HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—Jan. 21, 1932

A man being held in jail awaiting transfer to the state penitentiary, escaped from his cell Saturday night about 3 o'clock after forcing two other prisoners at the point of a pistol, to saw through the cell bars. The escape was not discovered until Sunday morning when Sheriff Sarrels went to feed the prisoners. Contractors began work last week on construction of Highway 120 from Throckmorton to the east line of Haskell County. When that stretch of the paved road is completed, highway engineers will begin on the Haskell County end of the project. Miss Maurine Couch and Miss Estle Ward, both teachers in the Stamford schools, spent last week end with the former's parents, Mr. and Mrs. John A. Couch.

Miss Ruth Milstead of Rule, who has been employed in that city by the West Texas Utilities Company for the past two years, has been transferred to Haskell as cashier in the local WTU office.

County Agent Joe C. Williams reports that during 1931, Haskell County farmers terraced and contoured 32,000 acres of land. Officers and directors of the two banks at Rule were elected at stockholders meeting this week as follows: First National Bank, J. E. Cloud, president; Lee Norman, vice president; E. J. Cloud, vice president and cashier; J. L. Hill, Jr., assistant cashier; G. W. May, J. E. Cloud, T. B. Denison, W. W. Kitley, C. E. Leon, J. T. May, Lee Norman, E. J. Cloud, directors. Elected by stockholders of the Rule Farmers State Bank were W. R. Carothers, president; W. D. Payne vice president; A. A. Bradford, cashier; Nora Hudspeth, assistant cashier; W. R. Carothers, C. P. Neal, W. D. Payne, E. L. Lewis, G. B. Tanner, Ed Hackfield, J. D. Westbrook directors.

40 Years Ago—Jan. 21, 1912

J. A. Price and Tom McLendon, ranchmen and farmers of the northeast side, were here Thursday. They said parties had been leasing land for oil and gas development in that section recently. Will Marr of Aspermont has purchased the Corner Drug Store, and is now in charge of the business. He is a brother of L. E. Marr and Mrs. J. S. Keister of this city. J. T. Lawley has purchased the Stephens stock of groceries, and has opened up a grocery

store. J. T. Barlow has exchanged his lands out on the Pecos River for land in Fort Bend County. He moved his family to their new home this week. T. C. Cahill made a business trip to Big Spring Monday night, and returned Wednesday morning. Mrs. Alice T. Nolen returned from Weiner Wednesday, where she had spent several days on business. She stated he had leased her lands to oil people. Werther Long has resigned his position with F. G. Alexander & Son and has gone to work in the County Clerk's office. W. L. Cox was here Wednesday from his place southeast of town. He said he had signed up a lease to oil men on his farm. He also said he had noticed the oil in two places on his farm, where it came to the surface after a big rain. E. E. Marvin of this city sold and delivered a new Model T Ford to Dr. Gray of Rule this week. Last week the Haskell dealer sold an Overland car to Dr. King of Throckmorton. Mr. Marvin is the dealer in Haskell County for both Ford and Overland automobiles. Mrs. Joe Irby, who has been visiting her parents, Mr. and Mrs. F. G. Alexander, returned Wednesday to her home at Van Horn. T. C. Cahill and J. D. Kinnison have been very busy with the oil men this week. The Haskell real estate men say they are signing up quite a bit of prospective oil land.

50 Years Ago—Jan. 18, 1902

Joe Irby left Thursday morning for Waco, where he will attend a business college. Will Moody, who has been living at Victor, in Erath County, arrived this week and will probably make his home here. B. B. Greenwood, lawyer of Stamford, was here on legal business Thursday. The people of the Ideila school district are preparing to build an addition to their schoolhouse. At the beginning of the scholastic year, their school had an enrollment of 30 pupils, but with the coming of new families to this section, the enrollment has increased to the extent that more room is needed. An assistant teacher will also be employed. A. J. Glasgow and family moved out this week to his farm in the north part of the county. R. L. Reeves and family passed through here Wednesday moving back to Munday from Stamford. Mr. and Mrs. J. C. Keller were down from their Dickens County ranch this week, trading with Haskell Merchants. S. W. Scott went to Fort Worth Friday, where he will look after a case in district court there. J. W. Bell, Haskell saddle maker, went to Fort Worth the first of the week to attend the session of the Southwestern Saddle Makers Association. He will visit in Dallas before returning. W. T. Hudson brought in eight fine young registered Hereford bulls a few days ago. He has sold some of them, and will keep the remainder for building up his herds. G. R. Couch and Lea Pierson went to Aspermont Monday to attend the stockholders and directors meeting of the First National Bank of that place.

'Saddle Tramps' To Be Name of Local Riding Club

The first meeting of the newly-formed riding club since its organization in late December was held Monday night in the director's room of the Haskell Chamber of Commerce.

President Buford Cox presided, and several matters pertinent to the success of the club were discussed.

The membership fees were set at \$5 per year and cards for membership are to be printed immediately.

Fourteen suggested names for the club were read, and the name "Haskell Saddle Tramps" was nominated and approved as the name under which the riding club would be known.

Eal Treadwell was elected wagon boss and stated that he would take over that job and see that it was conducted as it should be. Treadwell has had many years experience along that line and is a former wagon boss of the Texas Cowboy Reunion. An automobile chassis was presented to the club by President Buford Cox and work is to begin immediately on the construction of the chuck wagon.

The wagon will be used on trips to other towns and also for local functions. It is hoped that the chuck wagon will be ready for use in the near future as the club has already had requests

We're neighbors

Wherever you live in Texas, the oil industry is your neighbor. For the Texas oil industry is the bread-and-butter, the opportunity, the daily work of some 190,000 Texas men and women.

The girl who sits next to you in the bus; the hearty-looking man who waves as you pass on the highway; the family behind you at the PTA; in Texas, they all could be, some certainly are oil workers. Bookkeepers, stenographers, executives, drillers, roughnecks, stillmen, geologists, salesmen, pipe liners, petroleum engineers—the oil industry supplies the livelihood of all, and many more.

Neighbors of yours these people are, folks who pay taxes like yours, spend their money in the stores you patronize, drive the same kind of automobile, send their children to the same schools.

The oil industry is more than a balance sheet, a set of statistics, an investment in derricks and pipe-stills. In Texas, it's the family next door.

Rochester Man Gives Collection Antique Musical Instruments to McMurry College

McMurry College has quite a valuable musical collection added to its fine arts department thanks to a former Haskell County resident, Thomas H. Greer of Rochester.

Greer, 1938 graduate of the college, formally presented a collection of antique musical instruments to the students and faculty last week in a special assembly.

He turned over to the fine arts department a dozen antique instruments estimated to be worth several thousand dollars. He gathered the instruments while serving in World War II in the European Theater.

Ten of the instruments are antique woodwinds like the hautbois, recorder and flute. The other two, he said are viola de gambas.

Greer is now located at Henderson State College at Henderson, Ark., where he serves as instructor of instrumental music. His specialty is the violin.

Following his graduation at McMurry, Greer studied at Southern Methodist University and later served as concert master there. He also taught in the Dallas and Port Arthur schools before becoming active in radio and television work, performing with various well-known orchestras.

He served four years in the army, most of it in the European Theater. He was also connected with band work during his service time.

Haskell Woman's Grandson Hurt In Wreck Near Electra

Wayne Leon Evins, 22, of Amarillo and a grandson of Mrs. Jewell Wheeler of this city, received near-fatal injuries late Saturday night when his automobile overturned three miles west of Electra.

The youth had left home Saturday afternoon for a trip to Dallas to visit relatives, and had planned to come by Haskell on his return trip.

He was rushed to an Electra hospital, where attendants at first held little hopes for his recovery.

Evins, who regained consciousness Sunday, told relatives that he was lighting a cigarette when he lost control of his car. His injuries include a fracture at the base of the brain.

His parents, Mr. and Mrs. R. C. Evins, Amarillo, are at his bedside. They were joined Sunday by Mr. and Mrs. Calvin Wheeler, Mrs. Virgil Brown, Mrs. Jesse Seets and other relatives from this city.

Estle Gilleland In Race for Prec. 3 Commissioner

Estle Gilleland, well-known farmer of this section, has authorized The Free Press to announce his candidacy for the office of Commissioner of Precinct 3, subject to the action of the Democratic Primary.

Mr. Gilleland, who has lived in Precinct 3 for the past 37 years, needs no introduction to the voters. A successful farmer, he feels he has the business experience necessary to qualify him for the office he seeks. Because of his long residence in that section he is fully acquainted with the needs of the precinct insofar as they are administered by the Commissioner.

In announcing his decision to seek the office, Mr. Gilleland does so after due consideration of the duties involved. If elected, he will endeavor to discharge the duties of Commissioner to the best of his ability, consistent with the needs of the precinct, and the best interest of the county as a whole.

Before the primary is held, Mr. Gilleland will endeavor to see as many of the voters in Precinct 3 as possible to discuss his candidacy with them personally. In the meantime he solicits the careful consideration of the voters in that section.

FIRE

We Know Not What Tomorrow May Bring

Plans and a purpose are great. They inspire all and spur us on to greater things causing us to be better and more useful citizens. Without them would be accomplished. But in the twinkling of an eye our plans can be torn asunder. Our worldly possessions that made us feel secure and self sufficient can be taken from us by unforeseen disaster. How forcefully this was brought home to us in the destruction of our home by fire the past week.

But just as forcefully was brought home to us the greatness of friendship, the unselfishness and desire to serve on the part of others.

HATS OFF TO THE FIRE BOYS

We want to take our hats off to the Fire Boys for their gallant effort to protect the property of others. We sincerely appreciate your effort and feel that you are one of the greatest assets the city has.

To our customers and friends we appreciate any kind words and encouragement and will be glad to go forward to serving you again.

Dashing by Around Diane

What Hoppen? What ever in the world did happen to that live little publication the War Whoop that used to be such a good thing for Haskell High?

A charming and gracious letter from Miss Jessie Vick, former teacher here and now employed in the Munday High School, set us to wondering. We hope she doesn't mind our quoting her letter in part:

"My high school teaching began in Haskell and I was there through two school burnings; so I began to feel that Haskell (and especially H. H. S.) was peculiarly mine. Have been away for several years now, but still have that feeling. It gives me no small thrill then, when I catch little glimpses of people I know in your column."

The Haskell Free Press published weekly editions of the War Whoop in its own pages from the time another teacher and I initiated it in 1935, until after I left Haskell. I suppose its been on its own since then—and that pleased the students better—but I really missed it when it disappeared from The Free Press. Your column sort of takes its place."

We are very sorry, Miss Jessie that H. H. S. is no longer publishing the War Whoop—neither is the Free Press nor on its own. We looked through some copies in the old files and that paper would have compared very well, indeed, with any of the high school papers we have the pleasure of reading. From what we can find out it just sort of faded away like the Old Soldier, a few years ago. What a shame.

Thank you ever so much for taking time out from your busy life to write us a letter of encouragement about the "column," and we would love to be on your mailing list of Munday's school paper, The Tom Tom, even if we don't have one to offer in exchange.

Tell your staff—never to let that paper "fold up."

In behalf of all Haskell High School, we extend our deepest sympathy to the parents and the family of Buddy Collins. May you have the courage in Christ to bear it. This tragedy has struck deep at our whole town and Buddy will be terribly missed in HHS, especially in the Freshman class and among the boys on the football team.

In reminiscing with guests and friends at the Golden Jubilee Party of the Magazine Club, Mrs. C. L. Lewis, club historian, recalled some of the early struggles the club had in raising the necessary funds with which to keep the club going. She became active in this work as far back as 1905. When she and the other young people of the town were rehearsed and directed by Mrs. H. R. Jones and Mrs. A. W. McGregor, pioneer club members, in numerous musicals, light opera, deep melodrama and Japanese drills, which were very popular where parasols, fans, kimonos and long knitting needles pushed through the hair Japanese style were used. The cast would make a mad rush over the town borrowing the above named articles from the various citizens who happened to be owners of them.

At first all entertainments were given at the court house. Lumber and settings for the large stage were laboriously carried up the steep stairway by the loyal club husbands, as also were the musical instruments, either a small reed organ, borrowed from one of the churches, or sometimes a heavy piano "which really took a bit of doing," Mrs. Lewis laughingly recalls.

Then, a little later something wonderful happened, Haskell was the proud owner of an Opera House! It was built by the Thomason Bros. and stood at the west end of the Spencer Lumber Co. Immediately those two pioneer club members who were responsible for finances, fairly took over the opera house by putting on benefit entertainments.

To say "it was to be at the opera house" caused a stir of excitement, and always the house was sold out even to standing room. Remember in those days people had to furnish their own entertainment. Even though the citizens didn't expect too much in the way of entertainment there was the thrill felt by the women in the audience in watching the various articles that had been borrowed from them "perform."

How the cast went through those Japanese drills and came through without getting one or both eyes punctured by those long knitting needles was a miracle.

"Oh, the good old days!" Mrs. Lewis sighs a little, but you know from her smile and the sparkle in her eyes that she finds that these are good days too! She has been a member of The Magazine Club for forty years. There are only four members who have remained in the club that long. They are Mesdames C. L. Lewis, Ada Rike, J. U. Fields and O. E. Patterson.

Mrs. Lewis has twice served as president and as historian she has compiled three large volumes of pictorial and press his-

tory of The Magazine Club. "This is a good month for Polio—the campaign against it that is—and not for having Polio," said Mr. R. C. Couch at HHS, Frontier Fiesta night.

They are worthy of your praise. The men and women of Haskell who give so freely of their time without hire, and so gladly of their talents without stint, for any worthy cause for the betterment of our country and our town and the welfare of its people. This week we present "our orchids" to a few of them.

Mr. Rex Felker, our new Chamber of Commerce secretary who is off to such a good start, and judging from that stage personality he displayed at the Fiesta he will accomplish his goals for Haskell.

Mr. John Banks, chairman of the Haskell Co. Polio chapter, George W. Burkett, chairman of the March of Dimes and the committees.

The Lions Club and HHS faculty members who played the benefit basketball game.

The Mothers March on Polio which will be held in every town in the county for one hour on the night of Jan. 31.

Haskell American Legion, with Mr. Will Gilmore, commander of the local post heading the committee will sponsor their annual March of Dimes benefit dance, also Jan. 31.

Those on the program at the Frontier Fiesta had their reward from the applause of the audience, but here we are talking about the ones back stage who made the wheels turn for the show. Stage managers, Mr. R. C. Couch, Jr., and Mr. Bill Wilson; Electrician Mr. Monte Frierson; Prompters Miss Gracie Robinson and Miss Mary Taylor; Loud speakers, Mr. Walter Gresham and Mr. Tom Roberson; Technical Advisors, Mr. W. A. Gilmore and Mrs. Carrol Bledsoe and the director, Mrs. Paul Lake.

With all these (and we are sure we have missed some) capable people behind it, the \$11,000 county wide goal for the Polio campaign should go way over the top. Also with all these same people and many other talented ones round town to help, Haskell should have no trouble at all having a Little Theatre??

Remember we once had an Opera House!

We face that mid-term final on Algebra II, Tomorrow. Shades of Great Caesar's Ghost. "We who are about to die salute thee!"

Only One Traffic Death Recorded In Haskell County During Past Year

Only one traffic death was recorded in Haskell County during 1951, statistics furnished The Free Press by the Texas Department of Public Safety show.

The 1951 death was that of Laurio Gonzalez, Latin American farm worker who was fatally injured February 11, 1951, five miles west of Haskell on State Highway 24, when he fell from a truck to the pavement.

The single traffic death last year was the lowest annual toll since 1944, when only one traffic death occurred.

"Haskell County is to be congratulated for the splendid traffic record its citizens and drivers made in 1951," Homer Garrison, Jr., director of the Department said in releasing the information on traffic deaths.

Average death toll from traffic accidents is four persons annually over the 15-year period from 1937 through 1951 for which statistics are available. Director Garrison reported. Figures for each year were:

1937-7, 1938-none, 1939-3, 1940-5, 1941-8, 1942-4, 1943-5, 1944-1, 1945-2, 1946-4, 1947-5, 1948-3, 1949-4, 1950-6, 1951-1. Total 60.

In the last 10 years, from 1942 to 1951, inclusive, statistics of the Department of Public Safety show that 37 persons have been killed in traffic accidents in Haskell County. There were 444 injury accidents during this period, in which 799 persons were injured; 1,850 non-injury accidents, with a total of \$1,216,950 economic loss for the 10 year period.

The state draft call for February will not be filled with men below the age of 20, Brigadier General Paul L. Wakefield, state Selective Service director, has announced from Austin.

The only exception that will be taken to this rule will be in the case of draft volunteers and delinquents.

Previously, national Selective Service headquarters had instructed state headquarters not to induct any men below 21 without first requesting authority from Washington.

"We requested authority to induct men as low as 20 years old," General Wakefield said, "and subsequently each state and territorial director was granted this authority. Here in Texas we were afraid that we might not be able to deliver our quota if we were confined to 21-year-olds."

The February induction call is 2,144 men, as compared to 1,471 in January, and 362 in December.

"Texas is going to make every effort to fill the February call from examined and acceptable men who will be at least 21 years of age at the time of induction, regardless of which board has jurisdiction over them," General Wakefield commented.

"We're calling first on the boards that have examined and acceptable men 21 years old, or older," he continued. "Then we are calling on those our records show have no 21-year-olds examined and acceptable."

Auto Inspection Deadline Extended Through Sept. 6

Texas car owners won't have to show county tax collectors a safety certificate on their car to get 1952 license plates, after all.

At Austin Friday, Attorney General Price Daniel ruled that the car inspection deadline could be extended from April 1 to midnight of Sept. 6.

He also said the certificate of inspection won't be needed to get license plates or transfer titles prior to Sept. 7.

He also said county tax collectors will be advised not to require a certificate of inspection in issuing 1952 license plates.

"But if a driver operates his car after Sept. 6 with a safety sticker, we will have authority to make arrests. We will charge him with illegally operating a vehicle without a safety sticker," Garrison warned.

The attorney general's opinion was written by First Assistant Charles D. Matthews. He wrote that the 52nd Legislature demonstrated its wisdom by leaving Garrison's department the power to fix the periods of inspection as circumstances and conditions might require.

He based his opinion on language in the bill which said: "The Department (of Public Safety) shall cause one inspection to be made in the year commencing with the effective date of this act (Sept. 7, 1951), and annually thereafter. The periods of inspection shall be fixed by the department."

WTCC Sponsors Contest to Stimulate Interest in Voting and Government

The West Texas Chamber of Commerce this week announced a "Fundamentals of Citizenship Contest" aimed at stimulating payment of poll taxes, voting in the primary and general elections and attendance at party precinct conventions.

Eligible to enter are local chambers of commerce in the 132-county area served by the WTCC and other organizations which are affiliated. In some smaller communities service clubs serve as chambers of commerce.

The contest opened January 7 and ends November 11. Awards will be made on a county basis in four groupings, 20,000 to 50,000, 10,000 to 20,000 and less than 10,000. Basis of judging will be as follows:

Portion of citizens paying poll tax in comparison to total 1950 population, 25 per cent.

Portion voting in first and second primaries and the general election, compared to county population, 25 per cent.

Campaign conducted to promote the contest, 25 per cent.

Percentage of citizens attending precinct conventions compared to population, 25 per cent.

Wall plaques and trophies will be awarded winners.

Sterling Edwards Asks Re-Election As Constable

Sterling Edwards, Constable of Precinct 1, this week authorized his formal announcement for re-election to that office, subject to action of the Democratic primary in July.

Mr. Edwards expressed his appreciation to the citizens of Precinct No. 1 for their confidence and support in the past, and solicits their continued support on the basis of his record as a public servant.

Mr. Edwards is well and favorably known throughout this section as an efficient and capable officer, and enjoys the friendship and cooperation of fellow officers over a wide area. The experience gained in the past will enable him to discharge his duties in a continued satisfactory manner in the future.

Precinct No. 1 embraces Haskell and surrounding territory, and Mr. Edwards will endeavor insofar as possible, to personally solicit the consideration and support of each voter in the precinct before the primary is held. In the meantime, he will appreciate any consideration given in his behalf.

Alfred Turnbow Asks Second Term As County Judge

County Judge Alfred Turnbow this week authorized the announcement of his candidacy for re-election to a second term in that office, subject to the action of the Democratic primary.

In announcing his decision to seek a second term as County Judge, Mr. Turnbow said he had no formal statement to make at this time in connection with his candidacy, other than to solicit the consideration and support of the voters on the basis of his record in the office.

Judge Turnbow further stated that it was his desire at this time to express his appreciation to the citizens of the entire county for the confidence expressed by their votes in honoring him with the office of County Judge. Also for the cooperation of the entire citizenship, jurors and other county officials in all their contacts and associations with his office.

The popular county official needs no introduction to a majority of the citizens of the county. The experience gained during his first term in office will be added qualifications in discharging the responsible duties of his office in the future.

As time and duties of his office permit, Mr. Turnbow will endeavor to see as many of the people in the county as possible, to discuss his candidacy with them personally. In the meantime he solicits your careful consideration of his claims for a second term on the basis of his record.

Geo. Weaver Enters Race for Precinct 3 Commissioner

George Weaver, longtime Haskell resident, this week authorized the announcement of his candidacy for Commissioner of Prec. No. 3, subject to action of the Democratic primary.

Mr. Weaver needs no introduction to the voters and citizens of this section, due to his long residence and the fact that he has served as Public Weigher of Prec. 1 for the past three years, and is now completing his second term in that office.

His decision to seek the office of Commissioner was made after careful consideration of the duties and responsibilities of the office. He believes that experience gained as a public official and his knowledge of the needs of the precinct, qualifies him for the office he now seeks.

Mr. Weaver expressed his appreciation for the confidence and support given him by the voters in the past, and asks their continued friendship and consideration of his candidacy for precinct Commissioner.

Before the primary is held, Mr. Weaver will endeavor to meet and discuss his claims for the office with as many voters and citizens of the precinct as possible. In the meantime he will appreciate any consideration given in his behalf.

Be in Post soon to thank the people in person.

He also wrote that if at the time he visited Post the people had any philanthropic drive on he would gladly give a complete show gratis.

Proceeds of the show will go toward some phase of the new county hospital which is now under construction. Date, time and price of the show, which will be staged in the Stampede Rodeo grounds on the Lubbock highway, weather permitting, will be announced later.

Terms of Four City Officials Expire This Year

Terms of four City officials—Mayor and three Aldermen—will expire this year, with these positions to be filled by voters in the annual City election to be held April 1.

Mayor Courtney Hunt will complete his second term as head of the municipal government at the end of the city's current fiscal year.

Aldermen whose terms also expire at that time are Finance Commissioner A. M. Turner, Street Commissioner Payne Hatfield, and Sanitary Commissioner Job Thomson. Thomson has served only one year, having been elected in April, 1951, to fill the unexpired two-year term of Alton Middleton, resigned.

Mayor and Aldermen are elected for two-year terms. Terms of the five members of the City Council overlap, with two Aldermen being elected in odd years, and three Aldermen in even years.

Hold-over members of the Council are Olen Dotson, Water and Police Commissioner, and J. T. Walling, Jr., Park Commissioner.

Two Men Uninjured When Tire Blowout Wrecks Car

Two men escaped with only slight bruises when their car was badly wrecked around 5:30 p. m. Wednesday on Highway 277 three miles south of Weinert.

The men, H. L. McCloud of Karno and Hugo Zetzman of Sweetwater, were on their way to Fort Sill, Okla., where Zetzman has a son serving in the Army.

The mishap occurred when the right front tire of the car blew out and the machine went out of control, left the highway and came to rest in a field. The car, a 1949 Olds, was badly demolished.

The March of Dimes organization maintains equipment depots in seven strategically located cities to speed shipment of raw furs, hot pack machines and other essential polo-fighting supplies to any stricken area.

Current Navy strength is now about 735,000 officers and enlisted personnel.

The most productive parts of the farm should be planted to such crops. The use of fertilizers and effective insect control measures will help increase the yield per acre.

R.M.(Bob) Cousins Asks Re-Election As Sheriff

Sheriff R. M. (Bob) Cousins this week authorized his announcement as a candidate for re-election to that office, subject to the action of the Democratic primary.

Sheriff Cousins said he was deeply grateful, not only for the substantial support given in electing him to office, but also for the continued friendship and cooperation of the citizens which has been extended during the time he has been in office.

During his tenure in office, Mr. Cousins has established a reputation as an efficient, diligent and impartial officer. As time and the duties of his office will permit, Mr. Cousins will appreciate the opportunity of presenting his candidacy personally to the voters in the meantime, he respectfully solicits your consideration of his claims for a second term.
