GOOD COTTON, WATERMELONS — R. E. Hackfield, Sr., top photo, is shown in his "dry land" cotton. Actually the field is irrigated, but Rudolph hasn't irrigated it yet. In the bottom photo, he and Paul Hoge, are carrying out a couple of his fine watermelons. Crops still look great here and if nothing happens, most farmers believe it will be a record year.

County Agent Lists Coming Events And Latest News On Brucellosis Law

Grain Sorghum Tour—

The Knox County Grain Committee has planned a tour of some of the variety tests that are located in the county. The tour will be held on Aug. 3, starting at 1:30 p.m.

Mr. Ben Spears, Extension Agronomist, will be on hand to discuss the production of sorghums and some of the latest results in tests in the state and what research is working on. The tour will start in the Monday area and three demonstration plots will be visited. It is also planned to visit a grain sorghum fertilizer demonstration plot. A meeting and gathering place for the tour will be announced later.

Varieties in the test plots are 7078, 610, 608, TE55, TE66, E56a, C45, NK210, NK135, NK140, Red Raider A, Ranger, and several experimental Asgrow varieties from Northrup King that they plan to place on the market next year if they stand up under field test this year. The crops committee is composed of Arnold Navratil as chairman and the members are Gaylon Scott, Sam Leaverton, Fuller Shannon, Billy Mitchell and Lester Hickman.

Brucellosis Law—

Baylor, Brown, Concho, Cottle, King, Nolan and Taylor counties qualified for modified certification in June. This brings the list of certified counties to approximately 62 and there are 73 and a portion of a 74th county now under the regulated areas. Hardeman, Mills, Hays and Travis counties will become control areas at varying times during September.

4-H Boys' Camp

There were 8 boys that attended the District 3 boys camp held this week at Buffalo Gap. The boys that attended from this county joined boys from the other counties in this district and concluded the camp with a tour of Dyess Air Force Base. The boys were Charles McAnair and Skeet McGaughey from Benjamin, Leonard Edrington and Rickie Herring from Rhineland, Chuck Roberts and Don Hicks from Goree, John Lee Nelson from the Sunset 4 H Club and Dean Partridge from the Monday club. This camp started at 9:30 a.m. on the 25th and concluded with the tour of the air base from 2:00 p.m. on the 26.

1961 Cotton Defoliation Guide—

Effective March 5, 1960, defoliants and desiccants came under the regulations of Public Law 518; however, Public Law 87-19, enacted April 7, 1961, further extends the effective date of enforcement of the Federal Food, Drug, and Cosmetic Act as it concerns selected defoliants and desiccants. No claim is made that the list is complete and others may be added as extensions are granted or as tolerances are set or as exemptions from tolerances are granted under the regulations of Public Law 518 and Public Law 87-19. Use of the chemicals listed below in 1961, therefore, is not recommended unless they meet the requirements of Public Law 518 or have been granted an extension to permit their use during 1961. Availability of these chemicals may thus depend upon compliance with this law.

Final Rites For A. S. Logan Are Held Monday

Funeral services for Albert Sidney Logan, 76, who died at 2 a.m. Sunday in the Knox County Hospital, were held Monday at 2 p.m. at the First Methodist Church in Knox City.

Rev. Jarrell Sharp, pastor, and Rev. William Wright, pastor of the Methodist Church in O'Brien officiated. Burial was in Knox City Cemetery under direction of Pinkard-Smith Funeral Home.

Mr. Logan was born Dec. 29, 1884, at Gurdon, Ark., and married Miss Nancy Howard Neal in 1905.

She died in 1937. On March 1, 1945, he married Mrs. Annie Lee Teague. She died May 9, 1958.

A retired farmer, he had been a Knox City resident since 1920.

Survivors are two sons, Howard and Neal of Knox City; two daughters, Mrs. Ned Herr of Knox City and Mrs. Mondell Mills of Lockney; and four grandchildren.

Travis Horton Is Winner In Golf Tourney Sunday

Travis Horton of Stamford was winner of the Knox City-Munday Invitation Golf Tournament Sunday afternoon. Horton shot a five over par 218, three strokes ahead of Joe Pat Rickett of Olney who was runner up.

Doug Holmes and Kenneth Kellam, both of Wichita Falls, were third and fourth in the championship flight, with Ted Darland, Knox City, fifth.

The tournament was changed from match play to a 54 hole medal play in all flights after heavy rains cancelled Saturday morning rounds.

A barbecue Friday night started the proceedings.

Other golfers from Knox City playing in the tournament were Jeff Graham, Buddy Urbanczyk, C. E. Williams, Chad Wilson, H. M. Compton, C. J. Reese, Arnold Glover, Joe Ed Glover, Duck Robinson, Eddie Bateman, Jim Bateman, and Eddie Williams.

Those from O'Brien entering the tourney included Kyle, Carver and Dwayne Johnston.

C. J. Reese was in charge of prizes and Ted Darland was tournament chairman.

Lions To Help Clean-up Knox City's Cemetery

Knox City's Lions Club held their weekly Wednesday noon luncheon meeting, and after lunch L. W. Graham solicited the help of the Lions in cleaning up the city's cemetery.

"We are always quick to boost our town and its accomplishments," he said, "and I believe we should sponsor a clean-up of the town's cemetery."

It was pointed out that this year's rains had made it rather difficult to keep ahead of the weeds, but it was also agreed that the cemetery is a disgrace to our town.

Mr. Graham said it wasn't any one or two persons fault, but that it was everyone's responsibility to see that it was cleared of

weeds. Lion President Gerald Averitt agreed with him and appointed a committee consisting of Jim Ross, as chairman, with Bud Thompson, C. J. Reese, S. W. Stephens, and Vernon Bridges as helpers.

Averitt said that after next week's meeting all Lions would be expected to go to the cemetery and help hoe weeds or donate labor in their absence.

Averitt said he had received a letter from Steinback Carnivals that they would have an open date for Knox City on Monday, Tuesday, and Wednesday, Oct. 2, 3, and 4 to appear here.

He said he would advise them the dates would be satisfactory. The club was host to Knox City's Little League All Stars. Program was supplied by Zeb

Smith in the form of a movie presented by Santa Fe Railway Co., and gave the points of interest in Southern California.

Knox City All Stars Win One, Lose One

The Knox City Little League All Stars defeated Rule, 18-3 Saturday night in their first Little League Finals.

Haskell defeated Crowell, 4-0. In the second game of the tournament, Haskell defeated Knox City 10-5, Monday night, eliminating Knox City from further play.

Co. Commissioners Have Meeting

Knox County's Commissioners held their regular monthly meeting July 10 with all commissioners present. They are:

J. V. 'Bud' Carver, commissioner of precinct 1, W. W. Trainham, commissioner precinct 2, J. B. Eubank, commissioner precinct 3, and George Nix, commissioner precinct 4 in attendance.

George Nix made a motion, seconded by J. V. Carver, that all Justice of the Peace fees reports, and also all county bills which were approved to be paid out of Precinct funds Nos. 1, 2, 3, and 4 Fund No. 600, salary fund no. 200, and general fund, no. 300, be given to the County Clerk and she be authorized to issue warrants on these bills.

George Nix made a motion, seconded by J. B. Eubank, that the bid in the amount of \$2853.59, made by Arledge Motors, Knox City, Texas, be accepted. Said bid was made on a 2-ton truck for Precinct No. 1.

All voted in favor of the motion.

J. B. Eubank made a motion, seconded by George Nix, that the sum of \$200.00 be transferred from the general fund to the courthouse and jail fund, to cover a shortage in the courthouse and jail fund.

All voted in favor of the motion.

J. B. Eubank made a motion, seconded by W. W. Trainham, that the Treasurer's Quarterly Report, for the second quarter, (April, May and June), be approved.

All voted in favor of the motion.

W. W. Trainham made a motion, seconded by J. V. Carver, that the meeting be adjourned.

FM Road 2570 Contract Awarded Amarillo Firm

A contract for 6.1 miles of construction on F.M. Road 2570 in Knox County has been awarded to an Amarillo firm, it was announced in Austin this week by the State Highway Commission.

Gilvin-Terrill, Inc., submitted the low bid of \$106,211 on the project.

Grading, structures, base and surfacing from S. H. 283, at 1.0 mile south of the Brazos River, east 6.1 miles, is expected to take 130 working days, according to Palmer Massey, district highway engineer at Childress.

H. T. Cunningham, resident engineer at Munday, will be in active charge of the project while it is under construction.

the book worm

"Every man who knows how to read has it in his power to magnify himself, to multiply the ways in which he exists, to make his life full, significant, and interesting." Aldous Huxley.

The above quotation reminds Old Chel of a friend who says she could not live in a room without books. This explains why she is a well-rounded, intelligent inspiring person and also down-to-earth along with a doctor of philosophy degree.

Home libraries reflect the sort of people who live with them. Many a person who has not had much formal education has grown into a well informed individual through reading.

The Bible and an almanac furnished most of the reading for the pioneer; yet many of those people were fluent in their language and well informed on the world as it existed at that time.

Today, with a more complex world and communication much more fluent, home libraries can and do have an important role. From time to time Old Chel will describe books that can be found in libraries of the personal nature.

The dictionary, but not just any dictionary, is an important book. It was gratifying to observe a young teenager the other day reach for a dictionary behind her when a word was encountered that she and the group did not know. That youngster, we know for a fact, acquired an elementary dictionary (Merriam Webster) when she was in the third grade, the same grade that Old Chel did the same.

If each third grade pupil had one of these good dictionaries, and used it, perhaps some other problems along the line would be eliminated. Personally we could not keep house without a good dictionary.

There have been no gift books to report but a study has been made which shows that since the autumn of 1933 the High School Library has acquired 3199 books of which 1057 were gifts. More than 400 gifts were received that first year, the year in which Mr. Charles Sisk called a group together to help rebuild the High School Library. Something needs to be done about the Elementary Library now.

Give it a thought!

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Texas — House members burned midnight oil in an effort to get a tax bill to the Senate before the mid-point of the 30-day session.

In the long, long sessions and seemingly endless succession of approaches, amendments, substitutes and substitutes for the substitutes, it was difficult to tell who was winning what. Show-down votes indicated that it is still easier for members to agree on what they don't want than on what they do.

Rejected, at least for the time being, was a package bill recommended by the Revenue and Tax-

ation Committee. Its main money-raiser was a sales tax, with exemption, on items costing \$5 or more. It also included more utilities taxes, natural gas taxes, a transfer of funds from the permanent school fund, a revised franchise tax and a bookkeeping transfer.

Also turned down were proposals for a 4 per cent income tax by Rep. Bob Eckhardt of Houston and a one per cent general sales tax by Rep. Tom Andrews of Aransas Pass.

Rep. Charles Ballman of Borger, chairman of the revenue and taxation, was pushing for a package bill that closely tracked Gov. Price Daniel's recommendation at the beginning of the session. It differed from the committee written-package chiefly in that it included a Pennsylvania-type sales tax, applying only to items listed in the bill.

Despite the House problems, an August 8 finish may still be possible. Senate, generally, is swifter and more nearly of one mind on money matters. It agreed on a tax bill in the regular session in approximately one-third the time spent by the House.

Hardest part is getting agree-

G.A.'s Have Meeting

The Aletha Saunders Intermediate G. A.'s of the First Baptist Church held a meeting Tuesday at 4 p.m. and elected new officers. They are:

President, Karen White; secretary, Paula Myers, assistant secretary, Anita Poteet, for ward steps, Jean Hutchinson, reporter, Jean Hutchinson; program chairman, Lee Collins; prayer, Charla McElroy; song leader, Cheryl Melvin; social chairman, Carol Collins and Earlene Lewis.

Pianist and stewardship, Ella Kay Hutchinson and counsellor, Jean Hutchinson.

ment on one plan from both House and Senate — and finally — from the governor.

FUND BILL PROGRESSES

House has given second approval to a bill appropriating \$2,527,000,000 for the next two years.

It is slightly higher than the bill passed earlier by the Senate, and eventually differences will have to be worked out by a conference committee of the two houses.

A group of conservatives in the House were foiled—at least temporarily—in an effort to cut the bill by \$27,000,000 through economy measures. Among items they felt could be deleted or put off were recarpeting the House chamber and refinishing members' desks for \$250,000, adding an office for the governor to the Governor's mansion for \$50,000, installation of a sprinkler system on the Capitol lawn for \$20,000 and several other expenses of that nature.

Economy group also wanted to trim back some increases in the bill for salaries and travel expenses for state personnel and eliminate paying legislatures a salary for the period between November, 1960, when the annual pay amendment was approved, and the start of the session in January.

SCHOOL BILLS MOVE

A bill to provide more liberal state aid for sparsely populated school districts has been approved by the House Education Committee.

Rep. Sam F. Collins of Newton is sponsor of the measure which would provide \$378,000 to pay for 90 additional teachers in rural areas. Most of the extra teachers would be for Negro schools.

Objectors to the bill said it would perpetuate the problem of having school districts too small to provide a strong school program.

On the other side of the Capitol, the Senate Education Committee gave reluctant approval to a more economical teacher pay raise plan than the Hale-Aikin plan it already had approved. Sent to the floor was a bill by Sen. Bruce Reagan of Corpus Christi which would give teachers a \$600 a year raise this year, \$200 more in 1963 and \$200 more in 1965. Hale-Aikin provides for \$810 a year more immediately.

ANTI-POLLUTION PUSHED

A bill creating a board to control water pollution is under study by the House Conservation and Reclamation Committee.

Similar bill was passed by the House last session but died in the Senate. Rep. R. H. Cory of Victoria, sponsor of the measure, said that unless the state acts now to control pollution, the federal government will take over.

Under the Cory bill, a nine-member commission would be created with power to cancel an industrial firm's permit to operate if it persisted in activities causing water pollution.

A bill to reorganize the State Board of Water Engineers, somewhat along the lines of the State Highway Commission, is also under study by the same committee. Under the proposal by Rep. Franklin Spears of San Antonio, a chief engineer would be in charge of administrative and technical functions and a board would make policy.

LOBBY BILL DEBATED

A bill to provide additional lobby regulation attracted neither friends nor enemies to a hearing before the House State Affairs Committee.

Pro and con views were presented solely by members of the House before the measure was sent to subcommittee for study. Proposed bill would require lobbyists to file a report showing who received any amount above \$50 spent to influence legislation. It would also prohibit a lobbyist's calling a member off the floor during session without advance permission.

Texas Highway Dept. Says, "See Texas This Year From Tourists Point of View"

Why not see Texas this year from a tourist's point of view? That is the vacation suggestion offered to Texas residents by the State's official tourist agency, the Texas Highway Department.

Many Texans have never seen their own State through a tourist's eyes," explained State Highway Engineer D. C. Greer. "Some Texas residents plan out-of-state vacations because they are unaware of the wonderful variety of scenery, recreation, and historical attractions in Texas."

Greer offered these vacation hints:

For more relaxation and enjoyment, plan your vacation early.

For help in planning it, write to the Texas Highway Department, P. O. Box 5064, Austin 31, Texas.

The Highway Dept. maintains a complete file of descriptive and informative literature on points of interest and special events throughout the State. This material, including Highway Department publications such as the 1961 Official Highway Travel Map, is available free of charge to prospective Texas vacationers.

Vacation outings ranging from full-fledged trips of a week or more down to shorter drives on holidays or weekends can be planned with the help of these free informative pieces. Vacationers writing for information should specify the area of the State they wish to visit and indicate their preference of things to see and do.

Once the vacationer is on his way, more than 60,000 miles of smooth Texas highways make quickly and easily accessible points of historical, scenic, and recreational interest.

"Texans who know their state are aware that the Lone Star State has an unequalled variety of scenery, climate, and tourist

attractions within a few hour's drive. It is unfortunate that we have no funds to make these attractions known to residents of other states through tourist advertising," he said.

Texas has one National Park (Big Bend), four National Forests, more than 600 miles of coastline, more than 50 mountains over 6,000 feet high, and numerous scenic underground caverns, Greer said, as well as many man-made attractions—artificial inland lakes, old cattle trails, restored forts, monuments and museums. More than 50 State Parks are available for outdoor recreation including water sports and camping.

The Texas Highway Department maintains some 1,000 roadside parks offering travelers a chance to rest or picnic.

"Plan your vacation with the aid of the free travel information available through the Highway Department," Greer urged, "then drive on a Texas highway to see Texas from a tourists-eye view."

BEST TAX IS NO TAX

Citizens for Fair Taxation, an anti-sales tax committee, announced, as expected, that its poll showed a majority against a retail sales tax.

It also seemed to show that the people polled were not very much in favor of any kind of new tax. CFT announced that 78 per cent of those opposed were against a retail sales tax on items of 25 cents or more, and 61 per cent were against selective excise or sales taxes if they hit any of the necessities. Eighty per cent were against a personal income tax.

A majority in the CFT poll favored the abandoned property bill, raising franchise taxes on interstate corporations and a corporation income tax.

myself and mail it at the window they won't take but 40 pound of parcel post. Don't ask me why. It's the post office Department that's crazy, not me.

I ain't saying they ain't some excuse for it. Sometimes they is technical reasons for things that don't meet the eye. A feller has to figure all the angles afore he can pass sound judgement on a synepun. I recollect onct when a traveling salesman stopped at ole Pa Sedgfield's house and ask him how fur it was to town. Pa allowed as how it was 4 mile there and 6 mile back. When the salesman ask him how come it was more one way than the other, Pa told him he walked straighter going than he did coming home.

ing on this problem of post office finances so long and getting no place that I figgered I better bring it up at the country store Saturday night. The thing hadn't been in committee more'n 10 minutes till the fellers had it solved.

Ed Doolittle said he was reading last week where our Government has spent \$86 billion on foreign aid in the last 15 year, averaging around \$5.7 billion a year. The post office is coming up short about two-thirds of one billion ever year, so Ed allowed as how we could pinch a little piece of that foreign aid off ever year and pay up the postal deficit. Zeke Grubb claimed that them countries like the Congo and Vietnam would never miss it, especial since the grafters git about half of it anyhow. Bug Hookum went so fur as to favor pinching off a little extra and making all postal services free. He said this would please the constituents and make it nice fer them Congressmen at election time.

If you folks in town has got any problems, Mister Editor, mail 'em to me parcel post and I'll have the fellers put 'em on the agenda for the next meeting. But be shore they don't weigh more'n 40 pound.

Yours truly,
Uncle Ben

Streams in Desert Places

Ozelle Stephens

"The soul that sinneth shall die." "The wages of sin is death." You cannot break God's laws and get away with it. That is just as true today as it was in Jeremiah's day. In studying the book of Jeremiah our hearts ache because of the striking parallel between the erring nation and our own beloved country. They had risen to one of the major world powers. The nations of the earth had honored them for their skills and for their powers.

They had given nations codes of living and statutes of law which have never been excelled to this day. Gold flowed freely in the market place. Silver was brought from Tarshish. But God does not judge men by gold standards. He weighs them upon the scales of justice and integrity.

He looks deep into their hearts for underlying motives, for proper attitudes and inner purity. Israel's outward show of strength was a mask camouflaged her spirit of weakness and shame. She was destroying herself with lust and greed. Do you see the parallel between Israel's state then and our state now?
