### Widow of Former County Official Dies July 25th

Mrs. Elizabeth T. Lee, widow of the late R. E. Lee, a former County Judge of Haskell County, died at 7:10 a. m. Wednesday, July 25 in a Wichita Falls hospital after an illness of several months. She had been a patient in the Wichita Falls hospital since January 17, 1951.

Funeral services were held Friday morning at 11 o'clock in Kinney Funeral Chapel, Stamford, conducted by the Rev. Chas. E. Fike, pastor of the Methodist Church in that city.

Burial was in Willow Cemetery in this city under direction of Kinney Funeral Home. Pallbearers were J. R. McDaniel, Ed May, Jack Dotson, Wilbur Sorrell, E. L. Helmer, Howard Price.

Born August 31, 1870 at Little Rock, Ark. She married R. E. Lee and they lived in Wise County before moving to Haskell County in 1902. Mr. Lee, a prominent farmer and landowner, served as County Judge in the 20's. He preceded his wife in death in 1932.

Mrs. Lee had been a member of the Methodist Church for many years.

She is survived by three sons: H. C. Lee of Albuquerque, N. M., Robert Lee, Jr., of Waco, Harry Lee of Stamford; and one grandchild.

### Pfc. Felix O. Byrd Home From Korean Fighting Front

Pfc. Felix O. Byrd, Jr., returned home last week with a discharge from the Marines after serving about 10 months with the First Marine Division in Korea.

Pfc. Byrd landed in San Diego June 27 and was detained there for three weeks before he could continue his journey home. After leaving San Diego he came to Haskell where he visited with friends and relatives, and then went to Dallas where he will reside with his mother.

The young Marine veteran said he had a discharge from the Marine Corps, but if another national emergency should arise, he would have to return to active duty.

Pfc. Byrd and the unit he was connected with have been in the front lines in Korea since the outbreak of the Korean campaign last year. They were with the group that was trapped by the Red Army last fall.

He is a graduate of Haskell High School and served with the Marines in China before the initial hostilities in Korea began. He was discharged and placed in the reserves and was recalled to active duty in June of last year. He plans to enter NTSC next Fall.

## Mrs. Pearl B. Monke Retires As Weinert Postmaster After 30 Years of Service

Mrs. Pearl B. Monke, postmaster at Weinert since 1921, and long an active leader in civic and community affairs in that city, has retired after completing 30 years of service with the U. S. Postal Service, all in the Weinert office.

Mrs. Claude Reid of Weinert has been named acting postmaster to succeed Mrs. Monke. It was announced.

On the basis of her long service with the post office department, Mrs. Monke became eligible for retirement under Civil Service Regulations early this year, but voluntarily remained on duty until August 1 when a successor was named.

Mrs. Monke, a resident of Weinert since November, 1918, was appointed postmaster of the Weinert office in January, 1921. At that time the office was a fourth class postoffice. During her administration the office has been advanced to third class status, a rating which has been maintained for several years.

In addition to her duties as postmaster, Mrs. Monke has been active in community affairs. She is a charter member of the Weinert Mothers Club, in which she has held numerous offices and

Extension of carrier delivery mail service to residents in the new Lindsey and Pierson Additions in Northwest Haskell was announced this week by Harold Spain, Haskell postmaster.

The extension, for which application has been pending for some time, was approved this week, the postmaster said.

Approximately fifty new homes have been constructed in the two additions during the past year and extension of mail service to that area will give residents of the two additions regular mail delivery service daily. Postmaster Spain said. Both letter and parcel mail will be delivered by mounted carrier, he said.

Patrons desiring mail delivery will be required to install rural type mail boxes at the street curb in front of their homes, the postmaster said. When boxes are installed, patrons are requested to place a slip on the box listing all persons desiring their mail delivered at the address, he added. Delivery will be started immediately after the boxes are in place.

Carrier mail delivery was first instituted in the Haskell office in November, 1947, and since that time has been extended to the point where all sections of the city are covered.

## Mattson Seniors Visit Royal Gorge On Vacation Tour

CANON CITY, COLO. — Eight members of the senior class of Mattson high school spent a thrilling day at Colorado's famed Royal Gorge on their recent tour.

It was a highlight of a trip that included a visit to points of interest in and around Canon City, the Pikes Peak region, Denver and Estes Park.

At the Royal Gorge, the group crossed the world's highest bridge (1,650 feet above the roaring Arkansas river), rode the world's steepest incline railway (100 per cent grade) and dined at the swank Cliff Terrace restaurant.

Sponsors on the tour were Mr. and Mrs. George M. Beard, Mr. and Mrs. Bob Guess. Members of the class of '51 were Pat Howard, Vernell Klose, Alene Weise, Naomi Sparkman, Bennie Arend, J. W. Howard, Wayne Peiser and E. H. Walton.

## Oklahoma Minister Accepts Call To Haskell Church

Jack Cox, minister of the Sayre (Okla.) Church of Christ for the past three and one-half years, has accepted a call to the ministry of the Haskell Church of Christ and will begin his work with the local church the first Sunday in September. He will succeed Minister Joe Burton, who recently moved to Greenville after serving the Haskell church as minister for the past 14 months.

The 27 year old Oklahoma minister is an Air Force veteran of World War II, having served in the South Pacific theatre of operations. He is a graduate of the University of Oklahoma.

Mr. and Mrs. Cox and their 22-month-old daughter, Zonell, plan to move to Haskell sometime during the latter part of this month and will live in the church parsonage at 508 North Avenue E.

## Man Takes to Heels When Sheriff Stops To Check Vehicle

A Stamford man who left his car and "took to the brush" early last Thursday morning when Sheriff Bob Cousins stopped to make a routine check of the car, later reclaimed his automobile minus its cargo of several cases of ale, beer and whiskey.

Owner of the automobile also posted through his attorneys a \$1,000 bond on a complaint filed in County Court charging transporting of liquor in dry territory. The complaint was signed by Sheriff Cousins.

The liquor seizure and subsequent complaint came about when the Haskell officer was driving south on the Haskell-Stamford highway around 5 a. m. Thursday. Noting the parked automobile and three men standing nearby, he stopped after recognizing the car's owner. While the officer was slowing to a stop, the Stamford man raced off afoot across a field and pasture. The other two men disclaimed any knowledge of the car's cargo of liquor, and claimed they had caught a ride with the Stamford man. Sheriff Cousins returned the automobile to Haskell and the vehicle was later claimed by its owner.

In another liquor law violation during the week end, an O'Brien Negro was fined \$100 and costs after he entered a plea in County Court to the sale of two half pints of whiskey Friday night at O'Brien. The arrest was made by City Marshal Bob Loper of Rochester, who also signed the complaint.

## OPS Price Clinic Scheduled Here August 9th

The Fort Worth OPS has announced a price clinic for Haskell County businessmen in the Haskell Chamber of Commerce beginning at 9:00 A. M. Thursday, August 9.

Purpose of the clinic is to assist all local businessmen with their OPS pricing problems, said Ellis H. Boyd, Fort Worth District OPS director.

Boyd also stated that in a recent action the OPS had suspended until further notice the requirement that retail meat dealers post their beef ceiling prices. The action was taken pending final action by Congress on extension of price stabilization legislation.

"OPS previously postponed the posting date to August 1. However, uncertainties as to Congressional action makes it inadvisable for OPS to order the printing of meat price posters at this time," Boyd stated.

The action in no way affects the requirement that all retail prices for beef must be listed on the tray in which the cuts are displayed and that these prices be at, or below the ceiling price, he said.

## Speaker Stresses Need for Faith In Talk to Lions

Dr. James N. Morgan, who is conducting the summer revival now in progress at the First Baptist Church, stressed the need for faith in God in a brief talk to members of the Lions Club at their regular meeting Tuesday at noon in the Texas Cafe.

Topic for Dr. Morgan's talk was "The Game of Life." In order to live a successful life, the speaker pointed out that in addition to enthusiasm, drive and a determination to overcome obstacles, the most important requisite was belief in one's self. Foundation for belief in ourself can have but only one foundation that of faith in God, the speaker declared.

Mack Douglas, song leader for the Baptist revival, entertained the Lions with a voice number "When Big Profundo Sang Low C", with Mrs. F. W. Martin accompanying at the piano.

In addition to the evangelist and singer, other guests at the meeting included Roy Killingsworth of Dallas; Homer Hamman, Lubbock banker, Gerald Pinkston, George Hauser and W. B. Beeson.

## Plans For New Show House In Haskell Talked at Meeting of Theatre Group

An all day meeting of Childrens Theatre Enterprises was held in this city Wednesday, under the direction of L. N. Childers of Dallas and District Manager Bob Fellers of Graham.

Proposed plans were discussed for the construction of the new theatre and office building in Haskell. James L. Winter, city manager of Haskell theatres, said the construction on the new structure would begin immediately after government approval was obtained. It is to be located just north of the Haskell National Bank, in block 24, lot 3 and 4 or this city.

In connection with the meeting, J. B. Felder and G. N. Davis, chief engineers of Altec Sound Service, were engaged to completely overhaul and install needed new units for the sound system at the Texas Theatre. This repair and installation has been completed, and the Texas sound system now meets all standard qualifications of their sound service.

Plans also were discussed for various improvements of the Texas Theatre. A new and larger air conditioning unit is to be installed immediately along with other improvements.

An election has been ordered by the City Council of Haskell, to be held Friday August 17, on a combined \$260,000 Revenue Bond issue to be used for badly needed expansion, improvements and enlargements of the existing city water and sewer systems, and for the retirement of \$60,000 in outstanding revenue bonds of the waterworks and sewer system.

Order for the election, which will be held in the City Hall, appears on page 11 in this issue of The Free Press. The order sets

out in detail the purposes for which the bond proceeds will be used. Interest rate on the bonds is not to exceed 4 per cent, the order specifies. All qualified tax paying voters of Haskell will be eligible to vote in the election.

The election order specifically states that the bonds are to be retired solely from revenue of the waterworks and sewer department, and can never constitute a lien on taxable property.

Voters will ballot on three propositions: (1) for \$60,000 revenue

to retire outstanding bonds, which must be paid off when additional bonds are voted; (2) \$125,000 in revenue bonds for improvements, enlargements, extensions and repairs to the waterworks system; and (3) \$75,000 in revenue bonds for a similar project for the city sewer system.

Basically, the proposed bond issue is for \$200,000 taking into consideration the \$60,000 which will replace existing outstanding revenue bonds not yet matured.

Out of the \$200,000 proposed revenue bond total remaining, only \$100,000 will be used at the present time. City officials explained. The remaining \$100,000 will be held in reserve to meet any future need for expansion of the systems required by growth of the city, they explained.

Facilities of the waterworks and sewer system are taxed to capacity at the present time, due to rapid growth of the city in recent years. Too, many sections of town which have recently been developed by new residential construction are without adequate water, sewer and fire protection facilities. Many requests for extension of the facilities have been made to the city in recent months, they said.

Most pressing need, from the standpoint of community sanitation is for enlargement and improvement of the sewer disposal plant, it was pointed out. The present system, now taxed far above capacity was originally designed for a city of 2,500 population. With the city's growth in recent years, enlargements from time to time have made it possible to exceed the original capacity of the plant to some extent. However, to meet the needs for an estimated population of 4,000 at the present time, it will be necessary to make considerable expansion of plant facilities in order to maintain proper sanitation standards for the community, officials declared.

## Special Services Planned For Closing Days of Baptist Revival

Marked by widespread community interest and marked increase in attendance during the final week, the Summer Revival meeting of the First Baptist Church will close Sunday as one of the most successful held in recent years, members of the congregation said today.

With Dr. James N. Morgan as evangelist and Mack R. Douglas directing the song service, a large number of additions to the church have been reported as a result of the revival. Additions include 12 by baptism, 22 by letter, and 18 by re-dedication. In addition, three people volunteered for special services.

Special services will be emphasized during the remainder of this week and Sunday, the evangelist announced, in which the congregation invites the entire community to join.

Tonight — Thursday — will be Men's Night, and the choir will be composed solely of men at the night preaching service.

Friday night has been designated as "Rexrode Night" honoring the pastor, Rev. M. D. Rexrode. No public announcement has been made of this service, but church members and friends have been working toward an attendance goal that will exceed the all-time high of 1,200 persons at a single service. Signal honors will be paid Rev. Rexrode at this service.

Film Saturday Night Services on the church lawn Saturday night will be centered on the showing of an outstanding sound and color film, "A History of the Portland, Ore. Revival" conducted by Evangelist Billy Graham. The film features a 1,000 voice choir led by Cliff Bowers.

Closing Services For the final revival services Sunday, revival workers have set a goal for 650 in Sunday School and at least 150 in the Training Union.

As a special feature Sunday night, a 27-minute film by Broadman, "Bible on the Table" will be shown at 7:15 p. m., just after the Training Union and preceding the night service which begins at 8 p. m.

An invitation has been extended to everyone in Haskell and vicinity to see the two films Saturday and Sunday night, in addition to attending the closing revival services.

## Three Registrants From County In Next Draft Call

An induction call for six men, including three from Haskell County, has been issued by Local Board No. 77 at Anson, which serves Shackelford, Jones and Haskell Counties. The men are to report August 14, W. A. Holt, Haskell member of the board said.

This is the first induction call received by the board since June 12, when five men from Haskell County were included in a call for twelve inductees. No induction calls were made during July.

Haskell County registrants who will be inducted August 14 are Albert Ervin Hope, M. I. Sager, W. B. Tidrow and L. V. Withers, Jr., of Haskell. Another Haskell County registrant, Eldon Gene Thane of Rt. 3, has volunteered and his enlistment is credited against the county's quota in filling the induction call, board member Holt explained.

Next induction call of the tri-county board will be for four men on Sept. 13th, the Haskell member has advised.

## October Draft Call For 41,000 Men Announced

The Defense Department at Washington issued a call Wednesday for the drafting of 41,000 men in October — 5,000 for the Marine Corps and 36,000 for the Army.

The total is an increase of 6,280 over that previously asked for September, when the Army is to get 28,000 and the Marines, 6,180.

The Marine Corps resorted to the draft in August for the first time since Korea, and October will be the third month of drafting for the Marines.

In the August-October period the Marines expect to draft 18,180 men plus recruits through a continuing volunteer program.

The October call for 41,000 is the highest monthly draft quota since March when 80,000 men were requested, all for the Army. Drafting dropped to a low for the Korean War period in July when only 15,000 men were inducted.

## Two Haskell Scouts Home After Canoe Trip In Canada

Two Haskell youths, who returned last week from a canoeing trip in Canada with a group of 30 Explorer Scouts from towns in this section have been kept busy since their return telling fellow scouts of their experiences on the thrilling outing.

Jerry Wheatley, son of Mr. and Mrs. Carl Wheatley, and John Duncan, son of Mr. and Mrs. Belton Duncan, arrived home late Wednesday after a 17-day trip made by Explorer Scouts to the wilds of Canada.

The party, accompanied by adult leaders, went by bus from Abilene to Ely, Minnesota. At that point they started an 8-day canoe trip which carried them into Canada, where they camped, fished and otherwise enjoyed themselves in primitive surroundings.

In addition to the two Haskell youths, other Explorer Scouts from this immediate area making the trip included Wayne Roberts and Kenney Benson of Winters.

## W. G. Ammons, 82, Dies Here After Long Illness

W. G. Ammons, 82, Haskell resident since 1920, died this morning at 7:40 a'clock after an illness of several months. Mr. Ammons came to Haskell County from Tennessee 31 years ago and had resided here since that time.

Funeral services will be held at East Side Baptist Church Friday at 10 a. m., with former pastor Rev. W. T. Priddy of Fort Worth, officiating. Burial will be in Willow Cemetery under direction of Holden Funeral Home. Grandsons will serve as pallbearers.

Mr. Ammons is survived by his widow; two daughters, Mrs. E. G. Graham, Mrs. T. L. Oliphant; and six sons: Gilbert, Elmer, Carl, Earl, Edwin and W. G. Ammons.

## Public Requested To Observe Visiting Hours of Hospital

As a means of contributing to the comfort and well being of all patients in the Haskell County Hospital, cooperation of the public has been requested in observing the schedule of visiting hours in effect at the hospital, Doyle Eastland, business administrator of the hospital said this week.

Visitors are permitted in the hospital under the following schedule:

Morning—9 a. m. to 10:30 a. m.  
Afternoon—3 p. m. to 4 p. m.  
Evening—6:30 p. m. to 8:30 p. m.

Visiting at times other than the designated hours not only disturbs patients, but interferes with the daily routine of hospital attendants and staff members, it was pointed out. For these reasons, doctors and nurses are urging strict observance of visiting rules.

## Coaches Smith and Overton Attending San Antonio School

Haskell High School coaches Royce Smith and Ray Overton, Jr., are in San Antonio this week attending the Texas High School Coaching School.

The school will last one week and will serve as a brush-up course in football, basketball, track and baseball with football dominating the schedule.

More than 1,000 Texas coaches are expected to attend. Sponsor for the course is the Texas High School Coaches Association.

## Plans For 1951 Conservation Practices Should Be Made Now, PMA Points Out

This summer is a good time to start making plans for the soil and water conservation practices to be carried out in 1951, says John Brock, chairman of the Haskell county PMA committee.

In making the checkup to the chairman has the following suggestions:

Where there are indications that the soil is becoming depleted of organic matter, plans can be made to include a sod crop in rotation. The amount of lime and fertilizer needed for a good growth can be estimated.

On some fields erosion may be starting. The crops to be grown and the conservation practices to be carried out to check soil loss can be worked into the overall program for next year's operation. The effectiveness of conservation practices which are being carried out this year can be checked and plans made to build on the foundation of past and present conservation accomplishments.

Observing pastures and haylands will show up conditions where improvements can be made. Some pastures may need to be plowed up and reseeded to improve varieties of grass legumes. In other instances a stock-water dam may result in better distribution of grazing and result in greater conservation of land, water and forage.

By looking ahead and planning for 1951, Chairman Brock suggests, farmers will be able to make full use of the Agricultural Conservation program. Practices can be selected and adapted to correct the most urgent deficiencies, and plans can be made to use other services available through the Production and Marketing Administration. Information on conservation practices, price support, farm storage, construction loans, and other PMA responsibilities can be obtained at county PMA office at Haskell.

John C. White, state commissioner of agriculture, is to be principal speaker at the annual Northern Star Seed Farms Field Day session September 6 at O'Brien.

The Wichita Falls agriculture executive will talk on "What Quality Cotton Means to Texas." His address will be one of a five-unit program set up by the commercial cottonseed raising farms at O'Brien and Waco.

S. N. Reed, sales manager for the O'Brien farms, will be master of ceremonies for the program starting at 9:30 a. m. W. R. Woodward, Waco general manager, will make the welcome address, and the response will be made by D. R. Brown, Rochester.

Other persons on the program will be George Logan, Abilene, agricultural director of the West Texas Chamber of Commerce; J. S. Mosford, Northern Star Seed Farms breeders; Otto Goedecke of the Goedecke Cotton Co. of Hal lettsville, and the Stamps Ozark Quartet of Wichita Falls, a tradition with the field days at O'Brien.

The afternoon session will include a ginning demonstration and a baseball game.

## Two Cotton Crops Made To Grow In Single Season for Science

The production of two cotton crops in a single season sounds like one of the oddities of nature frequently reported in a strange way as it may seem or believe it or not column. Actually, however, the phenomenon of two cotton crops in one season is a note worthy scientific accomplishment in a program to develop new and improved strains of high quality cottons.

Last fall special test lots of cottonseed were shipped by U. S. plant breeders to the Mexican Agricultural Experiment Station at Iguala, about 125 miles south of Mexico City. Since the iguala cotton season is year-round season which begins in the spring and ends in the fall—the seed were planted at the Mexican station in October and November.

The production of the crop at Iguala was supervised by L. R. Lytton, Bureau of Plant Industry, Soils and Agricultural Engineering, USDA, cotton breeder at the Las Cruces, N. M. field station.

In March and April the cotton grown in Mexico was harvested and shipped back to breeders in the United States for ginning, treating, and re-planting in the spring.

Next fall the U. S. crop will be harvested and the seed shipped back to Mexico where the process will be repeated.

The cotton breeding project is all part of a program to reduce by a third or more the time required for developing new and improved strains.

Through the program it is hoped that certain high quality cotton may be made commercially available three to four years earlier than was anticipated originally. Successful commercial development of these strains is expected to bring cottons with extra strength, luster, and other desirable qualities.

The breeding work also offers hope for improvements in American-Egyptian cottons, and that this country some day may be self-sufficient in the production of these valuable extra long staples.

The cotton program is sponsored jointly by U. S. plant breeders, cotton states agricultural experiment stations, the U. S. Department of Agriculture, and the National Cotton Council.

As a further step in consolidating the soil and water conservation efforts of the U. S. Department of Agriculture, Joe S. Harper, Secretary, Haskell County PMA Committee, says that arrangements have been made for the Soil Conservation Service to be responsible for the technical phases of the permanent type practices of the Agricultural Conservation Program.

This would be for such practices as terracing, constructing dams, laying out contour strips reorganizing the farm irrigation system and a number of similar practices.

The technical services needed will be provided either by SCS personnel or qualified persons under their direction. Harper says he urges farmers of Haskell County who are cooperating in the ACP and who intend to carry out soil and water conservation practices requiring technical assistance early to avoid delay and to give the county PMA committee an opportunity to make the best use of this technical service.

Harper says the SCS responsibility includes checking on the layout, and necessary supervision in construction and determining if the practices have been carried out in accordance with requirements to qualify for assistance under the ACP.

In Haskell County, O. J. Curry of the Soil Conservation Service will be in charge of this phase of the soil and water conservation work of ACP, he said.

Arrangements for this service however, should be made with the county PMA committee, he explained.

*A memo from the U.S.A.*

We Americans don't get mad easy.

But when we do, look out!

We pitch in and turn out guns, tanks, planes and ships faster than anybody on earth.

But nobody boots us into line. No commissars. No bayonets. No slave labor. We just get to work — because we've got something to work for... our liberties and our individual freedoms.

And back of our men and machines is electric power — as much as all the rest of the world has.

It's steady, dependable power — the kind produced only by free men — the kind that helped perform production miracles in World War II. Today, the business-managed electric companies have doubled the supply of electric power available before that war — and they're stepping it up all the time.

Yessir, we have power — with more on the way — and we know how to use it. That's a good thing for everybody to remember right now. And it's a good thing for some people here at home to remember that America's tremendous electric power was developed by the free enterprise system which has made America greater than any other nation.

## Directors of PCA Attend Regional Conference

Directors and manager of the Stamford Production Credit Association attended a regional conference in Fort Worth Monday and Tuesday of directors and managers of the Amarillo, Canadian Valley, Lubbock, Memphis, and Plainview Production Credit Associations. Heading the Stamford PCA group was J. L. Hill, Jr., secretary-treasurer. The Fort Worth meeting was one of a series of seven regional conferences of directors and managers of production credit associations being held over the state this summer.

These conferences are in the nature of a round-table discussion for the exchange of ideas. Subjects discussed at Fort Worth included: Credit for agriculture; the difficulty of making sound loans in inflationary periods; the job of increasing capital and surplus; improving annual stockholders' meetings; and improving employee relationships. C. G. Burson of Haskell, J. F. McCullough of Stamford, J. S. Reeves of Hawley and Lasater Hensley of Paducah were discussion leaders for the Stamford Association.

J. B. Lin, Radio Farm Director of Station KGNC at Amarillo, was guest speaker at the conference Monday afternoon. Prominent on the program were C. H. (Hub) Matthews of Eagle Lake, Texas representative on the National PCA Advisory Committee, and W. J. McAnelly, president of the Federal Intermediate Credit Bank of Houston.

The Stamford Association, like the other 35 in Texas, is entirely farmer-rancher owned and operated. It makes crop and livestock production credit loans in Haskell, Dickens, King, Knox, Kent, Stonewall, Jones and Shackelford Counties. On June 30 the association had 1589 stockholders with capital, surplus, and reserves of \$779,266, and had \$2,750,523 in loans outstanding to 829 farmers and ranchers.

## Defoliation speeds gathering of Cotton When Harvested By Hand or Machine

Chemical defoliation of cotton may be worth the cost and effort regardless of whether the harvest is to be by hand, by picking machines or by mechanical strippers.

Removal of the leaves exposes all bolls to sunlight and air current so they dry rapidly and open quickly. This often allows the cotton to be picked two weeks earlier.

Defoliation may be beneficial in the control of cotton insects—cutting down on leaf worm and aphid infestations, reducing boll weevil populations and permitting early stalk destruction for pink boll worm control.

Apply defoliants when the youngest bolls expected to make cotton are 25 days old," advises F. C. Elliott, cotton specialist for the Texas Extension Service. "Defoliants should be applied ten days or two weeks before the intended picking date."

Use of dust defoliants is recommended only when plants are wet with dew or when adequate dew is forecast. Elliott cautions that the dust must remain in moisture on the leaf for at least two hours. Four or more hours of moist exposure is preferred.

Calcium cyanamide and monosodium cyanamide are two recommended dust defoliants. Calcium cyanamide, sold under the trade name "Aero" Cyanamide, Special Grade, should be applied at the rate of 20 to 40 pounds per acre. Twenty-five to 35 pounds per acre is recommended for monosodium cyanamide which is sold as "Aero Sodium Cyanamide Dust (X-10)."

Spray defoliants may be used in the absence of dew and when the air is extremely dry. However,

ensure that thorough coverage of the cotton plants is essential for good results.

Good defoliation can be obtained with six to eight pounds per acre of spray defoliants sold under the trade names, "Shed-A-Leaf," "Ortho C-1, Liquid Defoliant," "Aero Cynate Weed Killer" and "Dew Defoliant." One to four pounds of "Niagara DF Spray" per acre or 5 to 15 pounds of "Sodium Cyanamide, Soluble Grade (X-3)" may be used.

For ground spraying Elliott recommends dissolving the above rates in 10 to 25 gallons of water, depending on the type of sprayer used and the size of the cotton plants. Thorough coverage of the plants is essential. This means going to the field with enough water. Under most conditions 25 gallons of water per acre will be necessary.

For airplane spraying, dissolve the recommended pounds of material in an equal number of gallons of water.

A new insect known as the sweetclover root borer was discovered last year by researchers at the Denton Agricultural Experiment station. It attacks the commonly grown biennial varieties of sweetclovers. Efforts are now being made to develop control measures. However, none are known at this time.

## WANTED BY FBI

GILBERT GREEN

Gilbert Green, Chairman of District 8 of the Communist Party, Chicago, Illinois, is one of the Communist leaders convicted for violation of the Smith act who are fugitives from justice as a result of the forfeiture of their bonds in the Federal District Court in New York City on July 2, 1951. The FBI has called on alert citizens and law enforcement agencies to assist in locating Green. His description is as follows:

Age, 44, born September 24, 1906, at Chicago, Illinois; height, 5' 6"; weight, 150 pounds; eyes, hazel; hair, black, curly, high forehead; complexion, dark; build, medium; race, white; nationality, American.

Green is a quiet, convincing speaker and is not given to outbursts of emotion except on rare occasions. His appearance is neat and he frequently wears brown suits and flashy ties. He likes to chew gum and smoke cigarettes occasionally. He has been known to drive a 1950 four-door Chevrolet sedan. He also travels by air. In the past he has worked as a writer, lecturer, electrician and machine shop worker.

Any person having information which may assist in the location of Gilbert Green is requested to immediately notify the nearest FBI office. The phone number will appear on the first page of the telephone directory.

GUS HALL

The FBI has requested the assistance of alert citizens and law enforcement agencies in locating Gus Hall, National Secy. of the Hall, National Secretary of the Communist Party, U. S. A. He is one of the Communist Party leaders who have been convicted of the Smith Act and are presently fugitives from justice. A description of Hall is as follows:

Age, 40, born October 8, 1910, at Virginia, Minnesota; height, 5' 11"; weight, 220 pounds; eyes, blue-grey; hair, light brown; complexion, fair; build, heavy; race, white nationality, American; scars and marks, small scar on left thumb, two pockmarks on left cheek, mole on right side of neck.

Hall sometimes wears a mustache. He leans forward at the shoulders when he walks, drinks large amounts of coffee and usually rests his elbows on the table holding the cup at lip level. He talks easily and is described as being rather boisterous. He speaks in a husky tone but a high pitched level. He seldom wears a hat. His eyes have a staring appearance. He likes to hunt, fish and play golf.

Any person having information which would assist in locating Gus Hall is requested to immediately notify the nearest FBI office. The phone number will appear on the first page of the phone directory.

## Educator Sees Need For Designing Classrooms to Meet Pupil's Needs

PALO ALTO — America is building "too many community monuments" instead of real working classrooms that will help school children, an authority on classroom design warned the nation's educators recently.

Consulting educationist, Dr. Darell Boyd Harmon of Austin, Texas, speaking at Stanford University's "Institute on Classroom Planning" declared that "despite noble intentions of community sponsors, too many schools are not what they should be—economical and functional buildings."

"The money being put into artificial chimneys, balconies and towers to achieve a pseudo-aesthetic appearance could be better spent for additional classrooms," he said. "Heating, for example, should be based on such considerations as the number of pupils in the class and their average age. Lighting should be planned

with contrast, brightness and glare the determining factors. "A child's body may easily grow along lines of stresses brought about by poor lighting, faulty heating and other harmful environmental conditions in the classroom and in the end the body may be subject to physical and psychological damage."

"Parents and educators," he said, "have failed to realize how close is the relationship between the child's mental, psychological and social problems. Upset the balance of one and you upset them all."

"Ten, twenty and fifty years from now, curriculums will have changed and kept pace with conditions, but the school houses now being built will keep affecting the well-being of our children for many generations."

Dr. Harmon, former director of the Division of School Health for the Texas State Department of Health, and now serving as visiting professor in Education at

Stanford, has advised more than 100,000 of these studies on effects of improper daylight and artificial heating, seating, the arrangements of the pupils' heads and learning experiences studies he has written principles of the classroom," in which the results of his over three-quarter of new schools from Florida, from Ontario

## Firm, Ripe Peaches Best For Freezing, H. D. Agent Says

Peaches just right for eating fresh are just right for freezing. Select them juicy and firm ripe with no lingering green that means "not ready," advises Thelma Wirges, county home demonstration agent.

Her directions follow: Allow 1 to 1 1/2 pounds of peaches, as bought or picked, for each pint container to be filled. After washing the fruit, halve and pit it, and remove the skins without using the home canner's short cut of dipping them into hot, then cold water to make the skins slip easily. The dipping would cause the outer layer to soften in frozen fruit.

So that the cut fruit won't darken in the air, slice the peacked peaches directly into the cold sirup in a freeze jar or other container. The sirup should be made in advance, by dissolving 3 cups of sugar in each 4 cups of water. To help peaches hold color flavor while in freezer, add ascorbic acid (vitamin C) to the sirup, putting 1 teaspoon (1,000 milligrams) in each 4 cups of cold sirup.

After pressing the fruit down in the container add enough cold sirup to cover it. A piece of crumpled parchment or locker paper on top helps hold fruit under the sirup. Space should be left at top, since fruit will expand in freezing. In containers with straight sides and wide top, leave 4 inch of head space in pints; 1 inch in quarts. If containers have a narrow top, leave 3-4 inch head space in pints, 1 1/2 inches in quarts.

When container edges have been wiped clean and dry, screw the lids on tightly, or seal as the container type requires, and the peaches are ready for freezing and storage at zero degrees F or colder.

## Texas State Fair Completes Program For '51 Exposition

The State Fair of Texas has virtually completed its lineup of major attractions for the 1951 exposition, Oct. 6-21, James H. Stewart, executive vice president and general manager, has revealed.

"The biggest and best of all state fairs expects to crack wide open the national records set by last year's fair, which drew a whopping 2,176,519 attendance," Stewart said. Here are some impressive samples of this year's top-caliber attractions.

"Guys and Dolls," successor to "South Pacific" as Broadway's hottest musical smash hit, will play 24 performances in the Auditorium. An impressive cast is headed by Movie Star Allan Jones.

The Pan-American National Exposition Show will have more than 500 whiteface aristocrats competing for \$25,000 in premiums. Total livestock and poultry premiums add up to a record of \$90,214, highest in history. There will be 25 breeds of beef and dairy cattle, horses, swine, sheep and Angora goats shown.

There'll be a bigtime college football game in the Cotton Bowl each Saturday of the fair—SMU vs. Missouri Oct. 6, Texas vs. Oklahoma Oct. 13 and SMU vs. Rice Oct. 20—plus six other games.

Featured will be "The Storybook of Agriculture," revolutionary new presentation of Texas' agricultural riches in a massive animated display; a Science Engineering Show that will show how research laboratories of the nation's industrial giants are creating modern miracles of science; the 35th annual Southwestern Automotive Exposition, South's largest automobile show.

The fabulous million-dollar will be bigger and brighter with the nation's best sideshows, 33 great thrill rides, a half acre of rides just for kids, and the sensational Sky Wheels, towering double ferris wheel that will carry fun seekers to new heights indeed.

Free lectures, flower shows, contests and a vastly expanded list of competitive classes will boost the Women's Show to the top among the nation's events of that type.

And that's only the beginning, Stewart promises. There'll be Ice Creams of 1952, the Aut Swenson Thrillcade, thousands of glamorous, free exhibits, farm machinery exhibits, free aerial acts, scores of special events, free fireworks and entertainment, to make the 1951 state fair the world's biggest entertainment and educational bargain.

## VA Hospital at Big Spring Asks For Doctors, Nurses

The Veterans Administration Hospital in Big Spring has issued an urgent appeal for more doctors and nurses.

The installation was designed for a 250 bed hospital but is not operating at full capacity, Dr. L. B. Andrews, manager, said, because of a shortage of doctors and registered nurses.

Nurses' salaries range from \$3,400 to \$5,400 per year depending upon experience, education and training, he said. Doctor's salaries also vary with qualifications. Application forms are available at any major VA installation. Dr. Andrews said, and completed application forms should be sent direct to the Big Spring VA Hospital.

### Stimulates Additional Conservation Survey of Program Shows

Services are furnished they are provided on the same share-the-cost basis.

Furthermore, the County PMA committee must limit ACP conservation practices to the funds allocated to the county. Where the applications for assistance exceed the county allocation, the amount of assistance to each farmer is scaled down to keep the total within the allotment. The objective, of course, is to use the available funds to obtain the maximum amount for each dollar allocated.

Many farmers, he explains, carry out much additional conservation work for which they receive no assistance. The small amount of assistance is the stimulant which sets off the chain reaction.

In cases where practices are withdrawn from the program because they have become a part of the established farming operations, a large portion of farmers continue to practice them and the assistance is no longer provided.

As of this conservation work stimulated by ACP assistance adds up to a tremendous total and accounts for much of the lasting progress that is being made, says the Secretary. In his opinion, this is the accurate yardstick for measuring Agricultural Conservation Program accomplishments and the vital element which makes this united effort both unique and successful.

### Buying Insurance Is Family Affair, Specialist Says

Buying insurance should be approached as a family affair, suggests Gladys Darden, Home Management Specialist for the Agricultural Extension Service of Texas A&M College. At the same time, the family should recognize the need and study the most practical kind of insurance.

This study should include the accident hazards which can happen in the home, on the farm or ranch. The protection sought might include automobile insurance, property protection, protection against damage to property of others, and personal liability. Further protection can be obtained for the family's house and furnishings, health, accident and hospitalization as well as life insurance.

After the family decides what is needed, the insurance should be bought from the best possible source. This will mean studying the different forms of contracts, reading before ordering or paying for them.

Then, the economical way to pay for insurance is on an annual basis, the specialist says. This will be less than paying on a semi-annual, a quarterly or monthly basis.

There are no definite plans available for families to follow in planning to buy insurance. The advantages and limitations of this means of providing security is for each individual family to determine. Each family should develop its own plan to cover the insurance it can afford.

### Agriculture and Business Becoming More Independent, Expert Declares

Agriculture and business are depending more and more on each other, declares Dr. F. R. Timm, agricultural economist for the Texas Extension Service.

One of the main reasons for this development is the increasing commercialization of agriculture.

Dr. Timm points out, for example, that cash annual operating expenditures by farmers have increased from 5 to 18 billion dollars in the past 15 years.

Farms produce 71 per cent more per person on them now than they did 15 years ago. Production per person during the last 15 years has increased at a faster rate in agriculture than in industry. An industrial revolution is taking place in agriculture, says Dr. Timm.

Farmer have found it more profitable to do only what they can do efficiently and trade with those who produce and distribute other goods to greater advantage. This is one of the main reasons, Dr. Timm says, for such a high standard of living in the country today . . . both on and off the farm.

He warns that the efficiency of agriculture must continue to increase. Product must be kept up or high unit costs will strangle the farmer.

### Campers Should Take Precautions Against Typhoid

"Now that summer has come to Texas it is time for people who expect to enjoy camping and swimming during the warm weather to be sure that they are adequately protected against typhoid fever," according to Dr. Geo. W. Cox, State Health Officer. "Although the public health strides of recent decades have practically eliminated typhoid fever as a threat to persons living in communities with approved water supplies and good sanitation, the disease remains a real danger to those who swim, camp or picnic in remote rural areas.

"Typhoid fever is transmitted from one person to another by means of water, food or milk that has been contaminated by discharge from a patient suffering from the disease or from an apparently well typhoid carrier.

"Spectacular reductions in typhoid fever cases and deaths as compared with those of a generation ago should not give the public a false sense of security. There has been 95 cases of typhoid and paratyphoid fever in Texas in 1951—in spite of community efforts to improve sanitation, isolate patients and supervise known carriers. This indicates that it is still highly desirable for individuals who may be exposed to unfavorable conditions to safeguard themselves by seeking protection at the beginning of the vacation season.

### Sagerton Couple Observes 25th Wedding Anniversary With Open House Sunday

Mr. and Mrs. A. C. Knipling held open house Sunday in observance of their 25th wedding anniversary. Mrs. Knipling was the former Freda Schaake before her marriage. A large group of friends and relatives dropped in and the Rev. O. K. Oelke, pastor of St. Paul's Lutheran Church, gave an address Sunday afternoon in honor of the couple.

The Kniplings' three daughters, Dahlia, Dorothy and Lois, assisted by Miss Lillie Mae Raphael of Stamford, received the guests and presided at the refreshment table. Pieces of the three-tiered wedding cake which was decorated with pink roses and silver trimming were served with lime sherbert and nuts and mints. A bouquet of delicate pink daisies centered the dining room table.

For the occasion Mrs. Knipling chose a beige eyellet batiste dress with which she wore red accessories and a corsage of red carnations.

The guests included: Mr. and Mrs. F. A. Stegemoller and Kenneth, Mr. and Mrs. W. C. Raphael of Stamford, Mr. and Mrs. E. A. Schaake, Glenna and Leroy of Haskell, Mr. and Mrs. E. W. Schaake of Cego, Mrs. A. Nierdieck, Mr. Richard Feind of Cego, Margie, James and Sarah Lehmann, Gary Laughlin, Mrs. Wm. Knipling and Henry, Mr. and Mrs. Leon Stegemoller, Mr. and Mrs. C. E. Stegemoller and Marvin, Mr. and Mrs. J. F. Schaake, Erna and Walter, Mrs. Anna Mueller of Georgetown, Mr. and Mrs. August Ender and Gene, Mr. and Mrs.

Fred Knipling, Mr. and Mrs. Marvin Feind and Martha Jean, Mr. and Mrs. Albert Knipling of Stamford, Mr. and Mrs. Frank Boedecker, Mr. and Mrs. B. Kupatt, Mr. and Mrs. C. C. Bredthauer, Mr. and Mrs. Herbert Nierdieck, Mr. and Mrs. Loll Young, Miss Silva Loyd of Lubbock, Mr. and Mrs. Otto Schaake, Mr. and Mrs. Otto Lehmann, Mr. and Mrs. Edwin Franke and family, Mr. and Mrs. Alvin Holle, Mr. and Mrs. Albert Stremmel and family, and Mr. and Mrs. Anton Herlicka and family.

### McCurley's Attend Sham Reunion In Fort Worth

Mr. and Mrs. Frank McCurley of this city and Mr. and Mrs. E. H. Tankersley Jr., and family of Knox City attended the family reunion Sunday July 29 of descendants of Mrs. McCurley's parents, the late Mr. and Mrs. C. W. Isham of Comanche County.

The reunion was held at the home of Mrs. McCurley's sister and brother-in-law, Mr. and Mrs. Leslie Miller, 5711 Meadowbrook Drive, Fort Worth.

The more than 50 persons attending included the children, grandchildren and great-grandchildren of the original Texas settlers. A number of friends visited the family in the afternoon.

Texas cities represented at the gathering included Comanche, Gustine, De Leon, Energy, Dallas, Haskell, Lubbock, Knox City and Fort Worth.

### Shower Compliments Mrs. H. H. Grimes Of Weinert

A stork shower complimenting Mrs. H. H. Grimes of Weinert was held Thursday July 26 at 6 p. m. in the First Baptist Church in that city.

The refreshment table was laid with a white table cloth, and attractive crystal and silver appointments were used. Punch was served by Mrs. Alton Sanders and Mrs. Weldon Walling. Guests were served by Mesdames J. A. Mayfield, L. D. Vaughn and Leon Newton. Other hostesses were Mesdames V. C. Hoops, Purvis Crouch and Temple Lewis. Tiny blue and pink diapers fashioned from colored paper were used as favors.

The guest list included Mesdames G. B. Therwanger, Bobby Owens, V. C. Derr, Edwin Roberts, Loyd Lemley, Edward Newton, John Therwanger, A. R. Reeves, W. B. Guess, Misses Martha McGee and Sue Guess.

## NEWS OF INTEREST TO WOMEN

### Weinert Church Group Holds Fifth Monday Social

The Women's Council of Churches met Monday July 30 at 3 p. m. at the Weinert Baptist Church in that city for a Fifth Monday social. Highlight of the meeting was a book review, "The Big Fisherman," given by Mrs. Paul Pruitt of Munday.

Opening prayer was given by Mrs. Paul Josselot, followed by Mrs. Pruitt's interesting discussion. Closing prayer was by Mrs. Temple Lewis.

Refreshments of orangeade and cookies were served in the parsonage to the following guests: Mesdames A. Bartell, Fred Monke, C. T. Jones, R. M. Baldwin, C. F. Oman, A. D. Bennett, Temple Lewis, G. C. Newsom, Conner Horton, W. J. Noy, Edward Newton, S. G. Cobb, Jr., Ed Roberts, O. O. McMinn, Henry Smith, Verney Burson, J. A. Mayfield, Melvin Josselot, Floyd McGuire, Jr., R. S. Sanders, G. B. ### Mrs. W. E. Johnson And Daughters Hold Reunion In Spur

Mrs. W. E. Johnson of this city and her four daughters recently celebrated their 6th annual "Mother and Daughter" reunion, when Mrs. Johnson, Mrs. E. V. Riley of Brownfield, Mrs. J. A. Potts of Corpus Christi, and Mrs. H. A. Wiseman of Freeport met at the home of another daughter and sister, Mrs. A. G. Dunwoody in Spur.

Upon arriving at the Dunwoody home, the visitors found an attractive hand painted signboard welcoming them to the annual gathering. The house was attractively decorated throughout with ivy and red roses, and an abundance of food had been prepared for the occasion. A program of recreation also had been planned after which gifts were presented to the hostess and guests as a climax to the thoroughly enjoyable occasion. The next reunion for the family will be held in the home of Mrs. J. A. Potts at Corpus Christi in 1952.

For her dancing hours the 1951 Maid of Cotton, brown-eyed Jeannine Holland of Houston, Texas, twirls in a sheer, delicate formal of pale blue point d'esprit. This is one of the glamorous costumes in the around-the-clock wardrobe created for the cotton fashion ambassadors to wear on her tour of the United States, England, France, and Latin America. The Maid's fabulous wardrobe contains beautiful costumes for every occasion and every season.

### Mrs. Clarence Hitt Of Rochester Hosts Club Meeting

Mrs. Clarence Hitt was hostess to members of the Rochester Birthday Club at her home in Rochester Monday morning July 23, honoring Mrs. Herman Williams.

Mary Yvonne Cox, daughter of Mr. and Mrs. Lindsey Cox of Haskell became the bride of Deward Wayne Gordy, son of Mr. and Mrs. Joe Gordy of Scargwin, in a ceremony solemnized Wednesday evening July 25, at 8 o'clock.

The Rev. Joe Scheets, pastor of the Friendship Baptist Church in this city, officiated for the ceremony.

The bride wore a Navy blue dress and a corsage of white carnations. The couple was attended by Barbara Yancy of Lubbock and Jo Jay Weaver of Haskell.

The young people will live in Denver City, Texas, where Mr. Gordy is employed in the oil fields.

### Pre-Nuptial Tea Compliments Earlene Hanson of Rochester Tuesday July 24

A pretty pre-nuptial tea honoring Earlene Hanson, of Rochester, bride-elect of R. B. Townsend, was given in the home of Mrs. Bud Clark in Rochester Tuesday July 24.

The guests were greeted at the door by Mrs. Clark and presented to the bride-to-be, her mother, Mrs. Earl Hanson; the groom's mother, Mrs. Buck Townsend; and Mrs. Robert Speck and Maydel Hanson, sisters of the bride-elect. Guests were invited into the dining room by Ina Bud Clark. Cookies and punch were served by Jane Michaels and Jaunita Clark from a lace laid table, centered with yellow gladioluses with green streamers lettered "R. B. and Earlene."

Guests were then shown into the gift room where they were registered in the bride's book by Maxine Strickland. The book was made by Mrs. Robert Speck. Gifts were displayed by Mesdames Hollis Wolf, W. W. Corley and Knott Ballard.

The fourteen hostesses presented the honoree with a set of Sweetbriar China.

Approximately 100 guests called or sent gifts. Goodbyes were said by Mrs. Bud Clark.

### Couples Class of Methodist Church Has Barbecue

Members of the Couples Class of the Methodist Sunday School were guests at a barbecue feast Monday evening at the home of Mr. and Mrs. Bill Wilson.

### Jaunita Scoggin, Rev. A. J. Holster Wed Sunday in First Baptist Church

The First Baptist Church of this city, decorated with greenery of fern, gladiolas, roses, carnations and a multi colored array of zinnias, was the setting Sunday afternoon July 29 at 3 p. m. for the marriage of Miss Jaunita Scoggin and Rev. A. J. Holster.

The Rev. M. D. Rexrode, pastor of the church, read the double ring ceremony uniting the couple. The bride is the daughter of Mr. and Mrs. C. N. Scoggin of this city. The bridegroom's parents are Mr. and Mrs. Louis Holster of Hereford, Texas.

Traditional wedding music was given by Miss Diane Clare at the organ. Miss Delight Ash sang "I Love You Truly," and "The Lord's Prayer".

Given in marriage by her father, the bride chose a street-length dress of white organza. Mrs. Doyle D. Johnson was matron of honor and wore a gown identical to that of the bride.

Kenneth Scoggin, brother of the bride, served as best man. Ushers were Clinton Kimbrough and Gerald Pinkston.

Following the ceremony a reception was held in the church. The newly weds were assisted in the receiving line by their parents and members of the wedding party. The bride's table was laid with linen cutwork centered with an arrangement of sweet peas. The three tiered wedding cake was frosted in pink and white. Miss Pat Turnbow and Miss Glenna Toliver presided at the bride's table. Miss Betty Joy Redwine registered the following guests: Mrs. Clay Kimbrough of Cane, Texas; Mesdames John McMillin, James Ed Williams, T. T. Robison, John E. Fouts, A. C. Pierson, W. P. # Haskell Loses to Weinert, 6-2, In First League Tourney Tilt

League softball tournament play began this week as Weinert smashed out a 6-2 victory over Haskell and Stamford staged a seventh inning rally to edge Knox City 11-9.

Stamford, the league leading team, is playing Knox City, the fourth place team in a three-game series this week. Also second place Haskell and third place Weinert are in a three-game duel. The winner of two of the three games in each section will battle for the tourney championship next week in a five-game series.

The four teams will meet again tonight (Thursday) in the second game. Haskell will play host to Weinert and Knox City will meet Stamford on their home diamond. Game time is 8:30 p. m.

Haskell got under the gun Tuesday night at Weinert when they let Weinert win the first game to capture the remaining two games to get into the playoffs.

Weinert took a four run lead over Haskell in the first inning. Lead off batter Alton Dunning took the pitch from E. L. Bassing

# Weinert Football Star To Play In Six-Man All-Star Game

Bobby Therwanger, all-district back on the 1951 Weinert football team, has received word that he has been chosen to play in the third annual Six-Man All-Star football game to be played at San Marcos on August 11. Coach of the West team will be David Slaughter, of Knox City, whose team was regional champion of 1950.

Therwanger is a three-year letterman in football, having lettered one year as a lineman in eleven-man football and 2 years as back in six-man football. He also lettered two years in track. He will report to Southeast Texas State Teachers College on August 6 to begin workouts for the All-Star game. The game is to be held in connection with six-man coaching school to be held at the college August 6-11.

Forty-two per cent of last year's motor vehicle accidents involving injuries happened in the dark.

# Black Indians Wallop Knox City Hornets, 13-1

The Black Indians added another victory to their winning streak Sunday when they launched a 7-hit attack to defeat the Knox City Hornets, 13-1, in a game that was called at the end of the seventh inning.

The Black Indians will be seeking their fourteenth triumph of the season Sunday when they meet the Childress All-Stars at 3:30 o'clock at Fair Park Stadium. Billy Davis has been designated to handle the mound duties with Jimmy White behind the plate.

The Black Indians had no trouble in mauling the Hornets. They accounted for five runs in the first inning.

L. C. Broadway, second baseman, blasted a circuit clout in the sixth frame with two aboard, and in the seventh, he was allowed a four base trip after sinking the horsehide deep into center field and came home on an error by the centerfielder. Broadway collected three hits in his four trips at the plate. His third connection was a long drive into left field that was up against the fence for a triple.

Woodrow Wilson, leftfielder, also accounted for a triple when he lofted the ball to the fence early in the fourth inning.

Black Indian pitcher, Tommie Rivers, spent six innings in the mound and was relieved in the seventh by John Hammond. Rivers was credited with seven strikeouts, he gave up four bases on balls, and surrendered only four hits. The Hornets lone run was unearned. It came in the sixth inning when catcher Jimmy White overthrew second base allowing Billy Taylor to score from third.

The game was called in the seventh after two hours and thirty-nine minutes had elapsed.

## Billy Davis Selected to Play In East-West All-Star Game

Haskell's second team all-star, Billy Davis, was recently named to the East contingent to participate in the second annual Greenbelt Bowl all-star football game to be played in Childress August 17.

All-star footballers from over the northern section of the state were selected to play in the annual bowl game. They are divided into two teams, one representing the West and the other the East and include some of high school's top gridiron performers.

In the first Greenbelt Bowl game last year, two Haskell gridsters, end Bobby Jack Price and tackle Tommy Rhodes, combined with the West team to defeat the East 14-13. It was Price's final extra point conversion that broke the tie.

This year, Davis is the only representative from Haskell, but he will be accompanied by three other District 9-A football stars. They are Scotty Ponder of Munday, Keith Witherspoon of Albany, backs, and Center Bill Don Womack of Anson.

The East team boasts of all-stars, Davis, Edward Beach of Wichita Falls, Donald Clinkscales of Arlington Heights (Fort Worth) backs, and End Ed Bernet of Highland Park (Dallas). Bernet was also named the outstanding Texas high school footballer of the 1950 season.

Ki Aldrich, all-American for TCU, will serve as head coach of the Easterners. He will be assisted by Hunter Kirkpatrick, assistant coach at Wichita Falls, and assistant coach at Childress, Doyle Malone.

The East squad includes Ends Charles Wolston of Wichita Falls

## State Softball Tourney Starts at Stamford Friday

Stamford will be host to around sixteen top softball teams from different parts of Texas beginning Friday morning, August 3, at 8 o'clock in a two-day State Softball tournament. Only the pick of teams will be participating in the tournament.

Teams from Houston, Austin, Gorman and others were included in the registration by Wednesday noon, with other teams expected to send in their registrations before Friday.

Three different fields will be utilized for the playoffs during the day and three different ball games will be going at all time during each of the two days. Three games will be played each night all at Wendeborn Field. Admission is free for all the day games, but there will be a charge for the night games.

Final playoff for the tournament and awarding of trophies will be held at Wendeborn Field Saturday evening beginning at 8:30. Three games deciding the winning teams will be played during the evening and trophies for the first and second team and consolation trophy will be given. Silver medals will be presented to the members of the first and second teams instead of naming a first and second from all the teams.

All members of these ball clubs will be special guests of the Stamford Exchange Club at a barbecue chicken dinner at the Bunkhouse on the Cowboy Reunion grounds. Goodwill and Rural committee of the Stamford Chamber of Commerce will prepare and serve the meal.

## Haskell Sailor In Sasebo, Japan

A Haskell sailor, George Turnbow, Jr., engineer on the USS Hanna, recently spent some time in Sasebo, Japan, where his ship was in port for repairs after a tour of sea duty off the coast of West Korea, according to a news release to the Free Press.

The sailor is the son of Mr. and Mrs. J. D. Turnbow of Route 1 Haskell, and his current Navy duty is his second hitch in the service. He enlisted in the Navy during World War II, March 3, 1943 and trained at San Diego.

He was recalled to active duty Dec. 1, 1950, and three days later was assigned to the Hanna, a destroyer escort, on the eve of the ship's departure for Hawaii. From that base they later went to Midway, then Sasebo, Japan, and from there to Formosa and later Hong Kong. The ship was then assigned to waters of West Korea until returning early in July to the Sasebo port.

The young sailor wrote that his ship and crew received the Korea bar with one star. "The Navy has only given us four stars since the beginning of the Korea war and we hold one of them," he wrote.

Young Turnbow is married, and his wife, Joan, is making her home in Norwalk, Calif., while he is in the service.

### Funeral Rites for Larry Simpson, 58, Held at Rochester

Funeral services for Larry Simpson, 58, of Crosbyton and a former resident of Haskell County for 43 years, were held Thursday, July 26 at 2 p. m. in the First Baptist Church in Rochester.

The Rev. Cecil Meadows, pastor, officiated, assisted by Rev. Roy Shahan of Memphis, Texas. Interment was in the Rule Cemetery with Mansell-Smith Funeral Home of Rochester in charge of arrangements.

Mr. Simpson was born in Comanche County June 29, 1893, the son of Mr. and Mrs. Barney Simpson. He married Miss Amanda Trusty of Rochester August 12, 1917. They were the parents of two sons and a daughter. The daughter preceded her father in death.

Mr. Simpson came to Haskell County in 1903 and lived in this section until 1944, when he moved to Memphis, Texas. He was living in Crosbyton at the time of his death.

He is survived by his wife and sons, Grady V. Simpson of Memphis and Lewis R. Simpson of Amarillo; three grand-daughters; a brother, Ike Simpson of San Angelo; and three sisters, Mrs. Will Edge of Rochester, Mrs. Ray Miller of Wolvorth, and Mrs. Emery Gunnells of Lubbock.

### Several Changes In OPS Regulations Are Announced

A representative of the Fort Worth OPS who held a price clinic for local merchants here July 26 has announced several changes in price regulations which may affect some Haskell businesses. Clarence Hunter, who conducted the price clinic, said supplementary regulations 39 and 40 to General Ceiling Price Regulation have made possible rate adjustments for contract motor carrier, and local pick-up, delivery and transfer services in instances where operation costs have increased.

In Supplementary Regulation 11 to Ceiling Price Regulation 22 the OPS has provided that bedding manufacturers may continue identical pricing of mattresses and matching box springs, if that has been their established practice in the past.

Mr. Hunter said the next price clinic for Haskell will be held August 9 at 9:00 a. m. in the Chamber of Commerce.

#### City of Stamford Sells \$1,500,000 Water Bond Issue

A \$1,500,000 bond issue voted by the people of Stamford for construction of a water reservoir on Paint Creek has been sold, city officials have announced. The bonds were purchased Friday by First Southwest Company and Associates of Dallas at an average interest rate of 3.2308 per cent, the limit set in the election authorizing the bonds, held last March 22.

Bids probably will be advertised for construction of the dam and reservoir on Paint Creek, near Scott's Crossing, within a few days, Stamford officials indicated.

Sale of the bonds will eliminate the necessity for a second election on the water bonds, which had been set for August 10, Stamford city officials said.

The August election had been called to take advantage of a recently passed law enabling cities with contracts to sell water to issue bonds against these contracts, dollar for dollar. Revenue bonds can be issued only at a rate of 66 2-3 of the revenue.

The bond money will be used to build a new lake to impound 60,000 acre feet of water, a pumping plant, a 16-inch pipe line to town and a new filtration plant. Many delays have been encountered in getting the project under way and engineers estimate it may be two years to finish the work. Barring further complications, actual construction is expected to start this fall, Stamford officials said.

## May we suggest a Sitting?

IT'S A FIREBALL ENGINE

No doubt about it—you'll make a mighty handsome picture in a strapping new '51 Buick. But it isn't the way you look, but the way you feel that's really important. We'd like you to discover a Buick's ease and comfort, a Buick's power and performance, a Buick's steadiness and control—just to see if maybe you have been missing a travel treat. We'd like you to discover what a valve-in-head engine—gingered with Fireball combustion—can mean in pulse-pounding thrill and in big miles-per-gallon figures.

We'd like you to learn what coil springs on all four wheels—not just the front ones—can do in the matter of smoothing a rough road and keeping you on a level keel. We'd like you to see what generous roadweight and a rigid torque-tube mean in solid steadiness of ride—what Dynaflo Drive<sup>®</sup> does for you in downright comfort and convenience—what a breeze it is to handle so big and roomy and impressive a car. Most of all, we'd like you to note the easy-to-take price tags our cars wear—what a whale of a lot more automobile you get for your money

in today's Buicks than you'll get elsewhere. So—come in for a sitting soon, won't you? Whether you try a SPECIAL, SUPER or ROADMASTER, you'll find it the top buy in its field—and a beauty from any angle.

### Market Peaches Firm-Ripe to Up Texas Production

Development of a system of marketing "firm-ripe" peaches on a state-wide scale probably would increase the importance of peach production in Texas. When sold in the "firm-ripe" stage, peaches grown under proper conditions bring a premium price. In 1940, growers marketing by this method received \$3 more per bushel for their peaches.

A study of the marketing of "firm-ripe" peaches as compared with "green mature" peaches was made last year by the Texas A&M Station. K. A. Fugett, associate professor of agricultural economics, College Station, and T. E. Denman, associate horticulturist, Stephenville Experiment Station, conducted the study of peaches

grown at Stephenville and sold through a super-market grocery store at Fort Worth.

Fugett and Denman found that firm-ripe peaches require more careful harvesting, packing and handling methods than those marketed in the green mature stage. And for increased profits, a market for overripe, green and bruised fruit is essential—preferably near the point of production.

The research men recommend that growers observe the methods used by experienced handlers in the marketing of firm-ripe peaches. Growers, shippers and retailers inexperienced in handling firm-ripe fruit will encounter many problems.

Progress Report 1380, which gives the details of this study, is available from the Publications Office, College Station, Texas.

An overwhelming majority of motor vehicles involved in accidents last year were reported in apparently good condition.  
You are almost three times as likely to be killed in an automobile accident between seven and eight in the evening as you are at the same time in the morning.

### Weinert Minister To Preach Sunday At Local Church

J. C. Mangrum, minister of the Weinert Church of Christ, will conduct services at the Haskell Church of Christ Sunday August 5, it has been announced.

The Weinert minister will preach at both morning and evening services, and all other church services will be held on regular schedule.

### VISITOR FROM CALIFORNIA

Joe Eric Benson of Van Nuys California, was a visitor in Haskell last Thursday in the home of Mr. and Mrs. Manis Pogue and other friends here.

Ninety-eight per cent of drivers involved in fatal automobile accidents in the U. S. last year had at least one year's driving experience.

More than 80 per cent of all accidents last year on our streets and highways involved vehicles going straight.

### UVALDE PEOPLE ARE HASKELL VISITORS

Mr. and Mrs. Willard Jones of Uvalde, former owners and publishers of the Scurry County Times at Snyder, were visitors in Haskell Friday evening. They have been spending the past few weeks in Hamlin with their son and family, Mr. and Mrs. June Jones publishers of the Hamlin Herald. The former Snyder newspaper was owned by the Free Press when the newspaper was purchased by the present owners and publishers, Mr. and Mrs. Jetty V. Clare.

### CARD OF THANKS

We want to thank our many friends who ministered in any way to our needs during our recent bereavement. Words cannot express our sincere appreciation for the many kind things you have said, and the innumerable ways in which you have soothed our broken spirits. May He who watches over His own, lead and guide you through the days to come — Mrs. B. M. Whiteker, Children and Grandchildren.

**SPEND WEEK END ON PLAINS**

Miss Ozella Skains visited Meadow, Lubbock and Brownfield this week end.

**VISITING IN HOME OF DAUGHTER**

Mrs. J. L. Fannin of Brownfield is visiting in the home of her daughter and family, Mr. and Mrs. Bill Skains and Jackie.

**VISITING IN HOME OF PARENTS**

Mrs. Robert Arnold and son Scotty of Austin are here visiting in the home of her parents, Dr. and Mrs. Arthur A. Edwards.

Mr. and Mrs. Bill Clifton and son Rickey of Amarillo were recent visitors in the home of Mr. and Mrs. Mart Clifton.

**News From Sagerton**

By Mrs. Delbert LeFevre  
Rev. H. E. Driessner, pastor of the Zion Lutheran Church here delivered his farewell sermon before his congregation Sunday morning. The Rev. Driessner and his family moved to Dumas Tuesday, where he will take up another charge. Rev. Driessner has been pastor here for five years and will be greatly missed. The Rev. Virgis Meyer of Houston will become the pastor of the Zion Lutheran Church and will be installed here September 2.

There are now six polio patients at the Hendricks Memorial Hospital from this community. They are: Janice Hertel, 4 year old daughter of Mr. and Mrs. Carl Hertel, and Jerry Hahn, three year old son of Mr. and Mrs. Harvey Hahn, the latest patients and the most ill, and Steve Clark, son of Mr. and Mrs. Charles Clark, Lynn Gibson, son of Mr. and Mrs. A. L. Gibson, Lyndell Quade, son of Mr. and Mrs. Glyn Quade, and Melton Mathis, son of Mr. and Mrs. Leonard Mathis, are being treated for the effects of polio.

Mr. and Mrs. Cliff LeFevre, accompanied by Oscar LeFevre, went to Wortham last week end to visit with relatives. Mrs. LeFevre went on to Houston and Angleton to visit with her sisters and their families while the two men returned home Sunday.

Mrs. Lawrence of Aspermont has been staying with Mr. Glynn Quade and son, Larry, while her daughter, Mrs. Quade, has been in Abilene with another son, Lyndell, who is ill with polio. Larry was a polio patient there last year, but he recovered nicely.

Mrs. Otto Driessner, of Giddings came last week end for a visit with Rev. and Mrs. H. E. Driessner.

Mrs. Reece Clark, president of the Sagerton Home Demonstration Club, announced that the club would not meet again until the second Tuesday in September because of the illness in the community and the hot weather. The next meeting will be September 11 in the home of Mrs. O. K. Oelke. The ladies were scheduled to meet last Tuesday in the home of Mrs. Edward Nienast, but the meeting was rained out.

Mr. and Mrs. Charles Wiederkehr of Rosenberg visited in the home of Mr. and Mrs. August Balzer Tuesday of last week. They also visited other relatives here.

A community shower and party was given Friday evening at the St. Paul's Lutheran Church to honor Mr. and Mrs. Anton Herlick and children, who came here recently from Germany. They became acquainted with many people and received many useful gifts.

Mrs. Al Smith was honored with a "pink and blue" shower in the home of Mrs. August Balzer Thursday afternoon, July 26. A pretty centerpiece on the dining room table featured a toy swan swimming in water with two tiny baby dolls on its back. The table was covered with a blue cloth under a lace cloth. Chicken salad, sandwiches, potato chips, olives and nuts were served to approximately 30 guests. Mrs. Elmer Boedecker, Mrs. Dick Boedecker and Mrs. Larry Cornelison assisted with the hostess duties.

Mr. and Mrs. August Balzer went to Littlefield Friday to get Mrs. F. W. Stegemoeller, who has been visiting there with Mr. and Mrs. Will Nienast.

Mr. and Mrs. John Franke of Abilene visited in the home of Mr. and Mrs. August Balzer Sunday.

Mrs. C. E. Stegemoeller celebrated her birthday Friday evening, July 27, when friends and relatives dropped in to wish her a "Happy Birthday". The guests included: Mrs. Anna Mueller of Georgetown, Mr. and Mrs. Will Stegemoeller, Mrs. J. F. Schaake, Erna and Walter of Stamford, Morris Siegler of Lubbock, Mr. Otto Schaake, Mr. and Mrs. Leon Stegemoeller, Mr. and Mrs. F. A. Stegemoeller, Miss Dahlia Knipling, Mrs. Delbert LeFevre, Linda and Larry and Mr. and Mrs. A. C. Knipling, Dorothy and Lois.

Guests in the home of Mr. and Mrs. Leil Young last week end were: Mr. and Mrs. Gerald Derstick of Merkel, and Mr. Kenneth Werseebee of Austin.

Dahlia Knipling, who is Home-making teacher at Rule High School, and her friends, Silva Boyd of Lubbock, are attending teachers' convention in Dallas this week.

Parts of this community received rain last week on Tuesday and Friday. At some parts south of town it amounted to around two inches, while points north of town only received a sprinkle.

A family reunion was held last week at Lueders, when members of the Reising, Hess and Gunn families gathered for a fishing party.

Mrs. J. M. Reising of Midland had all but two of her children present. These included: Mr. and Mrs. Russell Reising of San Angelo, Mr. and Mrs. Paul Flaughter of Borger, Mr. and Mrs. W. C. Gwyn and Pauline of Midland and Mrs. Hiller Hess and son of Midland. The two sons unable to attend were David of Midland and Hobart of Plainview.

Others present were: Mr. E. D. Engleman of Spur, Mr. and Mrs. B. Hess, Mrs. John L. Gunn and children, and Miss Buehla Mae Summers, all of Sagerton and Miss Peggy O'Neal of Rule.

**Shorter Shooting Season On Doves In Prospect**

Changes in the proposed 1951 dove seasons in Texas are foreseen by the Executive Secretary of the Game, Fish & Oyster Commission following a conference with Clarence Cottam, assistant director of the Federal Fish & Wildlife Service.

The Fish & Wildlife Service and the state jointly set seasons on both mourning doves and white wing doves because they are migratory birds.

The Commission, at its last regular meeting, recommended the mourning dove season open in the North Zone Sept. 15 and open in the South Zone November 15 to run 45 days. The Executive Secretary reported from the conference with Cottam that the opening of the mourning dove season will run 40 days instead of 45. The Executive Secretary understood from the conference with Cottam that the opening dates may stand but that the season would run 40 instead of 45 days. The bag limits of ten per day and ten in possession seemingly will continue. Shooting hours would be from noon to sunset instead of all day.

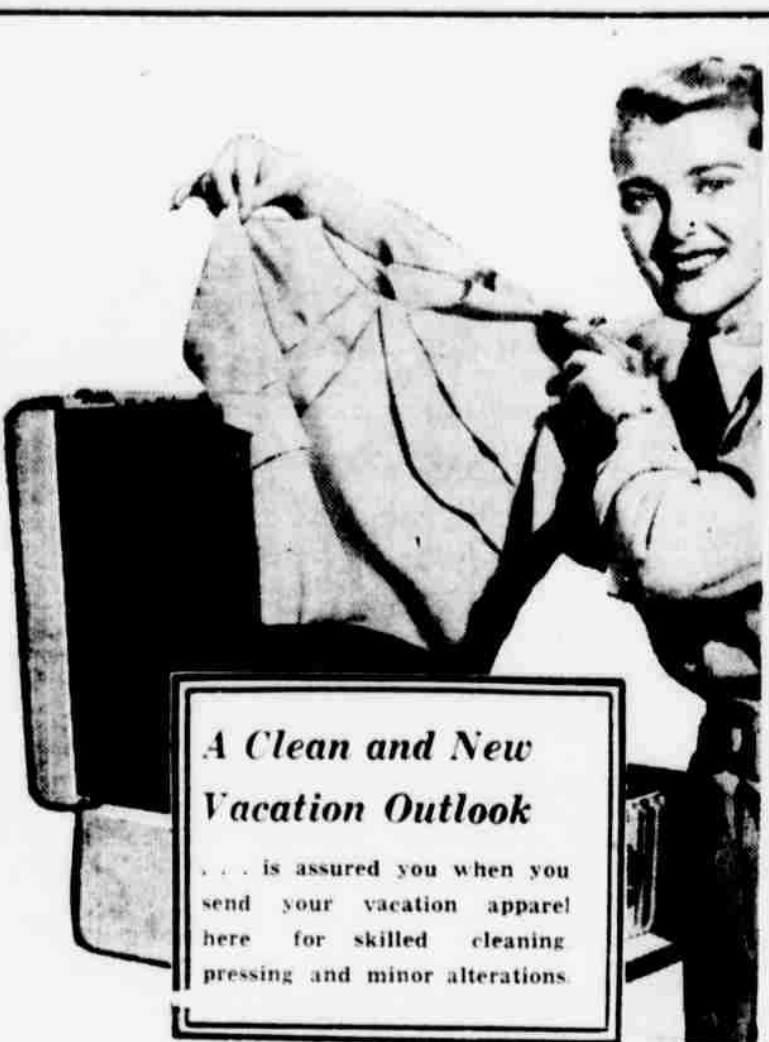

Cottam reported that the Fish & Wildlife Service disfavours the proposed two week-end hunts on white-winged doves in the Rio Grande Valley. The Executive Secretary reported that the 1951 season probably will be Friday, September 14; Sunday September 16 and Tuesday, September 18 with the hours from 4 p. m. to sunset, as usual.

Cottam said the whitewings suffered too heavily from the winter freeze that destroyed much of their nesting areas in the grass groves to permit an expanded season. The Commission recommended Friday, September 7, and Sunday, September 9, and Friday, September 14, and Sunday, September 16.

The Executive Secretary reported increasing hunting pressure plus weather hardships on both whitewings and mourning doves, as major factors in the curtailments tentatively fixed by the Federal authorities.

Cottam also indicated a no-zoning waterfowl policy by the Fish & Wildlife Service because of the precedent provided by such a concession to Texas. He pointed out that several states seek a zoning arrangement, some of them, like the size of Texas.

**Mrs. Monke** — Continued from page 1  
 1922 which destroyed a business block in Weinert, including the post office and fixtures. But patrons of the post office likewise recall that the disaster resulted

in very little inconvenience to mail service due to the efficiency of their postmaster. Many other disasters with which Mrs. Monke has had to cope during her long tenure as postmaster have included at least six occasions when the office was bur-

glarized and the safe damaged. Despite these obstacles she has been able to maintain prompt and efficient service to the community, patrons declare. Mrs. Monke has announced no definite plans for the future, other than that she will spend considerable time in the immediate future, visiting with her two daughters, Mrs. H. P. Donald of Walla Walla, Wash., and Mrs. J. H. Stark of Mount Pleasant, Tenn. The daughters visited with their mother this week, and Mrs. Monke will accompany Mrs. McDonald to Mount Pleasant for a several months visit there.

**Club Breakfast at Weinert Honors Mrs. Pearl Monke**

The home of Mrs. W. B. Guess in Weinert was the setting for a breakfast Wednesday at 6:30 a. m. sponsored by the Weinert Matrons Club honoring Mrs. Pearl Monke, who is retiring as postmaster at Weinert.

Mrs. G. C. Newsom and Mrs. P. F. Weinert gave a short history of their association with Mrs. Monke, and several poems on Friendship were read by Mrs. J. A. Mayfield.

A gift for Mrs. J. A. Mayfield was presented by Mrs. Claude Reid. Piano selections were played by Mrs. C. R. Lyles.

Those present were Mesdames Pearl Monke, P. F. Weinert, R. M. Baldwin, W. C. Winchester, Temple Lewis, J. A. Mayfield, G. C. Newsom, Ed Roberts, R. H. Jones, R. C. Lyles, Claude Reid, W. L. **Driver's License Office Here Given New Schedule**

A substantial increase in the number of applications being made for driver's license through the Haskell office of the Department of Public Safety has resulted in a change in the schedule for the local office, License Examiner Oscie Renfro said this week.

Effective August 1, the examiner will spend two days each week in the Haskell office — Mondays and Saturdays — he explained. Heretofore he has been in the office here each Saturday, and on alternate Tuesday twice a month.

Beginning this week, Renfro will be in his office on the second floor in the west wing of the courthouse Monday and Saturday each week, with the exception of the week of August 13-18 when he will be on annual vacation.

**Bel Canto Chorus To Give Program At Local Church**

An outstanding program of singing will be presented at the Church of Christ in this city Wednesday evening, August 8, at 7:30 p. m., it was announced today.

The program will be presented by the Bel Canto Chorus from Bowles Orphan Home of Quinlan, Texas. The chorus is composed of 36 boys and girls from the home who have received wide recognition for their talent.

The public is invited to hear the program.

**PENDING VACATION IN EL PASO, RUIDOSA, N. M.**

Mr. and Mrs. P. F. Weinert and daughters, Joella and Nadine, left Wednesday morning for a week's vacation in El Paso, Ruidosa, N. M., and other points of interest in that section.
