Three Additional Oil Tests Due In Weinert Area

A deep wildcat and two additional oil tests have been announced in the Weinert area to highlight oil development play in Haskell county this week.

J. J. Lynn, Wichita Falls, will drill one of the tests, a 5,450 foot wildcat two miles west of Weinert, as No. 1 C. Laird, 3,117 feet from the south and 1,683 feet from the east lines of the W. J. Thornton survey, Abstract 668.

Geochemical Surveys of Abilene have located a 5,500 foot rotary prospector a mile and a half east of Weinert. It will be the No. 1 E. Lightfoot, 3,000 feet from the south and 4,450 feet from the west lines of Section 132, E. Gilpin survey.

Anderson-Prichard Oil Corporation staked the third new test as the No. 1 Maude E. Harber, wildcat five miles north of Weinert. The 5,100 foot rotary project is located 660 feet from the south and 467 feet from the east lines of the southwest quarter of Section 145, Block 45, H&TC survey.

Continental Oil Company No. 1 Bettis, a 6,200-foot rotary test in the southwest corner of section 9, block 5, H&TCRR survey, a wildcat six miles northwest of Haskell, ran a drillstem test to an Ellenburg section at 6007-63 feet. Open 15 minutes the return showed 300 feet of slightly gas cut mud and 420 feet of sulphur water. Electrical log was run and operators are waiting on readings.

Stanford Oil and Gas Company No. 3 Wyche, in the T. D. Owings survey in the South Haskell pool, ran drillstem No. 2 to the Reef formation at 3621-33 feet. Tool was open three hours with a recovery of 700 feet of pipeline oil and 140 feet of sulphur water. Survey was run and a string of 2 1/2 inch pipe was set and cemented at 3635 feet.

Theo. L. Moore Is Promoted to Rank of Captain

1st Lt. Theo L. Moore of Haskell, son of Mr. and Mrs. O. L. Moore of this city, was recently promoted to the rank of Captain. Capt. Moore is presently assigned to Headquarters Company, Trust, operations base for Trieste United States Troops. The young officer was born in Savoy, Texas, but attended grade and high schools in Haskell.

Having been in the Army since 1940, he holds the Air Medal, Glider Pilot's Wings, Liaison Pilot's Wings, European, African and Middle Eastern Theater of Operations Ribbon with 7 Battle Stars, and the Pre-Pearl Harbor Medal. Capt. Moore has been in Trust since July, 1949.

Mrs. Moore and two children, Cindy, 8 years old, and George, 2 have been in Trieste with Capt. Moore for the past year.

Bill Wilson Motor Co. To Broadcast Olney-Albany Game

Play-by-play account of the Albany-Olney bi-district game to be played at Olney will be broadcast over Station KDWT, Stamford, beginning at 8 o'clock Friday night, under auspices of Bill Wilson Motor Company of this city, local Ford and Mercury dealers.

Broadcast of the game will be over the Ford-Mercury network, in connection with nationwide announcement being made Friday of the 1951 model Fords that will be on display for the first time on that day.

The play-by-play description of the important bi-district game will come direct from the Cubs playing field in Olney.

Baptist Workers Conference To Be Held Nov. 28

Workers Conference of the Haskell Baptist Association will be held with the East Side Baptist Church in this city, Tuesday Nov. 28. Theme of the program for the conference will be: "Vital Doctrines."

Grady Carothers, Goldthwaite ranchman, is shown with reindeer he corralled inside the Arctic Circle to pull Santa's sleigh when it visits this city Friday, Dec. 8 for a big parade opening the Christmas holiday season in Haskell. Carothers is on his third Alaskan expedition now to find reindeer for Santa Claus and the children of Texas.

Santa Claus, With Reindeer and Sleigh, Coming To Haskell For Christmas Parade December 8

Inside the Arctic Circle a reindeer man from Texas's busy now corraling some reindeer to draw Santa Claus' bright colored sleigh in the big parade here Friday, Dec. 8 at 7:30 p. m. marking the opening of the Christmas holiday season in Haskell. Santa's visit on this date is sponsored by Haskell stores and business houses.

Grady Carothers, Goldthwaite ranchman, is this reindeer man. This is his third expedition to the Arctic for antlered sleigh deer. When Santa comes to "his city" he will side in state behind Dunder and Blitzen, Dancer and Prancer, four of the reindeer Carothers will bring out of Alaska and train to pull the sleigh.

There are two good reasons why Carothers became a reindeer man—his two sons, 10 and 16 years old. They used to ask him, "Dad, why doesn't Santa Claus come to see us in his sleigh pulled by reindeer?" Each December they listened in vain for sleigh bells in the frosty night around Christmas time.

Their father wondered, too—wondered why some one did not help Santa Claus find some real (Continued On Last Page)

Jarrin' John Kimbrough Given Helms Award At Ceremony on A&M Campus

Jarrin' John Kimbrough of Haskell, Texas A&M College's great All-American fullback of 1940, Saturday went back to A&M's Kyle Field after 10 years absence, to receive a certificate that entitled him to a place in the Hall of Fame in Los Angeles.

The certificate, presented to Kimbrough at half-time ceremonies at the Texas A&M-Rice game, said that Kimbrough's picture had been hung in the Hall of Fame panel and his name engraved on the Paul H. Helms trophy. Kimbrough is the only Southwest conference football star who has ever received the Helms award.

"This certificate testifies that John Kimbrough's name has been added to the ever-growing list of football greats," Vice-Chancellor D. W. Williams of A&M said in making the presentation.

Back on Kyle Field for the ceremony, Kimbrough recalled mem-

One of the most loyal groups of Indians supporters during the game, the six HHS pop leaders who led the cheering section at each game. Left to right are Billy Jay (HHS Pop Squad, shown above), Fred, Ellen, Buster, Lavada Reese and Fatsy Camp. (Courtesy of Mrs. Adkins, Lulu Faye, Abilene, Tex.)

Cotton Harvest At Peak With 13,266 Bales Ginned Here

County-Wide Setup Being Planned For Annual "March of Dimes" Campaign

Union Observance Of Thanksgiving Planned Tonight

Union Thanksgiving services will be held at the First Baptist Church this evening, beginning at 7:30 o'clock, under auspices of the Haskell Ministerial Alliance.

Rev. T. G. Craft, pastor of the First Methodist Church, will deliver the Thanksgiving sermon.

Rev. W. T. Priddy, East Side Baptist Church pastor, will preside for the program, and Hayden McDonald will be in charge of the choir. Everyone is invited to attend.

Virgil Thomas Is Severely Burned In Gasoline Blast

Virgil Thomas, proprietor of the Thomas Service Station on North Ave. E. received severe burns on the face, arms and leg in a gasoline explosion which occurred shortly before noon Friday in the wash and grease room of the service station.

Thomas was engaged in cleaning the motor of an automobile, and a small quantity of gasoline being used in washing the motor caught fire, apparently from the still-warm motor. In the ensuing blast, Thomas was seriously burned, and windows in that section of the building were blown out and the car on which he was working was damaged by fire.

Thomas managed to make his way out of the flames through one of the broken windows. Firemen quickly extinguished the blaze with only minor damage to the station building.

The injured man was removed to the Haskell hospital for treatment. Attendants reported his burns as serious, but not critical, and his injuries will require hospitalization for several days.

Leonard M. McNutt Is Promoted To Lt. Colonel

Relatives and friends here have learned of the recent promotion of former Major Leonard M. McNutt to the rank of Lieutenant Colonel, at Fort Benning, Ga., where he has been stationed for the past two years. Mrs. McNutt is the former Pauline Waggoner, daughter of Mr. and Mrs. J. M. Waggoner of this city.

Before going to Fort Benning, Lt. Col. McNutt spent three years in the Philippines and in Tokyo, Japan, with U. S. Military forces.

Lord's Acre Festival Observed By Weinert Methodist Church Saturday

The Weinert Methodist Church held their first annual Lord's Acre Festival last Saturday, and the observance attracted widespread interest and publicity and proved highly successful in every respect.

So successful was the venture, in fact, that the Weinert church plans to adopt the program as an annual observance and they have received many inquiries from other churches in the area concerning the plans.

Cotton ginned in Haskell from the 1950 crop had reached the high mark of 13,266 bales Wednesday morning, the city's five gin plants reported. This total compares to 9,424 bales ginned at the last report, Nov. 9.

Harvest of the cotton crop has reached a peak, and gins are operating on a 24-hour schedule in processing the 1950 crop. Ginners and farmers estimate that between 80 and 85 per cent of the crop has been gathered. Estimates of the county's yield from the current crop range upward from 60,000 bales.

Rapid gathering of the crop has sent bank deposits in the county's banks soaring to the highest levels in history, and business channels have felt an increasing gain in trade volume since beginning of the cotton harvest in mid-September.

Deposits in the Haskell National Bank Wednesday had reached slightly more than \$5,625,000—a record high in the 60-year history of the institution, Cashier W. R. Johnson reported.

Ideal weather which has prevailed for the past two months has permitted farmers to gather the current crop with a minimum of delay, and the labor situation has been the best in years with ample workers available. Producers believe that with another week of favorable weather, the bulk of the crop will be out of the fields.

Lions Club Raises \$945 for Diabetic Foundation

Members of the Lions Club heard a report on the successful completion of the Club-sponsored drive for funds to sponsor treatment of two or more indigent children at Camp Sweeney, maintained by the Foundation for Diabetic Children near Gainesville, at their meeting Tuesday.

The Club voted last week to sponsor raising of sufficient money to care for the treatment of two children, and at Tuesday's meeting Max Bentley, vice chairman of the Foundation, reported that a total of \$945 had been contributed locally by 64 donors. This amount will be sufficient to sponsor three children at the diabetic camp, and Lions voted to allot the surplus over \$900 to a county-wide fund to sponsor at least two more children through the cooperation of Rule, Rochester, O'Brien and Weinert citizens. Assisting Mr. Bentley in the local campaign were Lions John Couch, J. M. Crawford, Harold Spain, Otis Dotson, Courtney Hunt and Ralph Duncan.

Guest speaker at Tuesday's meeting of the Club was Mrs. Carroll Bledsoe, whose theme was "Thanksgiving." The talented young speaker reminded her hearers of the many things Americans at home have to be thankful for, and gave pointed parallels between luxuries accepted as commonplace, and the sacrifices being made by the men in the armed forces on distant fighting fronts.

In a brief session, Lions were reminded of the Negro Minstrel to be staged Nov. 30, and tickets for the show were distributed to be sold by members.

Guests at the meeting included R. L. Prather of Wichita Falls, John Cooper of Fort Worth, and Max Bentley of Abilene.

Quarterback Club Terms Football Season Success

Regular meeting of the Quarterback Club was held Tuesday evening in the HHS lunchroom, when members reviewed the successful Indian football season of 1950 which marked up eight wins against two losses including last week's loss to Albany.

Royce Adkins, Club president, expressed appreciation of the organization to Coaches Roten, Smith and Overton for their splendid work with the Indian squad. Coach Roten spoke briefly on prospects for the coming year.

The Club voted in favor of joining the Lions Club in staging a joint banquet for HHS graduates, and the proposal will be placed before the Lions at their meeting next Tuesday. The Quarterback Club award to a member of the 1950 football squad will be presented at this banquet, it was voted.

Final meeting of the season will be held next Tuesday evening, when a film of the Haskell-Albany game will be shown.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—Nov. 20, 1916

The home of Mr. and Mrs. Henry Lee in West Haskell was destroyed by fire of unknown origin Sunday afternoon about five o'clock. The family was away from home at the time, and neighbors were able to remove only small articles of furniture before flames spread throughout the house.

H. M. Smith and Sam A. Roberts are off on a deer hunting trip in South Texas. A Guinea Chase will be held in connection with Haskell's next Trades Day, on Dec. 1. Several of the fowls will be turned loose from the top of a building in the business section, with prizes from \$1 to \$5 going to the persons capturing the birds.

Mr. and Mrs. John W. Pace have returned from Dallas, where they visited in the homes of their children, Mr. and Mrs. John Pace, Jr., and Mr. and Mrs. Jordan Owenby.

Annual campaign for members in the Haskell County Red Cross was launched this week, in which it is hoped to raise at least \$1,000 from contributions of \$1 per member.

Sheriff W. T. Sarels has returned from Fort Worth, where he had been to take two convicted men who will be held in the Tarrant county jail pending their transfer to State Prison.

Mrs. M. O. Shook of Gordon visited here several days this week in the home of Mr. and Mrs. Henry King.

The Commissioners Court of Stowall County has ordered a bond election for Dec. 20, to vote on the proposed issuance of \$500,000 in bonds to finance building a

network of hard-surfaced roads in Stowall county.

40 Years Ago—Nov. 19, 1910

Judge C. C. Higgins spent several days here this week in preparation for opening of the District Court term Nov. 21. The cases of two Throckmorton men who are charged with murder have been transferred to Haskell county, and both defendants were brought over this week and placed in the Haskell county jail to await trial. In a hearing today, Judge Higgins denied the defendants application for bail.

W. H. Day reports that 1,245 pounds of Mebane cotton raised by him turned out a bale of ginned cotton weighing 515 pounds. He said he paid \$1 per bushel for the seed.

W. D. Arden of Ennis, who is a son-in-law of J. C. Harvey, has bought the Crosby farm between here and Rule.

The Farmers Union warehouse had been completed and is now in use. The corrugated iron building is 50x100 feet in size. There is now about \$5,000 worth of broom corn stored in the warehouse, and 400 bales of cotton on the adjoining yard. R. C. Whitmire, local manager for the Union, is in charge of the building.

Judge Irby has established an office on the north side and will engage in the active practice of law.

Mr. and Mrs. L. D. Morgan are moving to Weatherford where they will make their future home.

Mr. and Mrs. R. C. Montgomery spent last week in San Antonio.

Judge A. J. Smith and the new County Commissioners, R. C.

Whitmire, W. J. Farris, J. B. Davis and G. W. Sollock were qualified Thursday, and assumed the duties of their office. The other new county and precinct officers have or are making their bonds and all of them will soon be installed in their respective offices.

50 Years Ago—Nov. 17, 1900

The many friends of Will Pierson in this section will be pleased to learn that he was successful in his race for election to the State Legislature from the 15th District.

District Court will convene in this county on Monday, Nov. 16. S. W. Scott has moved his law office to the courthouse, and will occupy a part of the treasurer's office.

Mrs. J. S. Rike and daughter, Miss Lillie, returned this week from a visit in Graham.

W. T. Hudson, J. A. Bailey, S. S. Cummings, R. S. Dickenson, T. G. Carney and S. Beavers will start a shipment of beef cattle from Stamford to Kansas City today. We understand the shipment will aggregate 30 cars or more.

W. P. Lilly left Wednesday for Aransas Pass, where he will spend the winter.

Dr. R. G. Litsey, late of Kentucky and a brother of Prof. Litsey of this place, has located here to engage in the practice of dentistry.

Mrs. C. F. Cox of Throckmorton county visited her sister, Mrs. Tucker Milam this week.

Troup Knowles went to Waco this week on a business trip.

The entertainment given by the Junior Endeavor Society at the Christian Church Tuesday night is reported to have been a very nice affair. About \$12 was realized, which was placed in the fund for buying a bell for the Christian Church.

Several couples of the young folks drove out to the home of Mr. and Mrs. J. H. Cunningham Monday night and enjoyed a very pleasant social evening.

B. L. Frost returned Wednesday from Arkansas, where he made disposition of his horses in exchange for cattle.

Miss Laura Garren visited friends in town this week and was accompanied home Friday by Miss Etta James for a few days visit in the country.

LIQUID PETROLEUM GAS USED AS BUS FUEL

Standard public transport buses using a liquefied petroleum gas have been introduced by an automotive manufacturer. The new buses have engines with compression ratios of 10:1. Use of propane is expected to have previous overhaul time since it is clean-burning and leaves little carbon deposit.

Man Shall Not Live by Bread Alone

Courtesy, Chicago Daily News

In these days of alarming uncertainty it is significant that all America is being reached during November by the "Religion in American Life" program, a non-sectarian movement aimed to strengthen religion in personal and community life.

Among the organizations sponsoring this program is the American Bible Society which was founded early in the history of our Republic to strengthen democracy through distribution and reading of the Bible. The Bible has always occupied a prominent place in the life of our country. To encourage Worldwide Bible reading during the period from Thanksgiving to Christmas, selections from the greatest passages in the Bible have been chosen.

President Harry S. Truman is honorary chairman of the national committee for Bible reading. He has commended the plan this year by declaring:

"In this age of doubt it is of hopeful significance that the Bible remains the world's best seller. Our days are cast in an age that knows not God and when love does not rule the counsels or the hearts of men.

"I call upon my countrymen once again in the sacred season from Thanksgiving to Christmastide to read and to ponder in their hearts the Book by which our fathers lived—the Book which vindicates the ways of God to man. Though others falter we doubt not through the ages one increasing purpose runs."

Jetty V. Clare and Bill Kurk were in Paducah over the weekend where they visited friends and attended to business.

Wanted, cotton rags for use in the shop. We cannot use socks, etc or small rags. 10c per pound. Free Press.

Traces of Primitive Western Man Are Unearthed

A University of Texas staff has unearthed traces of a Southwestern culture probably more than 10,000 years old. Dr. E. H. Sellards, Texas Memorial Museum director, reported the findings to the Geological Society of America meeting in Washington, D. C.

Dr. Sellards said excavations by a Museum staff near Clovis, N. M., added to the knowledge of primitive man in the Western world.

Artifacts found in a small lake bed near Clovis shed new light upon the succession of human inhabitants of New Mexico in the later Pleistocene Era—the geologic age just preceding the present Dr. Sellards explained.

Deposits accumulated in the lake intermittently, resulting in four distinct layers of earth. Three contained human relics and fossil animal remains. To the oldest culture, he gave the name of Llano or Plains Culture, because it was found in the Llano Estacado region of Texas and New Mexico.

This bottom layer of lake deposits contains elephant, horse, and bison fossil remains. The geologists also found numerous bone artifacts — once probably digging tools, Dr. Sellards reported. Also, they discovered stone artifacts, such as hide scrapers and spear points.

"The implications are that these earliest known people of the plains obtained a part at least of their food from seeds and tubers and were not wholly a hunting people," Dr. Sellards pointed out.

ABILENE VISITORS

Mrs. Kenneth Russell and Mrs. H. C. Sanderson and Sharon visited last Friday and Saturday in Abilene with Myrtle Russell. They also visited Mrs. Milton Gilbreth.

VISITS IN HENDERSON

Mr. and Mrs. Oris Gibson and baby and Mrs. Arthur Shelley have returned from Henderson, Texas, where they visited Mr. Gibson's brother, who left for the Army Nov. 10th. They also visited other relatives and friends.

VISITORS IN H. S. POST HOME SUNDAY

Mr. and Mrs. Marvin Post of Denver City, Mr. and Mrs. W. Kell and children of Lueders visited Sunday in the home of Mr. and Mrs. H. S. Post of this city.

Mrs. Leon Parney, died

by her daughter and son. Mrs. Patsy Roberts, Mrs. Jeff were in Abilene on business.

As We Approach This Thanksgiving Season

There are many things for which we should all be thankful — Freedom of Worship, Freedom of Speech, Free Enterprise and the right to live and think for ourselves.

It is only in a nation like ours that our boys and girls can have the advantages of our present school system and we as citizens can enjoy their school activities and competitive sports.

From the sport angle, we feel that a fine job has been done this season by Coach Roten and his associates and our band director Billy J. Dean Jr. — that our boys and girls are better men and women for having played this season, that they have learned something of fair play in sports which will mean fair dealings in future life, have learned how to be courageous in defeat as well as in victory. And last but not least, have been responsible for creating a spirit of fellowship and good will among many citizens of the community.

All in all, we feel that the season has been a successful one and want to extend congratulations to coaches, band director and players and say we are proud of you and thankful you have come our way.

Gov. Shivers Asks Texans to Support Xmas Seal Sale

Stressing that "no home is safe while there is a single case of tuberculosis in the State," Governor Allan T. Shivers today issued a formal memorandum urging all Texans to support the 1950 Christmas Seal Sale, conducted by the Texas Tuberculosis Association and its affiliated county associations from Nov. 20 to Dec. 25.

"Tuberculosis is a communicable disease and therefore a public health problem which should concern every Texas resident," the Governor said in issuing his official memorandum. "The work of the tuberculosis associations toward preventing and controlling tuberculosis in this State has helped to improve the health standards of Texas.

"The tuberculosis associations work tirelessly the year round to free this State from tuberculosis. Yet they make one appeal a year for funds to finance their twelve-month program, aimed at the prevention of all of us against this dread disease. I urge everyone to buy and use as many Christmas Seals as he can and thereby make an investment of health for the coming year."

Following is the text of Governor Shivers' memorandum: Tuberculosis kills more young adults between 15 and 35 than any other disease. Tuberculosis is spread from person to person and therefore must be recognized as a major public health problem.

No home in Texas is safe while a single case of this communicable disease exists. The Christmas Seal Sale is the sole annual appeal of the Texas Tuberculosis Association and its county affiliates for funds to conduct their year-round programs of tuberculosis prevention and control.

THEREFORE I, as Governor of Texas, hereby designate the period from November 20 to December 25, 1950, as

CHRISTMAS SEAL MONTH And urge the people of Texas to be generous in their support of the Texas Tuberculosis Association by buying and using Christmas Seals during this month.

ALLAN SHIVERS, Governor of Texas.

PARENTS OF DAUGHTER

Mr. and Mrs. Wayne Nicholson of Stamford are announcing the arrival of a daughter, Donna Lynn, born Saturday afternoon at the Haskell county hospital. She weighed 7 pounds, 8 ounces. The Nicholson's have a son, Jerry Wayne, age 3.

Pat Harrison In Group of NTSC Students To Be Listed In College Who's Who

Pat Harrison of Haskell is one of thirty students at North Texas State College recently selected for Who's Who in American Colleges and Universities for 1950-51.

From more than 200 students nominated by the NTSC faculty and members of the student senate, final selections were made by a faculty committee using a point system. Students were chosen on basis of scholarship and outstanding service to the school.

Miss Harrison daughter of Mr. and Mrs. Claud Harrison of Haskell, is a senior student majoring in secondary education at NTSC. She is president of the NTSC Women's Forum, and served as vice president of the organization last year. A member of Phi Sigma Alpha, a social sorority, she served as treasurer of the sorority last year and was elected secretary this year.

In 1949 Miss Harrison was elected Halloween queen in the annual Hallowe'en festivities held at

NTSC. She is also a member of the Student Religious Council.

Simple Tips Make Carving Turkey Easy Task

Carving turkey at the holiday feast is really quite easy when a few simple rules are followed, says E. Z. Beanblossom, poultry marketing specialist for the Texas A&M College Extension Service. He has several suggestions for making the job easy.

First, Beanblossom advises using a sharp knife. Nothing is more discouraging than to saw away at a roasted turkey with a dull carving knife.

Place the turkey on its back with the legs facing the carver. Pieces of apple or bread cut in wedge shapes and placed along the back of the turkey will form a cradle and hold the bird in position.

Hold the end of the drumstick with the left hand and cut down between the body and thigh. A little pressure applied with the left hand on the drumstick away from the body will help locate the hip joint and make the removal of the leg easier.

To carve the drumstick and thigh, first separate them at the joint. Next lay flat on the platter and place the fork astride the bone and cut parallel to the bone.

After the necessary amount of dark meat has been carved, return to the bird and place a fork astride the breastbone and cut into the wing joint. Press down to disjoin the wing.

Next, start cutting the breast meat with a downward sawing motion. Thickness of slices may vary according to the carver and the needs of the occasion. When one side of the turkey is finished, reverse the turkey and repeat the process.

Beanblossom states that it is entirely necessary for the person doing the carving to stand. It is also helpful if the guests will engage themselves in ordinary conversation and occasionally comment on how well the carver is doing the job. This helps to relieve the tension of those inexperienced in the art of carving turkey.

Representative of Social Security Here Nov. 30

Ralph T. Fisher, manager of the Abilene social security office, will be at the Chamber of Commerce in Haskell at 11 a. m. on Thursday, Nov. 30. He will assist with claims of retired workers, dependents and survivors; take applications for social security cards, and distribute informational leaflets explaining phases of the amended Social Security Act.

Mr. Fisher calls attention to the provisions in the New Social Security law under which workers 75 years of age or over may draw payments regardless of whether they have retired. Any persons who are 75 or over and have had work under Social Security should contact the Social Security representative. Of course, if they are already drawing payments or have already filed claim, it is not necessary that any other action be taken.

Farmers - Farm Machinery Is In Demand - Sell It Through Want Ads.

Farmers! See Us For Approved, Bonded Storage for Grain Sorghum

With a bumper Milo crop in prospect, it will be profitable for you to store your grain in our modern new warehouse. No unnecessary red tape or delay.

Seeing is believing

no other range is as fast or as efficient as a modern gas range

Speed you can see. Bring 1/2 inch of water to a boil. Add vegetables and cover. Time required—two to three minutes! Turn burner to simmer speed which completes cooking.

Warm up a gas burner? You don't have to! The second it's on, it's at maximum heat. No other range can be fast as gas. Or so efficient. The flame gives colored heat—its itself to any size or shape pan. Less waste heat.

With a single oven range, only if it is gas can you bake and broil at the same time. You can bake rolls, potatoes and a casserole dish while you broil meat in the separate broiler.

"Claims" of speed don't mean a thing. But seeing is believing. Here you see why gas is fastest and most efficient—why 96 out of 100 women in this area cook with gas.

If your range has seen its best days, now is a good time to get a modern gas range. They cost less. They operate for less than 1/4 the cost of non-flame ranges. Gas burners last a lifetime; don't burn out. No special, expensive utensils are needed. No costly installation charge is added to the purchase price. Buy a modern gas range.

On display and sale almost everywhere

Modern Gas Range

ONE STAR GAS COMPANY

ENJOY YOURSELF — it's saner than you think

ONLY BUICK HAS Dynaflo — AND WITH IT GOES!

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" tail-lights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and maneuvering, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

It would be easy to let the breath-taking power, the luxurious ride and the gleaming good looks of a Buick sweep you off your feet.

And once you've sampled the sweet response of Dynaflo Drive*—you feel a big lack in anything else.

But let's be practical about all this.

What does it cost to buy—and to own—this star performer?

The first answer is a look at delivered prices—and most people still are surprised to find that a car which offers so much actually costs so little.

*Standard on ROADMASTER, optional on cars out on SUPER and SPECIAL models.

That's true, whether you put the SPECIAL, the SUPER or the superb ROADMASTER against other cars of comparable dimensions. They certainly shine on a first-cost basis.

But this is only half the story, as you'll soon find out on any used-car lot.

Year in, year out, the resale prices of Buicks stay much closer to first cost than the prices of cars with lesser merit.

And among recent models, Buicks with

Dynaflo Drive command such a premium that you can almost figure you get this dream drive for free.

So why not let yourself go? Why not walk right into your Buick dealer's now and say, put me down for one of those!

There's no time like the present for showing your good judgment.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Here's DIESEL ECONOMY with CUSHIONED POWER

THE NEW MASSEY-HARRIS "44" DIESEL

A different kind of Diesel farm power, the Massey-Harris 4-cylinder "44" Diesel brings new economy... new economy... new pulling power... new money-saving field performance to the Diesel tractor. It's the result of an amazingly simple engine design. A special firing chamber—called a Dyna-Cell—creates a cyclonic rotary turbulence of the burning fuel on every power stroke. Burning fuel inside the full-length of the stroke exerting equal pressure on the piston during its travel. Fuel burns slower, smoother... delivers a pushing force. It's cushioned power. Dependable power. Greater lugging power because there's full power on every stroke of every stroke.

See us soon for complete information... be sure to ask about Cushioned Power and Dyna-Cell design.

News From Sagerton

The Sagerton Home Demonstration Club met in the home of Mrs. Herbert Nierdieck Tuesday, Nov. 14. During the business meeting, Mrs. Pete Kittley was appointed food demonstrator for 1951 and Mrs. John Clark was appointed food demonstrator for 1952. Knippling was appointed clothing demonstrator for 1951 and Mrs. Will Stegemoller was appointed assistant. Mrs. Oelke and Mrs. Anton Tichelman were added to the membership list and Mrs. A. Nierdieck, Mrs. C. C. Bredthauer and Mrs. Fred Schronerstedt were guests. The following members were present: Mmes. M. Y. Benton, Chas. Clark, Glynn Quade, Reece Clark, Delbert LeFevre, F. A. Stegemoller, A. C. Knippling, J. C. Kainer, Will Stegemoller, and the hostess. Refreshments of angel food squares, cheese, crackers and cokes were served. Mrs. Pete Kittley honored her two sons, James Ray and Billy Dave, with a birthday party Saturday afternoon Nov. 18. Since Billy Dave's birthday is on Christmas Eve, he celebrated his birthday along with his brother, who was one year old. Billy Dave is going to be three Dec. 24. Each of the boys had a birthday cake and cookies in the shape of animals and birds and soda pop served to the little guests and their mothers, the boys' grandmother, Mrs. Ewell Kittley and their great-grandmother.

Mr. and Mrs. J. A. Hertel and Billy and Kay went to McKinney Sunday for the funeral of Mrs. Hertel's brother-in-law, Mr. Allen. Several members of the congregation of the Zion Lutheran Church here attended the dedication services at the Zion Lutheran Church in Abilene Sunday. Among those from this community that went deer hunting in South Texas are Mr. and Mrs. John Clark, Mr. and Mrs. Loil Young, Reece Clark, M. Y. Benton, Joe Clark, Chas. Clark, J. W. Threet, J. A. Hertel, Cari Hertel, Rev. H. E. Driessner, Jack Humphreys and Weldon Trede-meyer. Mr. and Mrs. Arch Rogers of Mexico were guests in the homes of Mr. and Mrs. G. W. LeFevre

and children, and Mr. and Mrs. Cliff LeFevre during the weekend. Guests of Mr. and Mrs. Otto Lehmann Sunday were Mr. and Mrs. Carl Opitz and Danny of Weinert, Mr. and Mrs. Clancy Lehmann, Mr. and Mrs. Alvin Holle and Miss Doris Monse.

Miss Dahlia Knippling, daughter of Mr. and Mrs. C. Knippling, who teaches in the Rule High School, took a group of students to a demonstration in Lubbock Saturday.

Guests of Mr. and Mrs. Will Stegemoller Sunday were Rev. and Mrs. Oelke and son, Luther, Mr. and Mrs. Delbert LeFevre and children, and August Balzer.

Kenneth Stegemoller returned home from the Stamford hospital Monday with his right leg in a cast. He hurt his ankle and knee in football practice at Rule High School. The first cast was just on his ankle and now he has one on his entire leg. Quite a bit of pasture land was blackened Sunday afternoon and night by a grass fire that started in the pasture belonging to G. W. LeFevre and spread to the land of R. O. Gibson and Dick Hank-ins.

Mr. and Mrs. Herbert Nierdieck and children, Mr. and Mrs. C. C. Bredthauer and Alfred and Mr. and Mrs. Alvin Bredthauer and family went to Houston last weekend to attend the wedding of Miss Irene Bredthauer, daughter of Mr. and Mrs. C. C. Bredthauer, to Ewald Bortz of Houston.

August Hahn celebrated his birthday Friday night, Nov. 17, in his home. Games were played and refreshments were served to Mr. and Mrs. Emil Wolsch, Mr. and Mrs. C. F. Erdman, Mr. and Mrs. Beno Erdman and family, Mr. and Mrs. J. A. Hertel and Kay, Mr. and Mrs. Oscar Neinst and family, Harvey Hahn, Mr. and Mrs. Ervin Diers and children, Mr. and Mrs. Herman Bultz, Mrs. Hilda Nueman and Martha, Mr. and Mrs. F. A. Stegemoller and Mrs. H. E. Driessner and sons, and the hosts.

Mrs. Harvey Hahn went to Abilene Friday to visit her sister, Lucy, who was injured in an auto accident. Her sister returned to Sagerton with her. Clarence Leach of New Edinburg, Ark., arrived here Sunday for a visit with his brother, G. A. Leach and Mrs. Leach. Mrs. Wilson Gibson and sons of Rule spent Sunday with her parents, Mr. and Mrs. G. A. Leach. Mr. and Mrs. Paul Flaucher of Borger accompanied by Mrs. J. M. Riesing of Midland spent last week-end with Mr. and Mrs. Ben Hess and Miss Buelah Mae Summers. Mr. and Mrs. Hess returned to Midland with them for a visit. Mr. and Mrs. Loil Young have returned from John City where Mr. Young enjoyed a deer hunt. He killed a 7 pointer. C. D. Swope and son, Dick, have purchased the Schroeder & Letz Gulf Service Station here. Mrs. John L. Guinn accompanied Mrs. Pearl B. Monke to Fort Worth Saturday for an executive meeting of the National Association of Postmasters.

Baylor Assets At \$25 Million, White Reports

President W. R. White of Baylor University told Texas Baptists in Fort Worth that Baylor assets in three cities now total \$25,000,000. It is an increase of \$3,000,000 over a year ago, he said.

In its annual report to the Baptist General Convention of Texas, meeting at Fort Worth, the Baptist school also reported gains along other lines. The 5182 regular students at Waco, 241 dental students at Dallas, 154 nursing students at Dallas, and 343 medical students at Houston make a total of 5,920 enrolled in the various branches this Fall, he said.

Most rapid growth has been noted in the university's graduate school at Waco, which has enrolled 504 students this Fall.

"Baylor is a fountain out of which have come institutions of higher learning and elements that have gone into the whole fabric of education in Texas," Dr. White declared in referring to Baylor's 106-year history.

"Baylor has a spirit which is a mosaic of good things, old and new. She is old enough to have achieved a ripened maturity. She is progressive enough to have all the up-to-dateness of a great modern university."

Baylor buildings and campuses in the three cities are valued at \$18,500,000, Dr. White told Baptists. This will be increased further with completion of the Truett Memorial Hospital, an addition to Baylor Hospital at Dallas, and of the Armstrong-Browning Library at Waco.

Endowment stands at slightly less than \$5,000,000, he reported, adding that this figure is far from being adequate for safe financial operation of the school. That it is growing however is indicated by the fact that this year's figure is an increase of \$893,000 over last year.

Total income of the university during the 12-month fiscal year was approximately \$8,000,000. An additional \$2,000,000 was involved in inter-fund transactions, meaning the business office handled about \$10,000,000 during the year.

Dr. White announced that "graduate faculties are being enlarged and strengthened, and definite progress is being made" for offering doctor of philosophy degree. The University has frequent demands for this expansion, he reported, "But it cannot be initiated until our financial conditions warrant the faculties for this work and whose teaching load will permit the direction of graduate research and studies."

It is difficult to make a man miserable while he feels he is worthy of himself and claims kinship to the great God who made him.—Abraham Lincoln.

Recent experiments show that good pastures produce as much livestock feed per acre as high yielding corn or grain sorghums on the same type of land.

POWER with ECONOMY means extra profit in your pocket!

3-PLow MODEL "44"

★ You smooth out the tough spots or lick a hard belt job in record time when you put a Massey-Harris to work on your farm. You save money too... cover more acres on every tank full of fuel... faster, easier... at less cost. There's a Massey-Harris suited to your kind of farming... 6 great models... 5 power sizes... more power... more speeds... each a top performer in its class.

O'NEAL'S RECIPE OF THE WEEK

By Mary Lee Taylor

Oyster Stew

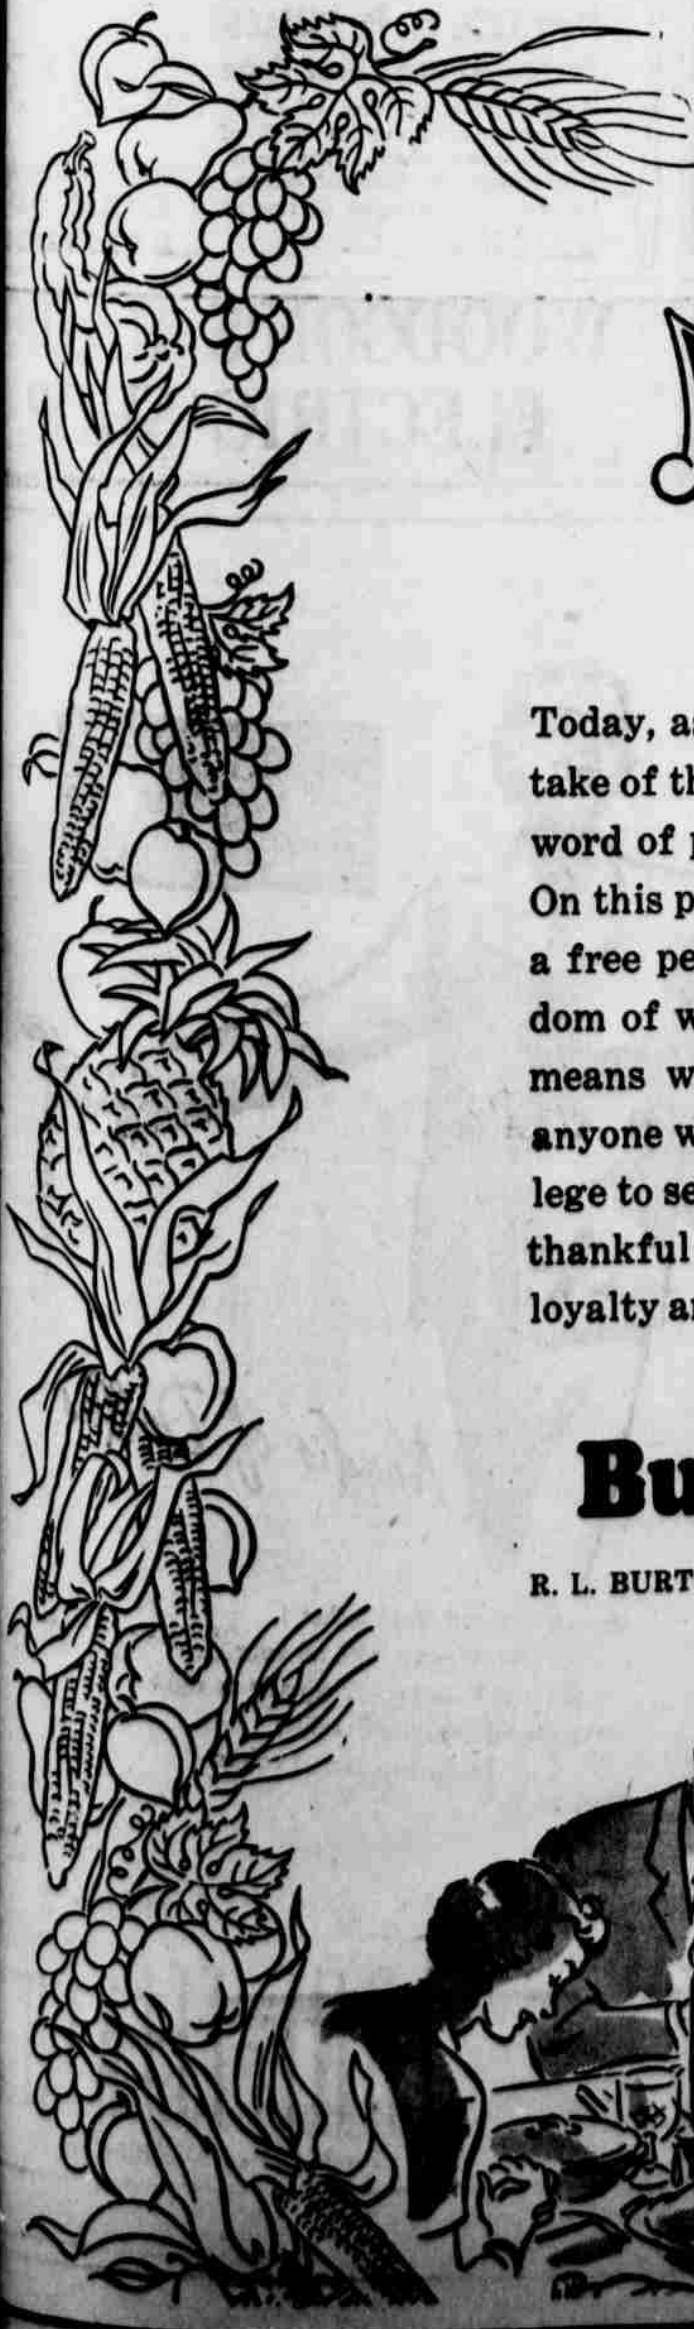

1 pint oysters, 2 tablespoons butter or margarine, 2 1/2 cups hot milk. Drain oysters of any liquid; then clean oysters carefully. Add water to oyster liquid to make 1 1/2 cups. Cook oysters in butter until edges start to curl. Add milk, liquid off oysters, salt, pepper and bay leaf. Heat to boiling. Stir in parsley. Do not boil. Serve steaming hot. Makes 4 servings.

*To use canned oysters, heat thoroughly in butter before adding milk, then proceed as directed above.

You Will Need:

Pet Milk, Oysters, Bay Leaf, Parsley and Butter or Margarine.

Roasted PEANUTS	Lb.	29c
ONIONS	Lb.	7c
Light Crust FLOUR	10 Lb. Bag	89c

We Give Thanks

Today, as we gather around the festive board, eager to partake of the fine bird and all the trimmings, we pause in a word of prayer... a prayer of Thanksgiving. On this purely American holiday there are many things, we, a free people in a free land have to be thankful for; freedom of worship, freedom of speech, free enterprise which means we have the privilege of being served by or serving anyone we choose. Through the years it has been our privilege to serve many of you and we want you to know we are thankful for that privilege. Your fine spirit of fellowship, loyalty and patronage means for us a happier Thanksgiving.

Sleeping Comfort FOR SALE!

Let us show you what Modern Automatic Sleeping Comfort can mean to you!

The best aid to health and beauty is a good night's sleep. You will fall asleep faster and sleep sounder in a bed that is warm all over and stays that way all night. With a G-E Automatic Blanket, you can select the personal warmth you like best. Just set the dial on the bed-side control... this "just-right" warmth is automatically maintained... regardless of temperature changes... all night long

Automatic Electric Blankets
COME IN AND SEE FOR YOURSELF...

- The new up-and-down circuit that gives you even, luxurious, sunshiny warmth—all night long.
 - How the remarkable bed-side control keeps your bed at a perfect temperature for real sleeping comfort.
 - How the new G-E Blanket is lighter than ever—warmer than ever—how it takes the place of three ordinary blankets.
 - How 1,000,000 G-E Blankets are already making Americans "sleep-happy."
- G-E Automatic Blankets launder easily and come in four lovely colors: rose, blue, green, and red. They're available in sizes to fit any type bed.

West Texas Utilities Company

"WHAT DYA MEAN... MORE PAYLOAD?"

DODGE "Job-Rated" trucks GIVE IT TO YOU!

IT'S A MATTER OF better weight distribution

You can haul more payload than ever in a Dodge "Job-Rated" truck, because the load is better distributed. Most trucks carry too much of the load on the rear axle—too little on the front. Because the engine of a Dodge "Job-Rated" truck is moved forward and the front axle back, both axles carry the right proportion of the load. That means you can haul bigger payloads without overloading.

NOT THIS The payload on most trucks—like the girl in this boat—rides too far to the rear. Result: there's too much weight aft, not enough forward.

BUT THIS In "Job-Rated" trucks, the load is moved forward—as the girl is now positioned. Results: proper weight distribution—bigger payloads—easier handling.

NEW! glyrol FLUID DRIVE! Available on 1/2-, 3/4- and 1-ton models... for longer truck life, lower upkeep costs. Ask us for interesting Fluid Drive booklet.

Come in today!

Job Rated... for low-cost transportation

POWER:... great truck engines—each "Job-Rated" for PLUS power.

ECONOMY:... priced with the lowest "Job-Rated" for dependability and long life.

BIGGER PAYLOADS:... carry more without overloading axles or springs because of "Job-Rated" weight distribution.

EASIER HANDLING:... sharp- or turning! Parks in tight places. "Job-Rated" maneuverability!

COMFORT:... widest seats... windshield with best vision of any popular truck. Air-cushioned, adjustable "chair-height" seats.

SAFETY:... finest truck brakes in the industry... hand brake operating independently on propeller shaft on all models—1/2-ton and up.

With all their extra value DODGE "Job-Rated" TRUCKS are priced with the lowest

"Education In Haskell Schools" Program Theme at Meeting of Magazine Club

Mrs. Irene Ballard was director of the program on "Education In Haskell Schools," at the regular meeting of the Magazine Club Friday, Nov. 17th.

Previous to assembling of members in the clubhouse, Elmore Smith took pictures of members of the Executive Board.

Mrs. Ada Rike, club president, presided for a business session. Several books were brought for the Library. Members voted a \$5 donation for the Boy Scouts.

Decorations of Fall flowers and coral berries were used in the assembly room.

more than cooking and sewing were taught in the Home Economics Class, that several phases of homemaking were included: Housing the Family, Economics of the Home, Feeding the Family, Clothing the Family, Child Care, Health and Home Management, were a part of the course.

Mrs. W. P. Trice, County Health Nurse, talked on "Health." She pointed out the necessity for immunization of the public school child and told of instruments used in helping the children who are handicapped by poor vision and hearing.

Mrs. Ray, a member of the Educational Committee, was a Club visitor. Members attending were Mesdames Ada Rike, J. U. Fields, Terry M. Diggs, Joe Tyson, Hill Oates, O. E. Patterson, Earl Atchison, Robert Wheatley, Bill Kemp, K. H. Thornton, Hugh Smith, Iva Palmer, C. L. Lewis, Virgil Bailey, Irene Ballard, Norred Boone, W. P. Trice, Elmer Turner, R. L. Harrison, N. I. McCollum, A. W. Cox, J. M. Collins and Miss Lucille Watson.

Mary Frances White, J. C. Bartley Wed In Stamford Rites

Mary Frances White and John Cleveland Bartley of Haskell were married November 18 at 10 a. m. at the home of W. Thelon Jones, minister of the Assembly of God Church at 403 East Reynolds St., Stamford.

The minister performed the single ring ceremony and his wife attended the ceremony. The bride is a half-sister of the minister.

The bride wore a blue dress with brown accessories and a matching corsage.

Following a short honeymoon trip, the couple will return to Haskell to make their home. Mr. Bartley is employed by Burton Chevrolet Company in Haskell.

Friendship HD Club Has Thanksgiving Supper

The Friendship H. D. Club members entertained their families with a Thanksgiving supper and party Thursday night, Nov. 16, in the home of Mr. and Mrs. Ted Jetton.

A bountiful supper was served and was enjoyed very much by everyone, after which games of 42 and dominoes were played.

Those attending were Mr. and Mrs. Leon Newton, Sherry and Anita K. Mr. and Mrs. Claud Young, Joe and Judy, Mr. and Mrs. Edward Newton, and Lewis Edward, Mr. and Mrs. Dewayne Vaughn and Beverley, Mr. and Mrs. Haydon McDonald of Haskell, Mr. and Mrs. Otto Vaughn and Dolan, Edna Mae Alexander and the hostess, Mr. and Mrs. Ted Jetton and children, Jimmy, Jacky, Sandra and Bill.

Shown are winners in the Haskell elementary contest for Art Week, sponsored by the Haskell Progressive Study Club. From left to right are Shirley Norman, Peggy Waldrip, Joleen Burton, Mary Frances Gipson and Sharon Green. (Photo by Blohm, Courtesy Abilene Reporter-News.)

SOCIETY

Mrs. Hoyt Ford, Abilene Psychologist, Is Guest Speaker at Study Club Meeting

Mrs. Hoyt Ford, Psychologist, and Counselor for nurses of Abilene hospitals, was guest speaker in the absence of Dr. Wm. O. Beazley, at the regular bi-monthly meeting of the Progressive Study Club held in the Homemaker Cottage Thursday, Nov. 16 at 7:30 p. m. She continued the review and a discussion of the book, "New Ways in Discipline," by Dorothy Walter Baruch.

Members of the club voted to contribute to the Sweeney Diabetic Foundation at Gainsville, Texas.

Bookmarkers had been received that were to be presented to all students of Elementary, High and Colored schools in Haskell in observation of Children's Book Week, Nov. 12-19, 1950.

East Side W. M. S. Has Royal Service Program Monday

The East Side W. M. S. met for their Royal Service program, Monday, Nov. 20 at 2:30 p. m.

The devotional was brought by Mrs. Emory Anderson who took as her subject, "Go, heal." Prayer by Mrs. Priddy followed. After the program a large box of toys and a large box of new and used clothing was packed for Buckners Orphans Home.

Members were gratified over the generous response and many articles donated for the boxes, and everyone who contributed in any manner to the needs of the orphans home in Dallas has the sincere thanks of the Society.

Mrs. D. A New Is Hostess For H-D Club Meeting

The Center Point Home Demonstration Club met Thursday, Nov. 16 in the home of Mrs. D. A. New with 18 members present.

Mrs. Ted Marugg, as demonstrator, baked Swedish tea rings which were very good. Plans were made for the Thanksgiving supper to be given for members and their families on Wednesday night, Nov. 29, in the old Sayls school teacherage.

After the business meeting, a delicious plate of sandwiches, doughnuts, hot chocolate and tea rings were served to the following: Mesdames Avis Pennington, Essie Bland, Ethel Bird, Helel Wiseman, Virginia Dornier, Sally Patterson, Doris Hannz, N. J. Hunt, Lorene Fouts, Janie Whitaker, Della Corzine, Zada Smith, Claudia Mae Bland, Zada Marugg, Ida Farrell, J. F. Jeter, a new member, Mrs. Beasie Melton and the hostess, Mrs. New.

Weinert WMU Has Royal Service Program Monday

The Weinert W. M. U. met for a Royal Service program Monday at 2:30. Mrs. C. T. Jones, program chairman directed the program. The meeting was opened with prayer by Mrs. R. H. Jones. Members taking part on the program were: Mesdames Temple Lewis, E. D. Eales, John Therwagner, R. C. Eales, C. C. Childress, Ed Roberts, J. W. Liles, Eddie Sanders, Edward Newton, W. C. Winchester, C. J. Williamson. The meeting was closed with sentence prayers by each of the women.

Every sincere wish and prayer for goodness, every earnest attempt to fulfill difficult duty, is sure to help on our spiritual progress.—James Freeman Clarke.

Weinert Matrons Club Meets Here In Coggins Home

The Weinert Matron's Club met for the regular meeting Thursday, Nov. 16 in the home of Mrs. W. I. Coggins of Haskell. Mrs. Pearl Monke directed the program on Music. She gave a life story of Margaret Truman, Mrs. Fred Monke gave the musical career of Margaret Truman.

Refreshments were served to the following members: Mesdames Claude Reid, A. Bartell, Ed Roberts, W. B. Guess, R. H. Jones, P. F. Weinert, C. T. Jones, Fred Monke, J. W. Liles, Frank Oman, R. C. Miles, W. A. King, Pearl Monke, W. I. Coggins and one guest, Mrs. L. H. Cooper.

Josselet HD Club Meeting Held In Toliver Home

The Josselet H. D. Club met in regular meeting Nov. 14 in the lovely home of Mr. and Mrs. J. L. Toliver, Jr.

Mrs. C. F. Bailey vice president presided. After a short business meeting Miss Wirges, the home demonstration agent, gave a demonstration on Quick Loaf Bread. It was very good having dried fruit, brown sugar, and whole wheat flour made it a little different and all decided it would be very good with coffee for breakfast.

Names were drawn for a Christmas party, to be held at our first club meeting in December. Every member is urged to come. Our gifts are not to exceed \$1.50.

Mrs. Toliver served refreshments to Mesdames Jimmie Anderson, J. F. Perrin, J. L. Toliver, Jess Josselet, J. H. Reding, C. A. Thomas, Mrs. T. W. Jetton, C. F. Miss Margaret Toliver, a new member, and the agent, Miss Wirges.

RETURN FROM CALIFORNIA

Mr. and Mrs. E. J. Couch and children, Vera Sue and G. W., have returned from an extended visit in California with their sons and brothers, Robert and Emmett Couch, Jr., and families.

John Helps Commissions Det Officers

A&M's most famous assisted Major Gen. Boatner in presenting

cadet commissions to 35 cadet officers Friday night at Guion Hall, A&M College.

The former grid star was Major John A. Kimbrough, U. S. Army Reserve, of Haskell, Maj. Gen. Boatner is commanding general of Egin Air Force Base, Florida.

The mass oath of office was administered by Lt. Col. Marion P. Bowden, assistant commandant of cadets at A&M College.

Maj. Gen. Boatner and Maj. Kimbrough presented the commissions, followed by the audience singing "The Spirit of Aggieland."

Blue Birds Group Reviews Series of Activities During Past Month

The Blue Birds have been so busy they haven't even had time to get their "write-ups" in the paper. If you have missed them and wondered what had become of this group, then read the following and you will see.

Oct. 24 they had a wonderful time roasting weiners and playing games at the Sam Herren farm. Later they went to the leaders, Mrs. Douglas Lee's home for a surprise birthday party for her niece, Suzanne Lane, where they enjoyed ice cream and cake.

The next meeting Nov. 7, was in the home of Karen Adkins, at which time they learned their Blue Bird Wishes: 1 to have fun, 2 to go to interesting places, 3 to remember to finish what I begin, 4 to make beautiful things, 5 to learn to hold my temper most of the time, 6 to learn about flowers, birds, sand, and trees, 7 to make friends.

Last Tuesday, Nov. 14, the group met in Miss Pool's second grade room for refreshments and were issued their new uniforms. At the conclusion the group joined several of the other Blue Bird and Camp Fire groups along with the colored group of Camp Fire Girls who brought the colored Boy Scouts as guests to see a film, "Safety on Wheels." This film was presented by the safety chairman, John Darnell through General Motors with Max Brown operating the projector.

When the film was over Miss Crawford conducted a brief quiz to see how much the group had learned. She then led the group in some Camp Fire songs.

Those enjoying this program in this group were Louisa Herren, Jan Herren, Jan Eastland, Sarah Lees, Suzanne Lane, Jeanne Merchant, Kay Gresham, Linda McDonald, Janice Clay Hattox, Martha Jane Bynum, Jane Ann Sego, Karen Adkins.

Blue Birds Meet Tuesday In Home Of Mrs. Jacobs

Once again a home was honored by the presence of the Gay Blue Birds as they held their regular meeting Tuesday, Nov. 21. The group is under the guidance of a new leader, Mrs. Melvin Jacobs. Songs were sung and the group made pinwheels. The wind obligingly blew to turn the pinwheels as the group played games in the yard.

Weinert News

Overnight guests in Weinert Monday night included Hiram Yates, Big Spring, who visited Mr. and Mrs. Wm. Gilbreath and Hoyle Robertson of Petersburg, who visited Mr. and Mrs. W. B. Guess. Mr. Robertson is Mrs. Guess's uncle. Mr. Yates formerly lived in the Cotton Wood community near Weinert.

Frank Alexander suffered a broken hand and wrist Monday night during the football game played between two groups of Weinert men for benefit of Father and Son banquet to be held soon at Weinert under the direction of W. L. Medford vocational agriculture teacher.

Luther Walker and his roommate, A. C. Sharp from McMurry, attended the Lord's Acre Day festivities held in Weinert Saturday.

Mrs. Claude Reid is recovering from an operation Saturday in the Stamford Sanitarium.

HERE FROM WEINERT Rev. L. W. Tucker, pastor of the Weinert Methodist Church, was a business visitor in Haskell Monday.

Attend Birthday Party in Albany Home Sunday

Haskell relatives and friends, joined by others from surrounding towns were visitors in the home of Mrs. M. V. Willis in Albany Sunday in observance of her birthday. The day was spent in visiting, playing games and kodaking, with a bountiful dinner at the noon hour, complete with a birthday cake for the honoree, Mrs. Willis, who also received many gifts. Attending the pleasant affair were: Fince and Arvil Martin, Sr., Joan Martin and Johnny Johnson of Cleburne; Mr. and Mrs. Dennis Mudd, Mary Jo and Alice Cox of Cleburne; Mr. and Mrs. Guinn Graves and sons Ricky and Gary, Mr. and Mrs. Arvil Martin, Jr., and daughters Sherry Ann, and Elizabeth Kay of Cleburne; Mr. and Mrs. Bob Woods and son Bobby, Mr. and Mrs. Howard Posey, Mr. and Mrs. D. H. Anderson and daughters Dianne and Polly, all of Albany; Jack Woods of Coleman; Mr. and Mrs. W. S. Cox, Othella and Helen Cox, and Miss Jenella Couch of Haskell.

Defrosts ITSELF in 2 to 10 minutes!

CROSLEY '51 SHELVADOR

There's nothing else like Crosley's "Care-Free" Automatic Defrosting. No muss, no fuss, no bother. Nothing to turn off, nothing to watch, nothing to empty. In 2 to 10 minutes it's completely defrosted! Frozen foods don't even begin to thaw!

MODEL SACS Capacity 9.5 cubic feet

CROSLEY WORKSAVER DESIGN You enjoy twice as much space where you want it—in front, in sight, in reach—all space at the "convenience level."

FULL-WIDTH FREEZER Spacious freezer holds as much as 50 pounds of frozen foods and ice cubes... and two big crispers keep vegetables dewy-fresh.

\$369.95

FAMOUS ELECTROSAVER UNIT Quiet, economical refrigerating unit is backed by a 5-year warranty. Extra-thick insulation keeps efficiency up, operating cost down.

Pasture Improvement Pays Profitable Return to Stockman, Tests Show

Profitable returns is the idea being stressed in the pasture improvement investigations that are now being conducted by the Texas Agricultural Experiment station says Dr. R. C. Potts, associate professor of agronomy in charge of forage investigations.

Recent experiments show that pastures produce as much livestock feed per acre as high yielding corn or sorghums on comparable land, according to Potts. He says that improved pastures produce total digestible nutrients equal to a 75 or 80 bushels per acre corn crop. On irrigated land, as far as cash income is concerned, pastures compare favorably with cotton.

Studies of comparative costs show that the cost of 100 pounds of digestible nutrients from pastures is \$1.26; from hay, \$1.74; from silage, \$2.07; and from concentrates, \$4.23. Dr. Potts points out also that the return per man hour of labor is much higher than from cultivated crops—six times as much as from corn and nine times as much as from oats.

Dr. Potts states that success in today's improved pasture programs depends upon the use of correct pasture plants. The new deep-rooted grasses and legumes recently selected show much promise. Madrid clover, one of the most important of these, is valuable for fall to spring grazing in Texas if it is combined with oats.

Bur-clovers, crimson clover, white clover, perennial lespedeza, and new introductions such as coastal Bermuda holds special promise for pastures in Texas. Even Johnson grass, traditional scourge of the cotton fields, is a good pasture plant when combined with certain legumes and properly fertilized.

Planting shotgun mixtures of 15 to 20 grasses and legumes at high seeding rates, hoping to obtain a stand of the suitable plants, is a poor practice, says Dr. Potts. He says that simple mixtures, usually one grass and one legume, are all that are necessary to do the job. Specific information regarding

suitable pasture mixtures are available through the local county agent's office and other farm agencies. Dr. Potts adds that plenty of fertilizer is another must for productive pastures. Large initial applications will be necessary to insure good stands of the desirable pasture plants. Additional applications will also be needed after the pasture is established to replace nutrients removed from the soil.

Grassland management begins with a farm-wide plan to fit livestock needs and make full use of soils and climate, says Dr. Potts. Although the plans may differ from farm to farm, they have certain features in common. Here again is a chance to ask for assistance from local agricultural experts in planning a program that is fitted to the farm, the land, and to the farmer.

Broadcast of Two S. W. Conference Games Slated

Two significant Southwest Conference games in the state's two largest stadiums comprise Saturday's Humble Oil & Refining Company football broadcast schedule.

SMU meets Baylor in the Cotton Bowl while TCU faces Rice in big, new Houston Stadium on this two-game afternoon, as Texas and Texas A&M rest prior to the Thanksgiving Day event.

From Dallas, Kern Tips and Alec Chesser will broadcast the Mustang-Bruin game, starting at 1:30 p. m. on stations WFAA-WBAP-820 Dallas-Fort Worth. The TCU invasion of Rice's new football home will be described by Ves Box and Jerry Doggett, starting at 1:50 p. m., on stations KRBC, Abilene and others.

ATTEND TCU-TEXAS FOOTBALL GAME

Mr. and Mrs. Frank Baldwin attended the TCU-Texas football game in Fort Worth Saturday.

Methodist Church Open Daily For Prayer, Meditation

The Methodist Church will be open each day for prayer and meditation for anyone who wishes to come. Spend as much or as little time as you wish and sign the register which will be found on a table in the foyer of the church. Entrance will be at the middle door on the south side of the church.

"Prayer is not a vain attempt to change God's will; it is a filial desire to learn God's will and to share it."

VISITORS FROM DALLAS

Misses Marvina and Dorothy Post of Dallas spent the week end in the homes of their grandparents, Mr. and Mrs. H. S. Post.

HASKELL VISITORS

Misses Mabel and Fannie Baldwin of Dallas spent the week end in the homes of Mr. and Mrs. J. M. Collins and Mr. and Mrs. George W. Fouts.

GUEST IN HOME OF DAUGHTER

Mrs. W. R. Hinds of Houston arrived Sunday for an extended visit with her daughter, Mrs. J. V. Clare.

Pretty Jimmie Clemons, queen of the National Cotton Picking Contest at Blytheville, Ark., and "Miss Blytheville," makes a pretty picture in a cotton frock atop a pile of fluffy white cotton. The cotton queen wears a frock made of cotton sacks which she modeled in a "feed bag fashion show" presented at the contest by the National Cotton Council.

Farmers Advised To Fumigate Stored Grain

Farmers who are still moving grain into their bins are reminded of the precautions necessary to prevent this grain from being damaged by insects. Grain already in storage should be checked regularly for insects and F. W. Martin, county agent, reminds farmers that pests of stored grain continue to do damage after other insect activity is reduced by cold weather.

Martin recommends that the bins be thoroughly cleaned before the grain is moved in. If constructed of wood, the bin should be sprayed at the rate of 2 gallons per 1000 square feet of wall and floor face area. Emulsions or water suspensions consisting of two and one-half per cent by weight of DDT or chloradane are good sprays for this purpose. Martin says that a water suspension of DDT can be prepared by mixing ten and one-half gallons of 50 per cent wettable DDT in 25 gallons of water.

Fumigation of stored grain is most effective within one month after it is placed in the bins, says Martin. He states also that grain should be as dry as possible when

stored—not more than 12 per cent moisture.

Martin says that insects are likely to be found near the surface of the grain bin. Therefore, their presence can usually be determined by sifting a sample of the surface grain. He points out that the temperature of the grain is also an indication of its condition.

Apply fumigants from the outside of the bin with a bucket pump or other type sprayer. Make sure that the fumigant is evenly distributed over the surface of the grain. Martin warns farmers of the danger involved in applying fumigant with a sprinkling can.

When breathed in concentrated form, the fumigant vapors are very dangerous. Martin advises that the person doing the fumigating avoid inhaling the vapors and try to keep from spilling the fumigant on the skin and clothing or in the shoes. Remove wet clothing at once and wash the skin with soap and water to prevent blistering.

Ten gallons per 1000 bushels of grain of a mixture of one part carbon tetrachloride and three parts ethylene dichloride is a good fumigant mixture to use. Carbon tetrachloride may be used alone as a fumigant at the rate of eight gallons per 1000 bushels of grain, or a mixture of four parts carbon tetrachloride and one part carbon disulfide may be used at the same rate of application.

WORLD'S SMALLEST PRODUCES OIL AND

What is possibly the smallest oil field is being produced in Kansas. There, the produce a total of four million barrels of oil in only 11 feet. Reservoir is believed to be supplied by a drive, since the wells produce when it rains. The well and their producing consists of two-inch pipes powered by washing machines. Exact source of the oil pipelines were checked showed no leaks. The drilling contractor, reported profit, but a lot of fun.

Turkey With All The Trimmings!

... TOKEN OF OUR AMERICAN HERITAGE.

Thanksgiving dinner . . . turkey with all the trimmings . . . symbolic of that first Thanksgiving when, after a year of intense hardship, our Pilgrim Fathers rejoiced with a table of plenty. Let us pause to recall the intolerance and oppression that they fled, and resolve to practice continually, those ideals of democracy which motivated the Pilgrims' crossing, and enabled them to establish a land of freedom in America.

See the following candy girls dressed in little pink ruffled short skirts, midriff top and fluffy hats: Jim Byrd, Ralph Duncan, George Neely, Marion Reeves, C. E. (Smitty) Smith, Dr. J. G. Vaughter, Willard Warren, Robert Wheatley, Erne Lowe, John Couch, John Crawford, Scotch Coggins, Leonard Florence, Payne Hattox.

And don't miss Olen Dotson as master of ceremonies, Dr. Bill Ponder as middle man, Wix Currie, Harold Spain, Dr. Billy Kemp, Joe Thompson, S. H. Vaughter and A.

M. Turner as the end men. Kenneth Baas will play the boogie woogie solo, Claude Harrison is the man leaving on the train with J. E. Walling as negro porter.

Jetty Clare and Mode Collins will do the ticket taking with Courtney Hunt, Bill Richey, Austin Coburn, and Curtis Pogue dressed as negro women acting as ushers.

All of these, the rest of the cast and about eight women and girls will be in the chorus.

Simple Rules Will Help Prevent Many Hunting Accidents

This is the time of the year when hunting accidents take their heaviest toll of lives. Most accidents could be prevented if the simple rules of safety with firearms are observed. "Trigger-happy" hunter, says R. E. Callender, extension specialist in wildlife conservation of Texas A&M College, endanger the lives of every other hunter in the woods and also cause much damage to wildlife. Their wild shooting leaves many birds and animals crippled and these are lost because they are not usually found until they are dead.

Practicing safety with guns in the fields or woods then, says Callender, is just a good conservation practice and it applies to both humans and wildlife. He reports that almost two-thirds of all hunting accidents result from three causes: humans in line of fire, mistaking humans for game and hunting with safety catches off on the rifle.

He points out that good sportsmanship is just good manners. It includes the right gun for the right game, hunting only in season and not taking more game than can be used even though the bag limit may permit the hunter to take more. Bird hunters, he says, should use a trained dog to retrieve crippled birds. The careful and wise hunter puts out cigarettes and campfires, breaks matches before dropping them and leaves the area where he has hunted in good condition.

Here is Callender's code of safety for the hunter. Treat every gun as if it were loaded; it is usually the empty gun, they thought it was empty, that takes the most lives. Loaded guns should never be carried in an automobile. The gun barrel action should always be checked to make sure there are no obstructions in either. The gun should be carried so that the hunter always has control of the direction of the muzzle, even if he should stumble. The good hunter never pulls the trigger until he is sure of his target and never points a gun at anything he doesn't intend to shoot.

The intelligent hunter will be thinking about how he can aid in conserving wildlife of the land so that he and other hunters will have areas where they can continue to enjoy one of America's greatest sports in the years ahead. Wasteful and careless hunting habits on the other hand, says Callender, can destroy the protection, vegetation and even the wildlife itself. It's up to every hunter, he concludes, to see that this situation does not exist in the areas where he hunts.

Dr. George W. Cox Re-Elected State Health Officer

The Texas State Board of Health has elected Dr. George W. Cox of Austin to his eighth consecutive two-year term as state health officer.

The vote of the nine member board in favor of keeping Dr. Cox in the post he has held since

1936, the longest tenure in the 70-odd year history of the State Department of Health was unanimous.

Dr. O. B. Kiel of Wichita Falls, chairman of the board, called Dr. Cox, "outstanding among the health officers in the nation."

"The job he has done in his capacity is remarkable," Dr. Kiel said. "I speak for the whole board when I say Texas is fortunate to have such a man as Dr. Cox heading its public health activities."

In addition to Dr. Kiel, present board members are Dr. S. D. Coleman, Navasota; Pat Cavanaugh, a San Antonio pharmacist; Dr. John H. Mitchell, Tyler; Dr. W. Rogers, Corsicana; J. P. Burden, San Angelo; Dr. T. C. Terrell, Fort Worth; Dr. B. E. Pickett, Carrizo Springs; and Dr. L. S. Oates, Center.

Dr. Cox has aligned himself with the public health movement in Texas throughout his professional career. He is a former member of the State Board of Health. His medical degree was conferred at Tulane University. Some of the highlights of his tenure as the leader of State public health are:

A reduction of typhoid fever death rates of 97 per cent; a 96 per cent cut in malaria mortality; 43 per cent reduction in syphilis death tolls.

The common diseases of childhood—scarlet fever, whooping cough, diphtheria and measles—have been so sharply curtailed

that last year the combined death rate from the four causes was less than one-third that of diphtheria alone 15 years ago. Influenza and pneumonia deaths have also fallen off sharply since 1937.

A 500 per cent increase in the number of local health units has occurred under the administration of the veteran health chief who strongly advocates decentralization of the state's facilities "so people can get to them."

He is a past president of the United States - Mexico Border Public Health Conference, a diplomat of the American Board of Preventive Medicine and Public Health Association, American Medical Association, and the Texas State Medical Association. He is also director of the Division of Emergency Medical Services and Public Health within the framework of the State's civil defense organization.

Billy B. Howeth Earns Rating of Telemancer

Billy B. Howeth, USN, son of Mr. and Mrs. J. W. Howeth of Rt. 3, Haskell, has been advanced to telemancer, second class.

Howeth, who entered the Navy Aug. 3, 1945, is presently serving at the U. S. Naval Air Center, Patuxent River, Md., in the Communications department.

Before entering the Navy, Howeth was graduated from Haskell High School.

DISEASES REPLACE "IRON HORSE"

American railroads installed 1,127 new locomotives during the first six months of 1950. Of these all but five were diesel engines.

This was the largest number of locomotives installed in a comparable period since 1923. As of July 1 this year, there were 1,000 locomotives on order, which included 973 diesel, 23 steam and four electric.

Jay Cox of Haskell Listed in College Who's Who

Three members of the Hardin-Simmons University football team and one member of the Cowboy basketball team, Jay Cox of Haskell, will be listed in Who's Who Among Students in American Universities and Colleges.

The four students are Captain Brooks Allen, right halfback; Co-Captain John (model T) Ford, quarterback; Gene Offield, right end; and Jay Cox, Co-Captain of the basketball team. Cox is the son of Mr. and Mrs. W. S. Cox of the Paint Creek community.

Ford passenger cars for 1951 offer refinements in appearance as well as in mechanical operation, featured by Fordomatic Drive automatic transmission. Above is pictured the 1951 Ford Custom Tudor Sedan.

1951 Fords, With New Automatic Transmission, On Display Friday

The 1951 Fords, featuring Fordomatic Drive, the new automatic transmission, will be on display at Bill Wilson Motor Company in this city, and at Ford dealerships throughout the nation Friday, November 24.

"Ford cars for 1951 accomplish notable refinements in styling, beauty, engineering, riding qualities, economy, safety and ease of handling," Bill Wilson, Haskell Ford dealer, announced.

Addition of the new automatic device will make available to Ford buyers a choice of three transmissions and two engines—six different power combinations in all.

Both the conventional three-speed transmission and the Ford overdrive will continue to be available. These, with the new Fordomatic Drive, will be offered with either the 100-horsepower V8 or the improved 95-horsepower six engines.

Introduction of Fordomatic eliminates several years of intensive engineering research by the company to develop a fully automatic transmission that is simple to operate, economical, long wearing and easy to service. The device, which will be optional at extra cost, combines the advantages of a hydraulic torque converter and a planetary gear train to provide maximum performance and a smooth and economical flow of power.

A lowered hood, a new dual-spinner grille and a wider, longer wrap-around bumper give a more

massive appearance to the front end. Parking lights are restyled and larger chrome headlamp rings extend beyond the lenses. Added chrome and new, larger tail lamps add to the appearance of the rear end.

ATTENDS FUNERAL IN WICHITA FALLS

Mrs. F. A. Linville attended the funeral of a friend, Mrs. Vera Singer, in Wichita Falls last week.

ATTEND MEETING IN WICHITA FALLS

Mr. and Mrs. R. K. Graham attended Unit 23 TAAEC in Wichita Falls at the Kemp Hotel, Sunday, Nov. 19. Some of the leading hair stylists gave instructions in hair styling and cutting.

Declares Moscow Fosters War

The war in Korea is but striking at the wiggling tail of a giant snake, Dr. W. R. White, president of Baylor University, told students in the Baylor chapel.

"Threats of war's spread into Manchuria and China will pull us a little higher upon the snake's tail," he continued in referring to communism as a giant reptile.

"But you and I know," he continued, "that you can't kill a snake by striking at the wiggling tail. You have to hit them on the head."

"The head of the snake is in Moscow. I hope that we don't have to strike there, but from today's newspaper headlines such a move threatens to become inevitable."

It was the first time that the preacher-president of Baylor had spoken openly in respect to military phases of the war. "But it now has become time for us to think seriously," he declared.

"Russia and its communism is openly, violently opposed to Christianity," he declared in his thesis that God is on the right side of the right. But then he warned, "America itself is not without sin."

"Now is the time," he concluded, "that all we as individuals must rectify our own lives and through regeneration of individuals build a nation morally strong enough to defeat the enemies of right."

VISITS PARENTS

Mr. and Mrs. Bueford Barton of Dallas visited in the home of Bueford's parents, Mr. and Mrs. J. B. Barton over the week-end.

HASKELL CADET AT TEXAS TECH MADE CORPORAL

Col. Willard White, ROTC head at Texas Technological College, Lubbock has announced the promotion of the rank of Corporal of Cadet Powell Brown of Haskell, a student in the college.

Here! today! THE '51 FORD STEPS AHEAD ... FOR THE YEARS AHEAD

WITH 43 NEW 'LOOK AHEAD' FEATURES

White sidewall tires optional at extra cost.

See it today at your Ford Dealer's—the Ford! It's the newest Ford! It's the finest Ford! And it gives you 43 new "Look Ahead" features engineered and built into the car not just for year and next, but for the years ahead!

"Test Drive" the '51 Ford! You'll like the "Jet-away" performance of either the 100-horsepower V8 or the 95-h.p. Six... the new of Centramatic Steering... and the extra wide new Double-Speal King-Gee Brakes. And the Ford offers three advanced transmissions—Conventional Drive, the Overdrive, and the new automatic Drive, the newest, smoothest and most flexible of all automatic transmissions.

Wheat Farmers

You can insure a good winter stand of grain by planting the best seeds obtainable. We have a large stock of planting seeds in varieties best suited to this section and can take care of your needs in any quantity at reasonable prices. Below are listed seeds available from our stocks:

WHEAT

NEW AUTOMATIC RIDE CONTROL

... a new and unique springing system which automatically adjust spring reaction to road conditions. Advanced "Hydra-Coil" Front Springs and new Variable-Rate Rear Spring Suspension team with new "Viscous Control" Shock Absorbers to give you an easy ride—a level ride. Stroboscopic illustration above indicates how car stays level when going is rough.

New "Luxury Lounge" interior... with new long-wearing Fordcraft upholstery fabric, new harmonizing appointments, smart new colors, new "Colorblend" Carpeting—the '51 Ford's new "Luxury Lounge" interiors are "decorator designed" for the years ahead. Interior colors and new Fordcraft Fabrics are "Color-Keyed" to outside body colors!

New Automatic Posture Control... moves front seat forward automatically at release of lever, raises it for shorter drivers. Push seat back, it lowers automatically for taller drivers.

Automatic Mileage Blinker... saves gas automatically. New Waterproof Ignition System, including snug synthetic rubber spark plug boots, prevents engine being shorted out by moisture.

Here are a few of the 43 new "Look Ahead" features in the '51 FORD

For Power with Economy...it's High Compression!
FOR HIGH COMPRESSION...
IT'S THE "ROCKET"!

Ever since Oldsmobile introduced the "Rocket" Engine two years ago, seems
like everybody claims "high-compression"—but nobody explains it.
The phrase simply means squeezing the gasoline into a smaller space before
exploding it. This gets more power out of the same amount of fuel. But
the engine must be designed for high-compression all the way through to assure
smooth, quiet, gas-saving performance. The "Rocket" is 100% high-compression
—from the crankshaft out. And the lowest-priced "Rocket" Engine car is
Oldsmobile's "88." Makes good sense to try it soon—doesn't it?

Santa Claus—

(Continued from front page)

reindeer for his sleigh. Finally, Carothers wrote some airmail letters to towns in the Far North of Alaska, asking about reindeer. He learned that herds, which feed on reindeer moss, are under Uncle Sam's supervision. It took two years before Carothers could complete arrangements to take out some reindeer.

John Carothers was 14 then. He went along with his father on that first trip to Alaska. For three weeks they camped on the frozen Arctic coast where herds of reindeer grazed. It was summer and the reindeer had shed their fine antlers which they were hauling south to the Texas climate.

On his third expedition to Alaska, Carothers took along Jack Allen of Boston, another cameraman, for a companion. They hope to corral some 15 reindeer—the pick of two large Alaskan herds.

The two Texans traveled by bus, boat, rail, plane, dogsled and sledge to an Eskimo village at Kotzebue, on the Arctic coast. With Eskimo guides they headed north from there by sled to a frozen river inside the Arctic Circle where a large herd of reindeer graze. They'll be gone 7 weeks on this trip.

Reindeer ranching has taught Carothers many things. He has learned that the miracle drug, penicillin, protects reindeer from pneumonia, a disease to which they are subject in the Texas climate.

Every year the reindeer grows a new set of antlers. Bucks, females and fawn alike grow antlers. Some reindeer have antlers with a three-foot spread and 30 to 40 points.

When a reindeer walks he pants with his tongue out, like a dog. That doesn't mean he is too warm; it's his way of doing things. And the popping of his ankles when he walks is another reindeer peculiarity.

Checks Agonizing Sciatic Pain Fast!

It's the new! SUREIN for speedy, temporary relief of local, superficial pains of arthritis, rheumatism, neuritis, sprains, lumbago and also fatigue and muscular aches and pains of simple colds. Here is the secret of SUREIN's fast action and bloodless temporary relief of local superficial pain. SUREIN is based on a new application of a principle which permits a marked degree of absorption of the medicine through the skin and treats the pain at the point of pain. SUREIN contains a modern research drug — 2-methoxy-1-methyl-4-piperidine, a powerful ingredient to dilate surface blood vessels when used locally at the point of pain. SUREIN has 2-way action: it acts on the superficial blood supply; it allows relaxing agents, camphor and menthol and local anesthetic, methyl salicylate to penetrate rapidly. SUREIN acts fast. In a few minutes you feel a soothing warmth and get relief lasting 1 to 3 or more hours. No internal dosing with SUREIN—use it locally! SUREIN is quite different from old-fashioned ointments and liniments. SUREIN may be applied without fear and is so easy to use. Has no irritant base that is smooth, creamy-white. Washes off readily in warm water. Does not stain washable fabrics. Money back at your druggist if not satisfied!

SUREIN is not intended as a cure or treatment of these diseases. It is to be used only for temporary relief of local superficial pain.

GET PAIN RELIEF—GET SUREIN!
