The Precinct 1 job would consist of 7.8 miles from State Highway 283 at O'Brien west to intersection. This road will serve both a farming area and a section where considerable oil development is underway.

Deceased was born Jan. 16, 1921 at Paducah, the son of M. and Mrs. R. W. Hudgens. He married Miss Emily Josephine Stephens of Bastrop, April 25, 1942.

Mr. Hudgens had lived in Haskell County since 1938, with the exception of time spent in the armed forces during World War II. He was in the South Pacific combat zone from March, 1944, to January, 1946.

Mr. Hudgens was driller on an early morning shift running a drillstem test of the well being drilled on the Brookshire Ranch nine miles northeast of Ballinger. A nearby motor apparently touched off a fire which flashed up the 90-foot rig.

Hudgens was burned fatally, and Mayfield, who was working as derrickman, was killed when he attempted to slide down a guywire on the rig and out of the fire. He slipped and was killed. Two other members of the crew, James Wessens, 40, tool pusher for the rig, and Jimmy Johnson, also were burned seriously.

Haskell County History

20 Years Ago—Oct. 11, 1934

L. A. Wendeborn and son Herman of the Sagerton section are moving this week to Lorenzo, in Crosby County.

Miss Johnnie Reed, Haskell County Home Demonstration agent for the past year, has resigned her position, effective Oct. 26. She will be succeeded by Miss Peggy Taylor of Alvord.

Mr. and Mrs. Houston Bitzler of Chickasha, Okla., visited their relatives, the Rike and Montgomery families over the week end.

Miss Mary Couch of Munday spent the week end here with her parents, Mr. and Mrs. R. C. Couch.

Mrs. W. H. Carothers of Rochester, who recently submitted to surgery in West Texas Baptist Sanitarium at Abilene was removed this week to the home of her parents, Dr. and Mrs. L. F. Taylor in this city.

Index to 1934 prices is furnished by the following from advertisements in this issue: At Perkins - Timberlake, women's dresses \$3.98 to \$12.95, coats \$6.98 to \$18.95, sheer chiffon hose 79c, John B. Stetson hats were priced \$5.00 and \$6.50, and men's two-trouser wool suits \$25.00. At the M System food store: 10 pounds sugar 51c, breakfast bacon 23c pound, 8 pounds compound 78 cents, Del Monte coffee 3 pounds 88c, flour 48 pounds for \$1.62.

Members of the Home Economics Class in Haskell High School organized the Good Luck Pals club this week and elected the following officers: Gayle Roberts, president; Marjorie Wright, vice president; Anita Jo Simmons, secretary; Gladys Fouts, treasurer; Catherine Wair, reporter; Elsie Gholson and Mary E. Diggs, assistant reporters; Marjorie Wright, Winnie Darnell, Marjorie Ratliff, program committee; Robbie Jo Burson, Anita Jo Simmons, Geraldine Conner, Helen Mabel Baldwin and Martelle Clifton, social committee. Mrs. Young is sponsor of the club.

The Gaunt school opened for the new term Monday morning. Haskell Stone is principal and Misses Mary Kimbrough and Mammie Jones have charge of the intermediate and primary rooms.

30 Years Ago—Oct. 10, 1924

County Agent W. P. Trice left this week for Dallas, where he is taking the Haskell County agricultural exhibit to the State Fair.

Two big stills were brought to Haskell Wednesday morning by members of the sheriff's department. They were found set up in a barn near the Four Corners schoolhouse northwest of Rochester. Five barrels of mash, several cases of fruit jags and other supplies were confiscated. Two men arrested in connection with the seizure were released under bond.

Two Ford cars were reported stolen last week during the Haskell County Fair. One of the cars belonged to A. Nussbaum of the

Vontress community and the other to a young man by the name of Buckner who lives at Rochester.

At least 25,000 people passed through the gates of the first Haskell County Fair during its three days run last week. Fair Association president Henry Alexander reported.

H. L. Brown of Quitman, Texas, is here visiting his brother Virgil A. Brown.

Ex-Senator F. C. Weinert of Seguin attended the Fair last week while visiting his brother, Herman Weinert of Weinert.

Chas. M. McGregor of Waco spent several days here last week attending the Fair, and left Sunday for Des Moines, Iowa.

Mr. and Mrs. Walter Alderson and children of Stratford spent last week in the home of her parents, Mr. and Mrs. K. D. Simmons.

Mrs. Gladys Mundy of Madill, Okla., is visiting her mother, Mrs. Theo Wright.

One of the most progressive movements in the history of Haskell was launched Thursday evening at a joint meeting of business men and the City Council, when a Board of City Development was organized, to be supported by taxation. A board of 15 directors appointed include J. W. Gholson, J. F. Kennedy, J. U. Fields, O. E. Patterson, Courtney Hunt, Henry Alexander, R. V. Robertson, H. M. Smith, N. I. McCollum, B. Cox, J. B. Post,

John A. Couch, J. P. Payne, M. H. Hancock, Osear Oates.

50 Years Ago—Oct. 15, 1904

The Haskell Magazine Club will serve chicken and bread sandwiches and coffee on Saturday, Oct. 29, the second day of the Street Fair. A sandwich and a good cup of coffee makes a dandy lunch for only a dime.

John E. Robertson has sold his drug store to Mr. Collier from Aspermont.

Tax Assessor C. M. Brown, who recently returned from a trip over several western counties, says the people of Haskell County are in better condition than any he saw on his trip.

A. M. Allen was in town yesterday and said that the rain of three weeks ago had made him a good second crop of feed, including milo maize which would mature its heads.

Haskell County's cotton crop is estimated at 8,000 bales this year. Only a few short years ago it was questioned whether farming and cotton raising could be successfully carried on here.

Miss Fannie Isbell returned this week from Munday, where she spent several weeks visiting friends.

C. M. Brown and J. A. Taylor started two carloads of horses and mules to Louisiana this morning.

It was reported by phone yesterday evening from Aspermont that J. E. King and a young man named Pettus were out in a pasture when the rain came up Thursday evening and they sought shelter under an overhanging bluff which caved in and fell upon them, killing Pettus but only slightly injuring King, who

succeeded in extricating himself from the earth and rocks.

Mrs. S. W. Scott left Wednesday for Woodward, I. T., being called there by telegram to the bedside of her mother, who is ill.

Messrs. Robertson & Day have purchased a 40 acre block of land adjoining town on the north for \$1,480. They will build residences for themselves on a portion of it and sell the remainder in small blocks.

How far ahead of Edison are you?

Just 75 years ago, Thomas A. Edison created the first practical electric light bulb.

It was a feeble thing and a luxury at first. Who would have guessed then how many ways you'd be using electricity today — to save time and effort, to make living more pleasant.

You're putting more new electrical "servants" to work year after year. That means you're going to need still more electricity.

The West Texas Utilities Company and the other business-managed electric light and power companies are building for that additional electric power you'll want tomorrow and in the years to come.

WOW!

14,000,000 V-8 FORDS

FORD, THE WORLD'S LARGEST V-8 BUILDER, HAS PRODUCED MORE V-8'S THAN ALL OTHER MANUFACTURERS COMBINED!

It's America's largest selling V-8!
 Four out of five V-8's on the road today are V-8 Fords! Ford introduced the V-8 engine to the low-price field more than 22 years ago . . . and is still the only car in its field to offer the smoothness and responsiveness of V-8 power. Add to this Ford's long, low silhouette, its clean, modern styling and its colorful, smartly-trimmed interiors, and it's easy to see why Ford is America's most popular V-8 car.

There's no engine so modern!
 Ford's Y-block V-8 has an extra-deep block that extends below the crankshaft for more rigid support, longer engine life. New short-stroke design, turbo-wedge combustion chambers, free-turning overhead valves and exclusive Automatic Power Pilot squeeze the last ounce of power from every drop of gas! With 130-horsepower, Ford's Y-block V-8 is the smoothest, most responsive engine in Ford's field!

There's no V-8 priced so low!
 Only Ford offers a V-8 in the low-price field! And no car near its price gives you Ball-Joint Suspension . . . for smooth riding and easier handling. Only Ford in its field, gives you Full-Circle Visibility . . . the most windshield area . . . the most rear window area . . . the most total glass area! And, with many other exclusives such as suspended pedals and Center-Fill Fueling, Ford is America's best buy!

WOW! **It's not just a V-8 . . . it's a Y-block V-8**

NO WONDER MORE PEOPLE ARE BUYING FORDS THAN EVER BEFORE!

WORTH MORE WHEN YOU BUY IT. . . WORTH MORE WHEN YOU SELL IT!

Analysis of used car prices shows that Ford retains a greater proportion of its original cost at resale than any other car in its field. It's further proof of the greater value you get from Ford.

Artists From Abilene Music Guild Present Program Opening Harmony Club Year

The Magazine club room was the scene of the formal opening for the season's activities of the Harmony Club, Thursday evening Sept. 30 with Mrs. M. E. Helber, Miss Beryl Boone, Mrs. Mart Clifton and Mrs. Tanyne H. Squyres as hostesses.

Highlighting the evening was a presentation of five talented artists of the Music Guild of Abilene in a well-planned and fast moving program to a responsive and appreciative audience.

Mrs. Robert B. Wylie was narrator and introduced the guest artists in a three part program that ranged from the best in opera through well-loved folk songs and a few popular numbers that have stood the test of time.

"Any kind of music is better than no music but if one listens to the music of the masters, the music of 'Tin Pan Alley' doesn't have a chance," said Mrs. Wylie, and "each one must have music for music is to the soul what breath is to the body."

Those appearing on the program were Mrs. Larry Adamson, lyric soprano; Mrs. Lillie Crutchfield, mezzo soprano; Mrs. Joe Reynolds, contralto; Miss Ann Bynum, flutist, and Mrs. W. M. Dunn, pianist. Each one gave performances that were brilliant and sensitive.

Illustrating music of the imagination the group presented "The Duet of Flowers" from the opera, "Madam Butterfly" and the spirit of nature were two numbers, "Still Is the Night" and "My Lover is a Fisherman." Proving that men write music for personal expression were "The Cradle Song," "Flower of Dreams" and "The Elf Dance."

Two of the most beautiful in the repertoire were "Bird of the Wilderness" and the greatest of American songs, "The Shepherdess."

Folk songs and spirituals replete with fine melody and harmony were "Time is On the Wing," "Deep River," and "Swing Low Sweet Chariot."

"Popular music is here today and gone tomorrow and renewed again in a different age," the speaker said, as she traced its origin and history through Ragtime, Jazz, Swing and Be-Bop. Concluding numbers were "When Day is Done" and "Indian Love Call."

The Harmony Club which began its 45th year as a federated club this season has as its pres-

ident, Mrs. Tommye B. Hawkins who has served in that capacity on three different occasions. It was through her personal effort and expense that the club presented the Abilene Music Guild. She extended greetings and welcome to members and guests. Receiving were the immediate past president, Mrs. W. V. Meadors, Mrs. O. F. Patterson, Mrs. J. F. Cadenhead and Mrs. Ross Fox.

Mrs. A. C. Foster, Jr., and Miss Martha Meadors played piano numbers preceding the program and during the social hour, Mrs. Jetty V. Clare presided at the register.

An arrangement of fall flowers surrounding a golden lyre centered the table which was laid with a cut-work linen cloth. Refreshments and decorations emphasized the club colors of red and white.

Present were Mesdames O. E. Patterson, J. M. Littlefield, J. W. Medley, D. H. Persons, Sam A. Roberts, B. M. Whiteker, H. S. Moore, George Herren, Luther Burkett, V. W. Meadors, H. M. Smith, Ross Fox, C. L. Lewis, M. E. Helber, Charles Oman, Hill Oates, Nored Boone, Wallace Boone, J. C. Spann, T. J. Sims, S. W. Flournoy, Giles Kemp, R. C. Montgomery, Mike B. Watson, John W. Pace, Frank C. Scott, C. V. Payne, Wallace Cox, John Couch, Angie Mullins, Sydell Hensell, Ada Rike, M. R. Hemphill, Mildred Tom, Lee Barnett, Dr. Gertrude Robinson, Arthur C. Foster, Jr., Tanyne Squyres, J. F. Cadenhead, Sr., Mart Clifton, Jetty V. Clare, Winford S. Cole, Tommie B. Hawkins and Misses Martha Meadors, Betty Norris, Beryl Boone and Nancy McFarlin. Attending from Abilene were Mr. and Mrs. Larry Adamson, Mr. and Mrs. Will Matthis Dunn, Mrs. Lillie Crutchfield, Mrs. Robert B. Wiley and Miss Ann Bynum.

CARD OF THANKS

We want to use this means to express our sincere appreciation for the words of sympathy, deeds of kindness and for the beautiful floral offering during our recent bereavement. Especially do we thank the doctors and nurses for their acts of kindness. May God bless each one who helped to lighten our burdens—Mr. and Mrs. Loyd Huntsman and Kay, Mr. and Mrs. Ted Pace, Jr., and Teddy Ann, Mr. and Mrs. Will C. Walsh and family.

Hog Prices Weak Monday on Fort Worth Market

Top hogs were weaker at Fort Worth Monday with top \$19.50 to \$20, and the weaker market was attributed to an increase in the offerings of hogs at Cornbelt points.

Chicago reports a hog top of \$19.25 to \$19.35 and Kansas City had a top of \$19 to \$19.25 with a part load \$19.50.

Fort Worth sows sold steady at \$14 to \$18. Less attractive butcher hogs sold from \$17 to \$19.25.

Cattle Prices Better as Rains Slow Marketing

By TED GOULDY

Fort Worth—The receipts of cattle and calves at Fort Worth were curtailed on the opening of the week Monday by rains in some sections of the territory which in some cases hindered movement and in others gave promise of some grazing and put out some stock water.

The prices were very mixed in the highly uneven trade with some sales fully steady to strong and some spots 50c to \$1 higher. Cows, slaughter calves and stockers had the better of the stronger prices, while bulls and fat steers and yearlings were fully steady to yearling.

Stock demand for cows was considerably better and some of

the better kinds of plain stocker cows were up sharply compared with last week. Whether this was entirely due to firm orders, or represented some hopeful buying in view of the prospects for winter grain field grazing development could not be ascertained immediately.

High quality stocker calves and yearlings were moving readily at stronger prices, some spots \$1 up. Slaughter buyers also were pressed to get their share of the offerings and with their current killing operations geared to high levels were in need of numbers even at higher prices.

Consumer demand was apparently still at high levels despite the increased competition for beef from cheaper broilers and turkeys, as well as the swelling tide of butcher hogs that were moving into Cornbelt points.

Good and choice fat steers and yearlings cashed at \$19 to \$24, and common and medium sorts bulked at \$10 to \$18; with a few rannihan yearlings below \$10

still. Fat cows cleared \$11, with a few yielders to \$12.

Whiskey, Pistol, and Dancing Costly Mixture, Mexican Farm Worker Learns

Whiskey, a pistol, and week-end dance ran up a \$63.70 expense bill for a 26-year-old Mexican who recently came to the Haskell area to work in the cotton harvest.

He worked hard last week and had a pocket full of money Saturday. A friend told him where he could buy some whiskey, and after a few stiff slugs of the stuff the idea struck him that he ought to have a pistol if he went to that dance his friend had also told him about. The longer he thought about it, and the more drinks he had, that was the only logical thing to do.

Feeling like a millionaire and amply prepared to go into combat on a moment's notice, he made it to the dance.

It turned out that Constable Raymond Denson of Rule makes it a point to drop by the Saturday night dance held by the Latin-Americans near his city. The officer likewise takes a dim view of mixing whiskey, six-shooters and dancing.

Acting on these convictions, Officer Denson took charge of the celebrant, who had a nearly empty bottle of whiskey in one pocket and a pistol in the other.

Monday morning, the Latin-American paid a \$15.50 fine in Justice Court at Rule for drunkenness, then was brought before County Judge Alfred Turnbow where he pleaded guilty to carrying a pistol. He drew a fine of \$25 and court costs of \$33.20 in County Court, which he paid.

With a headache and an empty pocketbook, the young Latin-American headed back toward the cotton field to start all over again.

Mumps Finally Catch Up With County Official

County Attorney Curtis Pogue went through childhood without having one of boyhood's most common ailments, the mumps. Being a normal boy with the average youngster's dislike for school, there were times when he thought he'd welcome mumps as a respite from classes.

Then there was a stint in the armed forces during World War II, when Pogue saw some of his buddies develop childhood ailments, including the mumps, which drew them a comfortable stay in hospitals and sick bays.

Now he's had it. The mumps finally caught up with him.

Pogue became slightly ill Friday, and Saturday his physician diagnosed the illness as a plain case of the mumps and ordered him to bed.

As result, a session of County Court scheduled Monday was postponed, and a jury panel of 24 men summoned for jury service was dismissed.

The county official was reported resting nicely Tuesday, but will be absent from his office for the remainder of the week and possibly longer.

Wayne Harris Named 'Lineman of Week' By Wichita Falls Times Sports Writer

Wayne Harris, HHS Indian guard, shared honors with Clarence Jackson of the Wichita Falls Coyotes on the "Schoolboy Honor Roll" of the Wichita Falls Times and Record-News—a weekly list of outstanding gridgers in North Texas and Southwest Oklahoma this week.

As related by Bud Worsham, sports writer for the Wichita Falls newspapers, Harris' tremendous defensive efforts in Haskell's upset over Seymour gained him "Lineman of the Week" honors. Jackson was named "Back of the Week."

Concerning the HHS Indian guard, Worsham wrote: "Guard Harris not only was a big gun in Haskell's defensive

brigade that dumped Seymour backs for 38 yards in losses and held the favored Panthers to a net rushing gain of 58 yards, but he actually carried the ball twice late in the game for 17 yards.

"Harris had gains of 11 and six yards in the 'guard-around' play to feature Haskell's clinching touchdown drive.

"Picking the outstanding lineman on the Haskell team was a difficult task, as the Indians had half-dozen or more brilliant performers. Tackle Wendell Jones was a close runner-up, and not too far behind were Center-Linebacker Don Dendy, End Oris Gibson, Tackle Wayne Conner, Guard John Holt and End Russell Drinnon."

Indian 'B' Team Scalps Throck Hounds 20-6

Scoring touchdowns in the first, third and fourth periods, the Haskell Indians "B" team defeated Throckmorton "B" Greyhounds 20-6 here Thursday night for the Tribe's fourth straight win which leaves them undefeated in season play.

Displaying plenty of power on offense, the Indians held the initiative throughout the game to keep the ball mainly in Greyhound territory during most of the contest.

Throckmorton's lone tally came in the closing minutes of the second, with the Indians apparently destined to go into the second half with a safe 6-0 lead.

With 20 seconds left in the first half, a short fourth down punt by the Indians from their 15 was taken by Throck Halfback Morley Cribbs, playing in the safety position, on his 35 and the fast, shifty back went all the way for a TD. Try for extra point failed.

The first of the Indians three touchdowns came midway in the first period. After advancing deep into Greyhound territory on ground drives, Indian Fullback Ernest Kimbrough powered through center of the enemy line from the eight for the game's first touchdown. Attempt to run over the extra point failed.

In the third, the Indians combined a running and passing attack to advance to the Greyhound five yard line, where Kimbrough again got the call and skirted right end for his second TD of the evening. Indian Tailback Pieron ran over the extra point.

With seven minutes remaining in the fourth, a 10-yard aerial from Indian Quarterback Rob Starr to End David Duncan in the end zone accounted for the Tribe's third counter. Tailback Lyndon Harris added the point after touchdown when he drove through the Throckmorton line with the pigskin.

Reserves on Coach McClung's "B" squad saw considerable service during the game.

Starting line-up for the Indians: David Duncan, le; Sam Eubanks, lt; B. D. Kirkland, lg; Doug Brown, center; Dan Galvan, rg; Rex Cox, rt; John Ivan Clifton, re; Starr, Pierson, Kimbrough and McClung, backs.

The "B" team will be idle this week end, with an open date on their schedule.

Their next game is with Seymour "B" Panthers in that city Thursday night, Oct. 14.

Hunting Season Accident Toll Running Ahead

Fortunately, Haskell County has been free of hunting mishaps for several years, but the Executive Secretary of the Game and Fish Commission at Austin said the accident toll for the 1954 hunting season was running ahead of the recent yearly rate.

Reports showed four fatalities compared with nineteen deaths from firearms for all of Texas throughout the entire state during the 1953 wildlife harvest.

Two of the deaths involved mourning dove hunters, who came out in force for the north zone opener Sept. 1.

One hunter was killed by his own shotgun when he stumbled. Another, a 12-year-old boy, died instantly when struck in the head at close range by a shotgun held by his 19-year-old brother.

In other hunting deaths: A West Texas rancher was killed as he pulled his shotgun toward himself, muzzle first.

A Central Texas boy, age 9 years, was fatally wounded while squirrel hunting when a rifle held by his brother-in-law was accidentally discharged.

Another death involved a South Texas hunter whose gun fell and was discharged as he went target shooting with his young son.

The Executive Secretary said actual game shooting results in the north dove zone were "generally satisfactory." He said reports from some areas indicated a high dove population while other field observations showed

that the doves, as is their nature, "were here today and gone tomorrow."

The Executive Secretary said game wardens reported fairly good hunter discipline, with some violations concerning over-limits and a few involving shooting bobwhite quail. The quail season under the General State Law does not open until December 1. Some arrests have been made for taking doves in the south zone where the season does not open until October 1.

Hunters were counseled by the Executive Secretary to be very careful when hunting in pastures so that shotgun pellets do not injure livestock.

Carelessness in this respect, he suggested, could have a negative effect on farmer-hunter relations.

"The average hunter knows all about this," said the Executive Secretary, "but some inexperienced gunners get excited and let go, without intending to harm any stock. But if the animals are injured, it leaves a very bad impression on the landowner."

Consumer Survey Indicates Retail Trade Expansion

A recent survey of consumer attitudes and buying intentions indicates that now, more than at any time in four years, many people of all income groups feel "the time is ripe" for several types of buying, the University of Texas retailing professor reports.

"A rapidly increasing population and high volume of residential construction forecast expanding markets in numerous lines," says Dr. A. Hamilton Chute in a Bureau of Business Research review of Texas retail sales. Installment sales may reach a new peak in December.

August retail sales slipped 2 per cent from July, but averaged 5 per cent over August, 1943, a check of 3,248 retailers shows. Cumulative sales for the first eight months of 1954 fell below those of 1953 by five per cent.

Retail sales that averaged largest sales increases over August, 1953, were lumber and building materials, up 20 per cent, filling stations 14 per cent, and shoes 7 per cent. Shoe stores and filling stations were 7 per cent above 1953 in January-August sales, while drug stores equaled 1953 volume. All other lines were down 1 to 3 per cent.

Three of Texas' crop-reporting districts bettered their July records in August. Seven topped August, 1953, by amounts of 3 to 29 per cent, with the Lower Rio Grande Valley leading (up 29 per cent) and Edwards Plateau in second place (up 17 per cent).

Consumers are still spending about one-quarter of their income for food, Dr. Chute reports.

Cash awards of \$10, \$7, \$5 and \$3 will be presented to writers of the four best essays on the subject: "The Relation of Oil to National Defense." Letters are to be turned in to the chamber of commerce not later than Oct. 14 when they will be judged.
 Climaxing the week's celebration recognizing the Oil Industry will be a parade at 5 p. m. Saturday when oil field trucks and equipment, the queens and their court will join with visiting bands here for the fourth annual Texas-Oklahoma Colored Classic in a huge downtown parade.
 B. L. Haley, manager of the Texas Theatre announces that his establishment will be turned over to the chamber of commerce on that night and all proceeds will go to the civic organization to help defray the expenditures of the annual Christmas program. Ticket sellers and ushers will be chamber of commerce members and everyone is urged to come out for the big night program.

Indians

(Continued from Page 1)
 pass to drive 26 yards for its only touchdown early in the third period, and King went over from the one. Junior Beall converted and the Panther trailed 7-9 with 7:38 left in the quarter.
 Haskell's tremendous defenders held the Panthers to a net rushing gain of 58 yards. The entire Haskell team shared in the brilliant display of defensive strength—Wayne Harris, Wendell Jones, Wayne Conner, John Holt, Oris Gibson, Don Dendy, Bobby Stone and Russell Drinnon among the leaders.
 Kreger, little Frankie Mullins and Love paced the Tribe's offensive efforts that rolled up 200 yards rushing. Mullins, who wasn't even listed in the starting lineup, was particularly a thorn in Seymour's side throughout the game.
 Six times the Panthers lost the ball on downs as the Indians staved off threat after threat. Twice in the first half Seymour got inside Haskell's 10-yard line, but the Redskins' stonewall defense held.
 The Panther's score developed on Haskell's second play of the third quarter. Kreger's pass was blocked and stolen by the Panthers on the Tribe 26, but Seymour needed eight plays to score. King's 12 and eight-yard passes to End Robert Nickerson paved the way.
 Seymour drove to the Haskell 25 late in the third, but this time Conner stopped the march. With 2:36 left to play in the fourth, Haskell gained possession on the Seymour 41 and scored in seven plays, highlighted by two "guard-around" plays featuring Harris good for 11 and six yards.

Fire Prevention

(Continued from page 1)
 period of years has established that 89 per cent of all fires are preventable, Supt. Allen said in evaluating the importance of Fire Prevention Week.
 He closed his talk by praising the work of volunteer firemen, and briefly sketched development of the present-day organizations from the first "bucket brigades" which had their beginning in 1667.
 Feature event on the evening program was the presentation of awards to students in Elementary and Junior High School for the winning posters on Fire Prevention. This phase of the program was in charge of the Progressive Study Club, and members of the club, Fine Arts Committee judged the posters. The panel was composed of Mrs. Phillip Baird, Mrs. R. A. Lane, Mrs. W. O. Holden, Mrs. R. W. Herren, Mrs. O. J. Curry, Mrs. Wm. E. Lawson, club president, presented cash awards in the two divisions to the following winners:
 Elementary School: Mary Frances Gipson and Sandra Larned, first; Mrs. Iva Palmer's 4th grade room second; Mrs. Stubblefield's 1st Grade room, third; Donna Cheryl Brown, fourth; Chesley Snider, fifth; Larry Flanary, sixth; Sammy Newton, seventh.
 Junior High School: Linda McDonald and June Bell, first; Sammy Curry, second; Louise Herren, Sherry Burson and Betty Weaver, third; Dorothea Rueffer, Jan Herren and Suzanne Lane, fourth; Twyla Hipp, Barbara Rexrode and Linda Kay Speer, fifth; Brenda Childress, Mary Sotelo, Jane Bell, sixth; Kay Graham, seventh.
 First place award in each division was \$3.50, second \$2.50, third \$2.00, and fourth through seventh, 50 cents. All posters made by the children were on display in the auditorium.
 Entertainment highlight of the evening was an hour's program of magic presented by Mrs. Mordant McKinney and her assistant, Miss Pat Westmoreland of Rule. The talented magician, who is billed as Madame Stephanie in her stage performances, kept the audience thoroughly mystified and highly entertained with her feats of illusion.
 Concluding the program, Mrs. Jack Pippin led the audience in singing "God Bless America."
