Former Knox Residents Killed In Crash

FATHER, TWO CHILDREN
DIE AT R. R. CROSSING

Poor Visibility Due to Snow Believed
Factor in Train-Auto Crash

Ft. Worth—A father and two of his children were killed early Monday when their automobile was struck by a Missouri-Kansas-Texas passenger train at the Bolt Street crossing, a blocks from their home.

The victims, whose death brought the 1938 Tarrant County traffic toll to six were:

T. H. Brock, 42; Clyde A. Brock, 31, driver of the car and Miss Marie Brock, 15, a Pascal High School sophomore student, all of 404 Greenwood Avenue.

A heavy snow contributed to the mishap, investigators said they believed. Visibility was poor when the engine was piloting from Houston struck the Brocks' coupe. Engineer C. E. Stanton reported.

The son volunteered to take his father to work and his sister to school after Mrs. Brock complained of feeling ill Monday morning. The trio left their home at 7:40 o'clock.

A short time later Mrs. Brock learned of the tragedy from a neighbor who went to her home to ask if the car in the crash was theirs.

The elder Brock was being taken to 801 North Main Street, where he was cook, Clyde Brock a cook at the same place, went off duty at 1 o'clock and would have been in bed when the crash occurred had he not offered to make the drive for his mother.

Miss Brock was a student in Pascal High School.

She was a "sweet, fine girl and a fine student," Miss Grace Burket, dean of girls at Paschal, said.

Mrs. Brock was dead when his body was received at a hospital. His grandsons, Mr. and Mrs. J. M. Roston of Ft. Worth were at the hospital when they were notified that Brock was near death.

Soon after she died at 9:40 o'clock Mrs. Rustin were called to another hospital, where the elder Brock's condition was critical. He died shortly after 11 o'clock.

Claude Brock of Ft. Worth, another son of T. H. Brock, and his mother are survivors.

The above family resided in Knox City for a number of years and are well known to the people of this section. Mrs. Brock is a sister of City Marshall Jimmie Stephens. He and other relatives left immediately after being notified to attend the funeral.

Mrs. C. A. Dulaney of Haskell and Mrs. J. J. Jousan of Granger, Texas spent the first of the week with Mr. and Mrs. W. L. Garner.

Mrs. H. M. Thompson is seriously ill this week.

WESTERN RODEO AT ABILENE MARCH, 1-3

Abilene, Feb. 21—A real western rodeo with all the colorful trimmings will be staged during the West Texas Boys Livestock show and world championship rodeo here March 1-3.

This was assured with final contracting of leading performers for exhibition acts and reassurance that the leading performers would come here for the six-event show. Hugh Bennett, former Abilenean, who will serve as arena director for the rodeo, assured officials that leading contestants would be on hand.

Heading the list are Everett Bowman, Hoyt Hefner, Vic Schwartz, Clyde Burks, Jake McClure, Ralph Bennett, Bob Estes, Rusty McGinty, Everett Shaw, John Bowman and many others of the big show.

THE NEW SCRUB WOMAN

BRIEF HISTORY OF KNOX COUNTY HERALD EDITORS

Through the courtesy of Mr. Benedict we are able to give our readers a partial history of the ups and downs of the different editors of the Knox County Herald. Mr. Benedict has been a resident of this county since 1886 and was here before any town of Knox City was ever thought of.

The first newspaper in Knox City was established in 1904 by Don Biggers. The plant was an old obsolete one and was moved from Seymour.

At that time Seymour had two or three papers. Biggers remained here only about one and one half years then he sold to Tom Durham who later published the Merkle Mail and is now somewhere in West Texas publishing a newspaper. After Durham came a man named Atterbury who only remained a short time then the plant was sold to Luther Hammock.

Hammock holds the record of owning the paper four different times. It seems that he would sell out and go elsewhere and return each time and buy the plant back. Hammock first sold to Lee Satterwhite who now resides in Austin. Satterwhite holds the reputation of serving more different districts in the State Legislature than any man in Texas. At one time he was Speaker of the House. At the present time he is a lobbyist at the State Capitol. Hammock returned after Satterwhite published the paper two years and purchased it again and remained here for three years then he sold to a man named Smith who only remained here one year then Hammock again purchased the plant and returned to Knox City for the third time. He remained here this time three years then he again sold to P. A. Womble who in turn sold it to County Judge E. L. Covey who had charge of it for about one year then he sold to a Mr. Nash who remained here for about one year after which Hammock re-

turned and purchased the plant for the fourth and last time. H. B. Sweeney came along in 1929 and purchased the plant from Hammock and published the paper for a few years then he sold to a Mr. Gibson who is now publishing a paper at Petersburg. Mr. Gibson only remained here a short time when Sweeney returned and repurchased the plant and assumed charge again and published the paper until the present editor purchased it three months ago.

The paper here has had several names and no doubt the many editors suffered many hardships and hardships, but the paper has always been able to reach its subscribers since 1904. Some time during 1904 Mr. Lanier of O'Brien moved a plant to Knox City and there were two papers here for a short time. Mr. Lanier is now residing in Crowell. The first Linotype machine was installed by Mr. Sweeney and it is still doing service. The plant was moved last week into the Davis building and more equipment added and we hope to have within the next few months one of the most up-to-date small weeklies in this section of the state.

The Herald is the oldest newspaper in the county and the present editor is going to make it a county wide newspaper as soon as we can secure correspondents from the different localities. If you are interested in seeing Knox County have a real county-wide newspaper aid us in this effort and we will give you a paper at the citizenship will be proud of. We have added more than three hundred new subscribers since arriving here and this was accomplished without reducing the rates. The price is one fifty per year and there will be no reduction so long as price paper costs six dollars per hundred pounds.

Kendall For Representative

TO THE VOTERS OF KNOX COUNTY

As you will notice from the announcement columns of the local newspaper George Moffett who resides in Hardeman County and who has been representing the Legislative District No. 114 which is composed of Knox, Ford, King and Hardeman Counties, for the past several years is not seeking re-election to that office but is asking the voters to nominate him for the office of State Senator from this Senatorial District, therefore I now respectfully announce to you my candidacy for the office of Representative to succeed Mr. Moffett.

In announcing my candidacy I shall not undertake to tout my own horns as to my fitness and qualifications for the office but having lived and worked among you for the past thirty one years I shall leave you to judge of my ability, integrity and fitness without any boasting on my part.

I can not boast of owning two newspapers in the District so shall not expect any free advertising from that source in my campaign and as the newspapers have already given notice that all political matters will have to be paid for in cash my campaign will be made after the manner of radio, that is, "on the air" and I hope my friends will make themselves LOUD SPEAKERS for the next few months and broadcast for me to their friends not only in Knox County but in the other three counties of the district.

I do not feel that any candidate for Representative could at this time be sincere in going out with many promises of securing the passage of lots of laws for the reason that the Candidates for Governor have not yet announced their platforms and as the Governor who will be selected by the people will submit to the Legislature such matters as may be demanded by the people in their State convention any promise as to such things made now might be on some issue that would never materialize.

Now, I wish to be as fair and frank in this campaign as I have tried to be in my dealings with you and so I now say to you, if I have an opponent whom you think will be more fit and qualified for the office, or who will more earnestly devote his energies to securing legislation favorable to your interests, or who is more capable of fighting for your interests against legislation that will be detrimental to the interests of the District, or who will serve you with more devotion than I would, then it is your duty to vote for him, but if you feel that I am fit and worthy of the office I ask that you consider this my personal appeal for not only your vote but for your help in getting my campaign before the people of the District.

If every person in Knox County for whom I have had a kind thought or for whom I have tried to do some kind deed, or whom I have tried to help in their times of worry and trouble, will vote for me and solicit their friends to vote for me, when the Legislature meets in Austin next January I will be there to use my best efforts in behalf of the interests of the people and to raise my voice in protest against any unfair or injurious legislation.

I will appreciate any good word spoken in my behalf or any letter written to others in the three counties besides Knox and now say,

"If you like me as I like you, Help me win and I'll prove true".

Respectfully and sincerely,
J. S. Kendall

Since the Farm Bill has passed both houses of Congress and has been signed by the President a great many farmers of this section have been trying to get a copy of said bill. The Herald editor wired Congressman McFarlane at Washington, Wednesday asking that he send one hundred bills to us that we could distribute among the farmers of this section. We received a message from him late Wednesday stating that the bills were in the mail and they should reach our office at noon Friday. All Farmers who are interested in this bill and desire a copy may have one as long as they last by calling at this office.

UNION GROVE SCHOOL RANKS HIGH IN COUNTY

Among the rural schools to be standardized during the school year 1936-37, Dixon and Union Grove were the only two to meet the requirements. A possible score of 1000 points may be made. 800 points are required for a standardization are to be checked and scored each year by the County Superintendent and Deputy State Superintendent. According to J. Lyndal Hughes, County School Superintendent, the Union Grove school scored 910 points out of 2000 points when he checked the school for standardization for this year. It is possible that the Union Grove school will score 1000 points by the time the Deputy State Superintendent checks and scores the school. Mr. Hughes complimented the school very highly on the quality work being carried on by the students in the Union Grove school under the direction of Mrs. E. F. Branton, principal and Mrs. Ulric Lea, primary teacher. He stated that the school has one of the best home room libraries in the county. Mr. John L. Beard, Deputy State Superintendent, will probably check and score the school during the month of March.

IN THE SHADOW OF THE CAPITOL

By Boyce House

The most brilliant of all the columnists died last week. O. O. McIntyre had an audience of multiplied millions daily because his eye saw the human interest appeal of New York City and its inhabitants, and his fingers could place those little touches of romance, those subtle undertones of color, humor and pathos on paper.

Will Rogers, Arthur Brisbane and Odd McIntyre, each unique and irreplaceable, have vanished from mortal ken. All were admired as writers; McIntyre was regarded as a friend by hosts who knew him only through the printed page and, as for Will Rogers, all of us still feel a pang at thought of his loss.

The elms that line the long walk to the Capitol, their limbs forming an arch, are breaking into feathery green under the unwonted caress of a February sun. . . . And, speaking of that long walk, it is steeply inclined, so much so that one wonders how Senators and Representatives have breath left for debate after negotiating it. . . . It is said that there is a noble view from the lofty dome of the Capitol but one must climb flights and flights of stairs. It is also said that no Austin correspondent has ever gone higher than the fourth

floor. Yes, that's as high as the elevators go.

Over Texas:

The motto of the Frisco Journal is "The only newspaper in the world that cares anything about Frisco."

There's a jeweler in Belton named Stocking and his sign is a huge black stocking clear across the front of the building.

Main street in Bartlett is the boundary line between two counties—Williamson and Bell. Do you know of any other Texas town so situated?

Everett Looney, brilliant attorney despite the mild appearance that blue eyes, gold-rimmed glasses and carefully brushed hair give him, has been in the limelight as chairman of the State Industrial Committee which studied the San Antonio pecan shellers strike. Looney recently decided not to run for Attorney General but he ought to paste in his scrapbook what Clay Cochran, clever political commentator, wrote in the Drag, free-speaking publication read largely by University of Texas students, before Looney's withdrawal from the Attorney General's race.

"Neck and neck are Everett Looney and Ralph Yarbrough. The two men draw support from the same crowd. It is a minor political tragedy that they both seek the same office for in Texas politics there are few men like unto them. Both are young, ambitious, liberal and honest. That's right—I hardly believe it myself."

J. Frank Looie, the famous writer was almost robbed of several thousands and dollars recently. His home was broken into and the burglar discovered the bills though they were hidden in a tobacco pouch. However, the intruder examined the money closely and then threw it on the floor. The bills were issued by the late Pancho Villa, Mexican bandit leader, and of course have no value except for those who are historically and sentimentally inclined.

WHERE BELLHOPS THRIVE

Denton, Feb. 21—Among the quitable figures that might come in handy when visiting relatives are around are those concerning the hotel business. Texas alone has 1,724 of the 28,822 hotels in the U. S. ranking as the seventh state in the amount of receipts in 1935. Delaware has the lowest supply of hotels with only 33, and New York is highest with 2,267. The average per state is about 600.

LITTLE-KNOWN HISTORY ADDS DRAMA TO FILM

Interception of an Eastbound treasure train of California gold by Confederate cavalry, one of the least known yet most dramatic incidents of the Civil War, has been re-narrated for the screen.

Initial scenes of the clash between the Confederates and armed plainmen who escorted the bullion were made near Kernville, Calif., by Producer-Director Frank Lloyd, while filming "Wells Fargo," epic of early American transportation, which opens next Tuesday and Wednesday March 1 and 2, at the Roxy Theatre with Joel McCrea, Frances Dee and Bob Burns heading the cast of more than 2000.

Footage filmed shows the treasure train, comprising six stage coaches and four express wagons, headed by Joel McCrea in the role of a Wells Fargo messenger and Bob Burns as a pioneer plainsman and guide, sweeping down out of the mountains onto a Colorado plain for their charge in-

With more than a hundred picked horses hauling the coaches and wagons and serving as mounts for the outriders, the scene is regarded as one of the most thrilling and most difficult of the type ever filmed. The Magic Carpet and the Carpeteers know all, see all, and tell all—! We observe when we're least expected and we listen when we aren't observed and we "tell it to the Herald" for the Magic Carpet and the Carpeteers.

Tells the Herald all it hears. All it sees and all it knows of the man and where he goes. Of the girl and what she does of their date and where it was. That's the way of the Carpeteers. This week the observant eyes of Carpeteers saw and wondered—

If every one is wondering why Geraldine is playing up to Jelly, since she did him like she did. Could it be that she wants another chance to date him.

If these combinations are as suitable to everyone as they are to those concerned. Junior and Eilyn, Derward and Chrystalene, Denny and Geraldine, Shorty and Aliene, Huk and Winnie, Oscar and Helen, Pets and Katherine, Aliene and J. B. Lee.

If Margarita will ever get the courage to ask Grass to come after her.

If barbering is the only interest Tubby has in the barber business.

If we'll see Ryder's car going toward Black's on the night that Junior gives his party. We think that Mildred is wondering too.

If Curtis is moving in at Chilcoat's anyway soon, what about it Mary Jo?

If Ima Gene considers it good etiquette to not to speak to Geraldine.

If Aline and Winnie really are taking lessons in poker, what about it?

If Joe B. will begin where Leg Len den stopped with the youngest Miss Horne who's first name is Joyce.

HOME ECONOMICS REPORT

The Junior and Senior Home Economics Clubs of Sunset have at last got started on this semester's work and are learning the fundamentals of sewing.

They have all learned the parts to a machine and have their sewing equipment that is required for this study.

They studied materials first and patterns that were suitable for beginners to tackle, as most of them are beginners.

The first thing they made was a cup towel. The cup towel had to be basted and sewed, and most of the girls work turned out very well.

This week they have started making shorts, slacks, or pajamas as a class project. This is interesting to all of them, they are quite impatient to get them made to see if they can be seamstresses.—Reporters, Nellie Prather and Dorothy Gamill.

This is to be the only big concert given by the band this year. The program will be made up of novelty numbers, popular and classical numbers.

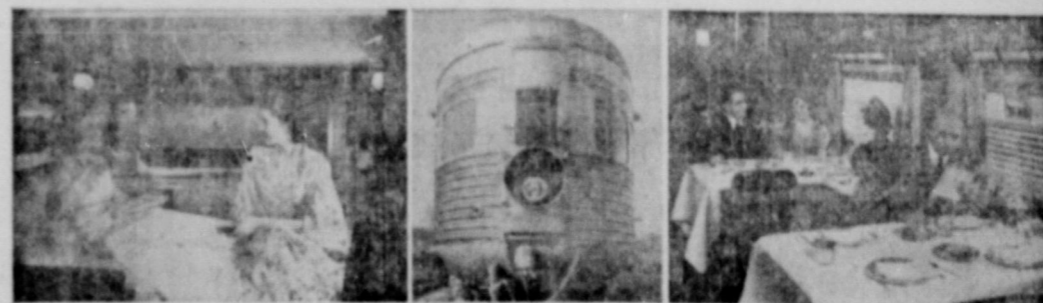

Robert Goree of San Diego, Calif. spent Thursday and Friday with Mr. and Mrs. O. L. Jamison.

Dr. D. C. Eiland left Wednesday morning for New York City where he will take a post graduate course in medicine. He will be away for some thirty days. His patients here and in Munday will be taken care of by Dr. T. P. Frizzell and those in Benjamin by Dr. O. J. Emory.

New Streamliners for Western Travel

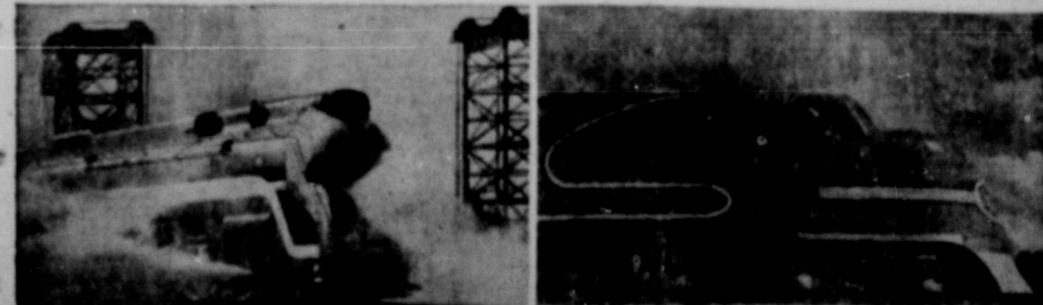

Five of the 13 racing new trains, streamlined in stainless steel, the Santa Fe Railroad is placing in service for California and Southwestern travel. The Super Chief, El Capitan, Chicagoan, Kansas Cityan, and San Diegoan, flag bearers of this new fleet of trains, will be drawn by Diesel-electric locomotives; the famous Chief by giant Pacific type steam locomotives.

The cocktail-lounge, diner and observation car of the Super Chief are paneled in rare woods and decorated in the Navajo Indian motif.

The new El Capitan, 39 1/2 hour flyer between Chicago and Los Angeles, is unique because it is the only transcontinental train in America reserved exclusively for chair car passengers. It is equipped with deeply cushioned reclining chairs, broad windows, large dressing rooms and a lunch-counter diner.

The Iron Horse on the Santa Fe Chief goes streamlined! Its multi-powered steam engine is capable of a speed of 110 miles per hour. (Right) One of the Super Chief's 3600 H. P. Diesel-electric locomotives.

HOWARD HEINZ, President, H. J. Heinz Company (left) closes contract with Grover Whalen (right) for 53,093 square feet at New York World's Fair on which the food concern will erect a unique building. "Knowing your enthusiasm about the World's Fair," remarked Mr. Whalen, "I am confident you will organize an exhibit which will rank as one of its main attractions." "We shall hope to develop something of unusual interest," declared Mr. Heinz.

THE EAGLES ECHO

Published by the Sunset High School

"EAGLES ECHO" DATE IS UP

March 1, is the deadline for buying an "Eagles Echo," so hurry in your order. You will miss something if you don't.

You will notice by your receipts that the balance of your money is due March 1, too. You have about four days yet. Buy one now! Price \$1.50.

WE WONDER WHY???

LeRoy Henderson was so anxious to miss the bus at Breckenridge Saturday.

Fuller Shannon came back with Mrs. Cash.

All of the stationery in the Burch Hotel was gone Saturday. Could there have been many letters written?

So many of the basketball boys wanted to get home early Saturday afternoon.

An "A" Model Ford must have a flat before Mamie gets home.

Mary thinks she is such a Plane Geometry shark.

Hallie Phine is so jonesome. Could it be??

Herbert, Buddy, and J. E. are such good friends.

Payne, Cecil Joe and Howard are all so jealous of each other. Could it be a Soph girl? Don't fight boys.

Odis Smith was in town Saturday night.

Miss Spraggins had one eye closed all evening Monday. Some people are so interested in writing things on Miss Spraggins letters.

None of the Sunset boys like bad weather. Well, I mean on week-end.

Who writes this column?

Cleta came over to see E. G. one day in such a high temper. Oh, well, she's red headed too.

La Verne and Faye Heath became such good friends.

Askalon got home so late Sunday morning, or did he get home?

Several Junior and Senior boys have already made plans to go to Knox City's Junior play. As the old saying goes, "The early bird catches the worm."

E. G. changes girl friends so often? Who's next E. G. or will there be a next for awhile?

SUNSET PERSONALS

Following is a list of the people who accompanied the Sunset Senior boys to Breckenridge Saturday when the boys met Breckenridge in the district tournament:

Mr. and Mrs. L. M. Palmer, Mr.

and Mrs. R. R. Davenport. Mr. and Mrs. T. J. Partridge, and son, Donnie Partridge, Mrs. W. C. Kimbrough and son, Mr. T. W. Harber. Mrs. Otis Cash. Miss Lois Spraggins. Miss Ema Faye Hutton, Faye Marie Partridge. Frances Gray. Hallie Phine Clarke, Dorothy Shaver. Raymond Hardin, Ausa Cluck. Clyde Yeast.

Mr. and Mrs. N. T. Underwood went home to Brownwood this week end.

Kenneth Whitmore is in the Knox County Hospital following an appendicitis operation.

Orville Strickland went home to Graham accompanied by Junior Matthews, they have not yet returned, but are expected by the last of the week.

Miss Lois Spraggins spent the week-end with Mrs. Otis Cash at Knox City.

Buddy (Runt) Bumpas spent the week-end with Herbert Partridge.

Mr. and Mrs. Akins of Benjamin and Mr. and Mrs. T. J. Partridge spent Sunday with Mr. and Mrs. R. C. Partridge.

SENIOR REPORT

During the past few days the seniors have been studying speeches of famous men from the time of George Washington down to the administration of our present president. They have traced the gradual change from informal one of Theodore Roosevelt's time. Abraham Lincoln as we might say "broke the ice" in his Gettysburg Address. He pulled a fast one on the cameramen who were getting ready to take his picture. Before their cameras were in readiness his address was over. It seemed that since the time of radio the speakers have gone back to the old style. Anyhow we can shut them up when we get tired of listening to them.

The Civics class is spending the last semester in a study of state and local government. This is expected to be of additional interest because they are intending to hear a trial sometime during the next session of court. They are going to stage trials, impeachments and debates. This will be very interesting and at the same time they will learn the duties of our state and county officials.

JUNIOR REPORT

The Junior Class received the play books that they ordered and have selected their play for this year. They think that their play, "Cheerio, My

Deario," will be even better than the play the Juniors put on last year, and you will all remember what a good play it was. The characters for the play have not been selected yet, but the parts will be assigned this week and they will start working on the play in a big way next week. The time for the play has not yet been set, but will be the latter part of March.

FRESHMAN CLASS REPORT

The Freshman class is very happy to have as a student, Mildred Sexton of Osewego, Oregon. We freshmen sincerely welcome Mildred into our group.

Monday was a pleasant day for the pupils, but probably it wasn't so pleasant for several of the teachers.

It looks as if the freshmen are going to be artists, as they are having to draw illustrations to represent the characters in Ivanhoe.

The Freshman class is the best in high school, (we think) so come on Fish, let's keep it that way.

The Freshman class reporter informed us that he is busy writing English Themes so that he failed to get in all the freshman news; so we present to you one of his themes.

EXCUSES FOR LATE WORK AT SCHOOL

When Monday morning comes and the pupils file into the English room if a theme is due many of the pupils are hurriedly recopying their themes in ink etc. If asked why their work is late the answer is, "I forgot about having to do this; I could not think of anything to write," and many other similar excuses.

If the assignment deals with diagrams, parts of speech, or sentences, pupils hurry to class, open their books and work harder in two minutes before the teacher comes to class than in fifteen minutes before class.

The general excuse for this is not having time enough, not understanding the assignment, forgetting and leaving English book at school, busy working over due work, or a ball game had been attended.

Most of the time the real excuse is, "I got too sleepy and could not study," "my favorite movie star was on the screen last night and I just had to see the picture," "I had started a book and wanted to finish it," "I had just received the latest issue of the Modern Screen, and wanted to see what was new in Hollywood," "I had to take my best girl to the movies." All of these excuses are used, but the main difficulty is, "I did not want to work on my English; it was too difficult."

JUST HUMANS

By GENE CARR

"Look Wot Some Sap Stuck in th' Road!"

Lack of equipment is one thing that keeps one from making good grades. To do the best of work, one should own a good dictionary, a good writing pen, plenty of paper and ink, notes taken both in and out of class, and above all "will power" enough to work on the subject.

The disposition of the pupils is ninety per cent of the grade. The pupil who sits in class as if asleep, or in deep thought, misses most of the lesson. A pupil who comes to class and acts as if he (or she) would just as soon be up town, or any place instead of school might as well be at home, because he is in school only in body, while his mind is elsewhere.

Education is the main thing in life because if you have no education, about the only thing to do is dig ditches etc. While a well educated person has a good place in the world.

EAGLES LOSE TO BUCKS

The Sunset Eagles met defeat in their first game at district. They played the Breckenridge Buckaroos Saturday morning and were defeated with scores of 41 to 27. The Eagles were dead on their feet and could never get started. They rang up six field goals during the entire game. Although they had better luck on their free shots and made 15 out of 17. The tournament was won by Cross Plains.

The Eagles wind up their basketball season by entering the State A. A. U. tourney at Munday next week end.

SUNSET SENIORS ON PARADE

By Frances Gray
Nell Marie Nix
Nell Marie Nix was born May 20, 1920. Nell entered Gillespie in 1926. She went to school there until she was in the third grade. She entered Sunset when she was in the fourth

grade. Nell played indoor baseball while she was in the fifth and seventh grades. Then, when she was a freshman in high school, she played on the high school junior baseball team. Nell lettered in basketball three years and volleyball two years.

As freshman, Nell was president of the two classes. This year she was editor-in-chief of the school paper and also of the school annual. Nell was elected the most popular girl at Sunset High School this year.

Favorite color blue, Hobby running around, sport, basketball.

Nell plans to attend Draughn's Business College at Tyler, Texas after she finishes this year.

SNOW

How peaceful and how calm it is. Who can doubt the tender work of God? Who can feel unhappy and forlorn when a white blanket has been laid around us to give us a feeling of warmth, security and restfulness. Even the old as well as the young press their noses against the window

panes to watch the flakes come hurrying down, sometimes slow or fast, sometimes thinly or thickly. What is more delightful than to get out in the snow, throw snowballs and build funny looking snow men.

In my opinion the country is prettier than any other place when it is covered with snow. You can see nothing but white for miles and miles. Occasionally you see a house or cattle in the distance.

The sun shining down makes the snow glisten as some rare gem that has been uncovered for the world to see.

So you see, who could resent the beauty of snow?

Dorothy Garrett.

Mr. and Mrs. Ancil Waidrip spent the week-end in Ft. Worth and Throckmorton.

KNOX COUNTY GIRL DENTON FAVORITE

Portraits by the Doherty

Denton, Texas—This year's balloting for "favorites to be honored in the 'Yucca', student annual at the North Texas State Teachers College has seen the selection of the five prettiest examples of female pulchritude in the history of the school, says Harry Black, "Yucca" editor.

Black offers the pictures above as

proof that the public places beauty high on its list of traits that determine popularity. Traditionally North Texas elects favorites rather than beauties, and hence includes two men among the seven students honored by the "Yucca".

Miss Mary Green, junior from Roscubud, was the only blonde among the seven Teachers College popularity

aces. Miss Evelyn Hunt, junior from Denton, ranked first among the girls. Other favorites: Miss Sylva Barnes sophomore from Munday; Miss Mary Kendrick, sophomore from Dallas; Miss Elmo Joy Wilson, junior from Hamlin; Clyde Heath, senior from Venus, and Bowen Evans, senior from Denton.

1937 BANNER YEAR FOR SALES OF KITCHEN RANGES

Keeping abreast of the gas industry of the Nation, the Abilene division of Community Natural Gas Co. reports more modern gas ranges purchased for kitchen modernization during 1937 in this section than for any previous year.

The industry throughout the nation reports the greatest annual surmount of ranges for domestic use since 1923 the peak year. In 1937 however, sales reached 1,600,000 gas ranges, a gain of 10 per cent over 1936. The local gas company reports an even greater increase.

Further growth in popularity of gas ranges is indicated by additional national business statistics just released to M. L. Baird, division superintendent of Community Natural Gas Company. In 1937 alone the sale of gas ranges was greater than the next nearest competitive industry had in total domestic use.

Gas water heater national sales also increased 20 per cent in 1937 over 1936 with Community Natural Gas Company reporting a 40 per cent increase in its territory.

Also shown by 1937 national statistics is the fact that back of each gas industry worker stands an average investment of \$37,000 for rendering gas service. Is more than either the steel, railroad or automotive industry has invested per worker.

The survey shows that national gas industry has a greater capital investment than the steel industry one of the most basic of the great national industries. Wages paid by the gas industry are higher than those paid by the steel or automotive industries.

While the average gas industry employee worked 48 hours per week in 1929, the big year, 1936 salaries were slightly higher, even though the average employee worked only 40 hours per week, and important contribution by the gas industry to improved living conditions. Baird said

Lloyd Lyall Davis has been ill for the past two weeks, but he is better at the present time.

Mrs. Dave Whitford has been confined to her home for two weeks because of illness, but at the present she is reported to be improving.

RUFUS CARR CHARTER MEMBER OF NEW CAMPUS ORGANIZATION AT BAYLOR

Waco, Texas, Feb. 21—Rufus Carr of Knox City, is one of 14 charter members of a newly formed Current History forum that has been chartered by Dean E. N. Jones of Baylor university. The new campus organization will limit its membership to 40.

Purpose is to study current history in the making with papers, detailed reports and talks at regular meetings.

Officers are: Robert King, Odgen, Utah, president; Ernest Jett, Liberty Vice-president; Addie Truett, McKinney, secretary-treasurer and Kenneth Wood of Corsicana, reporter. The club is sponsored by C. C. Murdock of Rusk, a member of the history faculty here.

Mrs. O. W. Cassey spent Tuesday in Seymour.

MORE ABOUT COTTON

"The Texas cotton crop is the most valuable crop grown in a single political subdivision in the world," says the New World Almanic, published by the New York World-Telegram. Another startling statement included in the write-up is that the value of the average Texas cotton crop is almost as much as the total value of the production of gold, silver, zinc, lead and copper mines in the United States.

Mrs. Doris Moody is in Dallas this week attending the State Beauty Trade Show. She was accompanied by Miss Cora Westerman of O'Brien.

Miss Wynette Farmer had as her week-end guest, Miss Mary Moore of Munday.

Mrs. H. B. Steele of Abilene was the week-end guest of Miss Willis Jones.

HERITAGE OF NAMES

Most Texans have heard that their own state is named after an Indian word meaning "friends" or "allies," but few may know that twenty-four states in the union have names derived from Indian words. Among those that are particularly colorful are Connecticut, which means "River of Pines"; Mississippi, "fish river"; Oklahoma, "red people"; Alabama, "I clear the thicket," and Arizona, "dry belt."

Mr. and Mrs. E. B. Britton and daughter, Wanda, of Stamford spent Sunday afternoon with the Propps family.

ATTENDS MUNDAY BANQUET

Dr. T. S. Edwards, Dr. Frizzell, Roy Baker and the editor attended the annual banquet of the Munday Chamber of Commerce Friday night.

Dr. T. H. Taylor, president of Howard Payne College of Brownwood was the principal speaker of the evening and the attendance was estimated to be about one hundred and sixty, including guests from Olney, Wichita Falls, Abilene, Haskell, Goree, Benjamin, Rhineland, Vera and Knox City.

T. G. Bengel, local manager of the oil mill was re-elected president. W. R. Moore, vice-president and Mrs. Louise Ingram, secretary.

Miss JoNell Robbins, a senior at Hardin-Simmons University, Abilene spent the week-end in the home of her parents, Mr. and Mrs. T. E. Robbins.

Burriss Teaff of Abilene spent the week-end with his father, E. Teaff.

Cupid Swamps the Postmaster

Cupid's arrows were piled high in the post office at Texas State College for Women in Denton on Valentine's Day. Harrassed Postmaster George Weaver announced later that more than 1,500 packages were delivered to the college girls.

In addition to sending hundreds of heart-shaped boxes of candy, true loves of the 2400 girls also contributed about 4,000 paper Valentines to the U. S. mail service. As he displayed the largest box of all, a six-pound bit of sweets, Mr. Weaver commented that this was by far the biggest rush of the year.

SIDELIGHTS

By Marvin Jones
Member of Congress from Texas

The new farm bill will be of much benefit to the great Southwest. In working out the measure, the Congress has endeavored to provide a broad national program which, at the same time, can be fitted to conditions existing in the various regions and which will best serve the interests of the farmers in these regions.

One of the features that is especially desirable for the South and South west is the one which makes the payments to the farmers who conserve their soil regardless of whether there is actual production. Representatives from many sections wanted to be made only on actual production. Of course, such a program would have reduced the payments in drought years to almost nothing just at the time when they are most needed.

Fortunately we were able to retain in the bill as finally adopted a provision that payments should be earned by the acreage planted and the soil treatment, regardless of whether the land actually produced to the Southwestern area.

In addition, the allotments will be upon the basis of seeded acres rather than on the production.

Another matter of prime importance is the provision for an effort to secure a better freight rate structure for farm products. There has been entirely too much discrimination against agricultural products in the freight rate schedules that have been approved by the Interstate Commerce Commission. Heretofore there has been no one whose business it was to see that these discriminations were removed and that proper adjustments were made so that a larger per centage of the ultimate price paid by the consumer would go to the producer.

Provision is also made for use of a proportionate share of tariff collections to promote expansion of farm markets, both at home and abroad.

Our section of the country has been peculiarly fortunate in that we have been able to secure in the farm bill a provision which takes care of droughts and crop failures, and that we have also been able to secure provisions that protect in every practical way the live stock producer as well as the farmer.

The question of the success of the measure will depend largely on the cooperation of the farmers and livestock producers in whose interests the legislation has been passed. They can do much to help make it a success and of course no measure can succeed without their support.

Amendments may be necessary from time to time but the movement for a square deal for the producers of farm and ranch products must go on.

W. V. Favos of Benjamin is attending a meeting of State Highway workers in Lubbock this week.

Mr. and Mrs. Fred Moody, Miss Cora Westerman and Jack Vannoy spent Sunday afternoon in Abilene.

DO YOU REMEMBER?

From the files of the Knox City Journal Feb. 23, 1923.

The Charles Leroy Teague Post No 229 of the American Legion gave a show at the Texas Theatre Monday and Tuesday night featuring Douglas Fairbanks in "When the Clouds Roll By." The show netted the Legion something like \$15. This is the first of a series of 4 shows to be given by the American Legion within a few weeks in order to fix up the Legion Club house.

The city has this week opened a new street that lies between the high school building and the Baptist church. This street is about a half mile long and ends at Central Ave. on the west. This helps the appearance of the City much and also is a great help to the traffic.

Roy Smith went to Spur Wednesday in the interests of the Bryant-Link Co's Store.

Dr. T. S. Edwards, Dr. T. P. Frizzell, Roy Baker and W. L. Garner attended the Munday Chamber of Commerce banquet held Friday night.

Mr. and Mrs. A. B. Reese were Rule visitors Sunday afternoon.

Mrs. George Hardberger has been ill for several days but is now slowly improving.

SOS From Inside Ship's Boiler Saves Life of Doomed Seaman

TRAPPED in the boiler of an ocean liner when crew members clamped down the manhole plate and turned on the water preparatory to firing up, James Elwood, of New York City, escaped by seconds from drowning. A small flashlight pointed the way to his rescue.

Elwood, second engineer on the liner, had gone into the boiler to complete a repair job. He had been at work for about five minutes when he heard a sound that froze him. Up at the far end of the boiler, where he had entered, he heard someone slam down the manhole cover and clamp it. Almost at the same time water began pouring into the boiler and rising around his legs.

Water was now coming in so fast that it was up to Elwood's waist as he started back, wading and feeling with his feet for the hammer. He could not see much below the surface with his light because of the reflections on the rushing water. He continued his blind search, but fast losing hope as the flood rose about him. Finally by luck he noticed that if he held his flashlight at a certain angle, he could distinguish objects on the bottom of the tank. Soon he saw the hammer, and by a series of plunges he managed to grab it and bring it up. He fell to beating with it on the sides of the boiler.

"Water was up to my armpits when a fireman heard my pounding and opened the manhole," Elwood said. "A few minutes more and I would have been drowned. For one thing, if my flashlight had not worked—if just one of those batteries hadn't been fresh when I put them in—I would not have had those extra minutes. It's just a case of a little common sense and a lot of luck."

Elwood has worked on world-cruise ships almost exclusively for the last thirteen years. In that time he has been in the ports of practically every country in the world.

1-MINUTE SAFETY TALKS

By Don Herold

Don't Be A Statistic

We can read that 36,800 people have been killed by an earthquake in Japan, and it doesn't make as much of an impression on us as mashing our own finger in a screen door.

We read that 36,800 people were killed, and 967,840 injured in automobile accidents last year, and it isn't so very impressive or depressing, because they are fairly well scattered and remote. Just a lot of people we don't care about.

There is nothing much in such figures to stir us emotionally to fear or caution or to a resolution to drive with exceeding care, ourselves.

Nature, darn her, blesses and curses us with a feeling that WE are going to be exceptions. It takes an unusually intelligent man to read statistics and say: "I'm just as liable to trouble as one of these 967,840. I'd better watch out, or I'll be a statistic, myself, someday."

I mean to make you cringe. I mean to make you hurt a little when you read these automobile accident figures, issued by The Travelers Insurance

Company. I mean to make you subject yourself momentarily to the painful process of imagining one of those 36,800 or 967,840 to be your own child.

Then multiply that wave of anguish by 36,800 or 967,840. Every one of those bleak human units was a precious bit of life to someone. What a major national calamity our automobile toll is when we consider it in this light!

Why try to get home a half hour sooner on Sunday night, why attempt to add 25 miles to your day's trip, why go 70 or 80 miles an hour, just for the fun of it, when you should be doing 50 or 40—when the gamble is with life as precious as the life of that youngster in your own back seat or that somebody else's youngster chasing a rubber ball into the street, or even the life of a fairly cheap adult?

When you read these accident statistics, remember you are not reading of toothpicks or matches; you're reading of 36,800 times your own little Bill or Mary or John or Anna.

LOCAL MUTUAL AID ASSOCIATIONS

The large service rendered by Texas Local Mutual Aid Associations is clearly set forth in the Annual Report of the Board of Insurance Commissioners of Texas, This report for the year ending December 31, 1936, which is the latest report available at the present time, shows claims paid during 1936 of \$1,630,779.57. This represents an increase of \$149,636.49 over claims paid during 1935.

Local Mutual Aid Associations are shown in this report to have had on hand a combined mortality fund of \$852,759.71 on December 31, 1936, which is \$184,576.68 more than the corresponding figure for 1935.

During 1936 these Companies, serving a limited territory surrounding their home offices as their name implies, increased their membership by 35,696, the total membership as of December 31, 1936 being 332,978.

The above figures speak for themselves concerning the benefits of insurance in Texas Local Mutual Aid Associations and the soundness of the Companies as a whole. They are also indisputable evidence of the confidence of the people of Texas in local mutual aid insurance and their approval of the plan whereby these companies furnish life insurance protection at a very moderate cost.

These Companies issue policies of small denominations as well as for larger amounts and usually permit payment of premiums on a monthly basis, which places insurance within the reach of all alike. Thus, through these Companies, people in very moderate circumstances may receive the benefits of life insurance protection for their loved ones when they might not otherwise have this opportunity. Nearness of the home office to the large majority of the policyholders make possible a more personal service and often a more prompt payment of claims.

For several years, Texas Insurance Laws have been greatly strengthened by more rigid supervision. This supervision caused many local Companies to accept and operate on what is termed a "Flat Rate" basis, which forces greater need for more careful investigation of each individual risk, before policies are issued. This is responsible for the present stability of Local Companies who operate within a smaller territory where they may know and investigate more thoroughly their applicants than formerly.

Miss Juanita Morgan of Haskell spent Sunday and Monday with Miss Ona Galloway.

Miss Agnes Branch has been confined to her home for several days with a sprained ankle.

METHODIST CHURCH

Our Training School closed last Friday night. In spite of the rainy weather we had a good class. Six credits were issued to Mrs. C. C. Hoge, Mr. and Mrs. C. E. Ball, Rev. U. S. Sherrill and Misses Mary Frances Hicks and Pauline Benton.

The Knox County Singing Convention will meet in our church on Sunday, February 27, at 2 p. m. Every one is invited to attend the singing.

On March 13, President Thomas W. Brabham of McMurry College at Abilene, with twenty five students from the college will be with us for an all day meeting. An old fashioned basket dinner will be served at noon, and the Young Peoples Department will render a program in the afternoon. The McMurry students will render special music for the morning and evening services.

The services for next week will be: Sunday School, 9:45 a. m.; preaching 11:00 a. m.; preaching 7:00 p. m.; W. M. S. Monday 3:00 p. m., prayer meeting Wednesday 7:30 p. m. You are always welcome at our church.—Uraj S. Sherrill, pastor.
