Lions Hear Joe Dickson

Lion Vice President John McGaughy presided at last Wednesday's meeting while President Elliston was called on jury duty.

Resident highway engineer Alvin Alexander and probation officer Joe Dickson were guests.

The Lions were pleased to hear Mr. Dickson explain and discuss some phases of his work. He is employed as probation officer for Knox, Baylor, King, and Cottle Counties and has held this position since it was authorized 28 months ago, with a state grant.

District Attorney Seeks Re-Election

The Knox County News has been authorized to announce that W.H. Heatly will seek the Democratic nomination of District Attorney of the 50th Judicial District in the May primary. Heatly was appointed to the office of the District Attorney of the 50th Judicial District in February 1970 by Governor Preston Smith to fill the unexpired term when the office was vacated by Clyde Whiteside on his appointment to the Board of Pardons and Paroles. In 1972 Heatly ran for election without opposition and was elected for a four year term.

Heatly was born February 11, 1944 in Wichita Falls

Texas. He moved in 1947 to Paducah, where he now resides. He graduated from Paducah High School in 1962. After graduation from PHS, Heatly attended Baylor University and the University of Colorado. He graduated from Baylor University in 1966 with a B.B.A. degree and from Baylor University School of Law in 1967 with a J.D. degree.

After graduation from law school, Heatly worked as assistant district attorney in the office of District Attorney Frank Coffee in Tarrant County from January 1968 until February 1969, when he returned to Paducah to practice law with his father, W.S. Heatly.

The City has two more payments remaining one coming in April and the other in July of this year.

Sales tax check totaling \$1,184.66 for the period ending January 3, has also been received.

The previous payment for sales tax was in the amount of \$3,567.12 and according to Faye Railsback, city secretary, adjustments are made with every third check making the amount smaller.

Smith Thanks Locals For Help On 'Rehab '76'

Lee Smith, chairman for the West Texas Rehabilitation Center in Abilene, expressed his appreciation this week for the excellent response to the Rehab '76 telethon from many Knox City and area residents Saturday night. Smith said officials apologized for the breakdown in telephone communications as several calls were unable to get through from Knox City.

However, Smith said that it was a tremendous effort for all concerned and that officials were well-pleased with the annual fund-raising telethon which outdid all five of the previous shows to benefit the West Texas Rehabilitation Center with over \$325,000.

Smith did have one regret, however. In addition to The Angie Sisters' 11:15 p.m. performance, they were scheduled to re-appear at 1:15 a.m. but due to many variations in the schedule, time got

away before they made their second appearance. Smith said it was especially regrettable since many older persons stayed up long past their bedtimes and were disappointed that they did not get to see them again.

Rex Allen and Shelly Smith, executive director of the center, were well-pleased with the girls' performance and invited them to return for next year's telethon. Allen explained that he was planning to make a number of changes in arranging the schedule for next year's show.

Smith also expressed a special thanks to Mike and Gaylynn Burkham, whose parents are Mr. and Mrs. Leon Burkham, for the \$905.00 contribution to the Rehab brought in at the auction sale following the County Live-

QUITE A LAMB! This Hampshire belonging to Mike and Gaylynn Burkham went on the auction block following the annual County Livestock Show at Munday and brought in a total of \$905.00 which they contributed to the West Texas Rehabilitation Center in Abilene. The KC students kept the lamb and when it is actually sold, they plan to donate that money also.

Lee Smith, better known to his TV audience as Festus Hagen of "The Dukes of Hazzard," took time out from his emcee duties Saturday night during the '76 telethon at the Abilene Civic Center to pose for this picture with The Angie Sisters, Gwen Hewitt, left, and Stacy. The sixth annual telethon brought in \$325,000 and was proclaimed by officials as the best ever, outdoing the previous spectaculars.

STREAMS IN DESERT PLACES

by Ozelle Stephens

"...I will pray the Father, and he shall give you another Comforter, that he may abide with you forever; Even the Spirit of truth; whom the world cannot receive, because it seeth him not, neither knoweth him; but ye know him; for he dwelleth with you, and shall be in you. (John 14: 16-17).

Yes, God has made a way for man to walk and talk with his God as did Adam. First he sent Jesus Christ to be the Saviour of Man. When Jesus went back to the Father he gave to all the promise of our scripture. One great man of God has said, "The prayer language is a language of the spirit, not of the intellect". He helps your spirit commune directly with God—with out the aid of your mind, through other tongues...another language that your mind has not learned through which your spirit talks to God out of your inner being.

When this spirit of truth has come into you, he will guide you into all truth, and he will show you things to come. John 16: 13. Also John 14:26. This is one of the gifts of the Spirit that God has for all who will come into him to receive by faith. He will help you with all the things you face in life. Romans 8:26-27.

ASPERMONT VISITORS

Mrs. Curtis Alsip and Mrs. Bill Smith spent the day Tuesday visiting with friends in Aspermont.

Quick Quiz!

Distances are sometimes deceiving. To be able to see just the tip of a 200 foot oil rig that is 54 miles out at sea, how high above sea level would you have to be (a) 62 feet (b) 262 feet (c) 1,662 feet?

ANSWER
"C" is correct. You would have to be standing 1,662 feet above sea level. That means that if you stood on top of the Empire State Building, you would still need a 412 foot ladder to see even the tip of that oil rig.

BENJAMIN NEWS

BASKETBALL

In high school basketball last week, the local teams met Chillicothe on Tuesday night. The girls lost by a score of 58-57. That was not bad at all considering the teams had a mix-up in communications and each school traveled to the opposition's school for the game. Turned out Benjamin had made the mistake so had to return home for the game. So after a pretty good ride, the teams played extra well. Scoring for Benjamin was Kelly Milson with 31 points, Diane Green 21, Tami Carver four and Deb Hudson one. The Benjamin boys won but I have lost that score pad.

On Friday night at Harrold both teams bagged a victory. The girls score was 52-34. Diane Green scored 20 points, Kelly Milson had 14, Tami Carver scored 10 points and Debby Hudson eight. The boys score was 60-58. Keith Conner scored 18 points, Kenneth Groves had 16, Mark Collins 12, Ricky Carver 6, and Keith Pierce and Johnny Pierce four each. The girls now stand 1-1 in district play. The boys are 2-0.

Junior high also played ball last week. Monday night they played Guthrie and the girls came from several points behind to win by a score of 28-25. Laura Long scored 22 points for the winners, Stasy Carver had four and Lynda Brooke Hudson scored two. The boys lost to Guthrie by a score of 31-14. Benjamin scorers were Tony Long with eight points and Mark Oxford, Craig Hertel and Mike Reynolds had two each.

Garden Club Meets Tuesday

Thirteen members of the Knox City Garden Club were present on Tuesday, January 13 for a program on "Planning a Garden for 1976."

Roll call was answered with "A Silhouette From My Window".

A dialogue between Mrs. J.C. McGee and Mrs. Guy Robinson was given with good ideas of what to do now for both flower and vegetable gardens, trees, and shrubs.

At the business session, plans were discussed to ask the City Council to try to get vacant lots cleaned, especially those near the business area. A committee was appointed to meet with the Council.

Members also voted to beautify a vacant lot in the southeast part of town.

Mrs. Ulric Lea and Mrs. Clara Smith reported they had chosen the home of Mr. and Mrs. Ray Plummer, 208 S. Fifth as the "Yard of the Month" because of the beautiful shrubbery surrounding the house.

Mrs. McGee and Mrs. W.C. Hertel were hostesses. The serving table was centered with an arrangement of red and white carnations.

Mrs. Clara Smith and Mrs. H.W. Finley explained their specimens of dried materials. The February 10th program will be given by Mrs. H.E. Wall and Mrs. Ulric Lea. The meeting will be in the Community Center.

SS News

Social Security Representatives are receiving many questions from beneficiaries about when Social Security will be raised again, according to Carl R. Beisner of the Vernon Social Security Office.

Apparently, some expected checks to go up in January and were surprised when they did not.

No general increase in the amounts of Social Security benefits is expected before at least July. A law passed by Congress several years ago, provides for automatic adjustment of benefit payments in July of each year, based on increase of the cost of living in the previous year. The amount of a raise in July, if any, will not be known for several months.

The Vernon Social Security office is at 1701 Cumberland (on the corner of Cumberland and Pease). The phone number is (817) 552-9346.

Hicks-Carver Engagement Told

Mr. and Mrs. Ben R. Hicks of Merkel announce the engagement of their daughter, Bethany Ann to Gary Dean Carver, son of Mr. and Mrs. Bill R. Smith of Knox City.

Carver attended Knox City High School and is employed at Marion's Mobil Station.

Wedding date has been set for February 14 in the home of her parents in Merkel.

Party Honors Gary Hewitts

Mr. and Mrs. Gary Hewitt, who were married January 15 in Wichita Falls, were honored with a party at the home of the John Cassles in Seymour.

Attending from Knox City were Mr. and Mrs. James Hewitt, Melinda Hewitt, Mark Howell, Patricia Deering and Amy, Elaine Lewis, Todd and Shane.

Wedding cake, decorated in blue and white, and punch were served.

Approximately 50 guests attended from Wichita Falls, Seymour, and Knox City.

By Mrs. Dan Gerber
Parents are concerned about the controversial publicity appearing in regard to baby foods.

I've been closely involved with the development of Gerber products over the years. I used them for my children. All of my 18 grandchildren were raised on them.

Let me assure you that Gerber baby foods are safe and processed under strict sanitary conditions. A baby's tiny body is considerably more sensitive than an adult's. So every product must pass many tests for purity, safety and wholesomeness. In fact, specifications for baby food products are among the most rigid in the entire food industry.

High standards of bacteriological safety are upheld through each step of food preparation. Home preparation, on the other hand, involves significant risk of bacterial contamination.

Chemical preservatives are not used to prevent spoilage in baby foods, which "keep" because they have been sealed and heat-treated under steam pressure to eliminate any possibility of spoilage as long as the seal is intact.

Parents are right to be concerned about anything affecting their babies, but they should know that baby foods are as safe, wholesome and nutritious as science and conscientious preparation can make them.

ATTEND FUNERAL

Mr. and Mrs. Ray Etheredge and Matt attended funeral services for Ray's father, W.B. Etheredge, in Hugo, Oklahoma Friday and graveside services at Roby Saturday.

Also attending the services at Roby were Mr. and Mrs. C.H. Cornett and Mr. and Mrs. Jimmy Tankersley.

VISITS GRANDMOTHER

W.C. Pharr has just completed basic training at Lackland Air Force Base in San Antonio and spent Monday and Tuesday with his grandmother, Mrs. Opal Hutchinson. He will be stationed at Dyess Air Force Base in Abilene.

Study Club Hears Sammy B. White

Members of the Knox City Study Club met on January 15 for the annual business meeting which included the election of officers.

Those elected to serve for a term of two years include Mrs. L.E. Groves, president; Mrs. Otis Cash, first vice-president; Mrs. Claud Reed, second vice-president; Mrs. Lewis Kay, secretary-treasurer; Mrs. E.R. Carpenter, reporter; and Mrs. J.C. McGee, parliamentarian.

Officers will be installed at the May meeting of the Club.

Thursday's program was given by Sammy B. White, who showed slides on child abuse and lectured on the overall conditions that prevail over the State of Texas. Mr. White further stated that all kinds of parents abuse their children. Abuse comes from all strata of society, he said.

The Department of Public Welfare is the agency charged by Texas law with the protection of Texas children. He stated that the leading cause of infant mortality in the United States is child abuse, and that neglect is one of the major causes.

Any citizen who suspects that a child is being abused either by neglect or other causes should report to the proper official, he urged.

Mrs. James Patterson reported on a recent trip that she and her husband, the Rev. James Patterson, recently made to Philadelphia. Mrs. Patterson showed pictures of several of the historical buildings in that city.

Mmes. Mary Vaughan, Mabel Pyeatt, and Alton Fitzgerald were hostesses for the social hour.

L.E. Groves will be the guest speaker for the February 19 meeting and his subject will be "The Pioneering of the USA".

CELEBRATES BIRTHDAY

We did not gin as many bales as last year, but more than some thought at first.

Buddy Hale and some of the FFA boys from O'Brien and Benjamin were in Abilene Monday night and Tuesday to attend the Livestock Show. I did not have a list of the names that attended.

There is a new look with the basketball boys now, boys you look great.

The Senior class had a chicken supper and bingo playing Monday night, they had a pretty good turn out for this. They thank each and everyone that came and helped make this a success.

I would like to say that it is just about time for your taxes to become delinquent, so you might check and see if you have paid yours to save some interest. The school district is about finished with all the measuring and figuring on the reevaluation that they went into this time. It seems that everything went off pretty smooth. I have not heard very much gripping and fusing about this.

Anyone that has any news during the week be sure and call me. The out of town people inform me they like to know what is going on so if you will help out maybe we can supply them with some of the news.

Mr. and Mrs. Lynn Holmes of O'Brien are the proud parents of a baby girl born December 30 at Hendrick Memorial Hospital in Abilene.

The baby has been named Joni Ann and she tipped the scale at six pounds, twelve and one-half ounces. She measured 18 1/2 inches long.

Maternal grandparents are Mr. and Mrs. T.L. Stockton and paternal grandparents are Mr. and Mrs. Grady Holmes, all of O'Brien.

REDDY'S REFRIGERATOR SAVINGS TIPS

- Don't open refrigerator door unnecessarily. Plan your trips to the refrigerator while cooking. Make sure the children maintain a closed-door policy.
- Buy the size that fits your needs. An over-large refrigerator or freezer wastes space as well as electricity.
- Clean external coils, fins and motor often and keep them free from dust.
- Defrost your refrigerator and freezer before ice deposit exceeds 1/4 inch. Excess ice causes your refrigerator to work harder.

It was the winter of 1800 when the White House was ready for occupancy. Abigail Adams had the honor and task of being the first First Lady. History reveals that in the bumpy ride from Philadelphia to Washington more than half of her china tea service had been broken en route. Mrs. Adams had to replace it in time for the official reception or face social disaster. Why not celebrate the Bicentennial year with a formal or informal tea party in your own home? Invite friends and neighbors over and serve Bigelow's Constant Comment, an adaptation of a colonial recipe blending fine tea with orange rind and sweet spices.

Historical Highlights

FIRST FOREFATHER

The first flag of the colonists to have any resemblance to the present Stars and Stripes was the Grand Union flag, sometimes referred to as the "Congress Colors." It consisted of thirteen stripes, alternately red and white, representing the Thirteen Colonies, with a blue field

in the upper left hand corner bearing the crosses of St. George and St. Andrew, signifying union with the mother country, according to the U.S. Marine Corps Reserve. This banner was first flown by the ships of the Colonial Fleet in the Delaware River in December, 1775.

The Grand Union flag was carried by Marines and American Bluejackets comprising an expeditionary force in the West Indies during 1776.

Moore was high point man for KC with 21. Tommy Mangis and David Anderson had eight, Lynn six, F ly five, Bishop and Mike Howell had four, Robert Watson scored two points, and Donny Skiles had one.

Haskell's high point man was Jackie McAdoo who scored 21 points for his team.

In tomorrow night's action, the Knox City teams will meet their arch rivals, the Munday Moguls here in Knox City with the girls' game beginning at 6:30 p.m.

RETURNS TO UT

James Alsup, son of Mr. and Mrs. Curtis Alsup, left Saturday to return to the University of Texas. James, a senior student there, had spent the holidays here with his parents.

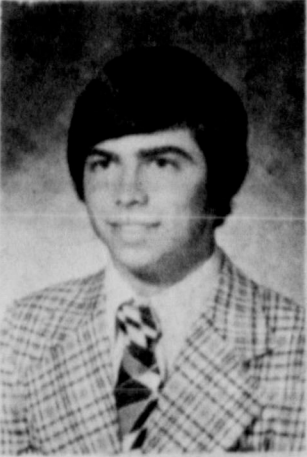

Seniors Of The Week

And Their Autobiographies

Beginning with this issue, members of the 1976 graduating class of Knox City High School and their autobiographies will be featured in The Knox County News each week. The autobiographies were written as an English Class assignment. Seniors will be featured each week until the completion of the current school term.

The class of 36 members is co-sponsored by Jim Dillon and Principal Bill Holcomb.

MIKE BURKHAMS

Michael Wayne Burkhams was born the first of three children to Mr. and Mrs. Leon Burkhams on August 26, 1958 in Abilene, Texas. He now has a sister, Gaylynn who is thirteen and a brother, Bobby Don, who is four years old.

Mike has led an active life and started in agriculture with two Hampshire pigs at the age of five. He has exhibited swine and sheep ever since, participating in every major livestock show in Texas.

He has been playing football since the seventh grade and has been varsity center for the past two years.

Mike has received various honors including the Texas Sheep and Goat Raisers Award, Lone Star Farmer Degree, and second in the state in Sheep Proficiency awards given by the Texas Future Farmers of America. Mike also participated in FFA Public Speaking and placed in the top 10 out of Texas' 57,000 members. This year Mike is also serving as FFA Chapter President and FFA Chapter President.

In the future, Mike plans to attend Lubbock Christian College and Texas A&M to get his degree in Veterinary Medicine.

Guinns At Lennox Meet

Mr. and Mrs. L.C. Guinn were in Fort Worth Saturday through Monday attending the annual Lennox dealers' meeting. The meeting was held in the Grand Ballroom of the Sheraton Hotel where new equipment and merchandising was shown for 1976.

The dealers' wives were provided with a lunch and style show at the Woodhaven Country Club, followed by a shopping tour.

The program was concluded with a banquet and entertainment on Monday night.

SHEILA COBB

Sheila Chere Cobb was born February 7, 1958 in the Knox County Hospital. She is the daughter of Mrs. Genie Holcomb of Knox City and Jerry Cobb of Haskell.

Sheila lived in Knox City until she was four years old, then moved to Louisiana, where her little sister, Simone, was born. She lived in Louisiana for about nine months and moved back to Knox City where she has lived ever since.

She has attended school in Knox City all twelve years. While in high school, Sheila has been active in PASF two years and was treasurer one year; FTA, three years; Band, three years; FHA, four years and Choir, four years. She was treasurer of her freshman class. Her sophomore year, she was a cheerleader and was also chosen as Most Beautiful. She participated in both plays, her junior and senior years.

Sheila's plans for the future are undecided.

Basketball Results

JUNIOR HIGH GIRLS

The Junior High basketball girls were defeated by Aspermont Monday night by a score of 31-15.

Leading scorer for Knox City was Tammy Helton with six. She was followed by Gaylynn Burkhams with five and Kay Howell and Angie Bateman each scored two apiece.

BOYS

The eighth grade evened their season record to 5-5 by defeating the Hornets 24-19. Tim Robinson scored eight points and Dwayne Johnson and Sammy White added six points apiece. This makes the Pups' district record 3-4 for the season.

The seventh grade boys lost their third district basketball game last Monday to the Aspermont Hornets by a score of 18-8. Adam White scored six points to lead the Pups. This makes their district record 1-3 for the year.

KC Recognized In Publication

Knox City received recognition in the January, 1976, edition of Grain Producers News, published monthly in Amarillo for Producers Grain Corporation, and a complimentary copy of the magazine has been received by Mr. and Mrs. B.L. Bradberry, who own and operate Korner Kitchen.

Seems as though last October 44 patrons of the Farmers Union Coop Elevator of Duke, Oklahoma, were aboard a chartered bus bound for Corpus Christi to tour the harbor and visit the Producers Grain Port Terminal, a 6.3 million bushel export elevator the patrons own.

Their first stop was a coffee break here and according to an excerpt in the article entitled "Vaudeville Revives Temporarily" by Editor Jerry Sinise, reads:

"Our first stop was a coffee break at the Korner Kitchen in Knox City, Tex., where to some fine organ playing, we sang 'Battle Hymn of the Republic' twice. Frankly, Knox City never heard the likes of such singing, and may never be the same again. It wasn't exactly Sing Along with Mitch, but it was enthusiastic."

Other towns on their itinerary were Abilene, Eden, San Antonio, and Corpus Christi.

This speaks well for our town, don't you think?

RETURNS TO SCHOOL

Temi Baker, student at Western Texas College in Snyder, recently returned to classes for the spring semester.

She had been here throughout the holiday season visiting in the home of her parents, Supt. and Mrs. W.R. Baker.

Coaches' Comments

by STEPHEN MCILHANEY

Last week we split two games, one with Crowell and Haskell. Crowell beat us by four points and we beat Haskell by 14. We played well in both of these games and with a little luck we would have won both. Against Crowell we dominated the game for three quarters, but could not get enough momentum to put the game away. When we would get a four or five point lead, we would foul or miss a short shot and this would allow them to cut back our lead. Against Haskell we played one of our better games. Haskell used a pressure defense against our forwards, and all of our forwards did well in handling the pressure which allowed us to score 51 points. Our guards did a good job by holding Haskell to only 37 points for

the game. If we can continue to play like we did Friday night we will still have an opportunity to be in the district race.

So far I am proud of the girls for the way they have played. They play with intensity and hustle throughout the games and they have never given up. If they will continue to play this way and with a little luck, we could be 4-0 after four games into the second half instead of 2-2.

This week the girls junior varsity will get some long awaited action. We were supposed to play Haskell's JV's last week, but there was a mix-up and we didn't get to play. I am anxious for the girls to get an opportunity to play and see how they handle themselves. We have played only two games and these were in November, so it will be like starting out in a new season. We will also have a JV tournament here Saturday. Here are the girls who will be suiting up on the JV team: forwards - Jamie Clonts, Irene Flores, Jan Lowrey, Cynthia Rhodes, and Rhonda Skiles; guards - Brenda Albus, Terri Harris, Mary LaFlower, Debbie Ray, and Beverly Ward. I hope that you can make it out Saturday and see some of the games. It sure was nice to have the number of fans that were at Haskell Friday night. See you at the next game.
