KNOX COUNTY HERALD FRIDAY JUNE 20, 1930

NUMBER 59

City People In Sul Ross

The Herald
Texas, June 19.—Miss Freeman, W. E. Lawrence, Mrs. W. E. Lawrence, Miss Virginia Lowrey are for the summer session of the State Teachers College in Sul Ross history. Students from every county in Texas and several other States in the State are registered. The students are anxiously awaiting the many trips that this college offers them. On July 1 will be made into the Indian Territory under college. Students will be carried in the Mexican border. They will board a train for a day visit to Chihuahua and other points of interest. A scenic drive was made to the dude, "Rancho de Cuernavaca". The student guests of Mr. and Mrs. Brown on this occasion at a dinner and barbecue supper. Editor, Skyline News

Clarke-Branton

Mr. Bill Clarke and Miss Loree Branton were united in marriage Saturday morning at eight o'clock in the home of the bride's parents. Only a few of the immediate relatives of the two and the bridal party were present. Miss Mable Clonts sang "I Love You Truly", accompanied by Miss Margaret Reeder. Miss Claydene Hoge played the wedding march as the bridal party entered. Miss Branton was accompanied by the maid of honor Miss Clara Clarke, and the groom was accompanied by Lee English. The couples came in through isles formed with baskets of flowers and met at the improvised altar which banked with cutlet flowers and ferns. The Reverend Stovall officiated with the ring ceremony, making the occasion most impressive and beautiful. The happy couple then left for Dallas and other points.

The bride wore a beautiful blue chiffon carrying a bouquet of sweet peas. Following the ceremony she changed into a navy blue ensemble traveling suit.

The farewells to the couple consisted of a huge rice shower and many old shoes, however this failed to daunt their spirit.

The Herald joins the community in wishing the young couple much happiness and prosperity.

DAILY VACATION BIBLE SCHOOL DOING GOOD WORK

The Daily Vacation Bible School which is being conducted this and next weeks under the direction of the Missionary Society is doing very good work.

The attendance Monday, the opening day, was 28. This number has increased every day with a few more of the children from the other churches coming in. The children are as welcome as the Methodist children and it is hoped that even more of them will attend the last week of the school.

Miss Claydene Hoge is the leader for the primary group and Mrs. J. C. Mann the leader for the Junior Group. In addition to the little study on the part of the pupils they are also told a Bible story each morning. This is the program for the Primaries. The Juniors are studying the entire Bible, simply presented of course. Mrs. T. S. Edwards is presenting the Old Testament, in a manner that the children will understand and gain a knowledge thereof, this week; and Mrs. E. R. Carpenter will present the New Testament next.

If your child has not yet enrolled for the vacation Bible School, sent him or her to the Methodist Church next Monday at nine o'clock. It will be both profitable and enjoyable.

RIDES HAY WAGON TO MARRY COUPLE

Brother Stovall went back to "the good old days" last Saturday and rode in the hay wagon to get Bill Clarke and Miss Loree Branton married.

The preacher went Friday afternoon to visit with Mr. and Mrs. Parkhill in the Gillespie community and failed to get home before the flood came. He not only drowned out and stuck up his own car trying to get home but did the same thing to Mr. Parkhill's car. He then tried to use the wagon but found it necessary to spend the night with his host and hostess. Saturday morning Mr. Parkhill had to take the preacher over to the Branton home in his wagon in order to get the young couple married.

The story goes a little further too, so we are told. The new Mr. and Mrs. Bill Clarke made the bravest of attempts to get away from home the day of their marriage but had to spend the night in Munday. Sunday they succeeded in getting to Wichita Falls and a telegram from Bill to his Dad stated that all was O. K. and the two went merrily on their way to Fort Worth, Waco and other points of interests to them.

The stated meetings of Knox City Chapter Order of the Eastern Star will be held on Second Monday night at 8:30 each month.

Even Uncle Sam Can't Please Everybody

Albert T. Reid

Lee Coffman for Tax Assessor

Word was received from Mr. Lee Coffman of Goree this week that he is a candidate for the office of Tax Assessor. He has authorized the Herald to carry his announcement this week.

Mr. Coffman was Assessor several years ago and every one is acquainted with him and the kind of service he gives. He solicits your support in the coming election, promising to serve again with the best of his ability. He has given most of his time this week to help and work in flood district of the county however he expects to be in Knox City soon and see every voter.

He will appreciate your vote and influence.

Edwin Clarke, and Mr. and Mrs. Ezell Clarke and son of Leveland were here with relatives over the week end.

MOTHER TO KNOX CITY WOMAN DEAD

Mrs. Simons of Roby, mother of Mrs. L. N. Bridges, died in the county hospital Monday morning, after being there only a few days. The body was carried back to Roby Monday afternoon and funeral services were held Tuesday. Interment was made in the home cemetery.

Mrs. Simmons had all of her children, with the exception of two who were in California, with her in the hours before death. There were nine children with their families. Mrs. Bridges and family of Knox City being numbered among them.

Mr. and Mrs. Bridges were accompanied to Roby for the funeral services by Mr. and Mrs. E. Q. Warren.

Sarah Wright for Tax Collector

The Herald is authorized to announce this week that Sarah Wright is a candidate for the office of County Tax Collector subject to the action of the Democratic primary.

Sarah Wright came to Knox County from Montague county in 1920 working in the Tax Collectors office for a couple of years. She left the office then and followed the profession of teaching for two years. In 1925 she again resumed the duties in the office.

She has attended the North Texas State Teachers College in Denton and Bowie Commercial College in Bowie. Every one of the county should be acquainted with her services and qualifications. She will appreciate your support in the coming election and solicits your vote as one who wants to serve you.

Model Gas Kitchen On Wheels

The Lone Star Gas Company recently introduced a novel method of demonstrating compressed natural gas delivered in portable steel cylinders to homes not having pipe line gas service.

A model kitchen has been especially designed and constructed on a truck chassis. This traveling kitchen tours the suburban communities of Texas giving special demonstrations with compressed gas.

The interior of the truck is equipped with standard gas appliances, including a cook's stove, water heater, refrigerator, lights and small wall heater. The appliance receive a supply of gas from a standard installation mounted on the rear in a

steel cabinet exactly the same as the installation for service in the home.

Two cylinders are included in the installation. As one cylinder becomes empty it can be cut off and the other turned on; the empty cylinder can be replaced without interrupting service.

The Stamford Western Gas Company of Knox City, the distributor of STARGAS in this territory, will bring this kitchen to this district for public inspection. The route of the truck is as follows:

Friday June 27th
Vera 10 a. m. to 11 a. m.
Benjamin 1 p. m. to 2 p. m.
Knox City 3 p. m. to 4 p. m.

OUR FRIEND JOHN E. DAVIS FOR STATE TREASURER

John E. Davis, veteran member of the Legislature from Dallas county has announced his candidacy for the Democratic nomination for the office of State Treasurer.

Mr. Davis is now in his ninth term as a member of the Legislature, serving in the House a longer period of time than any other person in the history of Texas. For the past five terms he has been chairman of the committee on contingent expense, having charge of the purchase of all stationary, supplies and equipment and the payment of all bills covering the contingent expenses of the House, and has handled that work with such painstaking care that he is often referred to as the "watch-dog of the contingent expense fund."

Mr. Davis said that he felt that the fact that he had been elected to the Legislature so many times by the people of one of the most populous counties of the State and by such large majorities ranging from 2,400 the first time to more than 14,000 over two opponents in the last primary was a testimonial to his character and his devotion to duty, as is also the fact that Speakers Ewing Thomason, Chas. G. Thomason, Lee Satterwhite, Robert Lee Bobbitt and W. S. Barron appointed him chairman of that important committee and praised the manner in which he handled his work in the past.

"I feel," he said that my long service in the Legislature and my familiarity with the affairs of the State government has given me experience that will be of value to the people of Texas if they elect me State Treasurer, and my constant attendance, my care in handling expense accounts and my record for strict economy may be taken as an index to the character of service I will render if thus honored."

Mr. Davis was born in Georgia 55 years ago, reared in Tennessee and came to Dallas county in 1896 and has been editor and publisher of The Texas Mesquiter at Mesquite since 1889. Prior to his election to the Legislature he served as mayor of his town four terms, two terms as a clerk in the House and one in the Senate, and he is president of the Dallas County Press Association. He is married and has four children, two sons who are newspaper men, one son in the Navy and a daughter at home.

Mr. Davis has a wide acquaintance over the State, his friends including all State officials and members of the Legislature since 1903 and many of the newspaper men, to any of whom he refers as to his character and standing.

EDITOR'S NOTE:

We are glad to say that we are personally acquainted with Mr. Davis, being associated with him four or five years in the Dallas and Texas Press Associations. He is one of our newspaper brothers and has a record of long years of successful work in this line. As he has stated in his announcement, Mr. Davis has been a representative to Austin for 18 years, which fact makes his more qualified for the office he now seeks.

Dr. O. J. Emory made a business trip to Fort Worth Tuesday returning home Wednesday. His sister, Mrs. Baker, who has been visiting here, returned to her home with Dr. Emory.

Knox City's Population 904

The population of Knox City as shown by a preliminary count of the returns of the Fifteenth Census, taken as of April 1, 1930, is 904, as compared with 898 on January 1, 1920. The figures are preliminary and subject to correction.

There were 12 farms enumerated in this area at the Fifteenth Census. Owen M. Unger, Supervisor of Census.

Believe it or not, it is wise to choose a Chevrolet Six at Ashcroft's.

Mr. J. R. Griffith of Abilene was here the first of the week to see his brother, J. F. Griffith.

Mrs. E. O. Jamison and Yvonne and Mary Leone Hoge came home Monday from their visit in Mineral Wells.

Mr. and Mrs. R. E. Joyce of Snyder and Mrs. Schley Adams of Pyron are here this week to see Mr. and Mrs. S. O. Nations.

We understand that Sam White and Mrs. Joe Averett are the champion 42 players in Knox City. For exact information see refer you to Joe Averett and Mrs. W. E. Benedict.

Ray Willis attended the 18th district convention of the American Legion in Skilton Saturday and Sunday. He reported the meeting both profitable and enjoyable.

LOVE WILL FIND A WAY
Wife (with newspaper): "Just think of it! A couple got married a few days ago after a courtship which lasted fifty years!"
Husband: "I suppose the poor old man was too feeble to hold out any longer."

I CANNOT PRAISE THIS KONJOLA TOO MUCH

Says Wichita Lady Suffered for Twelve Years From Stomach Trouble

MRS. DELLA SETTLE

"I cannot praise this Konjola too strongly, because I tried many other medicines and treatments, but none gave the remarkable relief that Konjola did", said Mrs. Della Settle, 1719 Mildred Avenue, Wichita. "I just had to force myself to eat and nearly everything I ate made me sick. I had cramping pains in my stomach and bowels until I could hardly endure them, and I simply felt miserable all the time."

"Finally, I decided to put Konjola to the test. That proved to be a wise decision. Right from the start I noticed improvement. I now have a much better appetite, and meals are a pleasure as food digests without pains or misery in my stomach. My bowels are functioning as they should, and it is certainly a relief to be rid of that tired worn-out feeling. I gladly endorse this splendid medicine that restored my health."

Konjola has become the most talked of medicine in America because it makes good. And Konjola makes good in the most stubborn cases when given fair trial and from six to eight bottles are used.

Konjola is sold in Knox City at the Orient Drug Store, and by all the best druggists in all towns throughout this entire section.

SAME PRESCRIPTION HE WROTE

When Dr. Caldwell's medicine, back in 1880, laxative were not used. People lived normal wholesome food, and air. But even the drastic physics and of constipation did not believe were paid. The prescription he used early in his he put in drug store name of Dr. Caldwell is a liquid vegetable for women, children and they need, as a bowel stimulant. This prescription and is now the best laxative. It has no people who need it: headaches, biliousness, gas, loss of appetite, dyspepsia, or with Druggist, or with Dept. B.R. Moulton trial bottle.

Flood Damage Sale!

The Tennessee Store at Munday Texas suffered a heavy loss from the flood of last week in water damaged merchandise. All this damaged merchandise will be on sale beginning Friday morning at 9 o'clock and will be marked at real give away prices as we want to dispose of every thing that is damaged in any way.

Munday Texas Tennessee Store Munday Texas

After the First Twenty-five Thousand Miles

THE VALUE of sound design, good materials and careful craftsmanship is especially apparent in the new Ford after the first twenty-five thousand miles. Long, continuous service emphasizes its mechanical reliability and economy of operation and up-keep.

As you drive the Ford through many months and years you will develop an increasing pride in its appearance and a growing respect for the substantial worth that has been built into it. From every standpoint—in everything that goes to make a good automobile—you will know that you have made a far-seeing, satisfactory purchase.

Wherever you go, you hear enthusiastic praise of the car and this significant, oft-repeated phrase—"I'm glad I bought a Ford."

A FORD owner in New York tells of a 13,000-mile trip across the United States and back in sixty days and says "the car was extremely economical to operate, comfortable and speedy." A grateful father tells how the Triplex shatter-proof glass windshield saved his wife and children from serious injury.

To test tires, a large company drove a new Ford day and night, for an average of 500 miles every twenty-four hours. It was still giving satisfactory service after 105,000 miles.

A Ford car that had fallen into Fernan Lake was submerged for twelve days before being raised. After a new battery and carburetor bowl were installed, it was driven back to Spokane under its own power.

Many police departments have written of the special advantages of the Ford in crowded traffic because of its alert speed, acceleration, and ease of control. An increasing number of fleet owners are also purchasing the Ford because their cost figures have given conclusive proof of its economy of operation and up-keep.

In addition to important triumphs in Germany, France and Italy, the Ford was six out of seven leading planes in a contest in Finland, first and second in the Ralantia races in Argentina, first and second in the

run from Copenhagen-to-Paris-to-Copenhagen, three gold medals in England, first ranking in the durability test over the tortuous Amancaes road in Peru, and first place in the 1930 reliability run conducted by the Royal Automobile Club of Sweden.

This contest was an exceptionally severe test of endurance and sturdy construction because it was held in the dead of winter and covered 600 miles of steady running over snow-covered country roads and mountainous hills.

Pushing Through Hard

Hot summer days never bother a lad much if he is fired with the desire to make money.

Enthusiasm and grit to earn and save under hard circumstances has been the foundation of many a man's success.

But the life old adage "It is not what you make but what you save" is our motto and if we would offer advice we would suggest that it is through saving that we are able to push through hard

A Few Facts About Ourselves

This a great country. Un-hub. We've heard that before. What about it?

Just this about it. Dr. Julius Klein, Assistant Secretary of Commerce, tells whom there are few keener analysts in the world, has been figuring out how much better off we are than the rest of the world.

The United States has only 6 per cent of the world's population, but we consume 15 per cent of the world's wheat crop. That means that, if the rest of the world were able to buy and eat as much food as we do, the wheat crop would have to be two-and-one-half as large as it is.

We consume nearly a quarter of all the world's sugar, more than half of the world's coffee, more than a quarter of the world's cotton, one sixth of all the wool, three-quarters nearly all the silk, two-thirds of all the iron and copper, lead, zinc and coal. We use three-fifths of the world's petroleum, two-fifths of all electrical power, more than three-quarters of all the automobiles and three-fifths of all telephones.

If the rest of the world was as well off as we are how prosperous we and all thereat would be. Our average family income is \$3,900 a year. The British income is two-thirds of that Canada's less than half, Sweden's still lower, Germany's only a little over one-third as large and France's about the same—personal income of the average man, that is. That's why we can and do, consume more of the world's raw material than any other nation.

We have set an example to the rest of the world, which it is slowly beginning to follow. In spots. The farther and more rapidly it extends the sooner and more surely will we reach the stage of human development in which people will no longer die of starvation, in which every human being will have his happiness in his own hands.

There are those whosay that in seeking material prosperity humanity is losing its spiritual ideals. It does not seem that way to us. It is one thing to forego riches for the sake of the higher life; it is quite another thing to have no choice in the matter. Poverty in itself is not a virtue. It was a wise man who said that it was useless to preach idealism to a man who didn't know where his next day's dinner was coming from. And that is the condition of more than half of the people of the world today, while a still larger portion live under conditions which make more than bare living possible.

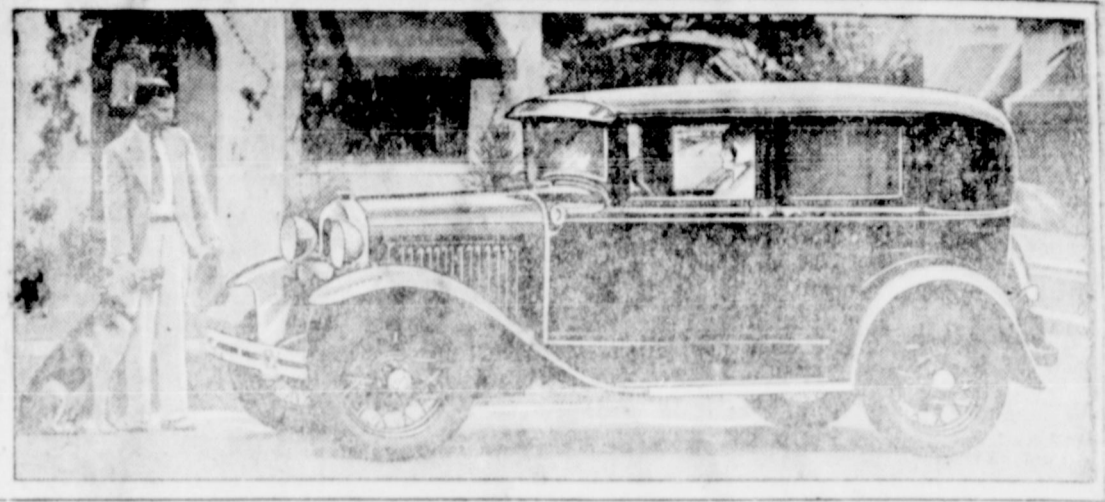

This is a great country.

Reverend J. H. Edmonds of Anson died Tuesday morning of this week. Brother Edmonds was well known and had many friends in Knox City. W. A. Smith, Uncle Joe and Mrs. Byron Lee attended the funeral services held in Anson Wednesday, afternoon.

Mr. L. M. Pyeatt of the Louisiana University in Baton Rouge is here this week to see his brother Victor L. M. Pyeatt will be a member of the faculty in the University next year in the Geology Department. He studied there the past year doing post graduate work and did assistant work in Geology.

Mrs. E. F. Branton made a trip to Vera last week in the interest of the office to which she seeks, county superintendent. Mrs. Branton has been encouraged to run for this office by many of her friends who feel and know that she has the ability to make an excellent county superintendent. She is in the race and is in it big.

Ford Offers New De Luxe Sedan

Ford De Luxe Sedan

THE De Luxe Sedan, recently added to the Ford line, is designed for those who desire distinctiveness and unusual comfort in an automobile. The interior is inviting and roomy with wide doors to both compartments. Absence of rear quarter windows gives the car a striking individuality and affords privacy to the occupants.

Interior trimmings and appointments are luxurious. Upholstery is either in brown mohair or a deep tan Bedford cord patterned after that used in high-priced cars.

Other refinements include arm rests for the rear seat, mahogany finished garnish mouldings on the windows and beneath the windshield, flexible robe rail and trunk ware in an attractive pattern.

The front seat is adjustable within a range of four inches to suit the convenience and comfort of the driver. It is moved quickly and easily by a small, inconspicuous handle in the front center of the seat just above the knee.

The De Luxe Sedan, like other Ford body types, can be obtained in any one of several color combinations.

A Mission Revival Meeting was held in the Brock community last week with the Reverend Wall of New Mexico doing the preaching, there were two conversions as a result of the meeting.

Sunday afternoon the baptizing was held in the Knox City Church of Christ at three thirty with Brother Wall officiating. The service Sunday night in the Brock community closed the meeting.

Film producer: You now dash in to the burning building, film Miss Whatechname over your shoulder, clamber out with her through the roof, and the escape along the telegraph wires, still holding her.

Exhausted Actor: Here, dsah it, I've just done all that.

Producer: Of course you have, was the rehearsal.

COULDN'T BE DONE

Somebody said that it couldn't be done, but he with a chuckle replied that maybe it couldn't but he would be one who wouldn't say so 'till he'd tried. So he buckled right in with the trace of a grin on his face—if worried, he hid it. It started to sing as he tackled the thing that couldn't be done, and he did it.—Edgar Guest.

"A laugh is just like music,
It freshens up the day,
It tips the peaks of life with light
And drives the clouds away.
The soul grows glad that bears it
And feels its courage strong.
A laugh is just like sunshine
For cheering folks along."
—Selected.

Miss Imogene Hunt of Goree, who has been visiting Miss Clara Clarke of this city returned to her home Monday.

HOME ECONOMICS

Here's a story of a young woman who asked her husband to cook one radio recipe she wanted. He did his best, but got two stations at one broadcasting the morning physical exercises, the other the household recipes. Here is what he made down.

"Hands at hips. Place one cup off flour on shoulders. Raise knees and depress toes, and mix thoroughly one-half cup of milk. Repeat ten times.

"Inbake quickly one-half teaspoonful of baking powder, lower the bowl and mash two hard-boiled eggs in a sieve. Exhale; breathe naturally and sift in a bowl.

"Attention!!! Lie flat on the floor and roll the white of an egg backwards and forwards until it comes to a boil. In ten minutes remove the fire and rub smartly with a towel. Breathe naturally. Dress in warm flannels and serve with soup."

Phillips Life Sweetener
Children's teeth sour, and need an acid. Their systems sweet with Magnesia!
When stomach or breath tells of acid addition, mix it with a spoonful of Phillips Life Sweetener. Men and women have been comforted by this universal sweetener. Mothers should invoke its aid for their children. It is a pleasant taste, yet neutralizes more acid and gas. The sweetener things too often em- ployed for the purpose. No household should be without it.
Phillips is the genuine, prescriptiveal sweetener. Physicians endorse for general use. Its name is important. "Milk of Magnesia" has been the U. S. registered mark of the Charles H. Phillips Chemical Co. and its predecessor Charles Phillips since 1875.

STAMFORD IS READY FOR YOU
JUNE 26, 27 AND 28

STAMFORD, JUNE 19.—With arrangements completed for a group of 50 Comanche Indians from the government reservation in Oklahoma to put on a two hour show each evening during the Texas Cowboy Reunion in this city, June 26, 27 and 28, a well-balanced program has been provided for the thousands who will attend the affair.

During each afternoon, a western cowboy rodeo in which approximately 100 actual working ranch hands will compete for liberal cash prizes, will be staged, and after the Indian show in the evening, an old-fashioned ranch dance with real pioneer music will be held in the open air pavilion on the reunion grounds.

Special efforts are being made to have all men who were engaged in working cattle on the ranges prior to 1885 attend the reunion. However, everybody whether and old-timer or a newcomer to this area, in invit-

ed, and will find many things of interest and much to entertain and amuse during the three days.

The opening feature of the celebration will be a monster parade at 10 a. m. on the morning of June 26. In the aggregation will be the 50 Indians, the cowboy rodeo contestants, the pioneer cattlemen and many other interesting divisions, along with about a dozen ranch chuck wagons. These wagons will be on display on the reunion grounds all during the affair and the ranch cooks will be with them. The Indian show each evening will be highly interesting. Tribal war dances with the redskins in full native regalia and the gth booming drums that require four men to handle them, will be among the thrilling items offered on the program each night.

CHILLING THOUGHT

"Speaking of bathing in famous springs," remarked Mr. Kline, "that reminds me that I bathed in the spring of '23."

ABILENE RAILROAD MAN FEELS FINE EVERY MORNING

Wallace Says He Is Full of New Life and Energy Since Taking Argotane

W. E. Wallace, well known employe in the freight department of the Texas and Pacific railroad, is still another citizen of high standing who comes forward with his unqualified endorsement of Argotane. While in Harvey Hays Drug Store, Abilene, Texas, Mr. Wallace said:

"My improvement in every way has been more than satisfactory and I don't hesitate to endorse such a fine medicine as I have found Argotane to be. I had not been feeling at all well for the past year. I suffered from stomach trouble and indigestion. I couldn't sleep soundly, felt lazy tired and drowsy. My work required me to stay in all day and I had become so run down that I was easily tired out and didn't feel much like work. I can't describe just how I felt, but I know I needed something to relieve my stomach and that tired drowsy feeling and build up my strength and energy.

"Argotane just hit the spot exactly and I now feel like a different man. Why before I took it I had no appetite but I am hungry all the time now and can eat anything with out the slightest bad feeling afterward. I sleep fine, get up in the morning feeling fine and my daily task is much easier. My indigestion is gone, my tired, worn out feelings have left me and I simply feel altogether different."

Genuine Argotane may be bought in Knox City at the Orient Drug Store.

ZONE MEETING WELL REPRESENTED

The Zone meeting of the Methodist-missionary Society which was held last Thursday in Rochester, was well representative of the Knox City society. Fourteen people of Knox City were present; six from Munday and a large attendance from Rochester. The Reverend Thompson of Wainert preached the sermon for the day. The entire meeting was inspirational and local members who attended returned with favorable reports.

SO DID THE EDIOTR

Landress: "I lost ten dollars yesterday".

Blazek: "How's that?"

Landress: "Cotton went up ten dollars a bale, and I didn't have a bale."

Mr. and Mrs. H. C. Ferguson of Amarillo spent last week end with Mrs. Ferguson's parents, Mr. and Mrs. S. L. Favor. Mr. and Mrs. Ferguson were on their way home from an extended vacation in Houston, Galveston, San Antonio and Austin. They were accompanied home by Master Billy V. Favor.

LISTERATED

Mrs. Pearce: "Something is wrong with me. I feel all wrigley inside."
Dr. Hubbard: "You must have swallowed your gum."

Attention! Would like to see every one this week that has a picture to frame.

M. M. WARD

G. B. Robbins and wife and sister of Kentucky were recent guests of his uncle and aunt, Mr. and Mrs. T. E. Robbins.

"Don't you know you should give half the road to a woman driver?" asked a policeman of a motorist who narrowly avoided a collision.
"I always do," he replied "as soon as I find out which half of the road she wants."

Evolution

Miss Turner: "I think I'll look up my family tree."

Miss Rodgers: "Beter be careful. You might get hit on the head with a coconut."

Old Lady: If you really want work Farmer Gray wants a right-hand man.

Tramp: Just my luck, lady. I'm left-handed.

Of the cotton crop totaling 14,821,415 lbs. Texas produced 3,940,000—than 2,000,000 bales ahead of the next state, Mississippi, with 5,000 bales.

If you think the world is crazy it may be you that's crazy.

NEW "HEAVY DUTY"
tells you what it is—but not HOW FINE IT LOOKS!

STUNNING looking
—be sure to see it before you buy tires!

This new Goodyear Heavy Duty is more than an extra-mileage, extra-endurance tire—it's an extra-STYLE tire as well.

It gives your car a new and smarter look.

It's bigger, handsomer, more massive. The All-Weather Tread is extra thick. It has a 6-ply body of stout SUPER-TWIST CORD, Goodyear patented and obtainable ONLY in Goodyear Tires.

Come in and see it!

Only the Price is Ordinary!
