

Red Cross Appeals For Help In Critical Period

Dear Red Cross Worker:

Financially, the American Red Cross is facing one of the most critical periods in its eighty-six year history created by (1) recent heavy expenditures for disaster relief, and, (2) constantly increasing costs in providing its traditional services to our armed forces in Vietnam.

If the organization is to continue to do what it is supposed to do in fulfilling its mandatory mission by providing disaster relief and services to our armed forces, it is imperative that each Red Cross chapter make every effort to achieve 100% goal in its 1968 fund campaign.

To that end, a series of group chapter meetings has been planned at key points in the Tarrant Combined Service Territory for a presentation of the organizations financial plight and the assistance that national field staff members can provide in helping chapters conduct a successful campaign, stressing the new SOS (Support our Servicemen) promotion theme.

Mr. Jesse Smith, chairman of the Knox County Chapter, has kindly agreed to host one of the series meetings at Munday, Texas to include Red Cross

leaders from Foard, Baylor, Throckmorton, Haskell, Jones, Hardeman, Wilbarger, and Knox counties. The meeting which you are cordially invited to attend will be held at 7:30 p.m. on Wednesday, February 14, 1968 at the Chamber of Commerce Building in Munday.

Due to the sudden illness and extended convalescence of Mr. Ralph Carpenter, National Representative, the two undersigned national staff members will be present to assist you and your campaign any way they can and you desire.

Mark your calendar NOW to attend.

WHAT: Key Red Cross SOS fund campaign meeting
 WHEN: 7:30 p.m., Wednesday, February 14, 1968
 WHERE: Chamber of Commerce Building, Munday, Texas

Sincerely yours,
 Mrs. Lewis Winter
 National Field
 Volunteer

IN BRECKENRIDGE
 Mr. and Mrs. Alton Fitzgerald and Leslie visited their daughter and her family, Mr. and Mrs. Wallace Cantrell, Lisa and Terrell in Breckenridge over the weekend.

Knox County Included In Texas Highway Contracts

Contracts authorizing junkyard screening and seal coating in the Childress District have been awarded by the Texas Highway Commission during its January meeting, according to District Highway Engineer V. J. McGee.

The junkyard screening project is slated for Collingsworth, Donley, Hall and Wheeler counties, and has been awarded to Panhandle Landscape Service of Amarillo, which submitted the low bid of \$7325. The work is expected to take 40 working days and will be under active supervision of Resident Highway Engineer William T. Collier of Childress.

Work will be in the following locations:

COLLINGSWORTH COUNTY: US Highway 83 - 11.6 miles, 11.7 miles and 11.8 miles north of US 62.

DONLEY COUNTY: US 287 - 13.7 miles southeast of the Armstrong County Line, 9.4 miles northwest of the Hall County Line.

HALL COUNTY: US 287 - 15.2 miles west of the Childress County Line.

WHEELER COUNTY: US 66 - eight-tenths of a mile and one-half mile west of US 83.

The contract for seal coating

has been awarded to High Plains Pavers, Inc. of Plainview with the low bid of \$318,120, and will include 117.1 miles of highways in Childress, Cottle, King, Knox and Motley counties. The project is expected to take 120 working days for completion and will be under the active supervision of Resident Highway Engineer George R. Wall of Munday.

Work will be as follows:

CHILDRESS COUNTY: On US 83 from Cottle County Line to US 287 (9.6 miles).

COTTE COUNTY: On US 83 from South Fork Pease River Bridge to Childress County Line (7.4 miles), from six-tenths of a mile north of US 70 to South Fork Pease River (12.0 miles), and from King County Line to Clare St. in Paducah; and on US 70 from eastern city limits of Paducah to Foard County Line (15.3 miles).

KING COUNTY: On US 83 from Cottle County Line to 8.5 miles south (8.5 miles) and on US 82 from Guthrie to Knox County Line (21 miles).

KNOX COUNTY: US 82 from King County Line to Benjamin (11.6 miles).

MOTLEY COUNTY: US 70 from SH 70 to Cottle County Line (18.3 miles).

Humble Dealer Attends Convention

More than 300 Enco dealers attended a two-day convention that Humble Oil & Refining Company held in Austin last week for its service station dealers.

Among the Humble dealers who attended is Willard Skiles of Knox City.

The two-day meeting was held at the Terrace Motor Hotel in Austin beginning Thursday, February 1, 1968.

A "political" atmosphere prevailed at the sessions, with all the music, color, and excitement of a real political convention.

A professional cast of actors helped enliven the sessions, which was tailored to mix fun with the serious business of increasing marketing effectiveness.

This is the 14th year of the Humble dealer convention. The meetings are designed to increase business knowledge of dealers, build better sales and service at stations, and introduce new Humble products and forthcoming promotional activities.

The Austin convention is one of 29 meetings that Humble is holding in 16 states from New York to California. In all, some 10,000 Humble dealers will attend the conventions.

News From HD Agent

GAIL OSBORN

Home Demonstration Club Council held a regular business meeting on February 2 in the Courthouse assembly room. Sixteen council members were present representing the four Home Demonstration Clubs in Benjamin, Gilliland, Munday, and Truscott. Mrs. Gill Wyatt, Munday; Mrs. Buster Tolson, Benjamin; and Mrs. W. F. Cook, Gilliland were elected delegates to the District Texas Home Demonstration Association meeting to be held in Haskell, March 26. Mrs. Edmund Tomanek, Truscott, was elected alternate.

Lieutenant Governor Preston Smith joined the meeting briefly. After introductions he spoke on exercising the right to vote.

A style show by council members followed the regular meeting. Each person modeled something new in fashion she had made or purchased for spring. H. D. Council will hold the next regular meeting on March 1.

Munday 4-H Clubs met February 1 under the supervision of the County Extension Agents. The boys 4-H Club was shown a color film on wildlife titled "Realm of the Wild." Other clubs in the county are scheduled to view the film at regular February meetings.

Munday girls clubs were presented a program on "Ideas

Houndettes Win One, Lose One: Now Tied For First

The Knox City Houndettes overcame the Crowell girls 45-26 in District 11-A play here Tuesday, January 30. Donna Railsback was high point for Knox City with 19.

The Knox City "B" boys defeated Crowell's B team 63-21, and Jerry Watson dropped in 30 points for Knox City.

Crowell's "A" boys defeated Knox City 74-37. Rogers Lankford was high point for KC with 12.

In continued district play at Petrolia Friday night, the Houndettes lost to the Petrolia girls by one point, 41-40, after two periods of overtime play. Donna Railsback was high point for KC with 17. The Houndettes are now 9-2 in district play and are tied for first place with Archer City.

In the boys game with Petrolia, Knox City lost 51-43. Joe Barnard was high point for KC with 16. The Greyhounds now stand 0-11 in district play.

The K. C. teams have three more district games. Tuesday night, February 6 (due to the Tuesday deadline we are unable to report this game until next week), the teams will host Paducah, Friday night they will host Archer City, and Tuesday, February 13, their last district game, the KC teams will travel to Munday. Let's back our teams!

Emergency Loans To Farmers, Ranchers

Emergency loans totaling \$321,730 have been made by the Knox County Office of the Farmers Home Administration since July 1, 1967, to help local farmers and ranchers recover from natural disasters. Joe T. Boone, County Supervisor, reported today.

Joe T. Boone said Knox County was designated by Secretary of Agriculture Freeman as an area in which emergency loans could be made by the Farmers Home Administration to eligible farmers and ranchers because of the recent drought conditions.

One hundred and ninety-three counties have been designated by Secretary Freeman as areas needing an emergency credit source. As of December 31, 1967, over 2,300 emergency loans for nearly \$14.25 million have been made in Texas. In fiscal year 1967 over 4,100

FROM AUSTIN
 Mike Glenn, student at the University of Texas in Austin, spent several days here with his parents, Mr. and Mrs. Guy Glenn. Also in the Glenn home was their other son, Robbie, who has been attending Texas Tech the past two and a half years. Robbie transferred this semester to the University of Texas.

emergency loans for around \$27 million were made in Texas. The program provides a standby source of credit for farmers and ranchers who cannot obtain emergency credit elsewhere. Repayment schedules vary according to purposes for which funds were advanced.

IN JAMISON HOME
 Weekend guests in the home of Mrs. O. L. Jamison were her niece and her family, Mr. and Mrs. Gail Crump, Jamison and Joseph of Sherman.

A modern gas dryer keeps permanent press pressed best.

Impressed?

Or did you assume that permanent press will always come out looking as crisp as when you bought it. Well the fact is, it won't! Not unless your dryer has a rapid cooling and tumbling cycle. You see, heat sets creases. And permanent press that sits under a heavy load in a hot dryer can come out with more creases than when it went in. Modern Gas dryers have this special cool-down cycle. Brazos SWC District 1967 Accomplishments

Chairman of the Soil and Water Conservation District reports a year of progress. Mr. Idol stated that services were provided to farmers and ranchers. Forty-five new agreements were signed and 90 basic plans were re-planned. Great Plains Program conserved. Conservation work was applied on farms and ranches. Accomplishments in the District at entry points. The District and Award Program school students. Ship Week and the dedication of the Bud E. Idol Material Center of Knox City.

County ASCS Committee, Farmers Home Administration, churches, Lions Clubs, Chambers of Commerce and businessmen has been greatly appreciated. Good results from conservation work have been attained, but a big job remains to be done. To reach our goals and objectives in 1968 will take combined teamwork and effort of the Federal and State agencies and all local groups working with the District. We solicit your continued help in meeting the conservation objectives. Let us work together to attain greater progress in 1968," Mr. Idol concluded.

Gardening

If you had a thick vigorous lawn with good color and no weeds last year you can safely assume this year's lawn will look about the same. This type lawn means you have had a better than average turf maintenance program. Few, if any, weeds are able to compete with a well maintained lawn grass. If you had a good lawn last year do about the same thing you did then, which probably means you followed the four cardinal rules of turf care.

1. A good fertilization program with the first application in the spring containing an insecticide such as chlordane, heptachlor or dieldrin. Grass is a voracious user of fertilizer especially nitrogen and needs a minimum of two applications of fertilizer a season.
2. Once a week mowing not lower than 1 1/2". Close mowing saps the root system and does not give the leaves (food factory) time to get food manufactured and back to the root system. Close mowing also allows the sun to bake the ground effecting the root system and wasting moisture.
3. Not too frequent but thorough waterings. Grass should be allowed to wilt before watering. Frequent (2 or 3 times a week) watering causes a shallow, weak root system and encourages fungus.
4. Disease control as necessary. Starting about the middle of July keep a sharp look out

Connie Gilbert Assisting With Library Work

Connie Gilbert, a 1967 graduate of Knox City High School, is one of more than 30 McMurry College students assisting in the reclassification of McMurry's 65,000 volume Jay-Rollins Library from Dewey Decimal System to Library of Congress.

McMurry's library director, Daniel J. Gore, is receiving nationwide attention because of the many unique methods he is employing in the reclassification. Chief among them is the utilization of a large staff of part-time student help who are enrolled in college work-study programs. Previously it had been believed that only a professional staff could accomplish the reclassification of an entire library.

The task involves removal of books from the stacks, re-marking, reshelving and the creation of a new 250,000 card catalog. With the use of student help and short-cut methods the project will cost around \$30,000. This is a saving of approximately \$80,000 to \$100,000.

With the library reclassification nearly 60% completed.

for fungus and use a fungicide at the first sign of trouble.

If you had a poor stand of grass which is usually accompanied by numerous weeds and wish to have a more attractive lawn this year, you should start now. In addition to the four rules above a good pre-emerge applied this month will do more to help than all of the post emerge weed killers you can put on the rest of the year. By applying now you kill the annual weed and grass (including crabgrass) seedlings when they germinate in March, April and May. Several years ago the arsenicals appeared on the market and did a respectable job on crabgrass and some weeds. More recently superior pre-emerges such as Dacthal, Betasan and Tuperon have been developed which are safer to use and give more consistent control. These products are carried by Garden Supply centers as crabgrass controls since this is the main market for a pre-emerge.

Gore has high praise for his student staff. "The most impressive part of the project is the excellent job our students are doing. They have been very enthusiastic and are doing the work with a high degree of accuracy and efficiency."

The reclassification began last September and after five months the change-over is nearly 60% complete. "We have set a completion goal at June 1. At this point we have high hopes," Gore said.

Connie made her home in Knox City with the Rev. and Mrs. David Downing and children, who are now residents of Fredonia, Kansas.

Area Senior Citizens To Receive SS Letters

Edwin Draughon, social security district manager in Vernon, said today that a number of older people in the area are receiving an important letter from social security.

The letter, from the Commissioner of Social Security, Robert M. Ball, has been mailed to people 65 and older who have not yet signed up for the doctor bill insurance provided by medicare.

These people now have another chance to sign up. However, they are being advised that this new sign-up period closes April 1st.

The letter explains briefly how the doctor bill insurance plan works; reviews recent amendment changes in the law; and lists 8 considerations in making an enrollment decision.

An enrollment card has been included, that can be sent back, showing whether or not the person wants the medical insurance protection.

Anyone 65 and over who is not already enrolled for the doctor bill insurance should get in touch with The Vernon social security office if he has not received the Commissioner's letter by early February, Mr. Draughon said.

Weight Watchers Have Salad Supper

The Weight Watchers met in the Knox City Youth Center for their monthly salad supper on Tuesday, January 30.

Many delicious salads were enjoyed by the members. Bobbie Harrison returned the blessing.

Rene Reed and Julie Carruth won the gifts for the month.

Games of bingo were played, and ash trays and flower bulbs were given as prizes.

Truscott News

The Truscott Fifth Grade 4-H Group met Tuesday afternoon at Mrs. Jack W. Brown's house. Jacquelyn Brown demonstrated making a milk float and Rosa Palacion demonstrated making instant pudding. Renee Westbrook and Rosa told about food values in milk and how to get enough milk in your diet. For refreshments they all made milk floats.

Nancy Looney went to Denton Saturday to participate in the All Region Band.

The Sixth and Seventh Grade 4-H Group met Thursday at Mrs. Jack W. Brown's house. They made orange swizzles and cheese puffs. They also discussed the importance of Vitamin C in the diet. Those who attended were Christy Shaw, Raphaela Lopez, Helen Quintana and Ruth Brown.

Crowell Junior High pupils were busy selling magazines last week. For the second year in a row a Truscott pupil won first place. Dennis Dobbs won.

IN THROCKMORTON

Mr. and Mrs. Harley Poteet and Mike and Mrs. Richard Poteet and Rickie visited in Throckmorton Sunday with Mr. and Mrs. Tommy Goode and Jimmy.

RETURNS SUNDAY

Ronnie Verhalen, graduate student at the University of Houston, returned to Houston Sunday afternoon after spending several days here with his parents, Mr. and Mrs. M. L. Verhalen.

BACK TO TECH

Karen Lea White, daughter of Mr. and Mrs. Sammy B. White, and Becky Lowrey, daughter of Mr. and Mrs. Allen Lowrey, left Sunday afternoon to return to their studies at Texas Tech in Lubbock after visiting here with their parents, during the mid-semester holidays.

ATTENDS RECEPTION

Mrs. O. A. Green visited with Lt. Governor Preston Smith in Munday last Friday at the Chamber of Commerce reception. Mr. Green was unable to attend the meeting.

The Greens first met Mr. Smith about twelve years ago in the home of their son, Otice and wife in Lubbock. It was the first year that Mr. Smith was a candidate for senator and Otice was his statewide campaign manager. Otice has worked in this capacity during the years of Mr. Smith's senatorial career as well as his years as Lt. Governor of Texas, and now for his candidacy for the office of Governor of Texas.

Mrs. Green reported, "Lt. Governor Preston Smith can always be sure of five votes from the Green family, who know so well of this man's integrity and statesmanship."

Mrs. Baker Leader For Rule Delta Kappa Gamma Meet Sat.

The Beta Chi Chapter of the Delta Kappa Gamma Society met in Rule on Saturday, February 3 at 2:30 p.m. in the Philadelphian Clubhouse.

Mrs. Frankie Baker was leader for the program, "Values-Caught? Taught? Or What?"

Mrs. Sue Cash was leader of the round-table discussion with the entire chapter. Mrs. Baker was time keeper, and Mrs. Cash led the summary.

A silver offering was taken for the scholarship fund, and Mrs. Gretchen Colehour, chairman of the scholarship committee, invited and encouraged members to use the scholarship funds to further their education.

Refreshments of pie and coffee were served to twenty-eight members.

Eight members from Knox City attended including Mmes. Mary Jo Lankford, Esther Weaver, Virginia Casey, Hazel Long, Sammie Carpenter, Baker, Cash, and Colehour.

Hostesses were Goree, Vera, Rule, Weinert and Old Glory members.

The next meeting will be March 2 in the Haskell High School Homemaking Department with Mrs. Mary Jo Lankford as leader. Mrs. Gretchen Colehour will present a book review.

CLIPS AWAY

Ever wonder what happens to paper clips? Lloyd's Bank of England surveyed the fate of 100,000 paper clips and found that 14,163 were twisted or broken during phone calls; 17,200 were used as makeshift bra and suspender hooks; 5,434 became toothpicks; 5,308 were used as nail cleaners; 3,196 became pipe cleaners; 19,143 wound up as chips in card games and thousands were dropped on the floor and swept away by the cleaning women.

Oh, yes, 20,000 were used to clip papers together.

Regional Meeting

Continued from Page 1
 lishing such a school in Region 28.
 A Regional Meeting will be held Monday evening, February 26, 7:30 p.m., in the District Court Room in the Court House, Benjamin, Texas with Dr. Robert Clinton, Austin as the speaker.
 This is a very important meeting for Region 28, for a Junior College is going to be placed in every Region of Texas, sooner or later, and it will be so beneficial to the youth of our West Texas Region not only for the Educational value, but for the Technical-Vocational, Adult Education, and the many other services a Junior College will provide.

PROPOSED 32 COMMUNITY JUNIOR COLLEGE GEOGRAPHIC REGIONS
 PUBLIC COMMUNITY JUNIOR COLLEGES

Farm and Ranch News

By Herman Collier

POCKET GOPHER CONTROL DEMONSTRATION
 A pocket gopher control demonstration is to be held on the J. T. Gilpin farm at Knox City, Tuesday afternoon, 1:30 p.m., February 13.
 Glynn A. Riley, Jr., District Field Assistant, United States Department of the Interior Fish and Wildlife Service will conduct the demonstration using the burrow builder machine.
 The Gilpin Farm is about 1/2 mile off Highway 283 north of Knox City on the hardtop road leading to the Soil Conservation Service's Plant Materials Center. All interested persons are invited to attend.

FARM MANAGEMENT SHORT COURSE
 A two night Farm Management Short Course is scheduled for 7:00 p.m. Thursday and Friday nights February 15th and 16th at the City Cafe in Knox City.
 This short course has been arranged by members of the Livestock and Range Committee along with the Crops and Fer-

tility Committee of the County Program Building Committee.
 Mr. Norman Brints, Extension Farm Management Specialist for District 3 will conduct this short course with emphasis being on diversified farming and some information on records needed to benefit producers in figuring taxes.
 All interested farmers, ranchers or businessmen in the Knox County area are invited to attend.

WHEAT FERTILITY
 An application of nitrogen is likely to return from 2 to 5 times its cost if applied now to many wheat fields in Knox County. Benefits are much better when applied before the plant starts jointing. In general a rate of 30 to 60 pounds of actual nitrogen per acre should prove profitable on a large percent of wheat with about 40 pounds being used as a base unless a soil test has been made.
 Wheat which follows last years grain sorghum or cotton will generally require more ni-

trogen than that following other small grains. Wheat in sandy soils usually needs more nitrogen than wheat in the tighter clay soils.

GREENBUGS ON WHEAT

Even though 95% of the Knox County wheat looks good, greenbugs are still a threat to the area. Ideal growing weather has also been ideal for greenbug build up. Producers are urged to check fields at regular intervals and in some cases control applications may need to be made.
 When insecticides are used and producer expects to graze the grain later, labels should be checked for time delay before grazing.

TAX INFORMATION

Knox County agricultural producers who receive agricultural payments in behalf of other persons, or that share payments with other persons must notify the Internal Revenue Service by attaching form 4347 to their income tax reports.
 Agricultural program payments to joint payees are reported by the Agricultural Stabilization and Conservation Service to the IRS by the identifying number of the person receiving the payment.
 With new electronic date processing procedures the ASCS reports will be matched with the individual tax report and the IRS expects the reports to match unless the form 4347 has shown the division of payments.
 The form 4347 can be obtained from the local post office, tax office or the district operator of the IRS.

Greenbug populations are spotted at this time in Knox County. Some fields have a heavy population but growing conditions have been good allowing wheat to look good. Observations should continue by producers, keeping in mind recent weather conditions have also been good for greenbug reproduction.
 Another insecticide, phosphamidon, has been added to the list of chemicals that are recommended by the Texas Agricultural Extension Service for greenbug and winter grain mite control. The chemicals now recommended for control of these two small grain pests are parathion, methyl parathion, malathion and phosphamidon, (Dimcron.)
 This information is in the revised "Texas Guide for Controlling Insects and Mites on Grain and Forage Crops," MP-

339. This guide will soon be available at your County Extension Agent's Office.

Other specific information in this guide which might be of interest is information concerning insects attacking small grains, grain sorghum, field corn, rice, alfalfa and clover, vetch and grass. Information on insecticides recommended for use in controlling these pests is also given.

Several new sections have been added to this guide. One new section concerns soil treatment for such pests as wireworms, white grubs and corn rootworms. Recommendations for controlling southern corn borer, sugarcane borer, neotropical borers, the clover head weevil, and mites on grain sorghum are included in new sections in this guide. Another new section concerns protection of insect pollinators, particularly honeybees, in legume seed production.

FERTILIZATION GOOD INVESTMENT
 Have you decided how to fertilize your pastures and spring

SHOWER COMPLIMENTS MISS COVEY

Miss Nelda Covey, bride-elect of Ronnie Lusk, was complimented with a bridal shower Saturday afternoon in the Fellowship Hall of the First Baptist Church.
 She, and her mother, Mrs. John Covey and her fiancée's mother, Mrs. Norman Lusk received guests. Mrs. John Ballard of Stephenville registered the callers. The beautiful white bride's book was made by the honoree's sister-in-law, Mrs. L. A. Covey.

Piano music was played by Mrs. C. H. Underwood. Serving refreshments were Dianna Underwood and Julie Fall. The pink table was high-lighted by name streamers and a bride doll, made by the honoree's aunt, Mrs. Esther Wood of O'Donnell, dressed in a duplicate of the bride's dress. Heart shaped sandwiches, nuts and pink punch were served.
 The hostess gift was five place settings of the chosen china.
 Hostesses were Meses, Lola Mae Underwood and Dianna, Myra Reeves, Susan Emerson, Linda Underwood, Frankie Ba-

ker, Ruth Middlebrook, Regina O'Neal, Eleo Rowan and Gail, Bernice Rowan, Betty Ballard, Jean Barnard, Mamie Emerson, Mattie Walsworth and Jill, Helen Manning, Audie Johnston, Anna Johnston, Lorato Johnston, Brenda Correll, JoAnn Oliver and Jonette Tibbetts.

AREA IV FHA HISTORIAN ATTENDS PRESIDENT'S DINNER

Olivia Del Hierro, Area IV F. H. A. Historian, from the O'Brien F. H. A. Chapter, attended a business meeting and dinner in Miles Saturday. Miles is the hometown of the Area President, Sue Smith.
 Area F. H. A. officers and their sponsors discussed plans for the Area IV FHA convention in Stephenville, February 23-24.
 Miss Smith's mother prepared dinner for the group at their new home. The officers became better acquainted and went home with enthusiastic plans for the convention.
 Miss Del Hierro is the daughter of Mr. and Mrs. Alphonso Del Hierro. She was accompanied by the O'Brien chapter sponsor, Mrs. Johnny Reid.

FAMILIES MOVE

Several O'Brien families have recently moved or played musical houses.
 Mr. and Mrs. Jack Correll moved to Azle, near Fort Worth, the day after Christmas. He is employed at General Dynamics there.
 Mr. and Mrs. Sonny Correll and Andy have moved from the Thomas house on Main Street to the Jack Correll house.
 Mr. and Mrs. Hap Bussa, Tanya and Renee have moved to the Hawkins house on the Knox City-Munday highway.
 After thirty years on the farm, Mr. and Mrs. Buster Hodges and Teresa have moved into O'Brien, buying the house the Bussa family owned.

CHURCH NEWS

After services Sunday night, members of the First Baptist Church "pounded" their new pastor, W. A. Park and his family, with money, food, and gifts for the parsonage.
 The W. M. U. had its monthly Royal Service Tuesday morning with a program on "Money in Missions." Members of the Eleanor Howell and Janelle Doyle Circles attended.
 Sunbeams met Monday afternoon with Mrs. L. A. Covey and Mrs. Johnny Reid. The children sang, memorized Bible verses and played games. Attending were Angela Reid, Debbie Del Hierro, Greg Covey, Shane Johnston, Peggy Gutierrez, Peggy, Cynthia and Doris Jimenez, and William Park.

Twenty-four people from O'Brien attended the annual T. S. T. A. Banquet in Haskell Monday night. The banquet is for school faculty, board members and their wives.
 The district grade school basketball tournament has been set for Feb. 19-24 at Old Glory. O'Brien plays their first games, Tuesday Feb. 20 against Goree, with the girls game at 7 p.m. and the boys playing immediately afterward. District teams include Weibert, Paint Creek, Rochester, Benjamin, Rule, Goree, Old Glory and O'Brien.
 O'Brien's annual Fifth and Sixth Grade Basketball Tournament has been set for March 2.
 The high school Awards Banquet will be March 7 and the Junior-Senior Banquet March 22.

CITY ELECTION IN APRIL

W. R. Baker, O'Brien mayor for five years, has announced his resignation, effective the first Tuesday in April when city elections are held.
 The terms of councilmen Paul Wissel, Chris Jimenez and Don Whitley expire.
 During Baker's five years, he and the city council has set up a volunteer fire department, acquired a city hall, installed street lights and installed a sewer system.
 Anyone wishing to run for O'Brien mayor should notify city secretary, Ikie Ray, by March 1st. This person, male or female, should reside in the city limits of O'Brien and be a qualified voter.

HERE AND THERE

Jody Underwood of Rule spent Sunday here with his brother, Mr. and Mrs. R. H. Underwood.
 Mr. and Mrs. Gene Underwood are in Kermit visiting their mother, Mrs. Utt, and meeting their daughter, Mr. and Mrs. Donnie Hixson and children of Delaware.
 Mr. and Mrs. Sonny Correll and Andy spent last weekend in Azle with his parents, the Jack Corrells and attended the Fort Worth Fat Stock Show rodeo.
 W. L. Conn was in Dallas Monday to renew his pilot's license and apply for a helicopter pilot rating.
 Mr. and Mrs. J. M. Emerson and Mr. and Mrs. Dave Vannoy spent the weekend in Yuma, Arizona, visiting Mrs. Emerson's father, Bill Vannoy, her grandmother, Mrs. Fred Grady and her mother, Mrs. Vergie Armenta.
 Mr. and Mrs. Ab Johnston visited their son, Dub and family, last weekend in Iowa Park. Their two daughters, Jay Lynn and Julie, both had the measles.
 Mr. and Mrs. Ranzy Herring spent the weekend in Abilene with their son, Mr. and Mrs. Aderle Herring, Ken and Alan. Both families are sporting new cars.
 Mr. and Mrs. Larry Gibson and Shane of Arlington were
