KC Study Club To Sponsor Luncheon

Member of the Knox City Study Club will be sponsoring a luncheon today, Thursday, November 2, at the Masonic Fellowship Hall.

New members accepted by the club during October and presented with certificates and pins included Bobby Lewis, Don Mullins, Joe Quintana, Ray Goodrich, Charley Groves and George Davis. Also joining but not present at this meeting was Alton Hester.

General Election Slated For Tuesday, November 7

Next Tuesday, November 7, will be an important day in the lives of all Americans for this is the day that each of us has the responsibility, as well as the privilege, of voting.

County Organizing For Weevil Control

A number of interested persons were present for the meeting on cotton boll weevil control program held Monday night in the Knox City School Lunchroom.

Monday night a board of directors was named and included all gin managers as well as representatives from each community in the county.

In a future meeting of the board, officers will be elected and a steering committee appointed, according to Herman Collier, county agent for Knox County.

KC Fire Dept. Asking For Used Clothes

The Knox City Volunteer Fire Department is asking residents to donate children's clothing either new or if used in good condition, for distribution to the less fortunate at Christmas time.

Fire Chief Drew Holcomb said that the department also would appreciate any toys that could be repaired or new toys would also be appreciated for distribution, he explained.

Anyone having a donation that the Fire Department could use in this worthy project is asked to leave the item or items at the City Hall.

Holcomb said that any donation would be appreciated but that clothing was the most needed.

Harvest Day Festival To Be Observed Nov. 7

The third annual "Harvest Day Festival" will be observed November 7 in the Four-square Church this year beginning at 10:30 a.m. and ending with a noon luncheon.

The theme of this year's festival is "Our Heritage."

This is a cooperative effort of all church women in the Knox City area and the previous two have been most beneficial and inspiring to all women who attended.

A luncheon will be served at noon and each person is asked to bring a covered dish.

This is an opportunity for all Christian women to unite into one "giant effort" for brotherhood and understanding in our community. Won't you make an effort to attend?

Absentee Voting Light In County

District and County Clerk Zena H. Waldron advised the News that 21 voters had cast absentee ballots as of Tuesday afternoon.

Of 55 ballots mailed out, only 14 had been received thus far, she said.

Absentee voting began Wednesday, October 18 and will continue through Friday, November 3.

According to Tax Assessor Collector John A. Smith 2,923 voters have registered with this year's total only slightly above the 1968 total 2,909 when voters were required to pay a poll tax.

Knox City's two precincts, No. 9 and No. 9-A will again vote in separate places due to the large turnout of voters expected.

Election Judge G. W. (Jack) Coats advised the News that Precinct 9 voters who live south of the Munday Highway and east of the O'Brien Benjamin highway will vote this year in the Legion Hall.

Claude Richardson will serve as Precinct 9-A election judge, and all voters north of the Munday highway and west of the O'Brien highway will vote in this precinct at the City Hall.

Polls will be open from 8:00 a.m. until 7:00 p.m. All persons voting must bring their registration certificates with them to the polls, Mr. Coats said.

Services For Former Mayor Held Friday

Funeral services were held for Hardy Davis, former Knox City mayor and banker, Friday afternoon at 2 o'clock in the First Christian Church. Dr. Eugene Brice, pastor of First Christian Church in Wichita Falls officiated.

Masonic rites were conducted and burial was in the Knox City Cemetery under the direction of Smith Funeral Home.

Mr. Davis, 86, died at 5 a.m. Wednesday, October 25 in Wichita General Hospital after a long illness.

Born February 12, 1886, in Athens, he married Matt Young in Mineral Wells in April 1911. She died in 1943. In addition to serving as mayor and banker, he also operated a grain elevator. He moved to Wichita Falls in 1931.

Mr. Davis was a member of the First Christian Church in Wichita Falls and a member of the Masonic Lodge No. 905 in Knox City. He had also been a Shriner for 50 years.

Survivors are one sister, Mrs. Ora Bell Lehr of Athens; one brother Quincy of Knox City; and a number of nieces and nephews.

One son preceded him in death.

Band Boosters To Meet November 13

The Band Boosters meeting originally scheduled for the first Monday night of the month has been postponed until the second Monday night Nov. 13 due to the UIL marching contest at Wichita Falls on November 7. The KCHS Band marches at Wichita Falls at 10:20 a.m. and those who can are encouraged to attend.

Mrs. Barbara McGaughey, chairman of the Band Calendar Drive expressed her appreciation to all who helped make the recent calendar drive so successful. She said that because of everyone's willingness and cooperation this year's drive was the best ever.

Mrs. Leta Mangis, chairman of the Membership Drive also thanked parents and friends who joined the Band Booster organization.

The annual crowning of Band Sweetheart and Band Beau will be held at the last home football game on November 10 against Crowell. Candidates for the honor are senior band members.

To Perform At 10:20 A.M. Tuesday

KCHS Band To Compete In UIL Competition Tues.

The Knox City High School Marching Band under the field direction of Diane Clonts, junior drum major will be one of the many bands competing in the University Interscholastic League marching band and twirling contests for Region II North Zone, next Tuesday, November 7. The contests will be held at Memorial Stadium in Wichita Falls. Songs for this year's contest are Giant, On the Street, and Hosts of Freedom.

According to the Knox City High School band director Kelly Glaze, the Knox City band is scheduled to perform at 10:20 a.m. Other Class A bands

participating are Paducah, Monday, Holliday, Crowell and Archer City. Class AA bands include Seymour, Quanah, Olney, Jackboro, Henrietta, Elcestra and Childress.

Fred Prentiss, band director of Wichita Falls High School is this year's contest chairman, and judges will be Mill Humfield of Commerce, Dub Crain of Sunray and Joe Rogers, of New Braunfels. Twirling judge is Bill Woods of Seagraves.

Mr. Glaze explained that each band must perform its show in a minimum of five minutes and a maximum of eight min-

utes, with certain required movements during the presentation.

Knox City twirlers have been scheduled for solo tryouts between 2 and 3 o'clock in the afternoon. The majorettes will also be competing in ensemble twirling. The tryouts will be at McNeil Junior High.

Band results will be given after each class finishes.

In preparation for the contest Wendell Gideon, band director at Haskell will be here as band clinician.

Good luck to you, band members and Mr. Glaze!

Hounds Defeat Moguls

By DAVID COUNTS

The Knox City Greyhound defense was tenacious Friday night at Greyhound Stadium. The Munday Moguls were allowed only two first downs, 34 yds. rushing, and 14 yds. passing.

The Hounds, winning 27-0, now lead District 7A with a 2-0 record.

Leading the defensive charge were Stanley Newton, Danny Woodall, Bobby Reeves, Greg Clonts, and Robert Taylor.

Two other Hounds had outstanding performances, both defensive and offensive. Phillip Newton gained 172 yds running 26 receiving and three touchdowns. Phillip made several key defensive plays and intercepted a pass that led to a touchdown.

Rob Harrison played his usual good defensive game and also gained 103 yds rushing on offense.

The first quarter was scoreless but Joey Swain kicked a 26 yd field goal on the opening play of the second quarter.

Following the kickoff Rob Harrison recovered Mogul fumble on the first play from scrimmage on the Mogul 31 yd line.

It took only 6 plays for the Hounds to score a touchdown. Newton ran for 7, Harrison for 8, Carver for 6, an incomplete pass, Robert Taylor for 4 and Newton scored from 5 yds out. An attempted pass for 2 points was incomplete with 9 minutes 18 seconds left in the 1st half. K. C. -0, Munday -0.

An exchange of punts and clipping penalty backed K. C. to their 2 1/2 yd line. Newton carried for 4, then 29, Swain passed to Clonts for 7, Carver ran for 13. Four quick passes with only one complete for 3 yds and Munday took over. On second down with time running out Munday passed but Danny Woodall intercepted and ran it back 22 yds to the Mogul 26.

A quick incomplete pass stopped the clock with 3 seconds. A screen pass to Phillip Newton, who would not be denied and some great blocks by the

MR. AND MRS. PAYNE HATTOX

Hattox Named Minister Of KC Church of Christ

Mr. and Mrs. Payne Hattox are new residents of Knox City, moving here Tuesday of last week from DeLeon where he served as minister of the Church of Christ for the past nine years.

Mr. Hattox will serve the local church as minister.

The Hattoxes are not new comers to this area since they spent several years in business in both Weimert and Haskell before he entered full time ministry.

Their first located work was with the Church of Christ in Cherokee, Oklahoma.

In 1954, they moved to Munday and worked with the church there for three years.

The Hattoxes went to Stockholm, Sweden, in 1957 to do mission work and were sponsored in this effort by the church in Munday.

When they returned to the States, they worked with the Church of Christ in Gorree for four years before moving to DeLeon.

While there, Mr. Hattox was honored by being chosen 1970 DeLeon Citizen of the Year for his association with

people through his day-to-day contacts.

Mrs. Hattox taught school during their years both at Gorree and DeLeon.

Payne and Lucy have two children, Tommy and his wife Dana, live in Belle Chasse, Louisiana, and LaVerne and her husband, Bobby Baker, live in Springfield, Tennessee. The couple has four grandchildren.

Brack Shaver Has Surgery

Brack Shaver, son of Mr. and Mrs. Eddie Shaver, underwent knee surgery last Thursday morning in Arlington Memorial Hospital.

Brack, who teaches and coaches at Hattom City High School, suffered the injury during a P.E. class Wednesday afternoon and surgery was necessary the following day.

Mr. and Mrs. Shaver were in Arlington for the surgery, and according to their report, Brack is doing well and should be able to return to his school next week.

cushions, in the bed and almost everywhere in the house.

When he returned home he brought with him 130 pounds of sand from the Puerto Rico beaches and a determination to continue the art that had been so satisfying as well as profitable during his tour of duty. It had been profitable because tourists, pikets and other servicemen would readily buy almost anything he offered for sale.

Today, Dexter still has some of the sand he brought from Puerto Rico and continues to look for new colors and textures everywhere he goes.

At the present time he is using sands in shades of black, red, green, tan, gold and brown. He has not found a white sand that is suitable, nor a blue. He steadfastly refuses to tint his sand in any way, so he works without blue, and for his whites he uses crushed beads, the only artificial item in his designs.

THE PROCESS

Patience is a prime requirement in sand painting, Dexter says, and he has she found sand under the sofa plenty of it.

The Process is a slow and tedious one. First, the drawing is made on whatever base is chosen—wood that has been treated with a sealer, glass, canvasboard, etc. Then the outline is made by applying glue in small amounts with a tiny brush; black sand is applied while the glue is still damp and then shaken off leaving the outline covered with sand in the dry glue. Each color is applied separately in the same way and each is allowed to dry thoroughly before another phase is begun.

In addition, the texture of each grain of sand must be approximately the same size and color, and the humidity must be just right for the proper adhesion of glue and sand.

Dexter is employed as a computer operator at night, his wife works during the day, so he has most of the day to pursue his hobby as he wishes.

NO ART LESSONS

Although Dexter has had no instruction in art, he is able to come forth with a sand painted design in almost any theme.

Some of the more popular plaques that he has done are praying hands, horse and buggy, Indian heads, Vikings, the Crucifixion, mushrooms and the Seven Dwarfs of Snow White fame. Also popular gift items are silhouettes of golfers, tennis players, etc. for the various sports enthusiasts.

Dexter has just completed a masterpiece. It is a wooden hand bag for his wife, complete with Snow White and the Seven Dwarfs scenes, gold green and red. This little objet d'art took something like 40 days to complete.

Portraits in sand painting are Dexter's ultimate goal, but he feels that he needs quite a bit of study and experimentation before he is able to accomplish this.

In the meantime his immediate goal is sell enough of his paintings to finance another trip to Puerto Rico where he can obtain the variety of sand colors that he will soon be needing—and also to continue an interesting hobby that keeps his busy hands occupied while he watches TV and relaxes at home.

KC Members Guests Of Benjamin HD Club

Members of the Knox City Home Demonstration Club were guests of the Benjamin HD Club Tuesday October 24 when the club met at 2:00 p.m.

Mrs. Rex Patterson, secretary, called the roll and each one answered with "What the Flag Means to Me".

Program leaders were Mrs. Guy Robinson and Mrs. Dan Sikes. The program included members singing the "Star Spangled Banner", a reading, "I am the Flag", given by Mrs. Sikes and a poem "I am a Poppy" by Mrs. Robinson.

Members of the clubs discussed the upcoming election, and encouraged each one to vote.

A footnote by Dwight D. Eisenhower, "God's Footstool", was read by Mrs. Sikes, "America is the greatest force that God has ever allowed to exist on his footstool".

Entertainment was furnished by students of the first and second grades with a Halloween program.

Refreshments were served to 18 women.

HERE FOR GAME

Bobby Robinson was among those here last Friday night to attend the Knox City-Munday football game.

Bobby and his wife, the former Cheryl Counts, now live in Rule where Cheryl is teaching. Bobby is teaching in the Weinert School.

Time Extended On Lake Kemp Cabin Removals

The City of Wichita Falls, Wichita County Water Improvement District No. 2, and the W. T. Waggoner Estate, John Biggs, Trustee, jointly announced that an agreement had been reached regarding the acquisition of a flowage easement on Waggoner lands adjacent to Lake Kemp. Such additional acquisition has been necessary because of the reconstruction of the facilities at the Lake.

Spokesmen for the group cited recent changes in the Corps of Engineer acquisition guidelines for Lake Kemp as a significant event which enabled the consummation of the agreement without litigation. Under the contract with the Corps, the City and the Water District are responsible for all land and improvement acquisitions.

The original acquisition guideline by the Corps in 1966 provided for the removal of some 630 cabins which were all those lakeside cabins below elevation 1163 feet m. s. l. This requirement was changed in 1967 to 1159 feet m.s.l. which reduced the number of cabins required to be removed to approximately 450. In response to numerous appeals regarding the subject, the Corps has now changed the requirement to provide for cabin removal or relocation over an extended period of time. All lake cabins with a first floor elevation below 1150 feet m.s.l. may remain on location until January 1, 1978. It is estimated that only 20 cabins come within this category and the owners will be compensated. All cabins with a first floor elevation below elevation 1149 feet m.s.l. and above 1150 feet m. s. l. may remain on location until the year 2000-a period of 28

years. The governmental bodies will require the W. T. Waggoner Estate to obtain releases from damages which might be caused from the storage of waters in Lake Kemp from all lessees below 1163 feet m.s.l., though the risk of flooding is remote. Markers will be placed on the lake at regular intervals to indicate the various elevations. Roads will be raised in certain low lying areas to facilitate exit by cabin owners in the event of high waters.

The agreement provides for the conveyance by the W. T. Waggoner Estate of a flowage easement up to elevation 1163 feet m.s.l. Included within the flowage easement are an estimated 20,000 acres originally conveyed by W. T. Waggoner in 1922 plus an increase of 6330 acres occasioned by the present reconstruction.

By way of a joint statement the parties to the new agreement stated: "The present agreement represents a continuation of the cooperative relations between the W. T. Waggoner Estate and the City of Wichita Falls and Wichita County Water Improvement District No.2 which began with the original Lake Kemp Agreement with Mr. W. T. Waggoner in 1922. More recently, the W. T. Waggoner Estate conveyed 475 acres in 1968 at the damsite area. The new agreement is particularly significant as to its effect on the Lake Kemp cabin owners and the taxpayers of the City and Water District. Because of the agreement, the acquisition costs to be paid by the City and Water District have been substantially reduced and the great majority of the cabin owners affected will be able to utilize the full useful life of their improvements."

Cotton Classing Reports Better Grades This Year

Grades in the Munday Cotton
Classing territory are much
better than a year ago.

Since the USDA's Agri-
cultural Marketing Service Of-
fice was opened on October 10,
7,900 samples have been
classed according to Sidney
Ferrell, officer-in-charge.

Strict Low Middling (41) was
the predominant grade and ac-
counted for 42 percent of the
5,900 samples classed this
week. Middling (31) made up
14 percent while Middling Light
Spotted (32) accounted for 20
percent. Strict Low Middling
Light Spotted (42) was 15 per-
cent.

Staple lengths were mainly
31's and longer with 16 per-
cent staple 31, 37 percent staple
32, 35 percent staple 33, and 9
percent staple 34.

Unlike last year, only 3 per-
cent of the cotton miked under
3.5 while 76 percent miked
3.5 to 4.9, and 21 percent miked
5.0 or higher. Fiber strength
results showed that 78 percent
of the cotton is testing 80,000
lbs. per square inch (psi) or
higher.

Demand for current ginnings
is very light. Prices were not
available.

PRICE IS RIGHT FOR TEXAS.

Bob Price is a full time congressman.

His attendance record on voting of
93% is one of the highest in the
Congress. By comparison his opponent
has the second worst attendance
record in the entire Texas delegation.

Bob Price has approached legislation
with a conservative and careful
outlook. He has earned a 90% rating
by the ACA, compared to his opponents
42%.

Bob Price has worked hard to bring
new industry, expand present firms
and to thereby create new jobs. The
Panhandle's "Business Index" is one
of the highest in Texas.

Bob Price has introduced or co-sponsored
36 pieces of legislation that have
become public laws. These are a matter
of record, in spite of his opponent's
clever misrepresentations.

Bob Price fights against inflation.
He has an 88% rating by the National
Associated Businessmen's Economy. His
opponent only 50%.

Bob and Marty own their own home in
Pampa. Two of their children attend
the Pampa public schools. Bob is a
graduate of Okla. State. He returned
to Pampa after the Korean War. Before
his election to Congress he was active
as a business leader, in civic affairs
and taught Sunday School in the First
Baptist Church in Pampa.

He was first elected to Congress in
1966. Was reelected in 1968 and because
of his popularity had no opponent in
1970. When a man earns this respect from
both political parties it is proof of
his ability and hard work.

It's easy to see why people feel
Price is right for Texas. He is an
honest sincere person who stands up
for his principles. Thank goodness,
his principles are the same as made
this country great.

SCS Assists Landowners Create Wildlife Habitats

Outdoor recreation is enjoyed by everyone, hunting and fishing in particular. Good hunting and fishing areas don't happen by accident. It takes planning and work to create favorable habitat for fish and wildlife.

Soil Conservation Service personnel, assisting the Wichita Brazos Soil and Water Conservation District, help landowners make or improve habitats for desired wildlife. When habitat elements such as food or cover are lacking, measures must be taken to provide these needed elements.

Debbie Beauchamp hit for 41 points, Sharon Foster, 7, Susan Stegenmoeller, 21, and Cheri Townsend, 4.

The grade school score was 32-18. First quarter score was Rochester 16-Guthrie 6. Halftime 32-14. Eula Lee Brown had 24, Camey Glover, 14; Brenda Stegenmoeller, 2; Jamey Beauchamp, 2; Jamie Lopez, 1; Tammy Jenkins, 7; and Susan McGhee, 2.

Mr. and Mrs. Albert English and Mr. and Mrs. Wilburn Adkins and families.

According to Arche Lieb, S. C. S. district conservationists, one measure taken by producers to provide food for dove and quail is to plant Browntop Millet, grain sorghum or Blue panic in odd areas or strips along field boundaries. When brush is controlled, plum, hackberry, and cedar trees along creeks, and draws are left to provide food and cover.

To improve or maintain fish production in farm ponds a favorable water habitat must be created. Natural food supplies may need to be supplemented. Competition from unwanted plants must be controlled, Lieb said.

To produce good fishing a pond should be at least one fourth surface acre in size. Stocking a new pond with average fertility requires 50 black bass, 200 sunfish and 25 channel catfish per surface acre.

The pond should be fertilized in the spring when the water temperature reaches about 55 degrees. General fertilizer recommendations are 100 pounds of 8-8-2 or the nearest equivalent per surface acre. Repeat the application at 7 to 10 day intervals until the color of the water prevents the sight of a white object held 18 inches beneath the water surface, Lieb continued.

Requests for fish can be made at your Soil Conservation office or through an official of the Texas Parks and Wildlife Department.

Remember when you are hunting or fishing this fall to respect the wildlife habitat. Don't pollute ponds with trash, don't litter pastures, and respect the rights of the landowners.

Adv. Tunnell for R.R.C. Committee, Kenny Paul, Chairman.

Mr. Farmer, Can We Afford Another Four Years?

Referring to Republican farm policies which have caused the price of cotton to drop to price support levels, Travis County Commissioner David Samuelson, co-chairman of Rural Texans for McGovern, said that "Texas farmers have once again been victimized by collusion between the U. S. Department of Agriculture and big business. Thousands of Texas farmers will now suffer large financial setbacks because they were lured by the Administration into producing a huge cotton surplus--for which there is no market."

Samuelson said, "Secretary of Agriculture Earl Butz, the corporations' friend, launched an effort early this year in cooperation with the cotton trade interests to mislead farmers into planting more cotton than the market could possibly absorb."

"The Nixon 'plant every acre' campaign was successful. Farmers produced a bumper crop of 13.4 million bales of cotton for a market of only about 11.5 million bales."

"Prices have been driven so low," Samuelson said, "that some farmers have found it cheaper to plow under their cotton than to harvest it. Cotton prices in Amarillo and Lubbock have dropped from 28¢ a pound to 18¢ a pound, and in some areas cotton prices have dropped as low as 10¢ per pound."

"An added blow to the farmer," Samuelson continued, "is the fact that cotton price supports were set too low to protect the farmer from just such a disaster as the Nixon Administration has brought about. The loan rate was set by the U. S. D. A. last year at only 19.5¢ per pound for the best grade of cotton, when, under the law, it should have been set at a minimum of 20.7¢ per pound. That failure by the U. S. D. A. to increase the loan level cost American cotton farmers million of dollars."

"This is clearly another instance of Republican special interest favoritism," said Samuelson. "The U. S. D. A. simply sold out the farmer to insure huge profits for the cotton industry. That policy was disastrous to the farmer and of no benefit to the consumer."

"As is always the case," the commissioner pointed out, "lower prices for the farmer did not mean lower prices for the consumer, they just meant windfall profits for the industry."

"Why did the Administration help the cotton industry against the farmer?"

"It's a question of who owns the Administration," Samuelson said. "Chummy relationships between the cotton industry and Nixon officials are well-known. A good question is: How much did Nixon's friends in the textile industry contribute to the Republicans \$10 million secret donor slush fund? The answer, which the Nixon campaign refuses to divulge to the American people, might very well reveal why cotton farmers were deceived."

"This cotton scandal is just one more example of this Administration's policy of farming the farmer," said Samuelson. "Four more years of Richard Nixon will spell the end of the family farm system which has served this country so well."

Barefoot Sanders

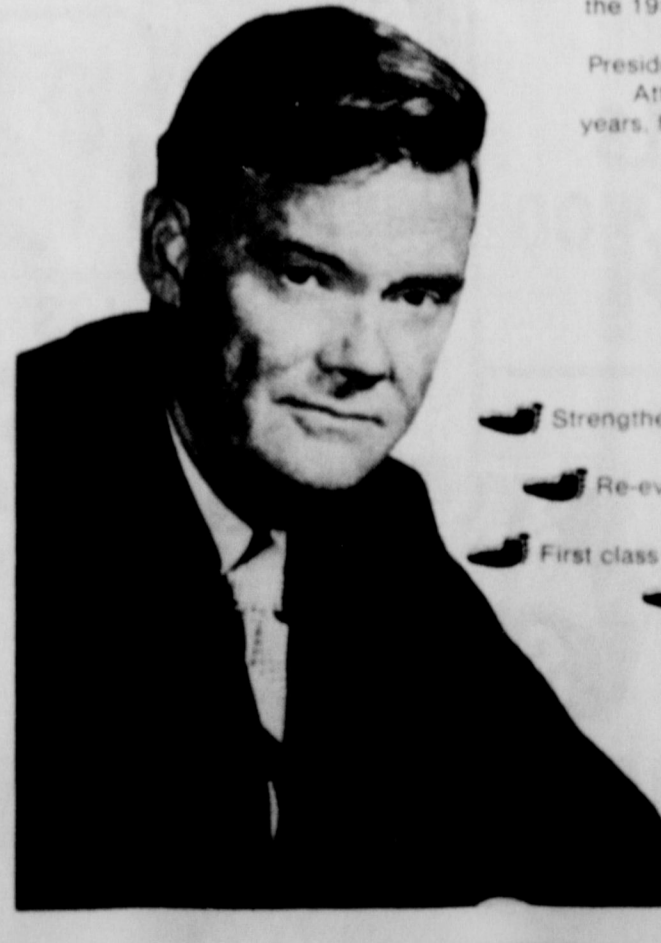

Barefoot, 47, is an attorney who lives in Dallas with his family (from left: Mary, wife Jan, Janet, Barefoot, Martha, and Biff). Barefoot is his real name. It was his grandmother's maiden name.

After serving three terms in the Texas Legislature in the 1950's, Barefoot was named U. S. District Attorney for North Texas by President Kennedy. Later President Johnson named Barefoot Sanders Assistant Attorney General of the United States and for two years, he was President Johnson's Legislative Counsel at the White House.

You know where Barefoot stands.

- He supports and will fight for Tax reform with emphasis on tax relief for middle-income families and single taxpayers.
- A strong national defense program
- Strengthening of public school education and expansion of vocational training
- Re-evaluation of our foreign aid program with an eye to reducing expenditures
- First class law enforcement and crackdown on hard drugs
