Chief of Police Tom P. Barnett was instructed to notify persons reported to be violating provisions of the ordinance that complaints were to be filed within 24 hours. Each day's violation would constitute a separate offense, it was pointed out.

In discussing the matter of City Court, City Attorney Ratliff explained that offenses involving a violation of city ordinance cannot be prosecuted in Justice Court. However, he pointed out that the bulk of complaints filed by city officers dealt with traffic violations, which are subject to the general laws.

Community News**

MRS. GENE OVERTON

I guess we had more tragedy at Paint Creek last Wednesday afternoon than we've had in a long time. That sweet Mr. Hisey was burning pears in his pasture up there by that little abandoned cemetery where the little Methodist Church used to be, when the hose on the pear burner he was using slipped off and sprayed fuel all over him. Then the fuel caught fire, and he was badly burned all over his body except his face and chest. How he managed to drive his pickup home, one can't imagine, but he did. He got a robe and started for town when he met Vernay Howard who took him to a hospital.

Thursday he was flown to the John Sealey Hospital in Galveston where he could be under the care of a specialist who treated burns in combat during the war, and is considered one of the best. Although the burns were very serious, the complications caused by the burns were most serious, and from the first his family was given very little hope. Mr. Hisey died early Sunday morning, and was buried Monday afternoon. He was such a sweet patient man, and one of the few people I've known who always smiled. His features were just made that way and whether he meant to or not, he smiled. But I think most time he was smiling. The community extends its deepest sympathy to his family and especially to Buzz and Lou.

The same evening of Mr. Hisey's accident, three summer homes burned in Veda's park. The big gray two story home of Mr. and Mrs. McDaniels was destroyed, and so was W. H. Corley's, Estle Gilleland's was damaged, but not destroyed. His is just being built, and they took the windows out, and the fire trucks arrived in time to help save it. Some of the furnishings of the other two cabins were saved, too.

Mrs. Jess Mickler returned last week end from several days visit with her brother, C. L. Ross and family in Greenville.

Mr. and Mrs. S. M. Singleton of Stamford, who raised their family in our community on the place where the Bill Griffith's live, had their sons and daughters and grandchildren home for the holidays. They were Mr. and Mrs. Clyde Singleton and daughter Gail of Pasadena, Texas; Major and Mrs. Earl Singleton of Tucson, Ariz.; Mr. and Mrs. Clarence Singleton and children Jo and Billy, Mrs. Lynn

Singleton and son Leo, Mr. and Mrs. Malcolm Kingston and baby Mike of Kermit, Mr. and Mrs. N. M. Rutherford, John D. Singleton of Carswell Air Force Base and Don Wadzeck, all of Fort Worth; Mr. and Mrs. Don Nanny and daughters Gail and Donna of Haskell, and Mrs. Earl Singleton's father, Howard Mounts of Muskogee, Okla.

Mr. and Mrs. Tommy Lambert and sons of Commerce spent the New Year's week end with her parents, Mr. and Mrs. Jim Dean. Mr. and Mrs. Clarence Raughton went to Fort Worth Tuesday where Mr. Raughton is taking treatment at Harris Memorial Hospital. Mr. and Mrs. Doc Raughton went with them.

Mrs. Dempsey Bolding of Floydada has been spending the week with her parents, Mr. and Mrs. O. G. Houston, and has been ill with the flu.

Mrs. Ray Sims, Karen and Boxer have spent the last two weeks with her parents, Mr. and Mrs. Doc Raughton, and Ray's parents, Mr. and Mrs. Frank Sims while Ray is showing cattle at the Odessa Stock Show for the Winston Ranch of Snyder. I noticed in the Fort Worth paper that cattle from the Winston Ranch had made a good showing at the show and won several places. They won first place in the 2-year-old heifers, and first in the Senior yearling heifers, and several fourth and fifth places in the two-bull, and three-bull groups. Ray will be showing the Winston Bros. cattle at all the spring stock shows.

Little Jerry Moody, son of Mr. and Mrs. Ralph Moody of Anson spent last week end with his uncle and aunt, Mr. and Mrs. Arthur Moody.

Mr. and Mrs. Durward Livengood and children took his mother Mrs. Beatrice Livengood to her home in Kaufman last week end. She spent the holidays with her son and family.

Mr. and Mrs. Louie Kuenster went to Fort Worth over the week end to take their little granddaughter, Debbie Sandefur home and to visit their children.

Mr. and Mrs. Glen Sandefur and family, and Roy and Mrs. Truett Kuenster and Nan. The Eric Bergstrom's have a new red and tan Ford.

Mrs. Jewel McLennan and Tom Paul were in Oklahoma last week end where they visited with her sister, Mrs. Iva McQuarie and family.

Mr. and Mrs. Earl Livengood, her daughter-in-law, Mrs. Earl Livengood, Jr., and granddaughter Celeste spent last week end with Mr. and Mrs. Homer Livengood and family.

Mr. and Mrs. J. C. Coleman spent Christmas in Gustine with Mrs. Coleman's mother, Mrs. E. F. Adecock and family.

Some of the out of town people attending the Hisey funeral were Mr. and Mrs. Earl Bishop of Floydada, Mr. and Mrs. Bud Davis from the Plains, Kim Hisey of Odessa, Fred Hisey of Ft. Worth, Mr. and Mrs. Hollis Hisey of Galveston, Mr. and Mrs. C. D. Hisey of Hobbs, N. M.

Four new pupils in the school this week are Rex Raughton, nephew of Clarence and Doc Raughton, and the three children of the Brown (I don't know their first name yet) family who have moved to the Brown and Davis Ranch. They came from Cisco.

Mr. and Mrs. George Turner and children of Haskell, and Mr. and Mrs. Emil Mueller and family had dinner Sunday with their parents, Mr. and Mrs. E. M. Mueller.

Well, I've graduated people who hadn't finished college, I've made people charter members of

another denomination, and now I've married Jerry Davis and he isn't. Last week I was writing all the Davis children were home churches when they belonged to for Christmas, and I just wrote Mr. and Mrs. all the way down, and sure enough there isn't a "Mrs." Jerry Davis. I do hope he didn't have too much trouble explaining to the girl friends. He didn't have any more trouble than I've had trying to explain it. Everybody at school wanted to know who she was, and at church people asked me who he married. I don't know why he couldn't have married last week end and made me an honest reporter. But he is still a bachelor, and I apologize.

William Overton attended the executive committee meeting of the Order of the Arrow Kotoso lodge in Abilene Tuesday evening. He is Historian of the lodge.

Mr. and Mrs. L. W. Jones Sr. and grandchildren Nan and Bill Jones of Rule spent Sunday afternoon with their daughter's family, Mr. and Mrs. Gene Overton.

Mr. and Mrs. Bill Mickler, Mr. and Mrs. Allen Isbell and children, and Mrs. W. M. Mickler spent the week end in Fort Worth visiting Mr. and Mrs. Gene Mickler and son Jay, and Mr. and Mrs. Durward Mickler and children.

New Officers of Progressive Study Club Elected at Meeting Thursday Evening

New officers of the Progressive Study Club for the 1949-50 year were elected at the regular meeting Thursday night, Jan. 11, in the Homemaking Cottage. Mrs. O. J. Curry, president, presided during the business session. New officers elected are: President, Mrs. Howard Perry; first vice president, Mrs. H. L. Perkins; second vice president, Mrs. Jean Elliott; recording secretary, Mrs. W. S. Hadden; treasurer, Mrs. Wanda McInerney; historian, Mrs. Frank Martin; board members, Mrs. Robert Wheatley, Mrs. Hugh Watson, director of the program, stated that we begin the first program of the first month of the new year, let us see what January means. Since the month is a heritage from ancient Rome, it is taken from the Latin word *Janus* meaning a door, after the two-faced god, Janus, who looked into the past and looked to the future.

program by adding the year. May all your troubles during the coming year be as short-lived as our New Year's resolutions.

Mrs. R. A. Lane, in giving the Bible book of the month, stated Proverbs is a collection of practical rules of life, in which the teaching is largely by contrast, wisdom against folly, righteousness against unrighteousness.

Proverbs was intended to be a "Manual for everyday living." The moral and religious value of the book is found in a category almost exclusively its own, she explained. It exalts virtues such as honesty, industry, thrift, personal purity and reverence. She concluded by reading several verses from the Book of Proverbs.

Mrs. Harold Parry was voted in as new member of the club.

Mrs. J. V. Flourney and Mrs. W. E. Vanden were substitutes for the evening.

P-T-A Group Hears Talk on Foreign Education Methods

The Haskell Elementary P-T-A met in its regular meeting Jan. 11 at 3 p. m. in the school lunchroom. Order of business was conducted by the president, Mrs. J. G. Waughton.

Following the business session they enjoyed a most entertaining report given by Miss Madeline Hunt of facts learned about some of the European schools during her study in Europe last summer in comparing education in Holland, Switzerland and the British Isles with our own. We learned that the methods are very different.

In the foreign schools children enter school at a very early age and begin studying foreign languages at the age of five. The subjects stressed are math, science and languages. Even though only about 15 per cent of children who make the grades are allowed to enter our schools as colleges, every child learns to speak at least three foreign languages. While we try to help every child live to supply, successful life with equal rights to higher education, we give only the "select" a chance to "higher" education.

Miss Hunt reports that some of the schools were poorly equipped, but many more were of the best structure.

In foreign schools teachers must pass many rigid tests, but once they pass the test and are given the job is the teacher's during lifetime. All schooling on all levels is free. If the teacher leaves the profession during his or her lifetime, he or she must then pay for all his "free" schooling.

These schools refused to have P-T-A's. The citizens pay very heavy taxes but have to pay whatever is the operation of the school system. The National Government supervises the system.

At the time of the program, P-T-A members asked questions which Miss Hunt answered. Then Miss Hunt entertained the group with amusing slides of the various countries. Everyone present really enjoyed the informative report and entertaining slides throughout the meeting. So far we have not had any parents knocking elementary children out of school to go to foreign schools.

The experience gained during his first term will also enable him to discharge his duties more efficiently in the future. Before the primary is held, and as the duties of his office will permit, Sheriff Pennington will endeavor to see as many of the people in the county as possible to discuss his candidacy with them personally.

Claude Ashley to Ask Second Term As Commissioner

County Commissioner Claude L. Ashley of Prec. 1 stated this week that he would be a candidate for a second term, subject to the Democratic primaries. He will likely have a formal statement later. In announcing his decision to ask a second term as Commissioner, Mr. Ashley said he first desired to express his appreciation to the people of Precinct 1 and the county as well for their friendship and confidence expressed by their vote in electing him to office. "I am also grateful for the cooperation of citizens throughout the precinct, which has meant a great deal during the time I have been in office," Ashley said.

As Commissioner in Prec. 1, Mr. Ashley has devoted his full time to handling the affairs of the office as they pertain to his section and the county as a whole. During his first year in office, Commissioner Ashley was responsible for completing details in connection with the newly completed F-M road in that precinct. A similar project is scheduled in the northwest part of the precinct. Before the primary is held, and as duties of the office will allow, Mr. Ashley plans to see as many of the people in Prec. 1 as possible and discuss his candidacy with them personally.

Why buy a truck in the dark?

If you buy a new truck after looking at only one make, it's like making a deal in the dark. You can't be sure of getting the most for your money.

A smarter way to buy is to "spotlight" real truck value—weigh and compare competitive claims with these Dodge truck facts:

- ★ Most standard V-8 horsepower of all leading makes—1/2-ton through 3 1/2-ton range. You'll get faster trips—more work done with DODGE.
- ★ Shortest turning radius. You'll park more easily, wheel through traffic quicker with DODGE.
- ★ Biggest cabs, with biggest wrap-around windshield. You'll enjoy roomier comfort, safer vision with DODGE.
- ★ Highest payload capacities... pick-ups providing up to 22% more payload than others. You'll haul bigger, more profitable loads with DODGE.
- ★ Prices down with the lowest. Comparative facts show that, feature for feature and dollar for dollar, the real value is DODGE.

Next truck you buy, don't deal in the dark. Turn a bright light on the facts—see Dodge before you buy.

Business Concerns Asked to Issue W2 Forms Early

Employers can help employees file tax returns early, C. B. Dixon, administrative officer in charge of the Wichita Falls office of the Internal Revenue Service said today. Business concerns that issue W-2 tax withholding statements now make it possible for their employees to file their returns early. This assures quick refunds

for thousands. There should be no delay in getting a refund for those who file a correct return now. Taxpayers are urged to study their instruction booklets so that when W-2 statements are issued they can get their refunds without delay.

Dodge presents...The TEXAN

The Texan by Dodge!

A handsome, rugged car big as all outdoors, with the surging power of a quarter horse, sweeping lines of a gull in flight, the relaxed touch of push-button driving!

The Texan is built for Texas driving. It skims swiftly along the big broad highways, it rips over hills like a hungry cougar, it takes the bumpiest, ruttiest, sandiest road and comes back for more. Powered by the mighty engine that busted the AAA record book wide open at Bonneville Salt Flats, it gives you the same superior engineering and design that made Dodge the greatest sales-gainer in the industry in 1955.

Plenty of special features, too... specially designed interior trim, special paint combinations, jaunty twin exhaust pipes, and other smart touches. The Texan's name is proudly blazoned on both rear fenders. And the brave crossed flags of the Lone Star State are right up front where your fellow-Texans can admire them!

Best of all, the Texan is priced right down with the so-called "low-priced three." Yet it's big and powerful and luxurious... rivaling cars costing as much as a thousand dollars more! Visit your nearest Dodge Dealer now and drive the Texan!

Choice of this dashing Lancer Hardtop or the big, rangy 4-Door

AND 15 MINUTES IN A "PowerStyle" CHRYSLER

Why it's today's biggest buy of all fine cars!

It doesn't take long to find out why Chrysler is winning the reputation as the performance leader of 1956. Just a few minutes behind the wheel of a big Chrysler Windsor V-8 like this one will show you why.

Suppose you are in the right-hand lane on an expressway . . . four lengths behind a big truck rolling along between 35 and 40 miles per hour. You want to pass. You toe the throttle and in eight seconds flat you're four lengths ahead of that moving truck and back in your own lane!

That's 1956 Chrysler performance. That's the kind of power only the "PowerStyle"

Chrysler can deliver . . . with its great airplane-type V-8 engine.

And that's not all. There's full-time PowerPilot Steering . . . Pushbutton PowerFlite, the ultimate in automatic transmissions . . . and the big PowerSmooth Brakes that outlast others 2 to 1.

These are just some of the exciting new things that await you the first time you pilot a "PowerStyle" Chrysler. If you're driving one of the other cars in Chrysler's price class, by all means make a direct comparison now. Just 15 minutes behind the wheel will show you why it's the biggest buy you can drive today!

Serial Numbers Now Required on 2-Ton Trailers

All trailers and semi-trailers having a gross weight of 4,000 pounds and over must have serial numbers on the vehicle and such numbers must be shown

on the license receipts, announces Mrs. Elizabeth Stewart, county assessor-collector. This new ruling went into effect December 1, 1955. The purpose is to make it possible for enforcement men to determine if trailers and semi-trailers are properly registered. If the trailers do not have a factory assigned serial number,

one may be obtained at the assessors-collectors' office for a fee of \$1.
