

FORGET MAY 23rd orm planting date! though the ones who n the bunch, will have ime planting anything s the ground has been. ould be the ground will vet even May 23 if it n't stop raining.

EAL QUIET, POLITICALLY the opinion of one state candidate last week and ard the same opinion by her one Monday. Come to of it, it has been quiet und here this year.

saturday is the day to cast ir ballot and if you vote for candidate you think or know he most honest, competent, can do the most good for country, it shouldn't be too rd to make a decision in most ices and here at home it is no-race, if we cast our wisely.

SUSPICIONS CONFIRMED!e've always thought we had the ost attractive cowgirls in this ea than any place we've ever before. Although we've ever mentioned our suspicions anyone before, last week we ticed where Sandra Ellis was osen the Rodeo Sweetheart or Hardin-Simmons' 20th annual Intercollegiate Rodeo, and take our word for it they have many, many beautiful women vying at the District Banquet that will for that post, and our young friend Sandra won!

Another beautiful sight on or off a horse is Belle Hudson of Benjamin. Here in Knox City we have two young ladies we think take the back seat to no one in the rodeo arena who are Gayle Cornett and her little cousin, Mandy Lankford.

We are naturally prejudiced, but we bet we've got four of the prettiest and most talented girls you can find anywhere. Too bad we aren't interested enough to have a good rodeo once a year like other area towns.

We even think the present city council would let you ride a horse even down the main street -and for here that WOULD be something! Let's try it!

NEW OFFICER - Monday. at the regular council meeting, George Houston was sworn into office as the Chief of Police or City Marshal or Knox City Warren Pupils Have Don Bayer New Sheriff until one can be selected at a later date. The city has May Day Party several applications but no one has been picked, at this time.

The young folks know they have a friendly cop now who is on their side and we hope they help their friend by obeying the local laws. George has already warned us and we know he will ment was their favorite piece do his job even though it hurts. Let's help him all we can!

CONGRATULATIONS to the seniors who will graduate in short order and we are very glad and proud we will be able to be among the happy parents Townsend, Brenda Harris; at graduation if the date doesn't fall on Tuesday or Wednesday.

We think this year's annual one of the finest ever, and we personally appreciate the kids having enough foresight to dedicate the annual to one of our best teachers, Mr. B. R. Winches-

We are glad the kids recognize talent, competence, and dedication to duty as a profes-

sional teacher, in this era of other endeavors. Don't think Mr. Winchester will make the final exam any

easier though-it's liable to be a real STINKER!

It has year the Atlanta Service Center been said, "To live and let live" is only half the meaning of this not filed a tax return. commandment. It is the fact that God values EVERY man as he values me, for he condemned those who passed by on the other side of his wounded brother. God is the Father of all nations, making all men brothers when we look at it in the proper light. The story is told of a man who put on a statue of a boy. He first placed a light on the ground shining it up on the boy's faceas he stepped back he was shocked-the boy looked like a moron. He changed the light putting it up above so as to shine down on the boy's face. Then he smiled as he viewed the boy's face, for it looked like an angel. When we look at men from the earth-

It is easy to feel that these people do not matter. But when we look at man, any man through the eyes of Christian faith, with the light streaming down on him from God, then we see the divinity of man, all life becomes sacred. We must not kill-we must help live.

# Soil Stewardship Week May 15-22

Each year during May the Soil and Water Conservation Districts in America celebrate Soil Stewardship Week. The dates for 1966 are May 15-22.

Many of us when we hear the stewardship immediately think of men in the ministry as those who are qualified to speak on the subject. Many of us also take the attitude that we are not affected by stewardship of our resources, but this is not true. Most of us would like to pass responsibility on to a few not recognizing we all have an interest, a stake or a share in the stewardship or conservation and development of these resources.

Good food and clothing is important to all mankind-however, many countries do not enjoy the wonderful food supply we here in the United States often overlook as a blessing. Neither are many highly technical specialties will nations well dressed. Good stew be sent to military technical ards will help keep us well fed, well dressed. They will keep the soil where it is so that they do not contribute to the silt that fills the lakes we depend on for our water supply - and incidentally, silt is also a pollutant. Good stewards not only are developing and conserving for future generations but will make more money with less expense today than those who do not. Ask your bankers or other loaning agencies which is the better loan risk - the conservationist or non-conservation-

> Conservation and Stewardship will and is doing much toward keeping our country beautiful. It is responsible for the bountiful supply of wildlife, lovely woodlands and clear streams for better and more enjoyable recrea-

> These things we all have an interest in and a share of the responsibility lies with each of us. The economy of our state and nation is greatly affected by Stewardship. In Texas, agriculture is

> second only to oil as the biggest industry. Although only about 8 per cent of our people are actually farmers or ranchers over 40 per cent of our people are employed to handle agricultural products. Processing and distribution employs many people. Our agriculture in America uses more steel, rubber, petroleum,

> and chemical products than any other industry - add these few examples to many more and then ask yourself whoever you are, or whatever you do, if you do not have a share of the responsibility for Stewardship or our resources Let us remember-Jeremiah 9: 12, 13

. for what the land perisheth and is burned up like a wilderness, that none passeth through? And the Lord saith, Because they have foresaken my law which I set before them . .

# **GENE NEWTON**

Is The Candidate For

# State Representative

WHO IS CONCERNED ABOUT THE PEOPLE . . . .

GENE NEWTON is particularly concerned about-

# HIGH COST OF AUTO INSURANCE

Gene Newton

My opponent is on the Insurance Committee of the Texas House. If I were on that committee I would investigate the RISING COST OF AUTO INSURANCE in the interest of the people rather than the Insurance Companies.

# INTEREST RATES

My opponent voted FOR Senate Bill 59 which would raise the maximum interest rates for banks from the present 10 percent to over 17 percent. This bill would have become law without Gov. Connally's veto. GENE NEWTON WOULD HAVE VOTED AGAINST THIS BILL as it would have hurt our farmers, small businessmen and working people.

# **SENIOR CITIZENS**

Gene Newton believes our elder Texans should have a good life at the end of their years. I will support legislation to aid these forgotten Texans. Why has the opponent not helped in the several terms he has been in the Texas House???

# A DEMOCRAT

I will dedicate my energies and efforts to aid the Democratic Party and principles in our area.

These are only four of the many times the people of West Texas have failed to have true representation in the Texas House.

# Munday Begins Work On Vegetable Festival

chairman of the historical pictures division of the Knox County Vegetable Festival, together with her co-chairman, Mrs. Jean Leflar, are busy with their area chairman in their efforts to make this division another out standing contribution to this year's festival at Munday.

Mrs. Spann states that more than 2,000 visitors from seven states and one foreign country (Switzerland) registered in this department last year.

An interesting feature this year will be to have the oldest living person who was born in Knox County as a guest of honor. Efforts are now under way to locate this person, and other oldtimers will be given an op portunity to recall memorable occasions with him or her during the two-day event.

A "Memorial Section" devoted to pictures of early day pioneers who were instrumental in developing Knox County is also planned. Mrs. Spann states that every effort will be made to ake the best of care of pictures of cash. Seven to twelve hours this type and to see that they weekly can net excellent monthare returned to their owners. "We already have pictures of prominent businessmen of Munday who appeared in "The Womanless Wedding," which dates back many years. We also have a copy of the first issue of the Knox County Herald.

Also in the collection will be a picture of Munday's first schoolhouse, which was located east of the present townsite.

An original copy of the prospectus prepared by the Munday! Chamber of Commerce in 1923 in an attempt to get the Texas Technological College located at Munday will be on display.

Items such as historical papers, news clippings, documents, records, and early-day annuals are of importance to the committee in selecting materials.

You are urged to begin now to locate pictures land other items of interest, as everyone will be contacted by some member of this committee before festival time. If you have items which you feel might be of interest, please contact Mrs. Spann or Mrs. Leflar in Munday or one of the following community chairmen

Mrs. Ullric Lea, Knox City; Mrs. J. P. Tolson, Benjamin; Mrs. J. T. Cook, Gilliland; Mrs. Walter Coffman, Goree; Mrs. C. J. Albus, Rhineland; Mrs. Curtis Casey, Truscott; Mrs. C. D. Roberson, Vera.

### Freshman Class

By MARGARET HOWELL

Jacqueline Crownover planned to give the class a havride Friday but we kinda got rained out. Mr. Winchester honored us wih a science test the other day. We are fearfully awaiting

the results. last Thursday, the yearbooks came in. They are gold and are

edited very well. Rosie McElroy has started a new fad, by jumping off boards blindfolded. This new hobby

really gives her a charge. Wednesday - Friday the Homemaking girls were dismissed from classes because Mrs. Newton went to San Antonio.

That about winds it up this week. Until next week we sign off

saying, "Keep smiling, it makes everyone wonder what you've been up to."

#### CARD OF THANKS

We would like to express our deepest gratitude to each of you for your thoughtfulness and consideration during the illness and passing of our loved one. The Family of J. B. Hendrix

# Eighth Grade

By LINDA MARTINEZ

A few boys and girls made telegraphs for science class this Monday. The boys claimed their telegraph was better than the girls, but both were very good.

The annuals were received this past week and everyone signed each others. Every year they seem to be prettier.

All eighth graders wish the Seniors good luck, on their senior trip. It's too bad they won't be here next year when we will be in high school. They won't know the thrill of going to school with us (Ha).
