\$290,000 RECEIVED BY COUNTY FOR PLOWED UP COTTON

According to Mrs. W. E. Jones, County Agent, Knox County has received a total of \$290,000 for the plowed up cotton.

There were 956 checks to be received by Knox County, 835 of which have been received. The remaining checks will amount to about \$50,000.

Mrs. C. B. Teague, Mrs. L. B. Hammock and sons Roger and Lynn spent the first of the week in Mills Texas with Mrs. Elmer Thornton formerly Miss Ruth Hammock.

Mr. and Mrs. Vernon Bridges spent Thursday night of last week with Mr. and Mrs. Gene Hunter in Haskell.

Mother Herring left the city last Wednesday for Fort Worth to spend the winter with her two daughters.

We are glad to have Mrs. Ruth Kelly of Austin, subscribe for the Herald this week.

Mr. and Mrs. Nicholson and daughter of Clynne Oklahoma spent two nights last week here with her sister Brother and Mrs. C. B. Stovall.

Brother Sharp's mother of Vernon and his brother and bride of Mississippi spent Sunday here.

Miss Margaret Reeder and Miss Ethleen Craddock of Seymour attended the game last Saturday in Fort Worth between T. C. U. and A. and M.

H. M. Armstrong and John Elbert Smith saw the T. C. U. and A. and M. game Saturday in Fort Worth.

THE FOLGED BAND CONTEST

The ladies of the Methodist church are engaged in a "Folger Band" contest, the second of its kind to be conducted by the ladies. Mrs. J. H. Sharp is captain of one side and Mrs. J. A. Wilson captain of the other. Members of the two sides are as follows:

- Mrs. Sharp, Captain and members
- Mrs. G. D. McCarty
- Mrs. C. C. Hoge
- Mrs. L. N. Bridges
- Mrs. E. L. Huntsman

Red Cross Poster of 1933 Appeals for Help for Needy

Attends Regional Conference of Red Cross

Mrs. G. D. McCarty, relief chairman of the Knox City chapter of the American Red Cross, with Mrs. Charles Moorhouse of Benjamin, the two representing Knox County, attended the Regional Conference of the American National Red Cross held Monday and Tuesday in Abilene.

Twenty-two counties of the state were represented at this meeting. The purpose of the meeting was for planning for the Annual Roll call, various speakers dealing with different important phases of the work. Mrs. McCarty states that among the many outstanding bits of information gained by those attending is the fact that the National Red Cross has put \$2.00 in Texas to every \$1.00 of local expenditure. This summered down to understanding is this: the more Knox City is willing to help her needy the more willing the National Red Cross is to also help.

It is fitting that every one for the Red Cross this year and that in doing so we do not wait to be solicited by Mrs. McCarty and her assistants. See Mrs. McCarty and turn in your \$1.00 dues.

Mr. and Mrs. Otis Cash visited in Haskell Sunday.

Mr. and Mrs. Charles McCarver of Jarrell Texas spent part of last week here with Mother Shaver. Jarrell is the old home town of the Shaver family.

Mr. and Mrs. R. K. Phillips and two children and Mr. and Mrs. Robert Lee spent the weekend in Roosevelt Oklahoma with Mr. and Mrs. J. J. O'Brien.

Marcellous Stovall is off the football team now with a leg injury which he received in the Spur game; however, he hopes to be back with the team before the season is over.

Mr. and Mrs. B. M. Farmer and Mrs. J. A. Wilson spent Sunday in Lubbock with Panny and Jack. The Farmers are driving a new Ford V 8 which they bought from Warren Brothers.

We are glad to see Miss Mary McAuley again joining the social and other events of the town. Her health is splendid for which fact we are all very happy.

During the days between Armistice Day and Thanksgiving the annual roll call of the American Red Cross will be conducted. This organization has been called upon to bear unusual burdens during the past few years, and the needs during the coming winter are likely to be equal if heavy. In every stricken section victims of fire, flood, tornado, earthquake, drought, plague or unemployment have found succor and relief from the Red Cross. Capably and efficiently administered that organization performs a service that on church or local charity can undertake. The freely given dollars which represent membership in the American Red Cross are consecrated to the constructive relief of distressed humanity. Although the membership of the organization, like its ministry, embraces people of all religions, faith, and of no religious faith, this cause is especially appealing to disciples of Him who said, "It is more blessed to give than to receive."

Be among the first to join the local chapter of the Red Cross. See our chairman early and do not wait for her to see you.

Mr. and Mrs. A. B. Stevens are visiting their son Joe in Cleburne.

Mr. and Mrs. Claude Stovall of Goodnight spent part of last week here with Mr. and Mrs. C. B. Stovall. Miss Clois returned home with them for some two weeks.

Dr. Slover, presiding Elder of the Stamford District Methodist church, preached here Sunday night, holding the 4th quarterly conference of the church after the preaching service.

Brother J. H. Sharp preached at the mid week prayer service, Wednesday night, in Aspermont. He was accompanied there by Mrs. Sharp, Miss Florence Wilson, Miss Ora Shrap and Miss Myrtle Evans.

Mr. and Mrs. Ernie Cubine of McLain and Mrs. Jim Bridges and daughter of Aspermont spent the weekend here with Mr. and Mrs. L. N. Bridges. Mr. Bridges and Mrs. Cubine and Mrs. Jim Bridges left the city Monday for Glen Rose and Stephenville where they are visiting his sister who is ill.

Rochester Comes Here Thursday

Throckmorton, with the best team that Knox City has faced this year defeated the Greyhounds 26 to 0 last Friday. This was the first time a Throckmorton team ever beat the Greyhounds on the Knox City grid iron.

Throckmorton completely outplayed Knox City and scored in every quarter except the third. Throckmorton had a well balanced team with a very fast backfield. The Greyhounds did not have a very good day and some of them looked to be out of shape. If the Greyhounds had a star it was Lloyd Huntsman. He looked very good while carrying the ball. Vernon Davis also looked good, the defense for Knox City.

The next game will be Thursday afternoon when Rochester brings a team up here for a game with the Greyhounds.

Y. W. A. SOCIAL

The young ladies of the Y. W. A. spent a most enjoyable afternoon Monday in the home of Miss Verdie Denton, she being assisted by Miss Alta Hamm as joint hostess. The Indian theme was cleverly carried out from the Teepees in the yard, to games and refreshments. Happy water and Buffalo meats were served to the counselor Mrs. C. B. Stovall and Y. W. A. members Misses Yvonne Jamison, Mariynn Herring, Clara Clarke, Mary McAuley, Grace Orsborn and the hostesses Miss Verdie and Miss Alta.

The young ladies of the Y. W. A. find their work in the organization both profitable and pleasant. They will be happy to have those eligible for membership to join them.

LEGIONEERS GO TO SNYDER, NOVEMBER 4-5

Eighteenth District Veterans Will Hear Lieutenant Governor and Other Notables of State

A program that includes such notables as Lieutenant Governor Edgar K. Witt, and entertainment that includes football, boxing, horse racing, dancing and feeds, has already been arranged for the 19th District American Legion convention, which convenes in Snyder November 4 and 5.

Although Snyder is the smallest city that has ever entertained the veterans of this prodigious district, Commander Lee T. Stinson and other members of the local post declare that it will be one of the hottest sessions on the records. All Snyder is making plans to parade, to decorate to entertain and to perform in order that her guests might go home pleased.

Among Legion notables who are making plans to be present for the two-day session are L. Van Perkins of Cameron, department commander; George E. Hughes of Austin department adjutant; A. Garland Adair of McCamey, department historian; George E. Broome of Amarillo, alternate national committeeman; M. J. Benefield of Brady, fifth division commander; G. O. Spear of Childress 18th District executive committeeman.

Since Snyder is on the extreme southern tip of the district, many legionnaires are planning to attend from adjoining districts. The host city is not far from the center of West Texas, 80 miles from Lubbock and Abilene, 40 miles from Sweetwater, 65 miles from Big Springs, 120 miles from San Angelo. Three state highways and one national highway meet here, and the Santa Fe and R. S. & P. railroads traverse the city limits.

A number of reservations have already been made at local hotels. The housing committee reports that many homes have already been offered for use of delegates, and they are anticipating no trouble in handling the expected crowd of 700 to 1,000 visitors.

We are glad to state that Grandpa Bohannon is improving from his recent illness.

LOCAL UNIT WINS P-T-A BANNER

The Knox City Unit P-T-A won the attendance banner at the County Council of the Parent-Teacher Association held last Thursday in Munday. The local Unit had six members for the all-day meeting, they being the president Mrs. Joe Averitt, Mrs. W. E. Clonts, Mrs. Parker, Mrs. C. C. Hoge, Mrs. G. D. McCarty and Mrs. W. R. Terry.

The theme of the meeting was Youth and Modern Childhood Mrs. Kincaid of Crowell, District president, made the main address. It was splendidly given.

Report from the Knox City Unit was made by Mrs. Joe Averitt.

HARVEST DAY SOCIAL

The ladies of the Methodist church observed their annual Harvest Day Monday with a social given in the home of Mrs. G. W. Coats. The spirit of Halloween was carried out in games and refreshments of pumpkin pie topped with whipped cream and coffee were served. The attendance was good and judging from the laughter of the afternoon the occasion was an enjoyable one.

Following the social hour a prayer of "Thanksgiving" was given led by Mrs. G. D. McCarty. Offerings were then made, the total amounting to \$26.20.

The Missionary Society met Tuesday afternoon in the home of Mrs. C. C. Hige at which time the final lesson in the Bible study was conducted.

F. F. F. CLUB ENTERTAINED

The F. F. F. club, composed of faculty members, their wives and husbands being honor guests, was most enjoyably entertained Wednesday evening by Miss Pauline Benton and Mrs. J. H. Berry in the home of Mrs. J. A. Wilson.

The theme of Halloween was uniquely carried out in decorations and refreshments likewise in the character who greeted the club members on arriving.

The game Nullo was introduced and although the club is composed of teachers it was an evident fact that they were "off duty". Following the games refreshments of salad, cheese wafers, pumpkin pie and punch were served. The plate services were most attractive, bearing the picture of the wise old owl perched upon a limb shadowed before the full moon.

The evening was an occasion much enjoyed and appreciated by the faculty members of the Knox City school.

To say I don't need the church is mere bravado. I needed it when my father died. I needed it when we were married and when our babies were taken from us, and I shall need it again, sooner or later, and need it badly. I am in good health now, and I could, I suppose, get along nicely for a time without a clergyman or a choir or even a prayer. But what sort of a man is who scoffs and neglects and despises his best friend until his hour of tribulation?

THREE FORD CARS WIN THREE PLACES IN LAREDO-MONTERREY ROAD RACE

Three Ford cars—two V-8s and a 1931 "four"—won the first three places in the famous Laredo-Monterrey road race sponsored by the Mexican Automobile Association, an affiliate of the American Automobile Association, according to official reports of the race just received.

The two V-8s established the fast test time on record for the course. The third Ford won the same position in the class B event of the original road races which formally opened the new Pan-American highway between Laredo and Monterrey three years ago.

The race was won by Eddy Byers, a veteran figure in Texas and Oklahoma road race circles, in a Ford V-8 with an average speed for the 138.6 mile race of 78.25 miles per hour. Byers staged a thrilling finish to win over Jimmie Davis, also driving a Ford V-8, who placed second, one minute and 14 seconds behind the winner Jim Hall, of Houston, Texas, was third in a Ford Model A. Davis' average speed was 71.5 miles per hour, Hall's 73.1 miles per hour.

Speed Wagner, a product of the eastern dirt tracks and a veteran of several years professional racing, was the only other driver to finish in the money, driving a Rockne Roadster to take fourth place. Other entrants including three Chevrolets a Ford Model A, an Essex, a Chrysler and a motorcycle were disqualified or failed to finish.

Davis took second place after suffering a blowout 20 miles out from Laredo. Four minutes were required to make the tire change. Despite this Davis and his V-8 bettered all previous speed records for the course.

The performance of the three Fords in winning the first three places in the Mexican classic recalls the Ford victory in the stock car event at the Elgin National Road Races a month ago, when seven Ford V-8s took the first seven places in the famous event, Fred Frame, Indianapolis racing driver, in the Ford V-8 averaging 80.21 miles per hour for the 203-mile grind.

James R. White was in town last week.

Guests in the home of Mr. and Mrs. C. A. Hull Sunday were Mr. and Mrs. Gave of Rule and Mr. and Mrs. Case of Monday.

Mother Shaver, Nick and Mrs. Phillips visited in Haskell last Friday and attended the horse races, a portion of the Haskell County Fair.

Why the Sudden Change to Liquid Laxatives?

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be controlled.

The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a peaceful movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Now will a mild liquid laxative irritate the kidneys.

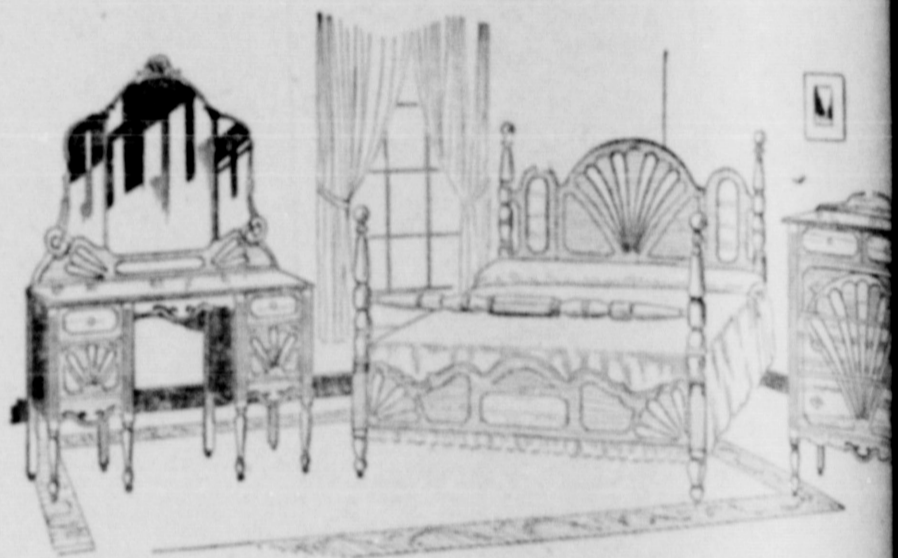

The wrong cathartic may keep you constipated as long as you keep on using it.

Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on sense—a natural laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N. R. A.

LOYALTY

When we speak of a student being a loyal member of a certain school, pep squad, football team, etc., we mean that he or she has accepted the social habits of the group as a fixed guide for that period of life. That is why those men and women who have been loyal students in the past have had such success in their later lives. Just what does it mean to have accepted these social habits as a guide in that period of life? Simply this; when a fellow fits himself into a group as a loyal member, he must have loved the spirit in which that group lived; and to pledge loyalty means that each person will fight for high principles, set higher standards, and form new warmer friendships that linger through life.

If a student, while in a given high school falls to conduct himself in such a manner that the group will not welcome him, he has failed in the most important thing in young life; namely, a spirit of friendliness.

The minute a student enrolls in a school he pledges himself to accept the group as his friends and should try to be a leader in bringing about a stronger bond of friendship, a higher set of principles, and a firmer character for each individual.

One of the greatest principles that humanity receives from the teachings of Jesus is the principal of fair dealing with the other fellow. If a football player or a member of any group or team fails to live up to the standards of the team, that is, if he fails

to follow the set of training rules set forth by the group and if he fails to measure up to the group's idea of fair play, he is not a member of that team. He is an individual player losing the warm bond of friendship that exists among a group of boys.

Probably the word that is spoken more than any other on a football team is the word, "Sportsman", by that word that true football players means the fellow trains hard lives up to the standard set by his team, and plays hard and fair for the love of football and for the love of showing the public the fun that can come from showing others that the real sport is a fellow that leads in developing character and friendships. If a football player fails to do these things, he should not belittle his school by claiming that he was a member of the team during such and such a year.

P. T. A. AWARD PRIZES

The P. T. A. awarded prizes of one dollar each to the essay winner from the freshmen and sophomore classes and also the senior and junior classes. Lora Jean Propps History of Fire Prevention won first place from the first group and Faye McAuley's "Build To Use, Not To Burn" won first place among the latter group.

One of the essays follow:
HISTORY OF FIRE PREVENTION

Fire, although one of our most terrible enemies, is one of our most useful things. Since its earliest use men have had to take very many precautions to prevent its destruction.

The first fire department was organized in Rome about the beginning of the first century by the Emperor Augustus. Of course this was a very crude way of fighting fire and even in the sixteenth century most

of the fire fighting was done with water buckets, axes, ladders, etc.

The man to whom the credit for establishing better fire protection is due is Edward Atkinson. While precautions have been taken against fire from the beginning of the human race, it remained for the man of a later time to work out ideas and improvements among this line.

The very latest type of fireproof buildings are constructed almost wholly of concrete. Some of them have steel framework. There are also many kinds of fireproof roofings.

Now, stage scenery is being made from materials steeped in a twenty percent solution of tungstic acid and then dried. This material is flame resisting, and it is much safer to use than ordinary material. In some theatres there is an arrangement by which a solid sheet of water may be interposed between the audience and the stage. Then there are some palms that are said to make wood fireproof. These often contain sodium silicate and zinc chloride.

Fire prevention week is a week set aside for the purpose of informing the public of the dangers of fire to life and property. About \$400,000,000 worth of property is destroyed by fire every year, and it also takes it part of the 10,000 lives and sends 10,000 more to the hospitals with injuries. A large part of these deaths and injuries could be prevented if buildings were properly constructed and reasonable care was employed with hazards. Much progress has been made in the knowledge of fire, its causes and its prevention. Science has contributed very much for preventing and fighting fire. Modern heating systems, fire extinguishers, safety deposit vaults, and professional garment cleaners all offer means for doing your part to conquer man's most terrifying enemy. Everyone should take advantage of these protections. He owes it to himself as well as to his family and his neighbors.

Now we see that, while the danger of fire increases with the increase of population. Yet we see that with the many precautions that are taken and the many devices which are available, we are much safer from destructive fires than we have been in the past.

THROCKMORTON 26 KNOX CITY 0

Throckmorton swept down on Knox City last Friday and left with a 26-0 victory. Throckmorton turned loose the touchdown parade the second quarter scoring 20 points the last half was about even, with Throckmorton scoring the last touchdown and the only six points of the half. Throckmorton had about a two to one edge on first downs, and made a great deal more yardage than the Greyhounds. Knox City threatened to score in the second quarter after marching from midfield to the second yard line but the ball went over on downs and Throckmorton kicked the ball out of danger the ball being killed on about the Greyhound's fifteen yard line. Throckmorton's gainers were spin plays, reverses and triple reverses. The Greyhound's gainers were altogether passes. The Greyhounds play Rochester here Thursday, October 21. Everyone is invited out to this game. Come and help the Greyhounds win.

PARADE

The grade school will assist in the parade Friday afternoon advertising the P.T.A. Carnival which will be given Friday night. We are glad to help our P.T.A. in any way for the association is always doing many good things to help improve our school. Be at the Carnival Friday night October twenty-seventh.

The grade school reports having several new pupils this last week.

P. T. A. PROGRAM

Everyone who was not present at the P. T. A. program Tuesday night missed a fine program.

The seventh grade put on a very good program which everyone enjoyed. The first, second and third grades also took part in the program and did their parts well too.

The grammar school made posters on Fire Prevention and the Judges of the posters announced the winners as follows: Claude Avery Allen, first prize (he seemed to take the dollar) with a grand (feeling) Francis Smith first prize for the second grade, the fourth and fifth grades were won by Doris Elaine Clonts, who won a dollar also, which she really earned by hard work and study, and Lucille McCarty from the fourth grade won second place. The attendance contest was won by the third grade.

We are proud of the commendable work that the grades are doing this year and think that they should be complimented for it.

"Where You Pay Less and Dress Better"

This chart is based on figures from the United States Bureau of Labor Statistics and national electric rate figures. The rate curve of the West Texas Utilities Company follows a more sharply descending slope to a point 35% below the level, which is 10% lower than the national average rate reduction shown.

Your Average Electric Rate 85% Below Other Living Costs

Complete electric service is the most reasonable item of expense in your family budget. It is the only item that has consistently been improved in quality and lowered in cost. Today it is below other items of family expense... and still going down.

During the past ten years your average electric rate has reduced more than 53%—while in spite of two years of lowering prices other items entering into the family budget remain 52.5% ABOVE THE NORMAL LEVEL!

Just think of it! The 1932 dollar spent for general living expenses bought only 26% more than the 1922 dollar (according to the United States Bureau of Labor Statistics), while it bought from the West Texas Utilities Company 115% more residential electric service than the 1922 dollar!

This is a remarkable record! In spite of constantly increasing costs of government, the West Texas Utilities Company effected economies which have given you the benefit of reductions amounting to more than 53%! And now, with commodity prices again following a sharply ascending curve, electric rates are even farther below general commodity than shown in the above chart.

Your dollar spent for electric service buys you more value—and more in comparison with that same dollar spent for other service or commodities—than any money you spend.
