## You'll always be glad you bought a Chevrolet

(and now's a great time to buy one)

Isn't it great to hum along the highway in a car fresh out of the showroom? But how long will that new car pride and pleasure last? This is why it lasts longer if you buy a new Chevrolet... and why right now is such a smart time to buy one.

You'll stay proud of Chevrolet's lasting good looks. You won't find another low-priced car with the look of quality you see in Chevrolet. And if you like Chevrolet's looks now, you'll like its looks always. For there's fine design in those clean and smoothly curved lines (nothing "boxy" about Chevrolet!). Fine design like this, you know, always wears well—never really goes out of style.

You'll enjoy exclusive features for finer motoring. Chevrolet quality runs deep. There's more

pride for you in the only low-priced car with the finer materials and workmanship of Body by Fisher. There's more fun for you in the highest-compression power of any leading low-priced car. (Higher compression means more ginger in the going and more miles out of the gas.) There's more safety for you in the biggest brakes and the only full-length box-girder frame in the low-price field. And there's more comfort for you in Chevrolet's smoother, softer Unitized Knee-Action ride. Down to the last detail, Chevrolet's more finely built... it's even the only car in its field with Safety Plate Glass in all windows of sedans and coupes!

You save when you buy and when you trade. Even so, Chevrolet is priced below all other lines of cars. (That's possible because Chev-

rolet builds the most, and can build 'em better to sell for less.) And at trade-in time, you'll be ahead again from Chevrolet's traditionally higher resale value.

You'll get a special deal right now. Right now, we're in a position to give you the deal of the year on a new Chevrolet. Come in and let us show you how much you'll gain by buying now!

Now's the time to buy! Get our big deal! Enjoy a new...

**Jr. Hi Warriors  
Blank Albany  
12-0 Thursday**

Haskell Junior High School Warriors blanked Albany Junior High 12-0 here Thursday night, in their second game of the season. Coach Sammy Spratt's grid-ders played Knox City to a scoreless tie in the season opener Sept. 14 in that city.

In Thursday night's game, the Warriors scored in the first and final periods in a game played almost entirely in enemy territory during the four quarters.

Initial tally for the locals came midway in the first quarter, after the Warriors had drove to the Albany 10. Pressy Webb, tail-back for the Junior Indians, skirted right end to hit pay dirt. Try for extra point failed.

Keeping the ball in Albany territory during the two middle periods, the Junior Redskins were unable to mount a scoring punch until the fourth.

Then, after the Tribe had traveled to the Albany 8, Quarter-back John Sammy Rike made a TD trip on an off tackle play around right end. Conversion kick was wide.

Albany Juniors, hampered by injuries, turned in a good game but were unable to penetrate the Haskell defense.

Stalwarts in defensive play for the locals were Webb, Rike, Center Jimmy Don Long, and reserves Gary Anthony, new tribes-man in the right tackle slot, and Jerry Gresham at left tackle. In the backfield, Eugene (Stick) Mullins and Tom Anderson were stand-outs from the reserve squad.

Coach Spratt said the entire squad had shown marked improvement, and was rapidly developing into a smooth-working unit on both offense and defense.

**RETURNS TO MADISON, WISCONSIN**

Gaines Post, Professor of Medieval History and English in the University of Wisconsin, has returned to his home in Madison, Wisconsin, after a visit here in the home of his father, H. S. Post. The Haskell man has been a member of the university faculty for a number of years.

Quarterback Rob Starr, on a quarterback sneak, went through the center of the Munday line from the 18 for the Tribe's third TD. Kenneth Williams, Indian tailback, ran over the extra point.

With two minutes remaining on the clock, the reserve lineup of the B squad took over. David Conner got off a beautiful punt to the Munday 5. On the second play after taking possession of the ball, a Mogul fumble was recovered by Jimmy Brock, Indian reserve back. Tommy McClung, reserve quarterback, picked up three yards on a keeper, and on the next play Brock powered through the Munday line for a TD. Try for point after touchdown failed.

Starting lineup: David Duncan, le; Sam Eubanks, lt; B. D. Kirkland, lg; Don Garrett, center; Cleve Farrell, rg; Dan Galvan, rt; John Ivan Clifton, re; Rob Starr, qb; Lyndon Harris, fb; Ernest Kimbrough, sb; Roger Cook, wb.

The "B" team meets Throckmorton "B" in Indian Stadium tonight in their fourth game of the season.

**Low Bid on Aspermont-Rule Water Line Submitted by Odessa Concern**

An Odessa concern submitted the lowest of 40 bids last week for construction of a water line from near Rule to the city of Aspermont. Bids were submitted at Aspermont, to the Stonewall County Water Control and Improvement District No. 1.

The 8-inch water line will connect wells developed by the water district, and will provide a source of municipal water for the town of Aspermont. Plans also are to furnish water to residents of Old Glory, between the well site and Aspermont.

Twenty bids were received for construction of the pipeline six bids were received for construction of tanks; and five bids were received for the installation of pumps and electrical equipment.

United Construction Co. of Odessa submitted the low bid of \$225,243 on the pipeline. The next low bidders were R. B. Hodgson of Lubbock \$259,211.14, and Swillings & Boyd of Whitney \$269,361.

Layne Texas Co. of Midland submitted a low bid of \$4,535 on pumps and electrical equipment.

Union Tank and Supply Co. of Houston submitted a low bid of \$13,543 for the tanks.

All of the bids were taken to Fort Worth to the offices of Freese and Nichols, engineers for the water district, where the bids will be studied. The engineers will then notify the water district which of the bids they recommend.

The water district was created within the city limits of Aspermont to furnish a permanent supply of water. The district will sell water to the city.

Residents of the district voted a \$390,000 bond issue for the pipeline project.

The Reconstruction Finance Corporation has agreed to buy 80 per cent of these revenue bonds. The other 20 per cent are being bought locally.

N. E. Springer, president of the district's board of supervisors, said it had not been determined how soon contracts would be let on the pipeline project.

### New Dressing Rooms Being Completed As Junior High Improvement Project

Through wise planning and ingenuity in utilizing what has heretofore been "dead space," new dressing rooms for both girls and boys will soon be completed in the Junior High School building.

Also, space was found for a small private office or workshop for teachers, for which a need often arises in grading papers, outlining schedules and other work.

And the improvements are being made without any strain on the building's repair or maintenance budget.

Credit for planning the improvements goes to Principal James E. Johnson and Athletic Coach Sammy Spratt.

Faced with the need for lockers and dressing rooms for Junior High School students in connection with the physical education program, the principal and coach hit on a happy solution.

The seldom-used stage was converted into a dressing room for

girls, complete with individual showers and other facilities. Plans for completion include individual lockers, dressing tables and mirrors. A small section on the north end of the stage was used as a closet for the water heater, and adjacent space was converted into a teacher's work-room.

Basement on the east side of the building was converted into a boy's dressing room and includes showers and storage of equipment. An electric washing machine was also purchased and installed, for use in laundering football and basketball uniforms.

A number of other improvements are being planned toward providing additional needed facilities for the physical education program, Principal Johnson said.

**Rev. Gaskamp at Lutheran Meeting In Nebraska**

The Rev. Mr. B. F. Gaskamp has left for Beatrice, Nebraska to attend the biennial International Delegate Convention of the American Lutheran Church, which will meet in the Nebraska city Sept. 30-Oct. 7.

This is the first time that the biennial convention of the denomination has been held west of the Missouri River. The host congregation, St. John's Lutheran at Beatrice, Dr. John F. Streng, pastor, is one of the larger urban-rural congregations of the American Lutheran Church.

The convention will be opened Thursday morning with a Communion service addressed by Dr. Henry F. Schuh, general president who will stress the convention theme "Jesus Christ, the Hope of the World." Other international Lutheran churchmen will address the convention at various times. Delegates are assigned to special floor committee, to study specific phases and problems of the work of the church and its pending program and prepare appropriate resolutions for the full convention sessions which will begin Monday, Oct. 4.

Of vital interest to delegates and church people generally will be the vote for the convention on a proposed four-way merger of Lutheran Church groups, the American Lutheran Church, Evangelical Lutheran Church, United Evangelical Lutheran Church and Lutheran Free Church, which would unite into one body almost 2,000,000 baptized members. The American Lutheran with parishes also in Canada and Mexico, and extensive missions fields in India and New Guinea, numbers some 800,000 baptized members. General headquarters of the denomination are at Columbus, Ohio.

Following the convention at Beatrice, the Rev. Mr. Gaskamp will journey to Thomson, Ill., where Mrs. Gaskamp, Emilie Ann and Greg are already visiting with Mr. and Mrs. Virgil Wilt, Mrs. Gaskamp's parents. There the Gaskamps plan to take a two weeks vacation.

**Beef and Cheese On Plentiful Food List for October**

Beef and cheese take the spotlight on the U. S. Department of Agriculture's October plentiful food list.

With supplies of these two essential commodities so large, prices should be attractive enough to push consumption to the highest peaks ever reached, believes John J. Slaughter of Agricultural Marketing Service.

Stocks of many foods which were heavy a month ago have increased, and still are listed as plentiful. These include broilers and fryers, chicken hens and turkeys, milk and other dairy products, rice, salad oils and vegetable shortenings.

"We have been emphasizing medium and small eggs, but now all eggs are plentiful and seasonably cheap," says Slaughter. Also, there are two newcomers to October's list, shrimp and frozen haddock, he said.

**VISITORS IN DUNNAM HOME**

Mr. and Mrs. Jess Kingston and family of Wink were visitors in the home of Mr. and Mrs. R. A. Dunnam last week end. Also visiting in the Dunnam home were Mr. and Mrs. Hatfield of Rochester.

**George and May Fields Host Dinner For Workers on Their First Oil Well**

George Fields and Miss May Fields, both long-time residents of Haskell and active in business, church and civic affairs of the community, were host and hostesses for a dinner recently given workers and their families who brought in the Fields' first oil well.

The producer is located on a tract of farmland southwest of town which the Fields' have owned for years.

The dinner was held at the First Christian Church, and approximately 100 people attended the enjoyable affair.

Members of the church and friends of the family brought baskets of food for the dinner, and crew members and other workers on the well and their families were special guests. Mr. Fields and Miss May Fields jointly made a substantial contribution to the church in appreciation for the cooperation of the membership in making the dinner possible.

A short program was presented before the meal. After group singing of several favorite old hymns, Judge Dennis P. Ratliff

**Mid-West Firemen To Meet Oct. 14 In Cisco**

The semi-annual meeting and races of the Mid-West Texas Firemen's Association will be held at Cisco, Thursday, Oct. 14, and several members of the Haskell Fire Department plan to attend, Fire Chief Ray Lusk said today.

The Haskell man is first vice president of the association. Chief Billie Hall Walls of Baird is president, and James Asbury of that city is secretary of the organization.

Tentative program for the semi-annual meeting calls for registration to start at 10 a. m. at the Cisco fire station, and a business session to begin at the City Hall auditorium at 1:30 p. m.

Races will be a late afternoon feature, starting at 4 p. m. These will consist of pumper race, six-man hook-up and two-man race.

Following will be a barbecue and dance. The barbecue will be staged at the Veterans Club with dances following.

Haskell teams will enter the three race events, Chief Lusk said. The local department now has two trophies won successively at the two conventions.

Volunteer fire departments which are official members of the association are Snyder, Roscoe, Colorado City, Merkel, Stamford, Roby, Baird, Albany, Throckmorton, Cisco, Hamlin, Haskell, Anson, and Lueders.

Other officers of the association are Charlie Bennett, Rotan, second vice president and the Rev. Joe F. Self, First Baptist pastor at Albany, chaplain.

**City Waterworks System Rounds Out 45 Years of Continuous Operation**

Haskell's municipal waterworks, placed in operation in late spring and early summer of 1909, has rounded out 45 years of continuous operation.

Although no figures are available as to the amount of water that has gone through the city water system since its beginning, City Water Superintendent Roy Oliphant estimates "it would go a long way toward relieving the current drought, in Haskell County at least."

Installation of the town's first water system, forerunner of today's network of water mains

which extend into all parts of town, was made during the administration of Mayor T. E. Matthews. Members of the City Council at that time were Judge D. H. Hamilton, H. S. Wilson, Jno. Odell, R. D. C. Stephens and Ed Chambers.

Old records show the first customer listed for the water department was Judge Hamilton. The first month's collections, amounting to \$13.65, was a humble start toward monthly receipts of more than \$6,000 today, from approximately 1,400 customers.

Center of the original waterworks system was one well and a steam pumping plant four blocks south of the square on Spring Creek. Steam power continued in use until the 20's, when electric pumps replaced the old installations. In 1936 the small elevated tower which had served the city since 1909 was replaced with the present large reservoir.

The original well has been abandoned as a source of municipal water, and the supply is now obtained from 14 wells at various locations throughout the city.

**Cattle Prices Drift Lower at Fort Worth**

**By TED GOULDY**

Fort Worth—Most classes of cattle and calves drew lower prices at Fort Worth Monday as buyers had a little the better of the trading. The weakening of grass cattle and calf prices followed pretty much the pattern of deterioration of pasture and winter feed prospects.

The approaching time of the first frosts in the Southwest and the fact that in many sections where grain fields were sowed and winter pasture prospects had some chance for improvement time was running out without any rain.

Before a Homecoming crowd of some 1,000 fans the Weinert Bulldogs buried the Odell Cowboys 73-25 Saturday night.

There was never any doubt as to the outcome of the game after the first quarter as Weinert led 15-6 and built it up to a 47-6 half-time lead.

After the intermission the Bulldogs reserves took over and the game was on a more even basis as the Bulldogs tallied 26 points to the Cowboys 19 in the last half.

Jimmy Reeves led the parade of coreres with four touchdowns and three drop kicks after touchdown. Harley Reeves scored twice, Wayne Jenkins twice, Pete Brockett twice, and Randol Forehand once. Frankie Jenkins caught a pass for a point after touchdown to complete the scoring.

Defensive standouts for the Bulldogs were Manis Walker defensive back with his vicious tackling; C. W. Drinnon, 200 lb. lineman and Butler Owens who intercepted two enemy passes.

Weinert hosts Benjamin tonight in the conference opener for both teams.

### Game Looters Big Headache For Wardens

AUSTIN—The Director of Law Enforcement for the Game and Fish Commission said, "It took a pretty strong stomach for some Texas game wardens to keep functioning during the month covered in the new field report."

Here are some of the cases listed: Poisoners killed every living fish over a two mile Colorado River area just below Austin, exterminating an estimated 15,000 pounds of game fish, including great catfish running up to 75 pounds in size. (The Hays-Travis County Game Protective Association has offered a \$200 reward for capture of the perpetrator.)

One hunter had 150 mourning doves. The limit is ten.

One dove hunter was arrested with seven quail.

One man was taken after shooting a turkey hen on which there is no open season.

Seven different men were charged with shooting fawn deer which are protected at all times in Texas.

Thirty-seven different cases were filed for illegally taking game fish, the majority being for poisoning waters or shocking fish with electricity.

at the park and other work done to make the grounds available to the public during the spring and summer months, tentative plans called for hiring a caretaker at the park.

Plans for developing the park which have been discussed included a residence for the caretaker and possibly other buildings. Suggestion was considered that possibly some needed material could be salvaged from the old jail and used in making improvements at the park.

Judge Turnbow explained that three new members of the Commissioners Court would take office Jan. 1st. For this reason, and the further fact that fewer people will visit the park during the winter months, the present Court believed it to the best interest of all concerned to leave the matter to the new Court.

Disposition of the old county jail building on the southeast corner of the square will also be left up to the incoming Commissioners Court. Judge Turnbow indicated.

### Jr. Hi Warriors Blast Knox City 20-14 Tuesday

Paced by fleet tailback Pressy Webb, who scored three TD's, Haskell's Junior Hi Warriors defeated Knox City Junior Greyhounds 20-14 Tuesday night at Indian Stadium before a large crowd of fans.

It was the second encounter between the two junior teams. They had played a scoreless tie in the season opener at Knox City Sept. 14.

The Greyhounds got off to a good start with a clicking passing attack that netted a TD in the first period, then ran over the extra point to take a 7-0 lead.

The Junior Warriors quickly retaliated. Taking a Knox City punt on their own 15, the Redskins failed to pick up any yardage on their first play. On the next call, Webb scooted through the entire Greyhound pack for an 85-yard trip to the pay zone. Indian quarterback John Sammy Rike ran over the extra point to knot the score.

Both squads were scoreless during the second frame.

Early in the third it was Webb again who drove through from the 20 and his second TD ending a 60 yard drive for the Indians. In a conversion try, Webb skirted end for the extra point. Late in the third, Webb racked up his third and final TD around left behind good blocking. Rike's pass intended for Duane Carter for the extra point failed to connect.

The fourth was scoreless until the final four minutes of play, when Coach Sammy Spratt sent his subs into the fray to finish the game. A Knox City aerial attack late in the game netted a TD for the Greyhounds, and they ran over the extra point.

The entire Junior squad turned in excellent performance against the Greyhounds, with left tackle Jerry Gresham particularly outstanding.

Thursday night of next week, the Jr. Hi Indians, who are undefeated in season play, will be host to the Roby Jr. Hi squad on Indian Field.

All Junior Hi games start at 7:30 sharp.

### November Draft Quota for State Set at 1,062

AUSTIN, Texas — The state draft quota for November calls for the induction of 1,062 Texans into the armed forces, Brigadier General Paul L. Wakefield, state Selective Service director, said Tuesday.

This compares with an October quota of 1,122, previously announced. Both the November and October quotas are Texas' share of a national call for 23,000 men.

A total of 2,565 men are also scheduled for combined physical and mental examinations in November, Gen. Wakefield said. This compares with an October call for 2,630, previously announced.

### Weinert, Paint Creek Favorites In District 4 Six-Man Football

Weinert and Paint Creek took two impressive victories last week end to put themselves as co-favorites in district play, which starts this week. Paint Creek beat a stubborn Harrold team 72-45 after trailing in the first half. Then Weinert, as if to show that it could go one better, did just that in defeating Odell 73-25.

After those two, the teams shaped up like this: McCaulley unknown but probably tough; Vera good on defense and short on offense; O'Brien looked good against two winless opponents; Benjamin average; Mattson, the most greatly improved team over last year; and Goree, running with a freshman backfield that will be good at the season's finish, if not before.

The district, as a whole, showed its strength in practice play by winning 13 games against five losses. Paint Creek was first last year with Weinert second. Paint Creek went on to win bi-district but lost regional by two points.

Coaches are: Jay Cox, Weinert; J. C. "Chief" O'Neal, Paint Creek; Maurice Hughes, Vera; Orvel F. Hill, McCaulley; Elvin Mathis, O'Brien; Bill Keeney,

Benjamin; Bill Baker, Mattson; and Paul Mosley, Goree.  
**This Week's Schedule**  
All games played Thursday night, Sept. 30.  
McCaulley at Goree.  
Paint Creek at Vera.  
Mattson at O'Brien.  
Benjamin at Weinert.

### Water Facilities Loans Insured By Government

A new type credit for financial cing soil conservation measures will be available to farmers through a recent amendment to the Water Facilities Act. In addition, loans to develop irrigation systems and farmstead water supplies, previously limited to 17 states, are extended to the rest of the nation.

The loan service will be available from the Farmers Home Administration. Applications must be made to FHA county offices.

An outstanding feature of the law is provision for insuring loans made by private lenders. Where insured loans from private sources are not available for approved projects, some direct gov-

ernment loans will be made. Interest rates for insured loans from private sources will be 4 per cent a year on the unpaid principal, plus an annual loan insurance of 1 per cent. Direct loan interest will be five per cent. Loans can be used for materials, equipment or establishment of conservation practices or drainage.
