Best Jamboree Despite Rain

The rain and bad weather didn't "dampen" the size of the crowd as many stood in the aisles and various rooms of the club to listen to an evening of good country music entertainment.

Entertainers were Paul Bullion and his band, Ray Ethredge, the R.C. Daniels band, The Angle Sisters, Brian Williams, Tommy Kent, and W.H. (Pat) Patterson and his band.

Tommy Kent very capably emceed the event, which was sponsored by the Knox City Chamber of Commerce.

The next musical jamboree has been scheduled here on Saturday, October 18 at 8:00 p.m. in the school auditorium.

Plans now are to hold the jamboree on the third Saturday night each month.

HEADING UP THE GREYHOUND MARCHING BAND for the 1975-76 school year is Drum Major Timi Graham, senior daughter of Mr. and Mrs. Jeff Graham. Majorettes are standing from left, freshman Rhonda Skiles, daughter of Mr. and Mrs. Weidon Skiles; Tamie Grindstaff, junior daughter of Mr. and Mrs. John L. Grindstaff; and senior Melinda Hewitt, daughter of Mr. and Mrs. James Hewitt. Kneeling is head majorette Pam Skiles, senior daughter of Mr. and Mrs. Willard Skiles.

Johnny Cash Film To Be Shown Sunday

"The Gospel Road," distributed by World Wide Pictures, was conceived and produced by Johnny Cash and his wife, June Carter Cash, whose desire was to tell the story of Jesus Christ in a realistic and meaningful way.

KC Hounds Overcome Rule Bobcats 14-0

The Knox City Greyhounds overcame the Rule Bobcats here Friday night, giving the Hounds a 2-0 season record.

The first half of play was scoreless with Rule dominating statistically. Punts were exchanged throughout the half, and the Hounds recovered one Bobcat fumble.

The Hounds' first scoring drive began when they recovered another Bobcat fumble on Rule's 29 yard line late in the third quarter. On the seventh play of the series, with 10:21 remaining in the fourth quarter, Jimmy Don Moore hit Ricky Bishop in the endzone for six points. Charlie Flye made the try for two extra points good.

After the kick, the Hounds recovered one more fumble on Rule's second play from scrimmage. The Hounds

turned this into six more points when Moore hit Al Bateman for the TD. The extra point try failed.

Jerry Stamps intercepted a Bobcat pass on the last play, and the game ended 14-0, with the Greyhound defense yet to be scored on this year.

Moore had a good night, completing 7 of 11 passes, two of which were for TDs.

Stamps led the Greyhound rushing game with 60 yards, followed by Flye with 50.

WESS IT'S DEAD! This javelina hog bit of attention Wednesday morning who lives about two miles north of town and was shot by the author. He was brought his 'kill' into town and parked at the home of the author. Perdue and his wife, Marion, had the javelina muskdogs the Fourth of July when they almost killed the couple's dog but efforts to relocate them and kill them were unsuccessful. Several had hunted the hogs since then but Tuesday evening one of the hogs was shot through the sliding glass door to the patio. The author shot the other but has not yet shot it.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BENJAMIN:

SECTION 1. Effective with the first gas bills rendered from and after thirty (30) days from the date of final passage of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Benjamin by Lone Star Gas Company, a Texas corporation, its successors and assigns, is hereby fixed and determined as follows:

- First 1 000 Cu. Ft. or Fraction Thereof \$3.1277 Gross; \$2.8149 Net.
- Next 3 000 Cu. Ft. at \$1.9388 Per Mcf Gross; \$1.7449 Per Mcf Net.
- Next 6 000 Cu. Ft. at \$1.8166 Per Mcf Gross; \$1.6349 Per Mcf Net.
- Next 15 000 Cu. Ft. at \$1.7277 Per Mcf Gross; \$1.5549 Per Mcf Net.
- Next 75 000 Cu. Ft. at \$1.6610 Per Mcf Gross; \$1.4949 Per Mcf Net.
- Over 100 000 Cu. Ft. at \$1.6277 Per Mcf Gross; \$1.4649 Per Mcf Net.

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period, except that where customer's only use for gas service is in an outdoor grill and/or a fireplace starter, the amount shown for the first consumption block shall constitute a minimum monthly bill.

ADJUSTMENTS

The amount of each net monthly bill computed at the above-stated rates shall be subject to the following adjustments: Plus or minus the amount of any increase or decrease, respectively, above or below the \$1.0399 per Mcf level in the intracompany city gate charge as authorized by the Railroad Commission of the State of Texas or other regulatory body having jurisdiction for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers where such changes are caused by increases or decreases in the cost of gas purchased by the Company; plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to July 1, 1975, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Each gross monthly bill shall be adjusted proportionately. Company, at its option, may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to apply any adjustment shall not constitute a waiver of Company's right from time to time, or at any time, to make any adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

Net rate shall apply to all bills paid within ten days from monthly billing date; gross rate shall be applicable thereafter.

The above rate is applicable to each residential and commercial consumer per meter per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

SECTION 3. It is hereby found and determined that the meeting at which this ordinance was passed was open to the public, as required by Texas law, and that advance public notice of the time, place and purpose of said meeting was given.

STREAMS IN DESERT PLACES

by Ozelle Stephens

"And Joseph said unto them, Fear not for am I in the place of God? But as for you, ye thought evil against me; but God meant it unto good, to bring to pass, as it is this day, to save much people alive."

When one forgets to keep simple trust in God and keeps his commands, he becomes bitter, complains, loses respect for his loved ones and friends. He is not happy with anything or anybody; seems all of life is one big mistake. That is what happens when one fails to let God have His way with his life. Joseph looked to God when things went wrong. He let God have His way, he opened his heart to His leading, and was led through many open doors. His life became a blessing to many souls.

If you have a deep abiding faith in your God, your peace and contentment will not be hindered by outward circumstances. This same God in His great power, whom Joseph trusted, will bring you peace and victory, if you put your trust in Him and walk humbly before Him. He will turn into good what is meant for evil. He loves you and is waiting for your commitment unto Him, so He can use you to help save your loved ones.

O'Brien Happenings

CHARLENE BROTHERS

Have you tried opening a bottle of Anacin lately? If they keep on making hard to open tops for medicine, even we adults are going to need help opening the bottles. The last Anacin bottle we opened you have to line up the arrow on the top with the one on the bottle before it will open, and even I have a hard time getting the plastic top to come open. J.O. laughed at me the other morning trying to open the bottle and finally he opened it for me. I have trouble getting the plastic top off, but I can get the arrows lined up real good. I do not think any child will learn very quickly how to open them.

The O'Brien Bulldogs won their game with Trent last Friday night, 45-33. The Alsides brothers ran five of the touchdowns while Louis Rojas caught a pass for another one. Jaime Rocha ran for three extra points. It was a very good and wet game. Coach Reed had to play the second team quite a bit to keep from calling the game on the 45 point ruling in six-man football. This is good experience for the boys who will play next year. If they do not make it to state playoffs this time, they should next year. We have some pretty good ball players this year. There is just one thing I think, and that is that we have a few that according to the school policy on the length of boys' hair, need to get a hair cut. This may be none of my business, but I have always believed that if a rule is made it should be carried out to the best of the ability it can be. Oh, the Alsides brothers, by the way are John and Joe. They did some very good playing at Trent the other night, keep up the good work, boys, all of you.

SOPHOMORE NEWS
By Junior Gonzales

The Sophomore class was responsible for decorating the halls last week. The halls really looked good. No brag but fact! If it wasn't for the Sophomores the halls would not be the same anymore.

Well the Hounds did it again. They whopped Rule all over the field. The score was 14-0 and that was good because we were supposed to lose. Hope to see you fans next Friday to see the Hounds beat Archer City. Also, the Bullies were on the winning streak and defeated Rule 10-0. It was a hard-fought defensive game. The game was called off because of rain. Tonight the Bullies go to Windthorst to meet the mighty Trojans. The game will be at 8:00 p.m. Hope to see a lot of Bully fans there to cheer the Bullies on to victory. The High School pep rally will be held at 3:30

tomorrow. Let's go and cheer the Hounds and Bullies to victory.

FRESHMAN NEWS

GREENHAND NEWS

Last week the ones who hadn't said their FFA creed got together some courage and said it. We also had our first test and we did pretty good.

Some of us have already gotten our project, lambs, pigs, or steers, and soon the rest of us will get ours.

Friday night at the Knox City and Rule game the FFA was in charge of the concession stand.

PEP CLUB NEWS
By Sandra Johnson

Hello Greyhound fans. Last Friday September 12, Knox City played Rule. Everyone was on pins and needles until the fourth quarter when the Hounds scored twice that quarter to win the game 14-0.

The pep club was not all there last Friday due to the weather, but at home and in their hearts they were still rooting for the Hounds.

Next Friday, September 19, Knox City meets with Archer City there at 8:00 p.m. Won't you all come and join the pep club and help cheer the Hounds on?

SAFETY REQUIRES ATTENTION TO DETAILS

Every prescription a pharmacist dispenses is a challenge. From thousands of drugs about us, we must select the exact ones specified.

An error is unthinkable, for a mistake or overdose could cost a life and our career. Each ingredient must be checked and rechecked for accuracy. The directions must be clearly explained. Each prescription must be permanently recorded for future reference. Careful attention to every detail is necessary for a safe prescription compounding.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

AGERS Charlie Flye, and Tim Whitten still are not at 100% full strength at this time. We realize however as small as we are that we will take a physical beating each time we play. We just hope we can recover enough to play each week.

The team is making progress over all and I believe before long the Greyhounds will be operating at top efficiency. These young men believe in themselves and that's what it takes. They have a lot of guts and pride and this is what keeps us in the game more than our actual ability.

This week we meet Archer City. I believe Archer City will be the best team that we have faced. They have Danny Alexander who is 6'2" and weighs 195 and runs the 100 yard dash in 10.2. They are an

outstanding offensive team and a good defensive team. It should be another good game. Let's continue to support our Greyhounds.

KC Bullies Defeat Rule

KC BULLIES 10, RULE 0
By JERRY LOWREY

Rule Defeats The Greypups

The eighth grade football team lost to the Rule eighth grade by a score of 32-6. The Greypups played better football but still could not move the ball. The wind helped to keep the Greypups backed up against their own goal and Rule capitalized on every misque. The Greypups are improving and hope for a win this week against Windthorst.

Mr. and Mrs. Vernon Buckley returned home Monday from Abilene after a weekend visit with their children and their families, Mr. and Mrs. Harvey Reynolds and Mr. and Mrs. Richard Buckley.

defense.

The offense moved the ball well with halfbacks Jimmy Rushing and Mike Howell making good yardage through holes opened by the KC line. Also, the timely passing of quarterback Anderson to receivers Counts and Johnson kept the Rule defense off balance.

The game, played under bad weather conditions, was finally called at the end of the third quarter. The end of the third quarter found the Bullies knocking for another score on the Rule 4 yard line.

The Bullies travel to Windthorst this Thursday for a battle with the Trojan JV's. That game will probably start around 8:00 or directly after the Jr. High game.

These crashes resulted in no persons killed and one person injured.

The rural traffic accident summary for this county during the first eight months of 1975 shows a total of 43 accidents resulting in no persons killed and 12 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for August, 1975, shows a total of 596 accidents resulting in 16 persons killed and 292 persons injured as compared to Aug-

ust, 1974 with 542 accidents resulting in 30 persons killed and 314 persons injured. This was 54 more accidents, 14 less killed, and 22 less injured in 1975 at the same period of time.

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S. J.R. NO. 11)

SPECIAL ELECTION NOVEMBER 4, 1975

PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

PROPOSITION NO. 2 ON THE BALLOT

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary, is amended to:

Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 3 ON THE BALLOT

A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a

tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present dedication of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

tribute more than 10%. A policy that the quality of the environment of the State of Texas is to be protected is established, and the legislature is required to implement and enforce this policy. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably foreseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year.
