## Schools Must Compete With Industry In Securing Competent Teaching Personnel, Speaker Declares

The pressing need of public schools to compete with fast growing industries in Texas in securing competent teaching personnel was explained by Joe B. McNeil to members of the District VII Oilbelt Teachers executive committee in Haskell last week.

McNeil, superintendent of Wichita Falls Public Schools and District VII representative to the Texas State Teachers Association executive committee, pointed out that the laymen of the district are entitled to know the crisis which faces the local school boards in securing "top-grade" men and women for the teaching profession.

He recommended that superintendents throughout the district schedule a meeting for school patrons and discuss the problem. McNeil also emphasized the importance of gaining the support of candidates who are seeking legislative offices. He suggested

that meetings be held in all schools and that teachers be reminded that the need is more for the profession than a personal one.

Superintendent McNeil reported that TSTA legislative agenda would include the following: (1) a minimum salary to meet a base pay of \$3,000, (2) improvement of teacher retirement benefits, (3) recodification of school laws, and

(4) certification only if teachers can agree on professional standards.

Executive committee members present for the meeting were Laura Sheridan of Sweetwater, president; I. C. Evans of Burkburnett, vice president; J. W. Hamilton of Seymour, secretary; Johnnie Mae Long of Wichita Falls, treasurer; Frank Etter of Abilene, state executive committeeman; A. E. Wells of Abilene and Ralph Davis of Burkburnett, committeeman at large; Ben Brock, publicity chairman; and McNeil.

Guests were S. H. Vaughter, superintendent of Haskell Public Schools; C. W. Tarter, superintendent of Sweetwater Public Schools and P. F. Shores, Wichita Falls teacher.

## Munday Farmer Markets Nation's First '52 Wheat

A Knox County farmer, John Michels, who lives 10 miles north of Munday, launched the nation's 1952 wheat harvest last Friday when he marketed a load of 65 bushels of wheat at the General Mills plant in Wichita Falls.

The wheat tested an even 14 per cent moisture, and qualified the Knox County farmer as winner of Wheatime prizes offered by the Wichita Falls Chamber of Commerce. It was a repeat performance for Michels, the Knox County farmer having marketed the first 1951 wheat at Wichita Falls.

### Haskell Student Honored at Tech ROTC Review

LUBBOCK, Texas.—Milton L. Christian, a junior engineering major at Tech, was awarded a Distinguished Military Student badge. Cadets who were named Distinguished Military Students met these qualifications: being in the upper half of their academic class and the upper third of the ROTC class; showing outstanding performance on the drill field; and demonstrating qualities of leadership. The badge was presented by Col. Olen Turner, Professor of Air Science and Tactics. Next year the Haskell cadet will take his final year of Advanced Air ROTC training. Upon satisfactory completion of the training and his regular academic work, he will be commissioned a second lieutenant in the U. S. Air Force Reserve.

The members of the graduating class are Sandra Ross, Veeta Mathis, Dale Hamby, Willie D. Lehmann, and Gene Ender. Ushers chosen from the 7th grade were Jeanette Helm, Elyzabell LeFevre, Billy Tabor and Winston Ulmer. The Sagerton school will close Thursday, May 22, Miss Irene Stewart, principal, announced.

### Social Security Checks To 124 In County in December

Checks for insurance payments under Federal social security went to 124 aged persons, children and their widowed mothers in Haskell county for December, 1951. These payments amounted to \$3,153 in the county for the month.

In releasing these figures, Ralph T. Fisher, manager of the Abilene social security office, also said that these monthly payments under the old age and survivors insurance system amounted to \$30,831 for the 16-county area served by the Abilene office, and went to 4,670 persons. "Without these payments earned by workers under this contributory system, the ability of many people to pay for necessities would have been drastically curtailed or entirely ended," he said.

More than one-third of all people over 65 in the United States who could not count on income from work for support, were getting social security insurance benefits.

Fisher pointed out that this Federal program is affording substantial survivor insurance protection. Three out of every four mothers and young children in the nation are now assured of monthly payments if the insured breadwinner of the family dies.

In this connection, he cited monthly payments totalling \$39,659 to 1277 children and 268 widowed mothers in the Abilene Area. These monthly payments are going to families deprived of earned income by the death of the working member of the family. They are making it possible to keep families together, and keep children in school. They are, at the same time, lessening the drain on both public and private welfare funds.

## You can swing it if you try

HAVE you, by any chance, been casting eyes at a Buick, and promising yourself that someday you will take the Big Step and have one all your own?

Let us whisper something to you. The "big step" isn't big at all.

We know that's true, because such a high percentage of present Buick owners traded in a car tagged as belonging in "the low-priced field."

So why not set your sights on this star performer?

Why not enjoy big-car comfort—big-car power—big-car prestige for your money?

There's one of these lively lovelies waiting for you to come in and try it.

Get the feel of its mighty Fireball 8 Engine, that's a gas-saving high-compression valve-in-head. You could pay \$300 to \$400 more for a car that doesn't match its horsepower.

Get the feel of Dynaflo Drive\*, that lets you ride relaxed—feeds a silken flow of power—and at the same time cuts down on upkeep costs, by protecting the engine, the rear end, and even the tires, from driving strains.

Get the feel of a ride that cost a million dollars and more for

controls of end-sway and side-roll and vertical "throw"—for X-bracing the frame and V-bracing the torque-tube keel—for a total of 15 ride-engineering features.

One thing you'll know for sure when you've tried it. This car wasn't "built to a price." It's a Buick through and through.

But the fact remains that—when you check the price of a Buick SPECIAL against the price tags on so-called "low-priced cars"—you'll find out you can swing it if you really want to.

And brother, will that make your family happy!

Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series. †Optional at extra cost on Roadmaster only.

**ONLY BUICK PROVIDES THEM**  
DYNAFLO DRIVE—great body control, proved on more than a million miles.  
FIREBALL 8 ENGINE—of valve-in-head makes high compression—great for power.  
NEW WIDE-BAND BRAKES—for smooth, positive control.  
MILLION DOLLAR RIDE—with X-bracing and V-bracing—torque-tube keel—more support than ever in most models.  
TOP-CAPACITY TRUNKS—more space than ever in most models.  
NEW TWO-TONE INTERIORS—more grace Buick's Body by Fisher.  
SWEEPSPAR STYLING—adds gleam and zest to all models.  
Plus These, Too, ON ROADMASTER:  
AIRPOWER CARBURETION—with highest power in Buick history. MORE MILEAGE.  
GALLON... POWER STEERING—eases parking and turning, without tire wear... SILENCE—so complete you speak in whispers under way.

Sure is true for '52

BUICK will build them

because of a freeze. In Young County, civil defense leaders put up an emergency feeding station after the tornado. Clubs sent boxes of clothing, bed linens and cooking utensils to families losing their homes.

In making the change this week, "Jonesy" as he is better known to his many friends, said "I am back in the first place I worked when I came to Haskell 14 years ago, and happy to again be associated with Roy and Floyd."

In each county there is a home demonstration council composed of well trained officers and committees. The council is a business committee that transacts business and assists with planning the county program of work. The clubs are members of the Texas Home Demonstration Association. The THDA has shown wide interest in further growth by participation in the National Home Demonstration Council. Thirteen Texas women attended the annual meeting of this council in Lansing, Mich.

### Helen Joyce Terrell and E. A. Howard, Jr., Wed at Home of Bride's Parents in Stamford

Helen Joyce Terrell became the bride of E. A. Howard, Jr., May 10 in a double-ring ceremony at the home of the bride's parents, Mr. and Mrs. H. L. Terrell in Stamford. The groom's parents are Mr. and Mrs. E. A. Howard of Rule.

Rev. Edwin Terrell of Fort Worth, brother of the bride, read the vows before an arch of white gladioli entwined with greenery.

The bride, given in marriage by her father, wore a street-length dress of navy lace, with white feather hat. She carried a nosegay of white carnations tied with white satin on a white Bible. Her only jewelry were white pearls.

Mrs. Lester Seth of Shreveport, La., sister of the bride, was matron of honor. She wore printed crepe with pink carnation corsage. Jo Mac Hargrove of Stamford was best man.

Mrs. John L. Guillet, aunt of

the bride, played the piano accompaniment for Mrs. Gene Overton, who sang "I Love You Truly" and Always.

A reception was held immediately following the ceremony. The bride's table was covered with a hand-embroidered handkerchief linen cloth. The three-tiered wedding cake topped with with the miniature bride and groom which was on the cake used at the golden wedding celebration of the grandparents of the bride in 1945. Mrs. Guillet led punch and Mrs. Hargrove served the cake.

When the couple left for a wedding trip in the mountains of New Mexico, the bride wore a pink suit with navy accessories.

The bride finished school at Paint Creek high school and has been employed by Southwestern Bell Telephone Company in Stamford.

The groom finished high school at Rule and graduated from Texas Tech, Lubbock. The couple will live in the Paint Creek community where the groom is vocational agriculture teacher of the Paint Creek high school.

### Named Member of Orphesian Society

Martha Meadors, music student at Abilene Christian College was recently chosen as a member of the Orphesian Society, an honor music organization on the campus. New members are added by competitive performance. The society sponsors recitals and piano ensembles; and encourages attendance at symphonies, operas and concerts.

Martha is the daughter of Mr. and Mrs. V. W. Meadors of Haskell.

Home gardeners are reminded that tomatoes furnish vitamin C which helps to make sound teeth, firm gums and strong blood vessel walls. When supplies of tomatoes become plentiful, don't waste them but can for later use.

Farm and ranch operations should be planned well in advance of actual work in order to make the most efficient use of farm labor.

Silage, next to pastures, is the cheapest source of feed for the dairy cow. "Canned pastures" should be included in the complete forage program for every livestock producer. Now is the time to plant the silage crops.

More rains means more work on the farm and this increased tempo of work can set the stage for many farm accidents. Members of the Texas Farm and Ranch Safety Committee urge farm families not to become careless and try short cuts that may end in disaster.

### Will Wed July 1st

FLORENCE GOLDSTON

Miss Florence Goldston of Dalhart, Texas, and Gerald Wayne Pinkston of Haskell will exchange wedding vows July 1st in the First Baptist Church, Hereford, Texas. Parents of the engaged couple are Mr. and Mrs. H. D. Goldston of Hereford and Mr. and Mrs. J. D. Pinkston of Levelland, Texas.

## Haskell Chicks Tromp Throckmorton '9' 22-6

Chicks plastered Throckmorton '9' 22-6 in a sun-baked game at Fair Park Stadium. The Chicks, managed by E. L. Bassing, won their 11th straight game with nine runs, seven hits and two errors. The Throckmorton contingent committed seven errors, however, the Chicks were credited with four which allowed three Throckmorton runs.

E. L. Bassing started on the mound for the Chicks and faced 11 batters, striking out eight of them. Foster relieved Bassing in the fourth and took out the first six men he faced, then shortstop Doss Wayland singled in the 6th, Throckmorton connected for a total of five hits off Foster. Including a home run by Donnie Taylor in the top of the seventh with nobody on.

Throckmorton did not cross the plate with a run until the sixth inning when the Chicks began committing their share of the errors.

Bassing got eight strike outs and Foster struck out six.

## City League Organized; Schedule Begins Monday

Organization of the City Softball League was completed Wednesday and the first games were scheduled for next week at a meeting of the team managers at the Chamber of Commerce office. The complete schedule will be arranged and published in next week's edition of the Free Press.

**Play will get underway Monday night at 7:30 p. m.** when Bill Wilson Motor Co. and the Flying Red Horses tangle at Fair Park Stadium. In a second game the same night, Service Pipe Line will encounter the Southsiders at 9 p. m.

The City Softball League was organized strictly as a part of the city's recreation program and was not planned to develop any bitterness between the players, teams, manager, umpires or sponsors. The games will be played for fun regardless of win, lose or draw.

In organizing the City League, managers set aside a definite set of rules and the soft-league will be governed by the Haskell Softball Association and will not compete with the Haskell Chicks in the next league.

Doubleheaders will be played on Monday and Thursday nights each game to be seven innings. Games will be out to five innings if the seven-inning plan does not work out. The first game will begin at 7:30 p. m. and the second will start promptly at 9 p. m. The managers ruled that no inning of the first game shall begin after 8:45 p. m. and the second game must start at 9 p. m.

Each team is allowed a maximum of 25 players with the Service Pipe Line allowed to play any man employed by the Haskell office as of May 21. No new players can be added to the list after June 15. No player is eligible for but one team. He cannot start with one team and then change to another after his name has been listed with the first team. No person can play on the Chick team and also compete in the city league.

A double round-robin tournament will be played and a Shaugnessy Playoff will be played at the end of the schedule to determine a city champion. That will fall sometime in the latter part of August.

Admission to the games will be 10 cents for children and 25 cents for adults. A maximum charge of \$1.00 will be placed on all cars with four or more passengers. The admission charge will also be placed on players. No person will be admitted free. This admission rule was planned in order that the City League can meet expenses. No player should mind paying 25 cents for two to four hours recreation and entertainment.

Eight teams compose the City League. The teams and managers are: Lutheran Church, B. F. Gaskamp; Bill Wilson Motor Co., Bill Ponder; Flying Red Horses, W. R. Howard, sponsored by Howard Service Station; First Baptist Church, John E. Robinson; Service Pipe Line, Kenneth Polston; Piggy-Wiggly, Olen King; East Side Baptist Church, Rev. Bill Austin; and the Southsiders, John Henry Kirby.

## Second Baseman Jack Chapman Tops Chick Batters With .467

Second baseman Jack Chapman is leading the Chicks at the plate in the early part of the 1952 season, having a .467 average in the first five games this year.

Chapman is the leading starter, but has played only four of the first five contests. For the full five games, pitcher E. L. Bassing is tops with .417, going to the plate 12 times and connecting for five hits off his opponents. Chapman has collected seven safeties in 15 trips.

Two of the Chicks are batting .500 so far, but neither are regular starters for the Haskell contingent. D. C. Bassing and Carol Bledsoe have the midway averages. Bassing has played in only two games, has been at bat four times and blasted out two hits. It was his double that won the Chicks a 4-3 victory over Weinert last week. Bledsoe has also been at the plate four times and has hit twice. He has played in three games for the Chicks.

Four other Chicks have topped the .300 mark this year. They are catcher Durwood Jacobs and first baseman Olen King, both with a .334; left fielder Jack Medford with a .316; and center fielder Max Brown, who has a .300.

The Chicks have also been connecting with a few long balls this year, having poked three home runs, two triples, and seven two-baggers in the five games.

Home runs have been hit by D. C. Bassing, Wallace Stark and T. C. Walker. Triples were hit in the same game by Durwood Jacobs and E. L. Bassing. The seven doubles were slashed out by Olen King, Billy Davis, Jacobs, D. C. Bassing, Stark, Walker and Covell Adkins.

The Chicks lost the services of their best fielder this week when Medford moved to Winters.

## Black Indians Contest Anson Here Sunday

After suffering defeat at the hands of Anson's Tigers for the past three years, the Haskell Black Indians will be out for their first victory over the Tigers since 1949.

The game was originally scheduled for last Sunday but was postponed because of rain. It will be played Sunday afternoon at 3 p. m. at Fair Park Stadium. Manager Albert Sharp announced.

Probable starting pitcher for the Black Indians will be Tommy Rivers. Billy Davis is also a likely starter, with John Hammond on hand for plenty of relief action.

The Anson nine have whittled out two victories in their first two starts this season, having defeated Sweetwater and Rotan. The Black Indians have won their first two battles this season, walloping Throckmorton 11-1 and blanking Rule 15-0.

Manager Sharp said Sunday's contest was expected to be one of the best this season because of the intense rivalry that existed between the two baseball teams.

## Girl Softballers To Meet Tuesday Night At C. of C. Office

All girls interested in organizing a girl's softball team are asked to meet at the Haskell Chamber of Commerce at 8 p. m. Tuesday night.

All girls in the Fair Creek community, Mattson community and Weinert are extended a special invitation to attend the meeting.

Opal Dunning, who is the most interested in getting the team organized, said "There aren't enough girls here who want to play so we want Weinert and the surrounding communities to join us if they wish."

The first meeting was held Monday night of last week but only a few girls attended. At Tuesday night's meeting the girls will select a team manager and captain and begin the organization of the team. A schedule will be worked out at a later date and the team will try to play one game each week.

## Early Start Needed In Successful Fly Control Program

Sanitation is the number one item in a successful fly control program. Insecticidal treatment is of little or no value unless a thorough job of cleaning up all fly breeding places is done, says A. C. Gunter, entomologist for the Texas Agricultural Extension Service.

It is a known fact, emphasizes the specialist, that flies carry the germs of many diseases and with the increasing amount of polio in the state, it is more important than ever to get rid of the flies early.

Gunter says if DDT is not giving good results, try a 2 per cent chlordane household spray. It should get the flies as well as other insect pests that are bothersome in and around the house.

Premises should be kept clean at all times. Keep garbage in covered containers and be sure the lids are in place. Clean up and destroy breeding places around the farmstead and don't expect insecticides to do the entire job. They'll help, says Gunter, but there is nothing that can be substituted for cleanliness.

One treatment is not enough. If complete control is to be maintained, regular checks must be made to see that breeding places are not re-established and insecticides used to get those that go visiting without an invitation. Remember, says the specialist, about the only safe fly around the place is a dead one and use of insecticides and strict sanitation practices in and around the home will keep fly numbers at minimum.

Lt. Harry Cowan of Munday Completes Special Army Course

CAMP CARSON, Colo.—Second Lt. Harry L. Cowan, son of Mr. and Mrs. H. H. Cowan, Munday, Texas, recently completed a two-weeks mountain climbing course at Camp Carson.

The course, in which 100 selected officers and enlisted men participated, was a prelude to Exercise Pine River Ridge, scheduled for August and September at Elkins, W. Va.

He will return to his unit and train other personnel for the forthcoming exercise.

During the intensive training, the soldiers learned to climb without the aid of a rope, to check falls of fellow students and to descend rapidly down a cliff.

A platoon leader in the 136th Infantry Regiment's Company G, 47th Division, Lt. Cowan entered the Army in July, 1951.

Cowan is a graduate of McMurry College and was taking graduate research work at the University of Texas before he entered the Army.

Local Humble Service Stations To Join In Observing 'Welcome Week' May 23-30

Humble service stations in this immediate area are busy getting ready for a big, neighborly celebration to be known as "Welcome Week," May 23-30, J. E. Walling, Jr., local distributor for Humble products announced.

"The purpose of Welcome Week is to give Humble station operators all over the state a chance to say, "Thank You," to Texas motorists for their friendship, and for the privilege of being good neighbors in the communities they serve," officials of the company said.

A lot of work has gone into planning for the week-long event. Stations have been given an extra good spring cleaning, with rest rooms coming in for particular attention.

Station managers have been inviting folks by letter and in person to stop by during the week.

CHRYSLER SARATOGA 6-PASSENGER SEDAN

ITS NEW KIND OF HORSEPOWER IS SOMETHING TO FEEL!

With its 180 HP V-8 engine, on 125 1/2 inches of wheelbase, many people think the Saratoga is the best Chrysler car of all.

We invite you to take the wheel and feel what happens! There's a new sense of easy power, of reserve power that make driving a new experience.

Its revolutionary combustion chamber develops more of the power in each charge of fuel than other engines can do. One result is performance, even on non-pre-

mium fuel, such as you have never felt. Another result is new economy. It's an engine that scarcely forms carbon at all. It creates less heat. It will last much longer, stay younger on the way!

And with Chrysler full-time Power Steering\*, you steer with one-fifth the usual effort . . . drive with five times the usual control! With Power Brakes you need up to two-thirds less foot pressure . . . and still stop in many feet less than other cars can do.

Yes, behind Chrysler's new engine you'll find a new kind of car. Won't you come in and feel what we mean?

\*NOTE: Power Steering standard on Crown Imperial. Available, extra, on any new Chrysler.

to 50 feet, providing an inexhaustible source of water. A pump delivers up to 600 gallons of water per minute with no signs of diminishing. He said Wednesday that the well had been on continuous pumping since Sunday.

The young farmer was not just lucky in hitting water in his first try. He credits Willie Farrell, a fellow farmer with choosing the spot with a "witching stick."

The entire cost of the irrigation setup was \$2,700, he said.

Billy Bob was aided in his pioneering effort by Odis Curry of the U. S. Soil Conservation Service, and the boys of the SCS laid out the ditch and supplied technical information on irrigation methods.

With the project now completed, Welsh is watering four and one-half to five acres of land per day.

Billy Bob is a veteran of a year and a half service in the Navy. He is a graduate of high school here and is married, with a 3-months-old daughter, Rhonda Lou. The daughter was born on Valentine Day.

The young farmer, as a result of irrigation, is expecting yields of up to a bale of cotton per acre. Next year, he has in mind planting a trial acreage in alfalfa, he said.

Haskell County's first farm irrigation well - began operation last week on the farm owned by Mrs. W. E. Welsh two miles northwest of town. Billy Bob Welsh, shown above, had the well dug to water his grandmother's 100-acre farm. Billy Bob plans to plant the acreage in cotton as soon as his first irrigation is complete.

**News From Sagerton**

The Vacation Bible School at the Sagerton Methodist Church will begin Monday morning, May 26, at 8 o'clock and will be held each day that week from 8 till 10. Mrs. Cliff LeFevre will be the superintendent and the teachers are as follows: Beginners, Miss Glenda Clark and Marlene Laughlin; primary, Mrs. J. M. New and Mrs. D. W. Counts; and Juniors, Mrs. F. A. Ulmer and Mrs. G. W. LeFevre.

A formal banquet was enjoyed by the members of the 7th and 8th grades and the school faculty in the Sagerton school cafeteria Wednesday evening, May 14. The theme used was graduation and cut-out profiles of girl graduates were used as place cards. Miniature figures of the state capitol were favors. Blue and white, the 8th grade's chosen colors, were used in the decorations. Rev. O. K. Oelke pastor of the St. Paul's Lutheran Church was the guest speaker.

The following mothers of the class prepared the food: Mmes. Julia Hamby, Otto Lehmann, Bob Mathis, Barney Ross, G. W. LeFevre, John Bell, August Ender, Eddie Kainer, F. A. Ulmer, Edwin Franke, John L. Guinn, A. Helm, Carl Hertel and Ben Mueller.

Rev. and Mrs. O. K. Oelke and Luther, Willie D. Lehmann, Mr. and Mrs. A. C. Knippling, Mr. and Mrs. Herbert Lammert and family and Mr. and Mrs. Edwin Franke and family went to Olney Sunday for the dedication of the new Lutheran Church there.

A bridal shower was given Thursday afternoon, May 15 in the home of Mrs. Charles Clark in honor of Mrs. Jack Tabor, the former Peggy O'Neal, daughter of Mr. and Mrs. E. O'Neal of Rule. The groom is the son of Mrs. Jno. L. Guinn of Sagerton and is a student at Texas Tech at Lubbock.

Approximately 100 guests called or sent gifts. They were registered by Mrs. John Clark, Green and yellow were used in the table decorations. The lace covered dining table was centered with a bouquet of yellow snap dragons. Mrs. Bill Stanhope laddled the punch.

Hostesses for the affair were Mmes. John Clark, Cliff LeFevre, M. Y. Benton, Zenor Summers, Bill Stanhope, Edgar Jennings, Delbert LeFevre and Charles Clark.

Visitors in the home of Mr. and Mrs. Otto Lehmann Thursday night were Mr. and Mrs. Clancy Lehmann and Gail, Mr. and Mrs. Norvell Lehmann, James and Sara, Mr. and Mrs. Bernard Letz and Buddy and Mrs. Henry Lehmann.

Mr. and Mrs. August Balzer visited in Priddy with relatives last Saturday. Then they went to

Lampasas where they met Mrs. Larry Cornelson and daughter, Kathy who were brought there by Mr. and Mrs. Gus Balzer who they have been visiting for the past few weeks. Mrs. Cornelson and Kathy returned home with them for a visit. S. Sgt. Cornelson is stationed with the U. S. Air Force in Louisiana.

Mrs. John Clark entertained the members of the Stitch and Chatter Club in her home Wednesday afternoon, May 14. Members present were Mmes. G. A. Leach, R. N. Sheid, Anna Hankins, Pete Lusk, Ben Hess, M. Y. Benton and the hostess. They have decided to make quilt tops at their future meetings and each member will bring her scraps.

S. Sgt. Fred Kupatt, son of Mr. and Mrs. B. Kupatt, returned home from service in Korea last week. Mrs. Kupatt, who is in Atwater, Calif., has not seen her son since his return to the States. Fred was unable to go to see his mother and sister, Mrs. Orville Elmore, who his mother is visiting but he talked to them on the phone from San Francisco. Sgt. Kupatt is here on furlough and will have a few more months to serve in active duty with the reserves. He is a veteran of World War II.

Mrs. John L. Guinn entertained with a birthday party in her home Tuesday, May 13th, honoring her daughter, Judy, who was 9 years old. Games were played and ice cream and cake were served to Judy Guinn, Terry and Linda Gholson, Nelda Green, Darlene Teichelman, Peggy Mueller, Jana and Winston Ulmer, Patricia and Mike Summers, Dean, Terry and Billy Sellers, Vicki Spitzer, Linda Jennings, B. L. Ross, Bob Clark, Wilmer Sims, James Wendeborn and Mmes. John Gullett, Bobby Spitzer, Carl Sims and the hostess.

The Sagerton Home Demonstration Club met in the home of Mrs. Will Stegemoller Tuesday May 13 and a very interesting discussion of "Accessories and You" was given by Miss Thelma Wirges, County Demonstrator.

During the business meeting, which was presided over by Mrs. A. C. Knippling, president, Mrs. F. A. Stegemoller, council delegate, gave her report of the last council meeting.

Refreshments of sandwiches, potato chips, olives and cookies were served with Cokes to Mmes. A. C. Knippling, Lynn Quade, B. Letz, F. A. Stegemoller, Delbert LeFevre, Melvin Thane, J. C. Kainer, J. C. Gholson, A. L. Gibson, Miss Wirges and the hostess. The next meeting will be May 27 at the home of Mrs. J. C. Gholson.

Miss Irene Stewart, principal of the Sagerton school, awarded perfect attendance awards to the following students after the grad-

**Ann Kathrine Rike To Receive Degree At Baylor U.**

WACO, May 20.—Ann Kathrine Rike of Haskell will be among the 595 students to receive degrees at Baylor University Commencement exercises here Friday, May 23.

The Haskell student, daughter of Mr. and Mrs. John S. Rike, will receive the Bachelor of Arts degree.

Dr. W. R. White, president of the university, will make the commencement address and diplomas will be awarded in Baylor stadium at 7:30 p. m. Friday. The baccalaureate is scheduled for Waco Hall at 11 a. m. Friday, with Rev. Stanley E. Wilkes of Houston as preacher.

The 595 spring graduates raise to 788 the numbers of degrees awarded by Baylor this school year. One hundred and fourteen graduated at the end of the Fall quarter, and 79 at the close of the Winter quarter. A total of 18 different degree classifications are included in both the bachelor's and masters fields.

Commencement exercises Wednesday night, May 21: 1st. grade, none; 2nd grade, Gene Franke and Jana Ulmer; 3rd grade, Darlene Teichelman; 4th, 5th and 6th grades, none; 7th grade, R. C. Franke and Elizabeth LeFevre and Winston Ulmer; 8th grade, Dale Hamby. The following received awards for having the highest averages in their classes: 1st grade, James Lehmann; 2nd grade, Gene Franke; 3rd grade, Darlene Teichelman; 4th grade, Nelda Green; 5th grade, Dorothy Bredthauer; 6th grade, Fred Wendeborn, 7th, Winston Ulmer, and 8th grade, Veeta Mathis.

Little Mike Summers, son of Mr. and Mrs. Zenor Summers is a patient at the Stamford Hospital and has been quite sick. His stomach has been upset and his temperature quite high.

Everyone welcomed the rain in this community last week end. Some farmers are debating if they will have enough moisture to plant cotton and others say that they will. Approximately 1 and one-half inches was received, however in some spots, not quite that much rain was measured.

Mr. and Mrs. John Clark entertained a group with a fish fry in their home Sunday. Those present were Mr. and Mrs. Charlie Clark of Holliday; Mrs. Vera Cleveland of Iowa Park and Mrs. Clark's niece of Freer, and Mr. and Mrs. Reece Clark and Glenda, Mr. and Mrs. M. Y. Benton, Mr. and Mrs. Joe Clark, Patsy and Ray, Mr. and Mrs. Chas. Clark and Bob and Steve and the host and hostess.

**How to spot an expert**

An expert makes hard work easier. When it comes to hauling, a GMC truck is your expert—for this very sound reason: GMC—as the world's largest exclusive manufacturer of commercial vehicles—concerns itself 100% with the development of new and better ways to transport goods. Each model is the careful answer to specific, tough hauling problems. The new GMC "302" engine is a case in point. In addition to being America's highest-compression standard gasoline truck engine, it packs more horsepower for its weight than any other on the road! The result is savings in fuel less "dead weight" by as much as 500 pounds over other engines of equal horsepower. It's this kind of expert engineering that makes us sure of one thing: whatever model you select at our showroom—panel or pickup, stake rack or platform—you'll have an expert on your next job!

**LEGAL NOTICE—**  
**CITATION BY PUBLICATION**  
 The State of Texas  
 To: J. C. Niece, whose residence is unknown, and the heirs, legatees, devisees, and legal representatives of the said J. C. Niece (if deceased) whose names and residence are unknown, and the unknown owners and claimants of the lands and premises hereinafter described whose names and residence are unknown. Defendants, Greeting:  
 You are hereby commanded to appear before the Honorable District Court of Haskell County at the Court House thereof, in Haskell, Texas, at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of issuance of this citation, same being the 30th day of June A. D. 1952, then and there to answer Plaintiff's Petition filed in said Court, on the 12th day of May A. D. 1952, in this cause, numbered 7699 on the docket of said court and styled J. L. Williams Plaintiff, vs. J. C. Niece, et al., by living, and if dead the unknown heirs, legatees, devisees, and legal representatives of said J. C. Niece, and the unknown owners and claimants of the land hereinafter described, as defendants.  
 A brief statement of the nature of this suit is as follows, to-wit: The plaintiff sues in trespass to try title as well as for damages, for the title and possession of Lot 6 in Block 3 of the G. W. May Addition to the town of Rule, Haskell, County, Texas. Plaintiff specially pleads the ten year statute of limitation as provided by Article 5510 of the Vernon's Annotated Revised Civil Statutes of the State of Texas, as a basis for plaintiff's title to said real estate and prays for judgment against the defendants for the title and possession of said land and premises, as is more fully shown by Plaintiff's Petition on file in this suit.  
 The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.  
 Issued and given under my hand and the Seal of said Court, at office in Haskell, Texas, this the 17th day of May, A. D. 1952.  
 Attest:  
 Jesse B. Smith, Clerk, District Court, Haskell County, Texas. 20-23c

**Increase In Draft Calls Is Foreseen Beginning in July**

AUSTIN, Texas—State Selective Service headquarters is scheduled to mail pre-induction and induction draft calls calling for the examination of 2,580 men and the induction of 1,251 men in July.

This bears out a prediction of Brigadier General Paul L. Wakefield, the state Selective Service director, earlier this spring that the draft calls would begin to rise in the summer and be heavier next fall.

The June call, announced about two weeks ago, was for only 384 men. The number of men receiving the pre-induction physical and mental examination, in June will be 2,160.

The July induction call for 1,251 men in July is the Texas share of a national quota of 33,000, the state director of Selective Service said. The induction call in July 1951 was only 367.

The July call will be filled with men, 20 years old and older. Gen. Wakefield said that Texas has only about 300 examined and acceptable men 21 years old or older. The remainder of the quota will have to come from the 20-year-old group.

The local boards will not be able to induct any man below the age of 20 with the exception of draftees and volunteers.

As of the end of April, Texas had inducted 33,653 men since the beginning of the conflict in Korea. More than 91,000 men were given pre-induction examinations during the same period.

There are home demonstration or 4-H clubs in 3,447 of the 3,779 communities in Texas. Through these clubs, 364,183 different families received information on home economics.

4-H club members in every section of Texas are studying shrubs and their uses as a part of their 4-H training program.

Sanitation is the number one item in a successful fly control program. Insecticides should be used as a supplement.

Last year Texas farmers plowed under more than a million and a half acres of legumes as an aid to their soil improvement program. They harvested 44,452,000 pounds of legume seed from the acreage left for seed crops. The value of both was in excess of \$30 million.

Darwin's "Origin of the Species" sold out on its first day of publication.

with agricultural work. Mrs. Hazel Weaver plans to enroll for two courses at McMurry College.

In the junior high J. E. Berryhill will be water front director at a private boys' camp, Camp Tahkodah, at Batesville, Ark. Mrs. Mary Martin will work on the master of education degree at Hardin-Simmons University.

In the elementary school Mrs. Della Fitzgerald plans to complete the master's degree at Hardin-Simmons University this summer. Miss Jane Holloway will complete the B. S. degree at Texas Technological College, Lubbock.

Mrs. Grace Hutchinson will attend the summer at Hardin-Simmons University and Mrs. Gladys Vaughter will participate in a three-week workshop at McMurry College. Mrs. Mary Woods will attend classes all summer at the University of Texas.

Tom Coyle, high school faculty member, will be a vacation relief member engineer for Magnet Cove Barium Corporation in the West Texas area. Mrs. Coyle will accompany him.

Ray Overton and Haskell Stone will farm.

Teachers planning to travel outside of Texas are Mrs. Cretia Brooks, North Carolina; Miss Madalin Hunt, Mexico City and interior; Mrs. Nora Macon, Yellowstone Park; Mrs. Opal Nanny, Montana, Utah, and California; Mr. and Mrs. James L. Reed, Jr., Michigan; and Mrs. Vivian Robertson, Smoky Mountains.

Faculty members who will spend their vacation period at home or whose plans are indefinite are Mrs. Mildred Byrd, Mrs. Elsie Ezell, Mrs. Amelia Fagan, Mrs. Elberta Gilmore, Mrs. Louise Green, Mrs. Mary A. Gunn, Mr. and Mrs. W. P. McCollum, Mrs. Brucille Nellums, Mrs. Alma Terrell, Mrs. Aura Lee Thornton and Miss Lucille Watson.

The recent general rainfall should boom the practice of controlling mesquite with chemicals. Adequate soil moisture is a factor that materially effects the final result of such a program. Airplanes will be widely used for applying the chemical spray.

Increasing the per acre yield, cutting production costs and growing and selling more quality nuts, will make the growing of peanuts more profitable in Texas. The 7-step peanut program, if followed, will help do the job.

Farm tractors, when properly handled and operated, are safe but when carelessness comes in to the picture they can become killers.

Heavy growth of mosses and other weeds in farm ponds can be controlled. Local county agents have information available on how to do the job.

**Haskell Colored Resident Dies at Family Home**

Wanda Lois Johnson, wife of Clyde Hendrix, colored, died at her home in this city Sunday May 11 at 10 a. m. after a brief illness.

Funeral services were held at the Independent Baptist Church Thursday, May 13 at 2:30 p. m., conducted by Rev. K. F. Smith, pastor of the Hopewell Baptist Church, assisted by Rev. Brown, pastor of the Independent Church.

She is survived by her husband; two small children, Charles Wayne, 2 years, and Wanda Jean, 4 months old; her parents, Mr. and Mrs. Leslie Johnson; six sisters and three brothers; and grandparents, Mr. and Mrs. Lee Harris of Brownwood.

Interment was in Willow Cemetery with Holden Funeral Home in charge of arrangements.

**A TRIBUTE TO THE LATE MRS. BELLE BOONE**

Mrs. Belle Boone, who with her husband moved to Haskell County in 1884, played and lived the role of a Queen in every way—a queen to her husband, a queen to her children as well as to a large host of friends. Hers was the queenly bearing, her kindness to others, her sweetness of spirit, her simple Christian living—her great simplicity and humbleness endeared her to everyone who came to know her in all the long years of her useful, fruitful life. The history of Haskell County would be incomplete without the record of her practical living. Her work and her life was one of constructive service. In the early days of this vast, sparsely settled empire, no person or persons were turned from her door in want of good, tender care and protection. The door of her home always stood widely ajar to strangers and friends alike.

She had a very special part in blazing the way and preparing a better place in which to live and enjoy life to its fullest. She fought and wrought with her heart and hands to bring into this world the spirit of good and cheer—always played the part of the Good Samaritan to the world. She was the living exemplification of everything sweet and christian.

She, with her husband took the lead in the march of progress in many ways. They led in the establishment of better schools and a place to worship. The Boones' donated both their land and the building for the first school in Brushy, the community in which they lived.

She passes this heritage to her wonderful daughters and many grandchildren, who will continue to bless posterity for many years to come.

**ALDERMAN HATTOX—**

(Continued from Page 1)  
Hattox's resignation, the retiring city official was presented a Bible and a letter of appreciation signed by Mayor Hunt and Aldermen A. M. Turner, Olen Dotsen, Joe Thomson, J. E. Walling, Jr., and City Secretary, T. J. Arlueckle.

In announcing his decision to move to Cherokee, Okla., the retiring city official explained that he has accepted the ministry of a new Church of Christ in that city. He plans to devote his maximum time to the ministry, he said.

Mr. and Mrs. Hattox have three children, Tommy, Laverne, and Edna.

A resident of Haskell County since 1937, Mr. Hattox first engaged in farming, and later entered the grocery business in Weimert. In 1948 he moved to Haskell where he and a brother, Gaston Hattox, purchased the Piggly-Wiggly store from R. J. Reynolds. After selling their grocery business here, Messrs. Hattox engaged in the hardware and furniture business, and later added a tractor and farm implement agency. The latter business was sold last year and Gaston Hattox will continue as owner and manager of Hattox Hardware and

Furniture Company. It was announced.

In accepting the resignation of Alderman Hattox, the following letter, signed by Mayor Hunt and all members of the Council, was given the retiring official:

"It is with a feeling of deep regret, that we as fellow members of the City Council of the City of Haskell, accept your resignation as a member of this Council.

"It has been a pleasure to work with you during the past four years in our effort to make Haskell a better town and a better place in which to live.

"As we look back over this period of time, we can call to mind many things, that with the loyal support of the citizens of this City, we have accomplished and for which we are justly proud.

"As we review these different accomplishments, we are reminded that the Street Department, of which you have had charge during your tenure of office, now shows the improvements resulting from the careful planning and supervision you have given it.

"We appreciate, and we know the citizens of this city appreciate the time and efforts you have put forth as Street Commissioner, and as you leave our City to enter a new field of work our very best wishes go with you. We have no doubt that you will be successful in the profession you have so unselfishly chosen, and that you will be handsomely rewarded when your time on this earth shall have ended.

"With all best wishes for you and for Mrs. Hattox and the children."
