Former Knox County Sheriff Buried Monday In Abilene

W. S. Britton

Mr. W. S. Britton, a former sheriff of Knox County, was buried in Abilene on Monday of this week. Among those from Knox City who attended the service were Mr. and Mrs. G. T. Hardberger, Mr. and Mrs. S. L. Favor, Mother Hamner, Mother Boyd, Mrs. Henry Hamner and Miss Cassie Simpson. Sheriff C. R. Elliott of Abilene was also in attendance at the services.

Britton was Sheriff of Knox County for 14 years, serving from 1908 to 1922. He was an unusually efficient officer, says S. L. Favor, was religious, kind and good to every one. One of the finest tributes that man can pay to man was paid by Mr. Favor to Mr. Britton in a conversation with the editor Tuesday. Mr. Favor made the following statement: "anything you can say good concerning a man you may say about Mr. Britton, and put my name

Funeral services of Mr. Britton were held at ten o'clock Monday morning in Abilene's largest Baptist church. The church was filled to capacity with no sight seers present; all were friends of Mr. Britton. Among the large attendance were not only friends of Mr. Britton who live in Abilene, but also friends of his who drove in from many of the other West Texas towns. The court house, city hall and all offices in Abilene were closed for the funeral with all officers, judges, lawyers etc attending the service.

Reverend Lockhart, says Mr. Favor, who baptized both Mr. and Mrs. Britton and who pronounced the ceremony which made them man and wife, was in attendance at the funeral service of the deceased Monday. Mr. Britton was known for his kindness, his gentleness, sternness yet his equal justice to all. Many Knox County citizens recall with pleasure the years in which Mr. Britton served the county as Sheriff and like wise are mournful in his death. (Picture Courtesy of Abilene Morning News).

Hospital Notes

Patients in the Knox County hospital this week include Mrs. Hughes, Mrs. J. Q. McBeath or Smith, J. W. Warner of Vera, Mrs. Moorhouse of Btjabin, Mrs. of Rochester, Mrs. Good, Mrs. Crinshaw of Knox City, Mrs. Ella Lane of Munday and Mrs. Hicks of Grasshopper community.

City girls pour it on Haskell.

The Chris Baseball team of Knox City whipped Haskell in a 3-1 game in Haskell on Friday afternoon of last week. This team is correctly described as "good" and every one is looking forward to another game which they hope an interested crowd, Ed Shaver, will schedule for

White returned home last week from Stephenville where she was Miss White.

FIRE DESTROYS TOM LOPER HOME

With the exception of a half sack of flour the house and all therein of Mr. and Mrs. Tom Loper was destroyed by fire early Wednesday morning.

Mr. Loper had gone to the field, his children were on their way to school and Mrs. Loper was in the cow pen when their house burst into flames. Mrs. Loper left her off stove burning and it is believed that the stove exploded. It occurred about eight o'clock Wednesday morning.

By noon Wednesday a relief fund was being made up in Knox City for the Loper family who are left almost stranded.

The Loper family were living on the Ben Farmer place west of Knox City. Mr. Farmer said the house carried no insurance.

Baptist Bulletin

Services at the Baptist church were well attended last Sunday for which we are thankful. Spring is here and we are wondering if more of our people will not come to church. We feel like many of the hinderances have been and are being removed and that people will begin now to attend church and Sunday School more regular.

In our teachers and workers meeting Tuesday evening it was decided to set the second Sunday in May as Sunday School and Rally Day.

It is our desire to enlist every one who should be in Sunday School before Rally Day. A program will be arranged in keeping with the day. Begin now to attend Sunday School and especially honor Mother on May the 8th by attending Church and Sunday School.

COLORED SCHOOL ORGANIZES P.T.A.

The colored people of Knox City are doing their best to improve their section of the town. Last week we organized the Parent-Teacher Association in the hope of bettering the colored school. We were glad to have three of the white ladies, Mrs. Edwards, Mrs. Hoge and Mrs. Clonts, to attend our meeting and assist us in getting our organization going in the right way. These ladies gave us some very interesting plans to work by. We enjoyed this meeting and we hope to do better work in the future.

During last week the colored Baptist church had a very successful Revival. We added three to the church and on Sunday afternoon the pastor and some of his co-workers went to Benjamin and organized a Baptist Church. After returning home we had the night service. The pastor left for Memphis Texas Monday, Reverend E. S. Cook.

PAWED BY HORSE

Mr. Leroy Jhason, employe on the 666 ranch, was injured on the head last Saturday while helping in the work of trimming the hoof of the wild horses. The boys were in the act of trimming the hoofs of a horse when he plunged forward and pawed Leroy on the head, cutting the scalp to the bone on each side. He was treated by local physicians and Tuesday drove to town alone for his treatment.

Mrs. M. Men Charged

Mrs. M. Men charged with firearms was buried robbery with firearms Tuesday were filed against Services were charges were filed by the Reverend S. W. Moon had been in the past few months. She survived by her husband children, her parents and two sons and six brothers, all of whom were in attendance at the service Tuesday except two brothers. Those relatives from out of town present were two brothers, Jim Stone of Hale Center and Sam Stone of Gilliland. Mrs. Bertha Milton of Fort Worth and Mrs. Lena Tackett of the Grace community, her two sisters.

Mrs. Moon lived with her family, at the time of her death, on the Lee Waldon place west of Knox City. They have been in this community for the past year. She was formerly Miss Georgia Stone, daughter of Mr. and Mrs. Lee Stone.

Other out of town relatives attending the funeral of Mrs. M. R. Moon Tuesday were Mr. Moon's father and two brothers J. R. Moon and Jesse and Willis Moon all of Huckabay and a friend, Alvin Pack also of Huckabay.

Miss Ruth Hammock left Tuesday for Abilene where she is attending the Annual Missionary Conference there this week. Miss Hammock is the official delegate from the Knox City Missionary Society.

As other day, they will also be in which to be COOK FOR ROAD.

The noon COMMISSIONER

The Knox City Herald is authorized to announce this week that Mr. J. D. Cook, better known as Dick Cook, is a candidate for the office of County Commissioner precinct 1.

Mr. Cook has been in Knox County for the greater part of the past 38 years. He has lived in all parts of the precinct for which reason he feels that he can serve the precinct without any partiality to any part.

Mr. Cook made the following statement concerning his announcement: "I have had ten years of road experience, which includes two years with the State Highway Department; and six of these ten years were in precinct 1 of Knox county. I have served under three commissioners, Uncle Grant Paris, Mr. M. G. Nix and Mr. William Griffith. During these years, I am glad to say, I was never discharged from my work at any time. I am also glad to say that work with these three commissioners was pleasant for me. By virtue of my road experience and my association with these men I feel that I am qualified to serve in the capacity of commissioner in an efficient way. I favor a reduction in the salary of county officials as well as a reduction in the expenses of the county affairs as far as is possible and practical. I will appreciate your consideration of my candidacy and if elected I pledge my loyal, unpartisan services throughout the entire term."

THE PURSUIT OF HAPPINESS

We don't know who the happiest man on earth is, but we know who the unhappiest people are. They are the people who thought they could buy happiness with money and who now that the sources of money have dried up, find themselves thrown upon their own resources, and have discovered that those resources are not sufficient to bring them happiness. We do not know whether to feel sorry for these people, especially the younger ones, or indignation at their parents and teachers, for giving them or permitting them to get a wrong slant on life.

We confess to a considerable degree of indignation when we hear people advising young folks to buy this, that or the other thing because it will make them happy. We think there are very few commodities, and those very inexpensive ones, that can make any material contribution to individual happiness. Possessions may enable people to do things which give temporary pleasure. But the idea that the rich are any happier than the poor is just as false now as it always has been.

We think that the real source of happiness is to be found from your own efforts. Develop their inward resources and depend upon their own efforts for happiness. We have certainly heard much more complaining from people who didn't have much of anything for

to lose. The man or woman who has learned in childhood to get along with little is far better adapted to face the realities of life than the one who has always been able to buy whatever pleased his or her fancy. Those are the unhappy ones today; the ones who cannot spend money as they used to spend—while the happy ones are those who never had any money to spend.

HOOPER AND THE RECORD

In accepting the Republican nomination for President in a speech at Palo Alto, California, August 11, 1928, Herbert Hoover said among other things:

"Unemployment in the sense of distress is widely disappearing. Maybe it was, but it certainly is back in sight now.

In that same speech, Herbert also said: "We in America are nearer to the final triumph of civilization than ever before in the annals of any land. The unholy, blended washing from amendment in the

That these individual loans, he was talking of the general me humdrum to be made to the houses he mentioned not to the farmer to lifters and we need is fewer debt.

"We have to need better the goal, but so that debt to go forward with in the m of the last eight years to have a night, with the high ed and t of the day when of the bill be banished from this nation."

Who lost that goal he was talking about? Goal, goal, who's got the goal. Evidently nobody interfered with going forward with the policies of the last eight years. God must have flunked on 'em and failed to do His part. Anyhow, somebody got his goal and also his goal.

But those policies seem to be marching on, and now Herbert is looking to a Democratic congress to step 'em. Meantime, he has not quite poverty banished from the nation, but he's spitting on his hands another try at it. Goal, goal, who

got the goal, and where'n hame string hicks did all this poverty come from anyhow?

And Herbert just kept right on talking in the same speech.

"There is no guarantee against overtly equal to a job for every man. That is the primary purpose of the economic policies we advocate."

But the government jobs, Herbert on't go 'round and your economic policies are fakes, fallacies and flub-dub.

You talked strong enough and fair enough, but you were talking humbuggery, hypocrisy and goose grease. You and your party have not added two more miserable years to the infamous record of the other eight you were talking about, but you have proved that the policies and the record of your party from 1865 until 1932 have been frauds and have led this nation into economic ruin, political and financial debauchery and into normal decay.

You and your party have flaunted the flag of special privilege practiced the policy of special protection to capital and have licked the boots of wealth until the hydra-headed monster of greed has not only choked the life out of the poor, but has wrung the satisfaction and while your Mellon are thrifty eat, and your Little gorie larger eat, and your Little of the j-ets wallow in wealth and producing millions wring their hands in woe and want, burdened to desolation with taxation and deprived of an opportunity to earn an honest living.

Anyhow, Herbert you made a wonderful speech, and are some engineer of sorts. If you ever find that goal you were talking about in 1928 fetch it around and let's have a look. Have you ever asked Mellon if he has it or what he did with it when he did have it.

SUNDAY SCHOOL LESSON

of the other L.D. PRICE D.D.

When we consider the cupids by Jewish men bankers in America, the n to two great Jews, Cardozo and Brandies, who are justices of our Supreme Court, it is not surprising that Jews like Edward Filene of Chicago, and the late Julius Rosenwald, Chicago, are held, any such ram as Hitler's seems impossible to us.

Henry Ford once said, "The crest of my coat is a cross, and that fact is not to be forgotten. It is a reminder that I am a Christian and that I am a member of the Hebrew nation." The Hebrew nation started when Terah, the father, was called from Ur of the Chaldees, but the savaikade stopped in Mesopotamia and no further progress was made until Abram was directed to take his immitate family, his nephew Lot, and their possessions, and proceed to Canaan.

Here was an adventure in faith that is to be classed with the greatest expeditions in all history. It was a trek of at least 300 miles under most adverse conditions. Full encouragement was given, however, in the vision with its attendant promises.

Places in Palestine that are familiar to every student now are named. One camping place was at Shechem, where the modern traveler can still have a drink from the well of Abraham. This was the witer's privilege in 1924. Bethel's also named, and we come to t again in this quarter when we Journal to Haran with Jacob. At both stopping places Abraham established an altar and worshipped God. He had found that Jehovah was just as much there as in the countries whence he came. And here the covenant was renewed, with the form injunction, recorded in the Golden Text, "Be thou a blessing," Genesis 12:2.

Mrs. Mercer Armetong entertained 8 tables at Bridge in the home of Mrs. Russel Boyd on Friday night of last week. Out of town guests included the three guests in the home of Mrs. D. W. Department Employees Take Hand in Diminishing Cotton Surplus by Proposing New Uses

Austin, Tex., April 12—The ladies of Dixie, many thousands of them, could materially aid in the reduction of the existing surplus by wearing cotton dresses, summer sandals made of cotton, replacing their stock of sheets with new ones 108 inches long instead of the 90-inch length, and in nimerous other ways present within the household the feminine members of the Department of Agriculture said today in an appeal to the women of the South for their support in the more uses for cotton movement.

Merchants are showing more cotton products this season than ever before. In purchasing their summer frocks, women of Dixieland are urged to accept only those made of cotton. Written by Mrs. Jack Stuart, secretary to the commissioner, the appeal urged women to realize the beauty of cotton summer frocks and charm the men of Dixie in cotton clothes. The appeal:

To the Ladies of Dixie: "Are you a Dixie Lady? There are thousands of Dixie Ladies who can do much in solving the vexing problem of cotton overproduction. With in the grasp of Dixie Ladies lose the power to make a forward step in ending the surplus of cotton, so why not do it.

"We are all 'wrapped up' in cotton as an industry, and now we have the chance of a lifetime to use some of this abundant cotton in the most effective wrapping possible. Commissioner J. E. McDonald has expressed the greatest appreciation and pride in Texas cotton-clad belles. There seems to have been some question as to whether cotton makes the girls look better or the girls make cotton look better. With five cent cotton, there should be no doubt in any fellow's mind but that the ladies win again.

"Stroll downtown and look in the store windows, you will be charmed to see the cotton frocks displayed. Wish you could have been in College Station April first for the Cotton Day Style Show at A & M College. The girls made the cotton look good that day. There are many aways in which cotton may be used in ladies' wardrobe, so let each of us plain several cotton frocks to blend in with this beautiful spring weather. Let's make this spring and summer a Texas cotton season.

"After dressing ourselves in cotton, dress up the porch furniture with bright cotton covers, pillows and the like, and if possible, put up some bright cotton awnings. Buy a new cotton mattress one that's made in Texas. There are hundreds of ways to use more cotton.

"We can use all we want to. I understand there is just plenty to go around. However, we have been requested to save enough for wrapping the cotton crop next fall. Mr. McDonald feels almost certain Congress will pass the Net Weight Cotton Law, which will make cotton a practical and neat wrapping for the bales, and the passage of such law would mean a great victory for the cotton growing industry."

Mr. and Mrs. Billie Clarke were in Wichita Falls last Friday.

Mr. John A. Fain, traveling auditor from the general office of the State Telephone Company in Los Angeles California, was in Knox City telephone office last week. He found everything in first class condition and two pleasing operators giving the best of service.

Press Carke of Albany was in Knox City the first of the week looking after his place here. Press came with the intention of remaining over until Wednesday but a message from his wife stating that her father had taken suddenly ill, necessitated his early return. Mrs. Clarke's father is suffering from a severe stroke of paralysis.

Little Lupe Flores, 7 year old Mexican boy on the Bush-Burnet Ranch, suffered internal injuries when he was run over by a truck last Friday afternoon late. Although he was severely bruised he doing well local physicians say.

Lupe was with a group of children from the Mexican school in a truck. The truck stuck and the big boys jumped off to help. Someway in the excitement, Lupe fell off the truck and it ran over him at the part of the stomach.

NEWS FROM THE ASHCROFT CHEVROLET CO FIRESTONE TIRE DEALERS

The Firestone Tire and Rubber Company is credited with having played a major part in speeding the development of automotive transportation by pioneering practically all the important advances in tire construction...

Each of these improvements marked a new era in tire building. Together they made possible the safe and economical high speed motoring with its important advances for 1932.

"The safety of millions and millions of car owners is daily entrusted to the rubber tires upon which they ride," according to Mr. Ashcroft of the Ashcroft Chevrolet Co. Firestone dealers in this city.

"Most people give little thought to the heavy responsibility placed upon their tires, and yet the tires beneath their feet are carrying the burden of transporting the precious human lives in safety against all the tremendous stresses and strains of fast travel.

"On May 30 the great International Speedway Indianapolis races will be held," Mr. Ashcroft said.

"Thinking of the straining on many a mile in this event. Five hundred miles in the short space of a little over five hours. Approximately one hundred miles per-hour average they will travel during the long weary hours of relentless grind around the great track. It is a challenge to the character of the tire upon which they tear through space. Last year, as for many years past, all of the winners have come through on Firestones. Not a single life has ever been endangered by the failure of any Firestone tire to perform its heroic task.

Baptist Summer Revival

The annual summer revival of the Knox City Baptist Church will begin on the third Sunday in July. It is expected that Reverend John J. Milford will conduct the meeting. This announcement is made early in order that there be no conflicts with meetings in any of the other local churches. We welcome everyone to our services and hope that you plan now to attend our meeting.

A BUSINESS PRINCIPLE If it is an accepted business principle that lowered prices increase sales volume. Following this truism of business practice, public service companies have made, and are making, every effort to stimulate increased use of service and thus reduce utility rates. These two facts go hand in hand ... while use increases, rates decline. And under the modern rate structure of the West Texas Utilities Company, your individual average rate per kilowatt-hour declines as more kilowatt-hours are used. In fact, analyses have shown that the average customer, using fifty kilowatt-hours per month, can increase his use of service to THREE TIMES that amount for only 10 cents a day additional cost on his electric service bill—or for the cost of only one medium-priced cigar a day! The same principle produces similar results when applied to West Texas as a whole; as more service is used by all customers, the standard rate steps are reduced. Electric utilities have made an enviable record during the past two decades. Commodity prices have fluctuated widely, and even yet have not reached the level of 1913 prices. On the other hand, the unit cost of electric service has declined steadily! A comparison between commodity and electric service costs shows that while the 1913 commodity dollar now buys less than a dollar's worth of merchandise, the same dollar, in this West Texas territory, buys over twice the amount of electric service it did in 1913! Rate reductions have been made many times since the West Texas Utilities Company first entered West Texas. During the past ten years, the unit cost of your electric service has been LOWERED 60 PER CENT, with residential service alone showing a REDUCTION OF 54 PER CENT!
