Here and There

These summer days have put many things to moving, and hot weather to be left out behind the times. I drove the Henry wagon into town and parked it on a side street. Didn't have much money to spend or much business to look after, so I thought I would stroll around and maybe pick up a few things that I did not know, and confirm some of the things that I had heard.

Started down on the West side, looking in on the corner grocery, everybody busy and Lloyd talking as usual.

E. F. Branton a little late about sweeping the sand off the sidewalk but happy and thinking that the CWA might come along and offer to do it.

Irmon Messer of the Malouf store smiling and wondering of the rest of the bunch had to be told every-time to help him with the heavy work.

Holt Moseley standing in the door laughing out loud and his wife, working, not much chance of that boy starving to death.

On down the street, saw Sam Clonts sitting down in an easy chair waiting for a victim.

Wondered what was the matter with the Orient Drug Store, walked in and inquired about a few familiar figures, Shorty Youngblood, Ben Farmer and Bill Clonts, was told that they were working, but didn't believe it.

Heard the Early Birds on the radio at the Leader Store.

Those general good looking clerks at the Frizzell drug store still smiling and hopeful.

Mr. Jones down early trying to sell a new deal on spuds.

Finally got down to the corner grocery, boys happy and prosperous looking, Alvin Hamm still wanting to sing and get mardled.

Decided not to try to cover the whole town in one day, so led the Henry wagon on back home, dog tired.

It is noticeable that the Chevrolet Company is doing an unusual amount of advertising this week. Since the placing of the first ad (find it on page 2) the Chevrolets have been reduced in price so a second ad on (page 4) was scheduled.

The Chevrolet is one of the fastest selling cars on the market today, a portion at least of which sales is attributed to their advertising. The second reason, of course, is the fact that the Chevrolet is a good car.

We suggest that you call at the Ashcroft Chevrolet of this city and see the new cars, get a price on your old one then trade for the new.

Knox County Home Demonstration Council

The Knox County Home Demonstration Council met Saturday in Benjamin with 14 members present.

Plans for the Annual dress Contest were discussed. This contest will be held in Benjamin in the High school Auditorium, beginning at 10 o'clock, Saturday, June 9. Plans are being made for 90 to 100 to attend the luncheon at the noon hour. The dresses will be judged in the morning by Miss Marie Strange, Baylor County Home Demonstration Agent. Plans are under way for a most unusual and interesting program in the afternoon beginning at 1:30 and everyone is invited to attend.

Committees were appointed for the Annual Encampment by the President, Mrs. Frank Bowley, Monday. This encampment is to be held 2 miles southeast of Munday in the Cartwright pasture, July 12 and 13. Transportation to the Farmers Short Course, July 10 to August 2 was discussed. The Council is planning to secure 2 buses to carry the men, women, boys and girls to College Station to represent Knox County.

The price was set at 25 cents for the Cook Books that are being put out by members of the Home Demonstration Clubs in the county. These books are to be ready for distribution by July. The proceeds from these books will be used by the council to send delegates, winners of county contests to the Farmers Short Course and other activities of the county.

Wardrobe Demonstration

"My wardrobe work for the past two years has helped me in many ways especially in choosing suitable materials, quality and styles," said Mrs. Ralph Weeks, Class 2 Wardrobe Demonstrator in the Munday club. "I have learned most all I know about sewing and keeping records in this work and am not only able to do this work for my family but I am able to assist club members as well as non-club members," she further stated.

Mrs. Weeks has kept accurate records of her entire family clothing expenditures this year and through careful planning and wise selection has been able to keep the accounts

of the entire family within the \$70.00 budget. Ample storage space has been added to take care of the family cloths as a part of Mrs. Weeks demonstration.

4-H Bedroom Improvement

"In the beginning of this contest my room was not as comfortable and easily cleaned as it is now," said Inaleen Williams, Union Grove 4-H Bedroom Demonstrator who won second place in the contest in the county.

"I have two windows in my room, one on the east and the other on the south. Before I started work on my room the walls were plain unpainted sheet rock. The woodwork was mahogany. The floors were not painted but I had a rose colored linoleum on it. I had scrap lumber. I had a wardrobe which was also made at home from an old wooden headstead, a safe and a large box. I also had shades and curtains for my two windows.

In order to make my room more comfortable, I papered it. The landlord furnished the paper for me. I painted the floors and woodwork at a cost of 45 cents. I made a shoe rack and a hat stand which fits in my wardrobe from scrap lumber. My wardrobe serves as a closet and a study table combined. I added a dresser made from two incubators orange crates and a few scraps of lumber, a total cost of 85 cents. I also added a wash stand made at

home from scrap lumber and a large box. This cost only 75 cents. I also have a bench for my dresser, made at home at a cost of 19 cents. I added a wash basin and pitcher for \$1.25. I also have two new sheets which cost \$2.10. They are 90" by 104 inches long which makes them standard size. I made a spring and mattress cover both from old blankets. I also made a mattress pad from a sheet and old quilt. I repainted my bed at a cost of 25 cents.

I have a rose rayon headspread that I got at a medicine show for 10 cents. I bought a box of candy and with the coupon in it I got the spread.

I repainted a 10 year old chair for my bedroom. I already had a lamp that I used in my room. I have a picture over my bed, one over my wardrobe and one over my dresser. I also have a mirror over my washstand.

The total cost for fixing my room was \$4.74 and I have a room that I can really enjoy."

Mr. and Mrs. Joe Averitt and son of this city with Mr. and Mrs. W. T. Averitt and family of Rule drove to Lovens Retreat in Palo Pinto county where they were met by Mr. and Mr. Buster Averitt of Fort Worth and enjoyed the day together. The two Texas families returned home by way of Fort Griffith and caught plenty of fish, however, the big one got away.

Miss Margaret Bieder is visiting in Hico this week.

Why the Sudden Change to Liquid Laxatives?

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be thus regulated to suit individual need.

The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The wrong cathartic may often do more harm than good.

Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N. K. A.

markets assuring, not the settling of prices—yet this would be far safer than to continue to let Wall Street set them—but policing of business by the government to the extent that no such tragedy shall ever again befall his people as it did in 1929 when the peak of human greed was reached and the buying power of the masses was practically destroyed. Honest thinking people care not how wealthy others become just so long as their accumulation of wealth does not bring destruction to their neighbors.

I favor the enactment of laws that will immediately stop the issuance by our government of tax free securities. Active money will never create a panic. It is indisputable that billions of dollars carefully hoarded by our multi-millionaires places a tremendously unjust and unnecessary burden upon the common people.

As my record will show I have always been and shall continue to be a friend to labor. My purpose will be to aid our great president in his valiant efforts toward the redistribution of wealth and the relief of the unemployed by safe-guarding the rights of those employed and the creation of employment for those who are still out of work. I believe that shorter hours and shorter weeks is the immediate answer to the unemployment question.

Big business holds the key to the solution of the troubles, the cure for which will speed up the wheels of commerce, empty the ranks of the unemployed, redistribute the wealth of the land and guarantee prosperity. Our government can not carry on much longer caring for 10,000,000 and more people. I shall ever oppose exorbitant salaries of large business executives to the ultimate starvation of those who have depended upon that business. "Large profits for the proprietors at any and all hazards" must cease to be industry's slogan if it would not eventually destroy itself.

I favor the payment of the adjusted service certificate to the soldier at such times as our president feels those other courageous steps in his recovery program will permit. In the meantime some measures should be taken to cancel the interest in government is now charging the ex-soldiers for the 50 per cent that has been granted him on his bonus; the interest should not be permitted to eat away what our government has contracted to pay. No right thinking person should have this country deny anything within reason to the disabled veteran and his family and the burden should be upon the government to establish whether the disability was caused by service connected injury or not. The Spanish American war veterans have never been paid too much.

My experience of nine years in the investigation of crime and the study and prosecution of criminals has given me an excellent background with which to study intelligently the solution of crime, the most devastating force in the world today. I pledge myself to never cease expending my energy and knowledge in bringing about a permanent holiday for the law abiding citizen.

In congress I shall fight to insure the masses that never again will the government permit them to be prayed upon by the favored few, and yet without any entertained thought that confiscation and distribution of wealth will ever be resorted to. Rugged individualism" guided by the light of clear, honest thought with due and proper regard for the rights of your neighbor should no by any means be denied a free thinking people.

My campaign shall be by personal solicitation, my means being limited, there will be no slush fund and I call upon my friends over the district to help me win this fight. I shall have no message that can by any means be interpreted as a curse, all for alls of the world. Honest, fearless and efficient performance of the duties of this all important position with the use of a level head and common sense is all that I have to offer.

Finally, my first thought will be of those things that are the most good for my country, second, those things that are the most good for my own constituents. The people in 1932 overwhelmingly elected Franklin D. Roosevelt generalissimo of an army of 125,000,000 and gave him the reins to lead and direct this army against the greatest foe this country has ever known. I earnestly solicit your support and when you have exercised your suffrage in my behalf I shall understand your mandate to me to be, "put my stumbling blocks in his way." My compensation shall be the living wage paid me by you through your government, and

the glorious honor afforded me in this opportunity to serve my country and my fellow man."

Mrs. Dick Cook, Mrs. A. J. Gore and Mrs. Leroy Melton and son of Benjamin spent the past weekend in Springtown attending the Association Reunion. Although Springtown is a very small place, the crowd in attendance at the reunion was estimated at five thousand. The two Knox City visitors report that several of the best speakers of the south were heard on the various programs given, all of which were very good. They also report the picnic feeds to have been the best ever given at this reunion.
