TIME EIGHTY-NINE HASKELL, TEXAS 79521, THURSDAY, SEPTEMBER 11, 1975 NUMBER THIRTY-SEVEN

Haskell Co. Fair Next Week

Haskell County Fair is around the corner and plans are in the making for a very fine fair according to President Pat Hale.

Fair Association has a lot of money on the fair grounds, rodeo arena and the buildings this year.

Fair Grounds are in good shape this year in order to let the spectators enjoy the three day affair.

Dates for the Fair are 18-19-20. No efforts have been left undone by Haskell County men to make the 1975 Fair the best and one to be remembered in this year one of the attractions will be the Pull. The Pull will be two days this year in order to have a better show. The pull will be Saturday, Sept. 20 at 6 p.m. and the Pull will be held at 2 p.m. on Sept. 21. The tractor show sponsored by the Fair with all proceeds going to West Texas Rehabilitation. Much enthusiasm is shown to tractor pulls.

R. K. Sams To Be On TASA Program

R. K. Sams, Superintendent, Haskell Independent School District has been selected as a program participant for the 1975 Joint Annual Convention of the Texas Association of School Administrators and the Texas Association of School Boards. Mr. Sams will serve as chairman for the group discussion on "Using Regional Service Centers Effectively in Small Districts".

Convention participants will be able to choose from seventeen different topics of current interest which will be explored in the group discussions. The program has been designed to provide information and ideas that will be useful in the operation of schools at the local level.

The convention will be held at the San Antonio Convention Center on September 27-29, 1975. It is expected to attract over 3000 school administrators and school board members from across the state.

The comprehensive convention program will also be highlighted by three general sessions, demonstrations of promising educational practices, public relations mini-clinics, displays of outstanding school architecture, and business meetings of the two associations.

Dr. Abner McCall, President of Baylor University, will deliver the opening address at the First General Session of the Convention on Sunday morning, September 28, at 10:30 a.m. Noted Texas humorist Dr. James Blakely of Wharton will entertain the audience at the Sunday evening banquet.

The Honorable Sam J. Ervin, Jr., former United States Senator from North Carolina, will speak at the noon luncheon on Monday, September 29.

Fund Started For Chapman

Haskell's own Miss Glenda Gayle Chapman recently won the title of Miss Texas Rodeo. By winning the title she is to travel to rodeos throughout Texas, to promote them and the pageant.

She has received gifts from different firms and the Bruton "Easy Pull" Trailer Co. of San Angelo has donated her a horse trailer and the possibility of receiving a pickup is being checked into this week. There will still be a lot of expense for travel, western attire, etc. A special fund has been set up at the Haskell National Bank for her.

She will represent Haskell at all of these events.

Pat Hale, chairman of the fund stated he knew Haskell Co. would get behind her and show her that we are proud of her.

Any firm or individual wishing to contribute to this fund may do so at the bank or to Pat Hale.

Fair Exhibits Deadline Nears

Haskell County Fair Exhibitors are encouraged to be thinking about entries for the 1975 Haskell County Fair, says Mrs. Johnny Reid, Superintendent of the Women's Division.

Exhibitors are asked to please have entries in between 9:00 a.m. and 6:00 p.m. Wednesday, Sept. 17, 1975.

Adult exhibits will be received at the Corral Building at the Haskell County Fair Grounds.

Entries should be made according to the Haskell County Fair Catalogue which is available at local businesses throughout the county.

Training Courses Set For Haskell

Texas State Technical Institute, in cooperation with Haskell Independent School District, is preparing to offer adult vocational courses. Vocational courses being considered include arc and oxyacetylene welding, book-keeping, filing, typing, and nurse's aide.

According to Kenneth Sams, School Supt., the courses are mostly basic in nature and are open to any person 18 years of age or older who qualifies for the program. There will be no fees or other charges for the courses.

For more information, interested parties should contact Mr. Sams at the Haskell School Administrative Building, phone 864-2860.

Tigers Down Indians

The Haskell Indians fell to the Anson Tigers here Friday to the score of 47-13. Turnovers were costly to the Indians as they fumbled 5 times and had one pass intercepted.

The Indians took the opening kickoff and three plays later fumbled on the Tiger 29. It took the Tigers only six plays to cross the goal line. Tony Watts carried the ball from the one to score. Watts ran for 2 points.

The Indians started the next series of plays on the 34 and with good runs from Kelvin Marshall and Randy Phemister carried the ball to the 24 only to lose it again on a fumble.

The Indians held the Tigers to only 3 yards in three plays and then gave the ball up again with a pass interception.

The first period ended with the score 8-0 Anson.

With 3:50 left in the second quarter John Booker drove from the 2 for the Tigers second TD. PAT was good. The Tigers next score came on a 15 yard pass from Watts to Mark Guffey. PAT failed.

The half ended with Anson leading 21-0.

25 seconds in the third period, Booker broke loose with a 54 yard run to score his second score. PAT good.

On the kickoff Haskell again lost the ball on a fumble. Four plays later the Tigers scored again as Watts went from the 7 yard line in. PAT good.

Again on the first down the Indians lost the ball by a fumble. This time it took the Tigers 6 plays to cover 25 yards for their sixth TD. PAT failed.

With 5:15 left in this period the Indians hit pay dirt, it took six plays to cover 55 with

Marshall going over from the 2. PAT failed.

Each team scored one time in the fourth quarter. Marshall from the 8 with 9:03 left and Love's kick was good. Watts' pass to Merl Pryor for 19 gave the Tigers their last TD. PAT failed.

The Indians looked good both on offense and defense, but with six turnovers it is hard to overcome. Marshall was the big gun for the Indians as he picked up 124 in 20 carries. Phemister picked up 52 yards.

The Indians meet Hamlin next week there. See you there.

Booster Club Elects Officers

The Haskell Booster Club was reorganized here Tuesday night. Coach Tommy McAdams took charge of the meeting until new officers were elected. New officers are, president-Wayne Lehrer, vice-president-Dudley Bragg, sec.-treas.-Franciene Johnson

Bragg is also membership chairman. Memberships this year will be \$5.00 per couple or \$3.00 for firms or individuals. For memberships contact any member or go by Biard Cleaners or Johnson Pharmacy.

Lehrer stated he would do the best of his ability to form a good and strong booster club. He also said that a booster club is for all sports, not just football.

Meetings have been set for 7 p.m. Tuesday night in the high school cafeteria.

The program was presented by McAdams, who told the group that Haskell had some 52 boys out for football this year in the grades 9 thru 12. A film of last weeks game was shown and he gave a brief report of the upcoming game Friday night with Hamlin.

33 persons were present at the meeting.

Haskell Takes Tractor Pull

Haskell County Tractor Pullers took over the tractor pull Saturday and Sunday at the West Texas Fair in Abilene. Winning four first places, one second and one fourth out of six classes.

The winners were Ronald Kinney of Rule, Johnny Wheatley and Hale Farm Supply of Haskell. Kinney won two first, the 9,000 Stock class and the 15,000 Stock class, and second in the 12,000 Stock. Wheatley won first in the 12,000 Stock class and fourth in the 15,000 Stock. All the above winners were with a 4430 John Deere.

Pat Hale, Haskell Co. Fair president stated that the tractor pull at the Haskell Co. Fair will be one of the best in the state and urges everyone to come out and enjoy this new sport.

SPECIAL MEETING

A special called meeting of the Retail Trade and Christmas program committee and all other interested business and professional people of Haskell will be held at the City Cafe at 10 a.m., Thursday, September 11th.

The annual Christmas program always begins in October and plans need to be finalized for the 1975 special days for Haskell.

Joe Cortez, manager of Heidenheimers', is chairman of the committee and he urges that all who can possibly attend do so.

Fly Your Flag

The Haskell Fire Dept. is still selling flags, and if you have not bought yours, do so now. This is a reminder also to fly your flag every day in 1975.

Miss Jean McAdoo is asking everyone to be sure and fly your flag this Saturday in order to help celebrate the Bicentennial of the Haskell (City-County) Bicentennial. The flags are on sale at the Fire Station. The cost is only \$5.00 for the flag, complete with brackets and pole.

Water System Nearly Complete

Wallar Overton, president of Paint Creek Water Board announced today they have had water for three weeks. He stated that the project is about 99.5 complete. All meters are in place with the exception of 6 new meters that joined after construction began.

Water users need to connect to the meters at their earliest convenience. Billing will begin in Oct. Construction should be complete at this time.

There will be a membership meeting Oct. 2 at 8 p.m. in the Pat Morrison Auditorium at Paint Creek. Bring your questions and complaints. Service, billings and by-laws will be presented at this meeting.

FAMILY DINNER AT RULE

The Rule Recreation Club will have a family dinner, Sunday, Sept. 14 at 12:15 p.m. During the afternoon club members are invited to take part in a best ball golf tournament. Entry fee will be \$1.00, prizes will be given.

Around Town

Lois & Charlene

We are proud to be a part of the Haskell City-County Designation Ceremonies on the Courthouse square Saturday morning at 10:30. It is our hope that every home will fly our flag, that every business and home will be locked and everyone will join us for this event.

Mr. and Mrs. Cliff Dunnam have returned from a two weeks vacation in Arkansas, Missouri, Illinois, Iowa, Nebraska, Colorado and New Mexico. They visited Mr. Dunnam's daughter and family, Mr. and Mrs. Charles Gibson and Brett in Burlington, Iowa.

Mrs. Jack Landess and Gwinn of San Angelo spent the weekend with Mr. and Mrs. J. A. Landess.

Mr. and Mrs. Alvin Bird of Haskell and Mr. and Mrs. Stewart Burson of Abilene were in Austin to attend the Golden wedding anniversary

of Mr. and Mrs. William V. Chapman. Mrs. Chapman is a cousin of Mrs. Bird and Mrs. Burson. The reception was held in the club house in the park at Quail Creek in North Austin. The Chapmans are retired and live on Lake Travis.

Mrs. Dick Andrews and Lois Redwine were in Abilene Saturday.

Attending the Clifton family reunion at Fort Belnap Sun., Sept. 7 from Haskell were Mrs. A. E. Stocks, Mr. and Mrs. A. M. Stocks, Lisa, Danny and Phillip, and Rheasa Reddell. They were met there by Mr. and Mrs. Dean Stocks, Julie and Amy from Burleson.

Charley Redwine spent the weekend in Odessa with Mr. and Mrs. Vern Foreman and family.

Mr. and Mrs. Cecil Bowers visited the Fusons in Odessa.

Mr. and Mrs. Bob Hardaway, Pam, Lori from Denton and Gayle visited Mr. and Mrs. Cecil Bowers.

Mr. and Mrs. R. W. Herren and Mrs. Angie Mullino have recently returned from Ruidoso, N.M. where they met their daughter and family, John, Jan and Julie Gannaway from El Paso. They returned to El Paso with the Gannaways and visited in their new home. They went across the border one night to Juarez for shopping and dinner. Dr. Gannaway is head of Research on Upland cotton at A&M's experimental station in El Paso. Bob, Anita and Angie got a personal tour of the station and Angie brought home a cotton stalk with 29 bolls.

Mr. and Mrs. Bob Teague have returned from Shreveport, La. where they attended a dinner at the Picadilly Italian Restaurant announcing the engagement of their granddaughter, Jannette Largent to John L. Glasscock. Miss Largent is the daughter of Mr. and Mrs. Gene Largent. The couple will be married November 8. Also, attending from this area was Mr. Odis Cole from Abilene.

Mrs. Martin Rueffer and

Mrs. Wilbert Klose attended the wedding of Kim Kent and Mark Alvis, Friday night in Fort Worth. Mark is the son of Mr. and Mrs. Rice Alvis.

Mave Belle Taylor, Glenna Parker, Charles Swinson, Roxie Parker and Rev. Dudley Bragg, pastor of First Baptist Church, attended a preview showing in Abilene Friday of the film, "The Hiding Place". Area church leaders were invited to view the movie, based on the book written by Corrie ten Boom.

A true story, Miss ten Boom wrote of her Dutch family whose love for Christ compelled them to turn their home into a hiding place for Jews who were persecuted by the Germans in World War II. This eventually meant imprisonment in Ravensbruck Concentration camp for Miss ten Boom and her sister. The terrible conditions there caused the death of the sister; three other members of the family, including the aged father, met imprisonment and death.

The film will begin its public showing at the Paramount Theatre in Abilene, October 1.

CowBelles Meet

The Haskell CowBelles met at the City Cafe on September 8 at 7:30 p.m. for a Dutch Treat and regular meeting.

Mrs. Bobby Howard, president opened the meeting and welcomed guests, Miss Maybelle Taylor and Miss Cam Klose, and two new members, Mrs. Joe Kimbrough and Mrs. Louella Barbee.

Attending the District Meeting in Abilene at the Ramada Inn were Mrs. Bobby Howard, Mrs. Janice O'Neal and Mrs. R. L. Morales.

Mrs. Nored Boone, our Beef for Father's Day chairman, reported that a beef roast was given to Clayton Hawkins for being the newest father on June 15 or first born after that date.

The Haskell CowBelles will be a part of the Dallas Fair working with Texas Agriculture Products.

We will again donate all money received in concession stand at the Barrel Race at the James Powell Arena, September 21, to the Rehab Center.

"Beef Gift Certificates" will very soon be available at Haskell National Bank. These are given as gifts for beef in the amount of money you desire, for Anniversaries, Weddings, Birthdays, Christmas, or most any occasion, as a Beef Promotion Project. Mrs. Raymond Couch will help you with these at the bank.

Our next regular meeting will be on November 17, 1975.

Youth Group Organized

The Teen Youth of Trinity Lutheran met at 6:00 p.m. on Sunday, September 7th for an organizational affair.

After discussion of the Planning Pyramid, ideas were pooled for meeting activities, discussion topics, resource persons and refreshments. From these ideas will come the '75-'76 activities of the group.

Election of officers followed, with these persons being elected: President-Roy Klose; Vice-Pres.-Hollis Howard; Secretary-Gail Howard; and Treasurer-Eddie Klose.

Decisions were made to subscribe to "Youth" magazine and group viewing of the movie, "The Hiding Place", in October.

Refreshments were served followed by some challenging volleyball games and ending with a watermelon feast.

The Serious-Social-Satisfying group is open to all teens of the community, with meetings at 6 p.m. each first and third Sunday evenings, at Trinity Lutheran Church Annex. We invite all teen youth to join us for fun and fellowship.

Crime Rate In Rural Areas Up

Senator Ray Farabee expressed concern about the rising crime rate in Texas and particularly recent statistics indicating the highest percentage increase has occurred in rural areas.

The Texas Department of Public Safety released figures for the first six months of this year showing major crime in Texas rose 17.4 per cent with rural areas showing 24.7 per cent increase and urban areas up 16.7 per cent.

"Rural areas with over 50 rural population per square mile posted the largest crime rate increase, up almost 51%," D.P.S. Director Colonel Wilson E. Speir said.

"Although 90.5% of all crime is committed in cities over 50,000, we cannot afford to ignore the problem of increasing disregard for the law in small cities and rural areas," Farabee said.

Farabee noted that the extension service of Texas

A&M University will be locating a branch school within the 30th Senatorial District to assist in training law enforcement officers in Northwest and West Texas. Special emphasis will be given to training policemen and sheriff personnel in smaller cities and rural areas. In addition, the State Senator has proposed legislation which will provide greater supervision for persons accused of crime prior to trial and convicted persons on parole or probation.

"There was one major criminal offense in Texas every 1/4 minute," Speir said. "On an average, there was one murder every five hours, one rape every two and one-half hours, one burglary every two and one-half minutes, an aggravated assault every twenty-five and one-half minutes, one theft every one and three-fourths minutes and an auto theft each eleven minutes."

Haskell Bicentennial Happenings
By Roxie Parker

It is the big week for Haskell County as we receive designation as a Bicentennial community. A lot of hard work has been done by the local community and the town should be crowded for Saturday morning. Bicentennial presentations will be at the Civic Center after noon by the States Army Band and Chorus. We saw lots of Haskell in the audience and later with several who that the patriotic music within us the pride and being an American—no apologies for the contribution to Bicentennial by painting the fireplugs red, white and blue, and their sale of flags, with accompanying picture is being sent to the monthly publication by Floyd. At the fire station they still have a few of the United States flags and about ten of the smaller Texas flags for sale, Floyd said.

Not to be forgotten is the performance at the West Texas Fair in Abilene by Haskell's Yankee Doodle Girls. If you missed them Wednesday evening, remember they will be entertaining at the Midway Saturday evening at 6 p.m.

Release date for "Haskell County and Its Pioneers" is still set for October 1 but Rex Felker is hoping to have one copy for display at our County Fair September 18. Pre-

Bicentennial Open House Set Sept. 26

The USAF Thunderbird Demonstration Team will be the main attraction, but far from the only item of interest at the Dyess AFB Bicentennial Open House set for Sept. 26. Gates open at 10:30 a.m. for the public. Along with the show by the Thunderbirds, the 463rd Tactical Airlift Wing will demonstrate the varied methods the Military Airlift Command employs to deliver supplies. Each method will be performed by the Wing in a flying demonstration that will begin at noon. The Thunderbirds, flying the T-38 "Talon" trainer, will follow the 463rd and complete the air show. The Thunderbird takeoff time will be 1:15 p.m.

The Thunderbirds have been performing for 23 years, demonstrating the professionalism, versatility and flexibility of Air Force equipment and personnel.

Other attractions at the Open House will include performances by the Eighth Air Force Band, Barksdale AFB, La., and a show by the 96th Security Police Squadron's Military Working Dog Section. A number of aircraft from various services will be on static display.

This will be a good opportunity for the public to meet and talk with Air Force professionals about their jobs and equipment. The Thunderbird team will also greet the public after their show.

New Record Set At WTC

SNYDER--Fall enrollment at Western Texas College has reached 1,146 to set a new record, Dr. Ben Brock, vice president, said.

Enrollment at WTC last spring was 1,058 on the twelfth class day and 1,034 for the 1974 fall semester. Late enrollment will continue until Sept. 12 on the Snyder campus and until Sept. 11 at the extension centers in Colorado City, Haskell, Post, Rotan and Sweetwater.

There are now 119 students at the Sweetwater extension center, 73 at Haskell, 45 at Colorado City, 25 at Post and 23 in Rotan.

Students enrolling late on the WTC Snyder campus are asked to go to the registrar's office in the Administration Building. Extension students may enroll at the high schools in Sweetwater, Haskell, Post and Rotan and at the Wallace Center in Colorado City.

ACS Makes Announcement

American Cancer Society officials have announced that it in no way endorses any commercial product. The Chairman of the Board of the Texas Division of the ACS, Stanley Cole, said, "We want to make it clear that this applies to any type of insurance, especially cancer insurance."

Cole, a San Antonio insurance executive, said the Society feels the statement is necessary because an increasing number of insurance companies have been using ACS statistics in sales promotion literature. "The American Cancer Society has never authorized the use of its statistics or any educational film or printed literature for any commercial purpose," he said.

"There have been some reports," Cole stated, "of American Cancer Society educational films being used by agents in direct sales promotions. This is an absolutely unauthorized activity and we are asking people to report this sort of activity to the State Board of Insurance and the American Cancer Society if it continues."

"While the American Cancer Society assembles and publishes many statistics regarding cancer incidence," Cole said, "it should be pointed out that it is possible to save one in two cancer patients if people would do for themselves what they can, using available knowledge regarding early diagnosis and known effective treatment."

"Our goal," Cole continued, "is to control cancer. The Society funds basic and clinical research, disseminates up-to-date diagnostic and treatment methods to physicians, provides community services and our volunteers provide many services and rehabilitation programs for the cancer patient."

Cole concluded, "The American Cancer Society is not in business to scare people, but to help people become knowledgeable enough so that more people will act promptly to protect themselves."

HYH Club Hosts Party

The Haskell Young Homemakers held a "get-acquainted party" Thursday night in the Homemaking Cottage for all young women of Haskell who wish to join the club. HYH members served refreshments.

The president of HYH, Marijane Cunningham, gave a brief summary of the club's programs for the coming year. She also told the women about the many community projects that HYH members participate in during the year.

The HYH women will host a reception at the Community Room after the Designation Ceremony.

The first club meeting will be Monday, September 15, at 7:30 p.m. in the Homemaking Cottage. The Yankee Doodle Girls will present the program.

All young women in Haskell between the ages of 18 and 35 are urged to join HYH and meet new people.

Everyone is welcome to come and visit at our once a month meetings.

HDC Club News

The Josselet Home Demonstration Club met Sept. 9 in the home of Mrs. J. L. Toliver Sr.

Mrs. Carl Bailey, president, called the meeting to order. Mrs. Toliver read a poem, "Sunday Thoughts".

Mildred Robertson read the minutes of the last meeting. Mrs. Hazel Thomas gave a treasurer report.

Edna Anderson gave a report on Council and Mrs. Robertson gave a 4-H Club report.

Mrs. Francis Fischer gave a demonstration on making hanging baskets.

Ten members and one guest were present. Refreshments were served.

Cancer Center

Cancer Center workers for the month of August were Bertha Klose, Grace Montgomery, Maye Bledsoe, Wilma Wallace, Florence Darden, Pauline Stiewert, Ethel Thomas, and Lucille McCurley.

The workers meet each Thursday from 2 to 4 p.m. on the third floor of the courthouse. The group stressed that they need old clean sheets very badly.

Beta Chi Meets Here

Beta Chi Chapter of Delta Kappa Gamma, an international society of key women teachers, met at the Haskell Community Room, Saturday, September 6, 1975, at 2:30 p.m. The program, Face the Facts, was under the direction of Mrs. Mary H. Martin. She introduced District Attorney Royce Adkins, who spoke of the importance and the making of wills. His very informative lecture was followed by a question-and-answer period. This was the concluding program of the year which has had as its focus, The Woman Educator in Changing Times.

The business session was under the direction of the president, Mrs. Erma M. Liles. Reports were given by program chairman, Mrs. Kathleen B. Diggs, membership chairman, Mrs. Artie May Burkett, and treasurer, Mrs. Dottie Lowery. Mrs. Rozelle Wilkinson reported on the World Fellowship Fund. Mrs. Diggs and Mrs. Martin reported on the state convention in Dallas.

The next meeting will be the regional meeting in Weatherford Senior High School, October 18. Members were urged to send in reservations by October 13.

Thirty-three members from Aspermont, Goree, Knox City, Munday, Old Glory, Truscott, and Weinert were present. Haskell members were hostesses.

Red And Gold Apples Highlight Interesting Fall Appetizer

Fresh from the mountain orchards of North Carolina come Red and Golden Delicious Apples. First of the new season's supply of fresh apples to reach our markets, these crisp, juicy beauties are already in the market and will be available through the season. To help you enjoy these delectable apples more, the United Fresh Fruit and Vegetable Association has several interesting ideas. Fresh Apple Snack is an exciting and new way to add fresh apples to the hors d'oeuvre tray. Served cold and crunchy, the tart flavor of Delicious apples blends perfectly with carrot curls, celery slices and savory salami fans.

Fresh Apple Snacks

- 1 carrot
- 2 tablespoons fresh lemon juice
- 4 Red Delicious apples
- 4 ounces sliced salami
- 2 Golden Delicious apples
- 2 ribs celery

Carrot Curls: Make thick horizontal slices with a vegetable peeler, roll around finger and secure with pick. Place in ice water for 3 hours or overnight to crisp.

Apple Wedges: Cut apples into eighths and coat with lemon juice.

Salami Fans: Fold salami slices in half, then in quarters.

Celery: Cut into 1-inch diagonal slices. Serve with Blue Cheese Dip*. Makes 6 servings.

*Blue Cheese Dip

- 2 cups (1 pint) sour cream
 - 1 tablespoon fresh lemon juice
 - 4 ounces blue cheese, crumbled
 - 1 tablespoon chopped scallions
 - 2 tablespoons mayonnaise
 - 1/4 teaspoon salt
- Mix all ingredients in small bowl. Chill for 2 hours or overnight to blend flavors. Makes 2 1/2 cups.

Jack Hammans New Christian Minister

Jack D. Hammans of Stronghurst, Illinois, arrived in Haskell this week to become the minister of the Christian Church of this city. Mr. Hammans is married, and he and his wife, Oneta, have two children, April Dawn, two years of age, and Christi Diane, seven weeks old. They will be residing at the minister's home, at 607 North 9th Street. The telephone number is 864-2445. He will preach his first sermon next Sunday morning, September 14th.

Mr. Hammans is a native of Custer, Oklahoma, and his wife was reared in Canton, Oklahoma. He graduated from Custer High School in 1965, and attended Johnson Bible College, Kimberlin Heights, Tennessee, for one year, and then transferred to Midwest Christian College, Oklahoma City, Oklahoma, where he graduated in 1969. During his years in college he held student ministries, and has been preaching regularly for the past six years. He has held numerous evangelistic meetings and has taught young couples in Bible School, and in home Bible Study groups. He has also held services in nursing homes and visited regularly in hospitals. Mrs. Hammans is a talented musician.

Bible School is at 9:45 a.m., morning worship and Lord's Supper at 10:45 a.m. and the evening service is at 6:00 p.m. The public is given a cordial invitation to attend these services.

Saint George Catholic Church Holds Celebration

Silver Tray To Be Given Champion

Mrs. Leslie Tibbets of Rochester has been named Chairman of the Baked Goods Division of the Haskell County Fair says Mrs. Veta Reid, Chairman of the Woman's Division.

The Champion in the Baked Goods Division this year will receive an engraved Silver Tray, compliments of M-System Grocery in Haskell.

All baked goods may be entered on Thursday, Sept. 18, 1975 from 8:00-9:30 a.m.

Baked Goods includes: Frosted Layer Cake, Pound Cake, Specialty Cake prepared with a mix, decorated cake, cookies of all kinds, and breads of all kinds.

Pies may be picked up following the judging on Thursday.

New Fashion Hit For Home

Wicker furniture's "Nostalgic" look makes it today's home fashion hit.

Its versatility provides a light, airy look—or a cozy, earthy feeling—depending on the design of the furniture, accompanying cushions and other accessories. Mrs. Barbara Elliott, County Extension Agent, explained.

Wicker furniture can be rattan, reed, willow and bamboo. Signs of quality are a smooth sturdy frame, with no visible loose fibers—and seat framing parts that are at least one inch thick.

Clear, even color and tightly wrapped joints and corners also indicate high quality. Keep in mind that delicate open-work, even of the best quality, will not be as durable as closely woven designs.

Although humidity has a positive effect on wicker, using wicker outdoors means consumers should be careful, because rain, direct sunlight and dew are damaging, the Agent said.

On the other hand, dry indoor heat causes this furniture to crack and creak under pressure.

Cleaning wicker furniture with a soft brush, then applying wax keeps it in "good as new" condition, she said.

Flower Show Classes Named

"It's Good To Remember," is the theme for the Haskell County Fair and also for the Bicentennial Flower Show, sponsored by the Haskell Garden Club. Anyone in Haskell County is invited to enter something in the flower show, either in arrangements or horticulture specimens or pot plants or Terrariums or hanging baskets.

Any further information can be obtained from Mrs. C. B. Rhea or Mrs. Cliff Dunnam, Co-Chairmen of the Flower Show.

OBITUARIES

J. B. Smith
 Funeral services for J. B. Smith were held in Los Angeles, Calif. last week. Mr. Smith died of a heart attack, Sept. 5. He was born and raised in Haskell. His parents were the late Mr. and Mrs. Jesse B. Smith. He was buried at Forest Lawn Hollywood Hills, Los Angeles, Calif.

He is survived by one daughter, Sue Smith of Hurst, Texas; one sister, Mrs. W. R. Baniclon, Petersburg, Va.; two brothers, Mack of Odessa and Charles of Hurst; and several nieces and nephews.

Mr. McAdams
 Funeral services for Robert McAdams, brother of Coach Tommy McAdams, were held recently in Farmers Branch. Mr. McAdams was killed when struck by an automobile as he was changing a tire on the roadside.

He is survived by his widow, a son, his parents, grandmother and one brother.

Mildred Cox
 Mrs. Mildred Cox, 64, a five-year resident of Cisco and formerly of Hamlin, died at 11:30 a.m. Monday in E. L. Graham Memorial Hospital after a lengthy illness. Services were held at 10 a.m. Wednesday at Cisco Funeral Home Chapel.

The body was taken to Haskell where services were held at 3 p.m. J. B. Hudson, minister of the Cisco Church of Christ, officiated. Burial was in Willow Cemetery, directed by Cisco Funeral Home.

Born Feb. 27, 1911, in Jones County, she married E. W. Cox May 18, 1938. They moved to Cisco in 1970. Survivors include her husband; her mother, Mrs. Bertie Phelps of Haskell; and a brother, Bernard Phelps of Muleshoe. Pallbearers were Hill Oates, Bob Herren, Homer Raney, Clinton Robinson, Jack Robbins, J. H. Bomar and Neal Moore.

CARD OF THANKS
 We want to thank each and everyone who was so nice to us during our stay in the Haskell Hospital and also since we came home. Those that sent cards, flowers, love offerings, and especially to the wonderful doctors and nurses. Those remembering us in prayers and the ministers that visited and prayed with us. Again we say "Thanks". Gary and Vickie Hawkins. 37p

Junior Hi Football
 The Haskell Junior High Warriors and Junior Varsity journeyed to Anson Thursday, September 4, for three games. The 7th graders played a scrimmage type of game without the kicking feature since it was their first real encounter with football. Both teams scored one time. The seventh graders gained valuable experience from this scrimmage.

The eighth graders, playing very aggressive defense, defeated Anson 8th by a score of 6-0. The Junior Varsity of Haskell High defeated Anson 6-0. On Thursday, September 11, Warriors and Jr. Varsity play their first home game; it will be against Hamlin. The seventh graders will not be in action this week. Therefore, the starting time will be 6:00 p.m., with the 8th graders game followed by the Junior Varsity game. Price of admission will be \$1.00 for adults, 50c for students.

The Junior High School will hold a pep rally in the little gym at 12:30 p.m. on Thursday.

Lions Hear From Coaches
 Members of the Haskell Lions Club met at the City Cafe for their regular meeting on Tuesday. Vice President Lion Jimmy Owens presided over the meeting. Lion Gene Long led the singing accompanied at the piano by Lynn Bragg. Lion A. C. Pierson gave the invocation.

Introduced as a guest of Lion Doyle High was Bobby Wilson of Kodiak, Alaska. Program chairman was Wayne Lehrer, who introduced Coach Tommy McAdams, and McAdams introduced his assistants, Coaches Burson, Davenport, Payne and Baldwin. McAdams gave the club a rundown on the Haskell Indians, last week's game and the game coming up with Hamlin this week.

P&WD FREEZES WARDEN APPLICATIONS
AUSTIN—Announcement has been made by the Texas Parks and Wildlife Department that at present applications are not being accepted for the position of game warden. All applications received after June 30, 1975, are being returned. The department, said executive director Clayton Garrison, has experienced very little turnover in its game warden force and does not expect to hold a training class next year. Advance notice of the next competitive selection process for new game wardens will be made on radio and in local newspapers.

Can You Spare Sixty Minutes?

BUDDY, CAN YOU SPARE SIXTY MINUTES TO HELP AN OLD FELLOW CELEBRATE?

About a hundred years ago in this area of Texas, give or take a few, it was quite possible that the natives could hear at any time the dreaded cry, "The Indians are Coming." The few merchants doing business in the little frontier village lost no time in barricading the doors and heading home to get the little woman and kids out of danger before the attack.

Other towns and villages of the old west did likewise when the word got around that the James Boys or the Dalton gang was riding in, bent on a quick stickup and a faster get-a-way. When situations like these arose, the merchants were more interested in playing it "safe" so they would be around to open the door the next morning.

Now it is true that we do not anticipate an attack by Redskins or a visit by either the James or Dalton gangs in the foreseeable future. However, there is an event of major importance coming up very soon which should create a desire in everyone to "lock" up and get away for a spell. This big doings will take place at ten thirty a.m., Saturday, September 13th, a time and date that have been designated for the official recognition of Haskell and Haskell County as being of Bicentennial Status. The place of action will be on the southside of the courthouse and the time necessary will only be of one hour or less in duration. For this one hour, sixty minutes, Haskell merchants are respectfully requested to close their places of business. It will be an hour well spent, one which you can use to pay your respects to the Nation which has existed for nigh on to two hundred years, as the land of the free and the home of the brave. For two hundred years, wars of internal or external nature have failed to dampen the spirit of or topple the country which so proudly proclaims liberty and freedom to all men.

This short ceremony presents a once in a lifetime opportunity as there will be another hundred years roll off the calendar of time before the Tri-Centennial Celebration will get under way. We are fully aware that business today is highly competitive but we also know that this is one of the few countries in the world where a man or woman is privileged to make as much as they can in their productive years. We also agree that it is quite possible that you will lose a certain amount of business during this hour of closing, but you can truthfully say, "So what, in a hundred years from now I won't know the difference." Of course there may be a few who are planning to still be operating on the same old corner when the next hundred years have passed by. For those we have used the old method of mathematics to compute the number of hours you will have to devote to

making a success of your business enterprise. This is merely to take twenty-four hours, multiply them by three hundred and sixty-five days and that figure by one hundred years, and you get the sum total of 876,000 hours for the next century. The point is if you can't make it in 875,999 hours, there is just a chance that you might not make it anyway.

The coming event, scheduled for Saturday, September 13th, is the result of some six months of detailed planning and a lot of work by some folks. Folks who are interested in Haskell and the county of the same name doing their part in the 200th anniversary celebration of our Nation. These people, figuratively speaking, have burned a lot of midnight oil while discussing ways and means of spurring the folks to greater efforts of accomplishment for the future, as well as paying tribute to those whose goals have already been reached.

The writer, who desires for obvious reasons to remain anonymous, can truthfully say that there are at least four women on the steering Committee who have acquired several more grey hairs in the head since first beginning some six months ago. This statement alone could well be the cause for the origination of the first all woman Vigilante Committee bent on a necktie party for the writer. But, seriously folks, these people have devoted long hard hours to make it possible and we can

assure you that they will appreciate to the fullest your cooperation in this simple request.

Just lock the front door and hang a shingle up telling your customers where you are, gone fishing, or that you just heard by grapevine that your Mother-in-law was coming for an extended visit and you will be out of pocket until further notice.

Better still, just say that you have walked across the street to help a dear "Old Uncle" celebrate his 200th birthday.

Vicki Smith New Principal At Roswell

Vicki Smith, 35, a teacher at Berrendo Elementary School for the past nine years, has been named principal at Military Heights Elementary School.

The announcement was made this week by Supt. Dr. Fred Pomeroy.

"Mrs. Smith is highly qualified to fill the position," Dr. Pomeroy said. "She was chosen from a number of candidates who had filed applications for the vacancy."

The principal position has been open since Denny Wright was appointed assistant director of instruction elementary last month.

Mrs. Smith is originally from Santa Rosa, New Mexico. She was graduated from Haskell High School in 1957, received her bachelor of arts degree in elementary education from New Mexico Highlands (Las Vegas) University in 1961 and her master of arts degree in psychology administration from Eastern New Mexico University-Portales in 1972.

Mrs. Smith and her husband, Dale, have two children, a daughter 13 and a son, 10. They live at 3213 Bandolina Ave., Roswell, New Mexico. She is the niece of Mrs. Inez Mobley and Mrs. Cliff Dunning of Haskell.

RECORD RICE CROP

A record rice crop is in the making in the U.S., with a crop of about 125 million hundredweights. Texas production is estimated at 25 million hundredweights, valued at \$250 million, according to a marketing economist for the Texas Agricultural Extension Service and Texas Agricultural Experiment Station. Average yields of 4,500 pounds per acre are expected from 2.75 million acres nationally. The first cutting of the Texas crop is about complete, with prices averaging about \$10.50 per hundredweight for long grain rice and \$9.20 for the medium grain types. The record harvest along with a large carryover will mean large supplies for the current marketing year which will keep the damper on rice prices.

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S.J.R. NO. 11) SPECIAL ELECTION NOVEMBER 4, 1975

PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution, Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

PROPOSITION NO. 2 ON THE BALLOT

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

PROPOSITION NO. 3 ON THE BALLOT

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution, Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

PROPOSITION NO. 5 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution, Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

PROPOSITION NO. 6 ON THE BALLOT

Revising the local government provisions of the Texas Constitution, Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

PROPOSITION NO. 7 ON THE BALLOT

Revising the general provisions of the Texas Constitution, Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

tribute more than 10 percent of the State of Texas is protected and the legislature is required to enforce this policy. State funds may be removed from the river basin if the water is necessary for the requirements of the for the ensuing 50 years unless the removal of water is sufficient to the point of removal from outside state or is on a temporary, interim basis seaward beaches of Gulf of Mexico coastal submerged lands belonging to the state held by the state in trust for the people, and subject to reasonable limitations prescribed by law. Public beaches are unrestricted and benefit of beaches. The provision continued that, except otherwise provided by law, a rate of interest in excess of ten percent per year is usurious, and if a contract does not specify a rate of interest, the rate under the contract may not exceed ten percent per year. Disposition against incapacitated persons is limited, and a goal of state is established to provide every resident with access to adequate comprehensive health care.

PROPOSITION NO. 8 ON THE BALLOT

Revising the general provisions of the Texas Constitution, Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. PROPOSITION NO. 10 ON THE BALLOT

Revising the finance provisions of the Texas Constitution, Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a

tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present deduction of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

PROPOSITION NO. 14 ON THE BALLOT

Revising the local government provisions of the Texas Constitution, Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

PROPOSITION NO. 15 ON THE BALLOT

Revising the general provisions of the Texas Constitution, Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

Soil and Water Conservation Districts

Conservation Service is increasingly being used to serve environmental education as school teachers and conservators, and as resource teachers of information on soil and water conservation. The gist of an agency's August issue "Conservation", the program of the agency, is the way in helping plan and use outdoor learning areas, such as trails, and soil and

a large audience of future leaders and decisionmakers," Davis said.

Facts relating to the environment and gained from years of actual conservation practice are also passed on by SCS district conservationists to women's clubs, service clubs, and scouts.

"Providing this kind of assistance is where districts and SCS can be of increasing service to all Americans. We cannot afford to shrink from our responsibilities in environmental education. There's too much at stake," Davis concluded.

SCS at Haskell in conjunction with the Wichita-Brazos Soil and Water Conservation District is in the process of arranging for and will be establishing such an outdoor learning area near the Weintner School. It is hoped that other schools in Haskell County will ask for and let us assist them in establishing such outdoor learning areas near their schools. As a school administrator, if you are interested, please contact your SCS office in Haskell for assistance.

As your district conservationist, I wish to take this opportunity of extending a hearty welcome on behalf of the Boards of Directors of the California Creek and Wichita-Brazos Soil and Water Conservation Districts and the SCS staff at Haskell, to Haskell County's new County Executive Director of the Agricultural Stabilization and Conservation Service, Wayland Shirley. Welcome aboard the Conservation ship, Wayland. Shirley moved here from Coleman this week, and is in the process of establishing his home. He is a native of northeastern Jones County-the Avoca-Lueders area.

In the United States today, there are some 38,000 people working as trained dietitians. In hospitals, corporation dining facilities, school cafeterias and homes for the disabled, they are responsible for both individual and large-scale nutritional decisions.

There are more than two million people in the United States who are members of the Teamsters Union. Often unfairly stereotyped, they are frequently Cub Scout leaders, church deacons, Little League coaches, state legislators and good neighbors, as well as concerned citizens of America, who work for such things as better transit systems and energy conservation.

America's first industrial nurse was Betty Moulder, who was employed by a coal mining company in 1888. Today, industrial nurses work in plants, help visitors in places like Disneyland and engage in community-oriented health programs.

WASHINGTON

OMAR BURLESON
Congressman—17th District

WASHINGTON, D. C.—IT IS ENTIRELY POSSIBLE THAT THE RECESS Congress took in August will be the best thing it has done this Session. If enough Members got the word that people are fed up with wild spending, deficits, Government control, regulations of one sort or another and a lot of other things, the effect could be for the better.

ON THE OTHER HAND, SOME MEMBERS REPORT that their city Constituents are more concerned about unemployment, the cost of living and demand more Federal relief. From conversations it would appear, however, that, generally, people are aware that the Government does not

have endless resources and that it can't cure every ill that befalls communities and individuals. In attempts to solve all problems, Government agents, clad in the armor of Federal law, poke into every nook and cranny of our lives, often doing more harm than good. There is an awareness that over a long period of years, there has been created a massive Federal regulatory structure encased in contradiction, excesses and rules.

WITH ENOUGH PEOPLE AFFECTED BY THESE OVERPOWERING CONTROLS and regulations, an awareness may set in for a demand to not only retrench some of the things now in effect but to cause Washington to think twice before it undertakes to tell every enterprise in the Country what it can and can not do in hiring, firing, pricing, production, completing and all the other authority now being imposed.

THESE ARE PROPOSALS, BOTH IN THE HOUSE AND IN THE SENATE, which

would unify a vast number of Federal programs now spread around in so many departments that one hardly knows what the other is doing. The effect is to victimize those supposedly to be helped.

THE FACELESS BUREAUCRACY IS NOT RESPONSIBLE to the people it is supposed to help. Too often it imposes a burden on business and on individuals with which they can not cope and often citizens pay a penalty rather than try to defend themselves. It is such an expensive effort to fight the bureaucracy that most times they simply plead "no contest." The Government has unlimited resources behind it in a court case but a company or individual does not. To win a case may well be a hollow victory for a small businessman because there is case after case where a legal fight has caused bankruptcy. In all cases, the taxpayers foot the bill for the Government's mistakes.

THE PRESIDENT HAS CALLED IN HIS CABINET

HEADS, COMMISSION, Bureau and Agency Directors and has instructed them to reduce their overwhelming bureaucracies. This is well and good but other Presidents before the present one have, at times, done the same thing. It has not been effective because there have not been follow-ups to see that it was done. Even a greater handicap is that the professionals down below Cabinet and agency heads, have usually been in their positions for a long period of time and hang on to the power they are able to yield. Often the head man is unable to reach through the red tape to do much about it.

AT FIRST GLANCE, IT WOULD APPEAR THAT a bill in the United States entitled "Economic Adjustment Administration" would add another layer to the bureaucracy but if past efforts are an indication, it is going to take efforts by both the President and the Congress to reach through the maze of all the agencies, commissions and

bureaus to find the handle on the brake. Thousands of toes will be stepped on and screams will come from all points of the Nation but, of course, the loudest will be here in Washington.

IT IS EASY TO CONDEMN THE BUREAUCRACY by reason of its high-handed authority but, actually, it comes back to the Congress which passes all the laws requiring the bureaucracy in the first place.

Sagerton News

The schedule of events in our community this week are:

The Revival at the Sagerton Methodist Church has been postponed until September 24 through September 28, with nightly services at 8:15 and morning service at 9:30 on Sunday.

September 11-8:00 p.m. in the Sagerton Community Center Auditorium, Harold Couch, with the Department of Public Safety will present a program on "City Driving". Mr. Couch is the man that conducted a defensive driving course here two years ago and makes his programs very interesting.

The ladies of the community are asked to bring cookies for refreshments after the program. This is one of our planned monthly educational programs for our T.C.I.P.

September 13-8:00 p.m. is the regular monthly musical at the Community Center and this month the Community Teens, who sponsor the monthly musicals, will donate the money they make at the concession stand to the Cystic Fibrosis Foundation's Breath

of Life campaign. Cystic Fibrosis is second only to cancer in fatal diseases that effect children. Come support the Teens and this project Sept. 13.

Mrs. Ewell Kittley hosted the Stitch and Chatter Club at her home Wednesday of last week and the ladies quilted on a quilt that they took for Sagerton's day at the Haskell County Bicentennial booth at the Abilene West Texas Fair.

Winston Ulmer and sons, Mark and Brad, of San Antonio were here last weekend with Mr. and Mrs. F. A. Ulmer and did some dove hunting.

Mrs. Lewis Corzine showed pictures and talked about their recent trip to Hawaii at the meeting of the L.O.C. H.D. Club in the home of Mrs. Clarence Teichelman September 4.

The ladies filled in their yearbooks and made plans to sponsor a Bicentennial cookbook for the Sagerton area. Mrs. J. C. New is chairman of the project. She will announce

plans later.

Guests in the home of Mr. and Mrs. J. B. Toney Friday night were: Mr. and Mrs. Otto Schaake, Mr. and Mrs. F. A. Stegemoeller, Erna and Walter Schaake, C. E. Stegemoeller, Mr. and Mrs. E. E. Teichelman, Mr. and Mrs. Clarence Teichelman, Mr. and Mrs. Herbert Lammert, Mr. and Mrs. Herbert Nierdieck and grandson, Jimmy Cook, of Abilene, Mr. and Mrs. Herbert Vahlenkamp, and Mr. and Mrs. A. C. Knipling. The occasion was a birthday party in honor of Mrs. Toney.

Mr. and Mrs. J. C. Schwartz of Snyder visited Mrs. Otto Lehmann last weekend.

The citizens of our community extend their sympathy to Mrs. Lois Young and family. Mrs. Young's sister, Merle, passed away last weekend and the family attended the funeral services in Fort Worth Monday.

Gary Laughlin of Lamesa stopped by for a short visit with his aunt, Mrs. Cliff LeFevre and Mr. and Mrs. Delbert LeFevre Wednesday of last week.

Get-well wishes go to D. W. Counts, who was a patient at a Wichita Falls hospital recently, but is home and doing better. And to Jack Quade, of Stamford, a former resident of our community. Jack has been pretty sick at Hendricks in Abilene, and we all wish him a speedy recovery.

Mrs. Cliff LeFevre and Mrs. Reece Clark went to Sherman to visit Mrs. LeFevre's aunt, Mrs. Mignon Majors, and they also visited in Gainesville with Mrs. Thelma LeFevre and she came home with them for a visit.

Mrs. John L. Brooks and Beulah Mae Summers attended a Postal Meeting at Clyde

Sat. night.

Mr. and Mrs. Joe Clark hosted a bird fry at their home Saturday night. Guests were: Rev. and Mrs. Herb Drissner of Eden, Dr. and Mrs. Jerry Drissner and Mr. and Mrs. Ronnie Drissner of Dallas, Richard Drissner of Dallas, and the Drissner's daughters, Grace and husband from Clovis, New Mexico and Karen of Eden and her friend, Mr. and Mrs. J. A. Hertel, Mr. and Mrs. Ervin Diers, Miss Lillian Neinast, Mrs. Hilda Neumann, Mrs. Emma Raphael, Mr. and Mrs. Don Bivins and family and Mr. and Mrs. Leon Stegemoeller and family. The Drissners visit here with old friends at this time every year. Rev. Drissner was a pastor of Zion Lutheran Church here in the 1950's.

**FRANK SLAYTON TO
PREACH**

Brother Frank Slayton will conduct the regular services at the Central Baptist Church in the absence of Brother Ronnie Timms. Brother Slayton urges everyone to be in your place Sunday at church. Sunday School starts at 9:45, morning worship at 11:00, training services at 6:00 p.m. and evening services at 7:00.

THE SCIENTISTS TELL ME ...

By Robert L. Haney, Science Writer
The Texas Agricultural Experiment Station

Texas Has Great Potential For Increased Fruit Production

If you've had "bad luck" with your fruit and nut trees or berry and grape vines, take another look; it may not be your fault.

There are a number of stores that through carelessness, ignorance, or "plain don't care" sell plants that aren't adapted to their sales area. To them a plant is O.K. if it's living when they sell it. And if you get some of these, even if they live, they're a lot of trouble. So if you're in doubt about what plants are adapted to your area, check with your county agricultural agent or your extension horticulturist. They, in turn, rely on the broad-based research program of the Texas Agricultural Experiment Station (TAES).

Because Texas has such a wide range of climatic conditions, it is necessary to provide a seasonal series of varieties adapted to each area of Texas that differs significantly in climate from other areas.

For example, a peach that does great in north Texas may not even produce in South Texas, and a grape variety well adapted to West Texas won't even live in East Texas.

The coordinator of TAES Deciduous and Small Fruits Research is Dr. Hollis Bowen. This category includes peaches, pears, apples, plums, figs, grapes, blueberries, strawberries and blackberries. The scientists who work with Bowen are constantly testing and improving varieties. They must consider not only climatic adaptability but yield and quality of fruit as well as resistance to insects and disease. In addition they must solve dozens of production problems. For example, how do you keep orchards on the High Plains from blooming too early in the spring and being killed back by late frost? At Lubbock, Dr. Bill Lipe and his associates find they can delay blooming by 3 or 4 weeks with an automatically-controlled, overhead-sprinkler irrigation system. It automatically turns on when the temperature gets above 50°F, and the evaporative cooling chills the buds back to sleep. At Stephenville, Dr.

J. W. Worthington is evaluating new chemicals developed for weed control in the orchard. Weed control is expensive but necessary in the orchard because weeds rob trees of needed water and nutrients.

The herbicide evaluation program is to discover materials that are economically feasible to use in the orchard, that are not toxic to orchard plants or animals, that have a long residual effect on suppressing weeds and that will give a wide range of weed control.

New pesticides for improved control of insects and diseases on peach trees are being evaluated by Worthington and his colleagues.

For example, with the banning of DDT and Dieldrin in peach orchards, how do you control "cat facing" on peaches? That's a puckered area in fruit caused by sucking insects puncturing fruit when it's small. This kills cells next to the puncture so this area doesn't grow. Such problems constantly challenge the ingenuity of researchers.

Trickle irrigation of orchards is being studied by Worthington and Shelby Newman in cooperation with Bobby Reeder at Montague. This is a labor-saving method of applying water that reduces the quantity of water needed as well as uses water of low quality. It seems to have great potential in water short areas of Texas.

These few examples are only a glimpse of the broad-based research program studying all aspects of fruit production in different areas of the state. From such research comes the answers to today's and tomorrow's problems.

Also from it come better varieties that you can use in your yard or orchard. The new peaches Sam Houston and TAES Milam have been released by the Experiment Station and where suited, are giving bigger yields of better fruit.

The new fig, Alma, just released by TAES is cold hardy and produces large, high quality figs.

A new plum variety, Morris, has just been released by the Experiment Station. It's large, has good quality, good shelf life and is a very good dessert plum.

Better grapes, blackberries, pears, apples and strawberries are being developed and will be released as soon as possible.

Our growing population in this state wants a greater variety of better fruit, and TAES scientists say it's possible to produce much of it right here in Texas.

Veterans To Receive Increases

Checks ranging from \$3 to \$174 will be mailed to 2.2 million disabled veterans and 320,000 dependents who qualify for increases in their disability compensation and dependency and indemnity compensation signed into law by President Ford on August 5.

Jack Coker, Director, VA Regional Office, said the increases of 10 to 12 percent were effective August 1, but the change came too late to be incorporated in the checks to be mailed at the end of August.

A separate check for the amount of the increase will be mailed to beneficiaries during September, he said. The new rates will be reflected in checks to be mailed at the end of September and in all subsequent monthly checks. Total cost of the increases for

the first year is \$450 million. Coker emphasized that no application or inquiry is necessary. The increases will be made automatically by the agency, he explained.

Veterans with a 50 percent or less disability rating received a 10 percent increase in their monthly payments. Veterans with a greater disability rating and DIC beneficiaries received a 12 percent increase under the new law.

Monthly payments to single veterans with 10 percent disabilities were increased from \$32 to \$35. Veterans rated 100 percent under the general schedule were raised from \$584 to \$655. For the most severely disabled, the maximum amount was raised from \$1,454 to \$1,628 monthly.

Reddy's helpful tips for your Home Laundry

- ★ Avoid wasting hot water while laundering. Use the cold and warm water setting as much as possible to cut down on the energy needed to heat water.
- ★ Use the water level control on your washer. You should use less hot water for small loads.
- ★ Follow detergent instructions carefully. Over-sudsing makes your washing machine motor work harder than it needs to.
- ★ Clean the lint filter on your washer and dryer after each load to keep your machine running efficiently.
