County Agent and Extension Workers Visit Farms Here

Stevens and Mr. Evans of the Extension work of A. and M. College Agricultural Department in company with the County Agent, Wilson were visitors in Knox County the latter part of last week.

They visited W. F. Waldrip's farm three miles north of Knox City, L. W. Graham Dairy farm one mile north of Knox City, E. L. Park farm two miles east of Knox City, and quite a number of other farms in the vicinity of Benjamin, Munday and Goree. They expressed themselves as being much pleased but said the next five years would surpass all our expectations as we are just now starting the county programs.

Mr. H. O. Jamison is Key Banker for Knox County and chairman of the Agricultural Committee in Knox County under the supervision of the General chairman for this District of the Tennessee Bankers Association.

WILSON GROVE NEWS ITEMS

The farmers in our community are working most of them are planting. The heavy rains are causing a lot of the stuff to have to be planted for and the rest to be scratched but all that, the farmers are re-organizing over the season. The rain was heavy that the terraces on the Campbell farm have broken causing quite a bit of trouble.

Our singing last Sunday night was fine. There was a large crowd present and the singing was fine, everyone was in good spirits.

We are proud of our road commissioner. He and his efficient help have given us a fine road on the west of Route 2 north of the grave yard. This road has been a public one for nearly 20 years and has been the first time that there has been anything done to it. The bridge at Wilson Grove creek got in a bad shape but a competent commissioner got it in good shape again.

Mr. J. C. Mann and two children accompanied Brother Mann to Benjamin Sunday where he delivered the commencement sermon for the graduating class there. Benjamin has served in the army from high school this year and three boys.

Brother Mann states that he enjoyed being with his old friends in Benjamin and the privilege of talking to the boys and girls of the graduating class. The attendance to the service was unusually fine.

Mr. B. Clarke and Mr. Hudson and Mrs. J. P. Jones of the Gellispie community were numbered among the party who went fishing last week.

HEAVY RAINS DAMAGE BRIDGES

RAILROAD AND HIGHWAY TRAFFIC STOPPED

REPAIRS BEING MADE

The heavy rains recently falling here and elsewhere have caused quite a bit of damage to the local railroad and highway bridges. Tuesday all traffic on both roads north of Knox City was stopped. The highway bridge went out on the south side of the river and at five o'clock Tuesday afternoon two sections of the railroad bridge were gone. While citizens watched the water rushing down its channel late Tuesday afternoon several more sections of the railroad bridge washed out.

Wednesday morning men were sent to repair the railroad bridge. It was stated that the company expected to replace the plings and hoped to complete the work in two days. Two drivers were put into operation.

The washout of the highway bridge was a great surprise to citizens of Knox County. This bridge is a very good one and was expected to hold against almost any rise of the river. The bridge itself is still as staunch as ever. The washout is at the extreme south end, the first section of the bridge that connects the main bridge and the highway. The ground washed away and the bridge dropped in the river bed.

It is hoped this bridge will be in use again at an early date.

A. Baker of Floyada and Mrs. C. L. Mays and Mrs. T. G. Bing of Munday.

DURHAM HOUSE CATCHES FIRE

Last Thursday night the home of C. E. Durham caught on fire burning the wall paper in one room and smoking the remainder of the house. The fire is believed to have started as a result of a small boy striking matches. The fire boys were called and the blaze soon extinguished. Bedding was carried from the one room to save it from burning.

In addition to the damage done the Durham home, the fire caused a great deal of excitement. The fire truck answered the call immediately followed by every car available in the town. Before the excitement had quieted down there was a large crowd in the streets about the Durham home. However, no one was hurt.

CARD OF THANKS

We wish to thank, in behalf of the First Christian Church, the people who contributed in any manner to the success of the Womanless Style Show staged Tuesday night. This is especially to those who took part in the show, and to those who assisted so earnestly in completing arrangements therefore. Mrs. Abies and Ulrich Lea were very liberal with their time and talents in making the affair a success.

Too, we wish to thank all those who furnished costumes or helped in any manner. And again, we want to thank the general public for the hearty patronage given us. It was only through this excellent help and cooperation that the show proved a success and the church is deeply grateful.

UNIQUE PROGRAM GREAT SUCCESS

The unique program the "Song Sermon" given Sunday night at the Baptist Church met with the hearty approval and praise of the entire church membership. The service was so impressive that the pastor has been asked to arrange for another of this kind for the near future.

Including the large crowd in attendance from Knox City, there were people present from Goree, Benjamin, Munday, Rochester, O'Brien, Gillespie and Smith Chapel.

The Mother's Day service Sunday morning was also fine. One person joined the church at this service by profession of faith. This makes two members now waiting baptism, the announcement of date will be made later.

WHO WAS WHO IN THE STYLE SHOW

Much comment has been made during the week on the Womanless Style Show which was staged Tuesday night all of which is very favorable. Such remarks as "it was a huge success", and "I don't know when I had laughed so much" are heard here and there by those who saw the show.

The stage was pretty and the presentation of the models was very unique. The member of the orchestra had the honor of appearing first and from that moment until the end of the show the audience was in an uproar.

Amid the laughter each one present was busy mentally figuring out who in reality each model was. The one car that was exposed to the left of a dainty white nurse's cap belonged to Dr. Emory. The typical looking old maid wearing the evening gown was Benton Anderson. The yodler was Mr. Hutchinson. He was fine. The gypsy looking lady wearing the turban effect was Dr. Edwards. The tall graceful very feminine young lady was Mr. Darnell. The individual who dropped her flowers and had to pick them up was O. L. Jamison. The very distinct type of the show, who refused to allow her lips to get out of line, was Dr. Frizzell. The colored boy who forgot his piece was Hollis Warren. Hollis could not have been better.

Very favorable comment can be made on each one who took part in the show. Each did fine. The show was exactly what the ladies of the Christian Church wanted it to be, amusing, comical, yes, funny.

ILL 12 YEARS KONJOLA WINS REAL VICTORY

Stubborn Case Soon Yields Power of New Medicine—Grateful Lady Eager To Tell Others

MRS. LILLIAN LORANE

"I suffered for twelve years from kidney trouble and nervousness," said Mrs. Lillian Lorane, Mablevale, Ark., near Little Rock. "My kidneys were in a very bad state and I was forced to rise many times at night. This naturally made sleep difficult. My nerves were in very bad condition and this seemed to affect my sight. I could scarcely go about my work and I was worried and discouraged. I seemed to have no energy for anything.

"I tried a great many medicines and treatments but nothing seemed to do me the least bit of good. I finally decided to give Konjola a trial and the benefit which I received from this medicine is almost unbelievable. Konjola built up my health until I am in better condition than I have been in years. My kidneys are normal and I can sleep without interruption. My entire system seemed to respond to this modern medicine and my friends all remark upon the improvement in my appearance."

Konjola has become the most talked of medicine in America because it makes good. Taken after meals over a period of from six to eight weeks, this great medicine has made a remarkable record in the most stubborn cases.

Konjola is sold in Knox City at the Orient Drug Store, and by all the best druggists in all towns throughout this entire section.

What Will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist has it.

WHO'S WHO DOWNTOWN

Mrs. M. D. Metts is the one person who is privileged to ask you every day in the month "number please" and then at the end of the month she turns in the number for which you cannot change. She is the telephone manager.

Mrs. Metts is a very good manager and operator. We are glad to say here that she has given excellent service since she has had charge of the telephone exchange and that every body likes her. She has a helper, Dixie, whom everyone also likes. Both are very fine.

Mrs. W. A. Smith is Knox City's leading gasoline sales lady; she helps Uncle Bill at the Orient Matzer Service Station. By the way, Uncle Bill has his new station opened now.

Mrs. Smith is one of those women who are handy at any task that might be theirs. If anything needs to be done at the station, she can do it.

Mrs. G. D. McCarty, in addition to working in the McCarty Dry Goods store, is representative for the O'Connor Nursery in Haskel. She gets the flowers there too. It is very fitting that Mrs. McCarty is agent here for the flower house, flowers fit in with her work and nature so well.

Mrs. Holt Mosley is another lady tailor and hemstitcher. Mrs. Mosley really does not do any of the tailor work but she sees that Holt and Joe do it and in a first class way.

One of Mrs. Mosley's greatest gifts is that of being refined, quiet young woman. She is capable in her work and can hold responsibility not only there but also in places in community life where she is needed.

Mrs. Estelle Bolln is the one woman who sells feeds; she works at Porter and White's.

Mrs. Bolln is very good in the feed store and although she works regular she does not forget her children. Much time is devoted to them and in a successful way. Mrs. Bolln is quiet, even tempered and keeps a nice office for the company.

Although Mrs. Lee Smith does not work in town during the day, she does work at night and is privileged to take your quarter and give you in exchange a small piece of paper; she sells tickets at her husband's show.

Mrs. Smith is a very fine woman; she is patient, kind and considerate and holds the respect and admiration of the entire town.

Mrs. J. G. Dutton knows exactly when your hair needs combing or washing and can tell you just how badly you need a curl; she owns and operates the Dutton Beauty Shoppe. Mrs. Dutton is always on the job in her Shoppe and has turned out some very pretty permanent waves. If you don't know her you will like her when you do know her.

Although Mrs. Nellie Mae Withrow is not a town woman she is deserving of that place here. Only recently Mrs. Withrow moved her beauty shop to her home south of town. You can see the sign as you drive on the highway. Mrs. Withrow is a very splendid woman. She learned her trade and bought her shop from a woman whom very one in Knox City liked. Mrs. Joe Watkins. Mrs. Withrow is capable in the beauty line and in moving her shop to her home she did so only with the view of being better able to serve her customers.

Miss Mary Reeder and Mrs. John Smith left Thursday morning for Levelland where they are spending the week end. Murry Reeder returned to his home with them.

Mr. Wingo and mother of Union Grove were guests in the home of Mr. and Mrs. J. F. Griffith Sunday.

Mr. and Mrs. Jim Bridges of Sylvester spent Sunday here with his parents.

Mr. and Mrs. J. E. Clarke and two children and Miss Elizabeth Griffith spent the week end in Levelland.

Mr. and Mrs. H. B. Sweeney and son Mickle and the dog, Napoleon, spent the past week end with friends in Paducah.

Dock Roberts of Haskel, came to Knox City last Thursday. He is his brother at the Edwards Garage and Service Station. Dock will make his home here. His mother and two sisters expect to move to Knox City soon.

JUST GAS

Monday's "Just A Column" in the Time, which is a product of the versatile pen of Grady Kinsolving, carried the following story and our only motive in copying it is because it struck us as being good—and not that we are trying to get at anyone following the trail in this position here. Here's the story:

Scene: A filling station.
Characters: Filling station proprietor and motorist.

The Dialog:
"Five gallons, please."
"Okay, how about your oil?"
"No, just gas, please."
"How about a little of your oil? It's great for your motor."
"I'm not interested in your oil. I'm only here for gas."
"Nope, just the gas."

"Your left rear tire is pretty well flat. Better let me put on a new one. We're selling 'em cheaper today for..."

"No the gas will do."
"How long since you had a grease job? Every... it looks kinda dry—near that hole speak."
"Haven't time to say, just the gas his time."

"How about one of our electric clear lighters—clamp on your dash and when you want a..."
"HELL, NO! JUST THE GAS!"

"Cotton is my shephard and I am in want. It maketh me to lie down without supper; it leadeth me beside mortgaged windows; it restoreth my children from the paths of education for the crop's sake. Yes, though I walk through the valley of starvation, I fear no evil for the cow will feed me, the pig and the hens they comfort me. Thou preparest a reduction in my income before me in the presence of my creator, thou appointest my household with debt, my expenses runneth over my income without the cow, pig and hen. Mis-

A LAND OF OPPORTUNITY

It is the fashion to lament that there are no more opportunities left for the adventurous young men. That has always been the fashion. Every generation has its quota of youngsters who believe that in the "good old days" all a man had to do to gain fame or fortune was to fare forth into the world and take his pick of the golden opportunities which were lying around loose for the first comer to utilize. But in every generation fortunately, there is a goodly percentage of young men who realize what has always been true, that we make our own opportunities and if we have the spirit, the intelligence and the driving will to succeed there are as many opportunities now as there ever were.

The only difference between one decade and that which preceded it is that the opportunities are of a different kind, and every man must find out for himself what the new kind is. A newspaper man once asked the late Russell Sage, who died in the early part of this century at the age of 50, whether there were as many opportunities then as when he was a young man. He said there were more, and when questioned as to what they were he answered that he had found there was good money to be made in buying and selling railroads.

"But how is the young man of today going to get the opportunity to buy a railroad?" asked the reporter.

"If he ain't smart enough to find

em, he ain't smart enough to make money out of 'em," said the old man, with a grin.

The reporter went away convinced that he has been "kidded." Buy and sell railroads! What a colossal ruse! Russell Sage was, not to realize that the railroads were all so tightly held that nobody but a multi-millionaire could deal in them. But less than twenty years later the Van Sweringen Brothers of Cleveland, starting with about a penny, broke into the railroad business and in ten years have become the owners of a railroad system which, if the Interstate Commerce Commission approves their plan, will be the only system in America stretching from Coast to Coast. They did not bewail the lack of opportunity, but went out and found their opportunity.

The other day A. P. Giannini announced that he was retiring from business on his 60th birthday, early in May. He started work in a fruit store in San Francisco at the age of twelve. At 24 he had started the Bank of Italy in that city. At fifty he was the controlling head of the largest chain of banks in the world. Giannini found his opportunity where others, less keen, had declared there were no opportunities left.

America has always been the Land of Opportunity. It is still the Land of Opportunity and, please God, it will always be the Land of Opportunity for every man who is intelligent enough to recognize Opportunity when he sees it and industrious enough to work out his own destiny.

OLD MAN HAD SUFFERED FOR FOUR YEARS

"I Have at Last Found Something That Has Put an End to My Troubles," Says Mr. Trippitt

"For four years I suffered with stomach trouble, bloating and the usual attendant pains, and after trying medicine after medicine without getting relief I have at last found something that has put an end to my troubles and I feel that I ought to tell what it is," said A. N. Trippitt, well known oil field worker who lives in Seminole, Okla.

"I had not appetite and what little food I did force down formed gas that swelled me up and I was miserable. I was always worn out and part of the time I was unable to work. I was constipated and had severe pains in my sides and back.

"I heard so much about Argotane that I decided to give it a trial. After I had taken a bottle it was almost unbelievable how much better I felt. My appetite had returned and I am able to eat anything and as much of it as I want without any trouble. My digestion is all right, my nerves are quiet and I sleep and rest at night. I have regained my strength so that I can work as well as I ever could, and I feel better in every way than I have in years. Argotane certainly fixed me up in fine shape and you can bet I am glad to recommend it."

Genuine Argotane may be bought in Knox City at the Orient Drug Store.

WHAT DR. CALDWELL LEARNED IN 47 YEARS PRACTICE

A physician watched the results of 47 years, and believed that the most careful people are of only health, diet and exercise, constipation from time to time. Of course, then, is how to treat constipation. Dr. Caldwell always has been getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the system and is not a laxative. Syrup Pepsin is pleasant-tasting, and youngsters love it.

Dr. Caldwell did not approve of the purges and cathartics. He did not believe they were good for anybody's system. In a practice of 47 years he has seen any reason for their use when they will empty the bowels just as well.

Do not let a day go by without a mild movement. Do not sit and hope to go to the nearest druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois. Free trial bottle.

Junior-Senior Banquet

The Junior-Senior Banquet, which is the annual affair of the Knox City High School was given in the basement of the First Methodist Church on Friday evening May 9.

The basement was beautifully decorated as a Japanese tea garden with fern covered arches and little work with pink roses the Senior class flower intermingled. The floor fixtures were covered with Japanese lanterns and colored balloons were hung from the ceiling to give the genuine effect of a Japanese carnival.

On each of the fifteen tables, on which covers were laid for sixty people, was a Japanese incense burner. The place cards had lovely little Japanese flowers on them, and favors of small Japanese umbrellas were given. The table covers and napkins were orchid, and in the center of each table was a beautiful pink rosbud.

Upon entering each boy was given a Japanese Cap to wear, and a rose was pinned in each girls hair.

The waitresses who were the Home Economics girls, wore Japanese costumes, which consisted of black trousers, with pink and orchid blouses. Pink and orchid are the Senior Class' colors. Miss Moorhouse should be complimented upon the well cooked food, which was prepared by the classes.

Dr. T. S. Edwards gave the invocation, and after the first course was served, which consisted of Fruit Cocktail, the toastmaster, Casey Jones, gave his welcome to the Seniors and was responded to by Loree Branton.

A Junior-Senior Quartette, consisting of Doris Stocker, Maye Reese, Pauline Benton and Caydene Hoge, sang two numbers.

After the main course was served, which consisted of fried chicken, peas in timbles, potatoes, tomatoes, rolls and pear salad, with iced tea, Lee English gave a prophecy of the Seniors. The Junior Quartette sang a song entitled, "The Seniors are Leaving us Now" Jack Clarke reviewed the students on some wise and most used remarks of the teachers of K. C. H. S.

The desert was then served, con-

Al-family Program Impressive

One of the most impressive programs given recently in Knox City was the Parent's Day program given at the Methodist Church Sunday night.

The boys and girls, also the fathers and mothers, who took part on the program spoke as their own reaction to the subjects given them. A parent who heard Misses Ruth Hammock and Pauline Benton and Charlie Rice tell what kind of father and mother they would like to have could not, in our estimation, keep from being better parents could not refrain from living a better life. The highpoint in each of these talks was that the parents not only expect their children to have high ideals, to be clean personally and religiously, but for the parents to do so likewise as a example for the boys and girls.

Charlie Rice hit the key of success for boys when he said that he wanted his father to be a pal to him.

The talks made by the parents were also inspirational, both to the young folks and the other parents present as well. Mrs. McGee was very noble in her talk and most appropriate for her; she is the mother of three mighty sweet little girls.

The audience was very impressed with the talks made by Mrs. J. A. Wilson and Dr. Edwards. Their talks were touching and only we think because they dealt with the great truths of life. Their expressions of life if practiced by the general public will almost instantly lead to a better race, to nobler men and women.

It behooves a town to hear a program of this kind once in a while and the Methodist pastor has proved himself very capable in arranging programs of this kind.
