PFC. HODGES

Pfc. Chas. Hodges Hoping For Early Return From Korea

Now that the shooting seems to have definitely stopped in Korea, a Haskell soldier, Pfc. Charlie F. Hodges, is hoping that he will get to return to the States for a visit home at an early date, he has written relatives and friends. Pfc. Hodges went to Korea in October last year, and was in the combat zone most of the time until the truce was signed. He is assigned to Co. A in the 14th Infantry. In one of his recent letters he wrote that he hoped to be returned to the States next month. He is the son of Mr. and Mrs. R. B. Hodges of this city. Entering the service in March, 1951, he received his basic training at Fort Leonard Wood, Mo. Later he was stationed in California before shipping overseas.

11 Men Called For Induction On Sept. 24th

An induction call for 11 men on Sept. 24 has been announced by Local Board No. 77 at Anson, which serves Haskell, Jones and Shackelford Counties. W. A. Holt, Haskell member of the board, said the following registrants had been ordered to report for induction: Sammy Jack Terrell, Rt. 1, Hawley; Leo James Lambert, Hawley; Walter Albert Cordell, Stamford; Warren D. Short, Rochester; Lewis Rhea Timberlake, Stamford; Willard Harold Free, Haskell; Billy Thomas Deel, Hamlin; Ray Victor Hansen, Stamford; Clayton Doyle Childress, Stamford; Warren Wayne Griffin, Rt. 3, Haskell; Eschal Allen Cook, San Angelo.

Baptist Sunday School Rally To Be Held In Rule

There will be an Associational Wide Sunday School Rally of all the Baptist Churches in Haskell-Knox Association at the First Baptist Church, Rule, at 3 o'clock Sunday, Sept. 20. Rev. Byron Bryant, pastor First Baptist Church, Stamford, will be the inspirational speaker at this meeting. Rev. M. D. Rexrode, pastor of First Baptist Church of Haskell states that this meeting is of vital importance to the program of all churches for the whole year.

Amateur Talent Program Nets \$130 In Gonzales Warm Springs Fund Drive

John Barry, county chairman of the Gonzales Warm Springs Foundation fund campaign now underway, reports a total of \$130.43 raised in the "amateur talent program" staged on the courthouse lawn last Saturday.

In addition to providing the sum for the deserving campaign, the impromptu program furnished considerable entertainment in the variety of numbers presented. The fund raising campaign is being conducted county-wide, and Monday a film, "Courage Triumphs," showing the work of the Gonzales Foundation in helping crippled children, was shown to a

civic group in Rule at noon, and at a meeting of civic leaders in Rochester Monday night. Workers in the fund drive at Rochester plan to stage an amateur program similar to the one held here, on Saturday of this week it has been announced.

In continuing the campaign locally, with a goal of \$700 hoped for, Barry and Tommy Davis, co-chairmen of the drive, will contact local business firms for donations to the fund. Following this canvass, co-chairmen of the drive said the list of business firms contacted and their contributions would be published on an Honor Roll.

J. E. Bernard, Veteran Cotton Buyer, Tells Pickers of Labor Needs In Area

J. E. (Barney) Bernard of this city, veteran cotton buyer in this section, returned home this week after completing a season in South Texas that started in July. He

said the principal production in that area this year was from irrigated land, with a light yield from dryland cotton.

Local Firemen To Attend Meeting At Colorado City

Ten members of the Haskell Fire Department will attend the semi-annual meeting of the West Texas Firemen's Association in Colorado City Oct. 1, it was voted at the meeting of the department Monday night. A team from the Haskell department will enter the various races to be staged at the meet. Marion Reeves will be in charge of the teams. Members of the department gave a new member, Bob Segoe, "the works" in welcoming him as a full-fledged member. He fills the vacancy created when Durwood Jacobs, a member for the past two years, moved to Houston recently.

He advised those planning to come to this section to contact the Haskell Chamber of Commerce to find a place to work, and to start coming around Sept. 20th. Bernard said many of the farm workers stated they planned to come to this section during the cotton harvest and would bring picking crews and pick-ups.

Fire Late Sunday Damages 2-Story Frame Residence

Fire which was discovered at 7:30 Sunday evening caused extensive damage to a large two-story frame residence at 409 North Avenue D. The structure had been converted into duplex apartments and was occupied by two families. Principal fire damage was confined to the kitchen and adjoining room in the southwest corner on the ground floor, and to the ceiling and roof where flames broke through before the blaze was brought under control. Living in the apartment where most of the fire damage was sustained were a Mr. Luttrell and family, who had moved into the apartment Thursday of last week. They lost practically all their furniture and household goods. The north side apartment was occupied by B. B. Sadler and family. Principal damage to furniture and household goods in that section of the building resulted from water and smoke. The property was owned by Mr. and Mrs. O. L. Johnson of Lubbock. Household goods they had stored in the attic of the structure were badly damaged by fire and water.

County Budget for 1954 Is Approved; Tax Levy Same

The Commissioners Court, meeting in regular session Monday, approved the County Budget for 1954, carrying a tax levy of \$1.20 per \$100 on assessed valuations, gave routine approval of bills and accounts against the county, and increased the amount of insurance being carried on the Haskell County Hospital. Insurance on the hospital was increased to a total of \$320,000 on building and equipment to cover additions and improvements completed this year in enlarging the institution. Premium on the insurance for a three-year period amounted to \$1,133.52. The policies were divided among nine insurance agencies in Haskell, Rule and Rochester. Tax levy approved for the current year is the same as for 1952, with 59 cents of the total levy going into operating funds, 46 cents for interest and sinking funds, and a special 15 cents road levy of the four Commissioners precincts.

Currie, Spain and Oneal Will Staff Grid Ticket Office

The ticket office at the Indian Stadium will be filled by three familiar faces this year. Wix-Currie, Harold Spain and Horace O'Neal will again serve in this capacity. There will be a change in admission price this year. The executive committee of District 8-A has set a price of \$1.00 for adults and 50c for students. Reserve tickets will be 25c in addition to general admission. Please do not ask for a refund on season tickets or to exchange tickets as this complicates the record-keeping system and takes a lot of additional time. Tickets for next weeks game will be on sale at Modern News Stand. "We feel this will be an additional service to those who wish to get their tickets before the game, as the news stand will be open early and late," school officials said.

Monroe Pueschel Now Corporal In Paratroopers

Fort Campbell, Ky.—Monroe R. Pueschel, Company A 503rd Airborne Infantry Regiment, 11th Airborne Division, son of Mrs. Emma Pueschel, Rt. 1, Haskell, has been promoted to the grade of corporal. In November 1952 Cpl. Pueschel participated in the Army maneuvers "Exercise Whirlwind" in Alaska, with the 503rd Airborne Regimental Combat Team. More recently he was part of a 120 man demonstration team that was sent to Fort Knox, Ky. to train and demonstrate Military Tactics and Warfare to ROTC students. Since entering the Army and volunteering for Airborne Duty Cpl. Pueschel has graduated from the Airborne Jump School at Fort Benning, Ga., and is a qualified Parachutist with 12 jumps.

Father of Mrs. Jim Henderson Dies In Waco Hospital

Ed Nichols, long-time resident of Mart, Texas, and father of Mrs. Jim Henderson of this city, died in a Waco hospital at 3:45 p. m. Wednesday. He had been ill for some time, and his condition had been critical for several days. Mrs. Henderson had been at the bedside of her father during the past several days. Funeral plans were incomplete Thursday morning.

"TEACHER OF THE WEEK" IN HASKELL SCHOOLS

(Editor's note: This is the first in a series of articles designed to acquaint patrons and the people with the faculty members of Haskell schools and the work they are doing in the educational and civic fields).

W. P. McCOLLUM

William Pyeatt McCollum has been selected as teacher of the week for his outstanding service in the organization and administration of the course of study and many activities of the Haskell High School. Mr. McCollum has grown up in the teaching profession before the eyes of the people of Haskell and Haskell County. Often we do not recognize professional growth when it is happening continually and steadily before our eyes. It is the purpose of this article to point out the fine work our High School Principal is doing. Mr. McCollum graduated from the Clyde High School in 1933. Immediately after graduation he entered Abilene Christian College of Abilene, Texas. He received his B. S. degree from there in 1937. His first teaching position was as a class room teacher in the Haskell High School. He was successful at this first job and continued with the system until 1941 when the call of his country became clear to him. In the fall of 1941 he went with the United States military service as an instructor.

City Council, in a special meeting this week, tentatively approved a street improvement project estimated to cost in the neighborhood of \$20,000, purchased a new power control Motor Grader, approved the City Tax Levy for 1954, and instructed the City Attorney to take necessary steps to abate a nuisance resulting from keeping of hogs on premises near the old Fair Park, and authorized the sale of \$30,000 Water and Sewer Revenue Bonds remaining unsold.

The street widening and improvement project given tentative approval was based primarily on a plan submitted by Ernest Yeatts, engineer of Abilene, who has done considerable work for the city. Project calls for widening the street around the square from the present 83 feet to 104 feet. This would require removal of a part of the present sidewalk in front of the business property around the square, and all of the present sidewalk around the courthouse lawn.

The project also includes cutting down the sidewalks and widening the streets one block east and west from the square on North 1st, and on Ave. D from North 1st to North 2nd. None of the cost of the project would be borne by property owners, and widening of the streets would be in line with wishes of the State Highway Department, Mayor Hunt explained. Approval by the Council on the project was given provided the Commissioners Court will assume the cost involved in the work on the four sides of the courthouse lawn.

Four Haskell merchants, George Neely, S. Hassen, J. W. Gholson and John P. Payne appeared before the Council to present a protest against undertaking the contemplated project at the present time, and against parallel parking as contemplated in the plan. Contention of this group was that it was not feasible to do the work at the beginning of the busy fall season. "Parallel parking will hurt us, and parking on the sidewalks now will hurt fall business," a spokesman for the group told the Council.

After discussion Mayor Hunt assured the group "This Council will not do anything to hurt business this fall, we are figuring now on seeing how to do what the Highway Department has asked us to do." Purchase of the power control motor grader was authorized, after Eddie Cockerell, representative of Morton Equipment Company of Abilene had appeared before the Council. Cost of the unit was quoted at \$13,500, with \$5,000 allowance for the old Adams Motor Grader now owned by the city. Payment for the new unit calls for \$3,500 cash on Jan. 1, 1954, and \$1,000 each year for five years.

Tax rolls and levy for 1953 was approved, with the \$1.50 tax rate approved for the current year. This is the same rate as in previous years. Total assessments on the tax rolls is \$3,423,012, an increase of approximately a quarter million dollars over last year. In connection with the so-called "hog nuisance," instructions for the City Attorney to take legal action was voted by the Council after a city employee reported on the conditions prevailing this week on the premises involved. Previously, following a Council meeting on August 4, notice had been given the owner of the property to clean up the premises. Aldermen said.

PROCLAMATION

To the end that a new awareness of America's heritage be gained by every citizen in order that we may more appreciate the basic principles of American democracy, the people of Haskell are urged to join in the observance of AMERICANISM WEEK, SEPT. 13-19 sponsored by the National Federation of Women's Clubs and locally by the Progressive Study Club. Faith in God is the foundation from which respect for the individual and democracy's boundless opportunity for achievement rise. Observance of Americanism is based on a spiritual foundation, and every citizen of our country is invited and urged to attend and support all patriotic and civic activities stressing what America stands for, and the advantages over Communism. Haskell County History

20 Years Ago—Sept. 21, 1913
In the election held last Saturday, voters in Justice of Peace Precinct 4 legalized the sale of beer with a 33 vote majority. The vote was 79 for and 46 against. Several applications for permits to sell beer have already been filed with the County Judge, and hearing on the applications will be held next Monday. It is understood that the nearest point to Haskell where beer can be sold would be about six miles south of town if the election is held legal.

A burglar who rifled the cash drawers in the Water Department office in the City Hall, and at the telephone office Tuesday at noon obtained about \$27 for his work. The thefts occurred during the noon hour.

Seven hundred and eighty-five checks totalling \$173,825 have

been received by County Agent R. H. Maxwell for Haskell farmers for compliance with the cotton acreage control program.

Gilbert Wilson and his roommate Carl Roberts of Denton, spent the past week end here visiting the former's mother, Mrs. H. S. Wilson.

Chas. Redwine and Chas. Reese, who have been connected with the Panhandle Garage for the past year, are now located at the Bert Welsh Garage.

Mayor Emory Menefee announced today that he would appoint a committee of seven men and women to take charge of the enforcement of the NRA program in Haskell.

Mr. and Mrs. Roy Sanders spent last week end in Fort Worth visiting in the home of their brother, Mr. and Mrs. Earnest Sanders.

The Freshman Class of Haskell

High School has elected the following officers: President, John Kimbrough; vice president, Ruth Woodson; secretary, Janice Tate; reporter, Annie Barnett. Officers of the Sophomore Class are Geo. William Fouts, president; Christine Tucker, vice president; Helen Ballard, secretary; Tom Clifton, treasurer; Audra Gayle Roberts, reporter.

30 Years Ago—Sept. 21, 1903

Haskell's four gins reported having ginned 2208 bales of cotton up to Thursday morning, and the local cotton yard has weighed in 2,321 bales. Cotton sold on the streets Wednesday afternoon at 29.25 cents per pound, and seed was bringing \$44 per ton at the gin.

J. M. Martin of Sagerton has moved here and accepted a position in Oates Drug Store.

Fred E. Mauldin, assistant cashier in the Haskell National Bank for a number of years, has resigned his position. He plans to move to California and make his home there.

W. J. Sowell of this city received his first car of apples of the season this week. They were raised near Roswell, N. M.

The Wichita Valley Railway has announced special rates for visitors attending the West Texas Fair at Abilene. Price of tickets from Haskell to Abilene and return will be \$2.96.

Cedric Sanders, who is attending the University of Texas at Austin, visited his parents, Judge and Mrs. P. D. Sanders several days this week.

M. R. Hemphill of South Bend was here Saturday on business and meeting his many friends here.

Herman Weinert of Weinert left Saturday night for Austin, where he will enter the University of

Texas for the coming term.

J. W. Adcock of the Post community was in town Saturday and stated that he had out 58 bales of cotton on his farm, on which he has 500 acres in cotton. He figures he has about 30 bales more open at this time and ready for picking. He has no estimate on what the total production may be on his place.

Maurice Smith, Kenneth Oates and John L. McCollum left Saturday morning for College Station, where they will attend Texas A&M College for the coming term.

50 Years Ago—Sept. 19, 1903

Report of the condition of the Haskell National Bank at the close of business on Sept. 9, 1903, listed loans and discounts of \$117,425.77 and deposits of \$60,163.01. Undivided profits, less expenses and taxes paid, amounted to \$14,975.10.

A meeting was held Monday at which time it was decided to hold a Farmers Street Fair in Haskell during the third week in October. Farmers and stockmen will be asked to exhibit their products and stock.

Miss Edith Sowell left Tuesday for Gorman, where she will visit the family of her uncle, C. H. Sowell.

Mr. Williams closed his threshing season last Friday. He figures he threshed a total of 73,000 bushels of wheat and oats, most of it in Haskell County. He says the biggest single crop threshed by him was 3,229 bushels of oats for M. S. Shook in this county and 5,430 bushels of wheat for Mr. Partridge in Knox County.

J. H. Cunningham is off on a trip to Kent County, where he still has some cattle interests.

Sam Anderson and family moved in this week from the lower edge of Knox County to get the

benefit of Haskell schools.

S. W. Scott returned Wednesday from a ten days trip to Throckmorton, Stephens and Shackelford Counties.

Messrs. Lemon & Clark of Stamford are putting a fresh coat of paint on the roof and superstructure of the Haskell courthouse.

When Ex-Sheriff J. W. Collins brought to town a load of cotton that turned out a 525 pound bale, which he cashed at 10.5 cents a pound, he proved to some of the boys that he actually was a real farmer.

Miss Shelly Lee of Munday arrived the first of the week, and will teach a class in oil painting here.

C. D. Long and W. F. Rupe returned Wednesday from Dickens County.

No doubt about it...
Ford's the one fine car in the low-price field

Feature after feature . . . part after part . . .
Ford is as fine as the finest . . .
yet it's priced with the lowest.

No car ever built has won such enthusiastic and growing preference as the '33 Ford . . . and no wonder. For no other car with such a wealth of fine-car features costs so little as Ford.

Yes, Ford, with all its fine-car quality, is offered at a price that's easy to pay.

You can have a Ford with a V-8 engine—the same type of engine that powers America's most expensive cars—for hundreds less than many Six-cylinder

cars. And a Ford powered with the high-compression Mileage Maker Six costs even less.

Then, too, Ford's body is built like the best, with steel body panels of the same quality and thickness as in the most expensive cars.

Ford also proves that a car doesn't need to carry gas-thirsty extra weight to "gentle" you over the bumpiest roads! For Ford's smooth, level ride blots out the bumps . . . cuts front end road shock alone up to 80%!

Also, you can have your Ford V-8 with Master-Guide, the last word in power steering. Master-Guide cuts up to 75% of turning

effort yet it leaves you with the natural "feel" of steering on the straightaway.

There are many other fine-car features. Ford Full-Circle Visibility . . . foam-rubber cushioned seats front and rear on all models . . . finishes that are baked on over a complete rust-proofing treatment . . . to mention a few.

It takes all these features to make a fine car truly fine . . . worth more when you buy . . . and in resale, too! A survey of used cars lots proves that people are willing to pay a larger percentage of the original cost for year-old Fords than for any other used car. No doubt about it, Ford's your best bet.

Worth more when you buy it . . . worth more when you sell it!

If you're interested in A-1 used cars, be sure to see our selections!

Break In Cattle and Calf Prices at Livestock Markets Monday

By Ted GOULDY
150,000 cattle arrived, Grassers, fat cows and stockers suffered the biggest declines. The downward swing of prices followed the sharp rise of the

previous week when virtual starvation runs of livestock brought about by the Labor Day holiday had lifted prices sharply in all categories.

Suspension of the drought disaster feed program in many counties last week helped crystallize the thinking of many cattle owners that it was time to put some cattle in the bank.

Many well informed people in the livestock and packing business are anxiously watching the percentages of slaughter cows and heifers and expressing concern. They feel that no real inroads have been made into the big numbers of cattle and that on the basis of present slaughter figures, the cattle population is still rising.

State PMA Boss Claude McCan gave a fair indication of the change of climate in PMA and the Department of Agriculture generally with his statement last week on the drought disaster program. He said, "This is a disaster program, not one aimed at giving people some cheap feed." McCan says what he thinks everytime, as many members of the livestock industry know from past experience. Such frank expressions are entirely new to government programs.

At Fort Worth Monday, good and choice fed cattle were scarce, selling from \$18 to \$21.50, with plain and medium grassers largely from \$10 to \$15.50, and some dairy breeds down to \$8. Fat cows \$9 to \$11.50, and canners and cutters \$6 to 9.50, some high yielding brahmas and western cutters at the higher figure. Bulls drew \$8 to \$12.

Good and choice fat calves \$13 to \$17, few heavies \$17.50. Plain and medium butchers \$10 to \$13, culls \$7 to \$10. Stocker steer calves mostly \$10 to \$16.50, few \$17.25. Stocker steers and yearlings \$10 to \$15.50. Replacement cows \$8 to \$12.

Time changes everything. Long cussed and discussed as the scourge of the pork industry—lard is now a hero. Seems the hungry Germans under the Communist heel really love the lard the United States is giving them. USDA has asked bids on around 15 million more pounds. Late purchases at near 16 cents per pound highest in some time for lard. They do say the East Germans dare death or torture to get a couple pounds of pure lard.

Hogs climbed 75 cents at Fort Worth Monday. Topped at \$26. Sows again selling at season's high of \$23 to \$2. (Lots of lard in those packing sows). Some sows up to 600 pounds sell to \$22.50 or better.

Sheep and lambs active and fully steady at Fort Worth Monday. Advances of last week were held in the strong trade. Fat lambs \$15 to \$18, lower grades \$8 to \$15. Stocker and feeder lambs cashed at \$10 to \$15. Slaughter yearlings sold from \$10 to \$13. Old wethers drew \$6 to \$7. Slaughter ewes sold from \$5 to \$8. Many sheep and cattle men are anxiously awaiting developments on wheat field pastures. Looks like lots of wheat will get up but grazing will depend on whether more rains come or not this month. There could be lots of stock feed in the wheat belt if moisture conditions improve.

13th District PTA President Outlines Plans For Year

By MRS. C. L. BEARD
 President, 13th District P-TA
 The coming of September is a busy month for parents and teachers everywhere. The year of P-TA has begun in the 13th District with schools of instruction, executive meetings and receptions for teachers. There are 77 Parent-Teacher Associations that plan to put action in their programs. The programs will concentrate on

Better Homes, Better Schools and Better Communities. A new year lies ahead and we have every reason to believe we will have a good year.
 This, as every fall, is filled with tasks that carry a great challenge for each member, tasks that call for facts, for intelligence, for stamina and for real performance. Members of the 77 units know the importance of thinking together, arriving at solutions together and acting together.

Haskell Workshop

There are many important events during the year, such as a defense workshop that will be under the direction of Mrs. E. McKiski. The date is Sept. 25 and the place is Haskell. All unit presidents, defense chairmen and all that are interested will be invited and expected to attend. The fall and meeting will attend to such business as needed for the work of the District.

One of the most important projects of the year is the Youth Safety Conference Laboratory to be held in Austin Oct. 11. Three students, a principal, teacher or student council sponsor from each school will attend along with F.

W. Richardson, District safety chairman and myself, as district president.

October is membership month and the goal is to enroll every parent and teacher in the district, for through P-TA we help to give every child an opportunity to achieve a life that is satisfying to himself and useful to others. Together, members can co-operate with other organizations and community agencies that are working for the welfare of children and youth. Oct. 15 is P-TA Day at the State Fair in Dallas.

Study course will be organized early for the procedure course, "Parliamentary," and "Education for Family Living." The goal for the completion of the study course will be 600.

The Texas Congress Convention will be in San Antonio this year with the election of a new president to direct our work for the next three years. The National president, Mrs. Newton P. Leonard of Providence, R. I., will attend our convention.

Demonstration teams were used for the first time in Wichita Falls last year and the same will be used this November in San Antonio. A bus will go from this District taking the delegates that wish to attend.

The host city for our Spring conference will be Electra. Delegates will come together, meet district chairmen and exchange ideas with each other. At our conference, we have an opportunity to share in the knowledge and experience of men and women who can help to solve the problems our association faces day by day.

Officers of the 13th District are Mrs. B. M. Nelson, vice president; Olney; Mrs. Bob Herren, vice president, Haskell; Mrs. Frank Scott, vice president, Vernon; Mrs. Travis Martin, vice president, Seymour; Mrs. Joe V. Brown, vice president, Electra; Mrs. Milton Kirby, vice president, Goree; Mrs. Therle Wall, recording secretary, Quana; Mrs. Cecil Lattimore, corresponding secretary, Orth; Mrs. D. O. James, parliamentarian, Iowa Park; Mrs. A. W. Shackelford, historian, Wichita Falls.

District chairmen are Mesdames B. B. Jones, C. G. Dewtain, J. V. Daugherty, J. B. Cornelius, Marvin Burrus, W. O. Holden, B. E. McKiski, Elgin Black, O. C. Beilke, Archie Bryant and Mrs. Frank W. Richardson.

Trade winds always blow from an easterly direction toward the equator.

Blair Reunion Held Aug. 30 at Fort Belnap

The Blair family reunion was held at Fort Belnap near New Castle in celebration of Mrs. B. F. Blair's 81st birthday. Mrs. Blair resided in Haskell a number of years ago.

The many interesting sights at the old fort provided entertainment all day. A delicious lunch was served at the noon hour for all the 95 attending.

All of Mrs. Blair's children, 22 grandchildren, and ten great-grandchildren were present. Her sons and their families are Mr. and Mrs. Rufus Blair and Mr. and Mrs. Willie Blair of Throckmorton; Mr. and Mrs. Rubert Blair and son, Mr. and Mrs. Alton Blair and son of Odessa; Mr. and Mrs. Doyle Blair and children, Monday.

The daughters and their families are Mr. and Mrs. Leon Medford and children, Mr. and Mrs. Marvin Collins and sons of Haskell; Mrs. Eula Evans and daughter, and Mrs. Beulah Thompson and children of Newcastle.

Other relatives and friends attended from San Angelo, Newcastle, J. A. Y. L. Brownfield, Throckmorton, Lubbock, Pioneer, Olney, and Rochester.

Mrs. Blair, resident of Newcastle for 11 years, received many nice gifts. Her many friends wish her many more happy birthdays.

VISITS IN CALIFORNIA

Mr. and Mrs. J. L. Toliver, Sr., of Weinert, Miss Margaret Toliver of Haskell and Mr. and Mrs. Raymond Pickering of Lubbock carried their grandson and nephew, Alvin Rex Marion to his home in Brawley, Calif., last week. While in California they visited several points of interest.

HASKELL VISITORS

Guests in the home of Mr. and Mrs. R. B. White last week end were Mr. and Mrs. O. P. Cannon of Wichita Falls, Mr. and Mrs. C. N. Howard of Munday, and Mr. and Mrs. Jimmy White of Snyder.

RETURN FROM VACATION IN CALIFORNIA

Mr. and Mrs. John F. Ivy of this city have spent the last 2 1/2 weeks vacationing in California, Utah and New Mexico. While in California they visited with Mr. and Mrs. O. C. Matthews in Arvin and Mr. Ivy did some deep sea fishing. Also while away they visited Mr. and Mrs. John M. Ivy in Texline and Mr. and Mrs. R. M. Carothers in Levelland.

RETURNS FROM DENVER

R. J. Reynolds returned home Saturday from Denver, Colo., where he spent the past two months with his son and family. Mr. and Mrs. Virgil Reynolds. He was accompanied home by Virgil Reynolds, former County Judge who spent the week end here. Virgil is an inspector with the regional CAA office in Denver.

This demonstration was worth many hundreds of dollars to me!

I thought only a higher-priced car would suit me. But then I found out how much more Chevrolet offered for how much less!

You're "sitting pretty" behind the wheel
 Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around
 You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

You get more power on less gas
 That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in—right now! Chevrolet's improved brakes are the largest in the low-price field.

Biggest brakes for smoother, easier stops
 An easy nudge on the pedal brings smooth, positive response

It's heavier for better roadability
 You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide*
 A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

And it's the lowest-priced line.
 A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

Let us demonstrate all the advantages of buying a Chevrolet now!

For Every Child These Benefits: Better Homes, Better Schools, Better Communities

Are you interested in the children of the community? Parents are you interested enough for your own children? If not, who is? Remember, "A life lived just to satisfy yourself, never satisfies anybody." If you care, why not be a part of Parent-Teacher Association?

If you would like to know more about Parent-Teachers, read one of the Parent-Teacher magazines. They cost only a few cents a month and it will be money well spent, even if you have time to read only one article out of each magazine. Each has articles written by authors who are well known in child welfare. They will help you with your problems that begin with pre-school age and go through to teen age and adults. The Texas Parent-Teacher Magazine costs less than five cents a month and has all of our program material we are to study this year.

mentally and emotionally rich, while others, as far as things of the mind are concerned, seem to live a bare existence. They appear to have nothing within themselves to call upon in time of need, and nothing, therefore, to give to others who hunger and thirst for emotional support. The importance of the inner resources has been stressed throughout the ages; man must be arched and buttressed from within. "My mind to me a Kingdom is, the Kingdom of Heaven is within you."

Membership committee for Junior High P-TA, Mrs. James E. Ferguson, Mrs. R. C. Jones, Mrs. J. H. Roberts and Mr. Carl Wheatley. Publications or magazine committee: Mrs. George W. Feuts and Mrs. J. L. Mullins. If you care, be a member and subscribe for these magazines. Do it today.

The Paint Creek school board and wives entertained the faculty and their families at an informal reception Monday at 7:30 p. m. at Paint Creek High School auditorium. The general public was invited and many were present. There were approximately 100 persons in attendance. A reception line was formed where all the teachers were introduced to the school board and to the patrons. Punch was served all during the reception. It was cooled by having been placed inside a large block of ice, which served as a container. Dominoes were played by all persons interested.

Faculty members included Dan McRae and wife, J. C. O'Neal and wife, H. P. Morrison and wife, A. T. Tackett and wife, Willie Lee Medford, Bess Smithy, Lilla Heflin, Florence Pinkston, Olga Taylor, Irene Ballard, Mary Owens.

School Board members: M. E. Overton and wife, Fred Buerger and wife, Frank Sims and wife, John R. Watson, Jr. and wife, Roy Medford and wife, Clarence Raughton and wife, Paul Fischer and wife.

Greater public relations were assured by this meeting.

Mr. and Mrs. Alvin Holle of Sagerton Observe Silver Wedding Anniversary

Old Glory were also present for the anniversary celebration.

Mrs. J. C. Schwartz of Snyder and Mrs. McGowan of Snyder presided at the refreshment table. A bouquet of white mums formed the centerpiece of the lace covered table which also held the 3-tiered wedding cake topped with a miniature bride and groom.

Mrs. Clancy Lehmann registered the guests. Approximately 90 guests registered. The pastor, Rev. Rudy Wendel made a short talk in their honor. Misses Margie and Adrienne Lehmann sang a duet accompanied by Doris Franke at the church organ.

Mr. and Mrs. Holle were married at St. Paul's Lutheran Church Sept. 11, 1928. Their attendants, Mr. and Mrs. Louis Spitzer of

Mrs. Hutchinson Is Honoree At Gift Tea In Weinert

Mrs. Bobby Hutchinson was honoree at a gift tea Monday in the home of Mrs. R. L. Edwards in Weinert. Guests were greeted by Mrs. Edwards and registered by Mrs. Raymond Mathison.

The refreshment table was laid with a lace ecru cloth over pale blue. The centerpiece was an attractive arrangement of pink elads. Appointments were of crystal. Mrs. M. L. Raynes, Jr., Mrs. Temple Lewis, Mrs. Ernest McGuire and Mrs. Buck Turnbow presided over the table. Gifts were displayed by Mrs. Clyde Walker and Mrs. Ike Wilfong.

Attending were Mmes. R. H. Jones, G. C. Newsom, J. W. Liles, P. F. Weinert, L. J. Adams, E. C. Lowe, V. C. Hobbs, Douglas Myers, Ed Greer, Gene Greer, A. B. Greer, Frank Oman, W. A. Luncheon, Kitchen Shower Honors Marilynn Smith

Marilyn Smith was honored with a luncheon and kitchen shower Saturday Sept. 12, in the home of Ann Derr in Weinert. The luncheon was served in the living room. Tables were decorated with small vases of tiny white mums. The gifts were arranged on an attractively decorated table with the centerpiece of pink and white mums.

After lunch the guests played games. Attending were Mmes. J. W. Earp, Chester Smith, Floyd McGuire, Jr., Alton Dunnam, Temple Lewis, V. C. Derr, and Joella Weinert, Margie Campsey, Marguerite Hammit and the hostess, Mrs. Guess.

Parliamentary Procedure Course Presented To Members of Elementary, Jr. High

Twenty-four members of the Elementary and Junior High P-TA met in the Bob Herren home Tuesday, Sept. 15 from 10 a. m. to 2:15 p. m. to study the P-TA Parliamentary Procedure Course under the direction of Mrs. D. O. James, Iowa Park, district parliamentarian.

Each participant was served coffee and cookies on arrival. The group then settled down for a very interesting and informative session of Parliamentary Procedure. Mrs. James in her very able fashion conducted the nine lessons of the course in a lively manner, where no one had time to feel it was dragging or "dull." A discussion was held afterwards on the tenth lesson, which is a test, to be written and answered individually, then sent into headquarters at Austin where they will be graded and returned.

Mrs. James stated we should be very proud of Texas for it was the only state at the National Convention that had such wonderful study courses to offer to the

Surprise Birthday Party Is Given Wayne Bradford

The home of Mr. and Mrs. Hoie Harrell was the scene for a surprise birthday going away party for Wayne Bradford on Thursday evening, Sept. 10. Wayne left for Abilene Christian College Sunday and his birthday was Tuesday, Sept. 15.

Wayne cut the cake of white and trimmed with blue pom poms and yellow roses. The cake slices and pine-ale punch were served from a lace over blue cloth covered table. Blue mints and plate favors of gold luggage and ACC on each in purple and nick-nacks of cherries were on the refreshment plate.

Games were played throughout the evening. Prizes were won by Donald Ray Logston, Tommie Robertson and David Joesselet. Present were David Joesselet, Tommie Robertson, Horace Wayne O'Neal, Marie Ivy, Donald Wayne Logston, Jo Iva Johnson, Kenneth Lane, Jolene Henderson, Raylene King, Mr. and Mrs. Barzic Parker and Pam, the honoree, Wayne Bradford and the hosts, Mr. and Mrs. Harrell and Reba.

Marilynn Smith, Johnny W. Earp Betrothal Told

Mr. and Mrs. Chester Smith of Weimert are announcing the engagement and approaching marriage of their daughter, Marilyn, to Johnny W. Earp of Weimert, son of Mr. and Mrs. J. W. Earp. The ceremony will be read by the Rev. Max Copeland Oct. 3 at 4 p. m. in the Methodist Church at Weimert.

NOTICE TO MEMBERS OF P-TA

Be sure and circle the 26th on your calendar, for this is the date the District 13 Civil Defense work shop will be held here in Haskell Saturday, Sept. 26 at 9 o'clock in the Elementary School. Lunch will be served in the Elementary cafeteria for 35c. The Civil Defense Committee of Junior High are Mrs. W. P. Ratliff, chairman, Mr. Bill Holden, Mrs. Sam Herren and Mrs. Guy Collins. Elementary chairman is Mrs. Omer Ray.

VISITORS FROM MIDLAND

Mrs. J. E. Redwine and Mrs. Roy Thomas and son, Bobo, of Midland were visitors in Haskell this week.

NOTICE TO BIDDERS

Notice is hereby given that the City Council of the City of Haskell will receive bids until 7:30 p. m. October 13, 1953 at the usual meeting place in the City Hall Haskell, Texas for the purchase of one tandem drive, Diesel powered, power control Motor Grader, 50 H. P., equipped with electric starter, 10.00-24 tires on all six wheels, 10 ft. moldboard, two 2 foot extensions, hydraulic power control for each adjustment, including hydraulic power, steering, and hydraulically shiftable moldboard—cab operated, machine to be complete ready for work and delivered FOB Haskell, Texas, and one used Adams No. 512 Motor Grader to be traded in as part of the purchase price, and the City Council reserves the right to reject any or all bids.

If a contract is made the City Council intends to issue interest bearing time warrants in part payment therefor, in amount not to exceed \$5,000.00, bearing interest at a rate not to exceed 6% per annum, and all of which warrants shall mature not later than 1958.

LEGAL NOTICE

The bond and Warrant Law of 1931 (Art. 2368 A) gives Commissioners Courts authority to finance public improvements by the issuance of time warrants. However, before warrants can be authorized and issued, published notice for two successive weeks must be given. After plans and specifications for the construction of a new jail are complete, approved by the Commissioners Court and on file with the County Clerk, Notice will be published calling for bids, for the construction and equipping the jail. The notice will also provide that payment for such construction will be made by the issuance of warrants. The amount of warrants issued will equal the cost of such construction.

On the date set to receive bids taxpayers citizens can appear before the Commissioners Court and express themselves for or against the construction of a new county jail, or ten percent of the qualified tax paying voters can petition the Commissioners Court a protest against the construction of the jail. This is the real purpose of giving public notice.

The laws further provides that after the warrants are issued they can be converted or refunded into bonds by giving 30 days notice. Commissioners Court of Haskell County. By Alfred Turnbow, County Judge. 38-39c

Mrs. Frank B. Welsh and Gary Arrive In Casablanca

Mrs. Frank B. Welsh and little son Gary arrived in Casablanca, French Morocco, Saturday, Sept. 5th, relatives here learned in a message received Wednesday.

Mrs. Welsh and Gary were met by M/Sgt. Frank B. Welsh, who is stationed at Nousseur Air Depot, about 25 miles from Casablanca, where the couple and their son will make their home. Mrs. Welsh and son made the trip from the States by steamship, leaving from Fort Hamilton, Brooklyn, N. Y., on the Upshur August 29, making the trip in eight days.

M/Sgt. Welsh has been in the U. S. Air Force since 1938. During the last war he helped train cadets at Randolph Field, and at Greenville, S. C., and other fields in Illinois and Florida. Their son was born at St. Patrick Field base hospital in Florida. Mrs. Welsh is the former Viola Place, daughter of C. E. Place of Menohga, Minn. She and Gary have been making their home with her father since April. They spent several weeks in March visiting in the home of M/Sgt Welsh's parents, Mr. and Mrs. E. E. Welsh, Sr., of this city.

Cotton Farmers Will Be Asked To Furnish Wage Data On Farm Labor

G. B. Purcell, local office manager for the Texas Employment Commission at Wichita Falls, said today that Haskell County cotton farmers will soon receive letters requesting them to supply information and wage data for a "range of wage surveys" being conducted by the Texas Employment Commission and the local crop wage committee.

The letter, he said, will explain the wage survey plan in detail, and will include a questionnaire which will request information on the general characteristics of the farm, such as size, cotton acreage, anticipated cotton yield, whether the farm is irrigated or non-irrigated, and similar data necessary for analysis of the sample to assure that it is representative in every respect.

The survey will be made, according to Purcell, in compliance with Public Law No. 78, which, in part says, that Mexican Nationals may be admitted to this country for farm employment only if it is found that the wages and working conditions of domestic farm workers will not be adversely affected.

Purcell said, "Wages which the farmer agrees to pay Mexican Nationals are subject to change

depending on what other farmers pay their workers. Therefore, the survey is made for the convenience of the employer hiring Mexican Nationals.

"In fact," he said, "the Migrant Labor Agreement of 1951, as amended, reads as follows: 'The Mexican consuls and the representatives of the Secretary of Labor shall exercise vigilance to insure that the wage rate paid to the Mexican worker is not less than the prevailing wage rate for similar work in the area of employment and that wages are paid to the Mexican workers in accordance with such rate or with any increases in such rate which may become effective in the area during the period of employment, but not below the minimum rate specified in the work contract. Increases in prevailing wage rates shall be put into effect immediately by the employer and shall not be contingent upon formal request to do so by the Mexican worker, the Consul of Mexico, or the representative of the Secretary of Labor. Declines in prevailing wage rates shall be recognized and provided they do not fall below the rates specified in the work contract.'"

The surveys are made only in areas where Mexican Nationals are to be employed in numbers to warrant a survey.

The surveys will be made bi-weekly during the cotton harvest season, Purcell said. He added that a folded perfor-

ated card will be mailed to each farmer included in the surveys on Mondays of the survey week. Information requested should be related to Wednesday of the survey week and returned the same day for tabulation by the TEC and the local Crop Wage Committee. Farmers not included on the sample list for surveys, will be given an opportunity to voluntarily furnish information on cards that will be available at cotton gins in the survey area.

T.S.T.A. Workshop Conference To Be Held Here Oct. 3

The Oilbelt District No. 7 Texas State Teachers Association Workshop Conference for local teachers in the district, which comprises several counties in this area, will be held in Haskell, Saturday, Oct. 3rd.

The sessions will be held in the Haskell High School beginning at 9:30 a. m., and will deal with subjects including retirement, contractual relations, citizenship, and school finance.

Further program details will be announced next week, when all plans for the one-day conference are completed. Outbreaks of stinking rot in wheat fields in some sections of the state this year were the worst since 1949. Chemically treating the wheat seed before it is planted will control this disease and help germination.

HIGHLIGHTS AND SIDELIGHTS From Your State Capitol

By VERN SANDFORD Texas Press Association

AUSTIN, Tex.—A two-edged crusade by the Texas Democrats against the Loyalists and the Republicans is now officially begun. Governor Allan Shivers called the signal at Mineral Wells and urged his kind of Democrats to begin the struggle immediately.

There are two aspects of the campaign—first, domination of the elections next year; and second, control of the party machinery in the presidential year of 1956.

Every observer at the Mineral Wells session of Texas Democrats interpreted Shivers' remarks to mean that, if necessary, he will run for governor to gain the objectives.

"If 1952 was the year of decision for the Democratic Party of Texas," Shivers said, "1954 will be the year in which the decision is ratified—or rendered empty and meaningless."

"It is the simple fact of political life that victory is never secure. It must be won again and again—and yet again, for each test is a new game, and there is no prize for second place."

As Shivers spoke, his supporters

In many parts of the state were reorganizing their forces at precinct level to carry on the fight next year.

Speaking with Shivers at the Mineral Wells gathering of the State Democratic Executive Committee was Wright Morrow, national Democratic committeeman from Texas, who is not recognized by National Chairman Stephen Mitchell.

Morrow said he supported Eisenhower last year because the Republican nominee "came nearer embracing the true Democratic principles."

"We," Morrow told the group, "are the real Democrats."

Jack Porter of Houston, Republican national committeeman for Texas, conferred in Denver with President Eisenhower about building up a strong GOP in this state.

Following the confab, Porter said, "the President impressed me with being in hearty accord with the building of a strong Republican party in Texas."

Also discussed between the two was the president's visit to Texas next October for the dedication of the new Falcon Dam.

While Shivers was making up his mind whether to call a special session of the Legislature, there was considerable improvement in the drought situation.

All but 48 counties in the western third of the state were cut off the emergency list by the State Drought Committee. Originally, 152 counties had been included.

No more orders for emergency feed will be taken from the 104 counties that were removed from the list.

Rains that brought relief to a considerable part of West Texas were given as the reason for reducing the area to remain within the drought designation.

Drought relief was Shivers' consideration in the matter to call a special session.

Rains helped in many counties, the governor said, "but sections where the worst drought hit have not been helped much. There's nothing out there to help. The grass roots are gone."

Another problem for the special session was that of increasing teachers' salaries, but little progress has been made along that line, Shivers said.

He thought the matter ought to be settled, but "not a lot can be accomplished at a special session unless a compromise can be worked ahead."

Meanwhile, the State Com-

missioner notified the Board of Education that there was a net cash balance of \$2,966,134 in the available school fund on August 25.

Promptly, the Board voted Texas schools an additional dollar per head for the past school year, 1952-1953. That raised the per capita appropriation to \$69.

Created by the last session of the legislature, the Texas Commission on Alcoholism has begun to implement its plans to tackle the question of problem drinkers. "Alcoholics are people who can be brought back to sobriety," Roy German, speaking for the commission, said in a talk here.

Education of the public, he added, will help more and more people to understand that an alcoholic is a person who can be helped.

Through the cooperation of local groups, German declared, the commission is determined to carry on its program of informing the public about alcoholism is, what the methods of treatment are, and what can be done in the line of prevention.

Two top road experts will team up to carry on a highway transportation research program for Texas.

They are Thomas McDonald, recently retired as head of the U. S. Bureau of Public Roads, and Gibb Gilchrist, former chancellor of the Texas A&M system and for many years state highway engineer.

Work of these two will be sponsored jointly by the college and the state highway department.

Expenditure of \$17,585,000 will alleviate to some degree crowded conditions in the state's hospitals and special schools.

"The tragedy of it is," said Rufus Higgs of Stephenville, "we just don't have the money to do what we ought to do."

Higgs is a member of the board which governs the institutions and is publisher of the Stephenville Empire-Tribune.

Some of the buildings to be replaced under a two-year construction program are nearly a hundred years old.

About \$10 million of the money for building will come from a cigarette tax passed by the legislature. The other revenue is for special appropriations to take care of emergency needs.

As hearings drew to their end in the ouster case against District Judge C. Woodrow Laughlin of Alice, the defense called as a witness the judge's brother W. M. Laughlin, Jim Wells county commissioner.

Among charges against the judge is one that he dismissed a Jim Wells county grand jury last

Average Rainfall Over State Above Normal During Month of August

By the Texas Board of Water Engineers

Flood flow in the Rio Grande during the last few days of August alleviated water shortages below Del Rio and supplied more than a half million acre-feet of water for storage behind the incomplete Falcon Dam below Laredo before the month's end. Considerable flooding in the Coastal Bend and Coastal Plains areas during the week ending August 31 was reported from various communities. Flooding occurred in the upper Colorado River basin, the Nueces River basin, and the Coastal streams as well as the Rio Grande. The Canadian and Red Rivers showed normal flow for August and Texas and north central streams continued to flow at low medium-low discharge rates. The average rainfall over the state was 146 per cent of the August normal. Rainfall varied, however, from one-fourth normal in the area west of the Pecos River to nearly six times normal in the Corpus Christi coastal region. The total contents of the major reservoirs in Texas increased 2 per cent during the month. Spring flow from the Edwards aquifer in central Texas was declining when the trend was arrested and reversed by heavy rains over the area during the last week of August.

Precipitation

Heavy rains in the Coastal Bend and Coastal Plains areas during the week ending August 31 caused considerable flooding and local damage. Some localities reported more than 20 inches of rainfall for the week with Sinton measuring 15 inches in a 24 hour

period. The highest average rainfall for the month was in the Corpus Christi coastal area where a total average of 12.29 inches (nearly six times normal) of rain fell during the month as compared to an average of 0.35 inches (1-8 of normal) over the same area during July. All areas in the state received greater than normal precipitation during August with the exception of the area west of the Pecos River, the High Plains area south and west of Lubbock and the northeast area of Texas; however, spotted rains of substantial amounts fell within these areas of deficient total averages for August.

Stream Flow

The most spectacular occurrence in respect to river hydrology in Texas during August was the flooding on the previously dry or nearly dry Rio Grande as runoff during the last few days of the month from the Del Rio area joined with that from downstream tributaries changed the broad expanse of sand and rock behind the newly constructed and incomplete Falcon Dam below Laredo into a bountiful lake with more than a half million acre-feet of water in storage as the month ended. The Colorado River at Ballinger reached the highest stage since 1938 with a peak discharge of 35,000 cubic feet per second. Small streams in the Bronte and Robert Lee areas were overflowed by flood waters for which peak discharge will be determined by special methods. The Horn Cienega River near Carlsbad carried the maximum August mean flow of record on August 19 with an average flow for the month about 100 times the

average for August as based on 29 years of record. The Leona River at Uvalde carried the largest flood in 20 years following 8 inches of rainfall in the Uvalde area. Robstown was transformed temporarily into an inland sea as local waterways were overtaken during the last week of August. Substantial runoff was carried by the Rio Grande, the Nueces River, the upper Colorado River, and Coastal streams. Flow in the Canadian and Red Rivers was about equal to the average for the month and streams in East Texas and north central Texas continued to flow in the low and medium-low discharge range. No appreciable runoff occurred in and west of the Pecos River basin.

Reservoir Storage

Mountain Creek Reservoir at Robert Lee was filled and discharged an estimated 25,000 cubic feet per second over the spillway following heavy rains (up to 14 inches reported) north of Bronte and Robert Lee on August 18 and 19. Water rationing is relegated to history in San Angelo as the result of the filling of Lake Nasworthy and an increase of 22,000 acre-feet of storage in the San Angelo Reservoir. Brownwood Reservoir was filled and discharged a small flow over the spillway as a result of rains occurring August 18-20. The total contents of all major reservoirs in Texas (including Falcon Reservoir) increased 2 per cent during the month, resulting in a total of 2,645,000 acre-feet of water in storage available for use. The largest changes in contents occurred in Lake Dallas on Elm Fork Trinity River (7 per cent decrease) and Buchanan Reservoir on Colorado River (8 per cent increase).

Former Residents of Haskell Victims In Traffic Accident

Mrs. W. W. Hallmark, 61, of Clyde died at 5:25 a. m. Saturday in Hendrick Memorial Hospital from injuries received when she was struck by a car Sunday, September 6 at Clyde.

Her husband, also hit by the car, was dead on arrival at the hospital Sunday. The two were struck as they were walking across U. S. Highway 80 at Clyde after they had alighted from a bus.

The Hallmarks were residents of Haskell County for many years before moving to Clyde in 1944. They were members of the Clyde Methodist Church.

Survivors include two sons, Gordon Hallmark of Irving, Lennox of Dallas; one daughter, Mrs. Cecil Reeves of Eastland; two brothers, I. D. (Bud) Grimsley of Olton and Floyd Grimsley of Muleshoe; three sisters, Mrs. Tina Haley of Wichita Falls, Mrs. E. B. Lusk of Rule, and Miss Jane Grimsley of Dallas; and three grandchildren.

Funeral services were held at Laughter-North Memorial Chapel in Abilene with Rev. A. B. Armstrong, Clyde minister, officiating. He was assisted by the Rev. J. C. Belfrey, Baptist minister of Cisco. Graveside services were held at Rule.

Pallbearers were nephews, Jno. Roberts, Haskell; Willard Mercer of Abilene, Drew Leonard of Haskell; Shelton Lusk of Rule, Forrest Hallmark of O'Brien, and Leslie Simpson of Rule.

Negro College Teams Of Texas And Oklahoma To Clash Here Hallowe'en

Inter-collegiate and inter-sectional football will make its debut in Haskell on Oct. 31 at 8 p. m. when the Paul Quinn Tigers of Waco meet the Langston University Lions of Langston, Okla. in the third annual Texas-Oklahoma Colored Classic on Indian Field in this city. Lorenzo D. Bennett, head coach of the Quinn Tigers is confident that his lads will give a good account of themselves when they tangle with the Oklahoma Lions here on Hallowe'en night. Coach Bennett, highly elated over the banishment of the free substitution rule for college football, is whipping his entire squad into a 60-minute team.

The cagey Waco coach gained plaudits last year for his lads work on defense and they were rated as one of the best defensive teams in the Southwest. This year, Coach Bennett is concentrating on the development of a powerful offensive machine.

Already a wizard of the T-formation, Coach Bennett this year is leaning heavily toward some of the unorthodox plays of the T-formation. The Lions this year have a star-studded backfield which includes Will Oliver Hodge, all conference half back

of 1952 and a potential candidate for all-American in 1953 and Coach Bennett feels confident that the lads from Waco, can lick the Oklahoma foe.

But up in Waco, the Quinn Tigers are not taking the Langston University Lions for granted as Coach Zip Gates, head mentor of the University Lions, has half of his 1952 team intact and he is counting on his reserve strength and experience to bring home his dreams of a Texas steer steak from the peppery lads from Waco who have captured the hearts of the writers across the state and their fighting hearts.

The improved conditions over the state have greatly expanded planting of legumes. Legumes are successfully forage crops for pastures, for soil building, and some sections for seed crop. This they are a real pose crop. The largest trial on the northeastern trails.

Superintendent Tells Lions of Changing Concepts of Education In Talk Tuesday

C. D. Allen, superintendent of the Haskell Public School system, was speaker at the meeting of the Lions Club Tuesday. His subject was "Plans for Haskell's Public Schools" which should be carried out to completion now and in the near future.

"I wish to stress the fact that our school was in much better shape than others which I have had the privilege of coming into but there are still many things which we should work for if we are to acquire the desired education facilities for our children."

"Concepts of education have changed several times in the past years," he explained as he used placards to denote the various phases of these changes. "Not too many years ago the feeling of 'keep out' of my business was the attitude of teachers and laymen alike but fortunately this conception has been outdated. People were of the opinion that they paid taxes for the upkeep of the school system and that adequate instructors were hired and consequently it was none of their business what went on in the school, he commented.

Eventually school officials adopted the plan of "Come in and look" which proved to be much better than the old feeling of Keep Out but was not too satisfactory as the parents would only come in on special occasions and invitations, he explained.

Recently there has been instituted the idea of "Come, Let's Plan," the speaker said, and he explained that all parents are interested and that much good was derived from this method if they came as ambassadors of good will and had the best interests of the school at heart.

"The Laymen's Advisory Committee" is the fourth method that has been adopted and this is where members of the Lions and other civic organizations should be represented providing they are not attempting to place pressure for any personal reasons. These pressure groups are instrumental in ruining some of our school systems today and should be guarded against," Supt. Allen declared.

In outlining some of the needs of the Haskell Public Schools at this time he pointed out that the

high school had practically no Physical Education Program other than football, band and pep squad and that the bulk of the student body were being deprived of the teaching of what to do with their leisure time of which made up one fifth of their lives.

"We need better enlightened parents and this week we are be-

ginning a recognition of the Teachers of the Week in the Haskell Free Press which will have a marked effect on this education of the public as to what we are doing in school.

"We are offering classes on public speaking and debating and will welcome a call from civic groups at any time to stage a forum, debate or entertainment program for them," Allen said.

His closing thought was "The schools goes as does the student, the state as the student and the nation as does the student."

Celebration And Barbecue Planned At West Texas Utilities Paint Creek Plant

People from all over this area are being invited to the dedication of Lake Stamford and open house of West Texas Utilities Co. on September 30. Date of the celebration has been officially set.

Invitations will be mailed, but a general invitation is extended. Invitations announce that the City of Stamford, in cooperation with the cities of Hamlin, Lueders and Avoca, and the West Texas Utilities Company, cordially invite attendance at the dedication of Lake Stamford at the Paint Creek Generating Station, with free barbecue at noon, dedication service at 1:30 p. m. and plant tours throughout the day.

The barbecue at noon will be prepared and served by Walker Jetton of Fort Worth, barbecue king, it was announced Monday. Music will be furnished by Hardin-Simmons Cowboy band and it is anticipated that several high school bands will attend and take part.

The celebration will be on the air strip near the generating power plant of the West Texas Utilities Company on the north shore of Lake Stamford. Maps showing the area roads and sign markers will make it easy for people to find the place, about 14 miles southeast of Haskell and about 16 miles northeast of Stamford.

The city of Stamford is working through the Chamber of Commerce in making plans for the celebration. The Goodwill and Highway and Transportation committees met with Wayne Cooper, president, and Lee Walker, manager, Monday afternoon to

perfect some of the details. A planning committee met at the Chamber of Commerce office previously and set the date and made preliminary plans. Cooper, Walker and a group of Stamford men previously had gone to Abilene and talked with Price Campbell, president of the WTUC, in regard to the celebration.

Boat companies have been invited to bring in boats for tours of the lake as part of the day's activities.

The celebration is expected to draw some 5,000 or more people.

Detroit Studies Sales of "Continental" Studebaker

By a Wall Street Journal Staff Reporter

DETROIT—Studebaker, which was a big factor in setting early-postwar auto styles, may now be setting the pattern for the next few years.

Its 1946 model, designed with light use of glass by Raymond Loewy, was the first completely redesigned postwar car. The South Bend, Ind., concern made no further major change until its current 1953's; with these it introduced low, racy "Continental" styling. Also designed by Loewy, the new model cost \$27 million to introduce, double the 1946 cost.

A top Detroit stylist, employed by a rival manufacturer, says that the current Studebaker will affect the future look of the industry more competitively than the industry would like to admit.

The People of Haskell County

General plans and details of construction and financing of the new Haskell County jail in the preliminary stages. County Judge and Commissioners wish to furnish as much true information as possible at this time.

It is firmly believed by the Commissioners Court that a new jail is needed. Citizens are invited to the present one or discuss with those who come in contact with it in their official law enforcement duties.

It is further believed that it would cost the county more to repair and maintain the present out-of-date structure over a number of years than the cost would be of building a new one.

It is also believed the construction of a new jail is practical at this time for the following reasons:

On account of the gradual in-

crease in valuations of our county in recent years, the present tax rates on each \$100, will be sufficient to pay the present indebtedness against the county's permanent improvement sinking funds (also known as the Court-house and Jail or Building fund) and the proposed refunding jail bonds.

The increase in the valuations has come from oil development and construction of public utilities and to other new buildings throughout the county. None of the increase has come from a general raise of valuations of the reg-

ular real and personal property. Nearly all of the jail refunding bonds will be purchased by county funds that cannot be used elsewhere, but can or must be kept invested.

Our county has a little over \$178,000 in its permanent school fund, which is obtained from the sale of school land granted to the county years ago. This fund has to be kept invested in Government Bonds, or County, City and School District Bonds. The interest from the bonds goes to the county available school fund. About \$30,000 of the proposed jail refunding bonds will be purchased with this permanent school fund.

The county has \$456,000 County-Wide Road Bonds outstanding, but the State from a part of a one cent gasoline tax is paying a very large percentage of them.

On account of this and the increased county valuations, a surplus has accumulated in what is known as the Road Bond sinking fund. But, again, this fund has to remain intact until all of the road bonds are paid off, or used to pay them if the gasoline tax is taken away from the counties. About \$30,000 of the jail bonds can be purchased with this road bond sinking fund; thus letting it earn interest until needed.

From the foregoing it is shown that a total of \$60,000, possibly \$65,000 of the proposed jail bonds can and will be purchased and kept as an investment of the above county funds.

The bond and Warrant Law of 1931 (Art. 2368 A) gives Commissioners Courts authority to finance public improvements by the issuance of time warrants. However, before warrants can be authorized and issued, published notice for two successive weeks must be given. After plans and specifications for the construction of a new jail are complete, approved by the Commissioners Court and on file with the County Clerk, Notice will be published calling for bids, for the construction and equipping the jail. The notice will also provide that payment for such construction will be made by the issuance of warrants. The amount of warrants issued will equal the cost of such construction.

On the date set to receive bids taxpayers citizens can appear before the Commissioners Court and express themselves for or against the construction of a new county jail, or ten percent of the qualified tax paying voters can petition the Commissioners Court a protest against the construction of the jail. This is the real purpose of giving public notice.

The laws further provides that after the warrants are issued they can be converted or refunded into bonds by giving 30 days notice. The refunding bonds will then be purchased by the County funds as set forth above.

Commissioners Court of Haskell County.

WHY just look and sigh—and pass up so much real automobile? Why—when this big and beautiful new Buick SPECIAL delivers for a figure you'd pay for a "six"?

Could be you're one of those folks who still don't believe that the price of a Buick really is just a few dollars more than that of the so-called "low-priced" cars.

So we'll show you the price tag to prove it.

But beyond that—what you get in this great Buick, for so small a step-up in what you pay, is plenty.

More power. Fireball 8 power. The highest horsepower and compression ratio ever placed in a Buick-SPECIAL.

More room. Real six-passenger room—even by man-size measurement.

More comfort. The solid comfort of Buick's Million Dollar Ride—with coil-spring cushioning on all four wheels, wide-tread stability, torque-tube steadiness.

More pleasure. The pleasure of high visibility, of luxurious fabrics and fittings, of superbly easy handling—and the deep satisfaction of bossing a big and able and stunningly styled automobile that does you proud wherever you go.

Why not drop in on us and see things for yourself?

That way you'll also learn about the long list of "extras" you get at no extra cost in this spirited new 1953 Buick SPECIAL—things that most other cars of similar price charge for as extras. Can you make it this week?
