## Eighteen 4-H Boys To Feed Lambs As Club Projects

Eighteen Knox County 4-H boys will feed lambs as a project demonstration this year. Forty-two lambs from the San Angelo area are scheduled for delivery in Benjamin Thursday, Oct. 25 at 2:00 p. m. at which time they will be delivered over to 4-H Club members who ordered them, according to County Agent Roy England.

B. B. Campbell of the Citizens State Bank, Knox City, furnished the financial assistance that enabled the lambs to be shipped to Benjamin and purchased locally by the 4-H boys.

The lambs will be fed a well balanced, commercial ration that will be gradually built up into a fattening ration over a 120 day feeding period. Afterwards they will be displayed in the County Livestock Show, classified according to market grade, and shipped to Ft. Worth for slaughter.

This program, while requiring only a small initial investment, offers a boy a chance to learn first hand the job of feeding and management of livestock from a practical standpoint, England said.

## More Rain Falls Here Last Week

The Knox City area had another rain last Thursday and Thursday night. Weatherman Horace Finley measured 1.40 inches, but several gauges in the southeast part of town recorded 1.80, and in the west part of the county up to 2.40 inches was reported.

With the .51 inch recorded on Monday, Oct. 15, the official rain measurement for last week stands at 1.91.

The moisture was enough to bring up small grains that had been "dusted in" and farmers report that fields of wheat and oats are beginning to show green.

## Oil Notes

A new test of the Tannahill sand was announced for the Knox City area this week. It is the R. Clay Underwood, Wichita Falls, No. 1 Allie F. Benedict, et al. 990 feet from north and 1920 feet from east lines of section 58, block 2, D&W survey. The test, contracted for 2500 feet, is about one mile northeast of Knox City.

Operators set surface casing Tuesday, and drilling was begun Wednesday.

The Sid Katz No. 1 A. P. Denton, Strawn test two miles northwest of town, was plugged at 5277 feet.

Another failure in the area was the McMahon - Bullington No. 1 Clonts, 3½ miles east of Knox City, which was plugged at 2422 feet.

Mr. and Mrs. T. J. Eaton left last Thursday on a two-weeks vacation trip to South Texas.

## Knox City Scouts to Participate in Get-Out-the-Vote Campaign

Knox City Boy Scouts will join with the nation's 4,175,134 scouts to climax the Get-Out-the-Vote campaign.

Local Scouts will visit every home in the community next week, according to Scoutmaster Pearce Burns, leaving on each

door-knob a Liberty Bell hanger urging citizens to vote.

A total of 35 million homes throughout the nation will receive similar visits.

The message on the Liberty Bell hanger reads, "Heed youth's call. Vote as you think, but vote November 6, 1956. Use your freedom to vote."

Scouts throughout the country have been conducting a non-partisan campaign, without reference to any candidate or party, in the Get-Out-the-Vote drive.

It has been sponsored jointly with Freedoms Foundation, Inc., of Valley Forge.

"Scout leaders believe that organized boyhood can exert a strong influence among parents, relatives and neighbors in doing their share in rolling up a record vote this year," Scoutmaster Burns said. "They feel that while the campaign hopes to stimulate adults to meet their responsibilities of good citizenship by voting, the Scouts themselves will also get a lesson in their duty to vote when they come of age."

## Seymour Minister To Conduct Series of Meetings at Benjamin

James F. Scott of Seymour will begin a series of meetings at the Benjamin Church of Christ Monday night, Oct. 29, it was announced Wednesday.

Services will be held only two nights a week, Monday and Friday, so the services will not conflict with scheduled school activities. Members said Wednesday that meetings will be held Monday nights, Oct. 29 and Nov. 5, and Friday nights, Nov. 2 and Nov. 9, and if the attendance is good they will be continued until a later date.

## Big Hallowe'en Carnival Slated To Raise Funds for Youth Center

It's almost Hallowe'en, the time for spooks and goblins, witches and fun. And for the first time in several years Knox City will have a giant Hallowe'en carnival.

Proceeds from the carnival will be used for furnishing the youth center to be built by the city in the city park. This building, it is hoped, will be completed by the Christmas holidays, and funds will be needed shortly for furnishings and recreational equipment.

The carnival, sponsored by the Knox City Study Club, will be held Wednesday night at the American Legion Hall, following church services. It will be open to everyone, and all clubs in the city are invited to participate, Mrs. Sam E. Clonts, president of the sponsoring club, said today.

Clubs already contacted who will participate include the Knox City Lions Club, the Knox City Study Club, the Volunteer Fire Department, Future Homemakers of America, the American Legion and the Legion Auxiliary.

The Lions will operate the bingo, a cake walk will be held by the Knox City Study Club, the firemen will take children and grown-ups for rides on the fire truck, the American Legion will charge for use of their game equipment during the evening, and the FHA girls will sell candied apples and popcorn balls.

Coffee, doughnuts and soft drinks will be sold by members of the 1946 Study Club. This club will also have a spook house, fishing game, fortune telling booth and other attractions.

Any other organization in the city wishing to sponsor a booth or game, or whose members wish to assist, are asked to contact Mrs. Clonts or Mrs. Edd Smart, chairman of the carnival. Anyone wishing to contribute anything that can be used for a prize should contact any member of the club.

"There will be attractions for young and old at the carnival and we hope the entire community will join us in making the Hallowe'en affair a big success," Mrs. Clonts said.

"Furnishing the youth center is going to be an important part of making the center a success, and we know every person in Knox City will want to have a part in it," she concluded.

## City Announces Plans for Community Youth Center

Mayor Barney Arnold announced this week that the city will build a youth center in the city park, with construction starting in the immediate future. Arnold hopes the building will be completed within four or five weeks.

The city council voted Wednesday night, Oct. 17, to have plans drawn for the structure, with the understanding that the 1946 Study Club would accept responsibility for operation of the youth center.

Wednesday night of this week, the council accepted a bid of \$4,840 submitted by Claude Richardson, local contractor. The building will be of Haydite blocks with a flat roof and cement floor. The roof will have a two-foot overhang. The ceiling will be of sheetrock, and will be insulated.

The building will be located on the site of the old band stand, which has been torn down.

The building will have rest rooms for boys and girls. The city will install a Janitrol heater and paint the outside of the building, but the study club will finish the inside. The club will also install furniture and recreational equipment, in cooperation with other civic organizations. A community Hallowe'en carnival next Wednesday night will raise funds for furniture and equipment.

While full details have not been worked out, Arnold said tentative plans call for the center to be operated by an adult council selected by the city council in cooperation with the sponsoring organization. The adult council and school officials will, in turn, name a student council to assist in governing and operating the center.

Under present plans, the center will be open on Saturday nights, and possibly on nights following school athletic events. In the summer, the mayor said, the center may be open more.

It is the city's agreement with the sponsoring organization that one or more adults will always be present when the center is in use. Youths will be required to sign in and out, and any infractions of the rules to be set up will be acted on by the student council.

The 1946 Study Club chose a community youth center as one of its civic projects for this year. Members of the club's youth center committee are Mrs. Neil Perdue and Mrs. H. M. Compton.

## Money and Material Donated for Fencing Boy Scout Property

Voluntary contributions to help the Boy Scouts put a fence around their new building came in this week, and work is expected to begin soon.

The building, which formerly was a transient labor camp, was leased to the Scouts by the city and county, with the only stipulation being that the property be fenced.

The Knox City Lions Club contributed \$50 toward the fence, while the American Legion and West Texas Utilities Co. gave \$25 each.

Wm. Cameron Lumber Co. will furnish the necessary cement, according to manager Ben Knight, and General American Oil Co. and several other oil companies have promised enough pipe for fence posts.

Joe Clonts is treasurer, and anyone wishing to help toward fencing the Scout property was asked to contact him.

Other individual donations have been made or promised.

Airman Earl Hutchinson, son of Mr. and Mrs. Salem Hutchinson, has returned home from Norfolk, Va., where he spent four years with the Navy.

## Legion Sweetheart

Beverly James has been named sweetheart of the Teague-Carpenter Post of the American Legion and Auxiliary, and will compete with other post sweethearts for district honors when the District convention is held here Saturday and Sunday, Nov. 3 and 4.

The sweetheart contest will be held at 8 p. m. Nov. 3, following a home talent show directed by Mrs. J. M. Bradberry. The public is invited to the activities, which will be held at the Legion Hall.

Miss James, a junior student in Knox City High School, is the daughter of Mr. and Mrs. O. M. James.

A complete program of the convention will be announced next week by Paul Fitzgerald, post adjutant, and B. F. Arnold of Wichita Falls, district commander.

## Greyhound Boosters Seek Funds for Filming Final Games

The Greyhound Boosters, at Monday night's meeting, voted to stage a finance drive to raise enough funds to film the Aspermont and Rule football games—the Greyhounds' remaining two home games.

The Woodson and Moran games were filmed, the latter with a telephoto lens, and the films proved to be a valuable training aid for the team.

Sammy White, Booster president, urged all members to attend the meeting next Monday night, when the Knox City-Aspermont film will be shown.

## Benjamin P-TA to Sponsor Annual Hallowe'en Carnival

Benjamin Parent-Teacher Association is sponsoring a Hallowe'en carnival Friday night, beginning at 7 o'clock at school.

The carnival, at the school, will be a "spook" and "king" will be crowned at a gymnasium. Each class will have candidates. You'll join the spooks. You'll have a house-up time in the house, and there will be a game at the country store."

## Greyhounds to Meet Aspermont in District Opener Here Friday Night

Knox City Greyhounds met Strawn, 38-7, last Friday night in their final practice game of the season, and will go into the game with a record of seven wins and two losses.

Hounds bowed only to a Throckmorton and to a Trengg. They defeated Trent, Moran and Strawn.

Practice play will begin tomorrow night on the local level. When the local lads are defeated, the Aspermont Hornets game beginning at 7:30 p. m.

Hornets, who have a season record of three wins and four losses, lost their first district game last week to the Rochester team, 28-0. In practice games they lost to Trent, 19-7, and to South Taylor, 28-0.

They beat South Taylor, 28-0, and Roby.

## Band Royalty to Be Crowned at Halftime Here Friday Night

Patsy Denton and Jimmy Seale Dutton will be crowned Friday night as "sweetheart" and "beau" of the Knox City School Band.

The two were elected by secret ballot last Tuesday. Runners-up were Nelda Dodd and Rip Collins, Jr.

## Hallowe'en Carnival Scheduled at O'Brien For Friday Night

The witches and goblins will invade O'Brien tomorrow (Friday) night for the Community Circle's annual Hallowe'en Carnival.

Everyone in O'Brien, Knox City and surrounding area is invited to attend. Sponsors say there will be fun for the old as well as the young.

Booths will open at 7 p. m. There will be bingo, fish pond, concessions, and an old-fashioned box supper. Following the carnival everyone will assemble in the school auditorium for the coronation of the Hallowe'en King and Queen.

A coronation service will be held for both the high school and elementary school royalty.

The O'Brien Community Circle serves as a parent-teacher organization. All proceeds from the carnival will go toward improvements in the school.

## FHA to Handle Freight Certificates For Emergency Feed

Walter T. McKay, the agency's State Director, was advised this week of the designation of the Farmers Home Administration to execute certification forms in connection with reduced freight rates recently worked out between the government and railroad representatives to further assist farmers and stockmen in drouth stricken areas. The revised tariff provides for a reduction of 50 percent in the freight rate of hay forwarded to destinations due to the drouth, and applies only in connection with hay purchases of individuals who are entitled to assistance under the Hay and Roughage program.

FHA is authorized to execute certificates in behalf of farmers and ranchers only. Details of the program and forms may be obtained from county FHA offices.

THE WINNER—O. W. Caussey, right, was the lucky winner of the "Kiddie Corvette" given away Saturday by Dan Steakley, left, following the showing of the new 1957 model Chevrolets. The good-looking one in the picture is little Miss Vonita Brooks, daughter of Mr. and Mrs. V. E. Brooks of Route 1, O'Brien, who is trying the car on for size. The real winner of the car was of course Mr. Caussey's granddaughter, Janice, daughter of Mr. and Mrs. Donald Caussey of Midland. More than 1,400 persons registered at Steakley Chevrolet Co. during the two-day showing of the new models.

## J. W. Johnston Dies at Rochester

Joseph Wise Johnston, 57, died at his home in Rochester Wednesday, after being ill since March and in critical condition for two months. He suffered from cancer.

Mr. Johnston was manager of the Reeves Gin in Rochester. He was born Sept. 10, 1899 in Marshall County, Ala., and moved to Rochester in 1901. He was married in 1920 to Ora Austin of O'Brien.

Funeral services will be held at 2:30 p. m. Friday in the First Baptist Church at Rochester, with the pastor, Rev. Robert Benson, officiating. Burial will be in the Rochester Cemetery under direction of Mansell-Smith Funeral Home.

Survivors include his wife; three sons, Vernon of Rochester, Lynn of Peacock and Jack of Mendota, Calif.; one daughter, Mrs. Howard Brass of Rule; seven brothers, Bill, Rob, Ab, Sam, Howard, and John, all of O'Brien; and seven grandchildren.

## Methodist Youths Plan "SOS Drive" For Hallowe'en Night

The Methodist Youth Fellowship of the local First Methodist Church will have a "SOS Drive" on Hallowe'en night, it was announced this week.

SOS stands for Service Over Seas. The young people will ring doorbells Wednesday night, not for "Tricks or treats" but for canned goods or money donations to be sent overseas.

Sponsors of the MYF are Mrs. John Smith and Mrs. Alton Fitzgerald.

**Officers Installed By FHA Chapter**

Alice McCarty, past president, was installing officer for the formal installation and initiation ceremonies of the local chapter of Future Homemakers of America Monday night. The ceremonies were held in the school auditorium.

The installation table was covered with a white linen cloth and centered with an arrangement of red roses. An 18" red taper was flanked by four graduated white candles.

The red taper was lighted by Miss McCarty, and as each white candle was lighted, a purpose of FHA was given. Lighting the white candles were girls who escorted the new officers to the stage.

Refreshments were served

from a table covered with a lace cloth centered with red roses. Patsy Denton, new president, served punch to 60 members and guests. Each officer was presented a red rose, and the president was presented the official FHA president's pin in gold.

Membership cards and year-books were distributed.

New officers installed were Miss Denton, president; Nelda Dodd, vice-president; Beverly James, secretary; Patricia Compton, treasurer; Patsy Robinson, historian; Patricia Denton, parliamentary; Joan Wilson, sergeant-at-arms; June Cox, public relations officer; Glenda Givens, song leader, and Lynelle Tankersley, pianist.

**Missionary Tells Lions of Conditions in China and Korea**

Guest speaker at the Knox City Lions Club Wednesday was Rev. Rex Ray, returned missionary, who is conducting a school of missions at the First Baptist Church.

Rev. Ray, who was manager of the Woolridge Lumber Co. in Monday about 40 years ago, spent 30 years as a missionary in China, being finally forced to leave by the Chinese communists. He went to Korea in 1951 and spent several years as a missionary there.

The missionary touched lightly on his years in China, during which he was captured by bandits and engaged in running the Japanese blockade. When he left China he was in charge of a leper colony.

The speaker reported that South Korea, with only three cities left undamaged by the war, is trying to rise out of the ashes and is depending almost entirely on American help.

The saddest aspect of the country's condition, he said is the large number of orphans, many of them fathered by American soldiers. The city of Pusan alone, he said, contains more than 100 orphanages. He reported that the children in some of the orphanages lived out of the garbage barrels of American army camps, and that support for the hungry children is the country's greatest need.

Rev. Ray did not go beyond the 38th parallel, but said reliable reports indicate that 400,000 Red Chinese soldiers in North Korea pose a constant threat to South Korea. The Chinese, he said, have taken over the property and wives of the North Koreans who fled to South Korea.

State Representative Ed Cloud will speak at the club next Wednesday, discussing all the proposed constitutional amendments that will be voted on in November. Otis Harbert, club president, urged all members to attend.

**Funeral Services Held Friday for S. J. Reeves, Sr.**

Funeral services for Sam J. Reeves, Sr., were held at the O'Brien Baptist Church Friday, Oct. 26 at 3 p. m. Officiating were Rev. Mart Hardin, pastor of the church, Rev. C. A. Powell of Crowell, former pastor, and Rev. Travis LaDuke of Midland, formerly of O'Brien.

Mr. Reeves died at 8 o'clock Thursday morning at the Knox County Hospital, following a heart attack at his home earlier in the morning.

Born in Grimes County on January 20, 1882, he moved to a farm northwest of Knox City in 1919. He had lived on their farm south of town since 1925. He married Julia Privett of Blair January 1, 1905. The couple observed their fiftieth wedding anniversary on New Year's Day last year.

Mr. Reeves had been a member of the Baptist Church since 1910 and a deacon of the O'Brien church the past 21 years.

Survivors are the wife; two sons, S. J. Reeves Jr. of O'Brien and H. A. Reeves of Gilliland, seven daughters, Mrs. Frank McCauley Jr. of Knox City, Mrs. Cyle Carver of O'Brien, Mrs. V. M. Collier of Midland, Mrs. Charley Rex of Wellman, Mrs. Clyde Wilson of Whiteface, Mrs. Loy Underwood of Andrews and Mrs. George Burnett of Chillicothe; three brothers, Ernest of Kingsville, Jacob of Knox City and Henry of Plainview; six sisters, Mrs. Effie Tiddle of Brown-

field, Mrs. Aubra Ray and Mrs. Ivy Farmer of Abilene, Mrs. Lizzie Burks of Patricia, Mrs. Myrtle Whizzenhunt of Merkel and Mrs. L. L. Houston of Knox City.

Interment was in the Knox City Cemetery under the direction of Mansell Smith Funeral Home of Rochester.

Pallbearers were Bert Davis, Milton Rowan, Ford Waldrip, Dwight Gothard, Sam Johnston, R. H. Underwood, Oran Covey and Claud Reed.

Mrs. Minnie Wampler of Falls is visiting her daughter, Mrs. A. A. Pierson, and family in O'Brien. Sunday visitors in the Pierson home were Mr. and Mrs. Earl Wampler of Lorenzo.

**Loper-Mueller Vows Exchanged**

Mr. and Mrs. L. J. Mueller have returned to Stamford to live following a honeymoon trip to Ruidoso, N. M.  
 The couple was married at the First Baptist Church in Knox City Oct. 12, with Rev. Billy Frazier, pastor, performing the double ring ceremony.  
 Mrs. Mueller was Pat Loper, daughter of Mr. and Mrs. W. T. Loper of Knox City. The bridegroom's parents are Mr. and Mrs. A. H. Mueller of Stamford.  
 Attending the couple were the bride's niece, Peggy Jones of Knox City, and Donald Wills of Stamford.  
 The bride wore an ice blue cotton satin dress fashioned with a street-length circular skirt, with tightly fitting bodice featuring three-quarter length sleeves and V-neckline. She wore a white hat, blue satin opera pumps and white gloves and carried an arrangement of white carnations on a white Bible.  
 Following the wedding a reception was held at the home of the bride's parents Mrs. Fred Jones, sister of the bride, presided at the refreshment table. Mrs. Mueller attended Knox City High School and graduate from Scoggins Beauty Academy. She is employed at Scoggins Beauty Corral in Abilene.  
 Mueller, a graduate of Stamford High School, is employed at the Stamford American.

**An announcement of decisive importance to anyone about to buy a new automobile**

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run . . . Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 455 national and international records.

This test was run on the Bonneville Salt Flats in Utah . . . it was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world . . . a distance equal to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other cars have ever undergone, let alone successfully concluded.

Surely they have told you, in decisive terms, that they are worth more when you buy . . . and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car-buying dollar—the greatest the world has ever seen.

## Doleful Senators Due Shock When Ike Wins, Fears Doc

One of the strongest Eisenhower men in our town is Doc Brown. Doc says he just can't put up with Stevenson's socialized medicine program; there are a lot of other things he doesn't like about Adlai, but that one is enough for him, he says. Doc is a pretty outspoken cuss, but he's a good doctor. At least, he's the best one in town, being the only one, and our people always call him when they get sick whether they like his politics or not.

The other day several of us were standing around in front of the post office, talking politics—some Eisenhower men and some for Stevenson—when Doc walked up looking glum. One of the Stevenson men said: "Hey, Doc, what's the trouble, did Ike just call you in some bad news?"

Doc Brown said no, he hadn't heard from Ike this week, but he was worried.

"Not about Ike, you understand," he told the Stevenson fellow. "Ike has got it made. Even the Stevenson people are beginning to admit that. Poor old Adlai isn't going to get any farther in this race than he could throw Kefauver's coonskin cap with the tail cut off."

"The ones I am worried about are these out-of-state senators who are coming down here to Texas to tell us how to vote. I sure feel sorry for those boys. It must be tough to face life with their attitude."

"To hear them tell it, this country is in a terrible shape. All the farmers are starving, all

the businessmen are going broke, and all the working people are just barely making enough to keep body and soul together. The only reason some little country doesn't step in and whip us tomorrow is that they know they can just wait a few days and the United States will fold up of its own accord. That's what I understand from listening to the visiting senators.

"Of course, they know how to correct the situation overnight. Elect Adlai, and let him abolish the draft and do away with the H-bomb, and let Estes establish the Atlantic Union which he has made speeches about all over the country, and everything will be all right."

"These things are too important, of course, for these senators to waste time telling us Texans why they voted against the Texas tidelands bill."

"As a medical man, I am worried about the great shock these senators are going to get, after the election is over and Ike is re-elected and this country keeps on being peaceful, prosperous and progressive. It's liable to put them all in bed."

And Doc Brown walked on off, shaking his head. Of course, the Stevenson man caught on that Doc was hurrahing him, and he didn't like it much, but he'll still have to call him the next time one of the kids gets the croup, because like I said he's the only doctor in town.

Yours Truly,  
*Jex*

## Here! New Task-Force 57 Chevrolet Trucks!

Performance-proved in a history-making test on the ALCAN Highway to Alaska

The Alcan Highway is the road where trucks grow old before their time. The road where gravel endlessly sledgehammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred miles.

Six new '57 Chevrolet trucks, heavily loaded with cargo, roared north from Dawson Creek, B.C., through 1,520 miles of mountains and mire, rain and hail to Fairbanks, Alaska. Running around the clock, they made this tortuous trip—normally a 72-hour run—in less than 45 hours. As a special test during the run, two of the trucks went the entire distance without once having their engines stopped!

Come in and see how well these new Alcan champs measure up to your job.

## FIRST WITH THE MOST MODERN FEATURES:

New 283-cubic-inch Taskmaster V8 is standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cost. Horsepower ranges up to 210 in Chevrolet's complete line-up of modern V8 and 6 truck engines.

Revolutionary Powermatic Transmission—exclusive with Chevrolet trucks! This six-speed automatic, designed specifically for heavy-duty hauling, is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.

L.C.F. models outdate C.O.E. trucks in every way; yet offer all the traditional C.O.E. advantages.

Heavyweight Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 lbs. GCW. Special features include built-in 3-speed power divider.

Alcan fleet reports up to 18.17 miles per gallon! That's the mileage reported by the Cameo Carrier, with Thriftmaster 6 and Overdrive (optional at extra cost).

All the way in DRIVE range with Powermatic! This Powermatic-equipped 10000 Series tractor traveled the Alcan Highway in a single forward-speed range!

### Greyhound Pups Beat Rule 16-0

Glen Dell Large made both touchdowns for the Knox City Junior High football team in a 16-0 victory over the Rule Kittens on the local field Tuesday night.

Large scored in the second period and again in the fourth. Danny Burt accounted for the first extra point, while Large made the second.

In the third period, Horace Wheeler tackled a Rule ball carrier behind his own goal line to add two points to the Pups score.

The Junior High band and pep squad staged a good show at half-time. The pep squad danced the Virginia reel while the band played Skip to My Lou. Drum major of the band is Melanie Verhalen, and majorettes are Louella Denton, Jane Smith and Linda Morris.

### Cubs Receive Awards At Pack Meeting

Awards were presented to nine Cub Scouts at the monthly pack meeting Thursday, Oct. 18 at the American Legion Hall. Making the presentations were Edd Smart, Cubmaster, and Fuller Shannon, assistant Cubmaster.

Those receiving awards were Mark Anderson, Ray Beason, Bill Cornett, Larry Goldston, Jimmy Groves, Jackie Howell, Derrell Marion, Pat Shannon and Brack Shaver.

About 70 parents and Cubs were present. Mrs. Rufus White's den won the attendance prize. The program was presented by Mrs. Clyde Williams' den. The Cubs used puppets made during the month and presented a get-out-the-vote program in the form of a political parade.

The Cubs displayed puppets they had made to the parents. The pack meeting closed with the Cubs gathered around a lighted "campfire" and saying the Scout prayer.

Mrs. Fred Jones returned Tuesday from Odessa where she spent five days with her niece, Billie Dean Loper, who underwent major surgery at Medical Center Hospital last week. Billie Dean returned to Knox City with her and will recuperate at the home of her grandparents, Mr. and Mrs. Tom Loper.

# WILL THERE BE ENOUGH TEACHERS?

15,000 teachers will be needed to teach the additional 350,000 boys and girls coming into Texas Public Schools within 5 years

## You CAN HELP

solve this problem by endorsing a teacher retirement program particularly designed to

ATTRACT and HOLD well qualified teachers

• In addition, more than 28,000 other teachers will be needed to replace those now leaving our classrooms at the rate of 5,000 to 7,000 a year

1954-57 SCHOOL ENROLLMENT 1,814,000

1960-61 SCHOOL ENROLLMENT 2,165,000
