

Granny Stone Is 93

Mrs. Elizabeth Stone of the Sunset Community observed her 93rd birthday on Sunday, November 13 at the home of her daughter and family, Mr. and Mrs. A. C. (Brownie) Tackitt. The occasion was noted with a birthday dinner attended by several of her children and grandchildren and other relatives.

"Granny" Stone came to Knox County in 1924 with her husband, the late G. W. Stone, who died in 1946, and settled on a farm, north of where she now resides. She and Mr. Stone were married in Nashville, Arkansas, on Jan. 22, 1891. They stayed in Erath County seven years before moving to Knox County.

Granny sits in her rocker and listens to favorite recordings. She laid her knitting needles down last year—and occasionally she enjoys an automobile ride through the Knox countryside. She likes to note some of the "old homesteads" around and says that the farms are mostly unoccupied now by residents, whereas, in former years people lived on the places. She has a keen memory for recalling dates and names of early settlers here.

Mrs. Stone said that she never did go in much for hobbies and things of that sort. "With nine children to raise," she remarked, "I didn't have a lot of spare time on my hands." Mrs. Stone did make a lot of quilts—but "that"

## Deadline Near For Filing Cotton Allotment Transfers; January 3, 1966

Farm operators in Knox County were reminded today that applications for the transfer of cotton allotments for the 1967 crop should be filed no later than January 3, 1967.

Arnold Navratil, Chairman, Agricultural Stabilization and Conservation County Committee, explains that notices of the cotton allotment and the projected yield for individual farms have already been mailed to county farmers, so farm operators now are in position to make their production plans for next season.

In Knox County, growers voting in a special referendum (earlier this year) failed to approve transfer of acreage allotments—by sale or lease—out of the county, so the transfer of allotments—by sale or lease—out of the county may be made from one farm to another only within Knox County.

Transfer of allotments from one farm to another within the county and the transfer of allotments between farmers (within the State) which are owned or controlled by the same owner are both authorized by law and not subject to approval in a referendum. However, it is necessary that such transfers of allotments be filed with the ASCS county office before the January deadline.

The January 3, 1967, deadline, therefore, applies to all transfers of 1967 cotton allotments for Knox County farms—whether by sale, lease or by the owner.

## Stores To Close Thanksgiving Day

Thursday, November 24, is one of the holidays the local Chamber of Commerce voted to observe by "closing up shop."

Generally speaking, the stores, bank, post office and all government agencies will be closed for the day. However, some other merchants, such as service stations, eating places and those especially busy during the holiday season may remain open.

## Thanksgiving - Community Style

AT BENJAMIN

The Benjamin Community caught the holiday spirit a little early, therefore obtained an extra week of enjoyment for the Thanksgiving season.

The four churches of Benjamin—The First Methodist, First Baptist, First Christian and Church of Christ united and jointly hosted the annual Thanksgiving Supper in the high school gym, November 16.

This idea originated several years ago and the community has begun to look on it as being traditional.

The plan for the "Big Occasion" are made by a committee composed of ladies selected from each church congregation.

This year the committee did itself proud. Every eye that viewed the tastefully arranged decorations had nothing but loudly voiced compliments for the efforts of those responsible.

The focal point was a large covered table in the center of the floor, laden with items of a bountiful harvest, fruits, vegetables and grain. Over 1000 and Mrs. Oran Driver were seated at the table in front of open Bibles, dressed as Pilgrims of the first Thanks-

## Benjamin Youths Named Gold Star Winners

Pam Roberts and George Doby, both Benjamin youths, were named Gold Star winners for 1966 at the annual awards banquet held Monday night.

Pam, 15-year old daughter of Mr. and Mrs. Kenneth Roberts of Benjamin, is a six-year veteran of 4-H Club work. Her projects have included grass judging, clothing, junior leadership, recreation and share-the-fund. This past year she has served as District 4-H Council delegate. She also is co-chairman of the Knox County 4-H Council.

George, 15-year old son of County Agent and Mrs. Joe Doby of Benjamin, has been a 4-H member for six years, also. He has completed projects in range management, wildlife conservation, entomology, safety and swine. This past year he was on the grass judging team that competed in three contests. His entomology project consists of a collection of 75 insects that have been identified and classified.

## Dallas Rites For Mrs. Cantrell,

Funeral services for Mrs. Jimmy Cantrell were held last Monday, November 14, at 10 a. m. at Dudley Hughes' Funeral Chapel in Dallas. Burial was in the Rose Hill Cemetery at Fort Worth.

Mrs. Cantrell, the former Vesta Stephens and daughter of the late Mr. and Mrs. Absalom Stephens, died in a Dallas hospital on November 12 after suffering a heart attack earlier in the week.

Born in Knox City on July 12, 1885, she was married to Troy Brock at Knox City, later moving to Fort Worth.

Mr. Brock and two of their children, Clyde and Marie, were killed in 1938 when a train struck their car.

Survivors include one son, Claude and two grandchildren, Gary and Kala Brock of Dallas; one sister, Mrs. Amos Rutledge of Fort Worth, five brothers, Carl of Fort Worth, Virgil of Petersburg, W. R. of Amarillo, Alice of Dallas and Joe of California.

Mr. Cantrell died in April, 1966.

## Special Social Security Benefits

More than half a million people 72 or older received their first monthly checks for new special benefits this month, according to Robert M. Ball, commissioner of Social Security. The payments for this first month amount to over \$20 million, the Social Security Commissioner said.

Financed out of general funds of the U. S. Treasury, not social security taxes, the payments are \$35 a month for single persons, and \$52.50 for married couples.

Almost all those eligible received their checks early in November. A few claims for benefits are still in process, because of the need for proof of age or because the application was taken.

Older people who signed up for the voluntary doctor bill insurance to supplement their hospital insurance under medicare, and who have already paid their second quarterly premium of \$9, may have received first checks amounting to \$3 more than the \$35 special benefit payable to an old person alone, or \$8 more than the \$52.50 payable to a couple.

This extra amount is a refund of their advance premium payment for December and for all future months will be deducted from the checks they will receive in December and following months. People eligible for special benefits of \$35 a month, for example, will get checks for \$32 beginning with the payment they get in December.

Anyone 72 or older who is eligible for some other public retirement benefit from the Federal Government or under a state or local government retirement system, can collect the special payments.

In addition, those eligible for government retirement benefits that amount to less than \$35 a month for a single person or \$52.50 for a couple, may be paid the difference between their present benefits and the amount of the special payment.

However, persons getting payments from Federally-aided public assistance programs cannot collect the new special payments for any month in which they receive a public assistance check.

Most people eligible for the new payments were sent letters on the basis of their earlier application.

Mr. and Mrs. Benson Hall of Denton, Mr. and Mrs. J. W. Roberts, Quanah, Mr. and Mrs. C. D. Hall and Mr. and Mrs. C. M. Carroll of Crowell visited the Bill Dodd family Sunday.

## GETTING THE KIDS TO BRUSH THEIR TEETH A CHORE? U.S. SPACEMEN NOW MAKE IT EASIER FOR YOU

Are your children taken up with the recent space craze? Do they spend most of their time talking about such things as blast-offs, countdowns, and walks in space?

Are their heads so far in the clouds of outer space that the humbler tasks of growing up are neglected?

Take baths, for instance. Is the struggle to get them to the tub almost too much to bear? Do clothes and toys end up strewn haphazardly all across their rooms? And what about brushing their teeth—is that another of their daily chores that goes by the boards?

Well, for most of these problems, you'll just have to keep pressing them, attempting to get them into a proper routine by constant nagging, even threats.

But when it comes to care of their teeth, you can take heart. There's one argument you can now give them that's almost certain to win over their space-filled minds.

The National Aeronautics and Space Administration, in planning their astronauts' trips into outer space has spent lots of time and money on what should be carried aboard the spacecraft. But, in spite of the problem of limited space, personal comfort was considered important, too. So important, in fact, that each space man is provided with a toothbrush to carry on his space jaunts.

Lest your admonitions to your children about brushing their teeth go unheeded, you'd be well advised to tell them that these space-travelling toothbrushes are very similar to those used by lesser, earth-

bound mortals. Indeed, the only difference in these standard Py-Co-Pay models is in the rubber tip used to massage the gums.

Here, N.A.S.A. was faced with the problem of the unique requirements for space environment. Py-Co-Pay was asked to come up with a new tip that would stand up to these conditions. And so they did, substituting a special "space age" silicone rubber tip for the more conventional one.

So, armed with these facts of life in outer space, you can now get your children to brush their teeth regularly. If you can tear them away long enough from the televised exploits of the astronauts, that is,

## HEADACHES THROUGH THE AGES

A headache is often nature's way of telling us to slow down and take it easy, a warning that the pressures are becoming too great for comfort. Throughout history man has always done something when his head ached—for example:

1. Prehistoric cavemen had holes drilled in their heads to relieve the pressures of headaches. Ancient skulls reveal that this practice goes back as far as 9,000 B.C.

2. Egyptians believed that a person with a headache was possessed by demons. Priests recited long incantations and prescribed foul-tasting drinks to scare the spirits away.

3. Medieval knights are said to have had considerable trouble with headaches (who wouldn't under 50 pounds of metal armor!). When the pain got to be too much to bear, Sir Knight may have gone to a witch for a special brew.

4. Today's headache victim doesn't need a witch's brew. Many people get long-lasting relief from Vanquish, which contains five ingredients to ease the pain and relieve vascular pressure in the head at the same time.

5. Lacking modern remedies, many Moors tap a goat with a stick when headache strikes—hoping that the ailment will be transferred to the animal.

6. In Germany it is a common notion that if a bird finds a person's cut hair and builds a nest with it, the person will suffer a headache.

## Small Business Loans Office To Be In Aspermont

The Aspermont Small Business Development Center has received notification of funding for another year. On October 31, the Aspermont S.B.D.C. had completed its first year of operation. During its first year of operation, the Center interviewed 489 small businessmen and prospective businessmen, and other interested individuals. A total of 108 applications were processed of which 39 applications were approved by SBA, totaling \$361,900.00, and 32 applications were declined by the S. B. D. C., and 16 applications were declined by the SBA.

The Aspermont S. B. D. C. as the representative of the local community plays a vital role in the economic opportunity loan program. The Aspermont S. B. D. C. has the responsibility of screening applicants, recommending loans, and the counseling and training of applicants and those who receive loans. While the SBA office, Lubbock, Texas, makes the final decision on loans, its decision is largely based on the recommendation and justification submitted by the S.B.D.C. In the past year, the Aspermont S.B.D. C. has sought to carry out these responsibilities, by making known the program to the people it is intended to help in the community.

The S.B.D.C. has interviewed 37 businessmen and prospective businessmen from Knox County. The Center has processed 10 loans of which 3 loans are now pending in the SBA office, Lubbock, and 2 loans have received approval totaling \$25,000.00.

The Knox County representatives are Ray Escobar, Board Member, John Smith of Knox City, and J. H. Kane, Munday Screening Committee member.

## Many Knox County Residents Could Benefit from Hidden Medicare Features Check With Your Local S. S. Agent

Many elderly citizens of Knox County would benefit from one of the hidden features of the Medicare law, reports Edwin Draughn, manager of the Vernon Social Security Office. The insurance will pay for home visits by nurses, physical therapists, and certain other health workers employed by a home health agency that is participating in the program.

Payment can be made for part time nursing care, physical therapy, some medical supplies, use of special equipment, etc. Mr. Draughn emphasized that neither full-time nursing care nor general housekeeping services are covered under this provision.

The hospital insurance part of the law and the voluntary supplementary section each provides for up to 100 visits per year by home health workers. Under the hospital provision, the beneficiary must have been hospitalized for at least three days before

## Streams In Desert Places

Ozelle Stephens  
In seeking the will of God, we find only those who sincerely want God's will and have faith enough in Him to dedicate themselves to His Ways can ever know it.

To pray, Lord, show me thy will. If I like it, I will accept it, is a futile prayer. You must accept it before you know it. This depends upon the opinion you have of God. He does not reveal Himself to triflers.

No one can walk into His Holy presence on hurrying feet, your seeking must be in silence before you can hear Him. You must wait patiently in His Holy presence. Take time for peace in your soul. Let go all feelings of personal responsibility in what-ever concerns you.

Rejoice that it is your Father God who works in you and through you and does all things well. You can draw continually on the living spring of His power and joy that fills your heart. You will give thanks and praise unto Him who will reveal His will, for you have found the most wonderful Thanksgiving.

### SENIOR CLASS

By Cyndy Johnston  
The Jr. Sr. Thanksgiving supper had a nice turnout Thursday night. The Senior Class wishes to express its thanks to every citizen who participated and to mothers that worked so hard to make it a great occasion.

Friday night, the girls basketball "A" team lost to the Haskell "B" team. The K. C. "B" team won over the Haskell "B" team. The next game will be played this Tuesday when Rochester girls travel here. Good luck girls! The Senior Class will be busy with six weeks tests. Then everyone in school will enjoy a short Thanksgiving holiday.

### JUNIOR NEWS

By Velvet Verhalen  
The girls working on their state FFA Degree of Achievement this year include Diane Thomas, Pam Waldrip, Carolyn Crowmover, Karen White and Becky Lowrey.

At the District VII FTA meeting held last Saturday, Mike Glenn was selected as a State Voting Delegate and Velvet Verhalen was voted in as Historian for District VII. Cyndy Johnston will be working on a Scrapbook containing the activities of the Knox City Chapter. These three students and the Chapter Advisor, Mrs. Ottis Cash will be planning to attend the State FTA meeting on Feb. 24, 1967, to be held in San Antonio.

The Houndettes are planning to play the Rochester girls here this Tuesday. Come out and support our team!

All the Juniors are thankful for the Thanksgiving holidays. Please be careful if you are taking a trip.

### SOPHOMORE NEWS

by Mary Reese  
The FFA boys spent one night last week selling light bulbs. From what we've heard, our Sophomore boys did real well! They seem to have sold their share and more.

We got our school pictures last week, too. On a whole, they're really pretty good!! Now, everyone is busy trading.

The Houndettes played at Haskell last Friday. The "B" team won, but the "A" team lost.

Six weeks tests are this week so everyone is busy studying, because if we don't, we'll wish we had.

### FRESHMAN NEWS

By Gayle Campbell  
Thursday, we got our school pictures back. Friday, the girls' basketball teams played at Haskell. The B team won 36 to 23. Lou Ann McGaughey was high point with 24 points. The A team lost 23 to 30. Both games were very exciting.

There will only be three days of school this week. It also is six weeks test time. We'll work real hard for a few days and then it's "Hooray for the Holidays."

### EIGHTH GRADE NEWS

By Gwen Angle  
Our Junior High basketball teams, both boys and girls, started off real well last week in the tournament at O'Brien. However, in our second games played Thursday night, we were defeated, both teams by Rochester. The girls lost 17 to 30. Alice Martinez was high point for us with 9, followed by Betsy Ross with 8 points.

The K. C. boys lost by 16 to 36. Sammy Tankersley was high point with 6 and Rogers Lankford had 4.

Last week I listed three of the girls' basketball numbers incorrectly. The correct numbers are Betsy Ross, 12, Ramona Mendoza, 11, and Kathi Kent, 3.

Our next game is November 28 at Rochester. They beat us last time but we're going to get 'em good! (I hope!)

### SEVENTH GRADE NEWS

By Carol Speck  
Well it is Thanksgiving time again. We will also have our six weeks tests. As usual there will only be three days of school this week.

Monday we played the Munday basketball team. Our girls beat 33-18 and the boys beat 17-14.

Thursday we played Rochester and lost. Mrs. Clement went with us on the bus. We all enjoyed having her with us.

The boys who received suits in the seventh grade are Brent Railsback, Charlie Lieb, Gary Wilcox and Randy Park.

**How Medicare  
Affects You And  
Your Doctor**

Your doctor plays a very important role in the medicare program, according to Edwin Draughon, Social Security manager in Vernon.

In the first place, your doctor—the doctor of your choice—decides whether you need to enter the hospital. In fact Medicare does not pay for anything unless your doctor says it is necessary.

If you are enrolled for medical insurance benefits, your doctor plays an important part in collecting these benefits. There are two ways to collect. Under the first method, known as Payment to the Patient, you pay your medical bills and file a claim for reimbursement. You may ask your doctor to fill out a part of the

**Small Business  
Dev. Center Will  
Continue Working**

WASHINGTON, D. C. — An office that will process "War on Poverty" loans to small businesses in a 15-county area of West Texas was approved Monday by the Office of Economic Opportunity. (OED.)

A grant of \$39,115 for operation of the county office for one year was made to the Aspermont Small Business Development Center Inc., it was announced by Sen. Ralph Yarborough.

Although based at Aspermont in Stonewall County, the center also will serve Brisco, Childress, Cottle, Dickens, Fisher, Foard, Hall, Hardeman, Jones, Knox, Haskell, Kent, King and Motley counties.

Loans granted under the program are financed by Title IV of the OED Act. They provide up to \$15,000 for persons wanting to start or expand business, but who are unable to meet credit requirements of other loan programs.

OEO said the Aspermont grant is mostly to pay persons engaged in loan application analysis or clerical work.

claim form, showing the nature of your illness, the services received, and the total charges. This is not necessary if he has already furnished itemized, receipted bills containing the same information.

The second method is called Payment to the doctor, or the assignment method. If your doctor is willing, you can ask that payment be made direct to him. However, you will still owe the doctor money, because Medicare will pay only 80 per cent of the reasonable charge. Also, there is a \$50 deductible for each calendar year, which you must bear before medicare starts to pay.

Mr. Draughon emphasized that your doctor is not required to accept an assignment. He has the right to ask you to pay him direct, and file the claim yourself.

**Accident Report For Knox County  
During September By Highway Patrol**

The Texas Highway Patrol investigated 3 accidents on rural highways in Knox County during the month of September, according to Sgt. Frank Jircik, highway patrol supervisor of this area.

These crashes resulted in no deaths, 1 person injured, and an estimated property damage of \$710.00.

The rural traffic accident summary for this county during the first nine months of 1966 shows a total of 41 accidents resulting in persons killed, 4 person injured, and an estimated property damage of \$35,390.00.

From past experience, the month of October signals the increase of traffic accidents in Texas due to shorter days and longer nights. The increase hours of darkness will hide dangers otherwise visible during the daylight hours.

The Sgt. listed some factors why driving is more hazardous at nighttime. (1) Reduced road visibility prevents drivers from seeing hazards. (2) It has been longer since most drivers have slept and the resulting fatigue increases perception reaction time. (3) More drinking drivers will be met. (4) It is easier for drivers to become confused in traffic and to panic. These factors in varying degrees coupled with high speed cause accidents that would not occur in daytime.

**Filly Sells For  
\$14,000, Guthrie**

An Anacacho Ranch filly sold for \$14,000 to D. R. Urschel of Canadian to top the first half of the Anacacho Ranch and Burnett Estates production horse sale in Guthrie, Nov. 15.

More than 1,500 persons attended the joint sale, a near dispersal of the Anacacho herd and the first production sale of the Burnett Estates.

The first 34 head sold brought a total of \$92,975 for an average of \$2,735 per head.

Panama Ace, a stallion from the Anacacho Ranch sold for \$12,500 to W. R. Brannon of Midwest City, Oklahoma.

A 6666 filly, "She's a Jewel" sold for \$6,700 to Carl Miles of Abilene.

**14.2 Miles Of  
Highway Work  
In Progress**

Work has begun on the construction of 14.2 miles of U. S. 82, from F.M. 265, east of Dickens, east to the King County line. The construction will consist of two complete new lanes of highway adjacent to the old lanes, making it a four-lane facility when work is finished. The reconstruction was announced at a preconstruction Safety Conference held in Dickens, and is part of the 1965-66 and 1967-68 Consolidated highway program. Texas Highway Department District Resident Engineer V. J. McGee reported that George Wall, Senior Resident Engineer will be in charge of the project.

The construction project will consist of grading, structures, flexible base, asphalt stabilized base and asphaltic concrete pavement.

Cooper and Woodruff, Inc., Amarillo, was successful low bidder with a total contract price of \$1,277,617.17. Charles Schmidt vice-president of Cooper and Woodruff stated that approximately \$350,000 of this total would be labor and most of this money would find its way into the local economy. It is anticipated that the project will be completed by August 1, 1967, providing the weather permits.

The Highway Department urges the traveling public to be considerate in thinking of the safety of the men working on the roads and travel accordingly.

The reconstruction of this section of road is a part of the never ending effort waged by the Texas Highway Department to make roads safer for the ever increasing number of automobiles traveling America's highways.

**OLD STONE FORT  
Nacogdoches**

The Old Stone Fort standing on the campus of the Stephen F. Austin State Teachers College at Nacogdoches is generally believed to have been built during 1779 or 1780.

It has been held and garrisoned at various times by Spain, Mexico, the Republic of Texas, the Confederacy and the United States.

It was truly an outpost in the wilderness!

Nacogdoches itself, one of the four oldest civilized settlements in Texas, was named for the Nacogdoches Indians. Here in 1716 the Spaniards established Mission Nuestra Senora de Guadalupe around whose deserted buildings Nacogdoches was permanently established in 1779.
