

"HASKELL—A GOOD PLACE TO VISIT; A BETTER PLACE TO LIVE"

RAY SIMMONS, 15, was pronounced dead at the scene of this accident by Justice of the Peace H. M. Bledsoe of Haskell. The accident occurred at approximately 2:45 a.m. Tuesday, 4 miles north of Stamford on U.S. highway 277. Simmons was reportedly driving a stolen vehicle and was being chased by Texas Highway Patrolmen James Davis and Mike Humphreys. (Staff Photo By Don Comedy)

Youth Dies In Chase

A high speed chase to a stolen vehicle ended Tuesday night at approximately 2:45 a.m. Tuesday. A 15-year-old youth was pronounced dead at the scene of the accident by Justice of the Peace H. M. Bledsoe of Haskell. The accident occurred at approximately 2:45 a.m. Tuesday, 4 miles north of Stamford on U.S. highway 277. Simmons was reportedly driving a stolen vehicle and was being chased by Texas Highway Patrolmen James Davis and Mike Humphreys. (Staff Photo By Don Comedy)

PROCLAMATION BY THE COUNTY JUDGE OF HASKELL COUNTY
To Whom These Presents Shall Come:
I, Roberson, County Judge of Haskell County, do hereby proclaim the week of July 25-30, 1975 as FARM AND SAFETY WEEK in Haskell County, for the following reasons:
The citizens of Haskell County are proud of our ranch families from whom comes our abundance of fiber; therefore, our citizens are deeply concerned for the safety and well being of this segment of our county; and
Records show that at least 285 farm and ranch accidents during 1974 at the following rates: traffic-97; drownings-34; firearms; 24; fires and burns-21; machinery-15; animals-13; electric current-10; and accidents-19. Haskell County recorded no farm/ranch accidents.
Our farmers and ranchers have become increasingly concerned with a new phase of agricultural safety regulatory requirements for their hired labor and the cost of new equipment (Roll-Over Protective Structures on Tractors) as a result of these regulatory requirements; and
During this week, a renewed emphasis on rural safety education is being undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Safety Association, the Texas and Haskell County Rural Extension Service, Texas 4-H Clubs, Community Extension Associations, Texas Future Farmers and Future Homemakers of America, Young Farmers and Young Homemakers of Texas and the Haskell County Farm Bureau with the "Planning Prevents Accidents"; and
Planning for accident prevention includes a combination of proper attitudes, combined with practical safety precautions. The planning should include the following: enrollment in the (NSC) Defensive Driving (NRA)-Hunter & Home Firearm Safety Courses; (ARC) First Aid Course; and Basic Learn to Swim Course; and SAFETY in the Program of Work and Program Calendar clubs, churches and other group meetings.

B. O. Roberson
County Judge
Haskell County

Memorial Fund

A memorial fund has been started for Micheal Gray by parents of the Haskell Training Center students. Donations to the fund will be used to furnish a refreshment center in the Training Center where the students can sit and enjoy coffee, soft drinks and snacks. The refreshments are provided by women's clubs of Haskell, but there are no chairs or tables where the students may sit. Donations to the fund may be given at the Haskell National Bank.

They failed to stop him and followed him through town to four miles north of Stamford where Simmons lost control. He left the pavement on the right side, crossed both south-bound lanes and overturned several times before the pickup stopped on its side in the center of the north-bound side of the divided highway. Simmons was thrown from the pickup which caught fire. The pickup was reportedly stolen from Lawton, Okla. Funeral services were tentatively set for 4 p.m. in Sweetwater with McCoy Funeral Home handling arrangements. Survivors include his foster mother, three sisters, two step-brothers and three step-sisters.

Three Students Attend Seminar

Three students from this county sponsored by the Haskell County Farm Bureau were among 450 Texas students attending the 13th annual TFB High School Citizenship Seminar. They were: Kathy Caddell, daughter of Mr. and Mrs. Lindon J. Caddell of Paint Creek; Craig Childress, son of Mrs. Norma Childress of Haskell; and Suzanne Frierson, daughter of Mr. and Mrs. Ervin E. Frierson of Haskell. The seminar was held July 14-18 at Baylor University in Waco, Carrol Chaloupka, Texas Farm Bureau president, and Warren Newberry, executive director, spoke to the group at the opening session. Guest lecturers included Dr. Clifton Ganus, president of Harding College, Searcy, Ark.; Dal Shealy, assistant head football coach, Baylor University; Cleon Skousen of Salt Lake City, author, lawyer, and former FBI agent; and Dr. Phillip Gramm, economist, Texas A&M University. Purpose of the seminar is to provide training in the fundamentals of the free enterprise system, how communistic systems work, and basic responsibilities of good citizenship.

Couples Golf Tourney Set

A couples golf tournament will be held this Saturday and Sunday at the Haskell Country Club. Entry fee for the tournament will be \$25 per couple and golf equipment will be given as prizes. Entries must be in by 7 p.m. Friday. Persons may enter at the Country Club or by calling 864-3400. Participants may tee-off any time Saturday and will be flighted on Sunday. A free supper for entrants will be held Saturday.

Gen. Tel. Talking Lawsuit Council Rejects Phone Increase

Members of the Haskell City Council rejected a proposed rate increase Tuesday night during their regular meeting. The increase was requested last fall and members of the council employed Bryan Sloan, Austin CPA, to do a study and make recommendations concerning the request. Sloan reported at the last meeting of the Council that he didn't feel a rate increase was in order at this time. The increase was requested in Haskell, Rochester, Rule and Weinert. The action by the City of Haskell was the first by any of the cities and decisions by the other three are expected in the near future. Wednesday morning Jerry Kehoe, district manager for

General Telephone, stated that Gen. Tel. was tentatively going to file a law suit for an adjustment in rates. He also said that there were several other options which would be considered before the court case was filed. Gen. Tel. submitted a final

Baseball Tourney This Weekend

The regional Texas Teenage Senior League Baseball tournament began last night, Wednesday, and will continue through Saturday. Three teams, Haskell, Cisco and Sweetwater, are competing in the double elimination tournament. Games began at 7:30 p.m. Wednesday, Thursday and Friday and at 7 p.m. Saturday at the Haskell Teenage Park. Winner of the tournament will compete in the State Tournament in Waco August 6.

Training Center Students Attend Camp

Six students from the Haskell Training Center recently returned home from a week's stay at Camp Roadrunner near Merkel. Some of the students swam for the first time and all enjoyed activities such as ball games, woodworking shop and leather crafts. Girls attending the camp also made terrariums. Students from the Center attending Camp were: Dick Davis, Vicky Cochran, Etta Fay Wallace, Randel Lenton, Gene Sanders and Claude Sanders. Counselors from Haskell were Timmy Rodela and Mrs. Gene Cochran. Other students from the Haskell Center attended camp for one day and were accompanied by Mrs. Eve Gray. A part of the funds for the camp were donated by Haskell County residents.

Sayles-Centerpoint Homecoming Set August 2-3

The eighth annual Sayles-Centerpoint Homecoming will be held at the Haskell Country Club August 3 according to L. M. "Duke" Jeter, president. The lunch will be catered by Haskell Steak House again this year. On August 2, at 7 p.m., a get-together of all ex-students, teachers, and patrons of the two communities will be held at Haskell Park. Refreshments will be served. A homecoming queen will be crowned on Sunday during the meeting. Invitations have been mailed to all ex-students, teachers, and patrons of both communities. Local people will not receive invitations due to postal expense, but are cordially invited.

Volunteers Needed

There are six million reasons why the Breath of Life Campaign needs volunteers... six million boys and girls who have the inherited, incurable disease cystic fibrosis, or other lung diseases like chronic bronchitis, bronchiectasis, severe asthma, and a condition sometimes called "childhood emphysema". "These children need our attention...they demand our concerted effort to do something about lung diseases," said Mrs. Odell Helweg, Chairman of the Breath of Life Campaign for Haskell County for the Cystic Fibrosis Foundation. The Cystic Fibrosis Foundation supports over 100 C/F Centers across the country, six are located in Texas. At these clinics children suffering with lung diseases are diagnosed and treated. It also supports continuous research, seeking a cure or more effective control for cystic fibrosis and the development of new techniques to make possible a practical test to determine carriers of the C/F gene. Money contributed through the Breath of Life Campaign over the years has made possible research and care which has significantly increased in life expectancy of C/F children. Although cystic fibrosis is still incurable, these children are living into the teen years and increasing numbers are reaching young adulthood. This research has also brought tremendous advances in the treatment of other chronic respiratory illnesses. Today, many of these diseases can be cured, and all respond favorably to treatment. "Obviously, we are tremendously encouraged by the progress to date", said Mrs.

Helweg, "but so much more needs to be done. Anyone willing to devote a little time can work in a number of Breath of Life Campaign activities. The rewards are great," she added, "for you will be truly making possible the breath of life for those who cannot take breathing for granted". Anyone willing to volunteer for the Cystic Fibrosis Breath of Life Campaign should contact these chairmen. Mrs. Odell Helweg, Haskell, 864-3041; Mrs. Sam Turner, Rule, 997-2370; Mrs. Vern Derr, Weinert, 673-2311; Mrs. Alton Byrd, Rochester, 743-3456; and Mrs. Leland Thane, Sagerton, 773-3957. The drive has been set Sept. 1-6 in Haskell County.

3 Accidents Reported In June

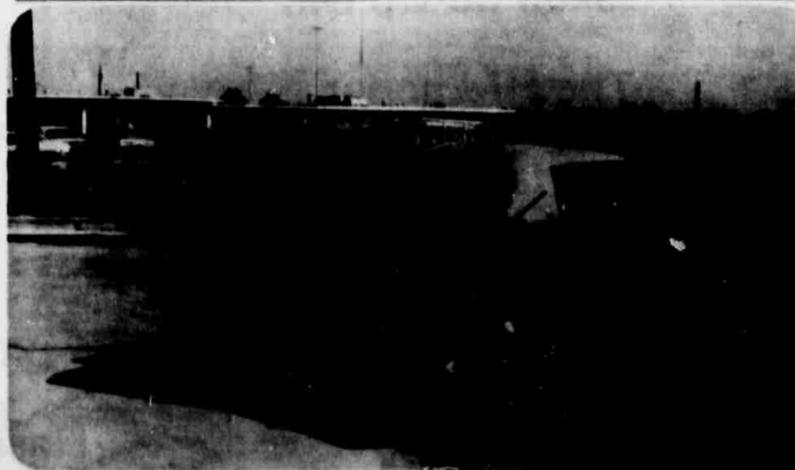

The Texas Highway Patrol investigated three accidents on rural highways in Haskell County during the month of June, 1975, according to Sergeant Frank Jircik, Highway Patrol supervisor of this area. These crashes resulted in no persons killed and two persons injured. The rural traffic accident summary for this county during the first six months of 1975 shows a total of 22 accidents resulting in one person killed and 12 persons injured. The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for June, 1975, shows a total of 572 accidents resulting in 25 persons killed and 355 persons injured as compared to June, 1974, with 466 accidents resulting in 19 persons killed and 261 persons injured. This was 106 more accidents, six more killed, and 94 more injured in 1975 at the same period of time. The 25 traffic deaths for the month of June, 1975, occurred in the following counties: one each in Clay, Floyd, Garza, Wichita, Young, Armstrong, Childress, Collingsworth, Donley, Hardeman, Randall, and Roberts; two each in Carson, Cochran, and Lamb; and seven in Lubbock.

Emily Cox Named Winner

Emily Cox, daughter of Mr. and Mrs. Wallace Cox, Jr., 701 N. Ave. K, Haskell was named "Outstanding Camper" at the Friday night campfire, second session of Camp Boothe Oaks, Sweetwater Girl Scout Camp. Emily was elected by campers in the Sherwood Unit to this honor. Every year girls choose the one camper that they feel has best lived up to the Girl Scout ideals as a fellow camper. Emily also passed her swimming test for the American Red Cross Advanced Beginner while at Camp Boothe Oaks.

Slow Pitch Tournament Set In Seymour

The Baylor County Heart Association will sponsor the 2nd Annual Slow Pitch Softball Tournament August 14, 15 and 16. Entry fee is \$20.00. Fees should be mailed to Mike Jurecek, Box 391, Seymour, Texas 76380 and should be received on or before Friday, August 8. Further information can be obtained by contacting Mike Jurecek at 888-3115 or 888-3611 after 6 p.m.; Gilbert Kotulek at 888-3437 or 888-2075 after 6 p.m.

THIS TWO-CAR accident Tuesday resulted in heavy damage to both vehicles, but no injuries to the occupants of the cars. The accident occurred at 10:15 a.m. at the intersection of U.S. 380 and Ave. O and involved a 1973 Buick driven by Eddie Medford and a 1974 Mercury driven by Mrs. Eva Baugh White of Rule. Tom Barnett reported that the investigation was still in progress late Tuesday afternoon. (Staff Photo By Don Comedy)

PREVENT FARM ACCIDENTS

**DON'T BE A STATISTIC,
CHECK YOUR FARM
FOR SAFETY HAZARDS
TODAY!...**

Most farm accidents can be avoided if a little time is taken to remove obstructions, fill hazardous field depressions and check machinery for unsafe operating conditions. Safe farming conditions are as much a part of farming as cultivating or planting. Don't gamble with chance, remove the cause of an accident promptly!

POWER ALKS N TOWER Food Supply Threat

—A recent ruling by the Federal Power Commission (FPC) presents a serious threat to the economy west, and to America's ability to produce food in the world in future years.

has the authority to set the wellhead price at which natural gas may be sold in the interstate market, and to give priority to the use of natural gas for those who shall have priority in the use of natural gas.

of the FPC priority rating system, in which the categories, is to determine which natural gas should be cut off first if supplies of natural gas fall below the level of demand.

There have been increasingly severe shortages of natural gas in the West since the FPC's decision in 1954. A report released early this month indicated that there are deficiencies in the interstate market which will require three trillion cubic feet this year, a 45 per cent increase over last year.

issued an order last December which reduces the amount of natural gas used for agricultural purposes to two to three per cent of total production.

the FPC ruling, which would be locked in by a natural gas bill currently before the Senate is law, farm use of natural gas had been assigned second priority to home use.

in the arid regions of the Southwest have a vital and dependable supply of natural gas, which is used for irrigation wells. Alternative sources of power for irrigation wells in most cases are technologically prohibitive.

farmer prepares to plant in arid country, he must know in advance whether or not he will irrigate. It is contingent upon the availability of natural gas for dependable irrigation, farm yields drop, farm prices, and food prices to consumers everywhere.

produced in America is more important to our economy and to our foreign balance of payments than any other commodity. If we are to have the same standard of living with other countries for raw materials we must produce in America must be as high as that of other countries.

's shortsighted action will have a ripple effect felt by the housewife at the supermarket check-out counter, the international banker, and by the starving people in India. The fact is America has NO vital interest in the world other than that of the farmer. Agricultural use of natural gas should be restored to its former priority. I urge legislation to that effect.

planning. One such new idea is Drive-away cars.

Driveaway car companies are in the business of arranging for the transportation of people's cars from one city to another. And they do this by letting ordinary drivers like yourself drive them for free.

So if a drive-away company in your town needs to get a car to your chosen vacation site, you've pretty well got it made. You save a number of ways. You won't have to spend money getting your car prepared for a long journey. And while you're getting your rest, so is your car. That means no wear and tear from a long trip.

There are a couple of catches, of course. First you have to have a good, clean driving record. Second, you may have to leave a \$50 or \$100 refundable deposit. And you will have to pay for gas and oil along the way. Any repair expenses will be reimbursed to you by the owner.

Plan ahead. Contact several companies and make reservations if you can. Also try to plan for your return transportation at the same time.

Think it over. It may save you some time and money.

Readers' questions are welcome and should be sent to P.O. Box 2210, Newport Beach, CA 92663.

THE SCIENTISTS TELL ME ...

By Robert L. Haney, Science Writer
The Texas Agricultural Experiment Station

Agricultural Land May Purify the Sewage of Our Cities

More than 150 cities in Texas have been applying sewage to agricultural lands for a number of years. A sort of magic change was expected from exposure of sewage to sunlight, air, growing plants and the teeming life in the soil. Nature would clean up the water for irrigation and other use and reclaim the nutrients in the sewage for food production.

Does this method really work, or is it a dangerous practice that poisons the soil and threatens our health? A team of scientists with The Texas Agricultural Experiment Station (TAES) and Texas A&M University are evaluating the effect of applying municipal sewage to agricultural soils.

The Environmental Protection Agency is funding the 2-year program of research and Dr. Richard Weaver, TAES soil microbiologist, says it is the most comprehensive of its kind undertaken in the Southwest.

Both the chemical and the microbiological effects of applying sewage to the soil will be studied. The nutrients in sewage can be used by growing crops, according to Dr. Lloyd Hossner, soil chemist. These nutrients are in short supply and are needed for crop production.

However, Hossner cautions that care must be taken in such use since toxic metals such as arsenic, mercury and lead could be present. The level of these elements in some sewage waters and the quantity that soils and crops can tolerate will be studied.

Many human and animal disease organisms are present in sewage according to Weaver. The microbiological problems associated with such use of sewage waters needs careful research. If the disease organisms survive in the soil, in the runoff water, or on the plants, the application of sewage to soil may be a health hazard.

The presence of viruses in treated soils will be studied by a virologist, Dr. Fred Heck. He'll find out if such treatment inactivates the viruses or whether they represent a continuing threat to animals and humans.

And there are multitudes of disease-causing bacteria in sewage water. What's the effect of spreading these on agricultural land; do they die or multiply? A medical microbiologist, Dr. Bill Foster, will find out.

And what about the animals' grazing lands treated with sewage? Are they picking up both toxic metals and disease organisms that they can pass on to humans? A veterinary microbiologist, Dr. Richard Hidalgo, will study such problems.

It's thought that inter-

irrigated farm being studied seeps into the Concho River. Weaver says possible contamination of the river will be checked by analysis of water samples taken at regular time intervals from the river above and below the farm. And, in addition, samples of water from both deep and shallow wells in the area will be regularly analyzed.

The site chosen for this research has been used by the City of San Angelo for secondary sewage disposal for 15 years. City officials are cooperating with this research team to insure that all possible health precautions are taken.

As the population of the state and nation continues to grow, pressures on our environment (such as sewage disposal) will increase. If a way can be

found to safely neutralize and salvage such wastes, all of us will benefit.

Rice Springs News

We are happy to welcome to our home a new resident, Mrs. Margaret Weinert.

Mrs. Eunice Martin from Anson visited her mother, Mrs. John Honea.

Mrs. Ruby Hill from New Mexico and Danny McMillian from Dumas visited Mrs. Eva McMillian.

Mrs. Gladys Grice and daughters and son, Greg visited Mr. Oscar Vanderworth.

Mr. and Mrs. Milton Reeves from Knox City visited her brother, Joe Teague. Other visiting were Glenda, Sandra and Karla Brothers.

Rev. and Mrs. Elmo Edwards from Plainview visited his mother, Mrs. Ethel Edwards.

Frank Vojkufka from Lubbock, Mrs. Jewel Harvon and Mrs. Aline Cross from Seymour visited their mother, Mrs. Annie Vojkufka.

Mrs. Desie Marion celebrated her birthday last week with her children visiting her and attending the Marion Reunion held at the Country Club during the weekend.

Joyce Williams from Carrollton, and Mrs. Myrtle Wood from Munday visited Mrs. Bertha Yarbrough.

Mr. and Mrs. Robert Brown from Brownwood, and Mr. and Mrs. Jim Thompson from Shreveport, La. visited Mrs. Martha Collins.

Pauline Turnbow, Buddy and Jody Foote from California visited Mrs. Maybelle Turnbow.

Mr. and Mrs. Ned H. Dulaney and son, Scott, from Fort Worth visited their aunt and uncle, Mr. and Mrs. J. J. Jousan.

Rev. Kathryn Byrd from

Rochester visited Mrs. Pearl King and Carrie Gates.

Mr. and Mrs. Elgin Hill from Lovviev, Mrs. Bob Hill, Mr. Loyd Kirkenlall, and Jean Kirkendall from Longview visited Mrs. Maggie McGuire.

Mr. and Mrs. James Norman and children from New Jersey visited Mrs. Stella Josselot.

Mrs. Finkie Roberson went to Abilene Thurs. for a check up with her doctor.

Mrs. Charles, Pitter Baker of Muncay, Mr. and Mrs. Harlan Weinert, Mr. and Mrs. Henry Smith, Mrs. Floyd McGuire, Wanda Vojkufka, Paula Ruisel and Miss Pitterson, all from Weinert visited Mrs. Margaret Weinert.

Visitors of Mr. H. E. Walton were Mr. and Mrs. August Steinfath of Brownfield.

Visiting Mrs. Annie Moelles were: Mr. and Mrs. Ollie Creed, Sweetwater, and Mr. and Mrs. O. C. Sedden from Guthrie.

Mrs. Kurl McGregor from Abilene visited her brother, Mr. Gene Tonn.

Allie Tibbets and Mrs. Eula Crow visited Miss Minnie Beckham.

Gene Fose and Dorothy Halliburton visited their mother, Mrs. Willie Rose.

Gladys, Erlene and Lois Martin visited Mrs. Connie Martin.

Visitors of Mrs. Verdie Wilson were Joanne, Sheryl and Tom Smith from Clyde.

Haskell Bicentennial Happenings

By Roxie Parker

When Mrs. Blanche Wilson's eight grandchildren reflect on their heritage, they are going to find something more precious than heirloom trunks or pictures. This dear lady's courageous spirit and zest for living will surely be fondly remembered for years as an incomparable treasure.

Confined to a wheel chair since 1967 because of arthritis, Mrs. Wilson makes her home at Rice Springs Care Home. And a home it is; on the walls of the room she shares with Mrs. Maggie McGuire are her own handiwork of framed needlepoint and embroidered pictures, including a beautiful Indian prayer and a large one, "Sitting Pretty", done in brightly colored crewel embroidery. But her favorite is one which she did in needlepoint copied from a Mother's Day card made for her by her son when he was in the first grade.

Mrs. Wilson wanted to do something to celebrate the Bicentennial and so she and her daughter, Mrs. A. C. Richardson, put their heads together and worked out, without benefit of a bought pattern, a way to crochet a flag. She has completed the Betsy Ross flag and has almost completed the Bennington flag, each of them 36 inches by 53 inches.

After the Declaration of Independence on July 4, 1776, the people needed a national emblem and Congress adopted the resolution in 1777 that thirteen stripes of alternate red and white and thirteen white stars on a blue field comprise the flag. The Betsy Ross design has the thirteen stars in a circle.

Among the historic flags of the Revolutionary War was the Bennington flag. Carried by the colonial forces at the Battle of Bennington in Vermont on August 16, 1777, the flag has thirteen alternating red and white stripes but the white is at the top and bottom. On the field of blue are the numerals "76" surrounded by eleven stars in a horseshoe shape with the twelfth and thirteenth stars in the upper corners.

When completed with staffs, these flags with their Grandmother's blessing will be displayed in the Richardson home by Clark, Gil and Doug.

I asked Mrs. Wilson how long it took her to crochet one flag and she said, "Approximately 125 hours. And be sure to tell them that is single-chain crochet!" Part of that 125 hours was spent working as she lay "Propped up" in

her bed because sometimes pain will not allow her to stay in the wheel chair.

Mr. and Mrs. Wilson lived and farmed in Itasca. They shared an avid interest in history and Indian folklore, and he had through the years collected many Indian artifacts. After his death in 1968 many of these were given to the Richardsons who have them attractively displayed in their den.

Not one to dwell on her problems, Mrs. Wilson gave an enthusiastic account of the trip she and her husband made to Alaska in 1962. They stayed three months and hunted bear and moose and fished for salmon. "I even killed a caribou", she said, her blue eyes sparkling. There is a Wilson son, Bobby, who is a horticulturist. He and his wife and five children have recently moved from Alaska to Georgia. She proudly showed me her "Grandmother" necklace with a charm for each grandchild, and a beaten gold ornament centered with four tiny gold nuggets from Alaska.

One of the joys of participating in our country's birthday celebration is derived from being able to make it a personal endeavor. Groups, clubs, organizations may all have a part, but people like Mrs. Wilson will have a special satisfaction from their individual efforts.

And who knows—an heirloom may be created in the process!

Marriage Announced

Pamela Ann Coker became the bride of Keith Dwayne Conner July 10 in the First Christian Church in Benjamin with Terry Cartwright officiating.

Parents of the couple are Mr. and Mrs. Jack Coker of Rule and Mr. and Mrs. Bud Conner of Benjamin.

Maid of honor was Linda Rhoads of Rule. Best man was Steve Conner, brother of the groom, from Lubbock.

The reception was held in the dining room of Hazel's Cafe in Benjamin.

The bride is a student of Rule High School. The groom is a Senior at Benjamin High School and employed by Conner Enco in Benjamin.

After a wedding trip to Oklahoma, the couple are residing in Benjamin.

DR. & MRS. DERREL H. DAVIS ...formerly Pamela Kay Druessedow

Druessedow, Davis Exchange Vows

Pamela Kay Druessedow and Dr. Derrel H. Davis exchanged marriage vows on Monday, July 14 at Trinity Lutheran Church with Pastor Allen Johannes of Comfort, Texas officiating.

The bride is the daughter of Mrs. Ann Druessedow and Henry C. Druessedow of Haskell. Parents of the bridegroom are Loudell Davis of Abilene and Hollis Davis, Dallas.

Frierson Reunion

Forty-six members attended a rainy eighteenth annual Frierson Family Reunion at the Haskell Country Club. Those present from Haskell were Mr. and Mrs. F. E. Frierson; Mr. and Mrs. David Frierson, Nathan, Jeff, Gary and Randall; Mr. and Mrs. Gene Campbell; Mr. and Mrs. John McDermott; Mr. and Mrs. Loyal Cameron; and Mr. and Mrs. A. D. Frierson.

Others attending were from San Rafael, California, Abilene, San Angelo, Azel, Pecos, Weatherford, Pampa and La Rue.

New officers for the 1976 reunion were elected. They are John McDermott, president; David Frierson, vice-president; and Ronnie and Gwen Frierson, secretary and treasurer.

Appropriate organ selections were presented before and during the ceremony by Mrs. Nelda Lane. Persons attending the service included only members of the immediate families of the bride and groom and Char Rix of Denton.

Given in marriage by her father, the bride wore an off-white dress with an applique of peach-colored flowers on the yoke. Her bouquet was composed of white orchids surrounded by peach-colored roses. Baby's breath accented her hair.

Following the service a reception was held at the home of the bride's father, 1007 North Avenue 1.

The bride is a cum laude graduate of North Texas State University and taught for four years in the Dallas Independent School District.

Dr. Davis is a graduate of Southern Methodist University and Baylor Dental College where he was a member of Psi Omega dental fraternity.

Following trips to Colorado and California, the couple will spend two years in the Philippine Islands where Dr. Davis will serve as captain in the dental corp of the Air Force.

Leisure Lodge News

Visiting with Mrs. Hester Rowland was Mrs. O. J. Riley from Throckmorton. With Mrs. Riley were her children, Russel Jones from Dallas visited his great-grandmother, Mrs. Ruby Moon over the weekend.

Observe 65th Wedding Anniversary

Mr. and Mrs. Jim H. Free observed their sixty-fifth wedding anniversary July 18. James Henry Free and Eula May Powell were married July 18, 1910 in the home of the bride's parents, Mr. and Mrs. J. L. Powell, northeast of Haskell in the Powell Community.

Mr. and Mrs. Free are both active in yard and garden work at their home in Haskell.

The couple has six daughters, twelve grandchildren and 14 great-grandchildren.

Their daughters are Mrs. Carl Wheatley, Mrs. Bill Liles and Mrs. Royce Adkins, all of Haskell; Mrs. Paul Roberts of Andrews; Mrs. Bruce Davis of Petersburg; and Mrs. Wallace Henshaw of Ft. Worth.

HERE'S TO YOUR HEALTH from Doyle High

When we get too little water in our diet, the body uses less of it to carry off the wastes filtered out by the kidneys, and the urine becomes less dilute. In a person with a tendency toward kidney stones, this may intensify the trouble. Drinking plenty of fluids will help to wash away salts which otherwise might form into stones and may also be helpful in relieving constipation.

AL FARM SAFETY
WEEK, 1975

At Ford has pro-
 ceed week beginning
 1975, as National
 Safety Week. As the
 pointed out in his
 son, the hard-work-
 and women on
 farms are entrusted
 immense respon-
 sibility of producing our
 food and fiber, and
 to nourish millions in
 other countries.
 Important human re-
 sults represented by our
 and ranchers must
 an environment of
 and well-being to
 these materials need-
 erica and the world.
 ear, too many farm
 are killed or seriously
 preventable acci-
 denting in advance for
 an environment can
 the lives and health
 workers.

program of education and
 information of farm and home
 safety.

Farm Safety Week this year
 gives us an excellent oppor-
 tunity to point out ways of
 eliminating safety hazards by
 pre-planning for safer prac-
 tices on each individual farm.
 It is important that all those
 who work with American
 agriculture assist in this
 effort.

In the name of the Boards of
 Directors of the California
 Creek and Wichita-Brazos Soil
 and Water Conservation Dis-
 tricts, and on behalf of the
 Secretary of Agriculture and
 the President of these United
 States, I call upon all the
 citizens of Haskell County to
 stress farm and home safety at
 every opportunity during National
 Farm Safety Week and
 throughout the year ahead.

J. C. Yeary, Jr.
 District Conservationist

Letters To The Editor

EDITORS NOTE: The Haskell Free Press will publish
 letters to the Editor dealing with any subject. All
 letters must be signed but names will be withheld by
 request. All letters are subject to editing for length and
 liability.

Dear Editor,

Please find enclosed a
 clipping from the Houston
 Newspaper that Abe Turner
 clipped when he was in the
 hospital in Houston on the
 Massachusetts Gun Law. I can
 see no merit in the law but it
 could happen here in Texas.

Yours truly,
 W. E. Wooten

(Following is a reprint of the
 article.)

Something that should make
 everyone register to vote, and
 then vote after doing so, is a
 story from Boston about
 Massachusetts' new gun law.
 Taking effect April 1, any-
 one convicted of carrying a
 firearm without proper
 authorization is required to
 serve at least a year in jail.

And, according to a wire-
 service story, there is no
 possibility of suspension, pro-
 bation or parole during the
 first year of the jail term.

Get this...BB rifles, hand-
 guns, sporting rifles and
 shotguns are all considered
 firearms under the Mas-
 sachusetts law.

The governor of the state
 issued an order to post signs
 along all major highways
 warning motorists of the law.
 "We want to give ample
 warning to out-of-state drivers
 who may be unaware of the
 law, because we expect them
 to comply with it or face the
 consequences," Gov. Michael
 S. Dukakis said.

When this law was passed, I
 don't know, but it would be
 interesting to know how much
 time everyone had to get their
 paperwork straight. Far as I'm
 concerned, this is gun
 registration at its worst, but if
 it ever had to start, Mas-
 sachusetts seems the most
 likely place.

Worded a little differently,
 it wouldn't have been a bad
 law, say if they had made it
 where anyone using a firearm
 in a crime gets an automatic
 year...or 50 years...in jail. But
 instead, they've saddled the
 citizens with a stiff law and,
 according to what they say, a
 flawless record is of no value.

WASHINGTON

OMAR BURLESON
 Congressman—17th District

which the opinions of others
 are largely based.

THE OIL PROPHETS SEEM
 NOW TO HAVE GOTTEN
 THEMSELVES INTO a special
 class. They may well outdo all
 past feats of missing the mark
 to such an extent that the
 public may finally dismiss all
 expert predictions and cast
 doubts on experts in other
 fields.

ON WHAT CAN WE
 DEPEND WHEN GOVERN-
 MENT GEOLOGISTS CUT
 THEIR ESTIMATE OF U.S.
 off-shore Atlantic oil estimates
 by 80%? Last year 10 to 20
 billion barrels were estimated
 to be under the Atlantic sea
 bottom. This year, the U.S.
 Geological Survey says that
 maybe there are only two to
 four billion barrels from this
 source. If this is true, we have
 lost a whale of a lot of oil in
 between these statistical
 estimates.

PUBLIC EXPECTATION
 HAS BEEN BUILT UP FOR
 AVAILABLE SUPPLIES OF
 OIL off the Atlantic coastline.
 This dizzying revision comes

just as things seemed to be
 loosening up toward explora-
 tory drilling. Some say the
 experts are hedging their
 bets. This is a rather cynical
 attitude but if the Atlantic
 yields no more than enough oil
 to fill a cigarette lighter,
 experts probably can explain
 how the possibility was fore-
 seen by one calculation or
 another.

THIS IS NOT LIKELY TO
 HAPPEN AND IT COULD
 TURN OUT THAT THE
 potential is even more volumi-
 nous than some of the experts
 had supposed in the first
 place.

FURTHER STUDY IS UN-
 DER WAY WHICH SOME
 GEOLOGISTS BELIEVE MAY
 PRODUCE an even higher
 estimate of Atlantic oil than
 was first announced.

INFORMED DECISIONS
 BECAME ILLUSIVE FOR
 THOSE WHO DEPEND ON
 statistical data and expert
 advice. This situation reminds
 us of the exhibition at the New
 York World's Fair in 1940
 which showed how life in

these United States would be
 in 1960-tiresome work would
 be eliminated, our cities
 converted into virtual para-
 dises, the horn of plenty
 producing inexhaustibly through
 technology and brilliant
 planning. That is hardly the
 case—(although some appar-
 ently assume that tiresome
 work is no longer meant for
 them).

WHAT THEN CAN WE
 BELIEVE, KNOWING THAT
 THE BEST MINDS AND
 fabulous machines cannot, as
 we once seemingly believe,
 scan the hidden future with
 unerring accuracy. In a way
 it's pretty simple—Americans
 did not unquestionably believe
 in the experts when this
 Country was started—they be-
 lieved in themselves.

The Consumer Alert
 by John L. Hill
 Attorney General

AUSTIN—Ever see a child's face light up when he or she is given that first puppy or kitten? It's enough to make the training period that follows almost bearable.

But our Attorney General's Consumer Protection lawyers say that some persons who purchase pets occasionally get far more than they expect—or want.

They may get animals that appear healthy but quickly get sick; they may discover that an animal is not as represented to them; or they may find for some reason, perhaps size or temperament, that the animal simply doesn't fit into the family.

In cases where misrepresentation of merchandise or other false, misleading, or deceptive sales practices have occurred, consumers who purchase pets have recourse under the Texas Deceptive Trade Practices-Consumer Protection Act.

But otherwise, if a consumer just has second thoughts about the purchase, there could be some disappointment. That's because no store is required to give refunds or exchanges, although many do so to maintain customer good will.

Our Consumer Protection Division has had complaints from several pet purchasers. In one case, a man ordered and paid in advance for a lion cub. Later, after talking it over with his wife, he changed his mind and requested a refund. The pet store owner refused, saying he had already ordered the cub from a supplier and couldn't cancel the order.

Another complaint involved an out-of-state consumer who ordered a woolly monkey from a Texas seller. After arrangements and payment had been made, the seller backed out of the deal.

Even though the consumer's money was refunded in this instance she still was unhappy since what she really wanted was the monkey.

Such examples illustrate the fact that, with pet purchases, as with all others, the consumer should check refund and exchange policies in advance.

Far more common than complaints involving exotic pets such as these, however, are problems some consumers have with purchase of domestic pets. In some cases, purchasers of expensive pedigree dogs or cats are told proper registration papers and "family trees" will be sent by mail, but never receive either.

Without such papers, an animal may be less valuable for breeding, and may be unable to enter shows and competitions.

Other problems can arise when an animal becomes ill after it is taken home. While many pet stores or individual breeders offer money-back guarantees if an animal gets sick within a few days after purchase, some diseases don't show up for weeks. Some conditions, such as hip dysplasia, a disabling condition affecting certain large dog breeds, may not show up for a year or more.

Our Consumer Protection attorneys recommend the following precautions: (1) Get all promises or guarantees about an animal or about refund and exchange policies in writing; (2) Always have a veterinarian inspect the animal before the purchase or immediately after it; and (3) Ask for an animal's registration papers or bloodline information at the time of purchase. If they are unavailable, get a delivery date in writing.

Accommodations must be planned ahead, as well. Make reservations, and if possible, get the rate confirmed in writing.

Food will also be costly. Plan to make sandwiches for picnicking along the way. Otherwise, you'll end up spending a fortune at roadside stands. And when you do have to eat out, shop around. Read the menu before you go in to be sure the prices are in keeping with your budget.

And last, be sure to budget money for admission to historical sites, museums and parks.

If you plan ahead and stick to your budget, you'll be able to relax and enjoy your hard earned rest.

Readers' questions are welcome and should be sent to P.O. Box 2210, Newport Beach, CA 92663.

Obituaries
Rufus Cole

Rufus Cole, 86, of Moore, Okla., died Friday in an Oklahoma City, Okla., hospital after a lengthy illness. Services were held at 2 p.m. Monday at First Baptist Church of Rule.

Burial was in Haskell Cemetery, directed by Pinkard Funeral Home of Rule, Oklahoma; arrangements were handled by Primrose Funeral Home of Norman, Okla.

Born Dec. 8, 1888, in Roberson County, he moved to Oklahoma in 1973 from Odeesa. He was a retired Rule barber and a member of the First Baptist Church of Rule.

Survivors include a son, Reginald of Santa Monica, Calif.; three brothers, Charles of Fort Worth and Irving and Earl, both of Stephenville; two sisters; four grandchildren; and eight great-grandchildren.

Around Town

By LOIS REDWINE

Recent visitors in the home of Dr. and Mrs. J. F. Cadenhead were Mr. and Mrs. Karl Thufvesson and Ola from Karlskrona, Sweden. Their son, Anders, had spent the summer of 1969 and 1970 with the Cadenheads on the Lions Club Exchange Program.

Attending the funeral of B. E. Davenport, father of Peggy Lane, were Mr. and Mrs. Ken Lane, Mrs. Ruby Turner, Mrs. Bailey Toliver, and Mr. and Mrs. A. C. Richardson.

Mrs. Helen Carroll and Mrs. Viola Ezell of Crane visited in the home of Mr. and Mrs. Allen Isbell. Mrs. Ezell is the aunt of Mrs. Isbell and Mrs. Carroll is her cousin.

Visiting in the home of Dr. and Mrs. R. E. Colbert over the weekend were Mr. Jim Colbert of Fayetteville, Tenn., Mr. and Mrs. Jack Colbert and Matt of Austin, Mrs. Barbara Colbert, David, Kristen, and Kelley of Houston and Pam and Barry McDonald of Wichita Falls.

Mr. and Mrs. Don Comedy have returned from a ten day tour of New Mexico and Colorado.

Mrs. Marie Marr is visiting her daughter, Mrs. Basil Murphy, in Denton.

Mr. and Mrs. Jimmy Owens had as guests in their home Mrs. Owens' mother, Mrs. Curtis Bassett of Henderson and her sister, Mrs. Billie Reeves and Renee, also of Henderson.

R. W. Merchant was recently re-elected president of Conservation Contractors Association of Texas at their annual meeting in Laredo.

Mrs. Lula Ketron has returned from visiting her sister,

Mrs. Gertrude Harwell and her niece, Mr. and Mrs. Wayne Laws and family in Sherman.

Mr. and Mrs. Raymond Burson, Tim Burson, and Sherry Upshaw have just returned from a trip to Baker, Oregon where they attended the wedding of Tony Burson and Judy Saunders. Tony is the son of Mr. and Mrs. Burson and a brother to Tim and Sherry.

Dr. and Mrs. Barry O'Neal and son, Benjie, from Little Rock, Arkansas and Mr. and Mrs. Randy O'Neal of Bryan spent last week visiting their parents, Mr. and Mrs. Lee R. O'Neal and grandparents, Mr. and Mrs. Ed Fouts. Other visitors in the O'Neal home were Mr. and Mrs. Tommy Sloan, Karomey and Kandon of Knox City, Mr. Randy Irvin of Irving, Mrs. Loree Bean, Olen Dotson, and Mr. and Mrs. Bill Lee of Wichita Falls.

The family of Eula and Dick Therwanger met at he

Munday Community Center July 19 and 20 for their annual reunion. Those present were from Ft. Stockton, Lubbock, Tulia, Plainview, Lamesa, Seminole, Welch, Ft. Hood, Austin, Big Springs, Midland, Stanton, Carlswell Air Force Base, Haskell, Munday and Sulphur Springs.

Mrs. Jim McKennon of Munday has spent the last several days visiting many friends and relatives in Lubbock, Snyder, Brownfield and Levelland. While in Snyder, she visited Dr. and Mrs. Ben Brock and toured the campus of Western Texas College. Dr. Brock is the vice-president of WTC.

MIKE TURNER, 17, son of Mr. and Mrs. Abe Turner of Haskell, received his Lone Star Farmer award during the 47th annual state FFA Convention. The convention was held July 9-11 in Houston. Turner will be a senior at Haskell High School this fall and has participated in FFA activities three years in HHS.

Engagement Announced

Mr. and Mrs. Truett Parsons of Arlington, formerly of Haskell, announce the engagement and approaching marriage of their daughter, Carolyn Louise of Abilene, to Ronald Holland Blackmore, of Abilene.

He is the son of Mr. and Mrs. Carl Blackmore of Perryton.

The couple plans an August 16 wedding in the Chapel at Hendricks Memorial Hospital in Abilene.

The bride-elect is a graduate of Haskell High School and attended Draughtons Business College. She is employed by Household Finance Corp. in Abilene.

The prospective bridegroom is a graduate of Perryton High School and received a BBA degree from West Texas State University in Canyon.

Hermann Sons To Hold Campaign

The 162 Hermann Sons lodges across Texas, including the lodge in Haskell, will be participating Aug. 1-Oct. 31 in a membership drive that will salute the nation's Bicentennial.

Calling upon all 73,000 Sons of Hermann members in the state to think about the important actions that took place 200 years ago leading to the national independence, Henry Riemer, San Antonio, grand president of the fraternal order, said:

"It is fitting that we focus our attention on the things that have contributed, and which continue to contribute, to the building of our great nation; and the lodge system is certainly a contributor to what is good about America."

"Fraternal love and unity are the opposite from divisiveness and thus create a stronger country," the Hermann Sons leader declared. Riemer announced Louis B. Engelke, also of San Antonio, first grand vice president of the state-wide organization, as campaign chairman.

REDDY'S HELPFUL FREEZER TIPS

- Defrost promptly—frost build-up of more than 1/2" makes cooling units work harder—they use more energy and wear out faster.
- Prepare food for refrigeration by letting hot dishes partially cool before refrigeration or freezing.
- Keep it full—but without overcrowding. A half-empty freezer uses more energy, because air is harder to keep cold than chilled foods and liquids.
- Check gaskets to help prevent energy-wasting air leaks. Close door on a heavy piece of paper. If it pulls out easily, gaskets may be worn.

Exhaust Hazards May Plague Truck-Campers

July 11: Houston, Texas: The American Automobile Association, Texas Division advises that the U.S. Department of Transportation's National Highway Traffic Safety Administration (NHTSA) has issued a warning to owners of "slide-in" or "cap-type" truck-camper vehicles asking them to carefully inspect the exhaust system of their units.

According to the Auto Club, NHTSA has received reports of four deaths attributed to carbon monoxide exhaust poisoning caused when camper occupants were inside their units with the vehicle's engine running.

Apparently the "slide-in" units or "cap" units (a cover or roof over the pickup body), were installed without checking to see that the exhaust pipe extended out from under the truck body and its overhanging camping unit. Exhaust fumes can then leak into the camper through openings in the floor of the truck or camper unit.

According to AAA, home-made camper units might be particularly prone to this sort of leakage since many "do-it-yourselfers" might overlook the potential danger of exhaust systems which do not carry the exhaust well out from under both truck and overhanging camper.

NHTSA's warning urged all owners of truck/camper combinations to inspect their vehicle exhaust systems—even if the campers were commercially produced. The tail-pipe length should be adequate to bring the exhaust out from under both truck and camper and all exhaust system fittings and connections should be checked for leaks. Campers equipped with accessories such as air-conditioners, heaters and other devices which get their power from the vehicle engine should be altered to operate from a different power source. The AAA pointed out that this would not only be a safety precaution, but would be helpful in saving gasoline and cutting down on vacation costs.

Licensing System Set

There must be a least, beginning in 1978, there will be, according to plan, a long waiting period to the registration (April 1) will be a past.

To complement the license plate this year, Governor Scoe recently signed a 1974 providing for a new motor vehicle system in Texas.

As authorized by State Representative Bob Simpson, and passed by the 64th Legislature, the new licensing system will have 12 month deadlines, instead of longer will Texas be forced to register a 60-day period. The date assigned for the registration will occur during every year, similar to auto inspection.

According to Bob Townsley, of the state's Motor Division, "Eighteen months will follow this 'staggered' system of motor vehicle registration and have proven it will relieve the pressure on," said Townsley, "it will also relieve the all-too-familiar burden placed on the county tax assessors-collectors."

He added, "By effectively distributing the registration workload evenly throughout the year, county tax offices will be able to conduct other phases of their work, such as voter registration and preparation of property tax rolls, without interruption."

For all practical purposes, April 1, 1978 will be almost everyone's vehicle registration renewal deadline—for the last time. Renewal notices will inform motorists as to their renewal date thereafter. Fees will be calculated on a prorata basis to that date.

Upon registration, motorists will be issued two license plate stickers—one for the year and one for the month of the subsequent renewal. Once a vehicle is assigned to a particular expiration date, it will remain on that annual renewal cycle thereafter. The month sticker first issued for a vehicle will remain on the license plate, and new month stickers will not be issued each year.

Also, the month payable sticker will serve as a reminder to the motorist, just as the windshield auto inspection sticker does. Since renewal notices will be mailed during the month preceding the month in which renewal fees will be due, motorists should have no problem in renewing registrations in plenty of time.

In making the transition to the new system, some vehicle

owners will pay for more than 12 months of registration while others will have to renew twice within the first year.

1978 renewal notices will reflect a dollar amount due which may be smaller than usual, or it may be larger. It may be a billing for 16 months, with an expiration date of July 31, 1979, or it may be any date in between.

Townsley said, "Annual registration periods for passenger cars and 'light' commercial vehicles already registered in Texas will be determined by the 'tens' digit, next to the last number on the current license plate." He said, "If you know your auto license plate number, you can readily determine when the vehicle will have to be registered again after April 1, 1978."

Example: ABC 953/5 months—expires August 31, 1978; BBB 849/16 months—expires July 31, 1979.

The middle digit "zero" will indicate an 11-month registration period.

"Bear in mind the use of the 'tens' digit on the license plate is a one-time operation for the purpose of spreading the registration periods of vehicles already licensed in Texas evenly over the entire year," said Townsley. "Once a vehicle is assigned to a particular month, the registration renewal for that vehicle will become due on the last day of that same month in subsequent years," he said.

The 1978 "staggered" lic-

Robertson Reunion

The annual Robertson Reunion was held July 12 and 13. Saturday, several enjoyed an outing at Callaway's cabin on Lake Stamford and Sunday, forty-three relatives and friends met in the American Legion Hall in Haskell.

Those attending from Haskell were Mrs. Annie Fry, Mr. and Mrs. Pete Callaway, Mr. and Mrs. Elmer Wheatley, and Mr. and Mrs. Raymond Brewer.

Others attending were from Clovis, N. Mex.; Topeka, Kan.; Thousand Oaks, Calif.; Eureka, Calif.; Crosbyton, Lubbock, Sunray, San Angelo, Dallas, Abilene, Irving and Weinert.

REPRESENTING HASKELL COUNTY at the District III 4-H Dress Revue in Abilene will be Kim Campbell in the Senior Division modeling her Camel Wool Coat and Gena Fischer of the Paint Creek 4-H will be entering the Junior Division. Kim is the daughter of Mr. and Mrs. Duward Campbell of Haskell and Gena is the daughter of Mr. and Mrs. Walter Fischer. The Dress Revue is scheduled for Tuesday, July 29th at the Civic Center in Abilene.

ensing system for Texas will reserve the month of March for registration of miscellaneous classifications of vehicles, such as small trailers, campers, mobile homes, buses, motorcycles and other special plates.

In December, commercial vehicles only (other than "light" commercial vehicles) would be registered. This would coincide with a calendar

year basis for registration used in most other states.

Townsley concluded, "Transition from the present system, to which everybody is accustomed, to the year-round program will not be easy. Once accomplished, however, it will assure an even flow of registrations for all Texas Motorists, put an end to the annual 'jam-ups' at the county tax offices and effectively distribute the registration workload over the entire year."

LOOK WHO'S NEW

Mr. and Mrs. Mikel E. Grand announce the birth of their daughter, Misti Michelle, born July 14. Misti was warmly welcomed as she was a first in many respects. She was the first child for Mikel and Debbie, first grandchild for Mr. and Mrs. Gene Grand, Mrs. Lois Pierce, and Mr. and Mrs. Billy Doty, first niece for Kippie and Cliff Grand, Sherry and Sabrina Doty, first great-grandchild for Mr. and Mrs. Cliff Dunnam, Mr. and Mrs. O. T. Sturdy and Mr. and Mrs. Hollis Howard, first great-great-grandchild for Mrs. C. A. Dunnam and Mrs. Mogia Howard.

College News

Connie Turnbow, daughter of Jean Gilbreath of Haskell, was one of two students chosen from Amarillo College to represent the Dental Hygiene Class of 1976 at the Health Fair held in Piora, Okla., July 13-20.

The Health Fair included the two hygienist, two dentists, and two pre-med students. They demonstrated the techniques of good oral hygiene to the Cherokee Community. Subjects covered included such topics as drugs, dental health, artificial respiration, cardiac care, diabetes, and community health.

Detroit	\$14.72
New Orleans	\$14.49
LONE STAR GAS SYSTEM	\$14.41
Indianapolis	\$14.14

In fact, the average rate in cities on the Lone Star Gas Company system in Texas ranks among the lowest general service gas rates in the country for residential and commercial customers.

These rates are based on a recent comparison by Lone Star Gas. The rate you see listed for the Lone Star Gas system is based on the average of all general service rates in the 410 incorporated cities and towns we serve in Texas, and are based on 10-thousand cubic feet of natural gas used by residential customers on June 1, 1975.

Your town may have a general service rate above or below the average rate listed above. Rates differ in all the towns we serve, because each town has a unique gas distribution system and has different revenue requirements.

We know your gas bills have been rising steadily in the past year or two, and they'll continue to rise. The average price Lone Star has had to pay for gas supplies has risen more than 250 per cent during the past three years, and some of this increase has been passed on to our customers.

Lone Star has been consistently able to supply our customers with natural gas. Other parts of the country are having severe problems in obtaining adequate supplies of this premium fuel, and we're working hard to prevent those problems here in our area.

Lone Star Gas
The clean energy company

Farm and Ranch Safety Week Proclaimed In Haskell County

County Judge B. O. Roberson has proclaimed the week of July 25-31, 1975 as FARM AND RANCH SAFETY WEEK in Haskell County at the request of Haskell County Farm Bureau. The local farm organization is coordinating activities within the county for the special farm safety campaign.

Using the combined reports

of statewide and Farm Bureau member accidental deaths, Judge Roberson said "records show that at least 285 Texas farm and ranch people died during 1974 at the following rate: traffic-97; tractors-34; drownings-34; firearms-24; fires and burns-21; falls-18; machinery-15; animals-13; electric current-10; and miscellaneous-19. Haskell County recorded no farm/ranch deaths."

Haskell County Farm Bureau President J. W. Aycock said, "our farmers and ranchers have become increasingly concerned with the various agricultural safety regulations issued by the Occupational Safety and Health Administration (OSHA) and the Environmental Protection Agency (EPA)." He said that the latest of the regulations call for the certification or li-

censing of farmers and ranchers to use restricted pesticides. Aycock says that

To Service In New Delia

Charles Alexander of Danbury, Conn., who is an Epidemiologist with the U.S. Public Health Service was selected by the World Health Organization recently to go to New Delia, India.

From New Delia he was sent into Bangladesh for temporary duty to help in the eradication of an epidemic of smallpox in that country.

His wife, the former Jeanne Merchant of Haskell, will join him in London, England about August 18, at which time they will part for Europe.

While they are in Europe, their son, Brad, will visit in Texas with Mr. and Mrs. Fred Osment and Lisa and Russ Baize, all of Stamford; Mrs. Bobbie Baize and Rob of Dallas; and his grandfathers, Clyde Alexander of Abilene and Ralph Merchant of Haskell.

another regulation commonly referred to as "ROPS"—Roll-Over Protective Structures for farm tractors won't apply until those come off the assembly line after Oct. 25, 1976; however, there are some provisions that became effective June 1, 1975. The current rules mainly apply to nine employee operating instructions: (1) Securely fasten your seat belt IF the tractor has a ROPS. (2) Where possible, avoid operating the tractor near ditches; embankments, and holes. (3) Reduce speed when turning, crossing slopes, and on rough, slick, or muddy surfaces. (4) Stay off slopes too steep for safe operations. (5) Watch where you are going; especially at row ends, on roads, and around trees. (6) Do not permit others to ride. (7) Hitch only to the drawbar and hitch points recommended by tractor manufacturers. (8) Operate the tractor smoothly—no jerky turns, starts, or stops. (9) When tractor is stopped, set brakes securely and use park lock if available.

IN THE 11-12 year old division Linda Fischer, center of the Paint Creek 4-H Club was 1st, Laurie Reynolds, left, placed 2nd, and Sonja Tidrow placed 3rd with her Tennis Dress. Laurie and Sonja are members of the Haskell 4-H Club.

College News

Kenneth Hilliard, son of Mr. and Mrs. E. L. Hilliard, has been named to the Dean's List at Texas Tech University for the Spring semester.

Hilliard is an Agricultural Science major, and had a grade point average between 3.0 and 3.5 to qualify for the dean's list.

Gambler Joe Don Baker and nightclub singer Conny Van Dyke are all smiles after a Dallas poker game provides them with money to burn in Paramount Pictures' "Framed." A drama about a political coverup written by Mort Briskin from the novel by Art Powers and Mike Misenheimer and directed by Phil Karlson. "Framed" also stars Brock Peters, Gabriel Dell and John Marley. The film is produced by Mort and Joel Briskin. In Meterscolor. Opens Sunday at the Tower Drive-In, Rule.

HD Council

Haskell County Home Demonstration Council met in the new county kitchen at 2 p.m. with Mrs. Marvin Phemister of Weinert installing new council officers for the coming year.

Following installation of new officers, Mrs. Henry Smith of Weinert, new Council chairman presided, with eleven members and Mrs. Barbara Elliott, Home Demonstration Agent present.

New officers include Mrs. Henry Smith, council chairman; Mrs. Adell Thomas, vice chairman; Mrs. Paul Fischer, secretary; and Mrs. Carl Bailey, treasurer.

Obituaries

Mrs. Thomas

Funeral services for Mrs. Addie B. Thomas, 81, of Santa Anna, Calif. were held July 22, in Blower Bros. Mortuary in Santa Anna.

Born July 15, 1894 in Bell County, she had lived in California since 1935. She married Claude Thomas in Haskell in 1915. He preceded her in death in March, 1973. She was a member of First Christian Church in Santa Anna, Calif.

Survivors include: one son, Claude, Jr., of the home; four daughters, Lorene Thomas of Tustin, Calif., Anna Ruth Knight of Riverside, Calif., Shirley Dean Henry of Colorado, and Vera Faye Taylor of El Centro, Calif.; 7 grandchildren; 2 great-grandchildren; two sisters, Mrs. M. B. Wilson and Mrs. Alfred Turnbull, both of Haskell and one brother, Henry Brown of Killeen.

Mrs. Stephens

Funeral services for Mrs. Nettie E. (Wren) Stephens, 88, of Weinert, were held July 22, in Weinert Foursquare Church with the Rev. Katherine Byrd, pastor, officiating. Interment was in Weinert Cemetery directed by Holden McCauley Funeral Home.

Mrs. Stephens died July 19, in Leisure Lodge Care Home in Haskell where she had lived for about two months.

Born February 10, 1887 in Temple, she had lived in Weinert since 1938. She was a member of the Weinert Foursquare Church.

Survivors include: two sons, Lee Roy Wren of Munday and W. R. Wren of Denver, Colo.; one daughter, Mrs. Opal Ward of Midland; 19 grandchildren; 49 great-grandchildren; and 2 great-great-grandchildren.

Mrs. Cathey

Funeral services for Mrs. E. S. Cathey, 83, of Haskell were held July 22, in Haskell Foursquare Church with the Rev. Foy Herricks, Foursquare Minister of Weinert, and the Rev. Charles Kardokus, minister of Haskell Foursquare Church, officiating. Interment was in Willow Cemetery directed by Holden-McCauley Funeral Home.

Born February 18, 1892, in Danville, Ark. she was a longtime resident of Haskell. She was a member of the Baptist Church. She married E. S. Cathey in Danville, Ark.

Survivors include: Mr. Cathey; one daughter, Mrs. Tarlor (Vasco) Shelly of Houston; one son, Buford Cathey of Aspermont; one brother, Sam Lawson of Danville, Ark.; 10 grandchildren; 3 step-grandchildren; and 17 great-grandchildren.

Grandsons were pallbearers.

Mrs. Stephens

Funeral services were held at 4 p.m. Saturday at Willow Cemetery in Haskell with burial under the direction of Branon Funeral Home.

Mitchell was a native of Lampasas but had lived in Graham for the past four months. Prior to moving to Graham he was a Midland resident for 24 years. He was a trucking contractor. He was a member of the Baptist Church for 57 years.

Survivors include his wife, Edith; two daughters, Mrs. Edith Marie Seay of Graham and Mrs. Wanda Oden of Corpus Christi; three sons, Hero Jr. of Lufkin, Alton of Walnut Creek, Calif., and Donnie Ray of Graham; two sisters, Mrs. Leeanna Rainey of Welch and Mrs. Eula B. Therwanger of Haskell; 12 grandchildren; and 2 great-grandchildren.

Survivors include: two sons, Lee Roy Wren of Munday and W. R. Wren of Denver, Colo.; one daughter, Mrs. Opal Ward of Midland; 19 grandchildren; 49 great-grandchildren; and 2 great-great-grandchildren.

Pallbearers were Jiggs Edwards, John Earl Nelson, Toots Earle, Phillip Homer, Wilfred Bellinghousen, and Coy Tuggle.

H. H. Mitchell

Services for Hero Hody Mitchell, 70, of Graham were held at 10 a.m. Saturday in the First Baptist Church of Lamasa with the Rev. Bill Hardage, pastor, officiating.

Mitchell died of an apparent heart attack as he and his wife were traveling east on U.S. 180 around 2:30 p.m. Thursday. The pickup in which they were riding ran off the road, through a fence and into a gully, as a result of the heart attack. Mitchell was pronounced dead at the scene by County Judge Leslie Pratt. His

wife was not injured. Graveside services were held at 4 p.m. Saturday at Willow Cemetery in Haskell with burial under the direction of Branon Funeral Home.

Mitchell was a native of Lampasas but had lived in Graham for the past four months. Prior to moving to Graham he was a Midland resident for 24 years. He was a trucking contractor. He was a member of the Baptist Church for 57 years.

Survivors include his wife, Edith; two daughters, Mrs. Edith Marie Seay of Graham and Mrs. Wanda Oden of Corpus Christi; three sons, Hero Jr. of Lufkin, Alton of Walnut Creek, Calif., and Donnie Ray of Graham; two sisters, Mrs. Leeanna Rainey of Welch and Mrs. Eula B. Therwanger of Haskell; 12 grandchildren; and 2 great-grandchildren.

Survivors include: two sons, Lee Roy Wren of Munday and W. R. Wren of Denver, Colo.; one daughter, Mrs. Opal Ward of Midland; 19 grandchildren; 49 great-grandchildren; and 2 great-great-grandchildren.

Pallbearers were Jiggs Edwards, John Earl Nelson, Toots Earle, Phillip Homer, Wilfred Bellinghousen, and Coy Tuggle.
