Streams In Desert Places

BY OZELLE STEPHENS

Today we find many who are doubters; they become wildly enthusiastic over adventures into space, and diligently study to solve the mystery of the planets, but discredit the divine power behind all creation. I would ask you to study the 19th Psalm, "The heavens declare the glory of God, and the firmament showeth his handiwork". This world is too wonderful to have been made by freakish acts of nature. What is nature without God?

To seek knowledge is good, but study to have understanding. "Day unto day uttereth speech and night unto night showeth knowledge". We can be enriched by making David's prayer in this Psalm ours. "Keep back thy servant also from presumptuous sins . . . Let the words of my mouth and the meditations of my heart be acceptable in thy sight, O Lord, my strength and my Redeemer."

Highway Patrol Plans Safety Measures For 4th

While the drivers of Texas are making plans for 4th of July trips and outings, the Texas Department of Public Safety is getting ready for "Operation Motorcade," a five-day vigil of tabulating and reporting traffic deaths in Texas, stated Captain J. W. Blackwell, in charge of the Highway Patrol for this district.

Captain Blackwell said that "Operation Motorcade" will be placed in effect from 6:00 p.m. Wednesday, July 3, and continue through 11:59 p.m. Sunday, July 7, 1968. It is estimated that 38 lives will be lost during this five-day period.

In order to increase surveillance over the heavy holiday traffic, additional Department of Public Safety personnel are being assigned to augment the Highway Patrol. These patrolmen have been instructed to be alert for and direct their enforcement efforts toward those violators that most often cause an accident. Every effort will be made to remove drinking drivers from the highways.

"Since police traffic surveillance cannot cover the entire street and highway system in Texas every minute of the day, the big hope for safe driving rests with the individual motorists," Blackwell concluded.

History Of O'Brien

CHAPTER V (Continued)

It was in November of 1930 that Mr. Carney was paid \$1.00 by Carney Independent School District for seven lots in block 52. This added more room to the campus.

In 1930-31 the boys of Carney Independent School were showing their ability on the basketball court. They won county and went on to a district play off. The game was either played in Stamford or Anson. Abilene High School won the play off.

Milton Rowan remembers the group entering in a tournament somewhere at this time, playing indoors at night. Never had they seen such bright lights. It seemed to blind the boys for a while. On the occasion, the team playing O'Brien was Mankins. One of the Mankins boys kept antagonizing Sam Johnston, causing Sam to foul him. After three fouls coach told Milton, who was substituting, to run over that old boy. He did just that causing both Milton and the Mankins player to get thrown out of the game. O'Brien won second place in the tournament.

About 1931 or 1932, a building in down town O'Brien was converted into a gym. It was the best gym in Haskell County. Door keeper or money taker was Dave Vannoy.

From about 1930-1933 the girls had an outstanding basketball team. Some of those who played were:

Stella (Rex) Carver, Audie (Walsworth) Johnston, Doris (Woods) Logan, Johnny (West) La Duke, Faye (Rex) McMahan, Margurite (Walsworth) Madden, Katie Lou (Cothard) Hutchinson, Evelyn Smith, Eloise (Angle) Allred, and Bea (Reed) Ellis.

These girls were coached by Rubye Nicewarm and Mr. Cunningham. They usually went in any car available, riding perhaps in rumble seats and on running boards. Mr. Rex and Mr. McMahan were very obliging. Sometimes the players came right from the cotton patch to the basketball court, but this did not detract from the seriousness of the game. Nerve pills were sometimes needed, they became so nervous. At this time there were no warm-ups and no dressing rooms. The girls sometimes wore their father's kakis, as warm-ups.

In about 1935, the school building burned. The new one was completed in 1936. It sported a complete new gymnasium. The boys celebrated that year by going to Regional in basketball. The players were: J. H. Rex, Woodrow Vernon, Wilbern Blair, Willard Emerson, Junior Reeves, High Carver, Reaford Roberts, Jack Johnston, Irby Carlisle, Joe Fletcher, and perhaps others that go unnamed.

Their coach was Jimmy Wyatt.

In 1937 the O'Brien girls began to play a different game. Volleyball became a part of the girls' athletic schedule and they lost no time in becoming adapted to the game winning first in the ACC tournament that very year.

In 1938-39, Jimmy Wyatt's

basketball boys played for district in Breckenridge. Junior Reeves won every medal given in the tournament. (High point and most valuable.)

The girls, the same year, won the Brazos Valley League in basketball, with Lillian Logan coaching. Jean (Sellers) Barnard, Floyce (Reed) Leach, La Una (Johnston) Hester, and Lois (Elmore) Manley, each won a basketball medal.

1940-1941 were big years for Carney Independent School. The first football game was started with Jimmy Wyatt as coach.

Members who made up the first "Fighting O'Brien Bulldogs" were:

Loyce (Blue Eyes) Dennington, R. P. Barnard, Claudale Barnard, Harold Emerson, James Hewitt, Melvin Stephens, Sonny Hughes, T. W. Standfield, Tom Carlisk, Coy Hewitt, Arnold Reeves, T. H. Gothard, Raymond Elmore, J. D. (Chief) McGregor, Mac Sellers, Alton Hester, Jack Young, Kenneth Johnston, Harold Riggins, Floyd Burleson, and others whose names are unknown.

Several boys had never even seen a football game much less played. The first football field was across the street and a little south of the Old Baptist Church. Ground was broken about knee deep with a breaking plow. There was no grass; just dirt and stickers.

It was in the same years that the Bulldog Peg Squad was

organized. It is the O'Brien School either written by ton or Mr. Weston the girls were little basketball.

"Melanie Meddles"

By Melanie Whitley

Monday was our seventh wedding anniversary. I was telling our two daughters about our wedding.

"Did we go?" asked the five-year-old.

"No, we didn't go," the wise one said, "Some lady kept us."

Mr. and Mrs. Ernie Wilson appeared in the Shelton column of the Wichita Falls Record News Saturday morning.

Mr. Wilson asked his wife not go round telling things like that anymore. Mrs. Wilson assured him, the rate of her talking being what it is, she probably would.

Without people like them a newspaper wouldn't be very newsy; the kind of people who don't mind telling a good one on themselves. It's too bad they are outnumbered by the ones who say, "Don't you dare put my name in the paper."

One round of applause for President Johnson for trying to lower the voting age to eighteen. A lot of sound votes are wasted between the ages of eighteen and twenty-one, when people are going to high school and college, taking all kinds of government and history courses, and know what's going on. If they're not ready to vote then, they never will be.

It's going to be interesting to see what comes out of the Johnson administration before his year is up. We will see what a President would do if he could only serve for one term and didn't have to worry about placating everyone because of upcoming elections.

Mrs. Carl Kainer, the former Mary Nelle McElroy of Knox City, is a budding poet and during the last half year has had several poems published in magazines. The following poem appeared in the 1968 Lyrical Iowa, quite an accomplishment since only 275 of 4,000 poems submitted were published.

INDEPENDENCE DAY

So I went to the designated place and watched from a grassy slope.

The audience soon tired of the bombs which left only a dull hope
And cheered only the colorful rockets bathing the sky in lights.

Later that evening I heard the newscaster say,
"Three Iowa soldiers were killed in fighting today."

Still I sat behind the fence and watched the bombs.

Mr. Farmer! Mr. Businessman! WE NEED YOUR HELP.

Cotton is by far the major income crop in the Rolling Plains, accounting for about 40% of total agricultural income. Annual sales average well over \$50 million. Processing, transportation, storage, and insurance provide additional millions. Farmers are the biggest users of gasoline, tires, machinery, fertilizers, insecticides, and credit. The majority of all citizens in this area directly or indirectly, depend on cotton for most of their income.

Rolling Plains Cotton Growers, Inc., is a local non-profit organization, chartered by the State of Texas, to promote the welfare and protect the interests of the cotton industry in the 32 county Rolling Plains area. Activities are carried out under the direction of a 64 man Board of Directors, 2 from each county, who serve without pay. The organization has been tremendously successful, and has earned State and National recognition.

RPCG depends on voluntary contributions for operating funds. Due to the short crop in 1967, income was reduced 25%. Costs are up. We must have additional funds to continue to represent this area.

Help your neighbors! Carry your share of the load! Mail your contribution today to Rolling Plains Cotton Growers, Box 1108, Stamford, Tex. 79553.
