Blue Birds at the camp are Janie Hattox, Jan Herren, Sarah Lees and Suzan Lane. Also attending are Betty Jo

figured by the end of the week and should be in the hands of wheat growers of the county by Monday or Tuesday, he believes.

The individual allotments are being worked out for 843 grain producers in Haskell County. The 1954 allotment is based on

wheat acreage over a period of the past ten years. Normally, between 70,000 and 90,000 acres is planted to wheat in Haskell County.

The acreage allotment applies only to wheat. No limit is placed on other small grain.

To Spend Vacation In Estes Park.

Leaving Wednesday for a vacation in Estes Park, Colo., were Judge and Mrs. Ben Charlie Chapman and son Charles, Mr. Don't Drain Waste and Mrs. Jack Pippin and little son, Lee, and Mrs. Carrie Wil-liams, all of Haskell.

They were joined at Munday by Dr. Robt. Newsom, who will accompany them to Colorado. Herren and Coletta Worley, lead- They expect to be away a week

ers of the two groups. A Challenge To Civic Pride

long will Haskell remain the modern, and progressive city that we want boring cities and the world at large to

ould easily lose that desirable and de-

ke pride in pointing to our splendid rous churches, our modern school ogressive business concerns, attractive well-kept lawns, miles of paved adequate municipal facilities.

here's another side of the picture, and asant to contemplate.

six blocks of Haskell's busy square quagmire of dirty, stinking filth, deaal carcasses and stagnant, scumwater that is the breeding place for at swarms of flies and mosquitoes.

It isn't pleasing to look at, and it's worse to smell! But it's there!

Only six blocks from the square. That puts it about two blocks from the city's playground -Rice Springs Park and Swimming Pool. And closer still to another popular recreation spot, Fair Park baseball field.

Why is such a menace to community health permitted to exist? Why do we ignore this breeding place for myriad diseases, possibly dreaded polio?

We can't give you the answer. But there is a remedy.

If every citizen interested in the welfare of our community, and every mother and father concerned with the health of their children would show enough interest to request city officials to take immediate steps to eliminate all disease-harboring places in our town, it would be done.

Rodeo Project Is Offered To Public

improvements at the old Fairgrounds and complete a modern odeo plant which is now in the local riding club which has leased the Fair plant from the city.

Under the plan, non-interest bearing notes of the Club will be offered in \$25 denominations. The notes are not transferable, and will be retired from profits ac-cruing from activities held on the Fair grounds. Seventy-five per cent of all net profits will be set aside annually and paid to note holders each year.

This financing plan will afford the public an opportunity to have a part in helping promote a worthwhile civic project, with the assurance that their entire in-

Confederate pensions.

By VERN SANFORD Texas Press Association

AUSTIN, Texas.-"A natural

disaster and public calamity" exists in the drouth areas of Texas according to an efficial proclam at i on by Governor Shivers. The proclamation was a legal requirement for putting the state drouth program into action. .

Using his emergency powers the governor set up a state defense and disaster relief council to administer the program. Most of the council members are heads of state agencies.

From Victoria, Claud McCan. stat PMA chairman sent telegrams to county committees telling them that the have a wide discretion in screening applicants for federal drouth relief.

Applicants do not have to sign pauper"s oath, said McCan. -tpa-

That assurance also came from President Eisenhower, Governor Shivers, and Secretary of Agriculture Benson.

Their statement was in reply to the complaints of many Texans who had interpreted a U. S. Department directive as meaning that applicants would have to swear they were broke before receiving aid.

The President said in a telegram to Governor Shivers, that the decision respecting the distribution of feed will largely be the responsibility of local commitvacation trip to Yellowstone Park | tees within the framework of regulations prescribed by the secretary of agriculture.

And by telephone, Benson told Shivers that the agriculture department had not thought of askng for either a pauper's oath or inancial statements as a prerequisite for aid to farmers and

Members of the local commitees will be farmers, ranchers, bankers, and agriculture experts, able to judge each application on ts own merits, Shivers said.

He added that work is going forward on the drouth aid program at the state level. A meeting of the Texas A&M

college board was to follow conferences between representatives of the attorney general and the college on a plan to furnish hay o drouth areas.

And the State Department of Health surveyed water supplies as related to health.

-tpa-In Washington, Senator Price Daniel of Texas, following a visit to the drouth area, said "our great need today is for a long range state -federal program of drouth control."

Temporary relief in time of emergency solves no permanent problem, Daniel commented, and We must control drouths by joint effort or else, in the distant future, drouths will con-

Charges against District Judge C. Woodrow Laughlin of Alice will be investigated by the Texas Supreme Court, which appointed District Judge D. B. Wood of Georgetown to hear testimony on eight counts, four others having been dismissed.

The probe will include the accusations of 11 lawyers in Judge Laughlin's district that he ordered impounded ballot boxes delivered to a nephew of George Parr. The nephew at the time was sheriff of Duval County.

Also to be looked into is a charge that Laughlin impeded a Jim Wells County grand jury which was considering the slaying of Jacob S. Floyd, Jr.

Another subject for investiga-tion is a charge that Laughlin dismissed 68 indictments in Starr County, 60 of the indictments being based on alleged fraud and irregularity in the July primary

Judge Wood is to make his re-

borhood brought to town Thursday two young catamounts that he captured a week ago after killing the old cat. They were something of a curosity to some of our newest citizens, but most oldtimers had seen the varmints n their natural habitat.

George Williamson, one of the oldest citizens of the county, and well thought of because of his quiet and peaceable life, left Wednesday for the San Angelo country, where he will engage in his old business of sheep raising. The farms were getting too thick in Haskell County to suit his

Roy Cummings now has control of the ice business in Haskell, which he will operate in conection with his cold drink and

ice cream stand. Henry Cooner and family of the Cliff neighborhood were here Wednesday trading with Haskell merchants.

With a force of 26 cowboys, J A. Bailey has been out the past week branding cattle. They put the irons to 1,248 head. Mr. and Mrs. Hunt left Tues-

received in his office before Aug. Officers, Firemen Rescue Small Puppy Tossed In Well by Irresponsible Boys

in the southwest part of town puppy with the help of firemen that created a ripple of excite- and others who had been attracted ment Thursday evening.

And it took the combined efforts of members of the sheriff's department, firemen, and others to rescue the almost - drowned puppy from the 20-foot well. The half-grown mongrel was near exhaustion and whining piteously after swimming for more than an hour in the 4-foot deep water in the well.

Two irresponsible boys, around 10 or 11 years old, were responsible for the little dog's plight, having tossed the puppy in the well for some unexplainable reason, officers were told. Each of the boys blamed the other when questioned.

In the extreme southwest part of town, the well was at the site of a house only recently rebuilt to replace one which had burned some time ago.

A Mexican family planning to move into the house reported the cruel act of the boys to the sheriff's department. A truck from the fire department went to the scene. Using a ladder from

which carries an introduction by vision, the 7.0 death rate in the State last year was the lowest in the history of recorded traffic records analysis.

The summary shows that Haskell County had 4 traffic fatalities in 1952, compared with only one traffic death during 1951. Last year's death toll included three persons killed in highway accidents in the country, while one occurred from an accident

Homer Garrison, Jr., director of the Texas Department of Public Safety, said that he believes the book will introduce a new word into the English language-"Motorcide." This term was coined by Woerner and Lewis E. Berry, supervisior of Public Safety Education for DPS, to refer to

traffic fatalities. Briefing the readers on the definitions of suicide and homicide, the booklet goes on to define "Motorcide" as "the killing of another human being or of one's self through the operation of a motor vehicle—usually the result of negligence or wanton carelessness.

1951. A continuing decrease is noted for the first six months of 1953 in a supplementary sumwhich indicates that there 7% fewer "Motorcides" through June than for the same period last year. Since this is based on incomplete reports for 1953. Woerner estimates when all reports are in the de-crease will be 2%.

Chevrolets rther ahead

than ever.

... IN POWER AND PERFORMANCE

Chevrolet's entirely new 115-h.p. "Blue-Flame" engine (teamed with Powerglide*) is the most powerful in the low-price field! In gearshift models, you get the advanced 108-h.p. "Thrift-King" engine. Both give brilliant new performance and greater economy.

... IN STYLE AND LUXURY

The sleek, low-slung beauty of this fine new car provides one more reason for Chevrolet's truly amazing popular-ity. The new Fisher Body provides roomy luxuri-ous interiors, modern appointments and colorful, fine-fabric upholstery that can be matched only in costlier cars.

... IN EASE OF DRIVING

Entirely new Power-glide automatic trans-mission, with faster getaway and greater economy, eliminates the clutch pedal completely. And Chevrolet's new Power Steering* does 80% of the work . . . lets you squeeze in or out of tight spaces with wonderful new ease.

MORE PEOPLE BUY CHEVROLETS GHEVROLET THAN ANY OTHER CAR!

... IN ECONOMY AND VALUE

Chevrolet now brings you the most impor-tant gain in gasoline economy in its history! And, you save substan-tial amounts on overall upkeep, too. Yet with all its wonderful new things, Chevrolet remains the lowest priced line in the low-price field!

... IN FIRST PLACE POPULARITY

Again this year-as in every single postwar year-more people are buying Chevrolets than any other car. In fact, latest official registration figures show Chevrolet over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

*Optional at extra cost. Com-bination of Powerglide auto-matic transmission and 115-b.p. "Blue-Flame" en-gine available on "Two-Ten" and Bei Air models only, Power Steering is available on all models.

This lean fellow eyes the newest summer fashion, polished cotton "pair-offs" by Stephanie Koret of California. Solid colored, glazed cotton is combined with a floral print for a versatile summer sun fashion. The flared print skirt has a slightly shirred back, while the solid colored corsolet is boned and side-laced. Solid and print com-binations are popular this summer, National Cotton Council fashionists

This pretty miss knows how to relax on a hot summer day. She's relax on a hot summer day. She's taking it easy on her patio in a "butterfly chair" designed for summer outdoor living. Combining canvas and wrought iron in an attractive modern design, the chair has a "butterfly wing" back for comfort. The little magazine stand also is a smart combination of cotton canvas and wrought iron, the National Cotton Council points out.

Rev. Woodrow Adcock, Snyder Pastor And Haskell Native, Lions Club Speaker

of the First Methodist Church in that the civic organization had Snyder, was guest speaker at the weekly meeting of the Haskell Lions Club Tuesday, Rev. Adcock was reared in the Paint Creek community and was a graduate in the 1932 class of Haskell high school. He expressed his aped the town on it's growth and progress. He is at present conducting an open air revival at the introduced by Rev. J. B. Thompson, local pastor.

The Snyder minister gave a ternational and the important part the Lions Club plays in the development of each community in the nation and many other counany wars between two nations draw from the club, there would ton and family in El Paso

Blue Panic Grass Being Planted By Soil Cooperators

C. C. Cooley, district cooperator who farms near Lueders, planted 35 acres to Blue Panic grass last week. He planted the grass with a district two-row grass and legume seeded at the rate of one pound to the acre.

C. E. Carlton, who farms north of Lueders, is grazing 5 acres of Blue Panic grass, which was planted this year. He is using this grass to supplement pasture graz-

Maintaining terraces according to district standards is a needed thing as shown by damage done to neglected terraces by the last rain. Minimum standards set up by the California Creek Soil Conservation district are a 20 foot base width above ground level and height ranging from 12 to 15 inches above the ground line. A terrace system like a chain is no better than its weakest link.

An earthen dam for livestock water was staked on the M. V. Reed farm north of Lueders this

Highway Department HOUSE FOR SALE: 4 rooms and To Issue Bulletin On Road Conditions

Every two weeks a highway road condition bulletin will be issued as a special service to the motoring public, D. C. Greer, State Highway Engineer, announced today in Austin.

"We are spending a amount of money for maintenance and reconstruction this year and feel that motorists should be provided with information on the location of these projects for driving convenience, economy, and safety," he said. Greer explained that these road conditions will be reflected on a small map showing the principal highways with symbols indicating the location and type of construction that would be encountered on various routes. These road condition bulletins, he continued, will assist motorists in steering clear of construction work and as a result, keep traffic at a minimum through construct- CAFE Operators: If you want a

time with a r Greer concluded that these road condition bulletins are available free in the Highway District office and Travel Bureau Information Bureaus, or they can be obtained direct by writing the Traffic Service Division of the Highway Department in Austin.

SUMMER FLORAL

This pretty miss welcomes sunny weather in a charming sun frock by Carolyn Schnurer. Designed in by Carolyn Schnurer. Designed in an appealing cotton print, the sim-ple lines of the strapless dress add a frivolous, feminine note in the deep ruffled skirt section. A mere wisp of a jacket loops about the arms to form a collar. National Cotton Council fashion experts re-port that tiny florals in bright col-ors on light grounds are summer favorites.

Last week was designated as Farm Safety Week, but giving attention to this important phase of farm living one week out of the year isn't enough. Make all 52 weeks safe,

Football Lights and Bleachers Being Moved To Arena

Work was started Tuesday removing the poles and lights along with the east side bleacher stands at Indian Football Stadium in preparation for installing new lighting facilities and new steel frame bleacher stands.

The present lighting facilities of the field, and the bleachers on the east side, were sold by the School Board recently to the Saddle Tramps riding club. The latter organization has contracted with Frank Reynolds and James H. (Sonny) Reynolds to move the bleachers and lights to the arena at Fair Park.

Officials of the riding club are confident that the football stadium lights will be excellent for redees and horse shows, and point out that it will not be necessary to place lights at the height required for football con-

The bleachers being taken up from the football stadium will be rebuilt as they are installed in he Fair Park. They will be for approximately 1,000 persons.

Numerous improvements have already been made to the Fair Park arena, along with a general cleanup of the entire grounds, inder supervision of the riding

The addition of bucking chutes after the installation of the lights and erection of the bleachers, is all that is necessary to have the arena ready for several events now being planned by the liding

RECENT VISITORS IN HOME MRS. T. J. SIMS

Recent visitors in the home of Mrs. T. J. Sims in this city were Mrs. Dan Sims and son Tommy of South Gate, Calif., accompanied by her mother, Mrs. Allison, also of South Gate; and Mr. and Mrs. Jack Sims of Chillicothe.

WASHINGTON AND "SMALL BUSINESS"

national sales tax. There are many unverified reports circulat-

Probably group able to hire press agents, is trying to sell government a national sales tax. The idea will be presented publicly as means of reducing income

taxes. It will C. W. Harder sound plausible at first blush. Actually, graduated income tax

reduction coupled with national sales tax will but increase tax burden on lower income groups. relieve higher income groups. Many states adopted sales tax

as means of forcing non-property owners to pay share of government. Yet in many states not only have real estate taxes increased, but also state income tax and sales tax rates have jumped.

Taxation history proves once politicians open a new revenue source, they find reasons why the additional money should be spent. And seemingly, no tax is ever repealed. As example, a tax was placed on baby oils and talcum as a wartime measure. Today, almost eight years since V-J Day, health needs of nation's babies are still taxed.

And since 1945, U. S. taxpayers have supported monopoly con-trolled economies of Europe. And the end is nowhere in sight, as whenever a move is made to cut foreign aid, the cry is raised that such action will mean the ruin of the Western world.

But the question is being asked more and more in Washington: "Why cannot the Western world,

Expect to hear more about a | considered the "free world" exist without bleeding the Ameri-

By C. WILSON HARDER

can taxpayer? Is the Western world free, or is it possible U. S. deludes itself in thinking of any other major

nation as free.

Support for this reasoning was given in French Assembly by Paul Reynaud, one time Premier in what many in Washington consider one of major foreign speeches of this era.

Reynaud said that since 1929 American industrial production has doubled, Britain's has in-creased 54%, Holland's 52%, while French production has increased only 8%.

He gave his reasons, saying:

"We are a country where many cople want to keep the profits of the capitalistic regime without rspecting its laws, of which the first one is free competition. These people allow neither external nor internal competition. Agreements result in the fixing of sales prices according to the production costs of the most backward enterprises."

A significant statement. In current fiscal year, U. S.

taxpayers have donated over a half billion dollars to France, of which a large share went to de-velopment of French colonies.

This is also significant. France has rich colonies but no anti-

trust laws outlawing monopolies.

America has no colonies, but does have anti-trust laws, thus has been able to donate billions monopoly ridden nations.

Thus many are saying that any nation seeking U.S. aid should be forced first to adopt and enforce anti-trust laws.

Money poured down a rathole still leaves a rathole.

Lone Star Gas To **Build New Abilene-**Stamford Line

The Lone Star Gas Company has completed plans for construct ion of a 36-mile pipeline from ! Stamford to Abilene which will strengthen the gas supply for towns in eight West Texas counties, according to an announcement by Julian L. Foster of Dallas, general superintendent of Lone Star's transmission division. The facilities, designed under supervision of Thomas S. Bacon, chief engineer, will provide a second connection with the company's interconnected transmission network for the local distribution plants.

Costing in excess of \$838,000. the 12-inch diameter pipeline will join the transmission system at Lone Star's compressor station one mile west of Abilene, cross Jones County and terminate at Stamford where it will connect with transmission facilities serv-ing towns in Hardeman, Wilbarg-er, Foard, Knox, Baylor, Haskell, Jones and Fisher Counties.

The line will also supply gas to the West Texas Utilities Company's Paint Creek power plant near Haskell.

Minister Rounds Out Quarter Century of Public Speaking

Haskell Musicians Attend McMurry Band School

Haskell are among more than 200 participants in the fifth annual Vacation Band School being held July 19 to August 15 a McMurry College in Abilene.

The Haskell students are Wanda Burson, who is studying twirling; Bud Montgomery, trombone; and Gloria Ratliff, french horn, and

The two-week band school, under direction of Raymond T. By-num, McMurry College band director, will run through August 1. Participants are studying music theory and solo instrument work in addition to their actual practice with the training band or the concert band.

About 60 of them are receiving special instruction in baton twirling. Instructors in this division are Bill Adkins and Miss Lagatha

Increase Noted In Long-Term Farm Mortgage Loans

W. H. McCandless, secretaryreasurer of the Haskell County National Farm Loan Association, has recently received a communication from Sterling C. Evans, president of the Federal Land Bank of Houston concerning the ong-term farm mortgage loans

Mr. Evans stated that a greater during the first six and one-half nonths of 1953 than was closed n any single year for twentynine of the bank's thirty-six year history. He believes one of the controlling reasons for this increase is the desire of farmers and ranchers to consolidate their short-term debts on a long-term basis. He also felt that the fact kills all kinds of wildlife. loans are still being closed at a 4% interest rate, regardless of

The bank now holds about 25 per cent of all the farm mortgage debt in the State. Evans further stated that the Land Bank is now closing about 35 per cent of the total number of loans being made

in Texas. The Haskell County National Farm Loan Association is one of the 141 associations located throughout the State of Texas that are sole owners of the Federal Land Bank. These associa-tions in tura are owned by local farmers and ranchers.

Messrs, W. D. Payne, A. E. Fouts, W. E. Penick, O. G. Lewis, and R. O. Carothers are directors of the local association.

Letters From Readers

(Editor's Note: Letters from readers on subjects of interest will be published when space permits. All communications must be brief, and must be signed by the writer.)

"WHERE THE COYOTES HOWL"

An Associated Press dispatch from Yampa, Colo., dated May 23, is headed "Where the Coyotes Howl-Ranchers Want To Save

Imagine the cattlemen going to the defense of the coyote-despised "varmint" of western history.

Forty Northwestern Colorado ranchers actually want protection for the coyotes. They have closed drastic increase in demand for 40,000 acres of grazing land to hunting or poisoning of the coy-

They explain it is a matter of colume of loans has been closed trying to regain a natural balance of wildlife. The coyote population has been reduced so drastically that their natural enemies, field mice and jack rabbits, have increased tremendously. Mice and rats destroy young quail and eggs; rabbits hurt the grasslands, the cattlemen said-and coyotes don't eat grass. New poison being used

C. R. Beckham, Rule, Texas.

the rather sharp increase in the cost of money, is having some ef-Be Fourth Less Than Last Year

United States agricultural exports are continuing to decline and are expected to total at least -4 smaller in 1952-53 than in the preceding year. This information says C. H .Bates, farm management specialist for the Texas Agricultural Extension Service, comes from the U. S. Department

Il per cent below those for March The total exports in April 1953 were \$223,5...,000 compared to \$296,785,000 for the same month in 1952, says Bates. Among the commodtiles showing the greatest decrease last April ware cotton. wheat and rice, all mighty important crops in Texas. Butter, pork. lard, dried eggs and apples were also listed. Bates points out that this continuing drop in agricultural exports presents an impor tant problem to the economy the country because this nation normally exports the product from about 50 million acres. Estimates now being made indicate that total exports during 1952-53 may fall short of \$3 billion, compared with approximately 4.1 bil-

The export decline, according to the specialist, has been attri-buted primarily to scarcity of dol. lars abroad, increased agricultural output in foreign countries and restrictive trade barriers. Plans for checking the drop in farm products and bolstering foreign outlets for agricultural products are receiving major department of agriculture attention. The solution of this situation, says Bates, would be a big step forward in solving the surplus problem which is bringing back into the agricultural

In Haskell
One-half of the pay-off consists of cash: the other half consists of

You Do Not Have To Be Present To Win

You do not have to buy anything to be eligible. There are abso-

lutely no strings attached. The \$10.00 daily pay-off is simply a

If you are 12 years of age or older, you are eligible for the \$10.00

daily pay-off. All you need to do is sign a registration card (available at the check-out stand) and then sign a daily signature

There is no limit to the number of times you can win. So establish your eligibility regularly by signing the daily signature book each day you visit Piggly-Wggly. (You need sign but once a day).

Further Explanation of Methods and Rules

Here's how the \$10.00 Daily Pay-Off works. First you fill out a registration card stating your name, birthday and address. This

card is numbered and a stub of the same number is dropped in a drawing box. There it stays always. If it is drawn it is replaced. So, you only fill out one registration card. Next you must sign a

daily signature book. A drawing is held each morning at 10:00

A. M., and if the customer whose name is drawn has signed the daily signature book, he (or she) receives the pay-off. If not, then the \$10.00 Daily Pay-Off is added to the next day and so on

until the pay-off is won. In order to win, you must have signed the daily signature book on the day previous to the drawing. In other words, Monday's signature is for Tuesday's drawing, Tuesday's
