

Gholston Wins Roping Honors At Rodeo Here

Ivan Gholston of Aspermont carried off top roping honors last Saturday in Knox City's American Legion Rodeo. In calf roping, Ivan had an aggregate time of 15.9, and also won the ribbon roping event with a time of 13.1.

A record crowd witnessed the two-show performance here that drew some of the top performers in West Texas. Excellent weather and a holiday spirit brought people from all over this section of the State to see a good rodeo put on by the Knox City Rodeo Association.

The afternoon show brought out some of the best performances. In the calf roping event, Howard Lyles and Eldon Hibbard finished second and third, with times of 16.1 and 16.3, respectively.

In the sponsor's contest, Dorothy Stephens of Graham won first place in the barrel race, with Thelma Mae Farr of Seymour and Jessie Myers of Hamlin, second and third. This was a colorful and dashing event.

Dutch Taylor and Booger Red of Albany were the best bull riders, each making a perfect ride on tough mounts. Booger Red turned in a fine ride that brought rounds of applause from the hundreds of spectators.

Bareback bronc riders had a field day, with all riders staying on their mounts for mount money.

One rider took a shot at P-38 and although it was a poor demonstration of what a real bucking horse can do, the rider contested him for the pot.

Legion officials were highly pleased with the results of the affair. Good patronage was evidenced at the chuck wagon and a capacity crowd attended both shows on the rodeo.

"We want to thank the public for their co-operation in every way," said Post Commander John May. "We realized a good sum to be applied to our building fund, and we believe the people got a good rodeo."

Altus Rodeo Set For May 16-18th

ALTUS Okla., April 24 — A number of the world's most famous cowboys have been secured for the Southwest Round-up club's initial professional rodeo to be staged in Altus, May 16-18 under direction of the Beutler Brothers, outstanding rodeo contractors from Elk City, who have been secured to direct the three day entertainment.

Two famous clowns and bull-fighters secured for Altus are Hoyt Hefner and John Lindsey; Ken Boehn and his old grey mare will appear each night and Monty Reger of Woodward has been engaged as announcer.

The Altus football field, with the huge stadium and a seating capacity of 5,000 will be used for the first annual rodeo in Altus.

George Moffett

State Senator George Moffett of Chillicothe has authorized us to place his name in our political columns as a candidate for re-election to the office he now holds.

Senator Moffett said he would make a formal announcement and publish his platform at a later date.

Discharged

Joe W. King

After 39 months in the Navy, Joe W. King, WFLC, is once more a civilian, having received his discharge April 7 at San Pedro, Calif.

Joe volunteered for the Navy on December 14, 1942, and received his boot training at San Diego. Immediately following this training, he boarded the USS Tangier, a seaplane tender, on which he served through five major campaigns in the South Pacific. His last duty was on the USS Kistron, a transport, in both the Pacific and Atlantic.

Joe plans to re-enter college the latter part of the summer.

Munday Pig Show Slated for May 4

The Junior Chamber of Commerce at Munday will sponsor a hog show on Saturday, May 4, as a part of the hog improvement program that is being carried on there.

The Future Farmers will show their Duroc and Hampshire hog projects on the public square in Munday from 10 a. m. until 4 p. m., Saturday, May 4.

They will show two registered boars and 13 registered sows and litters, all well bred hogs with some of the best blood lines in Texas.

In furnishing the boys with high class breeding animals, the Chamber of Commerce requested the boys to sell their surplus pigs as cheaply as possible in order to place as many good hogs in the county as soon as possible. There will be almost a hundred pigs on sale.

Mayor W. R. Moore says this is a real opportunity to stock the county with good hogs.

Frances McGee Weds Navy Man

At the Memorial Methodist Chapel in Weatherford, on April 14, 1946, Frances McGee, daughter of Mr. and Mrs. J. C. McGee, and Chief Petty Officer Harry R. Brown, son of Mr. and Mrs. Tony Freyer of Sioux City, Iowa, were united in marriage by Rev. W. J. Shelton, pastor.

CPO Brown is an aviation chief machinists mate, stationed at the Grand Prairie Naval Air Base.

The couple plans to make their home in Dallas for the present time.

CITY GETS 2.05 INCH RAINFALL THIS WEEK

And finally it rained. Kinda spotted around, but it did some good everywhere around Knox City. It had reached the point where a good rain would be a real news item here.

Weatherman Horace Finley gauged 0.68 for Sunday night, 1.34 for Monday night, and 0.03 for a drizzle Tuesday. That adds up to 2.05 in Knox City proper, which is a pretty good rain.

East of town the rain played out between here and Munday, and barely extended to the river West. The heaviest fall was south, toward Rochester, where a good fall was recorded.

Farmers will take advantage of the moisture where it was heavy, and start planting. The added moisture brings the year's total within a fraction of an inch of last year's record, considered a dry spring.

Miss Sammy White of Pampa spent the weekend with her grandparents, Mr. and Mrs. S. L. White.

R. H. Hamner of San Diego left Wednesday for his home after a visit here.

Ray Willis Not To Run

Ray Willis, County Commissioner of Precinct 1, made the following announcement Tuesday morning:

"I have been asked by several people in the last few days if I was in the race for commissioner again. I wish to say that I am not seeking re-election to this office, and take this method of thanking each and everyone for the co-operation given me since I have been your commissioner. It has been a pleasure to serve you."

Ray Willis

Club Boys Primed For Calf Feeding Demonstration

The Knox County 4-H Club boys who are feeding baby beef calves for exhibition purposes next year, were visited last Friday by the County Agent, for the purpose of assisting them in dehorning and vaccinating their calves and making them ready for the long feeding period that lies ahead.

Snow Crenshaw of the League Ranch, Bryson Laird, Buddy Crenshaw, Glen Dunkle, Fred Lewis Crenshaw, and the County Agent, R. O. Dunkle, made the trip and assisted the boys in any way possible in getting their calves on feed and advising them as to some of the better feeding methods.

To date, 17 calves are being fed by 11 4-H Club members, and all the calves are getting off to a good start. The League and McFadden ranches of Benjamin, the Masterson estate at Truscott, and the Norton ranch at Quannah, furnished the calves this year for the boys.

The ration now in common use is a mixture of three parts oats, one part sweet feed, and one part yellow corn, with lots of good roughage, such as cane hay, sudan, Johnson grass and alfalfa. A mineral mixture of one part bone meal, one part limestone flour, and one part salt, is also being used. This mineral mixture is placed in a box separate from the feed, and the calf is allowed free choice at all times.

Indications are that the next calf show, which will be held at Knox City, will be equal or better in quality than any group of calves that have ever been shown in the county.

The 4-H Club boys now feeding calves are Donald Jackson (2), Donald Nix (1), Randall Walling (1), Billy Cammack (2), Carrol Fred Glover (1), J. G. Pults (2), Donald Pults (2), Bryson Laird (2), Buddy Crenshaw (1), and Fred Lewis Crenshaw (2).

CLUB WOMEN TO BUY VALLEY PINEAPPLE

The home demonstration club women of the county are sending a truck to the Rio Grande valley in May for pineapple. The club women are taking orders from all who want the pineapple, at a cost of 38c for the 6-pound size.

Please place your order at once with any HD club woman, giving her the number wanted. The offer will expire on May 1.

In Knox City, Mrs. S. M. Clotts will take the orders.

SUNDAY SINGING TO BE RESUMED AT GRAHAM'S

Resuming where they left off a few months ago, Knox City's Sunday singers will convene at the L. W. Graham home next Sunday at 2:30 for a song fest.

New song books will be available and everyone is urged to come out and take part in the affair.

Those having copies of the Calvary Song Book are asked to bring them along.

QUANAH RODEO SET FOR MAY 3 AND 4

With a prize list of \$800.00, Quanah's two-day rodeo will be staged on May 3 and 4, according to T. L. McBride, secretary.

Calf roping, bronc and bull riding, and bull dogging, will be the main attractions.

A special added cutting horse event will carry a prize of \$125. A Quarter Horse and Palomino show will be held on May 4th.

County Court Cites Law On Littering Roads, Highways

The Commissioners Court of Knox County has declared war on careless dumping of trash and dead animals on highways and county roads in the county. The situation is getting out of hand, according to the court, and prosecution of offenders is one way of stopping the practice.

"Our highways and roads are fast becoming a public dump ground," said County Judge Carl Patterson, in launching a drive to stop the practice. "We are asking the co-operation of our citizens in stopping the practice, but unless it is stopped, offenders will be prosecuted under the law," he added.

County roads and highways are becoming an eyesore, with carcasses of animals and trash pitched out wherever handy. A section of the penal code covering this offense is published elsewhere in this issue, quoting the law and the penalty.

Mayor Warns Trash Dumpers

Mayor Roy Baker and city commissioners have issued a warning to the public in regard to dumping trash within the city limits and upon the railroad right-of-way.

"There is a heavy penalty attached to this offense and we intend to stop the practice by prosecution unless the public co-operates in keeping our city clean," said Mr. Baker. "There is a designated dump ground for refuse and disregard of the law results in an unhealthy and unsightly condition. We are asking everyone to co-operate in keeping the city clean, which also serves to keep down epidemics and spread of disease."

The city officials have instructed officers to enforce the law to its fullest extent.

Gas Co. Appoints J. J. Crim, Jr. To District Position

Appointment of J. J. Crim, Jr. as industrial engineer serving Lone Star Gas Company's Seymour district of distribution, which includes Knox City, has been announced by M. L. Bird of Abilene, division superintendent. Mr. Crim will be available for consultation on the use of gas in commercial and industrial plants and will counsel with builders on installation of gas air conditioning and large heating units, Mr. Bird said.

Mr. Crim's territory will include Knox City, Benjamin, Munday, Goree, O'Brien, Red Springs, Rhineland, Rochester, Seymour, Truscott, Vera and Weinert and towns in Lone Star's Wichita Falls, Electra and Vernon districts. His headquarters will be in Wichita Falls.

Mr. Crim joined Lone Star Gas Company's industrial engineering department in Abilene in September, 1941, shortly after receiving a B.S. degree in geology from Southern Methodist University. He enlisted in the Navy in 1942 and saw action as a lieutenant in command of ships that transported troops and supplies to the Solomon Islands, Enogai, Iwo Jima and Okinawa.

He resumed work with Lone Star last November and was stationed at Abilene until April 16, when his new assignment was effective.

Billy Joe Home

Billy Joe Averitt

Billy Joe Averitt, youngest son of Mr. and Mrs. J. M. Averitt, received his discharge from the Navy on April 18 at Norman, Okla.

Billy Joe enlisted in the Navy December 25, 1945, and was trained at the Great Lakes Naval Training Station and Memphis, Tenn. He was assigned to the USS Portsmouth, a light cruiser in the Atlantic fleet, on which he served 14 months.

Mrs. Averitt and their baby have been making their home here, where the family will continue to live.

Two More Recieve Pilots Licenses

Two more Knox City fliers have graduated from the novice class in flying. Sam Emory Clonts and Jack Fisher received their private pilots license last week, bringing the total to six who have received their training and license from the Knox City Flying Service, under the tutelage of Roy Cochran.

The graduates are Roy Baker, Roy Tankersley, A. D. Helms, Leland Huntsman, and the two named above.

Sam Emory has the distinction of being the youngest, he just turned 17, to receive his license in this part of the State.

MRS. WARREN'S PUPILS IN PIANO RECITALS

Mrs. E. Q. Warren has presented her pupils in spring recitals recently.

The Camp Fire girls were presented in the first recital given at the Methodist Church, Friday evening, April 5th. This was followed by the primary group in a recital on Saturday, April 13th.

Last Monday evening Mrs. Warren presented her high school group.

BIRTHDAY DINNER AT E. O. JAMISON HOME

Mr. and Mrs. E. O. Jamison were hosts at a birthday dinner given in their home Friday night, honoring their son, O. L. Jamison, and Dr. T. P. Frizzell, Jr.

Other guests for the evening were Mrs. T. P. Frizzell, Jr., Mr. and Mrs. T. P. Frizzell, Sr., Mr. and Mrs. Russell Boyd, Charles Hamilton, Dr. and Mrs. T. S. Edwards, Mrs. O. L. Jamison, and Miss Yvonne Jamison.

REV. W. T. PRIDDY LION CLUB SPEAKER TODAY

Rev. W. T. Priddy, pastor of the Haskell East Side Baptist Church, was guest speaker at today's Lion Club luncheon.

Rev. Priddy brought a timely and interesting message to a large group of Lions and two visitors.

The club voted unanimously to co-operate with the Study Club in sponsoring local work on the emergency food program.

KC BALL CLUB TO PLAY GOREE HERE SUNDAY

The Knox City baseball team will tangle with the Goree nine here Sunday afternoon at 3 o'clock, on the local diamond. Goree has a strong team and the Knox City club is expecting tough opposition.

Mr. and Mrs. Jimmy Branch of Ranger spent the weekend here with relatives.

"Hungry people make poor disciples of democracy," President Truman.

City Clubs To Sponsor Food Drive

Sponsored jointly by the Knox City Lions Club and the Study Club, an emergency food collection campaign will begin here on May 12, in conjunction with the national program of obtaining food for relief in foreign countries.

Called "The Emergency Food Collection," the campaign will begin nationally on May 12th.

Local sponsors of the campaign state that food contributions in the form of canned goods will be asked of every citizen. Further details of the plan will be announced at a later date.

"Every person in the United States will be asked to share with the starving peoples of the world by contributing either food canned in tin or money to buy food," Secretary of Commerce Henry Wallace, as chairman of the campaign, has said.

"The proceeds will be distributed through the United Nations Relief and Rehabilitation Administration on the basis of greatest need.

"The emergency food collection will make it possible for everyone to take a direct part in helping to feed the unfortunate men, women and children of the countries which fought side and side with us in the great struggle against tyranny," he added.

In State Race

Capt. Price Daniel

Captain Price Daniel of Liberty, Texas, aggressive young Speaker of the Texas House of Representatives in 1943, will be a candidate for Attorney General in the coming Democratic primary.

James Appointed Head District Social Security

J. Gordon James, former manager in the Waco field office, has been appointed manager of the Social Security Board office in Wichita Falls. It was announced today by James Marley, regional director, at San Antonio. Mr. James succeeds the late Roscoe L. Surles, who had been manager of the office since 1938.

The new manager has served in the field division of the Social Security Board for over nine years. He was educated at Texas Technological College, and formerly lived in Seymour and Wichita Falls.

The service area of the Wichita Falls office includes Archer, Baylor, Clay, Foard, Hardeman, Knox, Montague, Throckmorton, Wichita, Wilbarger, and Young.

Freshman News

About all the Freshmen have been doing this week is trying to catch up in our lessons.

We had a party at Norma Whitten's last Wednesday night and we all had a good time.

The Home Ec girls are having an assembly this week and most of the Freshman girls are in it.

The boys that are not coming out for football are playing washers. We hear they are pretty good.

Sophomore News

Here it is the last six weeks of school and everyone is happy.

The girls have a baseball game with the girl all-star team of O'Brien this afternoon.

The assembly this week will be given by the Homemaking girls, and we are sure it will be good.

We are very sorry that Marshall Wooley and Willie Marie Cogburn are still out due to illness.

Junior News

We think everyone had a lot of fun at the Junior-Senior banquet. The Seniors should have enjoyed it because we really worked on it. We Juniors sure appreciate what the Seniors willed us last Friday night.

The Junior class sure misses Marshall Wooley, since he has been out of school. We also miss Willie Marie. We will be glad when they both are back in school.

This is the last six weeks of school and we got our report cards last week. Some of us realize that we should have worked harder months ago.

Senior News

The Senior class wishes to thank the Junior class for a very nice banquet. We all had a wonderful time. For the benefit of those who weren't there, we had fried chicken, gravy, jello, rolls, pie with ice cream, green beans, iced tea, potatoes, and nuts.

We miss Willie Marie this week, and hope she will be back in school real soon. So hurry up and get well, Willie.

GEORGE MOFFETT

Notice of Sale of Real Estate

THE STATE OF TEXAS,
COUNTY OF KNOX:
IN THE DISTRICT COURT OF KNOX COUNTY, TEXAS:

The City of Knox City, The State of Texas and Knox County, vs. M. M. Ward and wife, Flora Ward.

Whereas, in a certain cause pending in the District Court of Knox County, Texas, where the City of Knox City, a municipal corporation, was plaintiff, the State of Texas, and Knox County were impleaded as parties defendant in a certain tax suit against M. M. Ward and wife, Flora Ward, the City of Knox City aforesaid and the State of Texas, and Knox County, recovered a judgment against M. M. Ward and wife Flora Ward for certain monies and for foreclosure of their statutory and constitutional lien upon the following described property to-wit:

Situated in Knox County, Texas, and being the East 25 feet of Lot No. 12, in Block No. 27, of the original town of Knox City, Texas, and

Whereas a certain order of sale was issued out of said District Court on the 3rd day of May, 1939, directed to Louis Cartwright, sheriff of Knox County, Texas, and the said Louis Cartwright, sheriff aforesaid, did on the 4th day of July, 1939, after having given legal notice of such sale, sell such property to the City of Knox City for the use and benefit of itself and the State of Texas, and Knox County, and

Whereas, said property has not been redeemed by the owner thereof, and I as sheriff of Knox County, Texas, have been requested to sell such property as provided by the provisions of Article 7345b, Section 9, Title 122, of the Revised Civil Statutes of 1925, of the State of Texas.

Now therefore I did on the 9th day of April, 1946, levy upon the following described tract or parcel of land, situated in Knox County, Texas, to-wit:

The East 25 feet of Lot No. 12, Block No. 27, of the original town of Knox City, Texas.

And on the 7th day of May, A. D. 1946, being the first Tuesday of said month between the hours of 2:00 o'clock p. m. and 4:00 o'clock p. m., on said day at the Court House door of said County, I will offer for sale and sell at public auction, for cash, said property above described.

Dated at Benjamin, this the 9th day of April, A. D. 1946.

L. C. FLOYD,
Sheriff of Knox County, Texas.

League Ranch Tries DDT for Control Horn Fly Pest

On Tuesday of this week the League Ranch of Benjamin started a horn fly control experiment by treating 100 head of purebred cattle with DDT powder.

The purpose of this treatment is to control the horn fly, which according to previous experimental tests, will greatly relieve cattle from the annoyance of the fly throughout the fly season. It has been found by the Spur Experiment Station that the dusting of cattle at 15 to 20 day intervals will give complete fly control under pasture conditions.

Recent studies show that using one pound of 50% water dispersible DDT powder and nine pounds of sulphur, dusting this mixture on the backs of cattle, gives equally as good results as spray applications. About one ounce of this mixture was dusted on the backs of cattle as they passed through a chute. This experimental test, being conducted by the League Ranch, will be watched with much interest by the cattlemen of Knox County, and a comparison with a similar herd of untreated cattle will be watched closely.

It is being planned to treat these mother cows at 20-day intervals throughout the fly season, and if results obtained are similar to those conducted by the Spur station, the gains in weight of both cows and calves will be around 15 pounds each, for each 60-day period.

"There is no material factor in the world today that will contribute as much to maintaining peace as will food," Gen. Dwight Eisenhower.

HEALTH LETTER

Dr. Geo. W. Cox, State Health Officer, today issued a warning against the danger of malaria following the heavy rainfall in Texas, which usually occurs during the spring and early summer months.

"Malaria will remain a major public health problem as long as breeding places are accessible to the female Anopheles mosquito," Dr. Cox said. "Every householder should be sure that there are no tin cans, broken bottles, or other types of rubbish on his premises that will hold water and offer breeding places to this enemy of good health."

Dr. Cox pointed out that in our practice of mosquito control, we are sometimes like the man who locked the stable door after the horse was already stolen: we are content to wait until all our premises are swarming with mosquitoes before we bring ourselves into active warfare against these recognized agents of malaria transmission.

Dr. Cox further stressed the importance of conserving the public health and preventing the spread of disease in our present crowded conditions, and he also emphasized the fact that malaria is one of the more debilitating diseases, often causing its victims to lose much time from his regular employment or from school attendance.

Said Dr. Cox: "The best cure for malaria is prevention. Make sure your premises are free from any stagnant waters, in which may breed the female Anopheles mosquito that transmits the disease."

"Every pound of food eaten fresh from the garden, or preserved for use next winter, will release an equivalent amount of food to be shipped to the starving millions abroad," President Truman.

That is what Magnolia SUMMERIZE SERVICE means... a seasonal preventive maintenance service, exclusive with your Friendly Magnolia Dealer. It assures smoother, more economical operation and all the Flying Horsepower in the new MOBILGAS. Get this protection against the damages of summer heat today!

What is your GUESS? on our profits...?

SOMETIMES, although an idea is wrong, it does no harm. Like the idea that a square jaw is the sign of will power. That winters aren't as severe as they used to be, or that red hair denotes quick temper.

But there are other wrong ideas, which are definitely harmful to public confidence in and understanding of industry. One such idea is the current "guessing" about profits made by large business organizations.

Many people are apt to grossly exaggerate the money made by business. So Opinion Research Corporation (an independent organization) made a survey to learn just what the public thinks about profits. Compare these guesses and yours with the International Harvester profit figures given below.

Public guess on war profits... 30.0%
I H four war year average profit... 4.9%

In this survey, the average of the guesses by the public of the wartime profits made by industry was... thirty per cent (30%).
But in the four war years of 1942, 1943, 1944, and 1945, the profits of International Harvester Company averaged only... 4.9% on sales. Less than one sixth of what the general public "guessed" for all industry.

For this period, the year by year per cent of profits on sales was: 1942—7.34, 1943—5.59, 1944—3.95, 1945—3.93.

Public guess on peace profits 18.0%
I H four pre-war year average profit... 7.17%

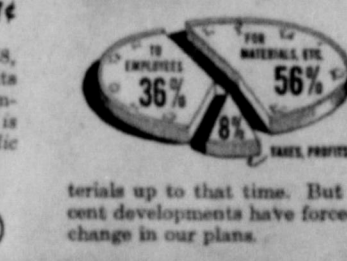

In the four peace years of 1938, 1939, 1940, and 1941, the profits of International Harvester Company averaged... 7.17%. This is well under half of what the public "guessed" for all industry.

Majority think fair profit in normal times is... 10%
I H ten-year average is less than 7%
The survey indicates the public knows that in our economy profits are indispensable. And the majority regard 10% as a fair

rate of profit in normal times. Many large businesses, including ourselves, would consider it a banner year if we could reach this figure. Our average profit for the last ten years—four war and six peace—was 6.43%—more than a third less than what the public considers fair.

All these figures show that our profits are not high. As a matter of fact, the entire farm machinery industry is a low profit industry. In 1944, the Federal Trade Commission published a list of 76 industries ranked in order of their ratio of profits to sales. The farm machinery industry was 57th on the list.

What About Current I H Prices? When the War ended and we planned our peace-time production, we had hoped to be able to serve our farmer customers at the same level which has held since 1942, regardless of war-time increases in costs of wages and ma-

materials up to that time. But recent developments have forced a change in our plans.

Wages and materials nearly all of every dollar vester takes in from government board has received and the Company has pay a general wage increase of 20 cents per hour for Harvatory employees. The Co has also allowed price on raw materials which chase in large quantities has had an average 8.2%.

There has been no increase in our prices since frozen by the Government 1942.

So our situation is what we BUY costs us. We will be paying average wages 56% above 1942. This condition cannot meet out of our present of profit.

Future Prices on I H Products It is plain that prices needed to meet the wage and material we must carry.

We regret this preference for lower prices, rather than raise we know our customers have us do that. We be able to "hold the line" But we do not see avoid operating at a prices continue to present frozen level NOT "cut corners" of products, because THE FOUNDATION BUSINESS.

Our customers that we will seek to moderate profit, but our policies and become approximately 50% fighting us vigorous business. Our request relief will be no more country to insure confidence to our customers, able return for our

INTERNATIONAL HARVESTER
