## Haskell County History

**20 Years Ago—April 6, 1933**  
Only 27 votes were polled in the annual school trustee election Saturday, lightest vote in years. Re-elected as trustees were D. H. Persons and W. M. Cass, who had no opponents on the ballot.

Mr. and Mrs. Carl Arbuckle and daughter, T. J. Arbuckle and daughter, Sarah Beth, visited Mrs. T. J. Arbuckle who is in a Wichita Falls hospital, last week.

Mrs. W. T. Sarrels has returned from Mineral Wells, where she has been for the past two weeks for the benefit of her health.

Arledge Bros. who operate ice plants at Stamford and Knox City, have purchased the Rule Ice Plant from Server Leon, and took over the business the first of April. J. W. Fowler, formerly of Knox City, will be new manager of the plant.

Mrs. Jordan C. Ownby and little daughter Claire of Dallas and Dr. and Mrs. John Pace of Rochester, Minn., are here visiting their parents, Mr. and Mrs. John W. Pace, Sr.

In the City Election held Tuesday, Hill Oates and A. C. Pierson were re-elected as Aldermen without opposition. Only 32 votes were polled during the day.

Bob Whitman of Breckenridge visited relatives and friends here Sunday. He was accompanied from Albany by Miss Maybelle Taylor, who visited in the home of her parents, Dr. and Mrs. L. F. Taylor.

Friends of D. C. Bradley, who recently underwent an operation

for appendicitis in a Dallas hospital, will be glad to learn that he is recovering rapidly and is now at home of relatives in that city. Bradley is lineman for the West Texas Utilities Company here.

Dr. W. A. Kimbrough, 80, prominent physician of this section for the past 30 years, died suddenly at his home here Monday afternoon of heart trouble. Funeral services were held at the family residence Wednesday morning. Dr. Kimbrough is survived by his wife, six sons, a daughter; five brothers and two sisters.

**30 Years Ago—April 6, 1923**  
F. G. Alexander & Son have discontinued their store at Seymour and will move their stock to Haskell and consolidate with the store here.

Virgil A. Brown made a business trip to Rochester Wednesday and reported visiting the home of several farmers near that city and witnessing the killing of sixteen head of livestock which the State Veterinarian had pronounced affected with glanders and authorized them to be killed. Brown says that doubtless there will be other stock affected before the glanders outbreak is stopped.

George Fields and F. L. Peavy were elected Aldermen in the City Election held Tuesday. They will take office at the next regular meeting of the City Council. Hold-over city officials are R. C. Couch, Mayor; M. H. Post, secretary; W. N. Reid, John E. Fouts, Len B. Hammer.

At a recent meeting of business men in Weibert, a Commercial Club was organized for that city with the following officers: A. R. Couch, president; E. Meyer, vice president; H. N. Therwanger, secretary-treasurer.

Three local young men were arrested by county officers Wednesday, charged with the burning of the old Skating Rink north of the square, which was destroyed by fire last fall. Other parties are under suspicion and additional arrests will likely be made, officers said.

Lee Pierson, one of Haskell County's old timers who has been spending several months amid the sunshine and flowers of California, arrived here this week and says he will remain here until fall.

B. L. Jeanes and family of McKinney, who have been visiting their daughter and sister, Mrs. Chas. Conner and family in this city, returned home Sunday morning.

R. C. Montgomery and R. E. Sherrill were business visitors in Graham the first of the week.

**50 Years Ago—April 4, 1903**  
The Rock Island Railroad's surveyors according to authentic news from Throckmorton, will arrive at that place with their line from Graham early next week and will continue the line to Haskell.

T. A. Rudd, a stockman of Stonewall, was here Thursday and closed a trade with John E. Robertson for the latter's ranch in Stonewall County, which consisted of four sections of school land held under purchase and six sections under lease. Consideration was \$7,500.

Dr. Greenwade of Marcy was here Monday, and said that nearly every body in his section had been busy planting corn for the past two or three weeks. He says field rats are damaging quite a bit of the young corn as it comes up.

Hardy Grissom went to Abilene yesterday to enter the competitive examination for appointment to the United States Military Academy at West Point.

Our fellow townsman, T. G. Carney, has another inspiration. This time it is game chickens, and he starts with a fifteen dollar pair. We have heard nothing of Belgian hares for some time and don't think he has, but we still see a pretty flock of pigeons hovering around his premises.

W. T. Andrews and T. J. Wright, leading lawyers of Throckmorton, had business in our city this week.

Mr. and Mrs. Virgil Norman of the Marcy neighborhood were in town Wednesday closing up a land transaction. He says cotton planting is the next thing in order in his section.

I. R. Thomas and A. Marchbanks left this week for the Plains country on a prospecting trip. We understand that represent-

We realize the laudable part our churches play in community life — their contribution in both a spiritual and material sense toward community welfare and common good. These churches, their teachings and their membership exert a tremendous influence that touches every home and every business. This function they have in common with our schools, civic bodies and other organizations, all of whom through various methods perform services for the good and benefit of all. In recognition of the splendid ideals and achievements of the Haskell churches, we urge everyone to attend an Easter church service

# SOCIETY

**Cadenhead Harmony**  
 Club met at the stage March 26 at the Opera program. Cadenhead, Sr. was master of the Opera. Giuseppe Verifying story of an appearance in 4 acts. Cadenhead and his wife since its first production "Il Trovator" has ranked as one of the most popular of operas.

The first act and scene is a duel between the Troubadour Monrico and the Count Di Luna. Act two is a Gypsy camp where the Gypsies are working at the forges and singing the Anvil Chorus. Miss Martha Meadors played the Anvil Chorus as a piano solo, making the story more colorful and real.

The Troubadour Monrico and the Count Di Luna were brothers who loved Leonora.

Manrico had been stolen by the Gypsy Azucena who sought revenge for the burning of her mother at stake for witchcraft. She had reared Manrico as her own unknown to his brother.

Act three tells of the Gypsies' son who tries to rescue his own Leonora from the castle and to save his mother from execution.

Act four relates the story of the penalty of Manrico and Leonora and Azucena.

Mrs. Virgil Meadors sang two arias from the Opera "Ah I Have Sighed to Rest Me," and Home To Our Mountains," which portrayed the love song of the lovers and of Manrico and the Gypsy mother. She was accompanied at the piano by Miss Martha Meadors.

The last of the scene closed with the execution of Manrico the troubadour by the Count who was unaware he was his brother, thus avenging the old Gypsy Azucena.

Mrs. Mullino who was hostess, served cold drinks to the following members: Mmes. O. E. Patterson, A. C. Foster, Floyd Cook, Tanyne Squyres, J. F. Cadenhead, Virgil Meadors, Tommye Hawkins, G. F. Mullino, C. L. Lewis, Miss Martha Meadors.

Mrs. O. E. Patterson and Mrs. Tommye Hawkins were voted as delegates to the National Federation of Music Convention which meets in New York April 9 where they plan to attend.

**It's NOT too early**  
to start control of early-season cotton insects

A good, early start so important to young cotton plants can be handicapped by lygus bug, stink bug, thrips and other early-season insects. It is important, therefore, to get them under control with dieldrin as soon as they make their first appearance.

**Dieldrin kills early-season insects**

Start the season right . . . start with dieldrin for economical, effective insect control. Lygus bug, stink bug, thrips, cutworm and leafhopper simply cannot survive around dieldrin. Neither can fleahoppers or grasshoppers.

Dieldrin is easily applied in spray or dust form and it is particularly suited to airplane application. Just a few ounces of actual dieldrin per acre, in the spray or dust mix, give a high-kill job . . . and such small amounts mean economy. Depend on dieldrin for low, low cost.

This season don't let early-season pests get a foothold on your cotton. See your insecticide dealer and plan to treat with dieldrin early . . . for healthy, top-quality cotton.

"There is nothing permanent in the world except change"—paraphrasing a Greek philosopher. Would we have it otherwise? Nay, not so! But we will bring heartaches and joy at one and the same time and about the same thing—

Morning services at the First Baptist Church were held for the first time last Sunday in the beautiful new auditorium now under construction.

It was a solemn, momentous and joyful occasion—but come with

me a moment down memory lane—  
Seated at the organ for practice one late afternoon, we happened to glance up for a moment at the beautiful stained glass windows. The soft, half light of a setting sun came through, bathing the whole church in a halo of subdued rich radiance. Have you ever seen your church at this time of day? If you have then you know it is indescribably beautiful and filled with memories of all these walls have meant to generations past and present. Sad memories, to many of death when last good-byes were said—"till we meet again." Happy memories too, of weddings, receptions and happiest of all where many persons made their peace with God.

Softly and reverently we walked about and observed more

closely these memorials of faith and spiritual aspirations—Those pictures in glass whose rich and varied colors tell the old, old stories of the Bible so clearly that even a child can see and understand.

Christ in Gethsemane with the sleeping disciples not far away. (Could ye not watch one hour with me) In memory of Betty Whitman 1842-1901.

A heavenly host of angels—The Shepherds abiding in the field, for they had seen His star and this was the miracle for which long the world had waited—In memory of J. A. Couch, Sr. 1832-1915.

Daughters of Ruth—Mrs. G. W. Waldrip's class: The Busy Bees—Mrs. W. M. Groom's class; Our Beloved Pastor—G. A. Arbuckle 1852-1916; The Blue Girls—Mrs. H. R. Jones' class.

A weeping Mary at the empty tomb—a Risen Christ—In Loving Memory of Hallie M. Jones—1868-1916.

In memory R. W. Thompson—Beloved Pioneer Preacher 1832-1916.

Christ's Baptism—Administered by a mighty John, the voice that cried in the wilderness of the Messiah who was to come, in memory of M. S. Pierson 1836-1909

Call this Musings of a dreamer or dreams? O. K. suits me! No matter. Not at all. We have listed all these because they are listed that loom large in the history of Haskell. We would pay tribute too to those living still who helped to build this old house of worship (Too small now for its present membership) and laid the first brick in its cornerstone for a sound, fundamental principle.

They build well in 1916! May we build anew on the same foundation of faith.

Mrs. Leslie Tibbetts of Rochester—That picture of the recent tornado you took from your cellar door is so real it is frightening. You certainly captured the fury of that boiling, funnel-shaped monster of nature on a rampage that brought so much destruction, death, and sorrow to our neighboring communities. We suggest that you send it to some national photographers contest so it might be used to make people realize what a tornado looks like. Who knows? It might be the means of saving lives.

Mrs. Edith Wheatley — Hard work and close attention to the task at hand have brought you wide and favorable recognition in State and National Federated club circles for the beautiful 1953 year book you planned for the Progressive Study Club which was printed by the Haskell Free Press. All Haskell can well be proud of you!

Mr. R. L. Burton—we're afraid you have missed your calling. You can hold the undivided attentions and interest of an audience even while "taking up a collection." You should have been a preacher!

Jane King—Congratulations on your successful year at McMurry. We notice too, that you have pledged one of the oldest women's clubs on the campus. It was nice to see you "back home" last week end!

Miss Doris Chapman and members of the church of the First Methodist Church—Although we didn't get to attend, we have heard so much about your triumphant presentation of the Easter Cantata, "The Thorned Crowned King" last Sunday evening at the Metho-

Now we know that "Thou shalt not covet," but covet, we do—a choir like yours for our own church. Oh, we have the voices and we have the talent, but come time for choir practice—our members are usually conspicuous by their very absence! How come?

Capt. and Mrs. J. F. Cadenhead and children of Lubbock were guests of Mrs. J. F. Cadenhead, Sr. last week end. How good to have them back for a visit. Now why in the world do such nice people have to move away from 'ol' Haskell? The Will Gilmores, the Hugh Watsons too, and the Carrol Bledsoes—how we hated to see them leave—and that nice Dr. Ponder. Didn't he know that Haskell was already a little short on eligible bachelors without his pulling up stakes and moving way down south to San Antonio?

By now and Happy Easter.

## RFC Disaster Loans Available to Area Storm Victims

Disaster loans for repairing or rebuilding homes in the areas of Haskell and Knox Counties hit by the disastrous March 13 tornado are now available through the Reconstruction Finance Corporation to storm victims who are able to qualify, the RFC has announced.

J. C. Smith, a representative of the Dallas Loan Agency of RFC, has been assigned to Knox City as interviewer for those desiring to apply for these loans.

Disaster loans for repairing or rebuilding homes bear interest at the rate of 3% per annum. The same type loans for repairing business property bear interest at the rate of 5% per annum. Repayments are to be made on a monthly basis and will be geared to the borrower's ability to pay, but in no event will such loans be extended beyond a ten year period. Disaster loans are limited in amounts required to restore the victim's as nearly as possible to pre-disaster status. Expansion of pre-disaster facilities may not be included in such loans.

Mr. Smith may be contacted in the building, in Knox City, west of the Citizens State Bank, being the same building in which the American Red Cross is now headquarters. The American Red Cross and the Reconstruction Finance Corporation serve two distinct purposes and there should be no confusion in the mind of any one because they are housed in the same building.

If you expect to make application for a disaster loan, your first step should be to have some competent contractor give you an estimate of the cost of repairs or new construction together with an agreement of his willingness to accept the responsibility of making such repairs or new construction at the estimated figure.

 Get a long-term Federal Land Bank loan

The old fashioned farm mortgage came due all at once. Time was always squeezing folks to pay.
