

## HALLOWE'EN CARNIVAL FRIDAY NIGHT

### MAN ACCIDENTALLY SHOT HERE LAST NIGHT

#### Along Route One

WITH WALTER HYDE

As I have not noticed any news items from Route One in several months I thought it might be of interest to the many readers of the Herald scattered over the state and nation to know what is going on east and north of this thriving little city.

Most all of the farmers are about through gathering their 1939 crops. In some sections the cotton crop was fairly good but as a whole I believe it has been the shortest crop year since 1918.

I notice that most farmers are cutting and baling everything that will do for feed. George Hardberger has so much feed stacked away that he was compelled to move the fence on the east side if his farm for stacking purposes.

J. E. Stanfield, a former partner of Route One, but now of O'Brien, is very ill with pneumonia. He is a very fine man and the people should go to his assistance.

I suppose that all well informed people are aware of the fact that Salem Hutchinson is the greatest weather prophet this country has ever known. He informed the writer one day this week that cold weather was just around the corner, as he noticed a jaybird flying south at a high altitude. Sale says the higher they fly the colder the weather will be.

Henry Jones, Den Davis and Ben Farmer have just returned from their recent vacation. The boys went away immediately after the World's Series between the New York Yanks and the Cincinnati Reds. Henry said the pressure was so great that a little fresh air from a higher altitude was necessary, so they went to the Rockies.

See Wimpy for football information at Otto Lawson's Cafe. Plenty in store.

The writer and Heavy Cagle made a flying trip to Abilene the first of the week. We went down in Heavy's fresh air taxi and the radiator was not in tune. We got acquainted with all the filling stations from Knox City to Abilene. Water was at a premium. There was no danger of the radiator freezing.

I will be compelled to admit this it is a difficult matter to understand Lloyd Davis. For the past 20 years he has been pulling for the T.C.U. football team. Since their defeat last Saturday he is now yelling for A. and M. Lloyd. I wish you would reform and get back where you belong. I have pulled for the Fort Worth Cats ever since they came into existence.

Lee (Gene Tunney) Smith and Chad Wilson motored to Dallas last Saturday to attend the football game.

(Continued on Page 2)

Arkie Reneau, age 23, of Knox City, was accidentally shot in the back of the head Wednesday night about 8 o'clock in Knox City, when a gun in the hands of City Marshal Jim Stephens accidentally discharged. The accident happened in front of the Herald office. City Marshal Stephens and Deputy Sheriff Orvel Capehart were attempting to arrest Bud Milford on an alleged drunk charge and Milford was resisting arrest. Reneau was sitting on a bench just east of the Herald office and while the officers and the man were fighting he got up from the bench and walked two or three steps west in front of the printing office and was standing there watching the scuffle, when City Marshal Stephens pulled his gun and hit Milford on the head with the barrel of the gun, an automatic. As he hit Milford, the gun discharged. The shot went through the back of the neck of Reneau and went on through the window screen, the door, the partition between the front and back, and lodged in the west wall of the Herald office.

Reneau fell on the sidewalk and was immediately picked up and carried to the Knox County Hospital by Deputy Capehart where his wounds were looked after. He is reported this morning, Thursday to be getting along fine, and if nothing happens, will be able to be out in a few days.

City Marshal Stephens stated that the safety on the gun must have been thrown during the scuffle. He regrets the incident, which was purely accidentally.

District Attorney Louis Williams and County Attorney Carl Patterson were called from Benjamin to investigate the trouble and all witnesses who saw the affair said that Reneau was accidentally shot.

#### HOSPITAL NOTES

Patients in the Knox County Hospital this week are:

Sibyl Beauchamp, Munday Texas; Babies T. J. and J. T. Tucker (colored), Munday, Texas; Sam Powers, Benjamin, Texas; Master Howton Arthur Orr, Gilliland Texas; Mrs. Earl Owens, Munday, Texas; Mrs. Jim Reynolds, Benjamin, Texas.

Patients dismissed from the hospital the past week:

Mrs. George Hodges and baby, Red Springs, Texas; Baby Boy Moorhouse, Benjamin, Texas; Togo Moorhouse, Benjamin, Texas; Mrs. Grady England, Truscott; Newton Westmoreland, Rule, Texas; Mrs. A. A. Roberts and baby, O'Brien, Texas; Mrs. B. B. Bowden, Munday, Texas; Mrs. G. S. Foshee and baby, Knox City, Texas; Mrs. M. N. Holt, Ballinger, Texas; Mrs. Pate Meinzer, Benjamin, Texas; Genevieve Ingram, Throckmorton, Texas; Mrs. Tom Perry, Gilliland, Texas.

#### Births:

Born to Mr. and Mrs. A. A. Roberts of O'Brien, a boy, October 19.

George Hodges of Red Springs, a boy, Freddy Glenn, October 22.

#### Deaths:

Baby Boy Moorhouse, one of the twin sons of Mr. and Mrs. Walter Moorhouse of Aspermont. Died Oct. 21.

#### OTTON REPORT

2971 bales of cotton had been ginned in Knox City up to noon Thursday, October 26, 1939.

### LET'S GET OUT OF THE HORSE AND BUGGY AGE

Elsewhere on this page is a news article that tells of an opportunity that is knocking at your door. We refer to Knox City's chance to obtain an up-to-the-minute automatic telephone system. This new system is being offered our city by the Southwestern Associated Telephone Company if as many as eighty-five per cent of the present subscribers want it. The new equipment would represent an expenditure of several thousand dollars for the company, not to mention the great improvement in the service rendered. Under the dial system a perfect twenty-four hour service is maintained. When a number is dialed, that number continues to ring until the party answers it or until the party ringing places the receiver back on the hook.

The present system, known as the manual type, was put into service here more than thirty-five years ago. At that time much of the equipment was brought in from other points where it had already been in service for a number of years. It is truly an antique bunch of equipment that belongs to the horse and buggy age.

The automatic system belongs to the airplane age and would certainly be a step forward for our enterprising city. The local Lions Club is to be commended for their untiring efforts in bringing the attention of the telephone officials to the existing condition.

We believe that Knox City will continue to move on and that when they have the chance they will vote YES for an up-to-date automatic telephone system.

### THEATRICAL APPRENTICE

Lester E. Lang, left, director of the Dallas Little Theater, interviews Yvonne Jamison of Knox City, daughter of Mr. and Mrs. O. L. Jamison, and takes her picture for his file, as is his customary procedure for all acting aspirants. This interview resulted in a part for Miss Jamison in the current Little Theater play, Koom

Service, in which she has the role of Hilda. Miss Jamison, who is anxious for a film career, was one of the applicants interviewed recently and favorably by MGM's talent scout, and it is upon his advice that she is engaging in Little Theater work as an apprenticeship for screen work.

### LOCAL LIONS CLUB ENTERTAINS LADIES

The Knox City Lions Club observed ladies night with a banquet at the First Methodist Church, Tuesday, evening, October 24.

Preceding the serving of the dinner, C. H. Keck led the group in singing, "There is Something About a Lion," and "America." This was followed by the invocation by Rev. A. A. Peacock, Methodist pastor.

Following the meal the program consisted of two readings by Miss Martha Crenshaw, a talk by Roy Baker on the duties of the district governor, introduction of the deputy district governor, Hal Dyer, of Seymour, by Guy Steen, president of the local club. Mr.

Dyer then introduced the principal speaker of the evening, W. H. Laroque of Cisco, district governor, who gave a very interesting talk.

Billy Dean Davis and Ken Frizzell were presented in special musical selections. The meeting closed with the singing of "Auld Lang Syne" and a salute to the flag led by Rev. Peacock.

There were fifty six members and guests seated for the delicious dinner prepared and served by the ladies of the Methodist Church. District Governor Laroque was accompanied by his son and daughter-in-law, also of Cisco.

### BIG PARADE HERE 5 P. M. FRIDAY

#### MILFORD SANDWICH SHOP SOLD TO BURRIS TEAFF

Guy Milford announced this week that he had sold the Milford Sandwich Shop to Burris Teaff, who is well known, having lived south of town for a number of years. Mr. Teaff took charge of the business Monday morning of this week and said that he would run a first class sandwich shop. He wants his friends to come in and visit with him. Mr. Milford who has been in business in Knox City since 1908, is undecided as to his future plans. He plans to visit his brother in Alabama before going into business again. Read the ad of the Teaff Sandwich Shop in this issue.

#### FARMERS SIGNING FOR SOIL CONSERVING

Farmers are now signing applications in the County Agents' office for their 1940 soil conserving payments. Farmers that have earned their entire soil conserving and soil building payments are being sent to the State Office for payment and Knox County should be receiving these checks in the near future, stated County Walter Rice.

To date 445 applications have been mailed to College Station for approval and payment. The signing of the applications are moving forward as quickly as possible.

Farmers are being notified by card when to call and sign their application.

#### SISTER DIES IN MERKEL

S. P. Keny was called to Merkel Tuesday evening because of the serious illness of a sister, Miss Lizzie Keny. Miss Keny died early Wednesday morning and funeral services were conducted the same day. Survivors other than Mr. Keny include two sisters and two nieces.

Attending the services from Knox City were Mr. and Mrs. S. P. Keny, Mr. and Mrs. Leo Smith, Mr. and Mrs. J. W. Smith, Mrs. L. L. Davis, Mr. and Mrs. Roy Smith, Mr. and Mrs. S. E. Park, and Mr. and Mrs. E. Q. Warren.

The Knox City public school, cooperating with the Parent-Teacher association, is preparing one of the most interesting Hallowe'en celebrations ever staged here. It will be held in the grade school building Friday, October 27. The spirit of the West will prevail and the public is invited to come appropriately dressed for the occasion.

The parade, led by the Knox City high school band and formed under the direction of J. Bud Farrar, will begin at 5 p. m. It will consist of school class floats, floats of business firms, and individual entries.

The main show will consist of the usual carnival sideshow attractions and exhibits.

A special feature of the celebration will be a chuck wagon. According to J. H. Atterbury, chairman of the chuck wagon committee, there will be real, old fashioned, chuck wagon food served. A veteran cook from the 6666 ranch will prepare the old time dish of sor-of-a-gun. J. B. Hendrix, local rancher, will be the wagon boss.

The climax of the entertainment for the evening will be the presentation of a play, "Home on the Range," given in the school gymnasium, written by and under the direction of Mrs. Milton Bradberry.

#### FARMERS SHOULD MAKE PLANS FOR 1940 CROPS

Farmers should make plans now for the 1940 crops, stated County Agent Walter Rice. The 1940 AAA will be carried out very much the same as it was in 1939, and farmers by carefully planning, may utilize their soil conserving acreage to a very profitable advantage.

Farmers as a rule have not planned their farm operations as carefully as the business man, yet he is operating a business investment of several thousands dollars worth, counting the value of the land.

A good policy would be to plan your farm operations, then operate your farm according to your plans so far as possible.

### DIAL TELEPHONES LIKELY FOR KNOX CITY

Negotiations that have been under way here since last July with the Southwestern Associated Telephone System for a new exchange were consummated last week in a meeting with R. B. Fairley, president of the telephone company, and a group representing the Knox City Lions Club.

Mr. Fairley advised the committee that his company was desirous of completely junking the present equipment and installing in its stead a modern automatic exchange of the type that is now used in the large cities. Making the change, Mr. Fairley pointed out, would necessitate the complete rebuilding of the entire system. They would build a fire proof building to house the automatic equipment, erect new poles and cables, and install new phone sets in all homes and business houses of subscribers.

Mr. Fairley said that the company would send a representative here to canvass all of the subscribers, and if 85 per cent were in favor of the change they would proceed with plans for installation. In

this event the new exchange would be in operation not later than April 1, 1940.

The club is jubilant over the prospects for a modern system and have been contacting the telephone subscribers as rapidly as possible to see if they are favorable to the project. It is reported that all that have been approached were highly in favor of the change. Numbers of people in and around town that do not now have telephone service have indicated that they expect to install telephones when the new system is put in.

Accompanying Mr. Fairley here was Mr. Redd, his assistant. The group representing the Lions Club was composed of Guy Steen, C. H. Keck, Roy Baker, H. M. Jones, O. W. Caussey and E. O. Jamison.

The telephone committee is anxious to familiarize the general public with the advantages if the automatic system. Should anyone desire information on the subject the above group stand ready to explain the details.

# REXALL 1c SALE

2 FOR THE PRICE OF 1 PLUS 1c

4 BIG DAYS: Wed.-Thu.-Fri.-Sat. Nov. 1-2-3-4

Twenty five years ago Rexall Drug Stores originated this gigantic merchandising event. Today thousands of Rexall Drug Stores throughout the United States take part in this great money saving sale. This year is our Silver Jubilee Celebration. You'll find bargains and Super Silver-Jubilee Specials at prices never before offered.

You'll have to be here early to get them—for they're too good to last long. On special occasions during the year we offer some of these items at prices lower than the regular list prices. But at no time do we offer this merchandise at such rock bottom prices as during this Rexall Original One Cent Sale.

## THIS IS A SILVER JUBILEE SALE

### Along Route One

Continued from Page 1

H. M. Warren went down to Merkel last Sunday after his son, Hollis, who had been visiting in that city for several days. We are glad to report that Hollis' health is better. Hollis is a wonderful boy and everybody is falling for him.

Glad to hear of some mighty fine reports coming from Doyle Hammons, who is attending A. and M. College. Doyle is one of the very finest boys ever to go to college from Knox City. He is the son of Mr. and Mrs. G. W. Hammons of Route One.

Sorry to learn that John Stockton and family are soon to leave the Knox City community to make their home at Ruess. Mr. Stockton is one of the finest men of Knox county and has the respect of everyone with whom he has come in contact.

H. T. Rader, our old friend of many years standing, was in town Saturday. Mr. Rader is a very prosperous farmer, and owns one of the finest farms in the county, four miles east of this city.

R. B. Howell, son of Mr. and Mrs. J. W. Howell, went down to Fort Worth Saturday to attend the football game. Robert is a very enthusiastic football fan.

If you wish to see Roy Baker smile just step into Frizzell's Drug Store and pretend you want to spend two-bits with

him. Roy is a very fine salesman.

There were 225 in Sunday School at the First Baptist church Sunday. I do not believe there is a finer Sunday School Superintendent in all of the land than is Joe Averitt. He works at the all of his spare time. He is a fine Christian gentleman and loves everybody.

It makes a person want to shout for joy to meet the new editor of the Herald. He is so pleasant that you can see him smile for a quarter of a mile. It is his intention to give the people of Knox City and surrounding territory a splendid paper. Let's all build to him and give him our very best support.

Tom Loper has been in communication with Hitler during the past week. He tells Tom that everything is satisfactory except they are a little low on buttermilk.

### LION CLUB A BENEFIT TO OUR COMMUNITY

Like the vine round the trunk of the tree,  
The law runneth forward and back.  
For the strength of the pack is the wolf,  
And the strength of the wolf is the pack.  
—Ruyard Kipling.

The old adage has it that "in unity there is strength." In the stanza above Kipling expresses in a very forceful and poetic way the same truth. He

uses the wolf as the animal by which to illustrate the truth because more than any other animal the wolf runs in packs. Some animals run in large droves as did the buffaloes when they were numerous. Many run in pairs while the hyena, we are told, is an unsocial creature and prefers to stay by himself away from all others of his kind. But the wolf runs in packs—in small compact groups that follow the leader. Thus they become a powerful force in the animal world.

Men have found the wolf a wise animal for they have found it advantageous to band together for the common good. Some souls live apart—hermit souls as it were—and some of them have blessed mankind. But most of the world's progress has been made because men have co-operated. In religious, educational, commercial, social and political ventures men have achieved because they have worked together. We live in an age when great organizations carry on much of the work of the world.

There are certain tasks in each community that carry out for the doing but which go undone because these tasks do not seem to be within the peculiar province of any organization unless that community has a Lions Club or some other service club. The Lions Clubs in the United States and other countries exist because far-sighted men have seen the need of co-operation for certain noble purposes.

Through the medium of the Lions club there is an aggregation of influence, wisdom, energy and effort by which many community projects are performed. Without such organization these tasks would go undone. Many things can be done by the same men even though interested and working diligently but singly.

The strength of our nation is from the Union and the strength of the states is in the Union. Today in world affairs we command a prestige and influence many times as great as would

be commanded by our states operating as forty-eight small and independent nations.

This is just as true of the club and its members. Certainly the "law runneth forward and back". The presence of a Lions Club in the community is evidence that there are a number of men in the community that realize that they can be much more effective as an organization than as separate individuals even though they be public spirited.

### LETTER RECEIVED FROM MALOUFS

The following letter was received this week by W. L. Garner, former editor of the Herald, from A. J. Malouf and family, who are visiting in Syria. Mr. Malouf is owner of the Malouf Dry Goods Company of this city.

Beirut, Syria, 9-16-39  
Editor Knox County Herald,  
Knox City, Texas.  
Dear Mr. Garner:  
I wanted to wait until I visited most of this historical country before writing to you. We first visited the ruins of Babel, a city 4,000 years old. The kings of this city were buried in a casket of one solid rock, coated with gold. They were placed 20 feet below the surface. This city was located on the Mediterranean Sea about 30 miles north of Beirut.

From there we went to the Cedar of Lebanon from where Solomon got the cedar to build the temple. Some of these trees are over 4,000 years old. I takes ten men with their arms stretched out to go around one. Then we visited the old historical city of Balbach. This place is very old, probably one of the oldest after the flood.

There are lots of interesting places to visit in this country that we have not seen. We wanted to go to Palestine, but the present Arab-Jewish quarrel keeps everybody away from there.

The climate in this country is an ideal one. It is cool in the summer and moderate in the winter. The children are homesick and so are we. We want to go back home if we can. The present situation makes it very dangerous.

My wife and children join me in sending our highest regards to all our friends, also to you and Mrs. Garner.

I am, yours very truly,  
A. J. Malouf

### METHODIST CHURCH

In a day long past there was a confused man. He wrote the Seventy-third Psalm. He said of himself, "My feet were almost gone; my steps had well-nigh slipped."

He could not reason out his problem. He had no solution for his difficulty. The more he tried to understand, the more confused he became. "When I thought to know this," said he "it was too painful for me, until I went into the church of God; then I understood." In the atmosphere of worship with God's people he understood.

If you are confused—if you have lost your footing—go to church Sunday. Perhaps there you too may find God and an understanding of your problem.

The Methodist church is for your spiritual uplift. You must do your part by being present. Join us in our worship service next Sunday morning at 10:45 and in the evening worship at 7:30 o'clock.

Rev. A. A. Peacock

### BAPTIST CHURCH NEWS

"And they went forth to go into the land of Canaan; and into the land of Canaan they came." These words, spoken of Abraham and his family, could be applied to services in the First Baptist Church last Sunday. With a goal of 200 in Sunday School, we went beyond the goal to 227. What an increase over the Sunday before when only 173 were present. Teachers and workers are to be congratulated for the special efforts put forth last week. They paid.

Let us set a 225 goal for this coming Sunday, and hope to go far beyond it. There is no reason why we should not. Also, we should reach 75 in B. T. U. Come, and let's make that service really worth while.

Let us put much into our services. You cannot draw a check at the bank until you make a deposit. You cannot take out of life more than you put in. Put your presence into our service; we will get more out of them.

Sunday School—9:45 A. M.  
Morning Worship 11 A. M.  
B. T. U.—6:30 P. M.  
Evening Service—7:30 P. M.  
Prayer Service—7:15 Wednesday evening.

H. E. EAST Pastor

### METHODIST MEN MEET

Men members of the Methodist churches of Rule, O'Brien, Rochester, Benjamin, Munday, Weiner and Knox City met here Wednesday evening, Oct. 18, in their regular quarterly meeting. A quartette, composed of men from the Rochester church, was presented in several vocal selections. R. B. Bryant of Stamford was the principal speaker for the occasion. The work of the various churches in the Stamford District was discussed and, according to reports, great spiritual gain has been made.

Supper was served by the W. M. S. of the local church to more than 75 men of the Stamford District.

Attend the parade Friday.

### HOME OF H. M. JONES SCENE OF CLUB PARTY

Mr. and Mrs. H. M. Jones were hosts Monday evening to members of the Monday Night Contract Club. Decorations for the game rooms carried out the Hallowe'en theme. The Hallowe'en motif was also used in the serving of refreshments. Those present were, Dr. and Mrs. T. P. Frizzell, Mr. and Mrs. J. H. Atterbury, Mr. and Mrs. O. L. Jamison, Mr. and Mrs. J. M. Ashcroft, Mr. and Mrs. D. W. Davis, Mr. and Mrs. A. M. Armstrong, and Mr. and Mrs. W. E. Benedict. O. L. Jamison was winner of high score for the evening.

### FIRE DEPARTMENT IS ENTERTAINED AT STAG DINNER

Members of the Knox City Volunteer Fire Department were guests Thursday evening at an appreciation stag dinner given at the Lawson Cafe. S. L. Favor and E. O. Jamison were hosts for the occasion.

Informal talks were made during the serving of the meal by Mr. Jamison and Mr. Favor, complimenting the fire department for the service rendered the community.

Members attending the dinner were H. L. White, Otto Lawson, Ancil Waldrip, Bernie Humphries, Jake Humphries, Allen Peacock, Jim Stephens, Johnnie Wyatt, Jeff Graham, Guy Robinson, Odie Karr, Lee Smith, Lloyd Huntsman, and Casey Jones, chief. Sam Clonts, Ben Farmer and O. L. Jamison were also guests at the dinner.

### CHRISTIAN CHURCHES

Usual morning services at Knox City and Benjamin. Evening services at Benjamin at 7 o'clock. Sunday services at Benjamin mark the beginning of a revival meeting of two weeks. During the week morning services will be held at 10 o'clock. Evening services at 7 o'clock.

C. E. COGSWELL

Bob Speck of Rochester was a visitor here Wednesday.

Published Every Thursday at Knox City, Texas

J. T. Daniel and R. E. Hughes, Publishers.  
R. E. HUGHES, Editor

Subscription Price \$1.50 a year.

Entered as second class matter at the postoffice at Knox City, Texas under the act of March 3, 1879.

## NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, reputation or standing of any firm, individual or corporation will be gladly corrected upon being called to the attention of the publishers.

Advertising rates furnished upon application.

## MRS. FRANKLIN D. ROOSEVELT

The fair sex of our land should hold their heads a little higher because of Mrs. Roosevelt. She has been criticised for this and that, just like any public character will be criticised in a democracy. But when all is said, she still remains one of the brainiest, finest, most human characters in America today. Our country has been made happier, richer in those higher, intangible values, and more poised and well balanced because of her speeches and writings. We say orchids for Mrs. Roosevelt, the queenliest member of her sex.

## THEY WHO WOULD DECEIVE US

A few days ago, we had occasion to read an article in a publication sent to all small weeklies entitled, "Public Resentment the Only Curb." This article castigates politicians in general and the present national administration in particular for what it calls the needless expenditure of public money. It went on to say that since the World War, Great Britain's public debt had increased only \$2,000,000,000, while ours has increased more than \$25,000,000,000 during the same period of time. On its face this looks pretty bad for us. But in the light of proper information, it changes hue.

We call attention to this article, because much misinformation of a like character is being spread. And as the 1940 presidential campaign gets under way, it will probably become ranker and more ill smelling. Of course, this kind of stuff is meant to be deceptive in garb. It is intended to fool those who fail to stop and think things through, and those who do not have the necessary information to weigh it on its merits.

The term Great Britain sounds big, enormous, but as a matter of fact, by that term England, Scotland and Wales are meant. And the United States has three times as many people as do those countries. Therefore, proportionally, we must spend three times as much money to care for our unemployed as they do, and our national debt should be three times as great as theirs. But in addition, the article very conveniently fails to call attention to the fact that the income tax rate is about 35 per cent in Great Britain, on an average. So if those fellows are willing for Uncle Sam to clamp on a 35 per cent income tax, we can hold down our national debt, too. This all goes to remind us what a tangled web we weave when money and greed guides the hand who would deceive.

## Riding the Range

By the Range Rider

Miss Writing Ability is a very jealous mistress. She must be wooed, coaxed and obeyed. She will stand for no form of dissipation by her suitor.

Must the world be drenched in blood every few years in order to get rid of some undesirable German ruler?

"Mexico Takes Month's Rest From Politics," says a headline. All we can say is that's more rest than we usually get in the U. S.

American History teaches us that our country has won many wars on the battlefield, and then lost some of them around the council table when treaty making time came.

Strange but true, the surest way to have a sell-out on a book or a magazine is to brand it obscene or indecent.

It is the poet in the soul of man that tells the child the stork brought him, and that Santa and his reindeer come down the chimney at Yuletide.

Civilized man today is probably not more than 30 centuries removed from the rawest, rankest savagery. Beneath the thin veneer of civilization is a solid deep base of barbarism and savagery.

Hitler talks big, like a man whose success has gone to his cranium. But there is one consolation: pride usually goes before destruction, and a haughty spirit before a fall.

Many supposed - to - be - Christian people seem to have a hearty dislike for sinful mankind. But somewhere we have read that he serves the Lord best who serves man best.

When we recall some of the speeches made by supposed-to-be-smartest, biggest men at the time of the last World War it makes us all wonder just how we could be so foolish as to believe such rantings.

Many people are born, live and die without ever knowing what it means to really enjoy life. Whiskey, tobacco and other forms of dissipation have so dulled their senses they cannot get the keenest enjoyment

KNOX CITY

out of things.

No two people have the same idea about anything, because no two people have had the same experiences in life. Our conception of things today is largely determined by our experiences of yesterday.

News dispatches say that the French navy has intercepted 60,000,000 pounds of merchandise designed for Germany within the last week. No wonder the Allies are praying for winter to set in over there. They will probably jar the morale of the German people before next spring at that rate.

Speaking of southern dialect: when we made the trip to New Orleans to see the Sugar Bowl game last January, we had occasion to ask a filling station man the way to the Huey Long bridge across the Mississippi. He said, "You go fo' blocks down heah, where you come to a coiv, then toin to the left."

Honesty is usually the best policy. But history tells us that simple, trustful folks like our early day American Indians are usually conquered and destroyed by a more ruthless, dishonest, capable race.

So far back that the mind of man runneth not to the contrary, man has fought his brother man. It has either been that or be ruthlessly run over and made a slave. In the dim, early dawn of things, man dropped his planting stick and took up his killing stick.

Many great deeds have been performed by small groups of men. Christ picked only twelve to carry the gospel to all mankind. Gideon turned aside from the vast multitude, and chose 300 trusted veterans. The Alamo was defended by less than 200 men. Thermopylae was immortalized by a handful of Spartans. Quality, not quantity, counts.

If Hitler had not established a reputation for not keeping his word, the world could not breathe easy, feeling sure that peace was just around the corner. But he has broken too many promises for anybody

with any sense to believe what he says. One of the worst things that can be said about any man is that he is unreliable. Even big time American gangsters have learned that they must keep their word if they would succeed.

From "In the beginning" of Genesis to the final "Amen" of Revelations is the spirit of good will, peace, love and democracy. But while mankind has pretended to be guided by these principles, Machiavelli with his ruthless doctrine of selfishness has guided the hand of statecraft in international affairs rather than the benevolent unselfishness of the Prince of Peace.

## ENTERTAIN WITH FISH AND OYSTER FRY

Mr. and Mrs. H. M. Jones, Mr. and Mrs. W. E. Benedict and Mr. and Mrs. J. H. Atterbury were hosts Friday evening in the Jones home for a fish fry and oyster dinner. The Halloween motif was used in decorating the entertaining rooms. After the dinner was served, the following enjoyed several games of "42": Mr. and Mrs. E. O. Jamison, Mr. and Mrs. S. L. Favor, Mr. and Mrs. E. F. Branton, Mr. and Mrs. T. P. Frizzell, Sr., Dr. and Mrs. T. P. Frizzell, Mr. and Mrs. E. Q. Warren, Dr. and Mrs. T. S. Edwards, and Mrs. S. E. Youngblood.

# 90-HOUR WINTER GRIND spared your OIL-PLATED engine

You need your engine OIL-PLATED now by patented Conoco Germ Processed oil to wipe out doubts of decent oiling during starting—when unplated engines wear worst. (6 or 8 minutes of such wear, repeated 6 or 8 times a day through these cold months, mounts up beyond 90 hours!) . . . 90 life-sapping hours for engines abandoned to oils that can only "flow fast" . . . but no oil-starvation in 90 hours or 900 hours, when your engine's OIL-PLATED.

The "magnetic" action of Germ Processed oil gives every square inch in your engine a slippery overlay of OIL-PLATING—attached as

firmly as chromium-plating. And could any plating drain down when you park in any cold, for any length of time? Then you know why OIL-PLATING—drain-proof—is ready to lubricate before you're even ready to get out of bed, or away from work. Before any oil-pump could squirt a drop, your drain-proof OIL-PLATING has readied your engine for safe, easy starting. That's how you get the drop on the worst of Winter by OIL-PLATING now with Conoco Germ Processed oil. Keeps up your engine—your battery—your oil-level, too. Change now to Your Mileage Merchant. Continental Oil Company

### Typing Class

There are now thirteen students in Mr. Farrar's typing class. They are expecting the regular six weeks test which will be given some time this week.

Each typewriter was recently overhauled and is now in good working condition.

This class has progressed rapidly and expects to finish the course before the end of the year. If they do they will be able to type notebooks and final work on other subjects.

### Sports by a Sideliner

Friday, October 20, the volleyball team from Vera came over to play the Knox City girls some practice games. Although both teams did some excellent playing, Knox City came out on the short end of the score. The final score was 16-14, 10-15, and 7-15. However, Knox City hopes to win all of the important games this year.

### Keeping Step With the Band

Wednesday, October 18, at 12 o'clock, the high school band and its director, J. Bud Farrar, embarked for the Haskell County Fair. There the band marched in the parade, competing for a prize of \$10.00. This was not the band's lucky day, however, and second, \$7.50, was the best it could win. The difference between the band's winning second and winning first place was new uniforms. November 11, when the band members are all dolled up in their new uniforms, some band is going to have to strut its stuff to win over Knox City.

Friday, October 20, for the second time that week, the band went on a jaunt. The school periods were moved up so that no classes would be missed and at 2:15 a Rochester school bus came to Knox City and took the band to Rochester for the football game. The band played at intervals during the game. During the half they marched out on the field and "rolled out the barrel." After the game they were brought home.

### Kennel Comments

Not a bad week, eh, students. Report cards issued, chapel program, band entertains at Rochester football game, also a trip to the Haskell Fair with lots of music by the band. The school building is holding her own right along, don't you think?

The setup we gave you last week will be amended today by the presentation of the facts of the historic band trip. It was one of the best behaved groups that K. C. has sent out from under her roof, so there isn't much news to bring you.

Down the noise torn streets of holiday-mad Haskell, the band paraded. Back into the old town of K. C. the band limped, after having seen all the fair had to offer.

Many dropped by the wayside on the fair grounds after riding on several of the contraptions, but others pressed eagerly on, anxious to see all there was to be seen and do all there was to be done.

Some did; others flickered. Almost a mile parade was made. Critics acclaimed it. The fair grounds were visited. It was stupendous. The tired rode back to Knox City. No one remembers it.

Tests — These professors all felt the urge last week to test us poor beings (being six weeks and all) and the school filled with nerve-racked stu-

dents who have suddenly decided they should have looked at their text books after all.

A word to the wise is sufficient, but an entire library could not convince the otherwise. "Never let a disappointment be carried over into a new day."

### Boys' Homemaking Class

Gerald Averitt, Jack Herring, Elbert Medaris, Milton Simmons, A. D. May and John Moulder will be hosts Thursday morning at a breakfast honoring Paul Edward Benedict, L. N. Bridges, David Clarke, Melvin Dutton, Paul Hoge and Henry Jean Jones.

The breakfast will be at 7:30 in the Home Economics laboratory and is a culmination of their study of that important first meal of the day.

### Who's Who in the Senior Class

Anita Louise Wampler was born in Breckenridge, Texas, July 16, 1923. Since then Anita has lived in a number of towns in Texas and New Mexico. She entered Knox City school in the fourth grade and has attended here ever since.

Some of her favorites are: color, blue; song, "She's Tall, Tall, Terrific"; hobby, collecting what-nots, subject, Home Economics; sport, tennis; pastime, embroidering; dislike, people with no sense of humor.

Anita is a majorette in the Greyhound Band. She has blue eyes, brown hair, and a fair complexion. She plans to attend T. C. U. and major in Home Economics. Anita has a number of friends in high school.

### The Carnival Parade

The biggest and best parade ever to be staged by the Hallowe'en Carnival will appear on the Knox City streets about five o'clock Friday afternoon, October 27. There will be many and varied features in this parade and the public is urged to see it. It will be directed by J. Bud Farrar.

### The Chuck Wagon

The P. T. A. would like to have every family in town eat at the chuck wagon Friday night. For twenty-five cents anyone can get all he can eat. Several famous cooks are taking part in preparing this food, some are old-time ranch cooks. The menu will include chili, stew, son-of-a-gun, pickles, beans, onions, good bread and the best of coffee.

The chuck wagon will be centrally located on the school ground and serving the meal will start immediately after the parade. The entire family can eat a good meal at a low cost. If you have ever eaten at a chuck wagon you will want to eat at this one; if you have never eaten at a chuck wagon you will not want to miss this one. Remember, the best meal yet, at a low cost.

### Picture Gallery

If you want to have a good laugh visit the picture gallery. Mrs. Roy Baker and Mrs. A. M. Whitis will have a rare collection of pictures of outstanding citizens of Knox City on display for your entertainment.

### Horse Shoes

Mrs. Wetzel and Miss Opal Lambright will conduct the horse shoe pitching contest. Get a partner and match a game. It will be lots of fun.

### The Donkey Party

This concession will be lots of fun. You will not want to miss it. Get the rules for the game from Miss Swift and Mrs. Connally.

### Game Room

There will be all kinds of games for those who enjoy games. If you become tired of one game you can try another. Mrs. N. F. Mullins and Mrs. Thomasson are the directors.

### Tricycles

There will be plenty of tricycles for the children to ride Friday night. No child will want to miss this pleasure. Mrs. Jack Coats, Mrs. Guy Robinson and Mrs. Lloyd Waldrip will be in charge.

### The Fish Pond

This is one carnival attraction that the children will enjoy. A nice new prize will be given every time a line is cast into the pond. Miss Pauline Cherry and Miss Ruth Rice will have charge of this concession.

### Big Boxing Match

Some of the best boxing of the season will be seen in Knox City Friday night at the school building under the direction of Mr. L. G. Cook for the Hallowe'en Carnival. The boxing will start early in order to be over before the big show starts. After you have enjoyed your chuck wagon supper see the boxing matches.

### Bingo

Everybody likes to play Bingo. There is to be plenty of Bingo fun with many prizes at the Hallowe'en Carnival. Those in charge of the game will be Mrs. H. M. Jones, Mr. D. W. Davis and Mrs. W. E. Benedict. Everyone is invited to play Bingo Friday night.

### La Casa en el Rancho

At 8 o'clock Friday night the gymnasium doors at the school building will open for the outstanding show of the evening. This is a western musical comedy written and directed by Mrs. Milton Bradberry. About fifty people are taking part, and talent not seen before in Knox City will be presented for your entertainment. This will be the talk of the town and you will not want to miss it.

# DON'T GIVE A COLD AN EVEN BREAK!

**D**URING the common cold months, or winter season, it is especially important to take every precaution to protect your health. Quick changes of temperature should be avoided. Sudden changes of temperature, such as occur when going from a warm room into a cold one, make it easy for you to "catch cold." Don't give a common cold an even break.

Prevention is the best remedy. However, if you should catch cold, consult your family doctor before it has an opportunity to undermine your health.

For your health's sake, and to obtain the greatest value from the fuel you use, heat your entire house and provide adequate ventilation during the short winter season.

Melvin Dutton visited in Munday, Goree, Bomarton and Sevmour over the week end.

Virginia Warren and Geneva Mills spent Saturday afternoon in Munday. Sunday they visited Virginia's relatives and friends in Merkel, Texas.

## WHAT DOES OUR BAND MEAN TO YOU?

Editor's Note: The Herald has been requested to publish the following letter to the citizens of Knox City. The message is self-explanatory.

To begin with I wish to make it clear to the readers that in writing this little item for your paper, I have no boy or girl in the band, or other interests only in the school band individually and collectively. Having been associated with the band movement in schools for the past eighteen years I have had a good view of its effects, both good and bad. So far I have found plenty of good—no bad.

First I want to deal with discipline as taught in the band rehearsal room. If you will visit your local band rehearsal you will find each boy and girl giving their instructor 100 per cent of their attention. Follow them to state and national contest their every movement, as individuals and also as a body. You will find their department of the very best. Friends get behind your band director. Give him every assistance you possibly can, for he is the man who is working his heart out trying to teach your boy and girl the fine art of music. He is the man that helps build good citizens out of our boys and girls. If you think his an easy task, go with him one day, watch him work with stern patience that you or I would not have, even with our own children.

I am speaking from observation. I have a son that played in the band through high school and college, and is today one of the outstanding young band directors in the South, and I

give his old directors plenty of credit for my boy's success.

In the present uniform drive I have this remark made a number of times: "I don't have a kid in the band so I will pass it up." Friends, when you have an occasion to call out your school band and you watch the fine discipline and hear them play, you are proud of them. They are your representatives at other towns and at public functions, and you like to see them as well dressed as any other band. The boys and girls will work harder and be proud to be one of your band members.

Let's get behind those youngsters with our dollars as well as our mouths and help dress them up. They are a swell bunch of kids and I am for them, win, lose or draw. How about a Band Boosters Club, with a membership fee of \$1.00 each? I will start it. The proceeds will go to the band to help purchase music, help defray expenses on out-of-town trips, and whatever other items that are necessary. The music alone for the current school term will cost around \$50, and there are times when transportation for all the band cannot be furnished by private conveyances. Then there is a balance due on the uniforms. I don't know how much, but I am sure a little help would be appreciated.

All that are interested in the organization of a Band Booster Club meet at the school auditorium at 8 p. m., Monday, Oct. 30. We will get together and talk it over. I will be there—will you?

Jesse R. Rowe  
Box 71, Knox City.

Rev. and Mrs. C. E. Cogswell received word Sunday of the birth of a son to Mr. and Mrs. Cleon Cogswell of Big Spring. The baby, born October 22, and named George Ralston, is a grandson of Rev. and Mrs. Cogswell.
