NUMBER 42

Lloyd Hamilton Receives Merit Award for Services In Red Cross Campaign

Knox Youths To Attend Encampment

Sixteen Knox County 4-H Club members will attend the annual district 4-H Club encampment at Camp Perkins in Wichita County on August 9-10-11, according to County Agent R. O. Dunkle.

These 16 club members were selected to represent Knox County at the district camp because of their outstanding work of production and leadership in their respective communities.

Some boys were engaged in production of more than one project.

Four of these boys have produced \$1,479.57 worth of cotton, 5 boys have produced \$1,555.00 in improved grain sorghum seed, such as Early Hegari, Chinch Bug Resistant Milo and Bonita, 2 boys produced \$500.56 worth of pork and one boy sold his beef calf for \$304.00. The total sales value of these different agricultural products amount to \$3,869.07, or an average of \$241.19 per boy.

In addition to the above production record, three of the boys won second place in the district livestock judging contest, which was held at Wichita Falls during the annual 4-H Baby Beef Show, on February 28th.

Boys who made this production and leadership record are as follows:

Clyde Bullion, Truseott; J. B. Willing, Leo Reddell, Gerald Freeman, Donald Nix, Joe Ed Sweet, Sunset; Carroll Fred Glover, Olen Ray, Glen Dunkle, Bryson Laird, Benjamin; William Roy Baker, Knox City; Marvin Zeissel, Rhineham; Leonard Welch, Union Grove; Randall Walling, Munday; Leo Koenig, Goree.

Member Ownership Goal in Sight For Credit Associations

Complete ownership of production credit associations by farmers and ranchers within the next two or three years was the main topic at the annual district conference of officers and directors of credit associations meeting in Abilene on July 6 and 7.

The Stamford Production Credit Association was represented at this meeting by J. B. Pumphrey, president, Old Glory; J. F. McCulloch, vice-pres., Stamford; Lester Hensley, Guthrie, C. G. Burton, Haskell, Clark Forbis, Afton, directors; and J. L. Hill, Jr., secretary, Stamford.

Mr. Pumphrey said that the 36 Texas associations have built a total of \$6,723,629 in reserves and member-owned capital in 11 years time, a good part of it in the past two years. "At the start in 1934 most farmers and stockmen were without cash or credit, and the government supplied a substantial part of the backlog capital needed to obtain a dependable source of loan funds from the investing public on terms to fit our needs."

He said it was intended that as the system became more strongly established and the associations built up their own reserves from earnings, the government capital would be retired. "In those days it looked like it might take 20 years or more for farmers and ranchers to achieve full ownership, but we have been making continued progress and already two associations in Texas have reached the goal. The 36 Texas associations now have in reserves and member capital about 75 percent of the amount needed to be fully owned by farmers and ranchers."

The Stamford association has \$299,002.00 in reserves and member capital. The association needs about \$20,000.00 more to provide a strong farmer-rancher owned organization.

R. L. Smith, WTIC, in the Seabees, has returned home on leave after serving the past 23 months in the Pacific theater, and is visiting his daughter, Armieta. She brought her many souvenirs, among them a mother-of-pearl necklace and bracelet made by the natives of the Fiji Islands, cat eyes and a shell bead necklace from Toluga.

Being pastor of a church is just one of the many jobs in a clergyman's life. Donning the ecclesiastical robes of their office does not mean they are above their fellow man when it comes to hard work. It is only the beginning.

Occupying a prominent place in the social and civic welfare of a community, they naturally expect to lend a helping hand to the

tasks that may come up. And they are usually obliged by having plenty to do at all times.

That they can do a good job of whatever they tackle is evident on every hand. Reward for such services rendered comes in the gratification of seeing the results of a good job well done.

Lloyd Hamilton, pastor of the Knox City Methodist Church, last Thursday was presented a Certificate of Merit for outstanding leadership in managing Knox County's Red Cross War Fund campaign this past Spring. The presentation was made by County Superintendent Merick McGaughey at the Lions Club luncheon at the Methodist Church.

Rev. Hamilton, as chairman of the county organization in charge of raising the quota of \$6,100.00, was responsible for forging together a corps of workers that brought in unusually good results. The final figure in the campaign totaled \$9,510.00, over \$3,000.00 above what was asked of the county.

Rev. Hamilton has been associated with Boy Scout work in Knox City since moving here almost two years ago. He is Scoutmaster of the local group. Other interest in young people of the community is the young people's Play Night at the church each Wednesday, when youngsters of all denominations gather for an evening of fun under his leadership.

A graduate of McMurry College, Rev. Hamilton, came to Knox City from the O'Brien pastorate, where he and Mrs. Hamilton also taught in the O'Brien school. Rev. Hamilton served as athletic director there and has continued with his interest in school sports by helping coach the local football team.

Mrs. Hamilton taught in the Knox City schools last term.

In making the award to Rev. Hamilton last week, Supt. McGaughey expressed the opinion of the community when he said, "Rev. Hamilton has devoted his time unselfishly to civic undertakings, and we are proud to have him in our midst."

Dorothy Perry Now At Fort Worth

Miss Dorothy Perry, who has been with the office of James J. McGranery, the assistant to the Attorney General in Washington, since 1933, has accepted the post of administrative assistant to the United States Attorney for the Northern District of Texas, Fort Worth.

She will co-ordinate the administrative work of the Fort Worth and Dallas offices and will work under U. S. Attorney Estess.

Miss Perry is a native of Knox City, and her parents, the late Mr. and Mrs. J. J. Perry, west Texas pioneers. Before going to work with the Department of Justice she was with the Navy Department in Washington.

Cpl. Kenneth Myers Home For Visit

Cpl. Kenneth Myers is home on a 30-day furlough, with his wife, Pauline Myers, and his parents, Mr. and Mrs. Roe Myers, of Sunset. Cpl. Myers has just returned from a 14-months tour of duty in Europe.

A brother, Howard Myers, after serving two years in the Pacific war theater, was recently discharged and awarded the Silver Star Medal for gallantry in action. Another brother, Glenn Myers, is home on leave from the Navy.

It is indeed a happy homecoming for the Myers family.

County Seed Farm Experiments Help To Higher Yield

The Knox County pure seed farm, which is owned and operated by Frank Cerveney of the Rhineland community, is demonstrating the value and the increased production of field crops by the planting of good seed and contour farming.

Six improved varieties of grain sorghums, which include Early Hegari, Plainsman, Bonita, Caprock, Chinch Bug Resistant Milo, and Sweet Sudan are all planted on the contour, and it is a very beautiful sight to see the uniformity of growth in each of the particular plots of grain sorghums.

Mr. Cerveney secured a small amount of pedigree seed of each of these varieties from the Chillocothe Experiment Station, and in order to maintain purity, he is bagging enough seed of each variety for his plantings in 1946.

A visit to the Cerveney farm will certainly be worth while for anyone who is interested in results obtained by plant breeders of the experiment stations, and it will make anyone appreciate fully the value of the work that Mr. Cerveney is going to help increase the acre yields of grain sorghums in Knox County. In one field of Caprock milo there is not more than four inches difference in the highest and the lowest stalk in the whole ten acres. This is also true of other varieties that are not quite as fully matured as the Caprock.

Farmers of Knox County who know that the value of good seed should visit the Cerveney farm to observe, first hand, the great amount of work that is being done in order that Knox County farmers may have a good and reliable source of field seed.

Egg Production To Be Large Factor In Fall Food Supply

Eggs are perishable food and should be handled as such, says R. O. Dunkle, County Agent, in a plea to "Make every egg count this summer." The demand for eggs currently is abnormally high and maintenance of high quality is equivalent to conserving the largest number possible to supply consumer needs. Eggs lose quality and even edibility very quickly unless they are properly handled.

For example, fertile eggs, exposed for two days to July heat may develop blood rings and thus be lost as food, Dunkle says. On the other hand, infertile eggs exposed to heat remain edible much longer.

Dunkle suggests the following practices as efficient means of holding quality eggs on Knox County farms this summer:

Sell off the male birds and produce infertile eggs. Gather the eggs two to three times a day in wire baskets and cool them before placing them in cases. Provide one nest for each four to five hens and renew nest litter frequently. Place broody hens in special broody coops as soon as they are discovered. Feed and water them well, and in 10 days they should be laying again. Keep houses well ventilated and clean. Green feed, good mash, and free-choice oyster shell insures strong shells and good egg quality.

Mrs. Jeff Bowden arrived Monday night from Del Monte, Calif., where she has been with her husband for the past several weeks. Jeff Bowden, RIC, has been transferred to Corpus Christi for advanced training and Mrs. Bowden expects to join him there later.

Visits Here

Congressman Ed Gossett

Congressman and Mrs. Ed Gossett and children were in Knox City Tuesday on their way to Quanah after visiting Mrs. Gossett's parents at Post, en route from Washington to their home.

During the eleven week recess of the House, Congressman Gossett plans to visit friends over his congressional district, and will leave on July 31st for a short trip to Alaska in the interest of territorial affairs, of which he is a House committee member.

Large Crowds At Methodist Revival

Starting Tuesday night with a large crowd, the Methodist revival meeting has continued to grow in interest and enthusiasm.

Rev. Dewitt Seago is bringing a series of interesting and inspired messages in an open air arrangement on the church lawn. Singing services are led by Jack Coats.

Everyone is welcome to come out and hear the sermons.

J. J. DENTON PURCHASE REGISTERED JERSEY

A registered Jersey, Masterman Raleigh Lad, 465311, was recently purchased by J. J. Denton of Knox City.

Veteran's Benefits

QUESTIONS AND ANSWERS

L. H. Shelton, Contact Representative, Veterans Administration, 306-7 Federal Building, Wichita Falls, Texas

Q. May a retired officer who has made his selection between pension and retirement pay later change his mind and elect to take the other?

A. Any person may elect to receive pension or compensation in lieu of retirement pay, or vice versa, in case entitlement to both benefits is shown. Once having made an election, however, he has no right to reverse his action except that the right of a retired officer to renounce his rights to receive disability pension and have his retirement pay restored is a question to be determined by the War or Navy Department.

Q. Is the disability pension of a World War II veteran subject to income tax?

A. Pension received by a veteran for disability is not subject to income tax.

Q. May a veteran appear in person before the rating board that adjudicated his claim for pension?

A. Yes. Every veteran is entitled to make personal appearance before the board that adjudicates his claim or to have a representative appear in his behalf. The expense involved in making a personal appearance must be borne by the claimant.

Q. If a veteran has applied for and has been awarded a pension and then renounces the pension award, may he at his own request be reinstated on the rolls of the veterans administration?

A. If a veteran has renounced a pension that has been awarded him and he desires to again receive such pension, he may make application which will have all the attributes of an original claim. No payment will be made prior to the date of the new claim.

Q. Does the date on which a claim for disability pension is filed

July 31st Deadline School Transfers

County Superintendent Merick McGaughey made the following announcement last week regarding student transfers:

"All transfer applications should be in our office this month, before the end of July. The law so states that applications for transfers are not legal after July 31."

"If superintendents of schools are holding applications for student transfers, it would be to their convenience to have them in our office before July 31 in order that a list may be made to submit to the County Board which meets August 1 to consider the applications."

Pork Will Be Big Item On Menu As Shortages Increase

During these times of extreme meat and lard shortages farmers of Knox County should do all that is possible to produce enough pork for their home use, says R. O. Dunkle, County Agent.

Pigs excel all other farm animals in the economy with which they convert feed into edible products, requiring but from 4 to 5 pounds of dry matter to produce a pound of gain, while fattening cattle requires from 10 to 12 pounds. The pig yields from 70 to 80 percent of his live weight as dressed carcass; the steer only 50 to 60 percent; however, pigs will profitably utilize many by-products of the farm often otherwise lost, such as milk, garden waste, etc., as well as grains that cannot otherwise be disposed of profitably.

No other line of stock farming can so quickly be brought to profitable production with limited capital invested in stock and equipment as can the making of meat from the pig. Due to his efficiency in producing human food, pigs steadily increase in importance as our meat and lard rationing becomes more restricted.

Practically every farmer should raise and fatten pigs for family consumption, if not for market, in order to save feed that may otherwise be wasted. In many cases the farmer should not only fatten his pigs, but also slaughter them and market the cured products, obtaining increased profits even though the undertaking would be a small one.

OPA Head Says Locker Inspection Not Intended Curb Meat Conservation

Capt. Alfred Lea Gets Bronze Star

Capt. Alfred L. Lea, nephew of Ulric Lea and grandson of Mrs. A. L. Lea, Knox City, has been awarded the Bronze Star Medal for meritorious service in France. Capt. Lea is the son of Lt. Royal B. Lea, whose death occurred in 1931.

The citation accompanying the award reads:

"Alfred L. Lea, 0465836, Captain Coast Artillery Corps, United States Army, for meritorious service in connection with military operations against the enemy in France during the period 14 June to 14 December, 1944. Entered military service, from Texas."

Capt. Lea has been in military service for many years. He was born in the Philippine Islands.

Farm Accidents Highest In Recent Years Survey Shows

The week commencing July 22, 1945, has been proclaimed by the President as National Farm Safety Week.

Since the war has taken all surplus farm labor, it is essential that those left, work under safe conditions. This will not only safeguard the individual and the farm operators, but will aid in the continued essential production of food and other farm products so badly needed by the entire world.

Farm accidents in 1943 totaled more than any other industry and amounted to 25 percent of all occupational deaths. More farm people were killed by accidents in the first two years of the war than the number of fighting men killed in the war itself.

In 1943, accidents killed 17,200 farm people and injured 1,500,000. Of the injured, approximately 15,000 were crippled for life.

Farm machinery is the chief cause of farm accidents, and livestock, falls and fires ranking next in line.

Below are a few items which would cut down farm accidents.

Farm machinery should be operated by experienced operators. Belts, gears, etc. should be well guarded.

Stop equipment before adjusting, refilling, etc. Keep children away from dangerous equipment.

Memorial Library Adds More Books As Interest Grows

The Knox County Home Demonstration Memorial Free Library continues to grow by leaps and bounds. Fifty-seven books were added to the library on last council day. There were quite a few of these that are children's books. At present the library has a total of 384 volumes.

Some of the outstanding books added the past month are as follows:

The Song Sisters, by Emily Hahn.

The Lasting Peace, by Herbert Hoover.

Held, by Spyri; Indian Tales by Kipling; Rebecca, by Daphne Maurier; When A-Man's A Man, by Harold Bell Wright.

A Texan in England and The Longhorn, by J. Frank Dobie.

Residents of the county are invited to pay the library a visit any Friday from 2:00 to 6:00 P. M.

Each Friday a member from one of the clubs gives her time to act as librarian. The librarians schedule is as follows:

July 27, Mrs. A. E. Boyd, Jr., Vera.

August 3, Mrs. J. C. McGee, Union Grove.

August 10, Mrs. J. C. Patterson, Benjamin.

August 17, Mrs. J. B. Ferguson, Brock.

August 24, Mrs. Omar Cure, Gilliland.

August 31, Mrs. Turner Standlee, Hefner.

September 7, Mrs. Joe Patterson, Munday.

September 14, Mrs. J. T. Partidge, Sunset.

The current frozen food locker investigation in this area is not intended to discourage farmers or livestock producers from slaughtering animals they raise and storing the meat in lockers for their own use, District OPA Director J. H. Kuitgen said in Fort Worth Tuesday.

Kuitgen made the statement after receiving reports that many farmers are ceasing to make use of locker plants because of fear that the OPA will seize the meat they store.

"Meat slaughtered and stored by farmers for use of their families is entirely legitimate," Kuitgen said. "The practice is an important part of the food conservation program and the OPA wants to do nothing to discourage it."

Charlie Reed, operator of Knox City's locker plant said he had been personally assured by OPA representatives that the current inspection campaign had nothing to do with curtailment of home food conservation. Mr. Reed said that fears expressed by patrons of the local locker plant were needless, and that they should go ahead with their regular meat or other food conservation plans.

The OPA canvass of lockers in Texas is solely to check records already kept by operators of the plants. In no case has there been seizure of meat held in privately operated plants. In some cases locker patrons have been forced to turn over meat points, but this has not been the case in home raised beef for family use.

Draft Board Puts Five In Class 1-A

The following registrants were reclassified by the Knox County Local Board at their regular session July 24, 1945:

1-A—Francis D. Tidwell, Marselion Gaona, Wayne Feemster, Charles T. Hertel, Charles Massey.

2-B—Earnest Duke.

4-F—Willie Wells, James Harrison, Elijah Thomas.

REV. DEWITT SEAGO IS LIONS CLUB SPEAKER

Rev. Dewitt Seago of Wilson, Texas, was guest speaker at the Lions weekly luncheon today.

Rev. Seago is presently conducting a revival at the First Methodist Church. His address was timely and well received by the club members.

Glenell Creed of Santa Fe, New Mex., is here visiting her grandparents, Mr. and Mrs. R. L. Creed for several weeks. Mrs. Creed and Mrs. Milton Bradberry met her in Lybuck.

Mr. and Mrs. E. B. Shaver have returned home from Fort Worth where they visited Major and Mrs. A. E. Robertson and Robble.

Mr. and Mrs. Herman Egenbacher and George and Mrs. A. E. Gallia spent Wednesday in Wichita Falls. Mrs. Gallia visited her sister, Mrs. Aubrey Tinsley.

Pvt. John H. Trawick, whose wife, Emma, resides in Gilliland, Texas, has arrived at McCloskey General Hospital, Temple, Texas, where he is convalescing from battle wounds.

Pvt. Wallace E. Swearingen of Camp Hood visited his parents, Mr. and Mrs. A. W. Swearingen and family over the weekend.

Gems of Thought

RIGHT PREVAILS

The force of an ideal is greater than the ideal of force.
—Josephus Daniels

From lack of moral strength empires fall. Right alone is irresistible, permanent, eternal.
—Mary Baker Eddy

The ultimate notion of right is that which tends to the universal good; and when one's acting in a certain manner has this tendency he has a right thus to act.
—Francis Hutcheson

If mankind had wished for what is right, they might have had it long ago. —William Hazlitt.

God is able to meet the need of all and fulfill every desire; it is just a question of your hunger for righteousness. —R. A. Butler

HEALTH LETTER

Rheumatic heart disease is now the first cause of death among children aged 10 to 14, and is second only to tuberculosis at ages 15 to 25. Despite the importance of this disease its epidemiology is not completely established. No vaccine such as those that prevent typhoid, diphtheria, smallpox, and whooping cough has yet been developed for its prevention or control. We do

know, however, some of the danger signals and with the physician's accurate diagnosis some of the damaging results of the disease may be prevented.

Exposure to frequent chilling, damp or overcrowded living quarters, a poor diet, an attack of scarlet fever, a bad cold or other infection caused by certain streptococcus germs are likely to be predisposing factors in the appearance of rheumatic fever.

Dr. Geo. W. Cox, State Health Officer, points out that in general the danger signals of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows, or wrists. The pain usually is felt in one of these centers and spreads to other centers. Oftentimes a child will get irritable and cross without any visible signs of a good reason for this attitude; he may cry easily or develop habits of nervousness. A physician should be consulted at once in such a situation, for these symptoms may be the beginning of rheumatic fever.

According to Dr. Cox the best safeguards against this disease are to have each child examined at least once a year by a physician, to have the right kinds of food and plenty of rest.

Mr. and Mrs. Marion Evans plan to return to their home in Marlin after several weeks visit here with her parents, Mr. and Mrs. M. L. Lewis and other relatives.

Locals

Dr. T. S. Edwards attended the mid-summer clinic of the Taylor-Jones Medical Society at Hendrick Memorial Hospital in Abilene last week.

Mrs. Ross Quintance of Corpus Christi and Mrs. George Rayburn and Billy Jean and George Jr. of Beeville, spent most of last week with their parents, Mr. and Mrs. A. E. Hopson.

Miss Doris Elaine Clonts of Fort Worth spent the weekend here with her parents, Mr. and Mrs. Gene Clonts.

Vaughn Gruben is spending his vacation in East Texas fishing.

Mrs. J. R. Snyder of Bomarton and Mrs. Charles Carter and daughters of Houston spent Monday night with Mr. and Mrs. L. V. Dodd.

G. D. McCarty spent last week in Vernon with his daughter, Mrs. J. B. Townley and husband. Mrs. Townley returned home with him for a longer visit.

Carl LaDuke and family of Weslaco were visiting his mother, Mrs. A. H. LaDuke in O'Brien last week.

Mrs. Cecil Anderson has returned home after a visit with her husband, Pvt. Cecil Anderson at Camp Hood.

Visit our Lending Library. Lots of new and old editions. Ross' News Stand.

Pfc. Dortha Smith of Fort Sam Houston and Lawrence George, SIC, of Corpus Christi, have been visiting the Smith family. While here the Smith family visited in Dallas, San Antonio, Temple and Camp Hood, where they visited Jackson Owens before he is shipped overseas.

Mrs. Joyce Smith recently received the personal belongings of her son, Warren Smith who died in France on December 23, 1941. Among his effects were foreign money and badges he had picked up on the battlefield. She also received a letter from the Chaplain in his division who was in charge of his services, stating he would soon see her and give further details of Warren's death. Mrs. Smith plans to visit Capt. Leo Cathron of Temple as soon as he returns home in September.

Milton and Bobby Lyn Bradberry left Monday for Houston, Mississippi, to move Mrs. J. R. Bradberry's sister, Mrs. Monroe Earnest and Mr. Earnest, who plan to move to Paducah to be close to their daughter, Mrs. White.

Planning on buying a New
 Refrigerator after the War?

Think First of the

BLUE FLAME

It makes possible
 a Refrigerator
DIFFERENT
FROM ALL OTHERS

"My next will be a Gas Refrigerator." That's what many are saying in these days when repair men and replacement parts are hard to get. And it is little wonder, for the Gas refrigerator is the only one that runs with a tiny gas flame. This means no moving parts to wear and need fixing or replacing. As soon as factory is released from war work, Gas Refrigerators will be back in the stores. Save for one. Buy War Bonds.

Lone Star Gas Company

The Family Altar
 By Rev. Violet Myers
 Co-Pastor Foursquare Church

Jesus Christ the same yesterday, and today, and forever. This scripture found in Hebrews 13:8 should cause every true Christian to shout for joy because we know that Jesus is still in the business of saving lost souls, of healing sick bodies, of endowing his children with the power of the Holy Ghost that they may be able to stand during this time of trial and temptation, and finally that He will soon return to earth to receive his own.

There are many good people today, perhaps good church members who do not realize that Jesus is still the greatest Physician there is. Yes, even the greatest surgeon, and the things that Jesus did while here on earth He can still do today, because the scripture tells us in Matthew 8:13 "And Jesus came and spake unto them saying, All power is given unto me in heaven and earth."

Now we know that Jesus spoke these words after he arose from the dead, and we also know that Jesus promised the disciples that the things that he did they would do also, because he was going to his Father. And he also commissioned the disciples to teach all nations, whatsoever he had commanded them, and Jesus promised to be with us even unto the end of the world.

Why do we not see the power of God manifest in the healing of sick bodies today? Has Jesus failed to keep his promise to be the same today? No, my friend, Jesus is the same and always will be, but it is we who have changed. In this world of hustle and hurry we have forgotten to seek God. We have let doubt and unbelief rob us of the great things God has for us. Even Jesus himself could not work in the midst of unbelief because we find many instances in the scripture where Jesus had to put unbelievers and scorners out before he could work.

On everybody and today we see scoffers and people who doubt the very existence of God. But just let these same people get caught in a tight corner where there is no possible human help and they call out to God. And when God does not answer they wonder why, and then say that the power of God is not for today. Dear friends, around the family altar let us unite in prayer and see God with thankful hearts because God says that "The day you seek me with your whole heart, ye shall find me."

Jesus is the same today, and remember, he still loves you.
 Rev. Violet Myers and the Family Altar.

OFFICE OF DEFENSE TRANSPORTATION
GENERAL ORDER 52

Effective 12:01 am, June 30, 1945

"No carrier shall reserve, assign or allocate seating or sleeping space on a passenger train more than 120 hours in advance of scheduled departure time of such train. No carrier shall issue a ticket for a reserved seat or sleeping space on a passenger train more than 120 hours in advance of scheduled departure of such train, except in the case of tickets for reservations made prior to the effective date of this Order which have not been picked up."

OFFICE OF DEFENSE TRANSPORTATION
GENERAL ORDER 53

From and after 12 o'clock noon, July 15, 1945, no common carrier by railroad or sleeping car company shall operate or transport any railway car containing sleeping space or sleeping accommodations to a point of distance 450 miles or less from the point of origin of such car, such distance being measured by the shortest distance by railroad over which sleeping cars are operated between such points. . . . Each common carrier by railroad shall forthwith cancel all reservations for space after 12 o'clock noon on July 15, 1945."

What about Travel now....

under the new Government rulings?

The Government has curtailed civilian travel by ordering the railroads not to make reservations on passenger trains more than five days in advance of departure and by banning sleeping car service on trips of 450 miles or less.

A lot of people are assuming that, with the European war over, the travel situation on trains should have eased up by now.

But they are finding out that it's harder than ever to get space. They're asking themselves, "Why?"

The reason is simply that the railroads are being called upon to repeat a job of moving over 3,000,000 soldiers. But this time it is to be done in 6 to 9 months whereas originally it took more than 2 years to move these men.

The railroads are still operating with the same number of passenger cars that they had when the war started. Building new passenger cars has not been permitted since Pearl Harbor.

Many Pullman cars have been converted into

hospital cars, and, of course, more Pullmans and coaches than ever are being withdrawn from civilian service to use in the movement of men to the Pacific.

The great bulk of traffic for the Pacific funnels into 4 railroads to ports of embarkation in California. Santa Fe, with its improved facilities, is carrying a large part of this traffic.

This all adds up to the fact that only a very limited amount of space is left over for civilian travel.

Of course we like to accommodate our friends and make new acquaintances. But you, too, agree that the troops and materials needed to whip Japan must come first.

New cars are now on order. Santa Fe has enough new chair cars on order to seat 3186 people. 16 new lunch counter-diners are also on order. A substantial number of new sleeping cars will be placed in service on the Santa Fe as soon as War Production Board orders permit.
