Hounds Lose Close One

Holiday ran the ball twice. Will Whiteley then picked off a pass and ran it back 10 yds. The Hounds took over on Holiday's 46. It was Phillip Newton for 5, Gary Carver for 5, Newton for 5, 0 and then burst for 28 to the 2. A 5yd penalty moved the Hounds back to the 7. Again it was Newton for 5, 1 and 1 for the score. A pass for 2 points was no good. Hounds lead 6-0.

After the kickoff Stanley Newton led the defense with Rob Harrison and Robert Taylor. The Hound held on 4th down and then punted on 4th down. Holiday fumbled on 3rd down and Gary Carver recovered for

the Hounds on Holiday's 36. Newton carried for 8, 4 and 8, Harrison for 10. Newton for 2, 3, 1 and Carver carried in on 4th and one for the score. Again the extra point try was no good.

Hounds 12-0 and 4:42 left in the half.

On Holiday's 3rd play following the kickoff the defense led by Cliff Ray fumbled and Danny Woodall recovered on their 25.

Harrison carried for 5, 9, 3 and 6. Phillip Newton then scored from the 4. Again the extra point try was no good. 1:06 left in half, Hounds 18-0.

Four plays after the Hounds' kickoff to Holiday Phillip Newton intercepted a pass and ran it back 45 yds to the Holiday 20. Newton then carried for 7, 5, and 5 yds. Carver for one and Newton for one. Joey Swain on 4th and 2 kicked a 23 yd field goal. Score 21-0.

The Hounds held after the kickoff and Holiday punted on 4th down but a roughing-the-kicker penalty gave them a 1st down. This gave them a break and they took advantage and using up 8 minutes off the clock and 2 personal foul penalties against the Hounds inside the Hound 7 scored on 4th and 2 with 36 seconds left in the 3rd quarter. The try for extra point kick failed. K, C, 21-6.

An exchange of punts followed the kickoff and a good defensive charge forced the Eagles to punt on 4th and needing 19.

The Hounds took over at their own 39. It was Harrison for 6, Newton for 0 and 3. On 4th needing one Harrison was stopped short by a few inches.

With 5 minutes and 32 seconds left Holiday passed incomplete. Phillip Newton and Danny Woodall stopped the runner for one yd loss. A 3rd down desperation pass was good for 16 yds. to KC's 33. Stanley Newton and Rob Harrison stopped the runner for no gain. A completed pass for 16 yds to the 17 yd line. On next play a pass was completed for a score. A pass was completed for 2 points and the score 24-4 with 3:11 left to play.

Harrison received the kickoff and ran it out to the 15. Newton then carried for 4, 4, 5 and a 1st down. Newton then followed good blocking for 5 yds. The whistle blew. The ball was ripped from Newton's grasp after the whistle but the referee was not in position to see what happened and he gave the ball to Holiday with 1:11 left at the Hounds' 32. On the first play a pass was completed for the score. On the attempted pass for 2 points the defensive line rushed and

FINALLY MEET! Mrs. Faye Rallsback, right for a pleasant surprise Tuesday when Mrs. Walkington of Barmouth, North Wales, with whom she corresponded the past twenty-five years arrived in Knox City for a brief visit.

Resident's Pen Pal From North Wales

City resident, Don was in for quite a Tuesday morning when telephone call was received from Rallsback home. Mrs. June Walkington, North Wales, Don's wife Faye has responded the past years. Neither Don knew that June was in the States and it turned out to be a month's surprise. The States and was en route to Knox she did not under-currency required phone, she decided call was her safest

Walking has been enjoyable. She has been sightseeing in Salt Lake City, Las Vegas, Grand Canyon, and at the Hoover Dam.

She plans to leave Knox City Thursday (today) and will go from here to Pennsylvania for about a week.

Mrs. Rallsback and Mrs. Walkington both believe that they began their correspondence through an international pen club when they were both quite young. They have written only about twice a year, in recent years, but they have kept up with the other and their families through letters and pictures.

Mrs. Walkington visited the News office Tuesday afternoon and it was a real pleasure for all of us to visit with her and listen to her fascinating experiences.

KC News Slates Open House Friday

Tomorrow (Friday) is the big day. The News will be holding open house in observance of its first year in business.

We are especially eager for our friends and associates to come in for a visit and let us show you how the paper is "put together" each week.

In addition to publishing the hometown paper each week, we also can handle any order for job printing, business or social.

Office supplies also are available at the News.

We hope all of you will help us celebrate our first anniversary in business by coming by. We'd love to have you!

Coming Events

The Band Boosters will meet Monday evening November 13 at 7:30. All members are urged to attend.

The annual Junior-Senior Thanksgiving Supper will be held at the School Cafeteria on Thursday night, November 16. Plan now to attend.

The ceremony marks the official entry into Brownies for the girls. Thirteen girls have been attending meetings and learning the requirements for Brownies for several weeks under the leadership of Mrs. Jerry May.

Families and friends of the Brownies are urged to attend this ceremony.

City Council Members Hear Proposals

The City Council met in a regular meeting November 7, 1972. Mayor Buddy Angle, Councilmen Carl Shelton, Celso Gonzalez, Bobby Baker, Glen Romley and L. V. Worley, Mrs. Faye Rallsback, City Secretary and water superintendent James Hewitt were present.

Paul Clayton, acting as representative and a group of colored people met with the Council to discuss ways of improving their immediate area in addition to other areas in need. Their proposals were to make road repairs, cut some drainage ditches to divert water to the west and on out of town, to conduct a clean-up month and to get the railroad right-of-way cleaned. The Council agreed to make road repairs and to cut ditches, if feasible and to assist in a clean-up campaign.

Bill Price, local manager for Lone Star Gas Company met with the Council again to discuss the company's rate increase proposal. The Council, again rejected the proposal.

Other routine matters were attended to before the meeting adjourned.

FROM FLORIDA
Mrs. Richard Barnard of Jacksonville Florida is visiting in Knox City with her parents Mr. and Mrs. Carl Shelton and Shari and with the R. P. Barnard family.

KC Band Royalty To Be Crowned Fri.

The identity of the 1972-73 Band Sweetheart and Band Beau will be revealed this Friday night, November 10 during half-time of the Knox City-Crowell football game.

All senior girls are sweetheart candidates and all senior boys are beau candidates. The band members vote for their favorite each year for these honors.

Contestants for sweetheart are Doris Howell, Karla Tyler, Yolanda Bradford, Belva Penman, Debbie Wall, Jan Guinn, Susan Stone, Becky Swain and Shari Shelton. Gary Hewitt and Leslie Fitzgerald are nominees for band beau. Other escorts are Bobby Reeves, Greg Cloets, Danny Woodall, Don Ray, Phillip Newton, David McLaughly and Will Whiteley.

The Band Booster organization, sponsors the coronation each year.

Plan now to attend the game Friday night and see the crowning of band royalty.

O'Brien Bulldogs Win

BY C. H. UNDERWOOD

The O'Brien Bulldogs played host to the Luaders-Avoea Raiders Thursday, Nov. 2, and the Bulldogs chalked up their seventh win of the season, downing the Raiders, 54-6.

On the third play from scrimmage the Bulldogs scored as Mague Rocha, Bert Gutierrez, and Louis Conn executed blocks springing Rayland Hayes for a 4 yard T. D. Pat was no good.

The Bulldogs scored quickly again as Danny Del Hierro hit Mague Rocha on a 17 yard pass play. PAT was again no good.

Danny Del Hierro picked up a fumble behind Arly Watson's tackle on the ensuing kickoff to the Raiders and O'Brien scored on the first play from scrimmage.

Del Hierro hit Rayland Hayes for a 45 yard TD. Hayes missed again on his third attempt at a PAT.

O'Brien scored on the next possession as Rayland Hayes rambled 21 yards for a TD, but failed on the PAT. The score read 24-0 at this point.

The Raiders' next drive was stopped as Del Hierro intercepted for the Bulldogs. First quarter scoring ended for the Bulldogs as Bert Gutierrez, Mague Rocha, and Rayland Hayes provided blocking for Louis Conn who scampered 10

THE FAMILY LAWYER

Ad Piracy

Poster ads for a circus were so eye-catching that a printer made up some copies—without asking anyone's permission. The owner of the circus promptly filed suit, charging infringement of copyright. But in court, the printer argued:

"More advertisements cannot be copyrighted. The Constitution says copyright is intended only for the 'useful arts.' That means something on a higher artistic level than just ads, which are plain commercialism."

Nevertheless, the court ruled that ads are indeed protectable by copyright and held the printer liable. The court said the Constitution drew no line between high-brow and lowbrow art.

In earlier years, many courts did draw such a line. But today, almost everywhere, ads are entitled to the same copyright protection as a book or a painting. Courts have recognized that a great deal of money and a great deal of talent are now going into the creation of ads.

It is still true, however, that a copyright won't stand up if the ad is dishonest. Thus:

A series of ads was developed by a sales agency, to be used by piano dealers. When one dealer began using the ads without permission, the agency sued him for copyright infringement.

But the judge refused to mix in when he discovered that the ads were riddled with deceit.

The law should extend its protection," he said, "only to ads that speak the truth."

Furthermore, only the specific details of an ad—the words, the drawings—are protected, not the general idea.

In another case a merchant advertised a contest in which people were supposed to write letters, telling why they liked to shop in his store.

Later, another merchant announced a contest along the same lines, but describing it in different language. Was this an infringement of copyright?

A court said no, since only the general idea had been copied. If general ideas were copyrightable, said the court, one person could stake out an entire field of thought and keep it as his own private monopoly.

WHAT DOES THE BIBLE SAY?

WE DO NOT NEED A NEW GOSPEL!

Occasionally in this rapidly changing world we hear the expression: "We need a new gospel to meet the needs of a changing age!" We believe this attitude betrays the superficial thinking and a complete disregard for Bible teaching on the all-sufficiency of "the faith once delivered to the saints" (Jude 3).

The gospel of Christ delivered over nineteen hundred years ago, calculated to save man's soul from sin (Rom. 1:16), needs no present day revision. The reason? Human nature has not changed; sin is still the same; the devil still uses the same devices (the lust of the flesh, the lust of the eye and the pride of life—1 Jno. 2:16); and the needs of man are precisely the same as they were at the first coming of Christ. The ancient gospel met every need of man nineteen hundred years ago, and today we join with the inspired apostle to say, "His divine power hath given unto us all things that pertain unto life and godliness, through the knowledge of him that hath called us to glory and virtue" (2 Pet. 1:3).

Inasmuch as we are given the things pertaining to life and godliness through the "knowledge of Christ", he who recommends another book of revelation other than the Bible thereby admits his disbelief in the complete knowledge of Christ being found in the Bible.

Let us hear the Bible: "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction for instruction in righteousness; that the man of God may be perfect, thoroughly furnished unto all good works". (2 Tim. 3:16-17). Creeds of men, keys to the scriptures, manuals or catechisms cannot improve on the perfect law of liberty.

"But though we are an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed" (Gal. 1:8). Take heed! The introduction of additional doctrine endangers the soul of the one who introduces it. Let us always in doctrine and practice be content with the Bible.

Approved screwworm remedies are available as dusts, smears and aerosols. Coumaphos and ronnel water sprays are also effective in protecting wounds against screwworm invasion and in killing worms in infested wounds.

The importance of checking animals regularly cannot be overemphasized. Each and every type of wound should be treated because one drop of blood will attract a screwworm fly. All punctures such as those made by ear tags or biting insects such as ticks should be treated. Castrating, dehorning and other similar operations are an open invitation for the screwworm fly.

Since horn flies, ticks and lice are attacking livestock in some locations, I would suggest using the coumaphos or ronnel spray when treating animals for these pests since either will also provide protection against screwworms.

As long as screwworms remain active, livestock producers must keep their guard up. This is no time to relax and wait for cold weather. It will come in due time.

LIVESTOCK MAY NOT BE SOLE GRAZERS OF SMALL GRAINS

Even before livestock have been put on them for winter foraging, believe it or not, crops of small grains in Knox County may get grazed.

But what producer here is going to take to market a fat fall armyworm?

To prevent economic damage from fall armyworms, producers are urged to inspect at least once a week their stands of wheat, oats, rye and barley.

The use of chemicals to control the worms should be based on how much forage they are denying the livestock.

If the infestation of them is heavy enough, fall armyworms can certainly destroy a stand of small grain. The damage is likely to be greatest when the weather is wet and cool, when the grain is lush, and when the daytime temperature is between 45 and 75 degrees.

Sevin, methyl parathion, parathion, toxaphene and Trichlorfon--these chemicals are available for control. These chemicals must be used according to label directions.

B/W Art Association To Sponsor Bazaar

Everyone in the area is invited to do a little early Christmas shopping this Saturday, Nov. 11 in Rule. Members of the Brazos-West Art Association are having an Arts and Crafts Bazaar.

There will be plenty of hand work, tile painting, oil paintings (all sizes), woodwork, stocking stuffers, tree ornaments, crocheted and knitted articles, to choose from. The sale will be in one of the empty stores on the Rule Main Street from 9:30 a.m. til things are gone. Since this is Rule homecoming, a large crowd is expected, and shoppers are urged to come early for a large selection.

Not only members, but the general public as well, are invited to bring arts and crafts to sell at the bazaar. Merchandise should be brought between 4 and 6 p.m. November 10, labeled with price and your initials. A 10 per cent selling fee will go to the B.W.A.A.

Next Tuesday night at 7 p.m. is the monthly meeting date for the Art Association. Ted Shelton will demonstrate sand casting. There is no charge; everyone is invited to attend.

S. S. Reports

The social security administration's main purpose is to get the right check to the right person on time, said Henry Chastz, manager of the Vernon social security office.

Most people receiving social security will get their check by the third of the month. If the check does not come by the sixth you should immediately report the non-receipt to your nearest social security office.

The people at the social security office will immediately begin the necessary steps to see that your missing check is located or that another one is issued in its place.

Chastz pointed out that one way to avoid having check come late is to always be sure to notify social security of a change of address or other events which affect your entitlement to benefits.

Coyote study under way in area

LUBBOCK — Red tagged and tattooed coyotes within a 200-mile radius of Knox and King counties in Texas are more important than they'll ever know.

They are a part of a project of Texas Tech University researchers studying the role of the doglike wild animal in the ecology of a predominately cattle country.

Already the researchers have partially disproved a dictionary description of the coyote as carnivorous. Five foods — including mesquite pods, rabbits, prickly pear lunas, grasshoppers and elbowbush berries — comprised about 83 per cent of the coyote's summer diet, proving that plants as well as meat contribute to its food supply.

The principal investigators for the project are Texas Tech Profs. Darrell N. Ueckert and Jerran T. Flinders, both on the faculty in Range and Wildlife Management.

Important to their study is student assistant Wymen P. Meinzer, a junior from Benjamin, Tex., who is a professional coyote hunter who has killed about 200 of the animals.

Meinzer began to study the coyote on his own, and the findings he gathered indicated the need for a more formal study, Dr. Ueckert explained. The current project is funded under a Texas Tech Faculty Research Fellowship.

The study is designed to determine: the role of the coyote in the ecology of the Rolling Plains of Texas; the seasonal diet of the coyote on rangeland grazed exclusively by cattle; and the role of the coyote in spreading seeds of various desirable and noxious plants.

In addition to a study of diet, the

researchers are interested in the home range of coyotes in the Rolling Plains. Since June 1970 eight coyotes have been live-trapped and the right ear tagged. Fourteen coyote pups were tattooed with a number in the left ear.

If any of these are killed, Dr. Ueckert has asked that the hunter telephone him collect at Area Code 896 743-3284. For the research it is helpful to know, within a mile, where the animal was killed, the date on which it was killed and the tattoo or tag number. All ear tags are red. Tattoos also were placed in the left ear of the adult coyotes; so if the tag is lost a number still is available for the record.

The most reliable research data gathered by the scientists to date indicate that, from May through September, about 77 per cent of the coyote diet is vegetation, 18 per cent is vertebrates — rabbits, carrion, birds and mice, and about 5 per cent of the diet is insects. There was no evidence of chicken or young livestock in the diet, Ueckert said. Both stomach and fecal analyses techniques are used, he said.

Ranches cooperating in the project all are near Benjamin. They include the Driver, Ross, Burnett, Todd and League ranches. Meinzer, the son of Mr. and Mrs. Pate Meinzer, grew up on the League Ranch, and it was there he first became interested in the coyote.

The current project is expected to end in June 1973 and Ueckert emphasized that it will be helpful for future research if the location of a market coyote is reported to the Department of Range and Wildlife Management whenever it is discovered.

COLD WEATHER NEEDED TO CURB SCREWWORMS
Colder weather can't come soon enough for most Texas livestock producers. A change to cold weather would be a big help in slowing screwworm outbreaks across the state.

But until a hard freeze comes--and it may be weeks away in some locations--checking animals and treating all wounds is still as important as ever.

Farmers, Ranchers May Be Eligible For Benefits

Texas farmers and ranchers who have suffered crop, livestock, or property losses from a natural disaster since June 30, 1971, may be eligible for benefits from Public Law 92-385, J. Lynn Futch, State Director of Farmers Home Administration - Texas, announced today.

Provisions of this law, signed by President Nixon on August 16, 1972, are now fully operative, Futch said.

Benefits are divided into two time frames:

1. Farmers and ranchers who received loans from Farmers Home Administration as the result of losses due to a natural disaster that occurred between June 30 and December 31, 1971, may be eligible for a cancellation of up to \$5,000 of the principal of the loan. Interest on the remaining loan would be three percent.

2. Those who received loans as the result of losses from natural disaster that occurred after December 31, 1971, are

also eligible for a cancellation of up to \$5,000. Interest on the outstanding balance would be charged at one percent.

Futch emphasized that it is not necessary for those who are entitled to benefits to contact the local FHA office. These are blanket provisions applicable to all who have received loans, and each will be contacted and told of the action he should take.

Futch also advises that any farmer or rancher who receives an Emergency loan from Farmers Home Administration between now and June 30, 1973, may have up to the first \$5,000 of the loan cancelled, with the balance at a one percent interest rate. The amount of cancellation is limited to the loss or damage not compensated by insurance or otherwise.

WINNING FIRST PLACE IN THE BENJAMIN HOMECOMING PARADE was the This is Texas float by the fifth and sixth grades of Mrs. Kenneth Roberts. Second place winner was third and fourth grades and the third place winner was the junior class. Pictured above on the float from left, are Greg Hertel, Linda Brooke Hudson, and Sheila Benson.

Benjamin Homecoming Well Attended

By MRS. VAN GREEN

Homecoming 1972 has come and gone and a large crowd was in Benjamin for this affair. Everyone is in full agreement that this year's event was one of the best ever.

Activities began at 2 p.m. Saturday with a parade through town. Each class had a float decorated as did many of the organizations. Several members of the Knox County Riding Club also rode their horses. Winning first place in the float contest was Mrs. Kenneth Roberts' fifth and sixth grade classes. Their theme was "This is Texas" and featured things of

Texas in general. Second place went to Mrs. Woolley's third and fourth grade classes with a float about Indians. Taking the third place was the junior class whose idea for a float was taken from the TV program "Hill Country".

Following the parade, class meetings and election of officers for the next two years was held. Elected president of the ex-student association was Alvin Alexander, vice president is Tom Brooke Hudson, and secretary-treasurer is Von Conner.

Beginning at 4 p.m., an amateur calf roping was held at the local arena. There was also an old-timers calf roping.

A barbecue dinner was held in the lunchroom beginning at 5:30. This was sponsored by the senior class.

Highlight of the day's activities for the local people was the ballgame Sat. night as the Benjamin Mustangs moved up from their usual 6-man game to eleven and played Knox City B-team and defeated them by a score of 40-6. Scoring for Benjamin was Billy Pierce who had three touchdowns to his credit and Steve Conner, Kenneth Groves and Bryan Bumpas who each had one. Steve Conner also kicked four extra points.

Halftime activities included the coronation of the football sweetheart and hero and homecoming queen and coming home queen. Mary Brannan was crowned football sweetheart by Co-captain Steve Conner and presented a bouquet of roses. Mary is a junior and the daughter of Mrs. Gertrude Brannan. Diane Green crowned Billy Pierce football hero. Billy is a senior letterman and the son of Mr. and Mrs. Jimmy Pierce. Homecoming queen Kathy Roberson was crowned by Jimmy Pierce. Kathy is a senior and the daughter of Mr. and Mrs. Bobby Roberson. Runners-up were Mary Braman and Maggie Montez.

The coming home queen, Mrs. Buster Tolson, the former Luella Hudson was presented and crowned by ex-student president, Tom Moorhouse. Mrs. Tolson, a graduate of the class of 1925, attended school here all of her school days. Other nominees for the coming home queen honor were Mrs. Don Hertel (Louise Isbell) from the class of '51 and Mrs. Ned Jones (Susan McCanlies) from the class of '69.

A dance concluded the day's activities at the Knox City Country Club.

THE LOVELY COMING HOME QUEEN presented during the halftime activities Saturday night was none other than Mrs. Luella (Hudson) Tolson. Standing proudly beside her is her husband, Buster Tolson. Crowning Mrs. Tolson was Tom Moorhouse, ex-student president.

BENJAMIN'S HOMECOMING QUEEN Kathy Roberson daughter of Mr. and Mrs. Bobby Roberson, is pictured above with Jimmy Pierce, who placed the crown on her head during halftime activities at the Benjamin-KC Bullies football game Saturday night.

HOUNDS (From Page One)

the quarterback span out to his left and into the end zone. Score K. C. 21-22.

The Hounds came back to Holliday's 34 in the 58 seconds they had left. Time was called by the Hounds with one second on the clock. On the last play Holliday intercepted and the game was over.

What can be said. A near perfect game both offensively and defensively.

VISITS PARENTS
Brent Railsback, student at Midwestern University, visited his parents, Mr. and Mrs. Don Railsback over the weekend.

IN ABILENE
Mr. and Mrs. Morris Denton were in Abilene Wednesday to attend the General Baptist Convention at the Taylor County Coliseum.

Bullies Meet Defeat

The Knox City Bullies were soundly defeated by the much older and larger Benjamin Mustangs last Saturday night 40-6. However the Bullies gave a good account of themselves against a superior Benjamin team. The usual hard hitting which always characterizes the Bullies was still present as the Bullies struck em tough right up to the final second. The Bullies scored on a 6 yd. pass from Jimmy Moore to Al Bateman. Turning in good performances on the line were Mike Burkham, Rusty Grimsley, Jimmy Lym, Rudy Hernandez, Marty Johnson, Don Swarnmerger. In the secondary Mark Howell, Al Bateman, Bruce Railsback, Donny Skiles, Dale Blossam, Charlie Flye, Jimmy Moore, Alfred Rios did a good job. The Bullies next game is Sat. morning at Jayton against Jayton's "B" team.
