Indian Band Will Give Concert Friday Evening

The Haskell Indian Band will give an open air concert Friday evening, July 18 at 7:30 p. m. on the court house lawn. The band will be made up of the regular students plus this summer's beginners and students from Monday that have been attending the summer band school.

The highlight of the program will be the conducting of the program by the students of Mr. Dean's conducting class this summer. Mr. Dean and Mr. Posey will direct one number each and the balance of the program will be up to the students. Mr. Dean said he is well pleased with his conducting class and that most of them could develop into polished conductors.

Mr. Dean invites all people interested in hearing band music to come Friday evening and either sit in your car or sit about the band on the grass.

Many Area Farmers File For Cotton Classing Service

About sixty per cent of the cotton farmers of this area have already turned in their group applications for classing and market price quotations.

Deadline for making applications for these marketing services is August 1. They should be mailed to P. O. Box 2001, Abilene, Texas.

Farmers who organize into improvement groups, plant some of their acreage to an adapted variety, file an application and meet certain other requirements are eligible to take part. Both services are provided without cost under the Smith-Doxey Act.

Last year about 16,500 farmers of this area organized into 94 groups and had 234,400 bales classed by the Abilene office.

Four From Haskell Go To National Demo Convention

Headed by Mayor Courtney Hunt, a group of four prominent Haskell County Democrats left this morning for Chicago, where they will attend the sessions of the National Democratic Convention opening in that city Monday.

Others in the group are Ed Fouts, Clarence Burson and J. M. Crawford.

The Haskell men are aligned with the Loyal Democrat faction of Texas, with Hunt and Crawford having been named delegates and Fouts and Burson alternates from this district. They were named to these posts at the recent State Convention in San Antonio. Two Texas delegations will contend for the right to cast the state's votes in the national convention. One group is headed by Gov. Shivers, while Maury Maverick of San Antonio heads the Loyal Democrat group.

Aspermont OK's Water District In Landslide Vote

Aspermont residents Saturday voted 269 to 11 in favor of the creation of a water district within the city limits of the Stonewall county seat, town.

It was the largest turnout of voters for a city election of any kind ever held there.

An undependable supply of water and the threatened loss of business and residents spurred Aspermont citizens to action Saturday. Since the previous Tuesday when Lake Sellers, the city lake, went dry, Aspermont has been hauling water from Rule. Lack of water also has curtailed oil drilling activity in the Aspermont area to some extent.

The water district, to be known as the Stonewall County Water Control and Improvement District No. 1, will submit a bond issue to the voters to build an 8-inch pipeline to secure water from Rule. The bond election is expected to be called in 20 to 30 days.

The engineering firm of Freese and Nichols already has made preliminary surveys and hopes to have an estimate ready by next week of how large a bond issue will be needed. First estimates range from \$250,000 to \$300,000.

Five men were elected as directors of the water district Saturday. Listed with the votes they received, they are N. E. Springer, 264; Sid Dubose 268; James H. Robertson, III, 265; Wayne Shelton 268; and Raymond Marr 267.

Only residents within the city limits of Aspermont are included in the new water district.

Spotted Rains Fall Tuesday Over Most Sections of County

Spotted rains ranging from hard showers to an estimated 3 inches, fell Tuesday afternoon over most of Haskell County, reviving feed crops and giving a new lease on life to a substantially large acreage of cotton that had survived dry weather and recent hot winds.

Tuesday's rains followed rains that fell Saturday, Sunday and Monday in the area roughly embracing the north half of the county, where some sections, including the vicinity around Rochester, O'Brien and Weibert received good rains.

Rainfall here Monday amounted to .64 inch on gauges downtown, was lighter near the north city limits, and amounted to only a light "sprinkle" outside the city limits.

Tuesday's rain was gauged at 40 inch here, from heavy, threatening clouds of near-tornado proportions that dumped heaviest downpours in the Sagerton area and northeast of Haskell.

In the Sagerton section, heaviest downpour apparently centered in the general vicinity of the Howard Overby farm, and some fields in that area were badly washed. Run-off water flooded across F-M highway 1225 and U. S. highway 380 east of Sagerton for a short while, slowing traffic for several hours.

Rainfall in Rule amounted to one and three-quarter inches and was general over the west part of the county, with Rochester getting a good rain. Weibert farmers also received additional moisture Tuesday, after rain had fallen in that section Saturday and Sunday.

East of Haskell, near the Throckmorton County line, farmers estimated that three inches of rain fell Tuesday, the downpour cutting through terraces on cultivated fields in some places. At the Elbert Mapes farm in the Mattson section, the fall was measured at two and one-fourth inches.

Southeast of Haskell remained in the dry belt, with only light rains falling in that section, farmers reported.

4-H Club Girls Make Plans For 2-Day Encampment

Haskell County 4-H club girls are packing camp clothes and making big plans. They are going to the Haskell-Jones County Encampment, Thursday and Friday, July 17 and 18, at Luaders.

This is the first year for a two-day encampment, so everyone is anxious to attend. These two days will be filled with games, craft, skits, candle lighting ceremony and a wonderful opportunity to learn to work and play with new as well as old friends.

Mrs. D. W. Counts Veeta Mathis, June Oates and Ives June Casey attended District 4-H encampment in June, from Haskell County. Since they received the training they will serve as leaders in the county encampment. They will register the girls as they arrive. Other camp leaders will be Mrs. Howard Sloan, Mrs. Rex Murray, Marlene Crofford and Ruby Morris.

If there are any 4-H club girls who have not received camp information, they are urged to see Thelma Wirges, county home demonstration agent, now.

Gilmore Implement Will Display New Tractors Saturday

Elsewhere in this issue of the paper will be found an announcement by Gilmore Implement Company of a new line of general purpose tractors which will replace the John Deere models A and B.

C. of C. Directors Discuss Activities For Coming Months; New Members Added

Addition of 18 new members to the roster of the Chamber of Commerce in recent weeks was reported at the meeting of directors of the organization Tuesday morning in the banquet room of the Texas Cafe.

Assembling of material for a brochure to be published by the Chamber of Commerce has been practically completed, and the folder advertising Haskell and vicinity will be printed and ready for distribution at an early date, directors were told.

A report on the highly successful Appreciation Party for the oil industry, held last week at Rice Springs Park, was made by chamber of commerce manager, Rex Felker.

Plans for Haskell's annual Christmas Party were discussed, and a committee is to be named to begin work on preliminary details well in advance of the holiday season.

Need for a Post Office Building in Haskell was also discussed, and a panel will be appointed to see what can be done toward securing a Federal project of this nature. C. of C. president Hallie Chapman, announced.

Directors were reminded of a WTCC sponsored conference on problems involved in use of Mexican national farm labor, to be held at the American Legion Building in this city Monday, August 4 at 1:30 p. m. The Haskell conference is one of five scheduled by the West Texas Chamber.

Resignation of Payne Hattox, C. C. Director who recently moved to Oklahoma, was accepted and his successor on the board is to be named later. Visiting in Haskell this week, Hattox was present at Tuesday morning's session.

Hallie Chapman, organization president, presided at the meeting. Other officers and directors present included Olen Dotson, Rex Felker, Jetty Clare, Will Gilmore, John Crawford, Dr. Wm. J. Kemp, S. H. Vaughter, A. M. Turner, Bob Sego, A. C. Pierson, Payne Hattox, Harold Spain, W. O. Holden, Wix B. Currie.

Convicted Man Taken to State Prison Monday

Thomas Clifford Livesay of Amarillo, convicted in 39th district court here July 9 and sentenced to life imprisonment, was transferred to the state prison at Huntsville Monday.

Livesay had been held in the county jail here since June 29, when he was brought from Swisher County pending trial. Following his conviction July 9, Livesay immediately accepted sentence.

Deputy Sheriff B. T. Gordon transferred Livesay to the state penitentiary Monday. Making the trip with Deputy Gordon was Al Cousins, former Sheriff and also former guard at the State Prison for a number of years.

Rites Held Sunday At Sidney, Texas, For Mrs. Isham

Funeral services were held at the Baptist Church in Sidney Comanche County, Sunday July 13 at 3 p. m. for Mrs. Lewis Isham, 49, who with her husband formerly lived in Haskell in the late 20's and early 30's.

Mrs. Isham died suddenly Sunday morning, June 29, at the family home in the Sidney community, following a heart attack. Death occurred about five minutes after she was stricken.

Frank Junell Is Named To Public Relations Post at H-SU, Abilene

Frank Junell of Abilene has been appointed vice-president in charge of public relations and institutional development at Hardin-Simmons University, W. P. Wright, president of the board of trustees, has announced.

Junell is well known to many Haskell people. His wife is the former Maxine Simmons, daughter of Mr. and Mrs. I. N. Simmons of this city. Mr. and Mrs. Junell have two children, Janice and Robert.

Junell will replace Raymond Foy, who resigned the post last fall, after several months with the university, due to ill health. Foy was former sales manager of the Dallas Morning News.

"No one knew the university better than Mr. Junell several years ago," said President Rupert R. Richardson in a meeting of the H-SU administrative council. "We are happy to have Mr. Junell back with us."

Junell, who has just completed 17 months active duty with the United States Navy, served as assistant district public information officer of the Eighth Naval District at New Orleans. He has served also on the radio and television staff of the secretary of defense at Washington, D. C.

A former H-SU faculty member, Junell served as journalism instructor in 1934. He graduated with the bachelor of arts degree from H-SU and holds the master of arts degree from Missouri University.

Junell worked with a group of radio and television stations in Texas prior to his stint in the Navy. He is a former assistant to Dr. D. M. Wiggins, past president of Texas Tech College, and served as registrar and chairman of the journalism department at Texas Western College, El Paso, for several years.

Record-Keeping Requirements For Children Working on Farms Announced

DALLAS, July 14.—Amendment of the Fair Labor Standards Act's record-keeping regulations as they apply to children employed on farms have been announced by the U. S. Department of Labor.

Issued by Michael J. Galvin as Acting Secretary of Labor, the amended regulations become effective August 11. Under them, the farmer will be required to record three items for children under 18 years of age who work on his farm on days when school is in session. They are: (1) the child's name; (2) his date of birth; and (3) the address of his permanent home, and where he lives while working if not at his permanent home. These items need be entered only once for each child hired by the farmer.

Galvin's action was taken under the Act's provision which prohibits the employment of children under 16 in agriculture during school hours for the school district where the child lives while so employed. The Act as now written does not prohibit the employment of children outside school hours and does not apply to the farmer's

own children who work on their parents' farm.

Galvin's action simplifies the present requirement applying to farmers.

Complete text of the amendments was scheduled for publication in the Federal Register for July 8. Copies may be obtained from the U. S. Labor Department's Wage and Hour and Public Contracts Divisions.

In Texas, such offices are located in Dallas, El Paso, Fort Worth, Harlingen, Houston, and San Antonio.

ARTHRITIS

I have been wonderfully blessed in being restored to health and active life after being crippled in every joint in my body and muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

Questions and Answers ABOUT THE Biggest Business in The World

What is the biggest single business in the world?

The production of oil and gas—and Texas is the biggest single (or separate) division of the world's biggest business.

Just how big is this Texas share — and how well is it run?

Texas had more than 136,000 oil wells in operation last year, and more than 85,000 gas wells. Our state produced ONE BILLION barrels of oil—and SIX TRILLION cubic feet of gas. Far beyond any ordinary standard of comparison, this immense industry ran efficiently and honestly, in the service of the state and its population.

Do we have a department of our Texas government devoted to supervising this gigantic business, and is this department's work important?

The Railroad Commission of Texas oversees and regulates—strictly in accordance with Texas laws—ALL oil and gas production of the state. And it is the most important SINGLE governmental body in the world—dealing with the world's largest single division of the world's largest business. This bars none, international, national, or state-wide.

Are the members of our Railroad Commission in Texas capable men, and does their work earn recognition elsewhere?

The Railroad Commission of Texas has a world-wide reputation for personal honesty, integrity in office, and ability to do its job. It governs well the best-run and largest business in the world, as to Texas, and throughout the world governments and men know it, and hundreds of officials come to Texas each year to study our Commission's methods.

Does this Railroad Commission of Texas have any other duties, and time for them?

Yes, it supervises and regulates the operations of some 23,611 motor trucks and buses, which serve Texas as public freight and passenger carriers. And it regulates the distribution of natural gas and butane to nearly two million Texas homes and farms.

What about the Railroad Commission's record in handling its own financial and departmental affairs?

It has one of the finest records of any Commission anywhere, in all American history. In the past ten years, our Railroad Commission has RETURNED to our state treasury EIGHT MILLION DOLLARS it had SAVED by careful management of its own affairs.

Do Texas voters elect members of the Railroad Commission of Texas, and is any railroad commissioner running for re-election this year?

Yes, all members of our Railroad Commission are elected by popular ballot, and the present chairman of the Commission, Olin Culberson, is asking the voters of Texas for re-election. With admirable dignity, and with utmost courtesy to all, he asks re-election SOLELY on his record, and on the work the Railroad Commission has done.

Those of Us Actively Supporting Commissioner Culberson for Re-election There Can Be No Question About Re-elect Olin Culberson Railroad Commissioner

Water Conditions Remain Serious Over State, Water Engineers' Survey Shows

Continued hot weather over most of the State caused many cities to curtail use of water, reports the Texas Board of Water Engineers. Rainfall averaged less than half of normal June rainfall. Stream flow was generally much below normal June flow.

Precipitation
The only rainfall occurring in June was of the local shower type. In rare instances showers exceeding 5 inches occurred over small areas. However, rainfall over most of the State was less than an inch as compared to normal June rainfall of about three inches. The greatest deficiency was in the Trinity, upper Brazos and Guadalupe River basins.

Stream Flow
Stream flow in Texas dropped sharply in June, following the flood peaks experienced in May. Despite these antecedent rises, flow was less than half the June average except in isolated cases. In east Texas flow on Neches River at Evadale was about 60 per cent of the average, Lake Fork Sabine River near Quitman was about 10 per cent of average, and Sulphur River near Darden, in northeast Texas, was 35 per cent.

There was no flood runoff on the Trinity River or its major tributaries, and month-end major smaller tributaries were approaching zero flow.

Canadian River at Amarillo flowed about 3 per cent of its 16-year average for June and Red River near Terral, Okla., flowed at about 20 per cent. There was flow on Double Mountain Fork Brazos River near Aspermont for only the first week of June. Water shortages have developed in some towns in the northwest. Stamford and Wichita Falls have sufficient supply but distribution difficulties have reduced pressure dur-

ing periods of high consumption. San Angelo, where water has been rationed since December, relaxed rationing during week of June 2-7 so that free use of water could be had one day a week; however, water use was so high that strict rationing was resumed. In Amarillo and Quanah the demand has exceeded the supply at times. Vernon and Childress have an adequate supply.

Streams in central Texas—Guadalupe and Lavaca Rivers—flowed at considerably less than half the average. Guadalupe River at New Braunfels averaged 230 cubic feet per second, or 41 per cent of average, and Lavaca River near Edna was about 40 per cent of average.

Spring flow in Central Texas was varied. Comal Springs flowed an average 179 cubic feet per second, compared to 329 cubic feet per second June average. However, San Marcos Springs was flowing 110 cubic feet per second on June 27, the highest measured flow since June 1951. Barton Springs at Austin continued high.

Reservoir Storage
The trend was steadily downward in amounts of water stored in major reservoirs in Texas. At month-end only 41 per cent of the total capacity of nine major reservoirs was being utilized, a drop of 8 per cent over last month. All reservoirs showed losses except Medina Reservoir near San Antonio which rose slightly. However, it contained only 4 per cent of capacity with 11,000 acre-feet.

Almost Dry Lake At Woodson Yields Huge Catfish

A crew supervised by Game Warden Bert Iverson of Throckmorton recently seined 57 big catfish when Woodson Lake shrank from 320 to 20 acres because of dry weather.

The fish, all yellow cats, ranged in size from 21 to 105 pounds. A few channel cats, crappie and black bass also rescued were taken to the Possum Kingdom hatchery by Hatchery Superintendent Harmon Henderson. Since seining is legal in Throckmorton County and since the big fish were taken from private waters, they were distributed among the men who manned the boats and seines.

When the lake was created 28 years ago it was stocked with cats taken from the Clear Fork of the Brazos River. For many years it provided good fishing but dry weather reduced it to a shallow mudhole.

How's Business? GREAT— with prices like ours

THIS is—to coin a phrase—a "shopper's market."

Folks are taking a keen look at what they get for what they pay—and they're taking a double look at price tags.

That's the kind of market where Buick really shines.

Do you know why?

Buick prices are down within easy reach of the folks who buy what's known as "the low-priced three."

Fact is—a big chunk of Buick sales comes from the folks who trade in one of this low-priced trio.

For very few extra dollars, they're getting a lot more automobile.

They're getting more power—and the thrill that goes with it.

They're getting "big-car" comfort. They're getting a ride that cost a million dollars and more to develop.

They like the room, the fabrics, the extra appointments they find in the smart-stepping beauty pictured here. And they like Dynaflo Drive.*

They like the way it handles. They like the way it's engineered. They like the belt they get out of touching off the power of its Fireball 8 Engine—and they like the miles they get from a gallon of fuel.

So Buick sales are booming. Not just the SPECIAL—but also the SUPER and ROADMASTER. Folks find that each one is the buy in its field.

When we tell you that business

is great, we can back up that statement with figures. More people are buying Buicks than any other car at their price or above.

Why don't you come in and see for yourself what's behind this popularity?

If you can afford a new car, you can be the proud owner of a Buick.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

Sure is true for '52

When better automobiles are built **BUICK** will build them

Haskell Tops Area Counties In 1951 Farm Income With Total of \$20,846,000

Haskell County, with \$20,846,000, led all other West Central Texas counties in total gross farm income in 1951, according to a report prepared by the West Texas Chamber of Commerce.

This report is based upon the annual survey of buying power of the magazine, Sales Management.

The gross total 1951 farm income in all of the 132 counties served by the West Texas Chamber was \$1,063,439,000, just over half of the state's total of \$2,049,890,000.

Farm income totaled \$239,247,000 in 30 counties lying below the "Cap Rock" and on or just away from watersheds of the Colorado and Brazos Rivers.

With \$15,729,000, Jones County ranked second to Haskell in this group. Knox was third with \$13,625,000.

Other counties of the group with more than \$10,000,000 income, ranked as follows: 4th, Runnels, \$14,609,000; 5th Baylor, \$12,872,000; 6th, Tom Green, \$11,699,000; 7th, Howard, \$11,630,000; 8th, Martin, \$11,539,000; 9th, Fisher, \$10,978,000.

Less than \$10,000,000 income was reported from the eleven other counties of the group, as follows: Borden, \$3,770,000; Brown, \$6,889,000; Callahan, \$5,200,000; Coke, \$2,755,000; Coleman, \$9,746,000; Concho, \$6,845,000; Dickens, \$9,159,000; Eastland, \$6,304,000; Erath, \$8,594,000; Midland, \$7,679,000; Kent, \$8,591,000; McCulloch, \$8,980,000; Vidland, \$7,679,000; Mitchell, \$9,062,000; Nolan, \$7,679,000; Palo Pinto, \$1,690,000; Scurry, \$9,823,000; Shackelford, \$3,702,000; Stonewall, \$4,938,000; Taylor, \$8,321,000; and Throckmorton, \$3,893,000.

Lubbock led all West Texas counties with gross income of \$42,533,000. It was second among all of the state's 254 counties. Only Cameron County in the lower Rio Grande Valley, with \$50,580,000, exceeded Lubbock.

Twenty counties of the Panhandle and South Plains accounted for almost one-third of the entire West Texas crop value of the year. The total for that group was \$409,446,000. Hale ranked third in the entire state with \$34,858,000 and Dawson fourth with \$30,329,000.

Other counties of the High Plains group of 20 were Bailey, Castro, Childress, Collingsworth, Crosby, Cottle, Deaf Smith, Donley, Floyd, Hall, Hockley, Lynn, Farmer, Randall, Swisher and Terry.

Value of crops grown in other West Texas counties included the following: Andrews, \$1,065,000; Archer, \$9,269,000; Borden, \$3,170,000; Burnet, \$4,337,000; Clay, \$7,534,000; Cottle, \$10,218,000; Crane, \$334,000; Eastland, \$6,304,000; Ector, \$773,000; Edwards, \$3,554,000; Garza, \$5,180,000; Gillespie, \$4,968,000; Glasscock, \$2,438,000; Irion, \$2,897,000; Jack, \$4,889,000; Jeff Davis, \$4,238,000; Kerr, \$2,661,000; Kimble, \$3,217,000; King, \$2,167,000; Lampasas, \$3,805,000; Llano, \$4,052,000; Loving, \$179,000; Mason, \$7,260,000; Menard, \$3,750,000; Mills, \$4,223,000; Pecos, \$6,321,000; Reagan, \$1,633,000; San Saba, \$7,808,000; Shackelford, \$3,702,000; Stephens, \$3,520,000; Sterling, \$2,209,000; Sutton, \$3,787,000; Throckmorton, \$3,893,000; Terrell, \$3,406,000; Upton, \$1,011,000; Ward, \$1,836,000; Winkler, \$533,000.

In sections of the state where the hot, dry weather is causing crops to deteriorate, corn, sorghums, grasses and legumes can be utilized to good advantage as silage. If the crops are too dry to pack well in the silo, water should be added as the silo is filled.

The secret in cooking older chickens is a long, slow cooking process in water or steam. Two to four hours are required, depending on the age and size of the bird.

In England, waffles are called "crossword pancakes."

The world's continents are America (North and South), Eurasia (Europe and Asia), Africa, Antarctica and Australia.

Wanda Nelle McCain Complimented With Gift Tea in Robt. Sollock Home in Rule

A gift tea honoring Miss Wanda Nelle McCain, bride-elect of Dennis R. Bries, U. S. Navy, was hosted on Tuesday, July 8 in the Robert Sollock home in Rule.

Mrs. A. E. Fouts greeted guests at the door and presented them to Mrs. Sollock, Mrs. Kattley, Miss McCain, Mrs. Johnny McCain, Mrs. James McCain of Pecos, and Mrs. Jess Place. Flower arrangements in the receiving room were red and white, the bride's colors. The highlight was a modern arrangement of white gladiolus and red carnations featuring a miniature bride. A side arrangement of white daisies and red verberna in a large Missouri basket added color.

Mrs. Reginald Gibson presided over the bride's register. Mrs. D. O. Hunt showed the linen gifts where the feature arrangement was a miniature ship filled with red and white roses and feverfew with caricatures of Wanda and Dennis holding an anchor dated July 17.

Miss Betty Almond invited guests into the serving room where the bride's table was laid in white linen with accents of red satin rosebuds and ribbon. The centerpiece of white gladiolus and feverfew was highlighted with white satin wedding bells, with lettering of "Wanda and Dennis" in red.

Mrs. Novis Ousley presided over the table assisted by Mrs. Bobby Moore and Mrs. Delbert Rose of

HASKELL, TEXAS

TO ALL GOOD DEMOCRATS: Elect Ralph Yarborough Governor of Texas

We know Ralph Yarborough to be a solid Texan of dignity and maturity. He is a positive and constructive character, who will build Texas.

Texas is blowing away. It needs water and land conservation. It needs farm to market roads and adequate financing of public schools. There must be more just treatment of elder citizens. The small businessman, the foundation of our American Free Enterprise System, must receive the encouragement of our State government.

Ralph Yarborough is a kind hearted, sympathetic man, and a hard worker. He won't spend all his time in conspiring nor in crowning queens at County Fairs, or sitting contentedly on the decks of yachts of rich racketeers. Yarborough is intelligent, believes in American democracy, and above all, has a constructive mind.

Ralph Yarborough doesn't have an unlimited slush fund furnished by a Special Interest Group, that he can draw on to fly all over Texas, and to talk over the radio. His funds are limited to small contributions from Simon Pure Democrats who feel a poor man should have a right to be elected Governor of Texas. When elected, Ralph Yarborough will not be obligated to any clique or clan, but to the citizenship of Texas who elected him.

WE STAND WITH RALPH YARBOROUGH ON THESE PRINCIPLES:

- Elimination of waste and corruption on a state level.
• For a real water and soil conservation program.
• For a progressive road program for cities, counties, and primary highways.
• For sound financing of our public schools.
• For relief from the so-called automobile inspection law.
• For a Texas presidential primary binding on delegates, and using a secret ballot.
• For return of local government to local hands.
• For more just treatment of elder citizens.
• For protection of small business men from unjust taxation.
• For scientific treatment and care of the mentally ill.
• Against the mushrooming bureaucracy in Austin.
• Against political meddling with our state hospitals and public schools.
• Against any increased or additional sales taxes.
• Against a State Income Tax.

... Don't let TIME squeeze you ...
Get a long-term Federal Land Bank loan

The old fashioned farm mortgage came due all at once. Time was always squeezing folks to pay. Back in 1917, the Federal Land Bank changed this, with a long term loan — the kind you pay back gradually, with payments geared to your farm's normal income. If you're building or remodeling... or buying land or want to refinance other debts... SEE US NOW for a Federal Land Bank Loan.

Eal Treadwell Asks Consideration Of Prec. 1 Voters

Eal Treadwell, who has found it a difficult job to "campaign on crutches" following an accident in which his leg was broken, has issued the following statement to voters of Justice Precinct No. 1:

"Due to injuries suffered in a recent accident, I have found it impossible to see as many of the voters as I desire in my race for Justice of the Peace. I appreciate the encouragement given, and the friendship expressed by those I have been able to contact. I respectfully solicit your consideration and support in the coming primary. If I do not get to see you, please consider this brief message as a personal solicitation for your vote."

Eal Treadwell.

Alfred Turnbow Thanks Voters for Past Support

To the Voters of Haskell County:

Again I wish to make a formal statement to the many nice voters of Haskell County for the office of County Judge. As most of you know I do not have an opponent this year and I call myself very fortunate not to have.

I wish to take this opportunity to again thank each and every one for the many nice votes and favors I received two years ago, and again ask you for your continued loyal support in my race for County Judge on July 26.

I have only served eighteen months in office, and of course I would not attempt to tell you good people of Haskell County that I have not made a single mistake while in office, because I have, and I also realize you would know better. Trusting the mistakes I have made have not been too costly to Haskell County, although I assure you I have lived up to my promise, I have done my best. I have at the same time tried to keep these mistakes as small as possible, as I will also do in my next term of office. This office is very educational, as most offices are, it teaches me

every day that I have not learned everything.

I appreciate the nice cooperation of every office-holder in this county, as I do of every tax-payer which has meant so much to me for the time I have tried to carry on the job of County Judge. I have been honored by your friendship in the past, and I sincerely hope that my conduct both official and personal has been such as to merit your continuance in vote and esteem.

Assuring you of my appreciation of your friendship, I am Sincerely,
Alfred Turnbow
County Judge
Haskell County, Texas.
