

Washington, D.C. March 30—This week's news letter is not a philosophical discourse on pessimism. Someone said a pessimist is one who feels bad when he feels good for fear he'll feel better when he feels better. The optimist says my glass is half full; the pessimist says my glass is half full.

Some of the philosophies now being ballyhooed throughout the world remind me of the old days. The third and fourth centuries before Christ saw the rise of stoicism, skepticism, and Epicureanism. The Epicurean, Diogenes, you remember, went looking for, but never found, according to him, an honest man.

Notice of Election

There will be an election held at the Knox City high school building Saturday, April 6, for the purpose of raising the tax rate from \$1.00 to \$1.25 on the \$100.00 valuation, for a period of five years.

This raise is recommended by the Board of Trustees of the Knox City Independent School District. The raise in rate will not reduce the State aid as would be the case if an increase is made in valuation of property.

Additional funds created by the raise in tax rate would be used to build a much-needed colored school and to make necessary repairs on the present buildings.

All property owners and resident taxpayers are urged to co-operate in this election.

STUDY CLUB HONORS MRS. O. L. JAMISON

The Knox City Study Club honored Mrs. O. L. Jamison with a buffet luncheon in the home of Mrs. E. R. Carpenter Saturday afternoon at 12:30.

Mrs. Jamison was the club's first president, in 1924-25. She is moving soon to Colton Springs.

Mrs. Carpenter's home was beautiful with bouquets of spring flowers. Tiny vases of purple and white iris were used on the card tables. The large center piece was a crystal bowl filled with lovely wisteria. The club colors were used in the red wishbones and bows of gold ribbon on the place cards. Plate favors were "My favorite recipe," written by the club women and given to Mrs. Jamison.

Twenty-eight club members and two luncheon guests, Mrs. E. O. Jamison and Mrs. S. L. Favor, enjoyed the plates of Virginia baked ham, string beans, new potatoes, peach salad, pickles, olives, hot rolls, coffee, and zwieback pie.

In behalf of the Study Club, Mrs. B. B. Campbell presented the honor guest, Mrs. O. L. Jamison, with a pretty brown Princeton china bowl.

Immediately following the luncheon, Mrs. J. S. Leonard, a new member, reviewed the new book, "White Tower," in an interesting and clearly given review.

The club president, Mrs. E. F. Branton, read a letter of information which Mr. T. E. Holcomb prepared, concerning the school bond election which is to be held in Knox City on Saturday, April 6.

The next Study Club meeting will be a night program in the Methodist Church, Friday evening, April 5, at 8 o'clock.

Frank Glover Rites Held Saturday

Another empty saddle was hung up in the shed last week, another vacant spot in the circle of old-time cowhands grouped around a bright campfire, marked by the passing of Frank Glover, pioneer Knox County ranchman.

Mr. Glover, 74, died in the Knox County Hospital at Knox City last Friday, after a long illness. Funeral services were held in the District court room at Benjamin Saturday, March 30, at 3 p. m., with Rev. J. T. McKissick and Bobby Fall of Benjamin conducting the last rites. Burial was made at Benjamin where Mr. Glover had lived for years.

Theron Frank Glover was born in Grayson County, Texas, November 27, 1871. His parents moved to Bentonville, Ark., for a few years; but came back Graham when Mr. Glover was seven years old. He lived there until the age of 17, or when he moved to Knox County while it was a wilderness ranching country with few settlers.

Mr. Glover was engaged with the "6 Ranch, owned by the Bugbee family, until 1897. On February 11 of this year, he was married to Miss Eva Ford at Woodward, Okla. He later worked for the Hamilton Ranch at Benjamin and also the C. Inell Ranch. Following a term as government cattle inspector, he was manager of the Roy Burnett Ranch and also engaged in his own ranching interests. From 1923 to 1926 he was manager of S. B. Burnett's Dixon Creek ranch in the Panhandle, moving from there to Spearman, Texas, as manager of the Willis Branch until 1930. The family moved back to Knox County at this time.

Mr. Glover served as deputy sheriff for six years under Sheriff C. R. Elliott.

Mr. Glover was range program manager for the AAA for several years, and was serving as deputy sheriff under Sheriff Louis Floyd at the time of his death.

Surviving are his widow, two sons, Tommy Glover of Seymour, and Fred Glover of Benjamin; one brother, Walter of Pine Springs, New Mex.; four grandsons, Tommy Frank, Joe Edd, Stanley Dee, and Carroll Fred Glover.

Have Your Planting Cottonseed
Kemgas Delinted
 Recleaned, Graded and Treated with Ceresan at the
MUNDAY KEMGAS PLANT
 This method is recommended by the Texas Experiment Station and the USDA for controlling the germs of cotton diseases on seeds and insect pests in seeds; saving chopping expense; reducing losses from root rot; improving and hastening germination and increasing yields.
Kemgas delinted seed are planted with corn plates at the rate of 5 to 7 pounds of seed per acre.
 Tractors plant more acres per day as there are fewer stops to refill with seed and no fuzz and trash to choke planters, cause skippy rows, and delay planting operations while the boxes are being cleaned.
 Kemgas delinted seed come up quicker and grow off faster, enabling cultivation a week earlier.

EVERYBODY'S BUSINESS

Gossip over a back fence is everybody's business! In quite another way, your electric company, too, is everybody's business!

It belongs to you—to the man next door and the across the street—to the people who rub shoulders in shops and trains and buses.

All types and kinds of folks are on our stockholders' list—housewives, farmers, merchants, teachers, doctors. They're the direct owners.

And there are countless indirect owners. Even if you own a share of our stock yourself, you probably have in this company through your life insurance policy.

Why? Because banks and insurance companies handle your savings—must invest those funds right to War Bonds, one of their largest investments in utility securities. They know that sound business investment has made cheap, dependable electric power a part of the American way of life.

So, whether you realize it or not—your electric power company is not just our business—it's your business!
