Survey, Abstract 128. Proposed depth is 5,200 feet with rotary.

North of Haskell, Humble Oil & Refining Co. No. 6 J. D. Brown is to be offset to production 5 miles southwest of Weinert, 1400 feet from the east lines of Section 7, J. Wilson Survey. Projected depth is 5,000 feet with rotary.

Four miles west of Haskell, Eastland Oil Co. No. 1 A. Y. Corley, Section 41, Block 1, H&TC Survey a one mile west extension to production, flowed at the rate of nine and one-half barrels of oil an hour for a 24-hour period the first of the week.

The well is producing from the Strawn sand and pay of the Sojourner Field at 5,280-5,300 feet, after the section had been treated with hydrafrac.

'World Day of Prayer' To Be Observed Here

With the theme, "Perfect Love Casts Out Fear," World Day of Prayer will be observed locally and throughout the world tomorrow - Friday, Feb. 9th.

Plans for the observance were announced by church leaders of Haskell last week, and an invitation extended to all in the community to join in the program.

The meeting for this community will be held at the First Christian Church, and the hour for the service is from 3 to 4 p. m. with the Rev. F. C. Nickerson as the leader.

All women of Haskell and surrounding area are urged to come, and all men of the community have a cordial invitation.

The purpose of World Day of Prayer is to unite Christians in prayer around the world. The offering taken during the service is used for mission work at home and abroad.

Singing Will Be Held Sunday At Bible Baptist

The Haskell county singing convention will meet at the Bible Baptist Church in this city Sunday, Feb. 11, for a program of singing that will begin promptly at 2:30 p. m.

The church, located at the corner of North 2d Street and Avenue C, has comfortable seating arrangements for several hundred people, and everyone is invited to attend and take part in the singing.

House of David Cagers to Play Local All-Stars at High School Gym Feb. 14

The world famous bewhiskered and bearded House of David Basketball team will make its appearance here at the High School Gymnasium when they meet Olin King's Independent All-Stars Wednesday, Feb. 14th in a basketball game that promises to be the outstanding treat of the season.

The game, and the visit of the House of David team to Haskell is sponsored by the local American Legion Post, and proceeds from the game will go to a fund for purchasing new basketball uniforms for the HHS cage squad.

Advance sale of tickets for the game will be limited to the seating capacity of the gym, and will be available during the week-end at Payne and Oates Drug Stores. Game time is 8:45 p. m.

The All-Stars team will be made up of former High School basketball stars of this section, under Olin King as captain.

The fun-loving Davids not only present high class basketball, they also keep the fans in an uproar with their eccentric, comedy actions and clever lines of chatter while the game is in progress. Probably the most famous of their tricks is the hidden ball in which the bearded boys gather in much the same form as a football huddle on the floor and the basketball disappears. Despite their antics, the hirsute cagers play top-notch basketball and seldom are defeated.

Their appearance in Haskell will be their only game to be played in this immediate area, and is expected to attract a large crowd.

RECORD ATTENDANCE INDICATED FOR HHS GRID BANQUET FRIDAY

With advance reservations indicating a record attendance, everything is in readiness for the annual HHS Football Banquet to be held in the High School activity building Friday evening beginning at 7:15.

H. N. "RUSTY" RUSSELL

The affair is sponsored jointly by the Quarterback and Lions Clubs, and will be featured by the appearance of head football coach "Rusty" Russell of Southern Methodist University. He will address the gathering and will also show a film of the SMU-Ohio football game played last season.

Q-B Club president Royce Adkins will preside as master of ceremonies, and the meal will be served buffet style. Program for the evening has been arranged as follows:

Invocation - Dr. R. K. McCall, pastor of the First Presbyterian Church.

Introduction of HHS Indian players - Coach Jack Roten.

Presentation of Q-B Club Trophy to squad's Most Conscientious Player - Royce Adkins.

Introduction of Guest Speaker - Thos. B. Roberson.

Address - Coach H. N. "Rusty" Russell.

Sponsors of the banquet said that a limited number of tickets would remain on sale until noon Friday at Oates and Payne Drug stores and the Haskell National Bank.

Contract Due This Month on New F-M Road in Precinct 4

Early construction of an additional link of approximately 9 miles in Haskell County's system of farm-to-market highways was indicated this week, when the State Highway Department asked for bids on construction of the project.

The new farm highway has been designated for Precinct 4, and will be an eight and three-quarter mile all-weather road connecting State Highway 283 which runs north and south through the west side of the county, with U. S. Highway No. 277. The new all-weather road will intersect U. S. 277 at a point about three and one-half miles south of Haskell on what is known as the old Sayles and Center Point road.

Commissioner David Strickland of Precinct 4 said that all the right-of-way for the road had been secured and approved by the Highway Department.

Supervision of construction on the project, when authorized, will be in the hands of John R. Eidson, Jr., of Hamlin, Resident Engineer for the State Highway Department.

Grandfather of Haskell Man Dies at Gore

B. R. Boyles, retired farmer of Gore and grandfather of Dale Garrett of this city, died Tuesday afternoon at his home in Gore after a long illness.

Funeral service for Mr. Boyles, who was 79 years old, was held at Gore Thursday. He is survived by two sons, Clarence and Clyde Boyles, both of Bixbee, Ariz; four daughters, Mrs. E. S. Vaughn and Mrs. Lester Bowman of Gore, Mrs. Ben Garrett of Olney, and Mrs. Rose Moore of Dallas; and several grandchildren.

House of David Cagers to Play Local All-Stars at High School Gym Feb. 14

The world famous bewhiskered and bearded House of David Basketball team will make its appearance here at the High School Gymnasium when they meet Olin King's Independent All-Stars Wednesday, Feb. 14th in a basketball game that promises to be the outstanding treat of the season.

The game, and the visit of the House of David team to Haskell is sponsored by the local American Legion Post, and proceeds from the game will go to a fund for purchasing new basketball uniforms for the HHS cage squad.

The All-Stars team will be made up of former High School basketball stars of this section, under Olin King as captain.

The fun-loving Davids not only present high class basketball, they also keep the fans in an uproar with their eccentric, comedy actions and clever lines of chatter while the game is in progress. Probably the most famous of their tricks is the hidden ball in which the bearded boys gather in much the same form as a football huddle on the floor and the basketball disappears. Despite their antics, the hirsute cagers play top-notch basketball and seldom are defeated.

Their appearance in Haskell will be their only game to be played in this immediate area, and is expected to attract a large crowd.

Break In Main Tough On Water Dept. Workmen

A break in a 6-inch water main on North Avenue D near the northeast corner of the square kept employees of the city water department working in near-zero weather until after midnight Thursday before emergency repairs could be made.

Residents in some sections of town were without water for several hours, while in other sections the flow was cut to a mere trickle.

The break was caused by an eroded cast iron connection joint in a section of the original water main put in when the system was built more than 40 years ago. Most units of this type have long since been replaced, employees of the water department said.

Repairs to the damaged main were completed Friday, and water service was back to normal in all sections of the city.

County-Wide Chest X-Ray Program Here March 17-24

Rev. M. D. Rexrode New Pastor First Baptist Church

Rev. M. D. Rexrode, for six years associate in the Sunday School department of the Baptist General Convention of Texas, has accepted the pastorate of the First Baptist church in this city.

The new pastor has already preached in the Haskell church for several Sunday services. He resigned his position with the Texas Baptist Sunday School department as of February 1. In Haskell, he succeeds the Rev. Allen O. Webb, who resigned to become pastor of the First Baptist Church, Bay City.

Before going to Dallas, Mr. Rexrode was pastor for four years of Summerfield Baptist church, near Hereford in Deaf Smith county. Prior to that he was pastor at six churches near Gateville in Central Texas and near Littlefield and Muleshoe in the Panhandle.

He is a graduate of both Wayland College, Plainview, and Baylor University, Waco.

While with the Baptist Sunday School department, he served as field representative, directing summer Vacation Bible School and student mission work as well as Sunday School enlargement campaigns all over Texas.

In the summer of 1950, at least 2,739 Vacation Bible Schools were held in Texas Baptist Churches. Mr. Rexrode said these schools enrolled over 207,000 children in Bible courses.

As director of the work of the Invincibles, he has supervised 425 different college students in summer mission activities while he was with the Sunday School department. These students have conducted 1,500 Bible schools.

No successor for Mr. Rexrode has been named at Baptist headquarters.

Moving to Haskell with him this week were Mrs. Rexrode and their four children, Bobby, 14, Betty, 10, Jimmy, 8 and Barbara, 7.

Following the regular mid-week Prayer meeting service Wednesday night, members of the church greeted the new pastor and his family with a reception and gift shower. Arrangements for the program were directed by R. C. Couch, Sr., recently named Chairman of the Board of Deacons, and one of the founders of the church.

REV. M. D. REXRODE

2,540 Poll Tax And Exemptions Issued Here

Poll tax payments in Haskell county for the current year barely topped the 2,500 mark, a final tabulation of poll tax receipts and exemption issued by the office of Assessor-Collector R. A. Coburn shows.

He said Thursday the combined total was 2,524, made up of 2,498 poll tax, 18 exemption certificates and 8 constitutional poll tax receipts issued for the current year.

This total compares with 3,446 issued for 1950, and is the lowest total for the county in many years.

Collector Coburn pointed out that payment of poll tax usually declines "off" years, but he said that the voting strength in the county this year would be the smallest of any year in the past decade.

Raymond Medford Named Assistant County Agent

Raymond R. Medford of this city assumed his duties Monday in the office of the County Agent F. W. Martin as Assistant County Agent in Training, succeeding Byron R. Swain, who received a transfer promotion recently.

Mr. Medford graduated from Texas A&M College in June, 1950, with a major in Animal Husbandry. While at college the courses he was most interested in were Feeds and Feeding, Beef Cattle Production, and Genetics. At graduation he received a commission in the Air Force.

In the summer of 1949 Medford worked as Junior Assistant County Agent in Training here.

He is the son of Mrs. R. L. Medford and is a 1946 graduate of Paint Creek High School.

Soil Conservation Film Shown At Lions Meeting

Members of the Lions Club were given an illustration of the value of soil conservation at their meeting Tuesday when County Agent F. W. Martin presented a motion picture film showing phases of conservation of soil and natural resources on a national scale.

The film depicted the interrelation of National Parks and Forests with soil conservation and preservation and proper use of the country's water, soil, and timber resources. The film attracted considerable comment from club members and visitors.

Guests at the meeting included A. H. Wair of Graham, Dr. David Ballard of Stamford, W. A. Johnson of Lubbock, J. R. Ramsey of Graham, district officer for the State Liquor Control Board, Shelby Johnson and Sheriff R. M. Cousins.

County-Wide Chest X-Ray Program Here March 17-24

The facilities of a mobile Chest X-Ray unit of the State Department of Health will be made available to people of Haskell county during a 7-day period from March 17 through March 24, it was announced following a meeting of interested civic leaders here Tuesday afternoon.

At this meeting, held in the district courtroom, representatives from all towns and communities in the county were told the purpose and some of the benefits resulting from mass chest X-Rays by Chas. H. Hoover of the State Health Department.

He said the service was provided on a county-wide basis without cost as a public service in the interest of community health. Mr. Hoover explained that the local sponsors were asked to provide a suitable building where the unit could be set up, and to encourage all persons over 15 years of age to avail themselves of the opportunity of taking the chest X-Ray as a health check-up.

The X-Ray unit will be brought here is one of six operated by the Health Department. Mr. Hoover explained, and the time required for each individual to take the examination is only 30 seconds. He particularly stressed the benefits resulting from the project in the many counties where the health check has been carried out, in asking that sponsors urge every one to take the X-Ray tests.

At the conclusion of his talk, Hoover outlined the various committees needed in furthering the project, and Mrs. W. P. Trice, County School Nurse, was elected as general chairman of the county-wide program.

Under the schedule planned for Haskell county, the X-Ray unit, in charge of two technicians of the State Health Department, will be in operation in Haskell on Saturday, March 17, and the following Monday and Tuesday, March 19-20. It will be set up in the Cahill Building, across the street from the postoffice.

The unit will be moved to Rule March 21, and will be in operation in a convenient downtown building in that city for three days, March 22, 23 and 24.

Mrs. Trice said that appointment of all committees would be completed during the next few days, and that additional details of the project would be announced through The Free Press, The Rule Review, Rochester Reporter and all schools of the county.

Issuance of New License Plates Now Underway

More than 100 of the new 1951 license plates have been issued to automobile owners of Haskell county, Tax Collector-Assessor R. A. Coburn reported Wednesday.

The new license tags can be attached when purchased, he explained, and must be on all cars operated after April 1.

Coburn requests owners to bring certificate of title and 1950 registration receipt when applying for the new license plates.

Post Office To Close After 5 P. M. In The Future

Beginning Monday, February 12, windows at the Haskell Post Office will close at 5 p. m. each day, Postmaster Harold Spain announced today. Heretofore, the windows have remained open until 6 p. m. The new closing time will permit operating on a more uniform schedule of working hours, the postmaster explained.

Under the new 5 p. m. closing schedule the last dispatch of mail will be at 7:30 p. m. each day, the postmaster said.

HERE FROM DALLAS

Mr. and Mrs. W. F. McCuistion of Dallas spent the week-end with her brother, F. L. Peavey and Mrs. Peavey.

MARCH OF DIMES TOTALS FOR COUNTY REACHES \$7,112.42

With final report from only one contributor lacking, Geo. W. Burkett, March of Dimes fund chairman for Haskell county, announced this morning that a total of \$7,112.42 had been contributed toward the county's goal of \$8,000 in the annual drive for funds to combat polio.

Burkett and John H. Banks, chairman of the county chapter of the National Polio Foundation, expressed their appreciation for the generous response, and praised volunteer workers as well as donors for the substantial support given in the campaign.

They pointed out that severe winter weather in the closing days of the drive hampered workers in the campaign, and likely resulted in cutting down receipts for the fund in its closing stages.

The Rochester total is not complete, Burkett said today, with

Contributor	Amount
Rule	\$811.50
Rochester	\$404.46
Paint Creek	\$240.55
O'Brien	\$281.74
Cobb	\$74.90
Weinert	\$240.80
Sagerton	\$177.11
Melton	\$181.79
Irby	\$88.25
Haskell	\$5,726.22

HASKELL COUNTY HISTORY
Brief News Taken from Old Copies of The Free Press

20 Years Ago—Feb. 8, 1911

All Haskell dry goods stores have announced that they would close at 8:30 p. m. each Saturday in the future.

Two negroes are in jail, one at Belton and the other at Wichita Falls, in connection with the recent burglary of a farmhouse near Rule.

Judge Lindsey and Sheriff Tom Hudson Anson attended district court here this week, where a murder trial is in progress, transferred here from Jones county. Miss Minadell Davis returned Tuesday from Paso Robles, Calif., where she has been visiting in the homes of her brothers Bert and Terry Davis and famil-

ies. On her return trip, Miss Davis stopped in Arizona for a visit with her sister and brother-in-law, Mr. and Mrs. Scott W. Greene, Jr.

The January report of ginnings shows that 29,159 bales of cotton had been ginned in Haskell county from the 1930 crop.

Mrs. Theron Cahill has returned from Abilene, where she spent the week-end with relatives and friends.

Mr. and Mrs. J. K. Brady and family, Miss Perkins and Miss Maurine Couch of Stamford were guests during the week-end in the home of Mr. and Mrs. John A. Couch.

W. C. Allen of Alpine was here several days this week visiting

The Rule Luncheon Club has registered a protest with the Commissioners Court against the proposed project for repairing and remodeling of the courthouse.

Robbers have been prevalent in Throckmorton county the past week, there having been two burglaries reported at Woodson and one at Lusk.

Deputy Sheriff L. H. Highnote went to Belton Tuesday to return a negro man being held there who is wanted for questioning in a recent burglary in this county.

40 Years Ago—Feb. 11, 1911

T. J. Sims has moved his grain and feed business to the building formerly occupied by Williams & English.

A good shower fell here Tuesday, followed by a cold spell and light freeze, the first since early in January. Grass is getting green and the winter has been unusually pleasant.

L. U. Jones, who has been in Corpus Christi for several months has returned home.

G. W. Hunnicut of Rule who was in town Monday. He is working one of Judge Foster's farms, and says he has 250 acres of land prepared for the coming season.

Mrs. T. J. Watson of Rule was in the home of her son-in-law, J. E. Walling and family Sunday and Monday. She says that Haskell is the prettiest town that she ever saw.

Will Bland of the Sayles community was in town Monday wanting to hire men and teams to break sod at \$2.00 per acre. He has quite a bit of new land that he wants to put under the plow this year.

Texas now ranks first among the states in cotton produced and fourth in the quantity of corn produced.

Mrs. Gray Jenkins of Buffalo Gap is visiting her parents, Mr. and Mrs. T. J. Lemmon, Sr. and other relatives here this week.

Date Anderson has returned from a business trip to Oklahoma. The Civic Club held its regular business meeting Feb. 4th in the home of Mrs. Gordon McGuire.

Mrs. H. C. Hoard, who has been visiting relatives in this city, has returned to her home at Davis, Okla.

County Judge A. J. Smith has announced that all parties holding a Road Overseer's commission, must make their annual return to the Commissioner's Court not later than Feb. 15.

50 Years Ago—Feb. 16, 1911

Parties at Moran have requested The Free Press to publish the fact that the money lost between Moran and Cisco the week before Christmas by a man who said he was moving to Haskell county has been found and that owner can recover same. Call at this office for further information.

Dave Garren was in town Thursday for the first time since his recovery from a spell of fever he is off a good many pounds but lacks a whole lot of being a shadow.

Abel Jones turned in a year's subscription rations the other day, for which he has our thanks.

Jud Jones left Wednesday for Oklahoma, where he has a land claim to look after.

R. Y. Cox of Hico, who recently purchased of D. Jameson 5600 acres of the Red River county school land in the northwest part of the county, this week closed another deal with Mr. Jameson for something over nine thousand acres of the Wise county land in the same section of the county for a cash consideration of \$35,000.

A. P. McLemore is in the cattle business with a vengeance. On last Saturday a three year old heifer belonging to him presented him with three white face calves, two heifers and a male. One of the animals died within a short time, but the other two are doing fine.

The rain, sleet and snow of Saturday, Sunday and Monday was a little disagreeable while it lasted but the moisture it put in the ground was badly needed and makes the outlook for West Texas look OK again.

L. W. Roberts has sold his residence in the northeast part of town to Messrs. Thomason.

Announcement
New DODGE "Job-Rated" Trucks

The trucks that do the most for you!

MORE POWERFUL THAN EVER
Dodge now offers you the most powerful "Job-Rated" trucks in Dodge history!
Eight engines—94 to 154 horsepower—with power increases as high as 20%!
You get the right power for your job . . . in the finest performing trucks that ever carried the Dodge name! Yet these new Dodge "Job-Rated" Trucks are priced with the lowest!

NEW! Smarter styling!
New beauty combined with massive, rugged appearance. New hood line for better road visibility. Roomy new cab interiors in contrasting colors — new comfort with redesigned seats.

NEW! Easier handling!
Shorter turning diameters than ever before—for even greater maneuverability! New steering wheel angle for greater driving comfort. New worm-and-roller steering gears make for easier steering—

NEW! Extra-quiet brakes!
Another Dodge engineering first! New, molded, tapered Cyclebond brake linings contact brake drums with smoother, more even action—practically eliminating brake squeal. Less tendency of brakes to "grab"—and lining life is greatly increased. Standard on trucks 1½-ton and up, except air brake models.

NEW! Smoother ride!
Dodge now offers you the most powerful "Job-Rated" trucks in Dodge history!
Eight engines—94 to 154 horsepower—with power increases as high as 20%!
You get the right power for your job . . . in the finest performing trucks that ever carried the Dodge name! Yet these new Dodge "Job-Rated" Trucks are priced with the lowest!

More than 50 brand-new features including . . .
NEW! SMOOTHER RIDE with new, "Oriflow" shock absorbers; standard on ½, ¾, and 1-ton models.
NEW! EASIER LOADING with lower ground-to-floor height on all models through 2 tons.
NEW! EASIER BAD-WEATHER STARTING with new moisture-proof ignition and high-torque starting motor.
NEW! MORE ECONOMICAL PERFORMANCE with higher compression ratio—on all models through 1 ton.
NEW! EASIER-TO-READ INSTRUMENTS—now grouped in a cluster placed in front of the driver.
NEW! TWIN CARBURETOR AND EXHAUST SYSTEM—more power with economy—available on high-tonnage models.
NEW! SMOOTHER ENGINE IDLING with "bomber" spark plugs; on all models through 1-ton.
ANOTHER DODGE EXCLUSIVE! 90° Fluid Drive now available on ½, ¾, and 1-ton models.

Soil District Making Tests of Forage Value of Range Grasses

Grass clipping work has recently been completed by Marion Evert, Range Conservationist, Soil Conservation Service to show the difference between grasses in the amount of forage they will produce on an acre of range land. This is the third year this work has been going on in the Wichita-Brazos Soil Conservation District. The past three years have been above average years for the production of grass, but on a comparative basis the study reflects a true comparison of the grasses involved.

An area of grassland is used on which all of the grasses are growing. The following grasses were used for upland range: Buffalo grass, Blue grama and Side oats grama. The following figures were obtained this year for an acre of range: Buffalo grass 2117 pounds, Blue grama 3932 pounds, and Side oats grama 5444 pounds. It can be seen from this study that Blue grama and Side oats grama outproduced Buffalo by 186 per cent and 257 per cent respectively. Properly managed pastures in the district are composed of approximately the following percentages: Side oats grama 10 per cent, Blue grama 80 per cent, and Buffalo grass 10 per cent. This means that an acre of this range this year produced 3900 pounds of forage.

About 85 per cent of the upland range in the district has been over grazed for many years and are now composed of either 100 per cent Buffalo grass or have been invaded to a large extent by Tobosa grass. Tobosa grass is not eaten by livestock during the growing season except a small amount in the early spring. A complete cover of Buffalo grass then would represent a loss of 1783 pounds of grass per acre. According to the grazing of livestock on the range they prefer Side oats grama first, Blue grama second and Buffalo grass last.

The best way to right this condition is to defer the grazing of these abused ranges during the seed producing season of Side oats grama and Blue grama. Also seeding of these grasses should be done in pastures where no grasses exist. The season of deferment is May 1 to August 1 for this area.

Mahon Proposes Grain Sorghum Loan Extension

In an effort to help growers take advantage of current price advances on grain sorghums, Congressman George Mahon last week urged the government to extend the maturity date of its grain sorghum loans from March 31 to May 31.

Elmer F. Kruse, manager of the Credit Commodity Corporation, promised to give serious consideration to the request. Mahon has also asked for a conference with Secretary of Agriculture Brannan.

Unless the maturity date is extended, growers will be forced to sell their grain within the next 60 days. This would bring the price down, Mahon believes.

"Because of the huge amount of grain now in loan as the result of a bumper crop in West Texas," Mahon explained, "it is evident it cannot be sold or disposed of by farmers in the market in an orderly or profitable way. Dumping the grain on the market when transportation facilities are not adequate would precipitate a sag in the price of grain and loss to the farmers."

By extending the maturity date two months, Mahon said farmers and grain handlers would have time to dispose of the crop in an orderly fashion.

When making the request, however, CCC officials advised Mahon that the elevators where the sorghum is stored will soon be needed for wheat.

Rule Inductee Learns About Army Life

A Rule youth who recently entered the armed forces is rapidly learning the basic rudiments of Army life—the shots, restrictions, and drills—which will recall for many veterans the experiences of their first days in the Army.

The young soldier is Shelton Lusk, son of Mr. and Mrs. E. B. Lusk of Rule, who entered the service Jan. 4, and is now stationed at Camp Carson, Colorado Springs, Colo. In a recent letter to his parents he wrote:

"Dear Folks: This is a beautiful place, right at the foot of Pike's Peak. They gave me a typhoid vaccination shot tonight. You never saw such a mob as there was at the hospital, crowding, pushing, and talking.

"We learned about First Aid today, and about the carbine, which is a small rifle.

"There was a guy AWOL today in my Company and our captain gave everyone a seven-day restriction. Then we received three medals for having the best and cleanest barracks, mess hall, and all of our clothes were in order. So we were the best Company in Camp Carson.

"Captain Warner said he had never known a Company to get all three of the medals before so he lifted the seven-day restriction and said he would like to congratulate each of us personally."

Fire caused damage of only 1-100th of one percent to the Navy's \$15 billion shore properties during fiscal year 1950—a 10-year low figure.

CONTRACTOR'S NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 8.740 miles of Grading, Structures Base and Surface from State 283 to U. S. 277 on Highway No. FM 1225, covered by R1359-1-1, in Haskell County, will be received at the Highway Department, Austin, until 9:00 a. m., Feb. 21, 1951, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposals the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of John R. Eldson, Jr., Resident Engineer Hamilton, Texas, and Texas Highway Department, Austin. Usual rights reserved.

**The More He BREAKS
The More He MAKES**

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.*

Our highways should be SAFE for ALL the people—individuals, commercial users, and the military alike.

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in overloading.

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users—individual and commercial—can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

**THE MORE PAVEMENT HE BREAKS,
THE MORE PROFIT HE MAKES.**

Arma Creek Soil District Produces 59,900 Pounds of Seed for Cover Crops During Past Year

Report of the California Conservation District, county and includes several neighboring counties that the district has a list of achievements for 1950. In making our report for this year we will try to outline the activities that we as supervisors have tried to accomplish and sponsor this year. We had 15 meetings with an average of four supervisors attending each meeting. We think that this shows that we are vitally interested in the

conservation of the soil and water of this district. One of the supervisors made a trip to the Dublin awards banquet which is sponsored by the Fort Worth Press. This district placed 2nd in the Region with a cash award of \$200.00. We bought clover, alfalfa and grass seed for resale to district cooperators at no profit to the district. Mr. Blackstock, a photographer has loaned us a camera at various times to make pictures of the excellent cover crops and other work that has been done by cooperators. These pictures have been shown at meetings for farmers and business men. We think this is one of the best ways to get more soil conservation on the ground. Our district in cooperation with an adjoining district, held a very successful supper for businessmen of the districts in order to give them a better understanding of district work and to show them what part they could play.

Get a Lift!
Get easy starting!
Get Winter-Blended
Phillips 66 Gasoline!

We had three supervisor elections this year. One was to fill the vacancy created when R. H. Rife moved out of the district. J. C. Allison was elected to replace Mr. Rife. In the regular yearly election E. W. Carlson, who had served as supervisor in his respective subdivision since the organization of the district, approximately 10 years, was succeeded by Hiram Olson. J. C. Allison who had been elected supervisor earlier in the year presented his resignation to the board as of November and his place was filled by B. Kupatt.

We are proud to be one of the sponsors of the publication of Abilene Christian College, "Farm Visitor," which devotes much of its space to conservation farming and ranching in this immediate territory. Again Hudson Hardware Co. of Stamford has worked with us in supplying a Dempster stubble bulch tool for demonstrations. With funds that the district has received from State appropriation by means of House Bill No. 97, we have purchased seven, two-row planters for seeding of clovers and grasses; one combination fertilizer-grain drill and one grass seed drill. We have plans of buying four more of the fertilizer drills. With the assistance of the vocational agriculture teachers within the district and Soil Conservation Service we hope to get many depleted acres back to grass and cover crops on the cultivated land with all this equipment. It has been indeed a pleasure to have the vocational agriculture teachers and county agents of the district and others to attend our meetings during the year as we know they can all help in furthering this program which has been entrusted to us to supervise.

There has been a great amount of seed harvested in the district this year which will be used in seeding of more cover crops and range land. The following are the kind and amounts of seed harvested: 2,800 pounds of King Ranch bluestem; 50,000 pounds of Guar; 5,000 pounds of Chinese Red Peas; 300 pounds of Madrid Clover and 2,000 pounds of Hairy Vetch.

Miss May Bell Taylor of this city, Baptist Missionary to Brazil who returned home in December, 1949, on a year's leave of absence to visit her parents and other relatives, left Tuesday to return to her mission duties at Recife, Pernambuco, Brazil.

Miss May Bell Taylor Returning This Week to Resume Mission Work in Brazil

Miss Taylor was to go by plane from Fort Worth by way of Atlanta, Ga., to Miami, Fla., and from there by overseas airways to Recife where she will arrive the later part of this week. Miss Taylor has spent 12 years in mission work in Brazil, and has been stationed at Recife, on the eastern coast of Brazil for most of this time. She is now president of the Baptist Girls School maintained at Recife by the Southern Baptist Convention. The 37-year-old institution offers foreign students a 2-year college course in religion and related subjects including home economics, teaching, nursing, etc. The school has an annual enrollment of 60 students. The term begins in March of each year and continues through November. Graduates of the school number more than 500, and many of the graduates are teachers, school directors, nurses, or leaders in other professional fields, Miss Taylor explained. Others are continuing in the field of religion, holding important posts on the Brazilian Baptist Home Mission Board, and some graduates are serving on Baptist Mission Boards in Bolivia and Portugal in spreading the work of the Baptist Mis-

sions to other countries in South America.

Before leaving this week to resume her mission work, Miss Taylor expressed her sincere thanks to her many friends who have been so very kind and thoughtful during her year's stay in Haskell.

Miss Taylor is the daughter of Dr. L. F. Taylor, prominent Haskell physician and long-time resident here.

Joe Kelley Now Associated With Brown & Percy

Joe Kelley, well-known garage operator and automobile mechanic of this city, is now associated with Brown & Percy Motor Company as salesman, and has disposed of his automobile repair establishment. Mr. Kelley came to Haskell to engage in business shortly after his discharge from the service following the close of World War II. He has had many years experience in all phases of the automotive business and is thoroughly familiar with all makes of cars and trucks.

Gulf Announces Farm Tractor Guide

A new Farm Tractor Guide, with a wealth of valuable ideas for making farm tractors last longer and perform better, has been published by the Gulf Oil Corporation and is ready for free distribution to all who request it. The Guide is of convenient size and contains 76 pages. It is profusely illustrated and written in easily understandable language for more efficient and comprehensive use.

In addition to the photographs used for illustrative purposes, the Guide also carries complete, every phase of farm tractor lubrication.

Included in the Guide are sections on lubrication and maintenance of tires tubes, and batteries. Of particular interest to all owners of farm tractors right at present is a section containing tips on cold weather operations and storage for winter.

Also incorporated in the Guide is a very informative section entitled "The Trouble Shooting Guide," which gives valuable tips on where to look for trouble in any case of engine failure.

The Guide concludes with a pertinent section on rules for safe tractor operation and the nine general rules for giving temporary first aid in case of farm accidents.

It is sized just right, and the book is punched for hanging in readily accessible places in barns, garages, and sheds.

The new Gulf Farm Tractor Guide may be obtained free of charge by contacting John Kimbrough, local distributor of Gulf Oil Products.

Specialist Advises On Care of Trees And Shrubs

Right now is the height of the season for pruning, watering and fertilizing shrubs and shade trees, says Sadie Hatfield, homestead improvement specialist with the Texas A. & M. College Extension Service. Shrubs that bloom in late summer such as crape myrtle, vitex, flowering willow, salt cedar, oleander, althea, elaeagnus should be pruned now.

Of course there are cases where pruning should be done, regardless of the time of year. Miss Hatfield says that dead or badly diseased limbs should be cut off and burned as soon as they are discovered. Sometimes hail storms injure plants or large animals, such as cows, will run over shrubs and damage them. To promote well-shaped growth, these injured branches should be cut off.

Limbs that chafe or rub across each other should be removed, as well as those which tend to sprawl out awkwardly regardless of the season. The Florida jasmine, abelia and similar plants can be made to grow compactly if the tender tips of the limbs are pinched out now and then.

Late summer, fall or early winter is not good time to prune. Miss Hatfield warns. The shrubs might start growth which would not have time to harden before the cold weather arrives. Right now is not a good time to prune plants that will bloom in early spring because there is the danger of cutting the flowers off.

ANNOUNCING...THE LOVELIEST AND FINEST NEW CHRYSLERS EVER BUILT!

For 1951, Chrysler has developed for you more basic advances in motor car value than any new car line has offered in years!

Whether you expect to own one this year or not... you owe yourself a turn at the wheel of a new Chrysler for 1951. Here is brilliant new style... and new basic engineering, too, with over 70 new features and improvements. Here is progress in comfort and performance so bold and so new you will feel its impact in America's motor cars for years to come. Since Chrysler first introduced high-compression performance in 1924, it has been Chrysler tradition to bring you the good things first... to strike out in new paths and open new standards of what you can expect in a motor car. Here, for 1951, is one of the great Chrysler cars. See all these exciting new motoring wonders tomorrow at your Chrysler dealer's—America's newest new car is now on display.

Gracious new Beauty, to stay new for years!

Streamlined new lines... rich new interiors... Clearback full-vision rear windows... and remember, your Chrysler's baked-on enamel finish is the all-around toughest, most durable automobile finish known!

New Oriflow Ride, unequalled in smoothness!

On every Chrysler for '51, Chrysler presents the amazing new Oriflow shock absorber... it has over twice the shock-absorbing power of any other shock absorber on any other car!

New FirePower Engine, matchless in Power!

Here is Chrysler's revolutionary new Hemispherical Combustion Chamber... engineering secret of FirePower... heart of the most powerful, most efficient, best-constructed engine ever put in an automobile. 180 horsepower. Will outperform any other engine on the road today, with ease. The only engine design that can give full combustion, full compression, full use and value from every drop of fuel.

New Chrysler-built value throughout your new car!

New Fashions for Spring Shown H-D Club Members

Miss Thelma Wirges gave a very interesting talk and demonstration on "Keeping Up To Date," and she showed pictures on new Spring Fashions to the members of the Center Point H. D. Club which met in the home of Mrs. A. M. Bird Thursday, Feb. 1.

The business session was conducted by the president. Mrs. Travis Smith was appointed to take the First Aid training to be given in Haskell in the near future. Plans for remodeling the club house were discussed.

A delicious refreshment plate of pimento cheese sandwiches, cookies, Chesterfield pie and coffee were served to Mesdames Clyde Bland, Ted Marugg, H. E. Bland and Dana Sue, O. W. Whiteker, Bill Pennington, Tony Patterson, Bill Fouts, Ida Farrell, Bill Wiseman, Dolores and Debby Ann, Miss Wirges and the hostesses Mrs. Bird and Pepper.

Mrs. Bill Pennington will be hostess for the next meeting in her home on Feb. 15.

Dennis Chapel H-D Club Meets With Mrs. Coyt Hix

The Dennis Chapel HD Club met in the home of Mrs. Coyt Hix Friday, Feb. 2 with five members and our agent, Miss Wirges, present.

For the opening song we sang Sweet Hour of Prayer.

Each club member answered with a subject from our year book.

Miss Wirges gave a demonstration on keeping up to date on fashions. This was enjoyed by everyone present.

Our next meeting will be in the home of Mrs. D. I. White. Refreshments were served to Miss Wirges, and Meses, Cecil Hutchison, R. E. Hutchison, Guy Marshall, D. I. White and the hostesses Mrs. Hix.

Attending Ford Tractor Dealers Meeting

James Marlow of Marlow Tractor & Implement Company left today for Dallas where he will attend a meeting of Ford Tractors and Dearborn Farm equipment dealers and dealership personnel, in the Baker Hotel in Dallas.

The meeting will deal with the opportunities for service of the dealers as "Partners in Production" with farmers during the period of national emergency. The meeting is sponsored by the Stewart Company, Texas Distributor of Dallas and San Antonio, and Dearborn Motors Corporation, Birmingham, Mich.

Haskell Nat'l Bank Will Observe Legal Holiday Feb. 12

The Haskell National Bank will observe a legal holiday Monday, February 12th, Cashier W. R. Johnson announced today. The date is the birthday of Abraham Lincoln.

Merchants and all other bank patrons are reminded that the holiday comes during the week-end, and the bank will be closed from noon Saturday, February 10 until Tuesday morning February 13.

Another legal holiday comes on February 22, Washington's birthday.

RETURNS FROM CALIFORNIA

Mrs. C. J. Koonce has returned from a visit with her daughter and family, Mr. and Mrs. T. C. Morrison in Los Angeles.

Distribution of GI Insurance Dividends to Start In April

The Veterans Administration has announced from Washington that it will distribute a \$685,000,000 life insurance dividend this year, starting in April.

The announcement of the dividend's size has long been awaited by World War II Veterans, holders of the 3 million national service policies, who are eligible for checks.

VA said the payments will occur throughout the year on the policy anniversary dates.

The formula for paying the dividend has not yet been completed. The amount of each dividend will vary according to the number of months the policy was in force, the plan of insurance, the face value of the policy, and the age of the holder at the time it became effective.

"Studies on rates still are being made," VA said.

However, the average payment figures out to about \$85, compared with an average of \$175 for the first special dividend, on which VA started payments in January, 1950.

The initial dividends totaled \$2,800,000, about four times the forthcoming payment. However, it applied to more than 18,000,000 policies, twice as many as are involved in this year's melon-splitting.

The initial dividend covered the period from the start of the national service life insurance program, in October, 1940, through the 1948 anniversary dates. The second dividend will be for three years, from 1948 through the 1951 anniversary.

It probably will also be the last

special dividend, VA said. Hereafter, when there is a surplus in the insurance fund, dividends will be paid annually—and automatically. The dividends represent the surplus over amounts needed to pay claims and maintain reserves.

The new dividend applies to policies held in force for at least three months during the period from 1948 to 1951. It applies to so-called term policies and to those converted to permanent plans, including those which have lapsed or were terminated by the death of the policy-holder.

VISITING IN HOME OF PARENTS

Mrs. W. R. Beech of Berne, Switzerland, who has been visiting her son and daughter who are attending college in California, arrived this week for a two weeks visit in the home of her parents, Mr. and Mrs. A. Y. Corley of this city. From Haskell she will go to Boston, Mass., for a visit in the home of a sister and family, Mr. and Mrs. Joe Ray Cotton. From Boston she will return to Switzerland to join her husband, Dr. W. R. Beech, who has been assigned to a church post at Berne since 1926.

G. B. THERWHANGER BUYS MAGNOLIA STATION

G. B. Therwhanger of Weinert has purchased the stock and equipment of the Magnolia Service Station at 301 North First Street, formerly operated by Merle Weaver. Mr. Therwhanger will operate the station under the same policies as in the past, and invites motorists of this section to call and try his service.

SUNDAY VISITORS

Mr. and Mrs. J. W. Chandler of Stamford spent Sunday in the home of her brother, Mr. and A. Y. Corley in this city.

HASKELL VISITORS

Captain and Mrs. James R. Bisbee visited in the home of Grace and Mrs. Myrtle Bisbee of 707 Ave. E. Captain Bisbee has just completed the MOI Course, Medical Field Service School, Fort

Sam Houston, Texas and was en route to Ft. Riley, Kans., where he is assigned to the Mental Hygiene Consultation Service, 10th Infantry Division.

This St. Valentine's Day give her something lovely and lasting... beautiful Reed & Barton sterling... a joy to her forever. Give a much-wanted serving piece, a precious place-setting. Prices shown are per 6-pc. place-setting, and include Fed. tax.

New Chrysler Models Being Shown Here

Advanced styling inside and out, a new 180-horsepower Fire-Power engine and an improved Chrysler Spitfire engine head the list of 73 major improvements incorporated in the new 1951 Chrysler line, now on display at Cox Motor Company in this city.

Major developments in the new line include an Oriflow shock absorber, standard equipment throughout the line; Hydraulic-mechanical power steering; and a Fluid-Torque converter. The 1951 Chrysler is offered in 21 body styles. Length of the car is accentuated by the new front fender line, which extends further back in the front door panel. A distinctive turn signal and parking light combination is found on each model, and the span between the headlights has been increased 3.5 inches, better to outline the width of the car.

Farm Cash Income In Texas Drops During 1949

Farm cash income in Texas totaled \$1,622,553,000 in 1950, sliding 13 per cent from \$1,860,722,000 in 1949, the University of Texas Bureau of Business Research reported.

Farmers in the Black and Grand Prairies had the largest dollar income in 1950 — \$255,280,000. Southern High Plains with \$245,461,900 and Red Plains with \$245,319,545,000 ranked second and third. All crop-reporting districts, except three, reported yearly declines in farm cash income in 1950. Increases were in Edwards Plateau, 22 per cent; Trans-Pecos, 13 per cent; and Coastal Prairies, 3 per cent.

ATTEND FUNERAL OF GLENROSE

Among those from Haskell who attended the funeral of Wilford Bischofhausen in Glenrose last Monday were Mr. and Mrs. Richard Bischofhausen, Mr. and Mrs. Owen Cox and son David, Mr. and Mrs. Roy Cook, Mr. and Mrs. Floyd Cook, Mr. and Mrs. Curtis Cox and Mr. and Mrs. J. B. Kammstler.

Korean War Due to Take Life Of Millionth U. S. Soldier Killed In Country's Wars

A new Unknown Soldier—"GI-X"—will soon fall on a Korean battlefield as the millionth soldier to die in all wars in U. S. history should hostilities continue there with heavy losses, the Association of Casualty and Surety Companies said today.

The death of "GI-X" is expected within the next few months, 176 years after the first Minute Man died in the Battle of Lexington on April 19, 1775. It will precede by only a few months the death of "Victim X," his unknown civilian counterpart, who will be the millionth person to be killed in U. S. traffic accidents since 1900. With traffic deaths also nearing the million mark this year, the Association expects "Victim X" will die next December if stress and highway fatalities continue at the present high rate of 35,000 a year.

"GI-X" may be killed during the spring or even sooner if Korean casualties become heavier, according to the Association. Military deaths in all American wars, including Korea, reached a total of 994,000 near the end of January, it said. At that time the 50 year toll of traffic deaths topped 966,000, or 28,000 fewer than the aggregate of all war deaths to date.

All U. S. wars had cost 986,000 lives when the Korean action started last June, according to Department of Defense reports. During the first six months of the Korean war, 6,200 Americans were reported dead of all causes. Continued heavy U. S. losses since December have edged the total of all war dead closer to the million mark, with 7,303 confirmed deaths reported as of January 12. "GI-X"

Several Farmers In Area Planting Bluestem Grass

The following cooperators of the Wichita-Brazos Soil Conservation District have started planting King Ranch Bluestem grass seed: Claud Reed on the Jamison farm east of Knox City; O. C. Putnam, Floyd Bowman, C. P. Baker and Lloyd Patterson, all east of Weinert. They are using the district grass drill. This land that is being retired to grass is to be used for grazing livestock and is a part of their conservation plan to use their land according to its best capacity. It is anticipated that a rather large acreage of this grass will be planted this spring as better than fifty-five cooperators have spoken for the use of the drills.

Terrace lines have been run on the following cooperators: Roy Lebus Ranch west of Benjamin; M. C. Webb near Jud; John Morris, near Rule; League-Ranch near Benjamin; Barney Arnold west of Knox City, and J. A. Jenkins southeast of Munday. The lines were run by technicians of the Soil Conservation Service assisting the district. The constructing of terraces and the planting of grass by these cooperators is but a part of their coordinated plan to use their land wisely now so that it will be in good shape for future generations.

Draft of 80,000 Men Asked For Month of April

The Defense Department at Washington has asked Selective Service to supply 80,000 men during April for the Army. The April call brings total Army draft requests to 530,000 men since drafting was resumed last fall.

Tests Made of Self-Feeding Mixtures Of Salt and Cottonseed Meal

Although livestock men differ in opinion as to the value of self-feeding a mixture of salt and cottonseed meal to cattle, particularly to breeding animals, the practice is growing in popularity.

The practice is aimed at reducing the amount of labor normally required for feeding supplements to range cattle. Mixing a high percent of salt with protein supplement or grain, limits the amount of feed consumed when the mixture is fed free-choice. The value of this method of feeding depends on whether or not cattle suffer ill effects from a high intake of salt over a long period of time.

An experiment was conducted at the Texas Agricultural Experiment Station, College Station, during the winter of 1949-50 to compare the results of hand-feeding two pounds of cottonseed meal daily with self-feeding a mixture of salt and cottonseed meal.

Thirty-five Angus, Hereford and Shorthorn cows were used in the test. They were divided into two groups as nearly alike as possible with respect to age, breed, weight and expected date of calving. The groups were run during the winter on two 200-acre

Brazos county upland pastures. An abundance of dry winter forage was available, and the groups were alternated every two weeks to reduce the effect of the different pastures.

One group of 18 cows was hand-fed two pounds of cottonseed meal per head daily in feed bunks. The other group of 17 cows was given free access to a mixture ranging from 15 to 35 percent salt and 85 to 65 percent cottonseed meal. Water was obtained from a stream about a quarter of a mile from the feeding location.

In order to limit the daily consumption of cottonseed meal to about two pounds, the beef cattle specialists increased the salt content of the mixture as the cows consumed more feed. As feed consumption dropped off later on the salt content was reduced.

The self-fed group consumed an average of 2.19 pounds of cottonseed meal and .95 pounds of salt per day over the 107-day test period. The hand-fed group received two pounds of cottonseed meal per day over the period.

Since the dry winter forage was low in nutritive content and somewhat unpalatable, the cows did not consume enough to maintain

their weight. The average loss in weight per cow was about the same for both groups, 155 pounds. Thirteen calves were dropped in the self-fed group and 12 in the hand-fed group. The calves from the salt-fed group averaged 162 pounds at 79 days of age, while those from the hand-fed group averaged 164 pounds at 85 days of age.

Five cows of the salt-fed group scoured periodically. One cow started scouring Jan. 16, was too weak to weigh January 27, and died Feb. 6. No scouring was observed in cows of the hand-fed group.

The specialists concluded from this experiment that self-feeding mixtures of salt and cottonseed meal may cause scouring and death losses of breeding cows when the salt intake is one to one and one-half pounds per day and the pasture and water conditions are similar to those existing in this trial.

However, they think that this system of feeding supplements might possibly be practical under ideal conditions of feed and water supply. More experiments with the use of salt-cottonseed meal mixtures are now being conducted.

First Navy aircraft catapulted from a shipboard-type catapult was piloted by Lt. Elyson on Nov. 12, 1912.

Last Chance Enter GI Class Next July

Veterans have until July 25 to apply for educational benefits under Public Law 346, according to a statement by the Southwest School of Printing.

Public Law No. 346 that a veteran who has a bill before the House of Representatives must be on file by July 25, 1951.

There is no time limit on application for educational benefits under Public Law 346, but the deadline for the government education bill is July 25, 1951. The South-west School of Printing is owned and operated by veterans and operating firms of the Southwest. The school is located at 1200 North Main Street, Dallas 11, Texas.

School officers point out that the next class will start before the veterans' date. The school director is A. B. Abel and the address is 1200 North Main Street, Dallas 11, Texas. First landing aboard Naval aviation was made by the USS Pennsylvania in 1911.

Some Items Excepted From Controls In Government's Price Freeze Edict

The new government wage and price order froze all commodities and services at their highest level up to Thursday midnight with the following exceptions:

- Prices for rentals on real property.
- Rates on professional services.
- Prices or rentals for materials (other than waste or scrap) for publication by press associations.
- Feature services, newspapers, books, magazines, and motion pictures.
- Rates charged by newspapers, periodicals, magazines, radio, television, motion picture or other theater enterprises, or outdoor advertising facilities.
- Insurance company rates.
- Rates charged by common carriers or other public utilities.
- Margin requirements on any commodity exchange.
- Sale of stamps, coins, precious stones, paintings, other objects of art and commodities made prior to 1850.
- Sales of used personal or household effects by a private owner.
- Bona fide auction sales of used household or personal effects, except one conducted at, in, by or for a retail or wholesale establishment.

India and Eskimo handcraft objects.

Sale of damaged commodities by persons engaged primarily in such business.

Sales of products a seller makes at his own home, without assistance of hired employees, if total sales are under \$200 a month.

Services on which the Agriculture Department regulates rates under the stockyards and packers act.

Sale of abandoned or confiscated property by government agencies.

Commodities or services already under price control.

Sales of military or strategic commodities to an extent to be specified later in supplementary regulations.

The following agriculture commodities:

- Any raw or unprocessed commodity when sold by the producer.
- Farm-grown products sold by the farmer (at a roadside stand, for instance) if sales do not exceed \$200 a month.
- Raw wool and cotton sold by the producer.
- American-Egyptian cotton.
- All live animals.
- All fresh fruits and vegetables.
- Fresh fish, seafood and game.
- Seeds, including hay, pasture, legume and clover-crop seed and other seeds.
- Crude pine gum.
- Forty-three oil seeds or nuts, including castor, cocoa, olive oil, shark oil, whale oil, cod oil and poppyseed.

Raw wool and cotton sold by the producer.

American-Egyptian cotton.

All live animals.

All fresh fruits and vegetables.

don't give colds an even break

HELPS YOU KEEP WELL. Modern vented appliances are equipped with accurate temperature control. You are never too hot, never cold. You eat better, sleep better, feel better.

NO STUFFY AIR. Fuel burns in sealed chamber which is flue-vented direct to the out-of-doors. Your body has more resistance to colds in the daisy fresh, more even warmth.

REDUCES SWEATING. Dripping windows, tear-streaked walls, clammy floors will be greatly reduced if not eliminated. With flue-vented heating you have fewer redecorating bills.

PAYS FOR ITSELF again and again. The difference in heating costs is less than the cost of the furnace.

DON'T GAMBLE. Old fashioned, turn-it-up, turn-it-down heaters over-heat and under-heat—and even burn. Investment heating is one of things that costs you "cash" each day.

QUICK INSTALLATION. Floor furnaces and other types of flue-vented heating can be installed promptly and economically now. Don't delay. See your Gas Appliance Dealer today.

Automatic floor furnaces, closet furnaces and other flue-vented gas heating equipment are still only **10% down**, with up to **30 months to pay**

News From Sagerton

Bill Stanhope was honored on his birthday Sunday evening, Feb. 7, in the home of Mr. and Mrs. Bill Stanhope. Guests for the occasion were Rev. and Mrs. H. E. Driessner and children, Mr. and Mrs. Oscar Neinst and family, Mr. and Mrs. J. A. Hertel, Mr. and Mrs. Knippling, Mr. and Mrs. August Hahn, Mr. and Mrs. F. A. Siegemöller and Carl Druesedow.

Roland Green and Carnie Spitzer were among those who attend the Fat Stock Show in Ft. Worth from Sagerton last week.

Rev. H. E. Driessner, pastor of the Zion Lutheran Church, attended a pastors' conference in Cisco several days last week.

Work has begun on the parish hall to be erected on the grounds of the Zion Lutheran Church. It is to be constructed of fireproof blocks which were hauled from Abilene Monday by members of the congregation.

Mr. and Mrs. M. N. Sheid of Ft. Worth visited in the R. N. Sheid home Sunday.

Mr. and Mrs. August Angerman and Emil Stremmel visited in Waco last week with Mr. Angerman's parents, Mr. and Mrs. F. W. Angerman and family. They also were present for the wedding of John Angerman and Doris Barton of Waco.

Mr. and Mrs. Charlie Clark of Olney visited with Mr. and Mrs. John Clark last week.

Lois Knippling celebrated her birthday Sunday evening, Feb. 4, with a party for the younger set in this community, in the home of her parents, Mr. and Mrs. A. C. Knippling. Her birthday is on February 5, but she had her party a day early so that she and her family could attend a party given for her cousin, Leon Stegemöller.

Emil Stremmel was honored on his birthday, Feb. 2, in the home of his parents, Mr. and Mrs. Albert Stremmel, when friends and relatives dropped in. Canasta, pinocle and other games were enjoyed by Mr. and Mrs. Melvin Lewis, Mr. and Mrs. Tom Thane and Leland, Mr. and Mrs. Emil Kainer, Mr. and Mrs. August Stremmel, Edwin Stremmel, Mr. and Mrs. Werner Tiechelmann, Mr. and Mrs. Adolph Helm and Lois and Jeanette, Mr. and Mrs. Leo Monse, Geneva, Jack and Doris, Norville Lehmann, Mr. and Mrs. August Angerman, Mr. and Mrs. Albert Stremmel and Hilda and the honoree.

Mrs. Pete Lusk and Mrs. Lon Darden of Stamford went to Abilene Saturday to be at the bedside of their aunt, Mrs. Kate Shaw, who suffered a heart attack. She is 89 years of age.

Rev. C. B. Smith, pastor of the Sagerton Methodist Church, spent this week in Dallas.

Mr. and Mrs. Alec Green of Rule visited the R. N. Sheids here Sunday afternoon.

Henry Schmidt, a layman from the congregation of the Trinity Lutheran Church in Wichita Falls, delivered the message at the St. Paul's Lutheran Church here Sunday morning. He spoke on home missions. Rev. O. K. Oelke, pastor of the St. Paul's Lutheran Church, announced that Lenten services will be held each Wednesday evening beginning at 7:45, starting Wednesday, Feb. 7.

Barbara and Mary Sheid of Stamford were visiting their grandparents, Mr. and Mrs. R. N. Sheid, Sunday. Mrs. Sheid visited in Stamford Monday with Mrs. R. D. Poer.

The men of the Methodist Church are organizing a brotherhood and they will hold their first meeting Thursday evening, Feb. 8, in the school. Every man in the community is invited to at-

tend and to join, no matter if he is not a member of the Methodist Church.

A bridal shower was given in honor of Mrs. Melvin Lehmann, the former Nora Jean Spitzer, in the basement of the St. Paul's Lutheran Church, Wednesday afternoon. Cake topped with pink icing, canapes and coffee were served. Napkins with "Melvin and Norma Jean" printed in gold were featured on the plates. The young couple, who live in Denton, where they attend NTSC, were here last week visiting their parents between semesters. Hostesses for the occasion were Mrs. A. C. Knippling, Mrs. Dahls Knippling, Mrs. Will Siegemöller and Mrs. Delbert LaFevre.

County Council Of H-D Clubs Meets Here

The Haskell County Council of Home Demonstration Clubs met Saturday, Feb. 3, at 2 p. m. in the court room.

Mrs. C. S. Jetton led Follow the Gleam as the opening song. Twenty-seven members and five visitors were present.

Mrs. J. C. Haliburton, council chairman, appointed Mrs. Clyde Bland as chairman of Civil Defense. Each club was asked to appoint a Civil Defense Chairman by next council meeting. Mrs. Haliburton requested that each club have their delegate for the district meeting April 12, at Wellington, Texas present at March Council.

Miss Fern Hodges, District Agent, was present and gave an interesting talk at the close of the meeting.

Mrs. C. B. Callaway served as summarizer for the meeting.

SUNDAY VISITORS

Mr. and Mrs. Ben Bagwell of Stamford visited relatives and friends in Haskell Sunday.

C. W. Bledsoe, Jr., New Proprietor of Warren's Drive In

Warren's Drive In, popular eating establishment in this city, is now under management of C. W. Bledsoe Jr., who has leased the suburban cafe and dining establishment from Mr. and Mrs. Claud Warren and took charge of the business last week.

Mr. Bledsoe, experienced cafe operator, has recently had charge of similar establishments in Lamesa and Midland, and formerly owned and operated a cafe here before entering the Army in World War II. He is the son of Mr. and Mrs. Chas. Bledsoe of this city.

Mr. Bledsoe states that he will operate the Drive In under the same policies maintained by Mr. Warren, and invites people of this section to visit the establishment.

YOU'RE LOOKING AT THE

Newest Car in the World Today

FIREBALL POWERED

New in Style—New in Structure—New in Power—New in Thrift—Potent in Price Appeal—It's the 1951 BUICK SPECIAL!

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick—Buick-featured, Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the thrifty F-263 engine that first made its name in the SUPER, and here delivers 120 horse-

power with standard transmission—128 with Dynaflo Drive.*

It's a Buick with less weight and more power—and that spells a pair of new thrills for you. There's a performance thrill such as you've never enjoyed in the SPECIAL—plus a handsome gas-saving into the bargain.

We'll make a prediction now as to what title folks will give it, once they get it out on the road. That title, in three words, will be: "Thriftest Buick Yet!"

*Standard on ROADMASTER, optional on extra and on other Buicks. Standard equipment, accessories and trim illustrated are subject to change without notice.

Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction—which is:

Once this one's discovered, the demand will be terrific.

No other car provides all this!

Dynaflo Drive • Fireball Power • Torque-Tube Drive • Dual Ventilation • Push-Bar Forefront • Streamline Styling • White-Glow Instruments • 4-Wheel Coil Springing Body by Fisher

WHITE SWAN COFFEE
America's Finest Coffee
"Joe, it's the best operating combine I've ever owned"

Joe, it's the best operating combine I've ever owned"

Right, the Massey-Harris Super 26. Its got 22 different speeds. Its big capacity to cover as much as 50 acres a day. You should buy straw comes out of its 26—just as even as a ribbon. Every machine handles all the cutter-bar cuts. That's what Massey-means when they talk about Balanced Separation. And what a sure, 12 feet. And it's easy on fuel. Traction is wonderful—I've seen wet fields where a pull type combine couldn't go.

Joe, I'm going to town tomorrow. Why don't you go with me and look at the Super 26. It's a honey."

MASSEY-HARRIS SUPER 26
GETS ALL OF YOUR CROP
VESTS FASTER, MORE ECONOMICALLY

WORLD OF POWER

For Your Farm

Whatever your power requirement may be, you'll find there's a farm-tested Massey-Harris tractor to suit your needs. Take your pick of 24 great models... 6 power sizes... Row Crop, Standard, High Arch, or Single Front Wheel tractors... Gasoline, Distillate or Diesel engines—all modern 4-cylinder huskies that make the tough spots disappear.
And disappear they do. You get more power in a Massey-Harris... more down-right heaving ability at the drawbar... more capacity on the belt... more reserve, stamina, dependability. It's the result of high compression in the engine and straightline design in the transmission. High compression gives your Massey-Harris plenty of pep, life, quick response. Straight-line transmission design delivers power directly to the drawbar... straight as an arrow. You get full power on every belt and field operation... smooth, efficient power season after season.
Come in and see the power and economy leaders in the tractor field. Get on one... drive it. You'll decide a Massey-Harris is the working partner you need.

J. M. Collins—

(Continued on page 12)
Baldwin of this city in 1905. They moved to Young county around 1910, and he engaged in business at Olney, where he operated a cafe for a time and later was in the implement business there. He accumulated considerable farm holdings around Olney which he still owned.

In 1945 Mr. Collins purchased a large farm and ranch in the eastern part of the county, and moved his family back to Haskell, where they had lived since that time. He devoted his major time to management of ranching and farming interests here, and was a frequent visitor to Olney to look after his holdings in that section.

He was a member of the First Christian Church was active in Sunday School and church work. He also took an active interest in community affairs, and was a member of the Haskell Lions Club.

Immediate survivors include his wife, of Haskell; two sons, Jack B. Collins of Stockton, Calif., and James Leroy Collins of Big Spring, Texas; his mother, Mrs. J. C. Collins of Scurry, Texas; a brother, G. R. Collins of Round Rock, Texas; a sister, Mrs. A. D. Sanders of Scurry; and a granddaughter, Nancy Collins of Fort Worth.

Funeral services for Mr. Collins were held at the First Christian Church Tuesday at 4 p. m., conducted by the pastor, Rev. Francis C. Nickerson, who was assisted by Rev. F. B. Nickerson of Wink, Texas, and Dr. J. T. McKissick of Abilene.

Interment was in Willow Cemetery under the direction of Holden Funeral Home.

Week-End Liquor Cases Draw Fines Totalling \$400

Fines totalling \$400 and costs were assessed by County Judge Alfred Turnbow over the week-end in three separate cases where the offenders were charged with violation of the liquor laws. A Haskell negro who entered a plea of guilty to a complaint of transporting liquor, filed by the Sheriff's department, was fined \$100 and costs Monday. A similar penalty was assessed a Mexican man who was arrested by members of the Sheriff's department after they had found a quantity of liquor in his possession. Heaviest penalty, a fine of \$200 and costs, was given a Mexican arrested by City Marshal Ollie Kittley of Rule, who seized eight cases of beer found in the Mexican's car.

Guthrie and infant son, Rule; Jimmy Kanner, Rule.

Phillip C. Russ, Resident Here 30 Years, Dies

Phillip C. Russ, 86, resident of Haskell county for 30 years, died at 5:40 a. m. Tuesday in Vernon, where he had been making his home for the past year. A native of Florida, born Jan. 2, 1865, he was the son of Mr. and Mrs. Jacob Russ. He married Miss Arney Kennedy of Eryas, La., who preceded him in death. He moved to Haskell county some 30 years ago from Roscoe, Texas, and had been a member of the Fundamental Baptist Church since 1933.

Survivors include three sons, Thomas A. Russ of Thalia, James M. Russ of Anson, Willie A. Russ of Hico; a daughter, Mrs. C. T. Bogard of Running Water, Texas; nine grandchildren and six great-grandchildren.

Funeral service for Mr. Russ was held at the Fundamental Baptist Church Thursday at 3 p. m., with the pastor, Rev. C. Jones officiating.

Interment was in Willow Cemetery under direction of Holden Funeral Home.

Pallbearers were Olen Bogard, Oscar Bogard, Noble Bogard, Harold Harris, Kenneth Blair and Charles Blair.

Dan Oates Receives Master's Degree From U. of T.

Dan M. Oates of this city, son of Mr. and Mrs. Hill Oates, was among 113 graduate students of the University of Texas who received Master's degrees at the end of the 1950-51 first semester. Mr. Oates is a 1942 graduate of Haskell high school, and attended the University of Texas one year before entering the Army. He served 15 months overseas in Burma and India as a laboratory technician with the 25th Field Hospital unit until 1946. After his discharge from the service he reentered U. of T. and received his B. A. degree from the university in August, 1949.

Pvt. Max O. Ray Now At Base In Newfoundland

Ernest Harmon Air Force Base, Newfoundland—Pvt. Max O. Ray of Haskell, recently arrived in the Northeast Air Command and has been assigned with the Maintenance and Supply Group at this installation according to an announcement by Col. Clayton E. Hughes, Base Commander. Ernest Harmon AF Base, located on the west coast of Newfoundland, is the first major overseas stop for military aircraft flying the North Atlantic to Europe.

Pvt. Ray, son of Mr. and Mrs. Fred H. Ray, Rt. 2, Stephenville, Texas, first joined the USAF in October 1950 and completed his basic indoctrination at Sheppard AF Base, Texas.

Prior to enlisting in the military service, he graduated from the Paint Creek High School and was later employed by the Ray Drilling Co., of his home town.

Barbecue Friday to Celebrate Discovery Well at Old Glory

A barbecue and gathering of people of this section is being planned in celebration of the discovery of the Cities Service Oil Co., et al No. 1 Herman Baitz, oil well two miles east of Old Glory, in Stonewall county. The barbecue will be held Friday, February 11, at 1 p. m. at the Sons of Herman Hall two and a half miles southeast of Old Glory, and one and a half miles northwest of the river bridge, which is two miles beyond Sagerton on the Asperment road.

Warren Edwards On KORC Program for February 10th

Warren Edwards, formerly of this city and son of Haskell Edwards will be presented in a 30 minute program of songs and music over radio station KORC, Mineral Wells, Saturday, Feb. 10 from 3:45 to 4:15 p. m. Now employed at Consolidated in Fort Worth, Warren is featured with the Musical Wanderers, popular orchestra heard frequently over the radio.

'Clean Up' Observed At Courthouse And Hospital

Likely inspired by spring-like weather the first of the week, Tuesday turned up to be "Clean Up Day" around the courthouse and county hospital, with the net result that considerable junk and rubbish was cleared from the two county buildings. County Judge Turnbow "pitched in" and joined Commissioners and other officials and employees in gathering up discarded and broken furniture, worn-out water heaters and other accumulations of junk in the basement and storage rooms in the courthouse and at the hospital.

County trucks and pick-ups hauled away several loads of rubbish, while a quantity of junk was disposed of to a local dealer, as a result of the day's activity.

Cotton Ginnings In County Reach 59,830 Bales

Haskell's cotton production from the 1950 crop was given another boost toward the estimated 60,000 bale mark today with the release of the Government report on cotton ginned in the county prior to Jan. 16, this year. The report released by Virgil A. Brown, special agent for the department of commerce, shows that 59,830 bales had been ginned from the 1950 crop up to Jan. 15—170 bales under the pre-season estimate of 60,000 bales; generally predicted by ginners and cotton buyers. Ginnings from the 1950 crop showed a decline of more than 30,000 bales from the previous year's total of 91,671 bales ginned from the 1949 crop prior to Jan. 16, 1950. All gins in the county have ended operations for the season, but a final report of total ginnings from last year's crop is yet to be made, Mr. Brown said. When these figures are available, yield from the 1950 crop is expected to climb well above the 60,000 bale mark, he said.

Gospel Meeting at Church of Christ To Begin March 5

Announcement was made this week that a Gospel Meeting will be held at the Church of Christ in this city, beginning Monday, March 5th. The meeting will be conducted by Hartsell Johnson, minister of the Church of Christ at Helena, Okla., and the son of Mr. and Mrs. R. I. Johnson of Haskell.

The young minister was born and reared here and is a graduate of Haskell High School. Following his graduation from Abilene Christian College, his first full time ministry was with the Church of Christ at Amarita, Okla., before going to his present assignment at Helena.

Small Building At Indian Field Damaged by Fire

Considerable damage was caused to a small concession building at the High School football field Monday afternoon, when grass being burned around the field fence spread under and through the floor of the small frame structure.

A number of seat cushions stored in the building were damaged, and the floor and interior walls of the building were charred before firemen extinguished the blaze. No damage to other school property.

ATTEND FASHION AND SCHOOL IN DALLAS

"A SUN LOVER"
In two parts by GAY GIBSON Juniors... (A)—Seen together for first time—Sanforized, dyed broadcloth with permanent and washable "Maridot" applique to light the waist and complement the swirling skirt. Pink, aqua, blue, yellow. Sizes 7 - 15.
(B)—in Sanforized, waffle Pique edged in nice lace finish on the inset and pockets. Wear it for dates and to come. You'll love handsome dark taupe navy, brown, green. 7-15.
(C)—Part One—a sweet and proper sundress in Sanforized, vat-dyed broadcloth, demurely edged in white piping, and wonderfully-wide shoulder straps. Part Two—a matching bolero jacket to don when you please, and they live happily together or apart. Navy, brown, green. Sizes 7 - 15.
