God's comforting presence is real to the believer. He is ever in constant communion with the Creator who loves and cares when the heart is grieved. He speaks to you in Isaiah's words, "When thou passest through the waters, I will be with thee; and through the rivers, they shall not overflow thee: when thou walkest through the fire, thou shalt not be burned: neither shall the flame kindle upon thee." SCREWWORM EPIDEMIC CONTINUES
Screwworm cases in Texas for 1968 stood at 2,197 on Tuesday of last week. Large case buildups are continuing in the Trans-Pecos, Big Bend and upper Edwards Plateau areas. Stockmen should postpone animal surgery until cold weather arrives if possible, and check all stock regularly to treat all wounds.

BEEF CONSUMPTION ON INCREASE
The beef cattle industry has enjoyed a tremendous increase in the consumption of beef, due in part to selection programs being used by more and more breeders. Dr. Frank A. Orts, Extension meats specialist at Texas A&M University, says consumers are asking for more muscular beef cuts along with more quality.

CALL IN YOUR LOCALS

A kid's got a right to some privacy

If your kid's been hiding out lately when he gets on the phone, take the hint. There are probably some things he'd rather discuss without an audience around. And he's entitled. After all, asking a girl out at his age is hard enough. But when the whole family's listening in, a guy could freeze. Help loosen young Don Juan's tongue. Call your General Telephone business office for an extension phone. Then he can tete-a-tete without feeling self-conscious. When a kid feels you don't want to listen in all his private conversations, he's more likely to tell you about them. An extension phone is the best choice.
