

MRS. JOHNNY EUGENE HUNTER

### Hunter Vows Solemnized In Methodist Church

Mr. and Mrs. Frederick W. Pape of Munday and parents of the groom are Mr. and Mrs. J. E. Hunter of Munday.

The nuptial area was enchanted with a green arch featuring white bella and gladitoli accented with twin seven braced candelabra with white tapers. Given in marriage by her

father, the bride wore a formal empire gown of imported Italian Crepe. Lace motifs accented the A-line skirt and chapel train. Her bouffant veil was attached to a headpiece of pearl loops and daisies. She carried a cascade of white gladioli centered with an orchid.

Miss Jeanette Vinita of Knox City was maid of honor. Miss Dorothy Herring of Knox City was bridesmaid and Miss Judy Hunter, sister of the groom was Junior bridesmaid. They wore formal Empire gowns of sculptured daffodil yellow cotton. Their veils of yellow tulle were attached to a yellow fabric rose and they carried a single stemmed yellow gladioli.

Lt. J. L. Hunter of Del Rio was his brother's bestman, John Lee Nelson and Clyde Burnett served as groomsmen, Ushers were Johnny Smith, Eugene Brown and Henry Pape, brother of the bride, of Fort Worth.

Miss Patti Partridge was organist and Miss Linda Welch was soloist. Henry Pape lighted the candles.

A reception followed in the Fellowship Hall. Assistants were Mrs. Noraline Willoughby, Miss Penny Patton, Miss Jackye Leflar, Miss Diane McMahon registered guests.

The couple will make their home in Longview where the groom is employed by the Lone Star Steel Co. of Lone Star.

Mr. and Mrs. J. E. Hunter, parents of the groom, were hosts to the bridal party for a rehearsal dinner at the Shamrock Cafe.

### Little Girls Find Spring's In Fashion

This year, little girls will find Spring's in fashion for them. Along with the traditional pretty, ruffled Easter dress with full skirt, frilly collar and cuffs, there will be a myriad of bewitching looks to choose from—a veritable fashion explosion of color, fabric and style.

Three major color tones will make their appearance this Spring. Soft cotton candy pastels like coral, blue, mauve, melon and apricot will be in full force. New neutrals like cadet gray, frosty chamois and off-white will spark new interest in these perennial favorites. And the tri-color, those grand old patriotic colors of red, white and blue will make a come-back in snappy new outfits with a nautical or sporty look.

Little girls will look more romantic than ever in sheer voiles, dotted Swiss, lenos and cotton lawns. But, according to Cinderella, makers of fashions for little girls, textures are also coming up strong with puckers leading the way with the crinkled ribbon look. Knits will be soft and loopy, extra-spectacular with new texture. Cottons in chambray coverts or shirting weights confirm the haberdashery look this season. Linens will perform importantly in rayon blends and heavier cottons such as piques, matelasses and jacquards. And, of course, that super-great performer, permanent press, will be increasingly evident.

The password for this Spring's fashions is individuality. Pocahontas or Juliet, Gypsy, Spanish Gaucho or Victrola Peasant—any little girl will be able to choose from this great new costume looks. Styles will range from the beruffled and bewitching romantic look to dashing sport separates like a trimmed bolero over a contrasting shirt and skirt.

High fit 'n flare silhouette, bold unusual prints, new midriff interest—in short, everything big girls' fashion has this year, little girls will have too—and more!

### Meanest Mother

Most of the time The Rambler devotes his space to the lighter side of life—to small bits and pieces which require no particular mental effort to read and understand.

But now and then—well, former Tulsa Mrs. James M. Fleming, now of Jacksonville, Fla., has just sent me a copy of an article which is a little different, and I would commend it to you.

Credited to a Bobbie Pingaro, it is titled "The Meanest Mother." It starts out:

"I had the meanest mother in the whole world. While other kids ate candy for breakfast, I had to have cereal, eggs and toast. When others had Cokes and candy for lunch, I had to eat a sandwich. As you can guess, my supper was different from that of other kids, too.

"But at least I wasn't alone in my sufferings. My sister and two brothers had the same mean mother as I did."

And the story of "The Meanest Mother" continued:

"My mother insisted upon knowing where we were at all times. You'd think we were on a chain gang. She had to know who our friends were and what we were doing. She insisted if we were gone one hour or less—not one hour and one minute.

"I am nearly ashamed to admit it, but at times she actually struck us. Not once, but each

time we had a mind of our own and did as we pleased. That poor belt was used more on our seats than it was to hold up Daddy's pants. Can you imagine someone actually spanking a child just because he disobeyed? Now you can see how mean she really was.

"We had to wear clean clothes and take baths. The other kids always wore their clothes for days. We reached the height of insults because she made our clothes herself just to save money. Why, or why, did we have to have a mother who made us feel different from our friends?

"We had to be in bed by 9 each night and up before 8 the next morning. We couldn't sleep until noon like our friends. So while they slept—my mother actually had the nerve to break the child labor laws—she made us work. We had to wash dishes, make beds, learn to cook and all sorts of cruel things. I believe she laid awake at night thinking up mean things to do to us.

"She always insisted upon our telling the truth, the whole truth and nothing but the truth, even if it killed us—and it nearly did.

"By the time we were teenagers, our life became even more unbearable. None of this tooting the horn of a car for us to come running. She embarrassed us no end by making our dates and our friends come to the door to get us. If I spent the night with a friend, she checked

### Oklahoma Man Injured Mon.

Chris E. Lude of 5202 Meadowbrook in Lawton, Oklahoma was admitted to the Knox County Hospital Monday afternoon for observation after a one-car accident ten miles east of Guthrie on the Benjamin Highway. He was dismissed Tuesday morning.

A Smith Funeral Home ambulance answered the call.

### Write Your VIP's Now

Let your VIP's know how you feel about situations in your town. Write to Capitol Station, Austin, Texas, 78711.

Here they are: Governor Preston Smith; Lt. Governor, Ben Barnes; Senator Jack Hightower; Representative W. S. (Bill) Healy; and Speaker of the House Gus Mutscher.

LOOK WHO'S HERE!

Mr. and Mrs. Butch Duke of Wichita Falls are the very proud parents of a baby daughter, Marian Rhea who was born March 20 at 7:00 p.m. in the Wichita General Hospital. She weighed seven pounds, three-fourths ounces.

Maternal grandparents are Mr. and Mrs. Dickie Marion and Mr. and Mrs. E. W. Duke of Benjamin are paternal grandparents.

Mrs. Marion returned home last Saturday after spending the past week in Wichita Falls spoiling the baby.

MISSING HERE  
Miss Judy Buckles and Theron Strickland of Fort Collins, Colorado and Mrs. Jim Bate-man of Wheeler visited Mrs. H. M. Thompson and other relatives here last Monday.

HERE FROM WICHITA FALLS  
Mr. and Mrs. C. N. Meade of Wichita Falls recently visited Mrs. Meade's mother, Mrs. H. M. Thompson and other relatives in Knox City.

IN ARLINGTON  
Mr. and Mrs. Monty Penman spent last weekend in Arlington visiting with their daughter and her husband, Mr. and Mrs. Bobby Seago, who have just recently moved into their new home there.

The Old Timer

"A bachelor is a fellow who failed to embrace his opportunities."

### TAKE SAFETY HOME!

**News Note:** Industrial workers are safer on than off the job. Let's be safe everywhere.

### CARE ENOUGH TO BE CAREFUL

Question: What's the best way to do your spring cleaning?  
Answer: Do it very carefully!

There is a message for all of us in one of industry's vital and continuing programs: Safety Off the Job.

Since World War II, accidents in industry have been reduced by half. That is a remarkable record which is the result of the emphasis which companies always give to safety at work. Now industry is also increasing its efforts to promote better safety habits outside the home. This is because, according to a pamphlet published by the National Association of Manufacturers, deaths and injuries to employees outside of working hours represented an economic loss of a startling \$8 billion in 1966, not to mention the grief and anguish involved. Traffic accounts for the largest percentage of non-work accidents. Falls, many of them around the home, are the second greatest cause.

Company programs boil down to two essentials: safe equipment and encouraging a positive attitude towards safety on the part of the workers. Safe Equipment and Positive Attitude—two points we all should remember.

## WBSC District Competes For Nation's Top 53

Wichita Brazos Soil (and Water) Conservation District has entered the 23rd annual Good-year competition to select the nation's top 53 conservation districts, according to Jack Idol, Benjamin, Texas, district chairman.

Activities of the district will be weighed against the performance of other districts in the state in determining the outstanding district in the annual event sponsored by The Goodyear Tire & Rubber Company of Akron, Ohio.

Key agricultural leaders will serve as judges and will select the state winner. Soil conservation efforts from January 1, 1969, through December 31, 1969, will be considered.

Grand award for the 53 districts selected nationally will be an expense-paid, work-study trip to Arizona in December, 1970, for one member of the district's governing body and the outstanding farmer-cooperator in each winning district. The 106 men selected will be guests at Goodyear Farms, a 14,000-acre farm operation near Phoenix.

The Wichita Brazos district has taken part in the competition three times in the past. District supervisors are W. L. Ballard of Rochester, L. D. Offutt of Munday, Emil Navratil of Gilliland and H. W. Smith of Weinert.

Idol said the district's outstanding cooperator will be selected from over the 1400 farm operators enrolled in the district program. Nationally, over 2,000,000 farmers in over 2,950 districts have signed cooperative agreements with local Soil and Water Conservation Districts.

AS PART OF NATIONAL FHA Week in Knox City High School the students pictured above were chosen the best groomed. First row, left, Carol Speck, Gayle Campbell, Don Hawkins, and Gala Watkins. Back row, Jacki Perry, David Hewitt, Rosie McElroy, Mike Newton, Nicky Johnston, and Lynn Beason. Ribbons were presented to the students. (School Photo)

## Facts From Your SS Department

What happens to the tax dollar that the employee, employer, and self-employed person pays into social security? This question is often asked of representatives of the Social Security Administration.

Social Security taxes or contributions go into Federally-administered trust funds which can be used only for payment of Social Security benefits and the operating expenses of the program. A board of trustees composed of the Secretary of the Treasury, the Secretary of Labor, and the Secretary of Health, Education, and Welfare, is responsible for holding the trust funds and for making periodic reports to Congress.

The monies in the trust funds are invested in interest-bearing government bonds, just as a private pension fund might be, but are not earmarked for any certain individual or individuals. When an insured person dies, retires, or becomes disabled, payments are made from these funds to replace part of his lost income.

Since 1937, when the Act became effective, an expanding number of workers has come under coverage of the Social Security Law. The contributions have risen and so have its payments. The average monthly benefit to retired workers is now \$92.91 compared to \$22.60 in 1940. Payments are being made to 24 million persons at a monthly rate of \$1.7 billion. The trust fund grows whenever the amount paid in Social Security contributions in any year exceeds the amount paid out in benefits. Records of the funds show receipts have exceeded payments in all but five of its more than thirty years of life.

FOREIGN COUNTRIES DAY in Knox City High School — From left, Lynn Clarke, Jill Thompson, Gayle Campbell, Danny Speck, Alton Rhodes, and Phil Denton. Winners were 1. Gayle, 2. Jill, 3. Lynn, and 1. Danny, 2. Phil, and 3. Alton. (School Photo)

WESTERN DAY proved popular in KCHS as the above group shows. From left, Johnny Carver, Jacki Perry, Bobby Lewis, Margaret Howell, David Hewitt, Gwen Angle, Craig Carver, Lynn Clarke, Randy Hise, and Sammy Tankersley. (School Photo)

## Events For The Coming Week

April 4-7 - Easter Holidays.  
 April 8 - Board Meeting.  
 April 11 - One-Act Play, End of 5th Six Weeks.

## Senior News

The Seniors would like to say thank you to everyone who came to see our play last Friday night. We hope everyone enjoyed it. A special thanks goes to Clonts Hardware for the use of their furniture, Mrs. Ida Dean Johnston and Mrs. Laura Clonts for putting on our make-up, and to the Juniors who gave us a lovely reception in the library following the play. The Seniors want to commend their sponsors, Mr. and Mrs. Leon Burkham, for their fine directing of our play. Thanks, everyone!

The Seniors still have some license plate tags left to sell. These tags say "Knox City Greyhounds" on them, and are put below the license plate. The cost is \$1.00 per tag, and \$1.50 if you want them put on your car. Please contact a Senior if you want one of them.

## Sophomore News

Boy, have we been busy these past few days! We have had a few three-week tests, the Homemaking II girls had a brunch Wednesday morning and a shower for Miss Tanner, HM student teacher from Texas Tech who finished her practice teaching here. Last week was National FHA Week and the sophomores participated fairly well in the planned activities. It was a change - quite a change - especially Western Day. You wouldn't believe some of the "duds" the cowboys and girls had on!

Volleyball, tennis and UEL meets end Tuesday. Here again

the Sophomore Class was well-represented. Next week I will have the results from these contests.

That's all that happened this week, but we believe it was plenty! See ya next time.

## Brownie Troop 55

The brownies meet at the home of Laura Clonts. We meet at 3:00 Thursday. We talk about things we are going to do. One thing is Thursday 3rd we are going to have a Easter egg hunt at the park. Debra Ray served refreshments.

The members are Judy Ray, Judy Herring, Judyanna Com-tun, Jan Lowrey, Debra, Jami Clonts, Terri, Lydia, Barbie Wever. The meeting ends at 4:00. As we all know the Father Daughter Banquet we brought our box supper. We had dolls of all different countrys. We had flags of all different country too. We called it around the world in 80 minters. Adrian Jones was the skipper. That is all for the brownies troop 55. Good-bye for now see you next week.

## KC Jr. High Track Results

In the junior high division of the District II-A Track and Field Meet held last Saturday in Holliday, several junior high boys had good showings, according to Coach James Draper.

Billy Baker won first and David McGaughey placed fifth in pull-ups, and David also placed fifth in the 880 yd. run. Greg Clonts and Billy Baker tied for second place in the pole vault event.

"Be tolerant and accept people as they are—remember, they have to put up with you."

Flowers of dwarf and tall scabiosas look exactly the same—both are fully double.

The long, wiry stems of scabiosa and the excellent keeping qualities make them especially good for cut flowers.

Easy to grow, scabiosa seeds even tolerate winter cold if they are sown in fall.

But early spring planting will do as well. Choose a sunny spot in fair soil. That will suit them nicely.

## Guar Bean Purchase Contract

This Contract outlines terms of a Guar Program for the 1969 Season between S. L. White & Son Grain Co., and the undersigned producer.

S. L. White & Son Grain Co., Agrees To:

1. Pay to undersigned producer a Minimum of \$4.60 per cwt. for Grade No. 1 clean, Guar Beans basis delivered to Knox City, Texas.
2. The \$4.60 per cwt. is not a ceiling price. It is a floor price and sets the minimum price per cwt. to the producer. The market price of the day, if above \$4.60 per cwt. will be paid the producer when Guar is delivered.
3. Furnish planting seed of Brooks variety of good germination and quality which the producer may pickup at the locations mentioned above.
4. To purchase the entire yield of the undersigned producer whether or not the Guar grades No. 1. Lower grades to be purchased at applicable discounts.
5. No penalty to Buyer or Seller for non-delivery if crop is destroyed by fire or weather.

Producer Agrees To:

1. Reimburse S. L. White & Son Grain Co., at harvest time for planting seed furnished him earlier.
2. Sell to S. L. White & Son Grain Co., the entire yield of his planted acres under the terms and conditions as set forth above.

## "Melanie Meddles"

By Melanie Whitley

Dear Mr. Robinson, Thank you for your nice compliment in last week's paper. I am looking forward to reading your Ramblings every week, but please control yourself and don't get too brilliant or witty; I couldn't stand it. We're glad to have you in the Herring pond.

One friend of mine, a mother of three, complained last week about a movie theatre in this area. The family had gone to see a family type movie and were appalled by the previews.

The parents finally resorted to wrestling with the kids so they couldn't watch the naked actors wrestling with each other. I don't know if she has her letter-to-the-editor written yet, but anyway she has the right idea; either we parents complain about all the trash that is pushed in front of our children or we become as glibly as the movie makers, magazine publishers and the people who make them available to the public.

Did you know that someone could give you a dose of LSD and you wouldn't even know it? Did you know that the one dose could result in a "bad trip" and you might commit suicide? Did you know that babies have been born to parents that have taken LSD and these babies have been deformed similar to the Thalidomide children? Did you know that if your child has become very sensitive to light or often falls into a heavy sleep, that he might be smoking marijuana? Last week the EEE (Education, Exhibit, Expansion) Committee of the Haskell County Home Demonstration Council

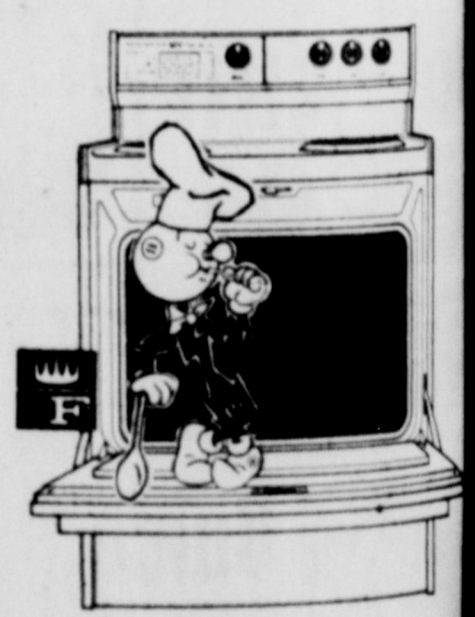

visited Mrs. John Dutton after, Mrs. Mildred Johnson of Lubbock spent last week in Knox City, some work on Mrs. house, and visiting Mrs. Propps. Mrs. Propps home with them until Saturday.

### - Random Ramblings - (and wild ideas)

By BOBBY ROBINSON  
"Shark Attacks Surfer, Bites Off Hunk of Surf Board" was the headline which appeared in a recent edition of the Honolulu Advertiser. It was only a routine headline for Hawaii, but for an old West Texas boy it was quite unique. The boy suffered a minor gash from the teeth of the shark, but was out surfing again next day. . . . Since our arrival to this lonely 'rock', located right smack dab in the middle of the vast Pacific Ocean, we've grown more and more accustomed to the everyday activities of the 50th State, activities which were so new and strange at first. We're just beginning to understand the Hawaiian "pidgin" - the Islanders' way of speaking English.

It's not unusual to walk down the street of Waikiki and hear, "hey, Bruhhah! Ain't no beeg ting!" . . . Still seems strange to hear radio stations KKUA and KPOT in Honolulu give surf reports on the hour as part of their newscasts: "Makaha 3-5 feet; Waikiki 1-2 feet with pool form; Makapu 5-6 feet with good form; Chun's Reef 10-15 feet; and Sunset Beach 4-6 feet."

The summertime heat in Hawaii is comparable to that of the Texas Gulf Coast - high humidity coupled with 90 degree temperatures makes for some discomfort, especially since we were accustomed to the dry, hot Texas temperatures. But after November, the temperatures get very reasonable - 60's at night and 80's in the daytime - and that's from December to April or May. Honolulu recorded a record low temperature of 52 de-

grees last January, and the locals really broke out the blankets that night!

Our base, Naval Air Station Barbers Point, is located some 17 miles from Honolulu. A trip to town is a fairly good drive for the small island of Oahu, and is likened to a trip from Knox City to Abilene. It takes us about an hour and a half to get to Honolulu from our base here when we go by Honolulu Rapid (?) Transit bus.

From our barracks we can look in any direction and see sights familiar only with Hawaii: to the east there's Diamond Head and Honolulu; to the south is the Pacific Ocean; to the west is the indescribably beautiful sunset; to the north there's the Waianae Mountains, the sugar cane fields, and the pineapple fields; finally, right above us, there's the all-too-occasional sight (and sound) of various airliners coming in to Honolulu International Airport from foreign airports such as Tokyo, Sydney, Bangkok, and Pago Pago. We hear sounds of tropical birds throughout the day; we marvel at the beauty of the colorful flowers and trees of this 50th State. . . . Hawaii, in all its splendor, has many faces, and many problems. . . . I'll write about them in the coming weeks. . . . That's pau (all) for now. . . .

#### Tax Man Sam Sez:

The Internal Revenue Service computer is a meticulous machine. If the computer has to have a schedule or a form to support some statements it doesn't hesitate to ask for the missing documents. The IRS error report coming from the computer center in Austin points out that many North Texas taxpayers have started an unwanted correspondence session with the computer. The computer needed such forms as Schedule B, Schedule C, Schedule D, Form 2440, "Statement to Support Exclusion of Sick Pay," and Form 3901 "Moving Adjustment."

Most folks don't like to write to a computer, so we recommend that you re-check that tax return. Make sure that all required supporting schedules or statements are attached.

Veterans in college under the GI Bill will top 600,000 during this fiscal year, the Veterans Administration estimates.

### WTU Holds Stockholders' Meeting Tues.

ABILENE - The Annual Stockholders Meeting of West Texas Utilities Company was held Tuesday morning in the General Offices at Abilene, R. W. Hardy, WTU President, presiding at the meeting, announced the retirement of three Directors under the Company's mandatory retirement program. Retiring Directors were E. L. Harwell, who had served since 1953; W. G. Swenson, senior member of the Board in length of service, who had served continuously since formation of the Company in 1923; and C. L. Young, who had served as Director since 1953 and retired as Chairman of the Board on March 1, 1969.

The principle action of the stockholders was the election of a Board of Directors. Durwood Chalker and C. R. Kinard of Abilene, and W. K. (Bill) Ramsey of San Angelo were elected as new Directors. Arch D. Batjer, J. C. Crowover, R. W. Hardy, J. C. Hunter Jr., John A. Hutchison and R. E. Kennedy, all of Abilene, C. W. Brown of McCombe, and Armistead D. Rust of San Angelo were re-elected.

Following the Stockholders Meeting, the Board of Directors met for the purpose of electing officers of the Company for the coming year. Officers re-elected were R. W. Hardy, President; Durwood Chalker, Vice President; J. C. Crowover, Vice President and Treasurer; John A. Hutchison, Vice President; R. E. Kennedy, Vice President; Otey H. Cannon, Assistant Secretary and Assistant Treasurer; and Glen D. Churchill, Controller. Dan C. Baldwin was also re-elected Secretary, and elected as an Assistant Treasurer. . . .

MR. AND MRS. W. T. LANGLEY

### Celebrate 50th Anniversary

Friends and relatives were present as Mr. and Mrs. W. T. Langley of 1427 Englewood, Dallas, Texas, celebrated their 50th wedding anniversary with a reception from 2-4 p.m., Sunday, March 30 in the community room of the Citizen's National Bank in Ennis.

Mr. and Mrs. Langley were married April 7, 1919 at Sacred Heart Cathedral in Dallas. They resided in Ennis from 1927 until 1952, at which time they moved to Dallas and have resided there since that time. They are members of Blessed Sacrament Church.

Mr. Langley is a native of Kentucky and is a retired employee of the City of Dallas. Mrs. Langley (the former Clara Lee Turner) is a native of West Texas in the Haskell and Knox County areas.

Mr. Langley was active in the Knights of Columbus while he was in Ennis and served two terms as Grand Knight. Mrs. Langley is a licensed practical nurse.

They have two sons, Damian Langley and Paul Langley of Ennis, and four daughters, Sister Clara Ann, a Sister of Divine Providence of San Antonio, Mrs. Roydene Redding of Grand Prairie, Mrs. Laura Weldon of Garland, and Mrs. Marquita Murphey of Valley View (Era Rt.). They have 14 grandchildren.

Mrs. Langley is the sister of Mrs. S. P. Keller of O'Brien. . . .

### WISH I'D SAID THAT

It looks as though the taxpayer will be the first of America's natural resources to be completely exhausted. — George H. Coburn, the West Springfield (Mass.) Record.

The other day we heard a speaker remark that there is no difficulty in the world that cannot be overcome. He wanted to ask him if he ever tried putting toothpaste back in the tube—but we got to thinking that he might know that answer, too.—Harold S. May, The Florence (Ala.) Herald.

You know the old saying about not being able to fool all the people all the time. However, these superhighway interchange signs come pretty close to it.—James H. Russell, The Belton (Tex.) Journal.

#### LOST

A dark brown female dachshund dog with a black stripe down her back and white markings. She is loved by two small children and answers to "Babie." Babie was lost west of Knox City at the Guthrie cut-off near the J. B. Ferguson home. She was wearing a clear plastic collar and 1968 vaccination tags.

If you find her please call collect 454-3152 in Benjamin.

### Love IS AN EASTER SEAL USER

(You help thousands of crippled children n' adults when you use EASTER SEALS generously)

### SHERYL'S SAMPLER

By SHERYL TRIMMER

The 4-H Club party planned for St. Patrick's Day was postponed, but 4-H'ers should not be disappointed. A new date has not yet been set, but there will definitely be a party later on when we can be assured of good weather for it. All 4-H'ers will be notified when the new date and time is set.

Look for a resurgence of rich jewel colors, borrowed from heraldic banners and Renaissance art, to dominate the Fall '69 fabric picture for women's fashion.

The forecast, from Eastman Chemical Products, Inc., and reported by Miss Fannie Brown Eaton, Extension Clothing Specialist, is based on the demands of the junior market for the deep "court colors." This powerful buying group is regarded as an important fashion barometer for the entire industry. Its "call to colors" includes the wine reds, forest blues and purples, forest greens, antique gold and browns.

"The preference for these shades is a reaction to the non-colors like the camels and grays we saw for Fall '68 and the pale pastels that are setting the pace for Spring '69," explains Lynne Fisher, Eastman Fabric Coordinator. "These will be neutrals, but they'll be stronger tapestry shades. For Fall '69, these blues, reds, browns, and greens will be notable for a muted softness and understated elegance that should make them naturals for Fall knitwear."

Rich colors also predominate on Eastman's "Fall '69 Color Roulette" swatch wheel. Men's slacks, shirts and knitwear will appear in banner blues, fox reds, forest greens and burnished golds as well as the more neutral antique gold, pewter gray, brass, bronze and beige tones.

"These colorings can be expected to fit easily into next Fall's masculine fashion scheme which calls for the continuation of the menswear rebellion with a swing to clothing of more beautiful tailoring and a more masculine look," says Miss Fisher.

The first full spring months "springing" with a host of foods.

Turkeys head the April plentiful foods list reported by the U. S. Department of Agriculture.

Although new-crop marketings are less than last year, heavy carryovers continue to offer an abundant supply of turkey. April is National Turkey Month.

Turkeys come in many sizes. Select the one just right for your family. Turkey is being offered this month in the donated foods contributed at Goree and Knox City. Here is an easy recipe for Turkey and Dumplings.

**TURKEY AND DUMPLINGS**

Cut up turkey and put in a deep pan. Cover with water and add salt. Cover pan and cook over low heat until meat is tender, about 2 hours (for canned turkey, cook only for about 20 to 30 minutes). Remove pieces of turkey from broth. Measure broth. For each cup of broth, use 2 tablespoons of flour, mixed with just enough cold water to make a thin paste. Add to broth. Stir and cook until broth is thickened, 3 to 5 minutes. Season to taste. Heat turkey in thickened broth.

**DUMPLINGS**

2 cups flour  
1 tablespoon baking powder  
1 teaspoon salt  
1/3 cup fat  
3/4 cup milk  
turkey in thickened broth

Mix flour, baking powder, salt and fat with a fork until well blended. Mix in milk. Bring chicken or turkey and broth to boiling. Add dumplings by small spoonfuls. Cover and cook 18 minutes. Do not lift cover while cooking. Makes 2 dozen dumplings.

Canned and frozen vegetables are especially abundant this month, according to USDA's Consumer and Marketing Service. Look for unusually large supplies of canned and frozen green beans and sweet corn at your grocer's. First-of-the-year supplies of frozen sweet corn, totaling 282 million pounds, broke all records.

Other plentiful this month include prunes, peanuts and peanut products, onions, rice and dry beans.

Storage supplies of onions are very large. In addition, heavier supplies than usual are expected from the early spring crop grown in the Lower Rio Grande Valley of Texas.

Rice production broke all records last year - and this large crop is moving to market in big volume. Dry beans - especially pintos, are in unusually big volume. However, the plentiful supply also includes pinks, blackeyes and baby lima beans. . . .

### Traffic Accidents Hit Record High, Institute Reports

The annual economic loss from traffic accidents has doubled during the past ten years, the Insurance Information Institute stated, climbing from \$7 billion in 1958 to more than \$14.2 billion in 1968.

The 1968 total was 14 per cent higher than the previous record figure of \$12,442,000, 000 in 1967.

Last year's tragic toll of death, injury and destruction on U.S. streets and highways represents an economic loss averaging \$285 for every family in the country, the Institute said.

During 1968, there were 55,500 traffic deaths—the most fatalities ever recorded for any year, and 4.5 per cent above the death toll of 53,100 for 1967.

In addition, the number of persons injured in traffic accidents was estimated by the Institute at 4,560,000, an all-time high and an increase of almost 15 per cent above the 1967 figure of 4,200,000.

"Statistics of deaths and injuries do not begin to tell the story of the unnecessary personal grief and suffering that traffic accidents inflict each year on countless American families," the Institute stated. "But they do point up the stark fact that, despite public pronouncements and a national furor over traffic safety, the tragedy on our streets and highways continues unabated."

Permanent tooth loss in alcoholics is three times higher than the national average, according to Texas Alcohol Narcotics Education (TANE).

### GM Announces Information On Its Scholarship Plan

Helen D. Drozda, Knox County Public Schools Guidance Counselor, has received this information from General Motors.

General Motors recently announced the continuation of its Scholarship Plan by making available 293 scholarships to outstanding secondary school graduates for the fall of 1969 at more than 200 colleges and universities. The awards will be made to entering freshmen and may be renewed through the normal four undergraduate years for those with satisfactory records.

While the participating colleges have full discretion in the allocation of GM scholarships and in the selection of students, they have been asked to give preference to those applicants who look forward to careers in industry. For example, those institutions which offer programs in engineering are urged to select qualified young people who are interested in this field of study. Colleges which do not offer degrees in engineering are being asked to select students in business administration, economics, mathematics and science. Seniors at (secondary school) may apply.

General Motors established its Scholarship Plan in 1955 with the guidance of leading educators. Its purpose was to help bring to the fore young men and women with the ability and potential for making substantial contributions in many fields to the security and progress of the United States and the world. Since that time, General Motors has helped more than 5,000 able students to go to college, including 1,284 currently enrolled.

There have been ten graduating classes of GM scholars to date, numbering 3,819 scholars. Over 80% graduated in the top quarter of their classes, over half of whom finished in the top five percent. The majority of the GM scholars continue their education at the college and professional level. Many of these talented young people are already beginning substantial contributions to their professions and communities.

GM scholarships are awarded by the 148 private and public colleges and universities participating in the GM Scholarship Plan. These institutions are located in the 50 states, District of Columbia and Puerto Rico. Their scholarship committees review the available entrance test scores, participation in extracurricular activities and leadership. Stipends range from \$2,000 per year to \$5,000 per year depending on demonstrated need. All must be citizens of the United States.

Interested students see their principal or counselor for a complete list of participating colleges, apply directly to the college of their choice. No GM application is necessary. . . .
