Window Display and Show Card Writing School Slated To Begin Here Sept. 21st

Haskell merchants and employees who wish to improve the appearance of their window displays and to learn the principles of show card writing, will have that opportunity beginning Sept. 21st, according to arrangements which have been made by the Chamber of Commerce.

W. G. Bohannon, Retail Training Specialist on the staff of the University of Texas, Division of Extension, has been secured to conduct the two courses. Bohannon, during the past three years, has conducted these courses in some 200 Texas cities. He has had several years experience as a commercial artist and before joining the University staff, he was in the commercial advertising business.

The course in window display will be conducted each evening, Monday through Friday, for two weeks in ten one-hour sessions. The course in show card writing will be followed by the display course. Principles of arrangement, color, design and construction of window backgrounds, treatment of floors, lighting effects and the creation of attention-getting displays for special events, are some of the topics included in the course.

The course in show card writing will include practice by the students in the study of alphabets, lay-out, composition, copy writing and the use of color. The course will provide for practice with pen and brush.

Any person employed in Haskell retail stores is eligible to enroll. Information regarding class schedules may be obtained by calling the Chamber of Commerce.

Lucky License Day Program Attracts Large Crowd

The first in a new series of Lucky License Days sponsored by Haskell merchants, attracted a large crowd last Saturday when five awards totaling \$105 were made to those whose names were called.

The person whose name was called for the Jackpot Award was not present, and the award is doubled this week.

The award was made on the courthouse square, beginning at 3 p. m. each Saturday.

Bobby Neil Smith Commissioned In U. S. Marine Corps

Mr. and Mrs. Clay Smith returned Monday from Washington, D. C., and Camp Goetzge attend-Quantico, Va., where they attended exercises at the United States Marine Corps officers training school there where their son, Bobby Neil Smith received his commission as Second Lieutenant, U. S. M. C.

Mr. and Mrs. Smith were accompanied by the young Marine officer's wife, the former Miss Darlene Blue of Abilene who has been making her home here and in Abilene while her husband was attending Marine Corps officers training school. She remained with Lt. Smith and they will make their home in Fredericksburg, Va., while he is attending an advanced school for Marine Corps officers at Camp Upshaw, Va.

All singers and music lovers are extended an invitation to be present.

First Bale Cotton From '53 Crop Is Ginned Here Today

First bale of cotton from the 1953 crop was ginned in Haskell today, forerunner of what is expected to be one of the largest crops in years.

The bale was brought in by O. J. Tibbetts, who lives several miles northwest of town, and was ginned at the Haskell Co-op Gin. Tibbetts brought in 1875 pounds of pulled cotton gathered from seven acres and ginned out a 445 pound bale.

The yield was from hybrid cotton, planted around May 1. Weldon Turnbow, manager of the Co-op Gin, said the cotton was exceptionally good grade and staple for a first bale.

Tibbetts will receive the annual First Bale premium of \$50 paid by the Haskell Chamber of Commerce.

Capt. Sam H. Smith, Jet Bomber Pilot, Back From England

Capt. Sam Hugh Smith, USAF jet bomber pilot, has returned to the States after a three months routine assignment in England, his parents, Mr. and Mrs. Clay Smith, learned this week.

Capt. Smith, pilot of the Air Force's newest jet bomber, the B-47, telephoned his parents shortly after landing his big bomber at an Air Force base in Maine last week end.

Capt. Smith returned Sunday to MacDill Field, Tampa, Fla., where he is stationed, his parents later learned. Capt. Smith, a graduate of West Point, is a veteran of 10 years service in the Air Force.

Revival Scheduled At Friendship Baptist Church

A one-week revival meeting will be held at Friendship Baptist Church in this city, the pastor, Rev. Joe L. Scheets has announced.

The meeting will begin Sunday, Sept. 11, and continue through the following Sunday, Sept. 20th. Services will be held each evening during the coming week, beginning at 7 o'clock. No morning service is scheduled.

The revival messages will be brought by the pastor, Rev. Scheets, and the Rev. Randolph Wilson, also of this city. Song service will be led by local singers.

Local Ministerial Group To Meet, Elect Officers

On Monday, Sept. 14 the Haskell Ministerial Association will meet for a regular business meeting and election of officers at 7:30 a. m. at the Texas Cafe, according to the president, Dr. R. K. McCall.

All ministers are urged to be present for this important meeting.

Cotton Buyer Ralph Raney Returns

Ralph Raney, cotton buyer here for the past 20 years, returned this week from Houston, where he spent the past few months with relatives and friends.

The veteran cotton buyer said this immediate section had the best prospects for a good cotton crop than a majority of cotton producing areas of the state that he had seen.

Raney plans to open an office here at an early date, or as soon as he can secure a suitable location.

WESTERN DAY RODEO EVENTS ATTRACT LARGE CROWDS SATURDAY

Haskell's second annual "Western Day" and first impromptu rodeo "test run" Saturday night in the new rodeo arena at the old Fairgrounds was highly successful from every angle, officers and members of the Haskell Saddle Tramps, sponsors of the affair, announced.

An estimated crowd of 1200 people almost filled the stands at the rodeo arena for the night performance Saturday when a schedule of events was presented which included Brahma calf riding by high school contestants, sponsor's barrel races, calf roping and cutting horse contests, spiced with entertainment features provided by Joe Moore, H-SU student and amateur rodeo clown, and a "greased pig" contest for boys under 12 which brought into the arena approximately 50 youngsters who made short work of corraling the three pigs turned loose as prizes.

Haskell Schools Gain 62 Pupils At Opening

Haskell public schools began their 1953-54 session Tuesday morning with a total enrollment of 997—an increase of 62 over opening day last year.

These figures cannot be counted as representing the total enrollment for the term, Supt. C. D. Allen said today, as additional pupils will likely be enrolled during the first weeks of the term.

Supt. Allen, who is beginning his first year as head of the local system, was optimistic over the outlook for a successful term.

Enrollment in elementary school this week was 467 compared with 439 last year, officials said.

In Junior High School 231 are enrolled this year, a gain of 10 students over last year's opening week total.

High School enrollment was 226 students this week, compared with 205 at the beginning of the last term.

Central Ward Colored school has 73 pupils in all grades this year, compared with 70 on the same date last year.

Novel Talent Program Will Launch Gonzales Fund Drive

Barry and his co-workers have devised a novel plan to introduce the program and raise funds for the foundation, which promises to provide entertainment as well as money to help children stricken with polio.

A public address system will be set up at the courthouse lawn, with an extension telephone from Collector R. A. Coburn's office.

Persons may call the phone number 248, and request a program number. This may be for you, friends or neighbors to come to the platform and sing or recite, or present some other talent number. If the requested person does not comply, he or she must donate \$1 to the fund. If the number requested is presented, the person making the request will donate \$1. All money will go to the Gonzales Fund.

The program will begin at 10 a. m. and continue until 6 p. m., but will be discontinued during the Lucky License drawing and for the Saturday afternoon preaching service usually conducted on the lawn.

Barry explained that if a person who is requested to give a number must come from home, transportation will be provided to bring them downtown and return. "There'll be no excuse if you are requested to give a number," he explained.

He explained further that the same person can be called on for only one appearance, but that anyone may request as many numbers as desired from different people.

On duty taking the calls at the platform will be Judge Alfred Turnbow, Willard Warren, Rex Felker, Tommy Davis, Royce Adkins and Horace Copal.

Haskell-Stamford Game Tickets On Sale At C of C

Tickets for the Haskell-Stamford football game in Stamford Friday night went on sale Wednesday at the Chamber of Commerce office.

The tickets will be available until late Friday, but fans are urged to buy tickets as early as possible to avoid inconvenience. All are reserved, and sell for \$1.25 each.

A block of 301 seats was designated for the Haskell section in the Stamford stand. No more than that number of tickets will be available here.

The game, starting at 8 p. m., is the season's opener for both the Indians of District 8-A, and the district AA Stamford Bulldogs.

Boggs & Johnson In New Location

Boggs & Johnson furniture store is now occupying larger quarters in a new location in the Rike Building, one door north of their former store.

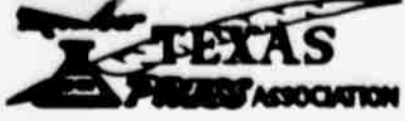

The new quarters provide much needed additional room for the store, which carries a large stock of new and used furniture. Their mattress business, which has been operated in connection with the store for a number of years, has also been enlarged in the new location.

Attend Reunion Of World War I Unit

Mr. and Mrs. Louis Bruggeman and son T. J. attended the annual reunion and get-together of Company E of the 36th Division in World War I, held at Crockett Sunday. More than 200 attended the affair, including many veterans who had served together in 1917-18. A barbecue dinner and other refreshments highlighted the reunion.

DRIVE IT! PRICE IT!
Then Compare The Deal!

Even a picture tells you a great deal about Pontiac's beauty, its long lines and substantial feel. But the best way to appreciate what makes Pontiac such a great value is to get behind the wheel and drive it. Then you'll know you have a real performer in hand. Pontiac always responds with eager, ready-to-go high-compression power - more than any highway will ever require. For all normal driving, the engine can loaf—one reason why Pontiac leads such a dependably long life. There's a great deal more to the Pontiac story: ease of handling, beautiful Dual-Streak styling, roominess, comfort and luxury. And there is Pontiac's PRICE—actually just a few dollars above the very lowest-priced field! So come in now and drive Pontiac, price Pontiac, compare Pontiac! We're confident that you'll quickly agree that Pontiac is your best deal!

Now For Grazing

many reasons why you should make plans for grazing. According to F. W. Martin, pasture and less labor is required for the animals when they are in good pasture. This means lower costs and more milk production.

pastures also supply the vitamins and minerals which are dormant; provide opportunity for rest and recuperation; reduce the cost of wintering livestock—made in central Texas experiment station show that without pasture it cost \$24 more for supplemental feed for an ewe and \$24 more for winter pastures, adds Martin.

from the standpoint of protection and improvement provide a cover for and prevent washing and the roots add order to the soil. Martin estimates that at least one acre of pasture on the farm is worth more than 100 acres of other sections are still in the drought. Re-

ardless of moisture conditions at planting time, Martin says, do the planting job. Dust the seed in if necessary. Dry planting will pay for no time will be lost after the rains come and grazing will become available earlier. Put down fertilizer, too, says Martin, for it will not be lost.

Martin likes to use a combination of grasses and a legume. He says the combination gives greater total production; that the forage produced is higher in protein and minerals and the grazing season is extended over a longer period. Martin suggests checking with the local county agent for the latest information on the best adapted varieties of grasses, oats, rye, barley and in some areas wheat, are the best bet for winter grazing. Vetch, crimson clover, Hubam and Madrid sweetclover are among the legumes which can be grown successfully in combination with the grasses. A check with the county agent will provide the best combination for the particular section.

It will be a good idea to inoculate the legume seed, explains the county agent, especially if the crop is on land which has not been planted to a legume recently and because of the effects which may have come about as a result of the prolonged drought. The cost of inoculating the planting seed is small compared with the returns of more production and the development of the nitrogen-fixing bacteria on the roots of the plants.

Poultry Industry Brings Millions To Texas

Recently released figures reveal the economic importance of the poultry industry in Texas. According to John G. McHaney, assistant economist for the Texas Agricultural Extension Service, it takes a lot of eggs to satisfy Texans' appetite for "hen fruit." In fact, he adds, the supply from Texas sources lacks almost three eggs per capita of meeting the demand.

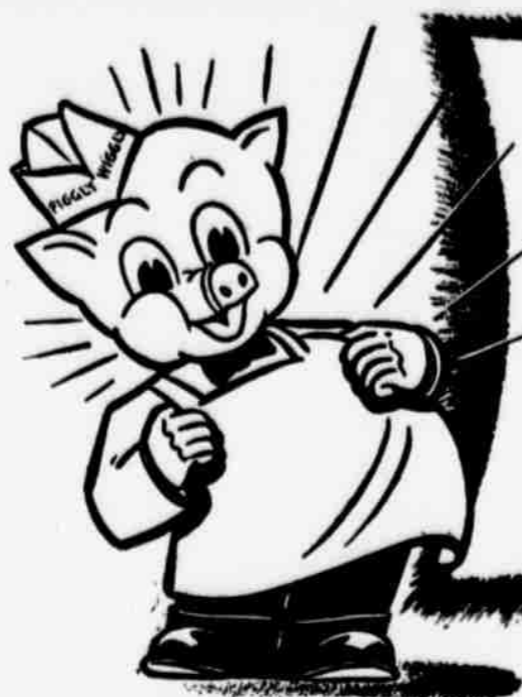

In 1951, 2,921,000,000 eggs were produced in Texas. The per capita consumption was 397 eggs. Therefore, says McHaney, 259,000,000 eggs had to come from other states to make up the difference. The existing favorable egg-feed price ratio, the rapidly increasing population within the state and generally favorable economic conditions over the country as a whole, leads McHaney to believe that egg producers in the state would be justified in further increasing the size of their laying flocks.

Final figures for 1952, he says, show that 21,474,000 hens were on the farms of the state. Figures released on July 1 indicate some reduction in this number while the hen numbers for the nation remained about the same as for a year ago. Gross sales in Texas from eggs in 1951, he says, amounted to \$98,871,000.

The Texas broiler industry has grown by leaps and bounds during the past few years and in 1951 grossed \$42,343,000 for the state's producers.

Turkey producers in 1951 had gross sales of \$18,124,000. Final figures for 1951 show that eggs represented 61.2 per cent of the total gross poultry income for the state; broilers 27.3 per cent and turkeys 11.5 per cent.

It adds up, says McHaney, to a whopping total of \$157,338,000. A sizable figure for even the state of Texas.

News From Sagerton

BY MRS. DELBERT LE FEVRE

The Lutheran Womens Mission, my League of the Zion Lutheran Church will hold an important meeting on Thursday, Sept. 10 at the parish hall. At this time there will be an open discussion of the meaning of the word "disciples" as applied to present day Christian women. They will also elect delegates to the zone rally of the district to be held Oct. 27 in

Albany. At this rally the Rev. Luther Meinzer, who has spent one term of service in South India, will give an address that promises to be of special interest on "Women, Hindu and Christian." He comes highly recommended as an interesting speaker. Mr. and Mrs. G. A. Lambert went to Idalou Sunday morning after they received word that

their son Rueben was seriously ill. Mr. and Mrs. B. M. Young of Moses Lake, Wash., and Mr. and Mrs. Joe Swofford of Irving were guests in the Loll Young home here last week. B. M. Young and Loll are brothers. Fred Kupatt is visiting relatives in Shiner where he was a guest at his cousin's wedding last week end.

Patricia Kupatt, daughter of Mr. and Mrs. B. Kupatt, is visiting in Midland with her sisters, Mrs. Curry and Mrs. Elmore.

Mr. and Mrs. A. C. Knippling were guests in the home of Mr. and Mrs. Edwin Thane Sunday to celebrate Mr. Thane's birthday.

Miss Dahlia Knippling, who teaches at Olney, was home with her parents, Mr. and Mrs. A. C. Knippling for the Labor Day week end. Her sister, Dorothy, who teaches at Wilson, was also home for the week end.

Mr. and Mrs. August Balzer went to Schulenburg last week end for the funeral service of Mrs. Christel Balzer there Monday. They also visited with Mr. and Mrs. Larry Cornelson and family in San Antonio before coming home.

Lois Knippling, Jerry Kainer, Jerry Thane and Buddy Letz of Old Glory left Sunday for Seguin to attend Texas Lutheran College. Lois, Jerry Kainer and Buddy Letz are all freshmen.

Dorothy Knippling celebrated her birthday Friday evening, September 4 in the home of her parents, Mr. and Mrs. A. C. Knippling. Guests included Mrs. Emma Schaahe and Erna, Mr. and Mrs. Dan Rinn and children, Mr. and Mrs. Albert Knippling and Mr. and Mrs. Frank Boedeker all of Stamford; Mr. and Mrs. Adolph Helm and Jeanette, Mr. and Mrs. Otto Schaahe, Mr. and Mrs. Otto Lehmann, Willie and Adrienne, Mr. and Mrs. C. E. Stegemoeller and Marvin, Mr. and Mrs. F. A. Stegemoeller and Kenneth, Mr. and Mrs. Herbert Vahlenkamp and children, Mr. and Mrs. Leon Stegemoeller and Clayton and Mr. and Mrs. Edwin Thane and sons, and Jerry Lee Kainer.

Mrs. Chas. Lammert of San Angelo is visiting here with Mr. and Mrs. Emil Kainer and family.

Mr. and Mrs. Hal Carr and granddaughter of Old Glory and Mr. and Mrs. R. O. Gibson, Sr. and Gloria and Mr. and Mrs. John Petty of Stamford all visited in the J. B. Gibson home Sunday.

Mrs. Mary Hess and son left for their home in Midland Monday after visiting here with Mr. and Mrs. Ben Hess. Mr. Hess' twin brother, Lark, from Mercury also visiting here, went home Monday.

Mr. and Mrs. Jacky Tabor and daughter, Keren visited with Mrs. John L. Guinn and family last week end.

Mr. and Mrs. Charles Clark and Steve, and Mr. and Mrs. John Clark spent last week end in Wichita Falls visiting relatives.

Mrs. Elba Gibson and daughter Barney Lou, and Mr. and Mrs. Jack Gibson of Pecos spent last week end with Mr. and Mrs. A. L. Gibson and family.

Mr. and Mrs. Price Martin, former residents of Sagerton, now living in California, visited with Mr. and Mrs. B. Kupatt and family and other old friends here last week.

Guests of Mr. and Mrs. M. Y. Benton Sunday were Mr. and Mrs. Gene McClellan and Mr. and Mrs. Wallace McClellan of Ft. Worth.

Ten young people of the Sagerton Methodist Church met Thursday evening and organized a MYF here. Rev. Vernon Mayfield, pastor, met with them. Patricia Summers was elected president of the group and Sandra Ross was elected vice president; Elyzabell LeFevre, secretary; treasurer; Shirley Bell reporter and Billy Tabor recreation chairman, and Winston Ulmer, worship chairman. Mrs. F. A. Ulmer was selected as their leader and Mrs. Melvin New as assistant.

Weinert News

Mr. Frank Oman, Mr. and Mrs. Glenn Caddell and Mr. and Mrs. Clarence Searcy, attended the funeral Saturday at Abbot, Texas of Mrs. Oman's brother-in-law, O. O. Greenhill, who died Wednesday in Denver, after a long illness. Mrs. Greenhill is the former Gussie Caddell of Weinert.

The MYF of the Methodist Church honored Joella Weinert and Charles Hix Friday night at the recreation room in the church with a going-away party. After refreshments of watermelons were served, gifts were presented to the honored guests. Attending were Sam Adams, Don Lamb, Jimmy Reeves, Mary Walker, Pansy Hammer, Don Smith, Hugh Smith, Wayne Josselot, Tommy Walker, Ronnie Walker, Luther Walker, Mrs. C. C. Lamb and Mrs. T. C. Walker and Marjana, and the honorees, Joella plans to enter NTS at Denton. Charles will be a student at Texas Tech, Lubbock.

Mr. and Mrs. T. W. Jetton entertained during the week end, including their daughter and her family, Mr. and Mrs. L. D. Cooper and a son, T. W., from Las Cruces, N. M., and Mrs. Jetton's brother, Tom Chitwood of Hobbs, N. M.

Missing Chapters in the Schoolbooks

A high-school teacher writes us: "Please send me 50 copies of your booklet, *Adventures Inside the Atom*, for use with my students." Another wants material on new inventions. Or booklets on jet planes.

New things happen in science faster than textbooks can be revised.

New words puzzle our ears and eyes before these words are in dictionaries . . . atomic-pile reactors, silicones, jet engines with "afterburners," UHF television. Some problem for teachers, that.

Last year over 100,000 letters from schools hit our desks at General Electric asking for things in print on "what's new."

Just to give you an idea of how this adds up, one booklet, *Adventures Inside the Atom*, has been requested to the tune of five million copies since 1948.

Adventures in Jet Power, also handled in comic-book treatment, has since 1946 gone into eight printings.

This may surprise you: a new booklet, *Why Study Math?*, will run over a million copies this year. (It answers that question Junior is always raising.)

Nobody is happier than we are to know teen-agers have a lively appetite for what's buzzing in the world around them.

After all, whether they know it or not, our young people in school today will be the scientists and engineers of tomorrow. They can't know too much.

ROADMASTER

CUSTOM BUILT BY BUICK

To you who have yet to drive a 1953 Buick ROADMASTER, we have this to say:

There is waiting for you at the wheel of this car a tremendously satisfying experience—the most magnificent Buick motoring experience of the past half century.

We say this as a matter of straight and simple fact.

For in this automobile—the smoothest-riding, the most maneuverable, and the most instantly responsive ROADMASTER in history—is an engine unlike any other in the world, plus an automatic transmission of similar uniqueness.

Here, you command the first Fireball V8 Engine—the world's first V8 with vertical valves—the modern and advanced V8 with the highest horsepower ever placed in a Buick, and the highest compression on the American scene today.

Here, you command distance through liquid grace of Twin-Turbine Dynaflo—where getaway response is instant and quiet, and power build-up is infinitely smooth.

Here too, you take a new step forward in fine-car motoring—in the luxury of your ride, the luxury of your surroundings, the luxury of your control, and Power Steering standard equipment at extra cost.

We can give you the details, the reasons, the facts.

But—wouldn't you rather learn the total of such things in a road sampling the greatest ROADMASTER yet built? We'll be happy to arrange matters. We not visit us soon?

*Available at additional cost on Roadmaster and Buick models only. **Optional at extra cost in Super Buick Roadmaster Sedan and Riviera models.

Eighty Guests Attend Progressive Study Club's "Family Night" Dinner Thursday

"We have come here tonight in family groups, families who play together and pray together," said the Progressive Study Club president, Mrs. Robert Wheatley, in introducing young Jimmy Ferguson to give the benediction at the club's Family Night dinner Sept. 3 in the Homemaking Cottage.

Approximately eighty persons were present to enjoy the contributed "best dishes" of the club members. Recipes for each were collected and will be used in a surprise feature later in the year.

The Study Course committee,

who served as hostesses for the affair, were recognized and commended for the attractive year-books, which were distributed at the meeting. Mrs. Jack Pippin, chairman of the committee, explained that the study course title, "Take Thou," is the "R" symbol translated, and that each program will be a "prescription" to stimulate action, interest, and study, especially in the field of Americanism. Other committee members are Mrs. Ben Clifton and Mrs. Jean Elliott.

Mrs. R. W. Herren, club counselor, was presented as program director for the evening. She pointed out that it was appropriate to have our families present at our opening meeting because "federated clubwork is intended to make us better homemakers as well as better citizens." She further stated that it was a special pleasure to have so many children as guests "because the Progressive Study Club has, through the years, been especially concerned with the youth of our town."

In keeping with the night's theme, "Prescriptions and Recipes," Mrs. Herren presented Jack Pippin, local pharmacist, who spoke on "Prescriptions." Using one of the miracle drugs as an example, Mr. Pippin traced its path from its discovery, to the doctor who prescribes it, and to the pharmacist who makes up the prescription. His interesting remarks on both the humorous and serious aspects of prescriptions were well received by his listeners.

An audience participation game led by Mrs. Herren, concluded the evening's entertainment.

Guests registered by Mrs. O. J. Curry were Mr. and Mrs. Ira Hester, Diane and Tommy, Mr. and Mrs. W. P. McCollum, Ken and Johnny, Mr. and Mrs. Jim Ferguson, Jimmy and Vicky, Mrs. Frank Martin, Mr. and Mrs. R. A. Coburn, Sam and Robert, Mr. and Mrs. Bill Lawson, Nancy and Kathy, Mr. and Mrs. Joe E. Thompson, Craig and Cheryl, Mr. and Mrs. Howard Perry, Jr., Bill and Tom, Mr. and Mrs. Robert Wheatley, Mr. and Mrs. Jack Landess, Mrs. S. W. Flournoy and Larry, Mr. and Mrs. Bob Herren and Jan, Mr. and Mrs. Jean Elliott, Barbara and Jo, Mr. and Mrs. Ed Hester, Eddie and Gene, Mr. and Mrs. Royce Adkins, Dr. and Mrs. Wm. J. Kemp, Mr. and Mrs. Tommy Davis, Mrs. Brooks Middleton and Riley, Mr. and Mrs. W. H. Pitman, Janis and Jennabeth, Mr. and Mrs. Gene Frierson and Vicki, Mr. and Mrs. Garvin Foote and Bennet, Mrs. O. J. Curry, Mr. and Mrs. Jack Pippin, Mr. and Mrs. R. A. Lane and Suzanne, Mr. and Mrs. W. V. Felker, Michael and Walter.

Newlyweds Honored At Series of Parties

The recent marriage of Mr. and Mrs. James Raughton has been an inspiration for a series of parties in the Paint Creek community.

A lovely bridal shower honoring Mrs. James Raughton, the former Dorothy Jean Overton was given by the ladies of the Paint Creek Methodist church on Monday Sept. 7.

A garden theme was used with garden flowers grown by Mrs. W. A. Montgomery decorating the church.

Guests were greeted at the doorway by Mrs. Bill Miekler and in the receiving line was the bride, her mother, Mrs. Roy Overton, the groom's mother, Mrs. Clarence Raughton and his grandmother, Mrs. J. E. McCowan.

Miss Carolyn Smith Is Bride of Dallas Baugh In Rochester Church Rite Sunday

By Mrs. James A. Greer

The First Baptist Church of Rochester was the setting for the wedding Sunday afternoon at 4 o'clock when Carolyn Smith, daughter of Mr. and Mrs. T. R. (Hap) Smith of Rochester became the bride of Dallas Baugh, son of Mr. and Mrs. E. H. Baugh of Rule.

Rev. Cecil Meadows read the impressive double ring ceremony before an archway of greenery, flanked by huge baskets of white gladiolus and burning tapers in candelabra.

Traditional wedding music was played by Mrs. E. J. Warren of Knox City. She wore a pink lace dress and rhinestone jewelry and her corsage was white carnations.

Mrs. Charles Kay aunt of the bride, sang "O Promise Me" and "I Love You Truly," preceding the ceremony and sang The Lord's Prayer following the ceremony.

Given in marriage by her father, the bride wore the wedding dress of her aunt, Mrs. Robert Weimer of Fort Worth. The dress was white slipper satin with sweetheart neckline and train. Her fingertip veil of illusion fell from a tiara of orange blossoms and her bouquet was an orchid encircled by stephanotis and white satin streamers.

For something blue she wore a garter made by Mrs. Howard Sloan. For something old she carried a handkerchief of her late grandmother, Mrs. J. W. (Mammy) Smith. For something new she wore a pearl necklace, a gift of the groom, and she wore a penny in her shoe for good luck.

Her going away costume was a brown faille suit, brown hat and white gloves. Her corsage was the orchid from her bouquet.

The bride's attendants wore identical dresses. They were waltz length and lavender net over tulle and head dress were champagne fashioned of harmonizing net. They carried salmon pink nosegays.

Matron of honor was Mrs. Warren Short, Charlene Smith, sister.

The refreshment table was laid with a yellow lace cloth centered with yellow glass and flanked of yellow candelabra. Table appointments were cut glass and silver. At one end of the table a large 3-tiered white wedding cake topped with a miniature bride and groom was served with punch by Carmen Kay, cousin of the bride, and Darlene Hulse, niece of the groom. Assisting them were Rosemary Kay and Martha Sue Smith, cousins of the bride and groom.

Shirley Parker of Rochester, mate of the bride while in Hardin-Simmons, presided at the dinner.

After a wedding trip to other points the couple reside at Austin where he attends school.

Guests registered from Fort Worth, Abilene, Snyder, Rotan, and towns.

The bride's mother wore a grey figured crepe dress with side drapes and a black velveteen hat with rhinestone and veil trim and black accessories. Her corsage was white carnations.

The groom's mother wore a navy faille suit and off-face navy hat and harmonizing accessories. Her corsage was white carnations.

The bride is a graduate of Rochester high school and was football sweetheart and was a majorette in the school band. She attended Hardin-Simmons University.

The bridegroom is a graduate of Rule High School and was an active participant in all of the school's activities. He will enroll in Texas University at Austin for the 1953-54 school term.

A reception was held at the home of the bride's parents immediately after the ceremony.

Study Club Plans Town Hall Meeting

In observance of Americanism Day Sept. 17, the Progressive Study Club has announced plans for an old time Town Hall Meeting to which the public is invited. Place for the meeting will be in the First Methodist church at 7:30 p. m. and the meeting will feature a forum on Religion and Democracy.

Speakers for the event will be local ministers and the meeting will be directed by Mrs. Arlos Weaver who is a club member, high school English instructor and an active worker in local civic and church affairs.

The General Federation of Women's Clubs, the Texas Federation and the local club all are stressing Americanism projects in the course of study this year. Several other programs have been planned for the club year but the Progressive Study club urges the citizens of Haskell turn out for this Town Hall forum.

No admission charge will be made and it is believed that the messages to be delivered will be a great benefit and interest to those who attend.

Make your plans now to be at the Town Hall meeting. More details will be given in

Patsy Wiggins and Bobby Hutchinson Wed At Weinert

Miss Patsy Cileen Wiggins, daughter of Mr. and Mrs. R. W. Raynes of Weinert, and Bobby Earl Hutchinson, son of Mr. and Mrs. R. E. Hutchinson were married Saturday in the Weinert Baptist Church, The Rev. Temple W. Lewis read the double ring ceremony uniting the couple.

The church was decorated with an arch of greenery and pink gladioli. White callidiums flanked the altar.

The bride, given in marriage by Mr. Raynes, wore a street length dress of white organdy with embroidered bodice of pale blue, dotted with rhinestones. She wore a white hat with rhinestones. Her bouquet of white feathered carnations showered with stephanotis, and pale blue and white streamers, was carried atop a white Bible.

Best man was Lester Hutchinson, brother of the bridegroom; Roberta Raynes, niece of the bride, was maid of honor. Twin nieces of the bride, Dolores and Dorothy Raynes, were flower girls.

Mrs. Felton Raynes, pianist, accompanied Mrs. George Murtzert, who sang "I Love You Truly" and "Always." Both are of Munday.

After a wedding trip to New Mexico the couple will live in Munday.

Both are graduates of Weinert high school. He attended Texas Tech three years and was recently discharged from the Army. He is a Korean veteran.

13th District P-TA Civil Defense Workshop Slated

The 13th District P-TA Civil Defense Workshop will be held in Haskell Sept. 26th, it was announced this week. This date has been definitely approved for the workshop, Mrs. Bob Herren, who is assisting in plans for the meeting, said.

The Fall workshop will be held in the Elementary School Building, beginning at 9 a. m., with "Civil Defense" as the theme.

The speaker will be Miss Mattie Treadwell of Dallas, who is with the Federal Civil Defense Administration. Miss Treadwell will explain what the Federal CDA will do, along with what citizens can do about Civil Defense. There will be an Open Forum where all may participate.

The meal will be served at the school cafeteria during the noon hour. The meeting will continue after lunch and close with the District Board of Managers meeting. There are 28 members on the board.

Mrs. R. E. McKiski of Seymour who is the District Civil Defense chairman, has been very busy in securing the speaker for the meeting. Credit is due her for the fine choice of a speaker.

Mrs. James V. Daugherty, District Music Chairman will furnish music for the day.

Everyone interested in Civil Defense is urged to attend the morning session.

Weinert Couple Observe Golden Wedding Date

The golden anniversary of Mr. and Mrs. M. L. Raynes was observed Sunday afternoon from 2 to 5 in their home in Weinert with a lovely tea given by their children.

Mr. and Mrs. Raynes received guests.

The registry was presided over by Roberta Raynes and B e t h Raynes Tayntor, granddaughters. The registry table was decorated with an arrangement of yellow roses in a circle centered with two golden circles representing wedding rings, which were linked together with the golden numerals "50."

Mrs. Raynes wore a white orchid on a golden lace background. The daughters and granddaughters wore shoulder corsages of yellow roses.

The refreshment table was laid with an ecru lace cloth over a green underskirt. Centering the table was a white 3-tiered wedding cake bearing the gold numerals 50. Atop the cake were two golden wedding rings tied together with golden wedding bells and golden ribbon, a ring of yellow roses and carnations surrounded the cake. Perched on the sides of the circles were tiny white frosting doves. Extending from the centerpiece were gold lace streamers lined with green, bearing the names "Mary and Mike" and the dates, 1903 and 1953 in gold letters.

The daughters presided over the table from which guests were served frosted punch from a crystal punch service at one end and coffee from a silver coffee service with cake, at the other. Napkins were inscribed with the names of the honorees in letters of gold.

Gifts were displayed in the entertainment rooms which were decorated with yellow roses and carnations at different points of interest. Piano music was furnished by Mrs. Felton Raynes, Munday.

All of the Raynes' children were present. They were Mr. and Mrs. M. L. Raynes, Jr., Munday; Mr. and Mrs. R. W. Raynes, O. G. Raynes, Fort Worth; Mr. and Mrs. A. L. Raynes, Fort Worth, Mr. and Mrs. I. M. Stephens, Fort Worth; Mr. and Mrs. L. B. Roberts, Seminole; Mrs. T. R. Price, Odessa; Mrs. R. H. Muntzert, Marysville, Kan.; Mr. and Mrs. George Muntzert, Munday. Twenty-two grandchildren and 1 great-grandchild attended.

The **\$80,000** Question:
Do We Need A NEW Jail?

Without denying the fact that Haskell County's 43-year old jail is not as modern, convenient, and attractive as recently built jails, it still is probably as adequate and safe as will be found in a majority of Texas counties.

Apparently, its prison facilities are good as the average jail, and entirely adequate for Haskell County's needs for years to come. Also, when the cell blocks were remodeled in 1931 quarters were provided that could be utilized in segregating men and women or juveniles with all required privacy. Records will show there has been a steady decline in the number of inmates held in jail in recent years. This eliminates any need for a larger jail.

Before spending \$80,000 in tax money for a NEW jail, would it not be exercising good judgment to get estimates on the cost of modernizing the present structure and making necessary building repairs? This could probably be done for half the cost of the proposed new jail.

Increasing tax debts, whether time warrants or bonds, can eventually bankrupt a city, county, State or nation. Reduction of public expenditures and debts is now the biggest concern of the nation's leaders. Why not start right here at home?

If you are a taxpayer, this \$80,000 is YOUR MONEY. If you are interested in seeing it spent wisely, talk to your Commissioner and county officials and ask them to see if a substantial saving cannot be made through modernizing the present jail.

\$80,000 Is A Lot of Dough. The Time To Save Tax Money Is Before It Is Spent

Before This Much Money Is Spent, the Tax-Payers Should Have A Right To Vote on It

Truck and Firemen Answer Call To Knox City

A truck and several members of the Haskell fire department answered a call to Knox City Saturday afternoon. Firemen there had asked for additional equipment when it was feared an apartment house fire might spread to adjoining premises after one of the Knox City fire trucks had gone out of service.

A two-story apartment house, located east of the main business section of Knox City, was badly damaged by flames and water. The property was owned by C. E. Ball of Plainview, and was occupied by three families. The fire was believed to have started from a defective gas stove in an upstairs apartment in the frame structure.

Les Fund Slated 14-30

Sept. 7.—Ross Boothe, of the Gonzales Warm Foundation for Crippled revealed today that the statewide, annual activities of this organization have been set for Sept. 14-30.

The high incidence of these disabilities in Texas is noted in the Foundation's report. It's achievement in the field of postacute poliomyelitis, an neuromuscular disease resulting from infection may be treated at a hospital of physical rehabilitation.

Rated one of the outstanding members of the McMurry College Indian football squad is Bobby Jack Price, of Haskell. Fastest end on the Tribe roster. He lettered last year and is due for an even better season in '53. Price is a good

Merchants Feature Fall Merchandise, Back-To-School Items On Dollar Day

One of the most timely merchandising events of the year will be offered shoppers of this section Tuesday, Sept. 15th when cooperating Haskell merchants stage their September "Dollar Day" with 14 retail stores cooperating.

Merchandise carried in these establishments covers a wide variety—ranging from clothing for the entire family to furnishings and furniture for the home.

Many of the items included as special Dollar Day offerings will afford a timely opportunity for the family to purchase their "back to school" needs for boys and girls at a saving. Also, new fall merchandise in a wide variety is being featured by many of the cooperating stores.

Shoppers who check the Dollar Day advertisements in this section of The Free Press will find a large assortment of items—in fact, almost every article handled in retail stores will be available at special prices on this one day only.

In addition to the reduced prices listed in the advertisements many other items at attractive prices will be found when you visit the stores.

Stores cooperating in the current series of Dollar Days include:

Perkins-Timberlake, Neely Dry Goods, Hassen's, Sherman Floor Co., The Booterie, Hattox Hardware & Furniture, The Hub, W. A. Lyles Jeweler Cofields Dress Shop, The Fair Store, Personality Shoppe, Wheatley's The C. & B. Store, Lane-Felker.

Keith Wheatley On Grid Roster At Colorado College

Keith Wheatley of Haskell, who enrolled in Western State College of Colorado, Gunnison, Colo., was among forty-one candidates reporting last week for the first practice session of the 1953 WSC football season, reports Coach Willard "Pete" Pederson. Wheatley is a freshman.

Edward Ammons, also of Haskell, teammate of Price, is likewise rated a powerful cog in the Tribe's football machine. Ammons, end, is one of McMurry's four returning all-conference men.

The McMurry Indians meet the Sul Ross Lobos at Midland Saturday night, Sept. 12 at 8 p. m. in the season opening for both teams.

Rev. and Mrs. Kenneth Address of Miami, Ariz., are the proud parents of a baby boy born Aug. 27 in Miami. The young boy was named Michael Wayne. Grandparents are Mrs. Willie Address of Haskell and Mr. and Mrs. Corbet Lytle of Rule.

Sgt. R. C. Trussell Serving In Korea With 25th Division

With the 25th Infantry Division in Korea.—Army Sgt. Robert C. Trussell, son of Robert C. Trussell, of Itt. 1, Haskell, is now undergoing post-truce training with the 25th Infantry Division in Korea.

Trussell, a section leader with Company H of the 27th Infantry Regiment, has been in Korea since last October.

The 20th "Lightning" Division is constantly working to maintain and improve the high level of combat readiness which it displayed throughout the Korean conflict.

Veteran of more months of combat than any other American division in Korea, the 25th landed on the peninsula in July 1950, shortly after the Communists crossed the 38th parallel. Since that time it has never left the combat zone.

WTCC Asks Drouth-Hit Land Be Included In Acreage Allotment

The West Texas Chamber of Commerce today called on Administrator Howard H. Gordon of the Production and Marketing Administration to advise the Texas PMA committee to count in the 1952 and 1953 cotton and wheat

acreage totals the "acreage lost because of abnormal weather conditions."

A proclamation of cotton acreage controls by Secretary of Agriculture Benson is expected in October which would impose acreage allocations county by county based upon a five-year average of acres in cotton in 1947, 1948, 1949, 1951 and 1952, and wheat controls have already been voted.

"Texas, particularly the western half of the state, will lose heavily when this average is computed because of drouth conditions unless the intent of public law is followed," R. M. Fielder of Abilene stated. He estimated that more than a million acres historically dedicated to cotton were lost to the drouth in Texas in both 1952 and 1953.

Fielder, chairman of the agriculture and livestock committee of the regional chamber of commerce, said that Section 344 (b) of the Agriculture Adjustment Act of 1938, as amended in 1950, gives the PMA authority to make adjustments in drouth areas.

Specifically, the WTCC called for measuring and reporting for the record:

1. Land which was planted in cotton but on which cotton did not come up because of inadequate moisture.

2. Land which was prepared for cotton planting but on which nothing was ever planted because of inadequate moisture.

3. Land which was prepared for cotton planting but on which, after lengthy waiting made cotton planting unseasonable, cover crops were planted instead to prevent wind erosion.

The request which the WTCC sent to Gordon states that the organization had been advised by Congressman W. R. Poage of Wa-

co, a member of the House Agriculture Committee, that public law provides upward adjustments for these conditions and that Gordon had stated before the House committee in August that the PMA had authority to make these adjustments.

"One of our directors talked to members of the staff of your state office and was advised that that office has received instructions from Washington that such acreage should not be included," the message to Gordon states.

"We realize that many of the counties—maybe all of them—have measured the cotton acreage and made their reports. We do believe, however, that the facts should be clarified and that action should be taken by your office to advise your state office that this acreage, because of the loss by drouth in 1952 and 1953, must be included and that your county PMA officials should be specifically advised to review and re-measure the acreage in each county to be sure that land intended for cotton as pointed out in the three examples listed should be included in the figures for our state if the 1952 and 1953 acreage totals are to show a fair and equitable situation."

The same request was made for Texas wheat acreage.

Agricultural producers of the state are advised to be on the alert for damaging invasions of their crops and pastures by worms. They are bad in many sections of the state at the present. Fall army worms and cotton bollworms are two of the chief culprits. Cotton leaf worms are also spreading.

Exports of cotton from the United States during the first 10 months of this season total 2.7 million bales. This compares with 5.2 million bales for the same period last season.

successful completion of the course, will receive the silver wings of an Air Force pilot. The lieutenant and his wife are presently residing at 330 Harmon Drive, Reese Village. Of Legumes Like Income Farm Crops

can help hold the line
income. With the return
controls on some cash

profits, the need for increasing
profits on each acre planted is
emphasized, says Extension Agri-
onomist Ben R. Spears. He adds
production costs can be cut by
using improved machinery and
labor saving equipment but em-
phasizes that higher acre yields are
of major importance.

yields and put dollars in the
farmer's pocket. To get the most
from legumes, however, only the
best adapted varieties should be
planted, the seed properly inocu-
lated and fertilizer applied in
accordance with the soil needs.
A soil analysis should be used as
the basis for determining ferti-
lizer needs, he says.

Legumes when properly in-
oculated can help reduce nitro-
gen fertilizer requirements of the
crops which follow the legume.
Research workers of the Texas
Agricultural Experiment Station
in 11-year study have found that
the top growth of hairy vetch
contains an average of 102 pounds
of nitrogen an acre. Legumes are
the only plants which have the
ability to take nitrogen from the
air and store it in the plant but
must be inoculated with the
proper nitrogen-fixing bacteria
before they can do so, says Spears.
He recommends the use of com-
mercial inoculants which are
readily available. Be sure and
check the label on the container,
he says to make certain the right
inoculant is being used.

Legumes, like other crops, re-
quire proper fertilization for
maximum growth. Phosphorus is
needed in almost all areas of the
state. Potash and calcium may
also be needed particularly in the
eastern half of the state, says
Spears. On soil low in organic
matter a small amount of com-
mercial nitrogen applied at plant-
ing time will help get the leg-
umes off to a good start.

The effects from plowing un-
der a heavy growth of legumes
usually lasts for more than one
year. The legumes add organic
matter to the soil and thus im-
proves the soil structure. This
allows deeper root penetration
and increases the water holding
capacity of the soil. The increas-
ed water holding capacity is par-
ticularly evident in dry years and
two examples which show the
value of legumes, Spears cites.
Wayne Anderson of Lamar Coun-
ty this year combined 105 bushels
of oats an acre from land that
was locally known as "old land."
The field for three previous years
had been planted to vetch. In the
Stanfield community in Clay
County, E. J. Lee produced 22
bushels of wheat an acre from
land which had been in vetch
during the winter of 1952. From
similar land on the farm but not
planted to a legume, he harvested
only 7 bushels of wheat an acre.

Too, in the Blackland area,
sweet clover has proved its value
in the fight against cotton root
rot. Using this legume in the crop
rotation can make a considerable
difference in the pounds of lint
harvested from an acre, says
Spears.

Right now livestock producers
are in need of grazing crops and
legumes can be used with suc-
cess for supplementary pastures.
They will provide high protein
feed at a lower cost than pur-
chased feeds.

With the favorable moisture
conditions that exist in many parts
of Texas at this time, Spears
points out that prospects are good
for winter legume crops. Dry
weather during the past two or
three years at planting time has
been responsible for reduced
plantings of legumes but the
moisture now available should be
a big inducement for farmers and
stockmen to greatly expand fall
seedings of the adapted legumes.
Spears suggests that local county
agents be contacted for detailed
information on the best adapted
legumes and fertilizer needs

'Trip To Moon' Will Be State Fair Feature

The 1953 State Fair of Texas,
Oct. 10-25, will offer an out-of-
this world holiday for fair-goers
who want to take a Trip To The
Moon. Round trip, that is.

The trip, a daily fair attraction,
will only be simulated but the
illusory sensation is as thrilling
as a ride in a space ship.

To take the trip, you enter a
brand new planetarium in the
auditorium of the Museum of Fine
Arts.

The show begins in pitch dark-
ness. Mood music. Pilot announces
take-off. Zooming sound effects as
the rocket blasts away. Dallas
skyline appears as room brightens.
On a video screen, glimpses of
earth as it disappears.

The pilot begins a painless les-
son in astronomy. Trip-takers are
handed space sickness pills.
Powerful optical equipment of the
new portable planetarium pro-
jects Saturn on a huge sky dome.

A little movie magic makes the
moon on the video screen grow
larger and larger. Sound effects
of the space ship speeding to-
ward the moon, then landing. Ex-
planation now of the airless, dead
planet that is the moon.

More mood music for the re-
turn trip. Sound effects of the
take-off and landing again on
earth. The boys in space helmets
will hand each visitor a button
saying "I have been to the moon."

There will be five daily shows
on Saturdays and Sundays, three
on weekdays, all during the State
Fair.

There are six big planetariums
in the nation, but none are in the
Southwest. This will be some-
thing new for the fair.

All exhibits at the Museum of
Fine Arts will be geared to the
space theme. Architecture, sculp-
ture and paintings will depict a
feeling of space and man's re-
lation, or groping, in space.

Even a mural at the museum
just completed by famed Artist
Rufine Tamayo depicts man
reaching for the stars. The mural
occupies a space 10 feet wide and
18 feet high directly across from
the planetarium.

School lunchrooms and local
public and private welfare agen-
cies can get butter from price
support stocks owned by the
USDA. About 50 million pounds
are available.

A number of cattle on feed for
market in the 11 Corn Belt states
on July 1 this year was estimated
to be 8 per cent larger than a
year ago.

Gonzales Warm Springs Film and Talk by USCC Representative on Lions Program

A brief talk by Wilson Owens of Fort Worth, field representative of the United States Chamber of Commerce, and an interesting film on the work of Gonzales Warm Springs Foundation highlighted the meeting of the Lions Club last week.

The film, shown by John Barry, chairman of the Haskell County Foundation for the Warm Springs Foundation, showed the buildings and grounds, along with some of the equipment and methods of treatment used at Warm Springs in restoring polio-stricken youths to normal lives. Scenes showed

the school work carried on from Grade One through the 12th in the fully accredited Foundation school. Other scenes were shown of the recreation facilities provided for the children.

Approximately \$1 million of Texas money has gone into developing the Gonzales Warm Springs Foundation, the County chairman explained.

Cooperation was the theme stressed in the USCC representative's talk, in which he outlined the importance of committed work. "We must not look at work projects in a selfish light," he

declared, "but rather from the viewpoint of benefitting the entire community and every citizen."

Guests at the meeting and luncheon included Billy Snow, Grade School Principal; Jim Johnson, Junior Hi School Principal; and W. P. McCollum, Principal of Haskell High School.

Treat Grain Seeds For Smut And Blights

Planting time for winter grain crops is at hand, and Fred C. Dines, extension wheat and marketing specialist, reminds farmers that smut is likely to take a toll if the seed are not treated before planting.

He reports that smut showed up in damaging amounts in many sections of the state during the past wheat harvest and warns it will be worse this year unless precautions are taken at planting time. He lists these as planting the best variety for the section, cleaning the seed to remove weed seeds and smut balls which may be present and chemical treatment of the planting seed.

Stinking smut is the disease which should get major attention. If untreated seed are planted which are infected with smut spores, a good crop of stinking smut will develop next spring in the wheat heads where the grain should be, says Dines. Smut reduces the yield in the field and smutty grain is docked on the market. This smut is hard to recognize in the field except by its foul odor and the somewhat greener color of the infected heads. The kernels of the infected plants change to smut balls, and when the grain is combined, these smut balls are broken and millions of black spores are scattered over the healthy wheat seed.

Oats and barley smut on the other hand is easily recognized by the black, barren heads in the field. According to Dines, the stinking smut of wheat and also of oats and barley can be controlled by chemical treatment of the planting seed and recommends that producers check with their local county agent on the kind and amount of the chemical to use. The cost is very small and in addition to controlling stinking smut, the treated seed germinate faster, more seed germinates which means a better stand and yield, says Dines.

Loose smut of wheat is something else, explains Dines. It too leaves empty black heads in the field but cannot be controlled with chemicals. It can be controlled, however, Dines suggests that it might be better to get clean wheat seed from growers who were not bothered with loose smut last season.

Helminthosporium blight is a relatively new disease which attacks roots. It affects the roots and stems of oats causing weakened stems and later lodging. It can be controlled by the same chemicals used in treating seed for protection against stinking smut, however, points out Dines, the control may not be as complete as for the smut. Oat varieties which are attacked by the blight include some of the Victoria crosses as Futex, Rustler, Ranger and Victor Grain.

With limited wheat planting again in force, Dines says, producers should use every proved production practice which will enable them to produce top yields as well as top quality wheat and chemically treating the planting seed is of major importance. It will mean extra bushels of top quality grain.

Mahon Opens Lubbock Office; Sees No Good Way to Deal With Communists

Congressman George Mahon opened his Lubbock office on Monday of this week and plans to be in the district for the next several months. The next session of Congress is scheduled to convene on January 6, 1954. Mahon expressed the hope that he could spend most of his time out among the people of the 25-county district, explaining, however, that his Lubbock and Washington offices would remain open.

In commenting on the general situation Mahon made the following statement:

"The present picture is dark in some respects. For this I do not blame the Democrats or the Republicans. We are thankful that an agreement has been reached to stop the shooting in Korea, but there is every indication that there is no good way to deal with the Russian Communist and that the Korean truce will prove to be as frustrating as the Korean War.

"Except for the undiminished threat to our security posed by the Communist, now apparently in possession of both the A-bomb and the H-bomb, Congress could have worked wonders in dealing with taxes and the budget."

Mahon pointed out that the fiscal picture was not altogether dark. He said that a downward trend in spending could definitely be expected unless there should be a worsening of the international situation. He said that there was no reason for a spirit of defeatism, that in his opinion we should keep up our guard on the domestic and foreign fronts. He feels that we can successfully work our way through this difficult period. Mahon emphasized the fact that our country is essentially sound to the core and tremendously powerful and that we should have faith in each other and in our Commander-in-Chief, the President.

As to the new Republican Administration he had the following to say:

"The first session of the 83rd

Congress was notable for the fine spirit of cooperation which existed between the President and Congress. I am not critical of the President. I think he is doing the best he can under the difficult domestic and international situation, and I have given him my best cooperation. I have voted with him on all issues except in rare instances where I have had very deep convictions to the contrary. Likewise, I am not critical of the first session of the 83rd Congress. I think it did about all that could have been expected of it under the circumstance. Of

course, no miracles have been performed and a very big job yet remains to be done. The second session of the 83rd Congress will have to deal with a wide variety of difficult and controversial issues involving such matters as the extension of the program and many other issues."
