Free Press during the week end that a move was pending to re-place Haskell Postmaster Harold R. Spain with a Republican appointee as a "political patronage" gesture resulted in a storm of protest by letter, telephone and telegram to Jack Porter, State Republican committeeman, Post Office department officials Congressmen and other government officials this week.

Despite the fact that postmasters are under Civil Ser-vice and theoretically can only be removed for inefficiency or misconduct, The Free Press was reliably informed that a change in Haskell's postmaster was being urged by a few local citizens, perhaps less than a dozen, apparently for purely selfish reasons.

According to the report, from reliable source, only basis for re-placing Postmaster Spain would be entirely technical and irres pective of his high rating in Civil Service tests and efficiency record during the five years he has ser-ved as Haskell Postmaster. He was named to the post in January,

Protest against any proposed change drew bi-partisan support among local citizens, with both Republicans and Democrats alike praising Postmaster Spain as an efficient and accomodating official. outstanding citizen, and leader in church and civic affairs.

In addition to numerous letters, telegrams were sent Tuesday night to Jack Porter, State Republican Committeeman from Texas; Postmaster General Arthur Summer-field; Norman R. Abrams, first assistant Postmaster General; Ben Guill, executive assistant to the Postmaster General; Joe Jackson, district Republican committeeman; and George A. Gray, Post Office Inspector in charge of the Fort Worth district.

Text of the telegrams, in sub-stance, read "We unhesitatingly recommend Harold Spain as one of the most efficient postmast Pvt. Jimmy L. Bledsoe, son of we have ever had to serve us and Mr. and Mrs. Hubert Bledsoe of who is now and always has given Haskell, recently arrived in Germany.

Pvt. Bledsoe, who took his basiq training at Fort Hood and Ft. Sam Houston, Texas, is a military whose honesty and integrity is hose honesty and integrity above reproach."

One of the telegrams bore 208 signatures, including owners or uated from Haskell High School heads of 101 Haskell business con-A third telegram was signed by 11 county and district officials. A similar telegram sent Tuesday was signed by 18 members of the Board of Deacons of the First Baptist Church, where Postmaster Spain is an active member and superintendent of the Sunday School department.

County for the past year, looking into the use of state school, public welfare and highway funds in the county.

U. S. Attorney General Herbert Brownell reported from Alice that hree special agents of the Treasury Department are investigating come tax returns of George Parr and a few others. Shivers has asked that six more be assigned to assist in an investigation of the county's nancial affairs.

Rangers Alleq and Bridge were charged with assault with intent to murder George Parr. They are

free on bond.

Col. Homer Garrison, Jr. director of Public Safety, says Allee and Bridge "were sent down there to preserve the peace and to protect life and property and to enforce all laws . . . and they will

remain there,"
The U. S. Department of Justice has placed a fugitive warrant against Alfredo Cervantes, named as the trigger man in the 1952 "mistake" slaying of Buddy Floyd . . . son of Jacob S. Floyd of Alice, the attorney who is de-

fending Allee and Bridge.

The senior Floyd testifled that his son was killed because he was mistaken for him. Mario (El Turko) Sápet, a for-

mer deputy sheriff under Parr, was convicted of murder and conspiracy to murder in the shoot-

ing. He was sentenced to 99 years.

Nago Alaniz, then law partner
of District Attorney Raebur Norris, was charged with conspiracy
to murder and murder in the
case, and is free on bond. He has
not yet been tried.

Parr once was convicted and served some time in prison for in-come tax violation. He received a pardon from President Truman.

He is free now on \$1,500 bond on a charge of carrying a pistol illegally near a meeting of the Freedom Party, his political oppo-

and was going to kill him but the screams of Mrs. Caro Brown, an Alice Echo reporter, prevented. Another probe is being made by the Duval County Grand Jury. District Judge C. Woodrow Laughlin, Parr-backed office holder, ordered the grand jury to find out from everybody—including Shepperd—what they know about law violations in Duval County. J. C. King, foreman of the Duval County Grand Jury, is Parr's partner in a San Diego automobile sales agency and also is chairman Eddie Adkins, medical, O'Brien. Mrs. Cecil Gregory, surgery, sales agency and also is chairman of the county's Democratic execu-tive committee.

Five Texas Rangers are in the immediate area now, and Shivers says he will send 50 if necessary. "Just as there is no room for communism in Texas, there is no room for political thieves and ballot gangsters," he said.

Back in the news is the Dis-tributive, Processing and Office Workers of America. That organization was investigated by the state industrial commission at Shivers' request last November and found to be "Communist dom-

middle of March.

First to be considered by the degislators will be a compromise plan whereby Texas public school teachers may get a salary increase of \$402 per year.

In readying for the special session Governor Shivers made some changes in his administrative staff. Added were: Jimmy Banks, who resigned as director of publications for the Texas State Teachers Association; and Prof. C. Read Granberry, assistant to the Chancellor of the University of Texas. He is on leave from the Univer-

Not so much in headlines, but of vast significance to Texas economy, was the question of oil production allowables. For months, Texas allowables

have been going lower and lower. But now in the opinion of Chairman Ernest O. Thompson of the State Railroad Commission, there should be an increase-say 200,000 barrels per day in March. Thomson saide he hoped that testtimony at the February 19 meeting of the commission "will justify an increae of something like 200,000 barrels per day for each and every day of March."

Texas oil stocks have materially reduced through the last four months," Thomson said and "In my opinion, after careful study of the stocks on hand, Texas is now entitled to this increase."

Ford's New Ball-Joint Suspension gives you the Newest Ride on the Road!

This revolutionary new Ford front suspension soaks up road shock before it reaches you! Makes all riding and handling easier!

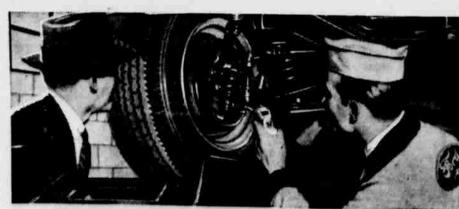

Seals out dirt. You can forget road splash because dirt and water can't get into the ball joints in Ford's new front suspension. Each of the four joints is effectively sealed by a unique rubber-and-metal shield. This means that contact surfaces of each ball and socket remain clean-wear is kept to a minimum.

Keeps that new-car feel. You'll enjoy Ford's new-car feel much longer because ball joints are spring-loaded to compensate automatically for any wear. Front wheels hold alignment far longer than with conventional systems. Ball joints can't stick or bind. Steering remains consistently easy.

THE "OLD" ROADS won't seem the same with Ford's new Ball-Joint Suspension "paving" the way for you. You'll enjoy a softer, more level ride because Ford's new system allows greater shock absorbing movement of the front wheels. Handling is far better, too, not only on turns but on the straightaways as well. That's because conventional kingpins have been replaced by simple, sealed ball joints that won't stick or bind. No other car in Ford's field can equal this modern ridebecause no other has Ball-Joint Suspension.

Agile new performance, too, is yours in a '54 Ford. Whether you choose Ford's new 130-h.p. Y-block V-8 or 115-h.p. I-block Six you get the quick response and smooth, quiet operation of a modern overhead valve, low-friction deep-block engine. And no matter which of Ford's 28 new models you choose you enjoy recognized style leadership-with clean, modern lines . . . sparkling new colors . . . and harmonizing upholstery fabrics and trim.

Eliminates 12 wear points. Ford's Ball-Joint Front Suspension eliminates 12 of 16 points of wear found in conventional systems. Rubber-bushed supports at inner ends of suspension control arms not only reduce the number of wear points but also insulate chassis from road noises.

We cordially invite you to Test Drive a

May we remind you?

The gas bills you're now paying are for winter months when a home may use 5 to 10 times as much gas as it does during a summer month. In practically all areas served by Lone Star, January and December had consider more heating weather than the same two months a year ago.

And, of course,

You know Lone Star was one of the las businesses to raise its rate or price fo service. Rate was reduced in 1942 so the one raise made last year added very little more to the price charged during depret sion years. The average year around cos in the average home here is still about 16 cents per day.

HERE'S HOW TO FIND OUT WHICH BRAND OF COFFEE IS THE MOST ECONOMICAL FOR YOU TO USE . . .

No two people have exactly the same idea about the strength, or richness, of coffee. What may be a "strong" cup of coffee to one person may be a "weak" cup to another. But everyone can tell the comparative richness of brands of coffee simply by testing them to determine the degree of strength which each brand gives when prepared with an identical amount of ground coffee.

MAKE THIS EASY TEST

Step 1: Prepare a pot of coffee using Maryland Club and the Special Coffee Measure enclosed in this kit. For each cup, fill the measure only to the top of the yellow bowl but use the same amount of water you ordinarily use.

 Step 2: Prepare a pot of any other brand of coffee. Use the same amount of coffee (up to the top of the yellow bowl only) and the same amount of water you used in testing Maryland Club.

Step 3: Compare the two cups of coffee, side by side. Note the richer color and aroma of Maryland Club . . . taste its richer, more full-bodied flavor. Now you know, as a result of your own tests. why Maryland Club is more economical to use . . . why you can use less of it than of ordinary brands to make a truly delicious cup of coffee.

Haskell National Officers Given **Promotions**

Promotion of two popular Has-kell National Bank officers W. R. (Roy) Johnson and Charles Swinson, was announced Friday following a meeting of the board of directors of the institution.

Johnson, who has been cashier since joining the staff of the Haskell National in January. 1947, was promoted to the post of active vice president. Well-known in the winners of the first three West Texas banking circles, he ame to the Haskell bank from Abilene where he had been with the Farmers National Bank in that city since 1920 with the exception of time spent in the arm-

ed forces during World War II. Assistant cashier Swinson was named successor to Johnson as ashier. The young bank official joined the staff of the Haskell National in February, 1940 in the bookkeeping department. Given leave of absence while in the Army Air Force during the war, he resumed his position after receiving his discharge, and was made as-sistant cashier several years ago.

Indians Move Up Notch In District Cage Standings

Haskell's Indians improved their district standing during the past week by virtue of two victories. They moved from the fifth spot to tie for fourth with Roscoe.

One of those wins was a 42-37 victory over the Albany Lions at Albany. The Tribe took a 14-9 first quarter lead, but scored only five points in the second sta-za to lead 19-18 at the half. Both teams, very erratic, scored only eight points in the third period as Haskell led 27-26 at its finish. The visiting Indians increased their lead to five points midway of the fourth quarter and froze the ball the final minutes. However, on two occasions during the stall bad passes cost the Indians

valuable points.

Bordy Worsham hit 15 points with Wendell Dixon and Lynn Colson adding 11 and 10 respect-

The Indians gained sweet revenge Tuesday night by beating the Roscoe Plowboys 47-44. They had lost to Roscoe earlier in the campaign 55-45. Coach Ray Overton's charges jumped into a 16-12 first quarter lead. The Indians could muster only two points in the first four minutes of the second quarter and led at one time by only 18-17. In the final portion of the quarter the Indians netted 8 points and led 26-21 at halftime. Midway of the fourth frame the Indians led by 10 points, 41-31 and 43-33. With five minutes remaining the host Redskins began to stall, Roscoe began a full court press and narrowed the lead

Bordy Worsham sunk 19 points and Lynn Colson 14 to lead the indians in point making. Glynn Kreger and Hank Middleton showed fine form in the art of re-bounding. As a team the Tribe out-rebonded the visitors 41-28.

Friday, Feb. 19, Haskell plays nost to newly crowned Dist. 8-A champion Merkle, Merkle owns a 0-1 district record compared to Haskell's 6-5 mark. These two teams will actually be playing the rubber game, each having beaten the other once. Haskell beat the Badgers 40-38 in the McMurry tournament and lost to the Badgers 71-55 in the district race.

Harold H. Hammond, 38, publisher of the Leonard Graphic and Celeste Courier, and former resident here while associated with The Free Press from 1935 until 1944, died Sunday night in Baylor Hospital, Dallas. He had undergone surgery last week. Death was attributed to a brain tumor. Funeral rites were held in Leonard Tuesday afternoon and burial

was in the Leonard Cemetery. Mr. and Mrs. Hammond formerly published The Rule Review before he entered the Navy in 19-44. After his discharge they purchased the Leonard newspaper and later the Celeste Courier, Mr. Hammond was a native of Moran. He was a member of the Baptist Church and the Masonic Lodge. Survivors include his widow, the former Opal Oldham of this city; a daughter, Sherry Kay both of Leonard; one brother and one

Rites Held Friday For Prominent Retired Farmer

Funeral service was held at the First Methodist Church Friday at 2 p. m. for Martin Arend, 81, prominent retired farmer of this section who died Feb. 10 in Litlefield, where he had been living with a daughter.

The rites were conducted by the Rev. Charlie Sargent, pastor of Elbert Methodist Church; the Rev. James Edge pastor of Central Baptist Church in this city; and Dr. Bruno Gaskamp, pastor of the Rev. J. B. Thompson pastor of the First Methodist Church. Burial was in Willow Cemetery under direction of Holden Fun-

eral Home. Coming to Haskell County 47 years ago, Mr. Arend was actively velopment of this section as farming region.

Born March 20, 1872 in Cassel, He was married March 10 1896 o Charlotte Wilchke of Richland, rexas, and they later lived in Taylor before moving to Haskell ounty in 1907.

He was a member of the First Methodist Church here, and of the ODHS Lodge. Survivors are his wife of Little-

field; four sons, H. J. of Little-field, J. J. of Denver Colo., W. A. and Al, both of Haskell; four daughters, Mrs. R. S. Loses to Albany And Roscoe

The Albany Lions tamed the Haskell 'B' team 33-51 Friday night at Albany. Bad luck dogged the Haskell team throughout the game, and fouled off two of their players. The Indians came within seven points of catching the Lions in the third period but couldn't close the gap. The Lions got 43 rebounds to Haskell's 35. High point man for Haskell was David losselet with 11 points followed by David Duncan with 9 points and John Ivan Clifton with 8. Haskell got 26 free throws and

made seven of them.

Then on Tuesday night the Roscoe Plowboys hit the Indians hard and beat them by quite a margin. Haskeil led the ball game up to the second quarter, then dropped behind to remain there until the end of the game. High point man was David Josselet with 26 points, the highest scored this year by a

team member.

However, it was not Roscoe all the way Tuesday night. The Indians 'A' team upset the Plowboys 'A' team 47-41 in a thriller for the fans.
